Chairman's Message

"To be successful, you have to have your heart in your business, and your business in your heart."

GAJRAJ JAIN

Chairman cum Managing Director

DEAR SHAREHOLDERS,

I trust this message finds you in good health and spirits. As we reflect on FY 2023-24, we saw the global economy surpass expectations, achieving steady growth, following a tumultuous year. Challenges such as supply chain disruptions post-pandemic, the global energy and food crisis amidst Russia-Ukraine tensions and rising inflation tested the resilience of economies worldwide. However, the global economy successfully avoided recession, thanks to the robustness of banking systems and stable emerging markets. Amidst this global uncertainty, India remained the fastest growing economy, retaining its position as the world's fifth largest economy. Our GDP growth of 7.6% in FY 2023-24 over 7% reported in FY23 was primarily driven by strong domestic demand, increased investments, a stable interest rate scenario and favourable government policies.

To begin with, Your Company had a good year amidst economic changes, technology transformations and some degree of global challenges. The confidence placed in us by our customers, dealers and employees has been our accomplishment as well as motivation in creating long-term value for our stakeholders.

2023-2024 was a challenging year but also a period of progress. The continued trust and support of our clients and dedication of our employees during this period helped us to mitigate the impact of our business and financial results. We are in the trading sector with a common motto of fulfilling the need of the industries, customer. We have since refocused our resources on serving our clients, driving our strategy forward and implementing the targeted growth initiatives that we have defined to refrain the trust of our clients, shareholders and other stakeholders.

CEO MESSAGE.....

“Happy employees lead to happy customers, which leads to more profits.”

AKASH JAIN
CEO

As a CEO of your Company, I would like to thank all our stakeholders, including shareholders, employees, customers, and partners. They are the driving force behind the success of our businesses. We will continue to execute on our strategic priorities to meet the needs and aspirations of all who place their faith in us and our vision for the future.

Looking Forward for Financial Year 2024-2025, our overarching priority and objective is to continue to remain focused on increasing effectiveness and efficiency and giving back to the communities where we live and work, in line with our core values of Caring, Global Teamwork and Continuous Improvement. We are continuing to drive growth for clients, employees as well as communities by making key investments for long-term success. Our commitment to developing capabilities ahead of the curve and providing innovative solutions to help our customers remains steadfast.

EXPLANATORY STATEMENT
(Pursuant to Section 102 (1) of the Companies Act, 2013)

As required by section 102 of the Companies Act, 2013 (Act), the following explanatory statement sets out all material facts relating to the business mentioned under Item Nos. 3 to 6 of the accompanying Notice:

Item No. 3

Appointment of Mr. Pradeep Goyal (DIN :- 03568525) as Non-Executive Non-Independent Director

Pursuant to the provision of regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the top 2000 listed entities (with effect from April 1, 2020) shall comprise of not less than six directors. Accordingly, the board of directors in their meeting held on 1st September, 2022 had recommended the appointment of Mr. Pradeep Goyal (DIN: 03568525) as a Non-Executive Non Independent Director & the members of the Company in their 37th AGM held on 30th September, 2022 had appointed Mr. Pradeep Goyal (DIN: 03568525) as a Non-Executive Non Independent Director of the Company.

However, due to some personal exigencies of Mr. Pradeep Goyal and also since the market capitalization as on 31st March, 2023, the name of the Company fell below the category of top 2000 company, Mr. Pradeep Goyal, resigned from the post of directorship w.e.f. 19th October, 2023.

Further, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended upto 17th May 2024 in order to make the board composition of 6 directors, the management has re-approached Mr. Pradeep Goyal (DIN: 03568525) for the appointment as Director (Non-Executive Non Independent). Pursuant to the provisions of Section 161 of the Companies Act, 2013, the board of director on the recommendation of the Nomination & Remuneration Committee in their meeting held on 25th July, 2024 had appointed Mr. Pradeep Goyal (DIN: 03568525) as an Additional Director (Non-Executive Non Independent) of the Company w.e.f. July 25, 2024.

The term of office of Mr. Pradeep Goyal as an Additional Director is up to the date of this Annual General Meeting. Considering the rich experience and vast knowledge of Mr. Pradeep Goyal in Finance, Accounting & Taxation, his presence on the Board of the Company (“the Board”) will be valuable to the Company and accordingly, the Nomination and Remuneration Committee of the Board has recommended his appointment as the Non-Executive Director(s) of the Company for the period of 5 years w.e.f. July 25, 2024.

The Company has received consent in writing from Mr. Pradeep Goyal to act as a Director pursuant to Section 152 of the Companies Act, 2013 read with Rule 8 of the Companies (Appointment and Qualification of Directors) Rules, 2014 and intimation to the effect that he is not disqualified under Section 164(2) of the Companies Act, 2013 to be appointed as Director of the Company.

A brief resume(s) in relation to the experience, functional expertise and memberships on other Company's Board and Committee(s) in respect of appointment of Mr. Pradeep Goyal is provided at Annexure which forms part of the Notice.

The provisions of the Companies Act, 2013, require the Company to seek the approval of the Shareholders for the appointment of Mr. Pradeep Goyal (DIN: 03568525) as Non-Executive Non Independent Director of the Company for the period of 5 years w.e.f. July 25, 2024.

Copy of draft letter of appointment of Independent Director setting out the terms and conditions of appointment will be available for inspection by the members during the AGM upon log-in to NSDL e-voting system at www.evoting.nsdl.com.

The Directors recommend the said **Special Resolution** set out at **item no. 3** of this Notice for approval of the Shareholders.

None of the Directors, key managerial personnel and/or their relative, except Mr. Pradeep Goyal is concerned or interested in the Resolution at the **item no. 3** of accompanying notice.

Item No. 4

Shifting Of Registered Office of the Company from the State of National Capital Territory of Delhi to the State of Haryana

Presently, the Registered Office of the Company is situated in the State of National Capital Territory of Delhi and the Corporate Office of the Company is situated in the company's owned office premises at 1512, 15th Floor, Galleria Tower, DLF Phase –IV Gurgaon-122009 Haryana. Further, the top management & senior executives of the company presently operating/conducting its day to day affairs of the company through its Corporate office only.

