III. Other information:

Reasons of loss or inadequate profits & Steps taken or proposed to be taken for improvement

The Capital Goods industry is the very foundation of a strong, resilient and vibrant manufacturing sector. The capital goods sector is of strategic importance in enabling robust manufacturing sector growth, and needs to grow at a rate 5% to 6% higher than manufacturing growth. It has a multiplier effect on overall economic growth as it facilitates faster growth for a broad base of user industry inputs, i.e. machinery and equipment necessary for manufacturing. The progress of the capital goods sector is closely watched as it is a lead indicator for the investment conditions and the level of growth represents investor sentiments and signals the next level of growth. The industry has witnessed a slowdown in order booking due to rise in Chinese imports, increase in import of second hand machinery, etc.

The Company is engaged in the business of manufacturing and selling of plastic processing machines for Extrusion as well as Injection Moulding. During the year 2018-2019 the Company has sold 468 machines to achieve turnover of ₹ 325.88 crores. Since last few years the Company is doing well and has earned profits.

However, the Company is dealing in capital goods and considering the challenges for the industry in view of its cyclical nature, the profit of the company may be diluted in coming few years depending on demand for capital goods which is directly linked to investment climate in the economy.

In spite of challenges, the Company has also taken steps for curtailing expenditure, product cost, introduction of high value added products, new product range, aggressive marketing. This would help the Company to improve its results further.

Expected increase in productivity and profits in measurable terms

Details with regard to increase in productivity & opportunities are given in Management Discussions and Analysis Report, which forms part of Directors' report.

IV. Disclosures:

Information required to be disclosed under this part is disclosed in the Corporate Governance Report, an attachment to Directors' Report in 56th Annual Report.

Except Mr. T. S. Rajan & his relatives, none of the Directors or Key Managerial Personnel (KMP) of the Company or any relative of such Directors or KMPs are in any way concerned or interested, or deemed to be concern or interested, financially or otherwise, in the proposed resolution.

The copy of the Service Agreement to be entered into between the Company and Mr. T. S. Rajan as the Executive Director of the Company is open for inspection by the Members during the normal working hours of the Company at its Registered Office up to the date of the Meeting.

The Board of Directors recommends the Special Resolution as set out as Item No. 4 of this Notice for approval of the member of the Company.

Item No. 5 to 7

As per the provisions of Sections 149, 152 & Schedule IV of the Companies Act, 2013 read with the relevant Rules thereunder as amended, the Company had appointed Mr. M. K. Arora, Mr. Shishir Dalal, and Ms. Mahua Roy Chowdhury as the Independent Directors at the 51st AGM of the Company held on September 29, 2014 for a term of 5 years and their term ends at the conclusion of 56th AGM of the Company in the year 2019.

As the above named Independent Directors shall be completing their first term of appointment at the 56th AGM of the Company, they are eligible for re-appointment for another term of five consecutive years subject to approval of the Shareholders by Special Resolution. All the above named Independent Directors have consented to their re-appointment and confirmed that they are not disqualified from being appointed as an Independent Director in terms of Section 164 of the Act. The Company has also received the declarations from the said Directors stating that they meet all the criteria of Independence, as prescribed under Section 149(6) of the Act and under Regulation 16 (b) of SEBI (LODR) Regulations, 2015 and they are not been debarred from holding the office of director or continuing as a director of company by SEBI/MCA or any other authority in India or abroad.

Based on the performance evaluation of the Independent Directors, the Nomination & Remuneration Committee and the Board of Directors of the Company at their Meeting held on May 27, 2019 have recommended the re-appointment of the afore said persons as an Independent Director for a second term of five consecutive years effective from conclusion of 56th AGM to be held on September 24, 2019 up to the conclusion of 61st AGM in the year 2024. During their tenure of appointment, they shall not be liable to retire by rotation as provided under Section 152 (6) of the Companies Act, 2013.

In the opinion of the Board, they fulfill the conditions for re-appointment as Independent Directors and they are independent of the Management. Brief resume of above Independent Directors, nature of their expertise in specific function areas and names of companies in which they holds directorship and memberships/chairmanships of the Board Committees, shareholding and relationships between directors inter-se as stipulated under SEBI (LODR) Regulations, 2015, are provided in the Annexure to this Notice, which is forming part of the Annual Report.

A copy of the draft letter for re-appointment of the Independent Directors setting out the terms and conditions of their re-appointment is available for inspection by the Members at the Registered Office & Corporate Office of the Company during normal business hours on any working day till the conclusion of the ensuing General Meeting.

Mr. M. K. Arora, an Independent Director, who is eligible to be re-appointed as an Independent Director, being recommended by Nomination and Remuneration Committee of Board and the Board of Directors of the Company for his appointment for a second term of consecutive 5 years, who has attained the age of 75 years and in compliance with Regulation 17(1A) of SEBI (LODR) (Amendment) Regulations, 2018, approval of members by special resolution is necessary to re-appoint as Director of the Company.

The Board of Directors of the Company considering the need for providing advice, guidance and mentorship to the Company's executive management, is of the opinion that Mr. M. K. Arora possesses relevant expertise and vast experience. His continued association as non-executive independent director will be beneficial and in the best interest of the Company.

Except the appointees (Independent Directors) and their relatives, none of the Directors or Key Managerial Personnel of the Company or their relatives is, in any way, concerned or interested, financially or otherwise, in these Resolutions.

The Board recommends the Special Resolutions as set out in Item Nos. 5, 6 and 7 of the Notice for approval of the Members.

ITEM NO. 8: Approval of remuneration to be paid to the Cost Auditors.

In accordance with the provisions of Section 148 of the Companies Act, 2013 (the Act) and the Companies (Audit and Auditors) Rules, 2014 (the Rules), the Company is required to appoint a Cost Auditor to audit the cost records of the Company.

On recommendation of the Audit Committee at its meeting held on May 27, 2019, the Board has approved the appointment of M/s. Ashish Bhavsar & Associates, Cost Accountants (Firm Registration No. 000387) as the Cost Auditors of the Company for the financial year ending on March 31, 2020 at a remuneration of ₹ 92,000 (Rupees Ninety Two Thousand only), exclusive of reimbursement of Service Tax and all out of pocket expenses incurred, if any, in connection with the Cost Audit. The appointment and remuneration of the Cost Auditors is required to be ratified subsequently in accordance to the provisions of the Act and Rule 14 of the Rules.

Accordingly, the Ordinary Resolution at Item No. 8 is recommended for approval of the Members.

None of the Directors, Key Managerial Personnel and their relatives are concern or interested or deemed to be concern or interested in the said resolution.

- Having continuous professional development to refresh knowledge and skills.

LETTERS OF APPOINTMENT

Each Director/ KMP/ Senior Officials is required to sign the letter of appointment with the Company containing the terms of appointment and the role assigned in the Company.

TERM / TENURE

Managing director / whole-time director/Executive Director

The Company shall appoint or re-appoint any person as its managing director and CEO or whole-time director or executive director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of the term.

Independent director

An independent Director shall hold office for a term of up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No independent director shall hold office for more than two consecutive terms, but such independent director shall be eligible for appointment after the expiry of three years of ceasing to become an independent director. Provided that an independent director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly. However, if a person who has already served as an independent director for five years or more in the Company as on April 1, 2014 or such other date as may be determined by the committee as per regulatory requirement, he / she shall be eligible for appointment for one more term of five years only.

