## **HCL Technologies Named a Leader in 2021 Gartner® Magic Quadrant™ for Data Center Outsourcing and Hybrid Infrastructure Managed Services, Global report**

Placed as a leader for completeness of vision and ability to execute

**NOIDA, INDIA, AUG.10, 2021** – HCL Technologies (HCL), a leading global technology company, has been recognized by Gartner, Inc., the world’s leading research and advisory company, as a leader in the 2021 Gartner Magic Quadrant for Data Center Outsourcing (DCO) and Hybrid Infrastructure Managed Services (HIMS), Global.

HCL leverages Cloud Smart, a comprehensive suite of industry-aligned offerings, solutions and services to help enterprises achieve business transformation according to their unique industry needs and market conditions. The portfolio is built on the core pillars of edge centric architectures, extreme automation, full stack observability and Integrated Intelligent Operations to help customers realize faster business value from their investments.

“Our investments in scaling our hybrid cloud business coupled with our #HCLCloudSmart suite of services will help enterprises gain maximum business value out of their cloud investments,” said Kalyan Kumar, Chief Technology Officer and Head, Ecosystems, HCL Technologies. “We leverage a strategic ecosystem of partnerships with leading cloud and technology providers that helps create a smart portfolio of pioneering industry cloud-based solutions and services to meet the unique demands of every modern business.”

This recognition is viewed by HCL as a validation of its innovation on accelerating transformation and helping clients manage their organizational imperatives while driving their business growth.

HCL has a rich history of delivering smart solutions to enable and empower the digital enterprises through its Hybrid Cloud services portfolio. It has maintained its leadership positions for several years now and leads in Hybrid Infrastructure managed services and data center consolidation, which includes transformation of services and cloud migration.

This Magic Quadrant evaluates the leading service providers' ability to deliver data center outsourcing (DCO) and hybrid infrastructure managed services (HIMS) globally. This is composed of the following: Data center outsourcing services-Managed services for traditional data center environments (Mainframe managed services, ERP hosting managed services, Managed servers and network equipment), Managed Services for hosted and private cloud infrastructure, Managed services for public cloud and edge environments (Hybrid infrastructure managed services (HIMS), Data center consolidation and transformation services, Cloud migration services).