Also, the Gurugram is the corporate hub and having presence of many small & big organizations of all the segments. Therefore, in view for better administrative convenience, optimum utilization of available resources and to reduce the overall expenses, it would be necessary to shift the Registered Office of the Company to the State of Haryana and it would be in no way be detrimental to the interest of any of the stakeholder, including employees, shareholders and creditors, of the Company in any manner.

Further, the Board of Directors of the Company at its meeting held on July 25, 2024 decided to shift the Registered Office of the Company from New Delhi, in the State of National Capital Territory of Delhi, to Gurgaon in the State of Haryana, subject to the requisite approval of the shareholders of the Company and approval of the Central Government (Powers delegated to the Regional Director), and/or Registrar of companies and such other approvals, permissions and sanctions as may be required under the provisions of the Companies Act, 2013 or under any other law for the time being in force.

In terms of Section 12, 13 and other applicable provisions of the Act, read with Rules made thereunder, such shifting of Registered Office from one state to another and consequent alteration in the Memorandum of Association (“MOA”) requires approval of the Shareholders of the Company by way of Special Resolution and approval of the Central Government (power delegated to Regional Director).

Accordingly, approval of the Shareholders is sought by way of Special Resolution through Remote e-voting for shifting of the Registered Office of the Company from the State of National Capital Territory of Delhi to the State of Haryana and consequently for altering Clause II of the Memorandum of Association of the Company (MOA). The existing MOA of the company as well as MOA with the proposed amendment shall be available for inspection at the Registered/Corporate Office of the Company between 02.00 P.M. to 04.00 P.M. on all days except for Saturday and Sunday till the last date of Remote e-voting. Members who wish to inspect the documents are requested to send an e-mail to cs@cpil.com mentioning their Name, Folio No./ Client ID and DP ID, and the documents they wish to inspect in this regard.

Subsequent to your approval, requisite application will be made to the Central Government, i.e., the Hon'ble Regional Director, Northern-Region, as required under the Act. The Board of Directors recommends the **resolution 4** set forth in the Notice for the approval of the Shareholders by way of a **Special Resolution** in the best interest of the Company.

None of the Directors, Key Managerial Personnel (KMP) and/or their relatives are in any way, concerned or interested, financially or other-wise in the **Special Resolution** set out in the Notice except to the extent of their shareholding in the Company, if any.

Item No 5

Alteration/Addition of Object in the Object Clause of the Memorandum of Association of the Company

Since the management of the company in their board meeting held on 11th June, 2024 has decided to revive/restart of its Agro Business with the use of new and innovative technology & Hi-tech agro machinery/equipments to enhance & enlarge its agro division business which was also intimated to the stakeholders.

Therefore, to make the main object clause related to agro business more comprehensive of the Memorandum of Association (“MOA”) and also to include ancillary activities related to agro business to be undertaken by the Company in future with the objective to enlarge its agro business, there was the need felt to alter/amend the MOA by way of substituting the existing sub clause 4 under Clause III (A) under the head “MAIN OBJECTS OF THE COMPANY TO BE PURSUED BY THE COMPANY UPON ITS INCORPORATION” of the MOA OF THE COMPANY. Also, there is no change in the nature of business, the Company is engaged in.

The Board at its meeting held on July 25, 2024 has approved the alteration/addition of object in the object clause of the MOA of the Company by altering the existing sub clause 4. Pursuant to the provisions of Section 13 of the Companies Act, 2013, the proposed change of main object clause and other object clause requires the approval of shareholders through **Special Resolution**.

A copy of the proposed MOA of the Company would be available for inspection for the Members at the Registered Office/Corporate Office of the Company during the office hours on any working day, except Saturdays, Sundays and public holidays, between 2.00 p.m. to 5.00 p.m. till the date of 39th Annual General Meeting. The aforesaid documents are also available for inspection at the time of Annual General Meeting.

The Board recommends the **Special Resolution** set forth in **Item No. 5** of the Notice for approval of the Members.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with or interested, financially or otherwise in the said resolution except to the extent of their shareholding in the Company, if any

Item No. 6

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

FORWARD LOOKING STATEMENTS

The report contains forward-looking statements, identified by words like 'plans', 'expects', 'will', 'anticipates', 'believes', 'intends', 'projects', 'estimates' and so on. All statements that address expectations or projections about the future, but not limited to the Company's strategy for growth, product development, market position, expenditures and financial results, are forward-looking statements. Since these are based on certain assumptions and expectations of future events, the Company cannot guarantee that these are accurate or will be realised. The Company's actual results, performance or achievements could thus differ from those projected in any forward-looking statements. The Company assumes no responsibility to publicly amend, modify or revise any such statements on the basis of subsequent developments, information or events. The Company disclaims any obligation to update these forward-looking statements, except as may be required by law.

This Management Discussion & Analysis Report contains statements about expected future events and financial and operating results of Chandra Prabhu International Limited (CPIL), which may be classified as forward-looking. By their nature, forward-looking statements require the Company to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that the assumptions, predictions and other forward-looking statements will not prove to be accurate. Further, certain key performance indicators mentioned in the Annual Report are based on classifications made by the Company. Do not place undue reliance on forward-looking statements as a number of factors could cause assumptions and actual future results or events to differ materially from those expressed in these forward-looking statements.

Chandra Prabhu International Ltd. is a well known name in the trading of Coal, Synthetic Rubber & Agro for last many years. Along with that, the Company has also been actively trading in agro business since last few years and has recently added the trading of one more product i.e trading of metal. Further, on 11th June, 2024, the Company has also revived/restarted its Agro Business with the use of new and innovative technology & Hi-tech agro machinery/equipment's. At CPIL, we acknowledge that the real value of any organization is determined by the value it delivers to its stakeholders. Across all our business and operations, we have been working towards achieving profitable growth in an ethical, environment friendly and socially responsible manner.