At the time of appointment of an independent director, it should be ensured that the number of Boards on which such independent director serves is restricted to seven listed companies as an independent director and three listed companies as an independent director in case such person is serving as a whole-time (executive) director of a listed company.

REMOVAL

Due to any of the reasons for disqualification mentioned in the Companies Act, 2013, rules made thereunder or under any other applicable Act, rules and regulations, the committee may recommend to the Board with reasons recorded in writing the removal of a director or KMP subject to the provisions and compliance of the said Act, rules and regulations.

RETIREMENT

The whole-time directors, KMP and senior management personnel shall retire as per the applicable provisions of the Companies Act, 2013 and the prevailing policy of the Company. The Board will have the discretion to retain the whole-time directors, KMP and senior management personnel in the same position / remuneration or otherwise, even after attaining the retirement age, for the benefit of the Company.

REMUNERATION OF DIRECTORS/ KMPs/ SENIOR MANAGEMENT

The guiding principle is that the level and composition of remuneration shall be reasonable and sufficient to attract, retain and motivate Directors, Key Management Personnel and other senior officials.

The Directors, Key Management Personnel and other senior official's salary shall be based & determined on the individual person's responsibilities and performance and in accordance with the limits as prescribed statutorily, if any.

The Nominations & Remuneration Committee determines individual remuneration packages for Directors, KMPs and Senior Officials of the Company taking into account factors it deems relevant, including but not limited to market, business performance and practices in comparable companies, having due regard to financial and commercial health of the Company as well as prevailing laws and government/ other guidelines. The Committee consults with the Chairman of the Board as it deems appropriate. Remuneration of the Chairman is recommended by the Committee to the Board of the Company.

a) Base Compensation (fixed salaries)

Must be competitive and reflective of the individual's role, responsibility and experience in relation to performance of day-to-day activities, usually reviewed on an annual basis; (includes salary, allowances and other statutory/ non-statutory benefits which are normal part of remuneration package in line with market practices).

b) Variable salary:

The WML may in its discretion structure any portion of remuneration to link rewards to corporate and individual performance, fulfilment of specified improvement targets or the attainment of certain financial or other objectives set by the Board. The amount payable is determined by the Committee, based on performance against pre-determined financial and non-financial metrics.

Remuneration to managing director/whole-time director:

The total managerial remuneration payable by the Company to its directors, including managing director and whole time director, and its manager in respect of any financial year shall not exceed eleven percent of the net profits of the Company computed in the manner laid down in Section 198 in the manner as prescribed under the Act.

The Company with the approval of the Shareholders and Central Government may authorize the payment of remuneration exceeding eleven percent of the net profits of the company, subject to the provisions of Schedule V.

The Company may with the approval of the shareholders authorize the payment of remuneration up to five percent of the net profits of the Company to its any one Managing Director/ Whole Time Director/ Manager/ Executive Director and ten percent in case of more than one such official.

Remuneration to Non-Executive / Independent Directors

The Company may pay remuneration to its directors, other than Managing Director and Whole Time Director up to one percent of the net profits of the Company, if there is a managing director or whole time director or manager or Executive Director and three percent of the net profits in any other case.

The net profits for the purpose of the above remuneration shall be computed in the manner referred to in Section 198 of the Companies Act, 2013.

Fees for attending the meetings

The Company may pay remuneration by way of sitting fees to the Director(s) for attending meetings of the Board of Directors and Committee meetings of thereof. The amount of sitting fees shall be decided by the Board from time to time by passing of resolution. While payment of sitting fees, section 197(5) of the Companies Act, 2013 shall be complied with. The Board of Directors may by passing resolution, from time to time, increase or decrease the amount of sitting fees.

The remuneration payable to the Directors/ KMPs/ Senior officials shall be as per the Company's policy and shall be valued as per the Income Tax Rules.

The remuneration payable to the Key Managerial Personnel and the Senior Management shall be as may be decided by the Board having regard to their experience, leadership abilities, initiative taking abilities and knowledge base.

STOCK OPTION

The Independent Directors shall not be entitled to any stock option of the Company.

EVALUATION/ ASSESSMENT OF DIRECTORS/ KMPs/ SENIOR OFFICIALS OF THE COMPANY –

The evaluation/assessment of the Directors, KMPs and the senior officials of the Company is to be conducted on an annual basis and to satisfy the requirements of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 & Guidance Note on Board Evaluation dated January 5, 2017.

The following criteria may assist in determining how effective the performances of the Directors/ KMPs/ Senior officials have been:

- Leadership & stewardship abilities
- Contributing to clearly define corporate objectives & plans
- Communication of expectations & concerns clearly with subordinates
- Obtain adequate, relevant & timely information from external sources.
- Review & approval achievement of strategic and operational plans, objectives, budgets
- Regular monitoring of corporate results against projections
- Identify, monitor & mitigate significant corporate risks
- Assess policies, structures & procedures
- Direct, monitor & evaluate KMPs, senior officials
- Review management's succession plan
- Effective meetings
- Assuring appropriate board size, composition, independence, structure
- Clearly defining roles & monitoring activities of committees
- Review of corporation's ethical conduct

Evaluation on the aforesaid parameters will be conducted by the Independent Directors for each of the Executive/ Non-Independent Directors in a separate meeting of the Independent Directors.

The Executive Director/ Non-Independent Directors along with the Independent Directors will evaluate/ assess each of the Independent Directors on the aforesaid parameters. Only the Independent Director being evaluated will not participate in the said evaluation discussion.

POLICY REVIEW

This policy is framed based on the provisions of the Companies Act, 2013 and rules thereunder and requirements of Regulation 19 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In case of any subsequent changes in the provisions of the Companies Act, 2013 or any other regulation which makes any of the provisions in the policy inconsistent with the Act or regulations, the provisions of the Act or regulations would prevail over the policy, and the provisions in the policy would be modified in due course to make it consistent with the law.

In compliance with SEBI (Listing Obligation and Disclosures Requirements) (Amendment) Regulation, 2018, the Board of Directors of Windsor Machines Limited has approved the amendments (which will be applicable from April 1, 2019) to Nomination & Remuneration Policy at its meeting held on February 11, 2019. This policy shall be reviewed by the nomination and remuneration committee as and when changes need to be incorporated in the policy due to changes in regulations or as may be felt appropriate by the committee. Any change or modification in the policy as recommended by the committee would be given for approval to the Board.

MANAGEMENT DISCUSSION & ANALYSIS

A. Industry Structure and Development:

As you are aware, your Company has been engaged in the manufacture of Extrusion Machinery (for Pipe and Blown Film Extrusion) and Injection Moulding Machinery. The year that went by, did pose a lot of challenges especially with the announcement of National Elections in the country, constraints on availability of capital for investments and an air of uncertainty over the political future and its likely impact on business. All these elements did have their impact, especially with the delay in launch of new projects envisaged earlier. Windsor too, had to face challenges in terms of Ready machines not getting dispatched on time, request for delaying in-process machines, etc. In-spite of all these challenges, your company managed to have a decent performance albeit marginally lower than the previous year.

B. Opportunities and Threats:

With renewed enthusiasm and zeal, the TEAM continued its efforts in improvising the existing range of products, offering value added propositions to its esteemed customers and augmenting the portfolio with new developments. Newer opportunities were always explored and exploited in terms of better offerings to the customers. Though the coming year will have newer challenges, we are still optimistic of growth, as we have now stabilized our new generation products and also entered into newer markets (globally).

