For Tata Communications Limited

Zubin Adil Patel
Company Secretary and Compliance Officer

PRESS RELEASE

Tata Communications brings JAMVEE™ – an integrated, simplified cloud-based calling solution for global enterprises

Orlando, USA and Mumbai, INDIA – 27th March 2023 – [Tata Communications](#), a global digital ecosystem enabler, today brings JAMVEE™, a cloud-based application with an integrated and simplified voice calling solution, enhancing the employee experience and productivity with easy collaboration features. This end-to-end business solution provides high-quality call and messaging experience to the employees, allowing engagement with co-workers on a secure network across any Android, iOS or Windows Desktop device. With flexible plans for voice calling and data roaming, JAMVEE™ is a cost-efficient solution for employee collaboration needs of enterprises.

JAMVEE™ is especially designed for knowledge and frontline workforce within enterprises. Its simple interface enables users to easily call and chat with colleagues in a Closed User Group (CUG) while availing voice recording capabilities. JAMVEE™ can be quickly and seamlessly integrated with communication applications of the enterprises.

JAMVEE™, together with Tata Communications MOVE™ eSIM solution, empowers businesses to offer the most cost-effective collaboration solution to employees travelling overseas that ensures ease of use, high-quality voice calling, and improves employee efficiency.

This solution allows faster onboarding and is regulatory compliant with fraud prevention APIs, detection and alerting features to ensure complete security of conversations. It also helps enterprises eliminate cost overflows when deploying large-scale applications with extensive features requiring in-depth and elaborate user training and technical infrastructure.

“Hybrid working is here to stay and will continue to evolve,” said **Mysore Madhusudhan, Executive Vice President, Collaboration and Connected Solutions, Tata Communications**. “Any organisation in the process of building or developing a hybrid future for their employees will require calling solutions, but not every worker will require a full suite of embedded collaboration tools. JAMVEE™ is designed with this in mind. It provides a range of services and facilities while ensuring the investment is economical for the enterprise. JAMVEE™ gives a lean, secure and scalable collaboration set-up for their staff and ensures a connected workforce far more efficiently than before.”

Built on Tata Communications proven expertise and experience to provide and manage cloud-first employee engagement solutions, JAMVEE™ enables enterprises to continue to benefit from a single go-to-partner for all their secure collaboration requirements. [Click here to know more about JAMVEE™](#).

[Tata Communications is present at the Enterprise Connect \(booth #200\) at Gaylord Palms, Orlando, FL from 27th to 30th March 2023.](#) Visit us to learn how we are leading the global collaboration for enterprises with our solutions like JAMVEE™ and more.

Forward-looking and cautionary statements

Certain words and statements in this release concerning Tata Communications and its prospects, and other statements, including those relating to Tata Communications expected financial position, business strategy, the future development of Tata Communications' operations, and the general economy in India, are forward-looking statements. Such statements involve known and unknown risks, uncertainties and other factors, including financial, regulatory and environmental, as well as those relating to industry growth and trend projections, which may cause actual results, performance or achievements of Tata Communications, or industry results, to differ materially from those expressed or implied by such forward-looking statements. The important factors that could cause actual results, performance or achievements to differ materially from such forward-looking statements include, among others, failure to increase the volume of traffic on Tata Communications' network; failure to develop new products and services that meet customer demands and generate acceptable margins; failure to successfully complete commercial testing of new technology and information systems to support new products and services, including voice transmission services; failure to stabilize or reduce the rate of price compression on certain of the company's communications services; failure to integrate strategic acquisitions and changes in government policies or regulations of India and, in particular, changes relating to the administration of Tata Communications' industry; and, in general, the economic, business and credit conditions in India. Additional factors that could cause actual results, performance or achievements to differ materially from such forward-looking statements, many of which are not in Tata Communications' control, include, but are not limited to, those risk factors discussed in Tata Communications Limited's Annual Reports.

The Annual Reports of Tata Communications Limited are available at www.tatacommunications.com. Tata Communications is under no obligation to, and expressly disclaims any obligation to, update or alter its forward-looking statements.