GLOBAL ECONOMIC OVERVIEW

The global economy continues to show resilience despite facing several strong headwinds viz., the Middle East crisis, Russia's invasion of Ukraine, high inflation, high costs and falling household purchasing power, rising geopolitical uncertainties, and forced monetary tightening. Global growth is estimated to sustain at 3.2% in 2024, similar to 2023. The economy is better placed now than at the same time in 2023, with the risk of a global recession receding. In late 2023, headline inflation neared its pre-pandemic level in most economies for the first time since the start of the global inflation surge. As global inflation descended from its peak, economic activity grew steadily, defying warnings of stagflation and global recession. The United States with some middle-income economies displayed strong economic performance, with aggregate demand supported by stronger than expected private consumption amidst still tight though easing labour markets. Continuing geopolitical tensions, including the Middle East crisis, Russia-Ukraine war and the upcoming US presidential elections pose a risk to dampen growth in 2024.

Growth in the United States is expected to be 2.4% in 2024, while the Eurozone is expected to witness a minor recovery of 0.7%. Recovery in Europe will be driven by declining inflation and energy prices normalising. China witnessed stronger-than-expected growth of 5.2% in 2023, with 2024 growth projected at 4.65%. Industrial overcapacity, continued slowdown in domestic demand, deepening deflation and heightened trade tensions with the West will remain major headwinds for China throughout 2024.

The baseline forecast is for the world economy to continue growing at 3.2% during 2024 and 2025, at the same pace as in 2023. A slight acceleration for advanced economies where growth is expected to rise from 1.6% in 2023 to 1.7% in 2024 and 1.8% in 2025 will be offset by a modest slowdown in emerging market and developing economies from 4.3% in 2023 to 4.2% in both 2024 and 2025. Global inflation is forecast to decline steadily, from 6.8% in 2023 to 5.9% in 2024 and 4.5% in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. Core inflation is generally projected to decline more gradually.

INDIAN ECONOMIC OVERVIEW

If this prediction materializes for FY25, it would signify the fifth consecutive year post-pandemic that the Indian economy has maintained growth at or above 7%. Such an accomplishment would be remarkable, serving as a testament to the resilience and potential of the Indian economy, offering promising prospects for its future. Meanwhile, the global economy is grappling with challenges in sustaining its post-Covid recovery as successive shocks continue to disrupt it. Among these shocks, supply chain disruptions have reappeared in 2024. Should these disruptions persist, they are likely to impact trade flows, transportation costs, economic output, and inflation on a global scale. While India is not immune to these

challenges, having already weathered the storms of Covid, as well as the energy and commodity price shocks of 2022, it maintains subdued confidence in its capacity to navigate through emerging disturbances.

Looking ahead, several trends are anticipated to shape the future landscape. The era of hyper-globalisation in global manufacturing has drawn to a close. Nevertheless, this does not signify an imminent onset of de-globalisation, as countries are just beginning to grasp the extensive integration of global supply chains that has unfolded over recent decades. Closely intertwined with this challenge is the ascent of Artificial Intelligence, presenting profound and intricate questions concerning growth in services trade and employment. The progression of technology poses a threat to the advantage of cost competitiveness enjoyed by countries exporting digital services. Thirdly, and arguably most notably, is the challenge of energy transition. Mounting concerns over rising temperatures have prompted a concentrated effort to reduce carbon emissions, driven by the conviction that greenhouse gas emissions, particularly carbon, are the primary causal factor. Consequently, there is persistent pressure from international organisations and advanced nations on developing countries to transition away from fossil fuels and embrace greener energy alternatives.

It appears increasingly likely that the Indian economy will achieve a growth rate of 7% or higher for FY24, with some forecasts even suggesting a continuation of 7% real growth for FY25.

Despite grappling with various global challenges, India maintained its position as one of the world's fastest-growing major economies in FY 2024. With a robust macroeconomic framework, burgeoning domestic demand, and prudent monetary policies implemented by the Reserve Bank of India (RBI), India's real GDP expanded by 7.6%. Headline inflation, as measured by the year-on-year changes in the all-India consumer price index (CPI), stabilised at 5.1% in February 2024.

Merchandise exports experienced a seasonal upsurge in March 2024, coinciding with a peak in industrial production. The manufacturing sector emerged as a key driver of industrial growth, registering a steady 11.6% increase throughout FY 2024.

Notably, enhanced capacity utilisation across manufacturing propelled economic expansion further. Despite the declining inflation rates coupled and heightened credit demand an atmosphere of economic optimism prevailed. Efforts to streamline supply chains and increased government expenditure shielded India from significant economic disruptions. India is increasingly viewed as a viable alternative to China and is projected to become the world's third-largest economy by 2027.

Outlook

The Indian economy remains optimistic supported by strong fundamentals such as political stability, heightened government focus on public capital expenditure, a gradual rise in private capital expenditure and growing credit demand. The robust banking and financial services sector are expected to strengthen the nation's growth trajectory. India has swiftly established itself as a preferred manufacturing hub, catering to the rising global demand for manufactured products. Leveraging its large domestic market and expanding export prospects, India's growth trajectory is expected to surpass other economies in the foreseeable future.

COMPANY OVERVIEW

The Company being trading Company, the activities of the Company can be broadly divided into these business segments viz Coal, Metal and Agro.

A. COAL

Coal is a combustible black or brownish-black sedimentary rock, formed as rock strata called coal seams. Coal is formed when dead plant matter decays into peat and is converted into coal by the heat and pressure of deep burial over millions of years.

Industry Outlook:-

"Coal sector's contribution to the growth of the economy is powering the rise of India under the leadership of PM Narendra Modi and we will continue to meet the growing energy demand of the nation,"

During the FY, in 2023-24, captive and commercial coal blocks produced 147.1 mt of dry fuel.

The government targets to produce 170 million tonnes (mt) of coal from captive and commercial coal blocks in India in the current fiscal year of 2024-25. Coal allottees are confident of meeting the coal production target of 2024-25. M Nagaraju, additional secretary, coal, also reviewed plans of expected operationalisation of new mines in the current fiscal, which would support in achieving the production target.