With new overseas manufacturers setting up their operations in India, it is going to be a challenging time ahead. Competition is bound to increase and this is further compounded by various developments taking place across the globe viz; US-China Tariff War, Pressure on restrained dealings with Iran and the like. All this will definitely have an impact on the global demand for Plastic material, products and finally the need in terms of new investments.

C. Product-wise Performance:

(₹ in Lacs)

Product	Gross sales	
	2018-2019	2017-2018
Extrusion Machinery	15,487.89	17,728.97
Injection Moulding Machine	17,263.80	17,442.61
TOTAL	32,751.69	35,171.58

D. Outlook:

With a Strong mandate, the veil of political uncertainty is getting lifted. This can only boost the business sentiment. With a positive outlook and hope, we expect the government to take radical measures to pep up the economy and promote growth of the industry.

Various initiatives taken over the past few years in terms of New Product developments, improved processes, successful stabilization and acceptance of our products across various customer segments, etc. give a positive outlook for the future of your company. Your Company diligently continues its analysis, identifies various opportunities and is exploring to tap newer markets and newer areas of applications.

E. Segment Information for the year ended March 31, 2019:

Extrusion Machinery:

Pipe Segment: With the thrust and initiatives taken by the government for strengthening the infrastructure segment, we did forecast increased demand for Pipes (PVC and HDPE). However, the growth was not as anticipated due to various factors (domestic and global) impacting and delaying new investments and expansion plans of our esteemed customers. Though this did impact our business in the last year, we still remain optimistic of growth in the current year and also in the coming years.

Blown Film Segment: Our market share for this product segment has been increasing over the years. With the changing lifestyles and increase in demand for effective packaging of food products and other items, this business continues to grow. In-spite of various challenges being posed in terms of "Plastic Ban" and the like, your company did grow in this segment and the future also seems to be upbeat. With continuous improvements in our technology and shift to Value Added solution offerings, your company is on the right path and looks forward to a sustained growth in the future.

Injection Moulding Machinery:

With successful stabilization and acceptance of our “**Two-Platen Machines**”, the business is increasing. More and more customers are now focusing their investments into high end value added technology.

Overseas manufacturers have started setting up their own manufacturing / assembly plants in India. However, due to our continued focus on improvising product quality and reliability supported by a proactive service network, we have been able to face this onslaught.

Windsor continues to explore newer avenues of applications and developing suitable machines and technologies to keep abreast of the competition.

Brief data/information for segments are given below.

INDEPENDENT AUDITOR'S REPORT

To The Members of Windsor Machines Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying Standalone Financial Statements of WINDSOR MACHINES LIMITED ('the Company'), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash flow Statement and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('IND AS') specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31st March, 2019 and its loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matters described below to be the key audit matters to be communicated in our report :

Key Audit Matter	How our audit addressed the key audit matter
<p>Diminution in Value of investments in Subsidiary:- Refer Note 45 to the accompanying Standalone Financial Statements</p> <p>As at 31st March 2019, the carrying amount of investment in Equity Shares of a foreign subsidiary viz. Wintech B.V is Rs. Nil (net of provision for diminution in the value of investment of Rs. 647.75 lakhs). Further, the Company has also invested in preference share capital of the said subsidiary, the carrying amount of which as at 31st March 2019 is Rs. 270.72 lakhs. (net of provision for diminution in the value of investment of Rs. 3603.76 lakhs).</p> <p>The accumulated consolidated losses of subsidiary along with its step-down subsidiary Wintal Machines SRL as on 31st March 2019 are Rs. 4251.51 lakhs. Management has considered that the consolidated losses suffered by the subsidiary indicates possible</p>	<p>Our procedures included, but were not limited to the following:-</p> <ul style="list-style-type: none"> • Obtained an understanding of management's process and evaluated design and tested operating effectiveness of the controls around identification of indicators for diminution in Investment value • Obtained audited financial statements of Subsidiary and Step-down subsidiary to verify amounts of losses for the year and accumulated losses till 31st March 2019. • Obtained an understanding of management's future plan with respect to restructuring/ dissolution of subsidiary and enquired about process already initiated • Assessed the appropriateness of methodology used by the management to estimate the amount of diminution in the value of investment in the subsidiary

diminution in the carrying value of investment. Based on management's future plan of restructuring / dissolving subsidiary and running the business of step-down subsidiary Wintal Machines SRL as division of the company, it has performed an impairment assessment and accordingly the carrying value of the investment has been reduced / written down by Rs. 4251.51 lakhs in the current year.

Considering the materiality of the amounts involved, the significant management judgement required in estimating the quantum of diminution in the value of investment and such estimates and judgements being inherently subjective, this matter has been identified as a key audit matter for the current year audit.

- Based on our procedure, we also considered adequacy of disclosures in respect of investment in the said subsidiary in the notes to the standalone financial statements

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also,
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by Section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
16. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
17. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Standalone Financial Statements dealt with by this Report are in agreement with the books of account;

- (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder;
- (e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a Director in terms of Section 164 (2) of the Act;
- (f) We have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on 31st March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report as per Annexure B expressed an unmodified opinion;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in the Standalone financial statements as at March 31, 2019
 - ii. The company did not have any material foreseeable losses on long term contracts including derivative contracts;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2019; and
 - iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8th November 2016 to 30th December 2016, which are not relevant to these standalone financial statements. Hence, reporting under this clause is not applicable.

ANNEXURE “B” REFERRED TO IN OUR INDEPENDENT AUDITORS’ REPORT OF EVEN DATE TO THE MEMBERS OF WINDSOR MACHINES LIMITED ON THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2019.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the ‘Act’)

We have audited the internal financial controls over financial reporting of Windsor Machines Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risks. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that;

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Notes forming part of the Financial Statements for the year ended 31st March, 2018

Note 1 Corporate Information:

Windsor Machines Limited ('the company') is in business of manufacturing of plastic processing machinery, which includes pipe extrusion, blown film extrusion and injection moulding machines. The company was incorporated on May 4, 1963. The company is listed with Bombay Stock Exchange and National Stock Exchange. The registered office of the company is located at Thane (Maharashtra).

Note 2 Significant Accounting Policies :

a. Basis of preparation of Financial Statements :

(i) Statement of Compliance

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended) notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act and Rules thereunder.

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors in its meeting held on May 27th, 2019.

The accounting policies are applied consistently to all the periods presented in the financial statements.

The financial statements have been prepared on accrual and historical cost basis with the exception of certain financial assets and liabilities including derivative instruments which have been measured at fair value.

(ii) Current and non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

(iii) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lacs, unless otherwise stated.

(iv) Use of Estimates :

The preparation of financial statement requires management to make critical accounting estimates and assumptions and exercise judgement, that affect the application of accounting policies and the reported

amounts of assets and liabilities and disclosures of contingent liabilities at the date of these financial statements and the reported amount of revenue and expenses for the year presented. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on a regular basis. Revision to accounting estimates are recognised in the financial statements in the period in which the estimate is revised.

Areas involving critical estimates and judgements are:

1. Estimation of tax expense and liabilities. (refer note 35)
2. Impairment/Loss allowances on financial assets such as trade receivables and investments. (refer note 9 and 45)
3. Estimation of defined benefit obligation. (refer note 43)
4. Impairment of non financial asset.
5. Provision for warranty (refer note 24)

b. Property, Plant & Equipments :

(i) Recognition and Measurement

Items of property, plant and equipment are measured at cost of acquisition or construction less accumulated depreciation and/or accumulated impairment loss, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Borrowing costs directly attributable to the construction of a qualifying asset are capitalised as part of the cost.

