**Vikas Ecotech Limited entered into collaborative innovation with Global Conglomerates of repute for developing technology to produce Smart Intelligent Coatings for Corrosion Protection**

Dear Sir/ Madam,

Pursuant to Regulation 30 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, please find enclosed herewith copy of Media Release titled **Vikas Ecotech Limited entered into collaborative innovation with Global Conglomerates of repute for developing technology to produce Smart Intelligent Coatings for Corrosion Protection.**

We request you to kindly take the above information on record and oblige.

Thanking you,  
Yours Faithfully,

for **Vikas Ecotech Limited**

**Dinesh Bhardwaj**  
CEO & Whole Time Director

### Media Release

#### **Vikas Ecotech Limited entered into collaborative innovation with Global Conglomerates of repute for developing technology to produce Smart Intelligent Coatings for Corrosion Protection**

New Delhi, October 20, 2022: We are pleased to announce that Vikas Ecotech Limited has entered into collaborative innovation with global conglomerates of repute for developing technology to produce Smart Intelligent Coatings for Corrosion Protection in marine atmosphere. The aim of the collaborative innovation is to design conducting polymer nanocomposites by incorporating filler materials and suitably selecting a medium for polymerization so that the resultant epoxy coatings can be used for prevention of corrosion of iron in saline water conditions.

Vikas Ecotech Limited has already filled a patent application for this innovation (bearing Application No. 202111052407) with the Patent Office, Government of India entitled: "Smart Intelligent Coatings using Nano Calcium Carbonate blended in conjugated Polymer Matrix for corrosion protection and a Process for the preparation thereof. Corrosion protection coating is one of the most effective and economical solutions for tackling corrosion. They act as a barrier between the surface and the corrosion agent and prolong the life of the structure as well as enhance its efficiency. Our R&D team has designed new powder & liquid formulations for smart intelligent conjugated polymeric systems which show superior corrosion protection besides intelligent behaviour and self-healing characteristics. Demands of such coatings will be very beneficial in the automotive sector, and paint industry. To get benefitted by all these developments, we are entering into contract or at the final stage of negotiations for technologies know how transfer and setting up joint ventures with various companies/entities not only in India but across the world.

#### **About Vikas Ecotech Limited:**

Vikas Ecotech Ltd. is a New Delhi based company engaged in the business of Specialty Polymers & Specialty Additives and Chemicals for Plastics & Rubbers industries, catering to a wide horizon of applications in Agriculture, Infrastructure, packaging, electrical, footwear, pharmaceuticals, automotive, medical devices and components and other consumer goods.

Vikas Ecotech is the only manufacturer of Organotin (Heat Stabilizers for Vinyl applications) in India with in-house R&D facilities and is one of the single digit number of manufacturers of this product worldwide, who have technology and expertise for manufacturing this material right from Tin Metal to the final product. Vikas Ecotech is expanding its business and product portfolio has added many consumer (final) products to its conventional (raw material businesses) profile. The new business segments include Infrastructure Products like Steel Pipe Fittings, MDPE Pipes for Gas applications to its business lines.

The securities of the Company are listed on both the Stock Exchanges, BSE (Scrip Code: 530961) and NSE (Scrip Code: VIKASECO).