In May 2024, the coal sector exhibited significant growth, recording a robust increase of 10.2% (provisional), making it the leading performer among the eight core industries according to the Index of Eight Core Industries (ICI) released by the Ministry of Commerce & Industries. The index for the coal industry rose to 184.7 points from 167.6 points in the same period last year, marking an 8.9% cumulative increase during April-May 2024-25 compared to the previous year. This growth underscores the coal industry's pivotal role in driving overall industrial expansion, surpassing other key sectors consistently over the past 2 fiscal years.

The surge in coal production during May 2024, reaching 83.91 million tonnes, represents a notable 10.15% increase from the previous year. This surge highlights the sector's capacity to meet escalating demands from energy and manufacturing industries. The Ministry of Coal's proactive initiatives have been instrumental in this growth trajectory, aligning with India's vision of "Atmanirbhar Bharat" and reinforcing the nation's journey towards self-sufficiency and enhanced energy security.

Coal Government Initiatives

In FY 2024, the Indian government has outlined several initiatives for the coal sector as part of its commitment to enhancing production, improving efficiency, and promoting sustainability. These initiatives include:

1. **Aatmanirbhar Bharat (Self-Reliant India) Implementation:** This is focused on reducing dependency on coal imports by boosting domestic coal production.
2. **PM Gathshakti National Master Plan:** This plan involves close collaboration with the Ministry of Railways to enhance coal transportation infrastructure. New railway line projects are being closely monitored to improve coal evacuation, essential for increasing coal output and efficiency.
3. **Sustainable Development Model:** The government aims to balance coal production growth with environmental protection. Initiatives include resource conservation, greening initiatives, the development of eco-parks, and mine tourism. These efforts aim to make the coal industry more environmentally friendly and socially responsible.
4. **Technological Enhancements:** Emphasizing the adoption of new technologies within the coal sector to improve efficiency and productivity.
5. **Utilization of Mine Water and Overburden (OB):** There are efforts to utilize mine water and overburden in environmentally beneficial ways, contributing to the sector's sustainability goals.
6. **Energy Efficiency Measures:** Implementing energy-efficient practices across coal production processes to reduce the environmental impact.

These initiatives are designed to ensure that the coal sector contributes effectively to India's energy security while adhering to environmental standards and supporting the nation's transition to a more sustainable energy future.

Company's Performance:-

The company has focused on trading in Imported Coal and its efforts yielded results and out of total revenue of **Rs. 85483.12 Lakhs**, company has generated revenue of **Rs. 57890.97 Lakhs** for the financial year 2023-2024 i.e. 67.72% of revenue from coal segment has been attributed towards the total revenue of the company.

During the FY 2023-24, the revenue from coal segment was for **Rs. 57890.97 Lakhs** as compared to **Rs. 64648.10 Lakhs** in the last Financial Year decline of 10.45% and also the profit margin declined from **Rs. 800.55 Lacs** to **78.57 Lacs** fall in coal prices mainly attributable to fluctuate in coal prices in India and comparatively high imported coal prices wiped out the margin in the coal segment.

Since, the pricing of imported coal is linked with international indices for import coal, source of origin, other factors like ocean freight, insurance, etc. which is purely dynamic and vary with international demand supply scenario.

B. METAL

In order to diversify the business, the Company has entered into the trading of new segment i.e metal.

Industry Overview

Steel is an essential product that is consumed largely in infrastructure (construction and real estate) development and industrial manufacturing. The share of the steel sector contributes around 2 per cent to India's gross domestic product

(GDP). It provides around two million jobs and so, the growth in this sector affects the economy of India. India's steel prices have almost doubled over the last year and there are several reasons behind this. The rising cost and shortage of raw materials like iron ore and coking coal is one of the major reasons.

One of the primary forces behind industrialization has been the use of metals. Steel has traditionally occupied a top spot among metals. Steel production and consumption are frequently seen as measures of a country's economic development because it is both a raw material and an intermediary product. Therefore, it would not be an exaggeration to argue that the steel sector has always been at the forefront of industrial progress and that it is the foundation of any economy. The Indian steel industry is classified into three categories - major producers, main producers, and secondary producers.

India is the world's second-largest producer of crude steel, with an output of 125.32 MT of crude steel and finished steel production of 121.29 MT in FY23.

India's steel production is estimated to grow 4-7% to 123-127 MT in FY24.

The growth in the Indian steel sector has been driven by the domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

The Indian steel industry is modern, with state-of-the-art steel mills. It has always strived for continuous modernisation of older plants and up-gradation to higher energy efficiency levels.

The JP Morgan Global Manufacturing PMI posted 50.9 in June 2024, down slightly from May's high of 51.0. The PMI has remained above the neutral 50.0 mark, signalling improved operating conditions, for five months in a row. Output has now increased in each of the past six months. Upturns continued in both the consumer and intermediate goods industries, whereas production fell in the investment goods category for the second time in the past three months. Of the 30 nations for which June PMI data were available, 18 countries registered an increase in output during June 2024. Asia fared comparatively well, with 10 nations seeing growth located on the continent. These included high-flyers such as India, Vietnam and Thailand. The euro area remained a weak spot, with output falling (on average) for the fifteenth consecutive month.

Global steel prices generally witnessed a declining trend in June 2024 with prices going down in all the major steel markets compared with the previous month, due to a combination of local and global issues. Prices of most of the finished steel products saw month-on-month decline in India, China, the USA and the European Union. On a year-on-year basis, however, prices of a few products saw an uptick in India while they came down elsewhere compared with the same month of the previous year. Going forward, the movement of global steel prices will be contingent upon how the following issues pan out.