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Carrying value of fixed assets is tested for impairment as at the reporting date.

(ii) Subsequent measurement

Subsequent costs are included in assets carrying amount or recognised as a separate asset only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance costs are charged to the Statement of Profit and Loss as incurred.

(iii) Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future benefits are expected from its use or disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognised in the statement of profit and loss.

(iv) Depreciation methods and estimated useful lives

Depreciation on leasehold land has been provided at equal annual installments so as to write off the cost thereof completely two years before the termination date of the lease.

Property, Plant & Equipment are stated at cost less accumulated depreciation thereon. The Company provides depreciation on pro-rata basis using straight line method from the date on which asset is acquired/ ready for intended use. Depreciation has been provided as per Schedule II of the Companies Act, 2013 considering useful life of the asset. The tangible fixed assets for which useful life is different than the one prescribed in the Schedule II are (1) Testing and Inspection Equipment < ₹ 5000, there Useful Life are estimated as 1 Year & (2) Testing and Inspection Equipment > ₹ 5000, there Useful Life are estimated as 3 Years, which are based on technical advice.

Useful life considered for calculation of depreciation for various assets class other than above mentioned are as under:

Asset Category	Estimated useful life in Years
Buildings & Road	15 to 60 years
Plant and Equipment	6 to 18 years
Patterns and jigs	10 years
Computers	3 years
Electrical installation and air conditioning plant	10 years
Furniture and Fixtures	10 years
Vehicles	8 years
Office equipment	5 years

The residual values and useful lives of property plant equipment are reviewed at each financial year and adjusted if appropriate, at the end of each reporting date.

c. Intangible Assets and amortisation :

(i) Recognition and Measurement

Intangible assets with finite useful lives that are acquired separately are measured on initial recognition at cost. An intangible asset is recognised when the asset is identifiable, is within the control of the company, it is probable that the future economic benefits that are attributable to the asset will flow to the company and cost of the asset can be reliably measured. Intangible assets with indefinite life are stated at cost.

Intangible Assets are carried at acquisition cost less deductions for accumulated amortisation and impairment losses, if any.

Costs associated with maintaining softwares/intangible assets is recognised as an expense as and when incurred.

(ii) Amortisation methods and periods

The Company amortizes Computer Software using straight-line method over the period of 3 years and Technical Know How wherein there is agreement, over the period of the agreement, other than that, it is amortized over the period of 5 Years.

Asset Category	Estimated useful life in Years
Software	3 years
Drawing and technical knowhow	3 to 5 years

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

d. Leases:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Company as a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company, as lessee, are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Company as a lessor

Leases in which the company does not transfer substantially all the rights and rewards of ownership of an asset are categorised as operating leases. Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

e. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprises of cash at bank and on hand and short term deposit with an original maturity of 3 months or less, which are subject to an insignificant risk of changes in value. For the purpose of presentation in the statement of cash flows, cash and cash equivalents consist of cash and short term deposits as defined above, net of outstanding bank overdraft as they are considered an integral part of the company's cash management.

f. Inventories

Raw material, stores, work in progress and finished goods are valued at lower of cost or net realisable value. Cost of raw materials and components is arrived on a moving weighted average basis. Cost of work-in-progress (including made in components) and finished goods comprises the moving weighted average rates of raw materials and components, direct labour and includes appropriate allocation of works overheads. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

Materials in transit are valued at cost to date.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

g. Borrowings and borrowing costs

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit & loss over the period of borrowings using effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from balance sheet when obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non cash assets transferred or liabilities assumed, is recognised in the statement of profit and loss.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Borrowing costs consist of interest and transactions costs incurred in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use) are capitalized as a part of the cost of such assets. All other borrowing costs are charged to the statement of profit and loss.

Investment income earned on the temporary investment of funds for specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

h. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(A) Financial Assets

(i) Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets are recognised when the company becomes a party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

(ii) Classification and subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the company classifies financial assets as subsequently measured at amortised cost, fair value through profit and loss or fair value through other comprehensive income.

Financial Assets at Amortised Cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the Effective Interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium and fees or cost that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of profit & loss. The losses arising from impairment are recognized in the statement of profit and loss.

Financial Assets Measured at Fair Value through Other Comprehensive Income (FVOCI)

The asset is held within a business model whose objective is achieved by both

- Collecting contractual cash flows and selling financial assets and
- Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding

After initial recognition, these assets are subsequently measured at Fair Value. Interest Income under Effective Interest Rate method, foreign exchange gains and losses and impairment losses are recognized in the statement of profit and Loss. Other net gains and losses are recognized in OCI.

Financial Assets Measured at Fair Value through profit and loss

Financial asset not measured at amortised cost or at fair value through OCI is carried at FVTPL.

Equity Instruments

All Equity investments within the scope of Ind AS 109 are measured at Fair Value except for equity investment in subsidiary and joint venture are recognized at cost as per Ind AS 27. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the company decides to classify the same either as FVOCI or FVTPL. The company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. For Equity instruments classified as FVOCI, all fair value changes in the instrument excluding dividends are recognized in OCI. Dividends on such equity instruments are recognized in the statement of Profit or loss.

Equity Instruments included within the FVTPL category are measured at Fair Value with all changes recognised in Statement of Profit and Loss. Dividends on such equity instruments are recognized in the statement of Profit or loss.

All other equity investments are fair valued through profit and loss.

(iii) De-recognition of Financial Assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (a) the company has transferred substantially all the risks and rewards of the asset, or
 - (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognised in the statement of Profit and Loss. Gains and losses in respect of debt instrument measured at FVOCI and that are accumulated in OCI are reclassified to Profit and Loss on de-recognition. Gains or losses on equity instruments measured at FVOCI that are recognised and accumulated in OCI are not reclassified to Profit or Loss on derecognition.

(B) Financial Liabilities

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(i) Recognition and Initial Measurement

Financial liabilities are initially recognized when the company becomes a party to the contractual provisions of the instrument. Financial Liability is initially measured at fair value plus, for an item not at fair value through profit and loss, net of transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification and Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial Liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognised in Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, financial liabilities other than those which are classified as FVTPL are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

(iii) De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(iv) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right

must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

i. Revenue recognition :

Revenue is recognised upon transfer of control of promised goods or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods or services.

Revenue from sale of manufactured goods and traded goods

The Company derives revenues primarily from sale of manufactured goods and traded goods.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers or delivered to a carrier for export sale in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. Revenue excludes taxes collected from customers on behalf of the government.

Amount received as Advance from customers towards sale of goods are classified as Contract Liabilities. The company's right to consideration in exchange for goods or services that the company has transferred to the customer are classified as contract assets.

The Company has adopted Ind AS 115 Revenue from contracts with customers, with effect from April 1, 2018. Ind AS 115 establishes principles for reporting information about the nature, amount, timing and uncertainty of revenues and cash flows arising from the contracts with its customers and replaces Ind AS 18 "Revenue" for entities to whom Ind AS is applicable. The comparative amounts of revenue and the corresponding contract assets / liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Rendering of services

Income from services are recognized as and when the services are rendered.