India remains a bright spot in the global steel industry and the steel demand in the country is expected to show a healthy growth of 8.2% in 2024 compared to a global growth of 1.7%, according to the latest Short Range Outlook of World Steel Association. Growth in India's construction sector is driven by government spending on infrastructure and recovery in

private investment. Infrastructure investment will also support capital goods sector. Besides, healthy growth momentum is expected to continue in the automotive sector. These, in turn, will push up steel demand in the country,

GOVERNMENT INITIATIVES

Some of the other recent Government initiatives in this sector are as follows:

- In February 2024, the government has implemented various measures to promote self-reliance in the steel industry.
- Under the Union Budget 2023-24, the government allocated Rs. 70.15 crore (US\$ 8.6 million) to the Ministry of Steel.
- In addition, an investment of Rs. 75,000 crore (US\$ 9.15 billion) (including Rs. 15,000 crore (US\$ 1.83 billion) from private sources) has been allocated for 100 critical transport infrastructure projects for last and first mile connectivity for various sectors such as ports, coal, and steel.
- The Ministry of Steel is facilitating the setting up of an industry driven Steel Research and Technology Mission of India (SRTMI) in association with the public and private sector steel companies to spearhead research and development activities in the iron and steel industry at an initial corpus of Rs. 200 crore (US\$ 30 million).

Industry Outlook:-

The Ministry of Agriculture and Farmers' Welfare has two Departments: (i) Agriculture and Farmers Welfare, which implements policies and programmes related to farmer welfare and manages agriculture inputs, and (ii) Agricultural Research and Education, which coordinates and promotes agricultural research and education.¹ This note examines the budget allocations to the Ministry and its expenditure, and discusses issues related to fixing the MSP, output and employment in the sector, restrictions on trade, and agricultural markets. India faces significant labor challenges in its agricultural sector, which directly impact farmers across the country.

Within the Ministry, 92% of the allocation made for 2024-25 is to be spent on the Department of Agriculture and Farmers Welfare while the remaining 8% will be spent under the Department of Agricultural Research and Education. The Department of Agriculture and Farmers Welfare is responsible for implementing various key schemes run by the central government in the agriculture sector. This includes Pradhan Mantri Kisan Samman Nidhi (PM-Kisan), Modified Interest

Subvention Scheme (MISS), and Crop Insurance Scheme. The Department is also responsible for Rashtriya Krishi Vikas Yojana (RKVY) and Krishionnati Yojana which are centrally sponsored schemes

Here's a detailed breakdown of the labor issues affecting Indian agriculture:

1. **Rural to Urban Migration:** One of the primary challenges is the migration of labor from rural to urban areas. Younger generations are increasingly moving to cities in search of better employment opportunities, higher wages, and improved living conditions. This migration leaves a labor shortage in rural areas, where farming traditionally depends on human labor.
2. **Aging Agricultural Workforce:** As younger individuals leave, the remaining farming workforce is aging. Older farmers often struggle with the physical demands of farming, which can decrease productivity and increase the need for mechanization, which might not be accessible or affordable to many.
3. **Seasonal and Insecure Employment:** Agricultural labor is predominantly seasonal, leading to periods of unemployment or underemployment. This lack of consistent income pushes workers to seek more stable jobs in other sectors, exacerbating the labor shortage in agriculture during peak seasons.
4. **Poor Working Conditions and Low Wages:** Farming is often characterized by hard labor, long hours, and exposure to harsh conditions. Coupled with generally low wages compared to other sectors, these factors make agricultural work less attractive, especially to the educated youth.
5. **Impact of Mechanization:** While mechanization can help alleviate some of the labor shortages, it also poses challenges. Small and marginal farmers may not afford advanced machinery, and there is also a learning curve associated with new technologies. Furthermore, mechanization can lead to job displacement for those who relied on traditional farming roles.
6. **Skill Gap:** Modern agriculture increasingly demands a variety of skills, including the ability to operate modern machinery and implement advanced agricultural practices. The existing labor force often lacks these skills, and there is inadequate training and education available to bridge this gap.
7. **Government Policies and Support:** While there are various government schemes intended to support farmers, including subsidies for machinery and crop insurance, implementation gaps often exist. Additionally, labor laws and

regulations might not be adequately tailored to meet the unique needs of agricultural laborers, leading to exploitation and inadequate protection under law.

8. **Climate Change and Environmental Stress:** Changing weather patterns and environmental degradation also place additional stress on farmers. Labor-intensive tasks become even more challenging under adverse conditions, which can further discourage labor participation in farming.

The company's new division will focus on alleviating labor shortages in Indian agriculture by providing services that leverage both imported and locally manufactured machinery. This initiative aims to increase farm productivity and sustainability, reducing the dependency on manual labor and enhancing overall efficiency.

A detailed description of the services your company's new division will provide for key crops like rice, wheat, soybeans, pulses, and sugarcane, covering the entire agricultural cycle from sowing to harvesting:

OVERVIEW OF SERVICES

1. Customized Machinery Solutions

- **Sowing and Planting:** Provision of advanced sowing machines that adjust seeding rates and patterns according to the crop type and soil condition. This includes drills for wheat and rice transplanters.
- **Weed Control and Fertilization:** Use of mechanized sprayers and spreaders that deliver precise amounts of herbicides and fertilizers, optimizing growth conditions and reducing chemical usage.
- **Irrigation Management:** Deployment of irrigation systems, including drip and sprinkler setups, tailored to the water requirements of each crop type, enhancing water efficiency.
- **Harvesting:** Offering a range of harvesters, from combine harvesters suitable for wheat and rice to specialized cutters for sugarcane, ensuring quick and efficient harvesting.

2. Technology Integration

- **GPS and Sensor-based Technologies:** Implementing GPS technology for precise field mapping and deployment of sensors to monitor crop health, soil moisture, and nutrient levels. This data-driven approach aids in making informed decisions on crop management.
- **Drones for Aerial Surveillance:** Utilizing drones for regular crop monitoring and aerial spraying, which can cover large areas quickly and identify potential issues like pest infestations or water stress.

3. Post-Harvest Management

- **Storage Solutions:** Providing access to modern storage facilities that prevent post-harvest losses and maintain the quality of harvested produce, especially crucial for pulses and grains.
- **Transport Logistics:** Coordinating efficient transport solutions to move harvested crops from farms to storage or markets, reducing the time and cost involved.

4. Training and Support

- **Operational Training:** Conducting training sessions for farmers and local operators on how to effectively use and maintain the machinery. This ensures that equipment is used safely and optimally.
- **After-sales Service and Maintenance:** Offering comprehensive after-sales support, including maintenance services to ensure machinery longevity and reliability.

5. Financial and Operational Flexibility

- **Leasing and Rental Options:** Providing flexible leasing or rental arrangements for expensive machinery, making it accessible for small to medium-sized farm operations.
- **Customized Service Packages:** Allowing farmers to choose specific services based on their individual needs and financial capabilities, ensuring that the offerings are adaptable and scalable.

The market for providing agricultural services through machinery in India is substantial and growing, driven by several key factors:

MARKET SIZE AND GROWTH

1. **Large Agricultural Sector:** Agriculture is a critical sector in India, contributing about 17-18% to the country's GDP and employing over 50% of the workforce. The demand for mechanization and agricultural services is high as farmers seek to improve productivity and overcome labor shortages.
2. **Mechanization Demand:** The mechanization level in Indian agriculture is still lower compared to developed countries, creating a significant opportunity for growth. According to industry reports, the agricultural machinery market in India is expected to grow at a CAGR of around 10-12% in the coming years.
3. **Government Support:** The Indian government actively promotes agricultural mechanization through subsidies and schemes like the Pradhan Mantri Krishi Sinchai Yojana and the Rashtriya Krishi Vikas Yojana, which encourage the adoption of modern equipment and technology.

KEY DRIVERS

1. **Labor Shortages:** The rural-to-urban migration trend and aging agricultural workforce create a critical need for mechanized solutions to replace manual labor, especially for labor-intensive crops like rice, sugarcane, and wheat.
2. **Rising Productivity Demands:** With a growing population and increasing food security concerns, there is a pressing need to boost agricultural productivity. Mechanization can significantly enhance efficiency and yield per hectare.
3. **Technological Advancements:** Innovations in farm machinery, such as GPS-enabled equipment and precision agriculture technologies, make it easier and more attractive for farmers to adopt mechanized farming.
4. **Financial Accessibility:** The availability of financial products and schemes that make it easier for farmers to lease or purchase machinery on credit or through subsidies reduces the entry barrier for mechanization.

CHALLENGES AND OPPORTUNITIES

1. **Fragmented Land Holdings:** Small and fragmented landholdings are common in India, which can make it difficult for individual farmers to invest in large machinery. However, this creates an opportunity for service providers to offer machinery on a rental or cooperative basis.
2. **Infrastructure and Training Needs:** There is a need for better infrastructure and training facilities to support the adoption of new technologies and machinery, presenting an opportunity for businesses that can offer comprehensive solutions, including training and support.
3. **Rural Connectivity:** Improved rural connectivity and digital access are facilitating better dissemination of information and services, enabling businesses to reach and serve rural farmers more effectively.

FINANCIAL STATEMENTS

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF CHANDRA PRABU INTERNATIONAL LIMITED****Report on the Audit of the Standalone Financial Statements****Opinion**

We have audited the accompanying standalone financial statements of Chandra Prabu International Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act 2013 (the Act) with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 [A] As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, no remuneration has been paid by the Company to its directors during the year.
- 2[B] With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. As stated in Note 14 to the standalone financial statements.
 - (a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
 - (b) The Board of Directors of the Company have not proposed any dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting.
 - vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024, which has a feature of recording

audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

According to the information and explanations given to us, there is no statutory dues referred to in sub-clause (a) that have not been deposited on account of any dispute except following:

Name of the Statute	Nature of the Dues	Amount (Rs.)	Period to which the amount relates	Forum where Dispute is pending
Sales Tax Act and VAT Laws	Sales Tax	17,74,874	F.Y 12-13	Appellate Authority up to Commissioner Level

I. Surrendered or disclosed as income in the tax assessments:

According to the information and explanations given by the management, no transactions not recorded in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ii. Default in repayment of borrowings:

- In our opinion and according to the information and explanations given by the management, we are of the opinion that the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

- According to the information and explanations given by the management, the company is not declared willful defaulter by any bank or financial institution or other lender.
- In our opinion and according to the information and explanations given to us, money raised by way of term loans was applied for the purposes for which these were obtained.
- In our opinion and according to the information and explanations given by the management, funds raised on short term basis prima facie have not been utilized for long-term purposes.
- In our opinion and according to the information and explanations given by the management, the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates, or joint ventures.
- In our opinion and according to the information and explanations given by the management, the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

iii. Funds raised and utilization:

- The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year, hence reporting under clause 3(x)(a) of the Order is not applicable.
- The company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year.

iv. Fraud and whistle-blower complaints:

- According to the information and explanations given by the management, no fraud by the company or any fraud on the company has been noticed or reported during the year.
- No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government;
- According to the information and explanations given to us by the management, no whistle-blower complaints had been received by the company

v. Nidhi Company:

The company is not a Nidhi Company. Therefore, clause xii is not applicable on the company.

vi. Related Party Transactions:

According to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, where applicable and the details have been disclosed in the financial statements, etc., as required by the applicable accounting standards.

vii. Internal Audit:

The company does have an internal audit system commensurate with the size and nature of its business.

Reports of the Internal Auditors for the period under audit were considered by the statutory auditor.

viii. Non-Cash Transactions:

On the basis of the information and explanations given to us, in our opinion during the year the company has not entered into any non-cash transactions with directors or persons connected with him.

ix. Registration under RBI Act:

- In our Opinion and based on our examination, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934)
- In our Opinion and based on our examination, the Company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (COR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934)

Annexure “B” to the Independent Auditors' Report

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)

We have audited the internal financial controls with reference to Standalone Financial Statements of Chandra Prabhu International Limited (‘the Company’) as of March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and Standards on Auditing prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that,

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES FORMING PART OF FINANCIAL STATEMENTS

Summary of material accounting policies and other explanatory information.

Note : 1

1. CORPORATE INFORMATION

Chandra Prabhu International Ltd. referred to as "CPIL" or "the Company" was incorporated on 29th November, 1984 registered with Registrar of Companies, Delhi & Haryana, New Delhi. The Company is a Public Limited Company whose shares are listed on BSE.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report.