Export Benefits

The benefit accrued under the Duty Drawback, Merchandise Export Incentive Scheme and other schemes as per the Import and Export Policy in respect of exports made under the said schemes is included as 'Export Incentives' under the head 'Other operating revenue'.

Interest Income

Interest income from debt instruments is recognised using the EIR method or proportionate basis. The effective interest rate is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument. (for example prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividends

Revenue is recognised when the company's right to receive the payment is established, which is generally when shareholders approve the dividend.

j. Foreign currency transactions

Transactions in foreign currency are recorded applying the exchange rate at the date of transaction. Monetary assets and liabilities denominated in foreign currency remaining unsettled at the end of the year, are translated at the closing rates prevailing on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Exchange differences arising as a result of the above are recognized under other operating income or other expenses in the statement of profit and loss on Net basis. Exchange difference arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or expenses in the year in which they arise.

k. Employee Benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund.

Defined Benefit Plans - Gratuity Obligations

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contributions are recognised as employee benefit expense when they are due.

l. Segment Reporting policies

For the purposes of presenting segment information, the activities of the company are divided into operating segments in accordance with Ind AS 108 (Operating Segments). Segments are identified having regard to the dominant source and nature of risks and returns and internal organisation and management structure. Each segment represent strategic business unit. Revenues and expenses have been identified to the segments based on their relationship to the business activity of the segment. Income/ Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income/expenses. Inter-segment transfers are at prices which are generally market led.

m. Impairment

(i) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical observed default rate, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk. At every reporting date, historical observed default rates are updated and changes in the forward looking estimates are analysed.

(ii) Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

n. Derivative financial instruments

Derivative financial instruments such as forward contracts are re-measured at their fair value on reporting date with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

o. Income Tax:

The income tax expense or credit for the period is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated based on the tax laws enacted or substantively enacted at the reporting date. Current tax comprises of expected tax payable or receivable on taxable income/loss for the year or any adjustment or receivable in respect of previous year. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate based on amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting date and are expected to apply to the Company when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to the items recognized in OCI or directly in equity. In this case, the tax is also recognised in OCI or directly in equity, respectively.

p. Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Provision is made for an amount of any dividend declared being appropriately authorised and no longer at the discretion of the entity on or before the end of the reporting period but not distributed at the end of the reporting period.

q. Contingent Liabilities and contingent assets

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or present obligation where it is not probable that an outflow of resources will be required or where a reliable estimate of the obligation cannot be made.

Contingent asset is not recognised in the financial statements. A contingent asset is disclosed, where an inflow of economic benefits is probable.

r. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

s. Earnings per Share

(i) Basic earnings per share

Basic earnings per share are calculated by dividing: the net profit after tax for the year attributable to the equity shareholders of the Company by weighted average number of equity shares outstanding during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take in to account:

The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

t. Dividends

Provision is made for an amount of any dividend declared being appropriately authorized and no longer at the discretion of the entity on or before the end of the reporting period but not distributed at the end of the reporting period.

u. Standards issued but not yet effective

Ind AS 116 : Leases

On 30th March 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April, 2019.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of profit and loss. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities. The Company is currently evaluating the impact on account of implementation of Ind AS 116, on transition, the effect of this changes is not expected to be material for the Company.

36. Fair Value Measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties in an arm's length transaction. The Company has made certain judgements and estimates in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements.

The following methods and assumptions were used to estimate the fair values:

- i) Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term borrowing from banks approximate their carrying amounts largely due to short term maturities of these instruments.

Quoted investments are fair valued at their market price. The fair value of foreign exchange forward contracts is determined using forward exchange rate at the balance sheet date.

The fair value for loan, security deposit were calculated based on cash flows discounted with current lending rates, they are carried at amortised cost.

- ii) Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values of non-current borrowings are based on Effective rate of interest. They are classified as level 2 fair values in the fair value hierarchy due to the use of direct/indirect observable inputs.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

37. Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Company monitors capital using a ratio of 'adjusted net debt' to 'total equity'. For this purpose, adjusted net debt is defined as total borrowings including current maturities less cash and cash equivalents including margin money deposits kept against borrowings. Total equity comprises all components of equity.

The Company monitors capital on the basis of the following gearing ratio:

The Company's target is to maintain a debt equity ratio under 1:1. The gearing ratios were as follows:

38. Financial Risk Management

Financial risk management objectives and policies:

The Company's financial risk management is an integral part of how the company plans and executes its business strategies.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a finance department, which evaluates and exercises independent control over the entire process of market risk management. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, finance department performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company, interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Interest Rate Sensitivity

A change of 50 bps in interest rates would have following Impact on profit before tax

	(₹ in Lacs)	
	Financial Year 2018-2019	Financial Year 2017-2018
50 bp increase would decrease the profit before tax by	38.19	44.98
50 bp decrease would Increase the profit before tax by	38.19	44.98

Market Risk - Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods, commodities and services in the respective

currencies. Further the company also enters into forward contracts with the intention to reduce the foreign currency risk of expected sales and purchase.

Other market price risks

The Company is exposed to equity price risk, which arises from FVTPL equity securities. The Company has very insignificant portion of amounts in unquoted equity instruments other than subsidiary. The management monitors the portion of equity instruments in its investment portfolio based on market indices. For quoted investments carried at fair value through profit and loss, the impact of 5% increase in the value of portfolio at the reporting date on profit would have been an increase of ₹ 0.66 lacs before tax (2017-18 ₹ 1.03 lacs, before tax). An equal change in opposite direction would have decreased profit by ₹ 0.66 lacs before tax (2017-18 ₹ 1.03 lacs, before tax).

Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets.

Trade and other Receivables

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Based on the historical data and financial position of party and chances of recovery, provision/impairment allowance has been considered and created.

Financial Assets

Investment of surplus funds are made only with approved counter parties and within credit limits assigned to each counter party.

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.

Cash & Bank Balances

The company held cash and bank balances with credit worthy banks and financial institutions. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Liquidity Risk

Liquidity risk is the risk that company will encounter difficulty in meeting its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facility to meet obligations when due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The company manages liquidity risk by preparing month on month cash flow projection to monitor liquidity requirement.

Note 47 Share Based Payments

47.1 Details of the employee share option plan of the Company

The Company has set up the “Windsor Machines Limited Employee Stock Option Plan 2016”, as approved by shareholders at a Annual general meeting held on September 29, 2016. The Compensation committee, at its sole discretion based on eligibility criteria, shall decide who among those employees shall receive Employee Stock Options in a particular grant.

Each employee share option converts into one equity share of the Company on exercise. No amounts are paid or payable by the recipient on receipt of the option. The options carry neither rights to dividends nor voting rights.