The standalone financial statements were approved for issue in accordance with a resolution of the directors on 28th May, 2024.

2. Basis of preparation and Material Accounting Policies

Pursuant to the Companies (Indian Accounting Standards) Amendment Rules, 2023 effective 01-04-2023, the company is required to disclose 'material accounting policy information' in lieu of the earlier requirement of disclosing 'significant accounting policies'.

All accounting policies followed by the company are in accordance with the Indian Accounting Standards (Ind AS) notified u/s 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 and conform to Schedule III to the Companies Act, 2013 as applicable.

Special disclosure of material accounting policy information where Ind AS permits options is made hereunder:

The company has assessed the materiality of the accounting policy information, which involves exercising judgement and considering both quantitative and qualitative factors by taking into account not only the size and nature of the item or condition but also the characteristics of the transactions, events or conditions that could make the information more likely to impact the decisions of the users of the financial statements.

2.1 The financial statements have been prepared in accordance with under historical cost convention on accrual basis, except for the employees defined benefit obligation measured as per actuarial valuation and certain financial instruments which are measured at fair value or amortised cost at the end of the each reporting period, as explained in the Accounting policies below. All assets and liabilities are classified as current and non current as per the Companies normal operating cycle. However the company has ascertained its operating cycle as 12 months for the current classification of Assets and Liabilities. The financial statements have been prepared on a going concern basis.

2.2 Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ("The Act"), read with the Companies (Indian Accounting Standards) as amended from time to time.

The Company also applies requirement of Division II to Schedule III of the Companies Act 2013, while presenting financial statements.

2.3 Use of estimates and judgments

The preparation of the company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Critical accounting judgements and key sources of estimation, and Key assumptions

i. Depreciation / amortization and useful lives of property, plant and equipment / intangible assets

Property, Plant and Equipment / intangible assets are depreciated / amortized over their estimated useful lives after taking into account estimated residual value. The estimated useful lives and residual values of the assets are reviewed annually in order to determine the amount of depreciation / amortization to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes and other related matters. The depreciation / amortization for future periods is revised if there are significant changes from previous estimates.

ii. Recoverability of trade receivable

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the period of overdues, the amount and timing of anticipated future payments and the probability of default.

iii. Measurement of Defined Benefit Obligation:-

The present value of defined benefit obligation which includes gratuity is determined using actuarial valuations using projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in the assumptions. All assumptions are reviewed at each reporting date.

iv. Recognition and measurement of provisions, liabilities and contingencies:-

Provision and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can be reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

Contingencies in the normal course may arise from litigation and other claims. Potential liabilities that are possible but not probable of crystallizing or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes to accounts but are not recognized.

v. Income Taxes:-

The Company's tax jurisdiction is India. Significant judgements are involved in determining the provisions for income taxes including amount expected to be paid or recovered for uncertain tax positions.

2.4. Material Accounting Policies

A summary of the material accounting policies applied in the preparation of the financial statements are as given below. The accounting policies have been applied consistently to all the periods in the financial statements.

a. Property, Plant and Equipment (PPE)

Land is carried at historical cost. All other items of property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The initial cost of an asset comprises its purchase price and any costs directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by management.

An item of property, plant and equipment initially recognized separately are derecognized upon disposal or when no future economic benefits expected from its use or disposal or when the property, plant and equipment has been reclassified as ready for disposal. Any gain or loss arising on derecognition of the asset is included in the statement of profit and loss when the asset is derecognized.

Residual value and useful life of property, plant and equipment are reviewed at each financial year end and changes are accounted for as a change in accounting estimates on a prospective basis.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item depreciated separately. However, significant part(s) of an item of PPE having same useful life and depreciation method are grouped together in determining the depreciation charge.

Costs of the day to-day servicing described as for the 'repairs and maintenance' are recognised in the statement of profit and loss in the period in which the same are incurred.

b. Leases

A finance lease is a lease that transfers substantially all the risks and rewards incidental to ownership of an asset. Title may or may not eventually be transferred. An operating lease is a lease other than a finance lease.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant periodic rate of interest on the remaining balance of the liability.

Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

c. Revenue recognition

Revenue from sale of goods

Revenue from the sale of goods is recognized when all the following conditions have been satisfied:

- (a) the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- (b) the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- (c) the amount of revenue can be measured reliably;
- (d) it is probable that the economic benefits associated with the transaction will flow to the Company; and
- (e) the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes, levies or duties collected on behalf of the government/ other statutory bodies.

Advances received from the customers are reported as "advance from customers " unless the above conditions for revenue recognition are met.

d. Depreciation and Amortization

Depreciation on property, plant and equipment, except freehold land, is provided as per cost model on written down value basis over the estimated useful lives of the asset as per Schedule II of the Companies Act, 2013.

Depreciation is charged on addition, deletion on pro-rata basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Standalone Statement of Profit and Loss when the asset is derecognized. Repairs & Maintenance costs are recognised in Statement of Profit & Loss when incurred.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The estimates made by the management for the useful life of the Property Plant and Equipments are as follows:-

Type of Asset	Period (Estimated Useful Life)
Vehicles	8 years
Plant & Machinery	15 years
Office Equipments	5 years
Furniture & Fixtures	10 years
Building	60 years
Computers	3 years

The company has decided to retain the useful life/ Residual Value hitherto adopted for various categories of properties plant and equipments as prescribed in Schedule II of the Act.

e. Inventories

Traded Goods

Inventories of coal/scrap/agro products are stated at lower of weighted average cost or net realisable value. Net realisable value represents the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale. Cost includes all costs of purchases and incidental expenses incurred in bringing the inventory to their present condition and location.

Custom duty on material imported are provided for at the applicable rate.

Work in Progress

At lower of cost or net realisable value. Cost for this purpose includes cost of land and registration charges.

f. Cash and Cash Equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash in hand, cash at bank, highly liquid investments with original maturities of three months or less, which are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

g. Taxation

Current Income Tax

the basis of the taxable profits computed for the current accounting period in accordance with Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.U196

Tax expenses recognised in the Statement of Profit or Loss comprises the sum of the current tax and deferred tax except the ones recognised in Other Comprehensive Income or directly in Equity.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period. Deferred tax assets are recognised for the future tax consequences to the extent its probable that future taxable profits will be available against which the deductible temporary differences can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

h. Foreign Currency Transactions**a) Initial Recognition**

Foreign Currency Transactions are recorded in Indian Currency by applying the exchange rate between the Indian Currency and Foreign Currency at the date of the transaction.

b) Conversion

Current assets and current liabilities being monetary items designated in foreign currencies are recognized at the rate prevailing on the date of Balance Sheet.

c) Exchange Difference

Exchange differences arising on the settlement and conversion of foreign currency transactions are recognized as income or as an expense in the year in which they arise.

i. Provisions, Contingent Liabilities and Contingent Assets**Provisions**

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

All provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. The expense relating to provision is presented in the statement of profit and loss. Provisions are reviewed at each balance sheet date.

Contingent Liabilities

A contingent liability is a Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the company, or a present obligation that is not recognised because it is probable that an outflow resources will be required to settle the obligation or it cannot be measured with sufficient reliability. Contingent liabilities are disclosed on the basis of judgment of management.

Contingent Assets

Contingent Assets are not recognised or disclosed in the financial statements. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

j. Borrowing cost

Borrowing costs are expensed as and when incurred except where they are directly attributable to the acquisition, construction or production of qualifying assets i.e. the assets that necessarily takes substantial period of time to get ready for its intended use, in which case they are capitalised as part of the cost of those asset up to the date when the qualifying asset is ready for its intended use.

k. Segment Reporting**Identification of Segments**

The companies decision maker viz Board of Directors examine the company's performance relating to trading of items such as coal and scrap iron & sponge iron as different segments.

Allocation of common cost

Common allocable cost are allocated on the basis of net fund employed in each segment.

Unallocated items

Company assets and liabilities, income and expenses which relate to the company as a whole and are not allocable to segments are included under this head.

1. Financial Instruments: -

A financial instrument is any contract that gives rise to financial asset of one entity and a financial liability or equity instrument of another equity.

Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement**(i) Financial assets carried at amortized cost**

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognized or impaired, the gain or loss is recognized in the statement of profit and loss.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss.

When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit and loss. Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognized in OCI are not reclassified to profit and loss.

When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit and loss. Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognized in OCI are not reclassified to profit and loss.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(v) Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognizes a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Derecognition**Financial Assets**

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the or in which the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

Reclassification of Financial Assets and Financial Liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

2.5 Event after reporting date

Where the events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

2.6 Functional and Presentation Currency

The Financial Statements have been prepared in Indian Rupees (INR), which is also the Company's functional currency. All financial information presented in INR has been rounded off to nearest lacs as per requirements of Schedule III, unless otherwise stated.

2.7 New and amended standards

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated 31 March 2023 to amend the following Ind AS which are effective for annual periods beginning on or after 1 April 2023. The Company applied for the first-time these amendments.

i. Definition of Accounting Estimates – Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Company's financial statements.

ii. Disclosure of Accounting Policies – Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements

Post Employment Benefits**Defined Contribution Plans**

Obligations for contribution to defined contribution plans are expensed in the statement of profit and loss of the year in which the related services are rendered by the employees.

The company makes payments to State Govt. Provident Fund Scheme and Employee State Insurance Scheme which are defined contribution plans. The contribution paid / payable under the scheme is recognized in the statement of profit and loss during the period in which the employee renders the related services. The company has no further obligations under these schemes beyond its periodic contributions.

Defined Benefit Plans:-

Gratuity (funded): - The cost is determined using the projected unit credit method with the actuarial valuation being carried at each balance sheet date by independent actuary. The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of related obligation.

The net interest cost is calculated by applying the discount rate to the balance sheet of the defined benefit obligation. This cost is calculated in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains or losses arising from experience adjustment, demographic adjustments and changes in actuarial assumptions are recognised in the period, in which they occur, directly in Other Comprehensive Income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Profit or Loss as past service cost.

Other Employee Benefits

Accidental & medical Insurance Scheme, defined contribution plan is taken from Iffco-Tokio General Insurance Co Ltd..

Gratuity

The Company provides for gratuity, a defined benefit plan (the "Gratuity plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment of an amount based on the respective employees's salary as drawn and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. Actuarial losses/gains are recognized in the Statment of Profit and Loss in the year in which they arise.

Note : 38**Financial risk management**

The Company's principal financial liabilities comprise of loans and borrowings, trade payables and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, cash and short-term deposits that derive directly from its operations.

The company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established the Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committees reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risk faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company's Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by an internal audit team. Internal audit team undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

The Company has exposure to the following risks arising from financial instruments:

Credit Risk

Liquidity Risk

Market Risk

Credit Risk

Credit risk is the risk of financial loss to the company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business. The company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

Liquidity Risk

Liquidity risk is the risk that the Company will encounter if there is difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to Company's reputation.

		Carrying Amount	Fair Value	Carrying Amount	Fair Value
1. Financial liability					
a) Borrowings	B	5,714.32	5,714.32	2,956.56	2,956.56
b) Trade Payables		2,563.26	2,563.26	1,069.72	1,069.72
c) Other Financial Liabilities		617.34	617.34	145.59	145.59
Total		8,894.92	8,894.92	4,171.86	4,171.86

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale

The following methods and assumptions were used to estimate the fair values.

A. The fair value of cash and cash equivalents, bank balances other than Cash and cash equivalents, trade receivables, loans, current financial assets, trade payables and current financial liabilities approximate their carrying amount, largely due to the short-term nature of these instruments. The change in the Fair Value of Non-Current Financial Asset and Liability is insignificant and hence carrying value and fair value is taken same.

B. Long-term borrowings measured at amortized cost are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of borrowings approximates their carrying values. Risk of other factors for the company is considered to be insignificant in valuation.