The following are the brief terms of the options granted:

Sr. No.	Particular	Details
1.	No. of Options Granted	15 00 000
2.	Grant Date	13-08-2018
3.	Whether Scheme is in terms of SEBI (SBEB) Regulations, 2014	Yes
4.	Total No. of Equity Shares covered by these options	15 00 000 Equity shares of face value of ₹ 2/- each
5.	Exercise Price:	
	a) For 7 50 000 Options (Lot 1):	At ₹ 62.00/- per option.
	b) For balance 7 50 000 Options (Lot 2):	At ₹ 74.34/- per option.
6.	Vesting Period/Schedule	
	a) 7 50 000 Options (Lot 1)	Shall vest at the end of one year from the date of the options granted.
	b) Balance 7 50 000 Options (Lot 2)	Shall vest at the end of the two years from the date of the options granted.
7.	Time within which options may be exercised	One Year from Vesting of ESOP

The share-based payments to employees being equity-settled are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company’s estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

Fair value of share options granted in the year:

The fair value of the each employee stock option of the lots is ₹ 22.87 and ₹ 18.00 for Lot 1 & Lot 2 respectively. Options were priced using a Black & Scholes option pricing model which takes into account the exercise price, expected volatility, option’s life, the share price at grant date, expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

The following are the assumptions

Option Pricing Model Used	Black & Scholes
Weighted average share value	80.00

INDEPENDENT AUDITOR'S REPORT

To The Members of Windsor Machines Limited

Report on the Audit of Consolidated Financial Statements

Opinion

1. We have audited the accompanying Consolidated Financial Statements of Windsor Machines Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its joint venture which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries and its joint venture, the aforesaid Consolidated Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs (consolidated financial position) of the Group and its Joint venture as at March 31, 2019 and their consolidated loss (consolidated financial performance including other comprehensive income), their consolidated cash flows and consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the paragraph 15 and 16 of the Other Matters paragraph below is sufficient and appropriate to provide a basis for our opinion.

Key Audit matters

4. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and joint ventures, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined that there are no key audit matters to be communicated in our report.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

6. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the management and those charged with governance for the Consolidated Financial Statements

7. The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs (consolidated financial position), consolidated profit or loss (consolidated financial performance including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. The Holding Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated financial statements. Further, in terms of the provisions of the Act, the respective Board of Directors /management of the companies included in the Group, and its joint venture companies covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
8. In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. Those Board of Directors are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures

in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

15. We did not audit the financial statements of a subsidiary, whose financial statement (before eliminating inter-company balances) reflect total assets of Rs. 2798.55 Lakhs as at 31st March, 2019, total revenue of Rs. 117.66 Lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of loss in a Joint Venture (including other comprehensive income) of Rs. 9.99 Lakhs for the year ended 31st March, 2019, as considered in the consolidated financial statements, whose financial statements have not been audited by us. Both these financial statements have been audited by other auditors whose reports have been furnished to us by the management. Our opinion, on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and joint venture are based solely on the reports of such other auditors. Our opinion is not qualified in respect of this matter.
16. The consolidated financial statements also includes financial information (before eliminating inter-company balances) reflecting total assets of Rs. 4492.80 Lakhs as at 31st March, 2019, total revenue of Rs. 1870.17 Lakhs for the year ended on that date relating to a foreign step down subsidiary whose financials information has been prepared in accordance with accounting principles generally accepted in Italy and which have been audited by another auditor under generally accepted auditing standards applicable in Italy. The Holding Company's Management has converted the financial information of such stepdown subsidiary located outside India from accounting principles generally accepted in Italy to accounting principles generally accepted in India. Our opinion on the consolidated financial statements in so far as it relates to the financial information of such stepdown subsidiary located outside India, is based on the report of other auditor and the converted financial information prepared by the management of the Holding Company. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

17. As required by Section 197(16) of the Act, we report that the Holding Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act. We report that the provisions of Section 197 read with Schedule V to the Act are not applicable to subsidiary and step-down subsidiary, since both the companies are foreign entities. Further, we report that the provisions of Section 197 read with Schedule V to the Act are not applicable to joint venture, since it is not a public company as defined under section 2(71) of the Act.
18. As required by Section 143 (3) of the Act, based on our audit and consideration of the reports of the other auditors on separate financial statement and other financial information of the subsidiary and joint venture, we report to the extent applicable, that:

- i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements;
- ii. In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept by the company so far as it appears from our examination of those books and the reports of the other auditors;
- iii. The Consolidated Financial Statements dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
- iv. In our opinion, the aforesaid Consolidated Financial Statements comply with IND AS specified under Section 133 of the Act;
- v. On the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company, none of the directors of the Holding Company, are disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- vi. Since the subsidiary company considered in consolidation is a foreign incorporated entity not falling within the definition of 'foreign company' as per clause (42) of section 2 of the Act, the matter to be reported on the adequacy on the Internal Financial Control over Financial Reporting of the group, is same as reported in the Auditors report on the Standalone financial statements and hence not reproduced in this report.
- vii. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and also the other financial information of the subsidiaries and a joint venture:
 - (a) The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group and its joint venture as at March 31, 2019.
 - (b) The group did not have any material foreseeable losses on long term contracts including derivative contracts;
 - (c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company; and
 - (d) The disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8th November 2016 to 30th December 2016 which are not relevant to these Consolidated Financial Statements. Hence, reporting under this clause is not applicable.

Note 1 Corporate Information:

Windsor Machines Limited ('the company') is in business of manufacturing of plastic processing machinery, which includes pipe extrusion, blown film extrusion and injection moulding machines. The company was incorporated on May 4, 1963. The company is listed with Bombay Stock Exchange and National Stock Exchange. The registered office of the company is located at Thane (Maharashtra).

Note 2 Significant Accounting Policies :

a. Basis of preparation of Financial Statements :

(i) Statement of Compliance

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended) notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act and Rules thereunder.

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors in it's meeting held on May 27, 2019.

The accounting policies are applied consistently to all the periods presented in the financial statements.

The financial statements have been prepared on accrual and historical cost basis with the exception of certain financial assets and liabilities including derivative instruments which have been measured at fair value.

(ii) Current and non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

(iii) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lacs, unless otherwise stated.

(iv) Use of Estimates :

The preparation of financial statement requires management to make critical accounting estimates and assumptions and exercise judgement, that affect the application of accounting policies and the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of these financial statements and the reported amount of revenue and expenses for the year presented. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on a regular basis. Revision to accounting estimates are recognised in the financial statements in the period in which the estimate is revised.

Areas involving critical estimates and judgements are:

1. Estimation of tax expense and liabilities.
2. Impairment/Loss allowances on financial assests such as trade receivables and investments. (refer note 9)
3. Estimation of defined benefit obligation. (refer note 42)
4. Impairment of non financial asset.
5. Provision for warranty. (refer note 24)

b. Principles of consolidation and equity accounting

(i) Subsidiaries

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(ii) Joint Venture

Investments in one of the joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the company's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures subsidiary are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 2 n (i) below.

c. Property, Plant & Equipments :

(i) Recognition and Measurement

Items of property, plant and equipment are measured at cost of acquisition or construction less accumulated depreciation and/or accumulated impairment loss, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Borrowing costs directly attributable to the construction of a qualifying asset are capitalised as part of the cost.

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Carrying value of fixed assets is tested for impairment as at the reporting date.

(ii) Subsequent measurement

Subsequent costs are included in assets carrying amount or recognised as a separate asset only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance costs are charged to the Statement of Profit and Loss as incurred.

(iii) Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future benefits are expected from its use or disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognised in the statement of profit and loss.

(iv) Depreciation methods and estimated useful lives

Depreciation on leasehold land has been provided at equal annual installments so as to write off the cost thereof completely two years before the termination date of the lease.

Property, Plant & Equipment are stated at cost less accumulated depreciation thereon. The Company provides depreciation on pro-rata basis using straight line method from the date on which asset is acquired/ ready for intended use. Depreciation has been provided as per Schedule II of the Companies Act, 2013 considering useful life of the asset. The tangible fixed assets for which useful life is different than the one prescribed in the Schedule II are (1) Testing and Inspection Equipment < ₹ 5000, there Useful Life are estimated as 1 Year & (2) Testing and Inspection Equipment > ₹ 5000, there Useful Life are estimated as 3 Years, which are based on technical advice.

Useful life considered for calculation of depreciation for various assets class other than above mentioned are as under:

Asset Category	Estimated useful life in Years
Buildings & Road	15 to 60 years
Plant and Equipment	6 to 18 years
Patterns and jigs	10 years
Computers	3 years
Electrical installation and air conditioning plant	10 years
Furniture and Fixtures	10 years
Vehicles	8 years
Office equipment	5 years

The residual values and useful lives of Property Plant Equipment are reviewed at each financial year and adjusted if appropriate, at the end of each reporting date.

d. Intangible Assets and amortisation :

(i) Recognition and Measurement

Intangible assets with finite useful lives that are acquired separately are measured on initial recognition at cost. An intangible asset is recognised when the asset is identifiable, is within the control of the company, it is probable that the future economic benefits that are attributable to the asset will flow to the company and cost of the asset can be reliably measured. Intangible assets with indefinite life are stated at cost.

Intangible Assets are carried at acquisition cost less deductions for accumulated amortisation and impairment losses, if any.

Costs associated with maintaining softwares/intangible assets is recognised as an expense as and when incurred.

(ii) Amortisation methods and periods

The Company amortizes Computer Software using straight-line method over the period of 3 years and Technical Know How wherein there is agreement, over the period of the agreement, other than that, it is amortized over the period of 5 Years.

Asset Category	Estimated useful life in Years
Software	3 years
Drawing and technical knowhow	3 to 5 years
Goodwill	5 years

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

e. Leases:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Company as a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company, as lessee, are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Company as a lessor

Leases in which the company does not transfer substantially all the rights and rewards of ownership of an asset are categorised as operating leases. Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

f. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprises of cash at bank and on hand and short term deposit with an original maturity of 3 months or less, which are subject to an insignificant risk of changes in value. For the purpose of presentation in the statement of cash flows, cash and cash equivalents consist of cash and short term deposits as defined above, net of outstanding bank overdraft as they are considered an integral part of the company's cash management.

g. Inventories

Raw material, stores, work in progress and finished goods are valued at lower of cost or net realisable value. Cost of raw materials and components is arrived on a moving weighted average basis. Cost of work-in-progress (including made in components) and finished goods comprises the moving weighted average rates of raw materials and components, direct labour and includes appropriate allocation of works overheads. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

Materials in transit are valued at cost to date.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

h. Borrowings and borrowing costs

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit & loss over the period of borrowings using effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from balance sheet when obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non cash assets transferred or liabilities assumed, is recognised in the statement of profit and loss.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Borrowing costs consist of interest and transactions costs incurred in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use) are capitalized as a part of the cost of such assets. All other borrowing costs are charged to the statement of profit and loss.

Investment income earned on the temporary investment of funds for specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

i. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(A) Financial Assets

(i) Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets are recognised when the company becomes a party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

(ii) Classification and subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the company classifies financial assets as subsequently measured at amortised cost, fair value through profit and loss or fair value through other comprehensive income.

Financial Assets at Amortised Cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is

to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the Effective Interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium and fees or cost that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of profit & loss. The losses arising from impairment are recognized in the statement of profit and loss.

Financial Assets Measured at Fair Value through Other Comprehensive Income (FVOCI)

Financial assets are measured at fair value through Other Comprehensive Income (OCI)if both the following conditions are met:

The asset is held within a business model whose objective is achieved by both

- Collecting contractual cash flows and selling financial assets and
- Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding

After initial recognition, these assets are subsequently measured at Fair Value. Interest Income under Effective Interest method, foreign exchange gains and losses and impairment losses are recognized in the statement of profit and Loss. Other net gains and losses are recognized in OCI.

Financial Assets Measured at Fair Value through profit and loss

Financial asset not measured at amortised cost or at fair value through OCI is carried at FVTPL.

Equity Instruments

All Equity investments within the scope of Ind AS 109 are measured at Fair Value. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the company decides to classify the same either as FVOCI or FVTPL. The company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. For Equity instruments classified as FVOCI, all fair value changes in the instrument excluding dividends are recognized in OCI. Dividends on such equity instruments are recognized in the statement of Profit or loss.

Equity Instruments included within the FVTPL category are measured at Fair Value with all changes recognised in Statement of Profit and Loss. Dividends on such equity instruments are recognized in the statement of Profit or loss.

All other equity investments are fair valued through profit and loss.

(iii) De-recognition of Financial Assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (a) the company has transferred substantially all the risks and rewards of the asset, or
 - (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognised in the statement of Profit and Loss. Gains and losses in respect of debt instrument measured at FVOCI and that are accumulated in OCI are reclassified to Profit and Loss on de-recognition. Gains or losses on equity instruments

measured at FVOCI that are recognised and accumulated in OCI are not reclassified to Profit or Loss on derecognition.

(B) Financial Liabilities

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(i) Recognition and Initial Measurement

Financial liabilities are initially recognized when the company becomes a party to the contractual provisions of the instrument. Financial Liability is initially measured at fair value plus, for an item not at fair value through profit and loss, net of transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification and Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through Profit or Loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial Liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognised in Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, financial liabilities other than those which are classified as FVTPL are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

(iii) De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(iv) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

j. Revenue recognition :

Revenue is recognised upon transfer of control of promised goods or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods or services.

Revenue from sale of manufactured goods and traded goods

The Company derives revenues primarily from sale of manufactured goods and traded goods.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers or delivered to a carrier for export sales in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. Revenue excludes taxes collected from customers on behalf of the government.

Amount received as Advance from customers towards sale of goods are classified as Contract Liabilities. The company's right to consideration in exchange for goods or services that the company has transferred to the customer are classified as contract assets.

The Company has adopted Ind AS 115 Revenue from contracts with customers, with effect from April 1, 2018. Ind AS 115 establishes principles for reporting information about the nature, amount, timing and uncertainty of revenues and cash flows arising from the contracts with its customers and replaces Ind AS 18 “Revenue” for entities to whom Ind AS is applicable. The comparative amounts of revenue and the corresponding contract assets / liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Rendering of services

Income from services are recognized as and when the services are rendered.

Export Benefits

The benefit accrued under the Duty Drawback, Merchandise Export Incentive Scheme and other schemes as per the Import and Export Policy in respect of exports made under the said schemes is included as ‘Export Incentives’ under the head ‘Other operating revenue’.

Interest Income

Interest income from debt instruments is recognised using the EIR method or proportionate basis. The effective interest rate is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument. (for example prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividends

Revenue is recognised when the company’s right to receive the payment is established, which is generally when shareholders approve the dividend.

k. Foreign currency transactions

Transactions in foreign currency are recorded applying the exchange rate at the date of transaction. Monetary assets and liabilities denominated in foreign currency remaining unsettled at the end of the year, are translated at the closing rates prevailing on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Exchange differences arising as a result of the above are recognized under other operating income or other expenses in the statement of profit and loss on Net basis. Exchange difference arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or expenses in the year in which they arise.

l. Employee Benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees’ services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund.

Defined Benefit Plans - Gratuity Obligations

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contributions are recognised as employee benefit expense when they are due.

m. Segment Reporting policies

For the purposes of presenting segment information, the activities of the company are divided into operating segments in accordance with Ind AS 108 (Operating Segments). Segments are identified having regard to the dominant source and nature of risks and returns and internal organisation and management structure. Each segment represent strategic business unit. Revenues and expenses have been identified to the segments based on their relationship to the business activity of the segment. Income/ Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income/expenses. Inter-segment transfers are at prices which are generally market led.

n. Impairment

(i) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical observed default rate, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk. At every reporting date, historical observed default rates are updated and changes in the forward looking estimates are analysed.

(ii) Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

o. Derivative financial instruments

Derivative financial instruments such as forward contracts are re-measured at their fair value on reporting date with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

p. Income Tax:

The income tax expense or credit for the period is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated based on the tax laws enacted or substantively enacted at the reporting date. Current tax comprises of expected tax payable or receivable on taxable income/loss for the year or any adjustment or receivable in respect of previous year. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate based on amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting date and are expected to apply to the Company when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits (Minimum alternate tax credit entitlement) only if it is probable that future taxable amounts will be available to utilise those temporary differences, unused losses and unused tax credits. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable or no longer probable respectively that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to the items recognized in OCI or directly in equity. In this case, the tax is also recognised in OCI or directly in equity, respectively.

q. Provisions and Contingent Liabilities

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Provision is made for an amount of any dividend declared being appropriately authorised and no longer at the discretion of the entity on or before the end of the reporting period but not distributed at the end of the reporting period.

r. Contingent Liabilities and contingent assets

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or present obligation where it is not probable that an outflow of resources will be required or where a reliable estimate of the obligation cannot be made.

Contingent asset is not recognised in the financial statements. A contingent asset is disclosed, where an inflow of economic benefits is probable.

s. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

t. Earnings per Share

(i) Basic earnings per share

Basic earnings per share are calculated by dividing:

the net profit after tax for the year attributable to the equity shareholders of the Company by weighted average number of equity shares outstanding during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take in to account:

The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

u. Dividends

Provision is made for an amount of any dividend declared being appropriately authorized and no longer at the discretion of the entity on or before the end of the reporting period but not distributed at the end of the reporting period.

v. Standards issued but not yet effective

Ind AS 116 : Leases

On 30th March 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April, 2019.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of profit and loss. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities. The Company is currently evaluating the impact on account of implementation of Ind AS 116, on transition, the effect of this changes is not expected to be material for the Company.

35. Fair Value Measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties in an arm's length transaction. The Company has made certain judgements and estimates in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements.

The following methods and assumptions were used to estimate the fair values:

- Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term borrowing from banks approximate their carrying amounts largely due to short term maturities of these instruments.

Quoted investments are fair valued at their market price. The fair value of foreign exchange forward contracts is determined using forward exchange rate at the balance sheet date.

The fair value for loan, security deposit were calculated based on cash flows discounted with current lending rates, they are carried at amortised cost.

- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values of non-current borrowings are based on Effective rate of interest. They are classified as level 2 fair values in the fair value hierarchy due to the use of direct/indirect observable inputs.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

36. Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Company monitors capital using a ratio of 'adjusted net debt' to 'total equity'. For this purpose, adjusted net debt is defined as total borrowings including current maturities less cash and cash equivalents including margin money deposits kept against borrowings. Total equity comprises all components of equity.

The Company monitors capital on the basis of the following gearing ratio:

The Company's target is to maintain a debt equity ratio under 1:1. The gearing ratios were as follows:

37. Financial Risk Management

Financial risk management objectives and policies:

The Company's financial risk management is an integral part of how the company plans and executes its business strategies.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a finance department, which evaluates and exercises independent control over the entire process of market risk management. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, finance department performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company, interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Interest Rate Sensitivity

A change of 50 bps in interest rates would have following Impact on profit before tax

	(₹ in Lacs)	
	Financial Year 2018-2019	Financial Year 2017-2018
50 bp increase would decrease the profit before tax by	38.19	44.98
50 bp decrease would Increase the profit before tax by	38.19	44.98

Market Risk - Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods, commodities and services in the respective currencies. Further the company also enters into forward contracts with the intention to reduce the foreign currency risk of expected sales and purchase.

Other market price risks

The Company is exposed to equity price risk, which arises from FVTPL equity securities. The Company has very insignificant portion of amounts in unquoted equity instruments other than subsidiary. The management monitors the portion of equity instruments in its investment portfolio based on market indices. For quoted investments carried at fair value through profit and loss, the impact of 5% increase in the value of portfolio at the reporting date on profit would have been an increase of ₹ 0.66 lacs before tax (2017-18 ₹ 1.03 lacs, before tax). An equal change in opposite direction would have decreased profit by ₹ 0.66 lacs before tax (2017-18 ₹ 1.03 lacs, before tax).

Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets.

Trade and other Receivables

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Based on the historical data and financial position of party and chances of recovery, provision/impairment allowance has been considered and created.

Financial Assets

Investment of surplus funds are made only with approved counter parties and within credit limits assigned to each counter party.

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.

Cash & Bank Balances

The company held cash and bank balances with credit worthy banks and financial institutions. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Liquidity Risk

Liquidity risk is the risk that company will encounter difficulty in meeting its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facility to meet obligations when due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The company manages liquidity risk by preparing month on month cash flow projection to monitor liquidity requirement.

Note 47 Share Based Payments

47.1 Details of the employee share option plan of the Company

The Company has set up the “Windsor Machines Limited Employee Stock Option Plan 2016”, as approved by shareholders at a Annual general meeting held on September 29, 2016. The Compensation committee, at its sole discretion based on eligibility criteria, shall decide who among those employees shall receive Employee Stock Options in a particular grant.

Each employee share option converts into one equity share of the Company on exercise. No amounts are paid or payable by the recipient on receipt of the option. The options carry neither rights to dividends nor voting rights.

The following are the brief terms of the options granted:

Sr. No.	Particular	Details
1.	No. of Options Granted	15 00 000
2.	Grant Date	13-08-2018
3.	Whether Scheme is in terms of SEBI (SBEB) Regulations, 2014	Yes
4.	Total No. of Equity Shares covered by these options	15 00 000 Equity shares of face value of ₹ 2/- each
5.	Exercise Price:	
	a) For 7 50 000 Options (Lot 1):	At ₹ 62.00/- per option.
	b) For balance 7 50 000 Options (Lot 2):	At ₹ 74.34/- per option.
6.	Vesting Period/Schedule	
	a) 7 50 000 Options (Lot 1)	Shall vest at the end of one year from the date of the options granted.
	b) Balance 7 50 000 Options (Lot 2)	Shall vest at the end of the two years from the date of the options granted.
7.	Time within which options may be exercised	One Year from Vesting of ESOP

The share-based payments to employees being equity-settled are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

Fair value of share options granted in the year:

The fair value of the each employee stock option of the lots is ₹ 22.87 and ₹ 18.00 for Lot 1 & Lot 2 respectively. Options were priced using a Black & Scholes option pricing model which takes into account the exercise price, expected volatility, option's life, the share price at grant date, expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

The following are the assumptions

Option Pricing Model Used	Black & Scholes
Weighted average share value	80.00
Risk Free Interest Rate	7.25%
Expected Volatility	20-30%
Expected Dividends:	
Year 1	62.50%
Year 2	75.00%
Year 3	100.00%

47.2 Recognition of share based payment

The company has recognised Rs. 141.68 Lacs (PY: Nil) as share based payment expense in the statement of profit & loss during the year.
