Chairman's Statement

We have a long-standing reputation for pursuing excellence which has been a tremendous strength for our Company. We put our guests first and maintain high standards in every aspect of business – from ethics and transparency, to environmental and social sustainability, to diversity and inclusion.

At the Leela, we are fortunate to continue the legacy of our founder Chairman Capt. Krishnan Nair. His commitment to perfection and quality are imbibed in our blood and we continue to follow the principle of 'Atiti Devo Bhava' which we follow with conviction today.

Your Company has performed well in the financial year 2022-23 with a turnover of Rs.172.88 Crores and total income of Rs.182.85 Crores and has reported profits for the first time since the financial year 2011-12. During the Financial Year 2022-23 occupancy levels at the Company's Hotel were at 74% as against 78% in the previous year. The average room rate was Rs. 9,538/- in the Financial Year 2022-23 as against Rs. 7,852 in the Financial Year 2021-22. During the FY 2022-23 RevPAR has improved upto Rs.6,943/- against Rs. 6,400/- in the FY 2021-22.

We would like to inform you that, The Leela, Mumbai has been ranked number one in Mumbai for "Best Hotel for Business Travelers" by CNBC Travels and "Jamavar", our fine dine Indian Restaurant has been awarded with the "Wine Spectator Award of Excellence for housing one of the most outstanding wine lists".

The on going disputes with the Airports Authority of India (AAI) are still pending before the Bombay High Court and the Supreme Court. Though this matter was listed a couple of times, this matter has yet to be heard. In the meanwhile, your company has approached AAI to settle the

matter before the settlement advisory committee and we are awaiting the outcome of the same in the near future.

The hotel industry has suffered a lot during Covid-19 wave and the bottom-line of the hotel industry was hit badly, but thanks to social gatherings and banquet business, which has supported a lot to the industry to bounce back, still the foreign tourists coming to India is very limited.

This year the foreign tourist arrival is expected to bounce back, along with corporate sector, which will help the hotel industry financially to achieve the desired room occupancies resulting in good return on investment (ROI) in rooms division, and the conferences and meetings business is also expected to come back on track, which will further support the overall revenues of the hotel sector.

We are expecting a good growth for the Company in financial year 2023-24 and coming years, efforts are being made towards the same. The demand is going to rise and room rates are expected to further improve. The MICE (Meetings, Incentives, Conferences and Exhibitions) segment and Weddings segment have contributed significantly to improved revenues in food and beverages and is expected to perform better in the future.

I wish to convey my sincere thanks to our valued shareholders and seek their continued support and trust in us.

I also acknowledge the support of the Board, Management and associates of "The Leela, Mumbai" and the management of Brookfield for their commitment and commendable efforts and look forward to their continued whole hearted support who stood by the Company during the difficult times the Company had to endure.

7. Litigations against the Company

(i) Litigation on the transaction with Brookfield for sale of Undertakings

ITC Limited and its subsidiary Russel Credit Limited, members of the Company holding then 8.72% (at present 8.34%) of the equity share capital, have on 22nd April, 2019 filed against the Company, a petition under Section 241 of the Companies Act, 2013 for oppression and mismanagement along with 2 applications for urgent hearing and for waiver of the requirement of minimum threshold of 10% shareholding in relation to the transaction with BSREP III India Ballet Pte. Ltd. or its affiliates ("Brookfield") for sale of hotel undertakings before the NCLT in May 2019 which is to be reheard in future as the Bench hearing the case is reconstituted. Though the case was listed from time to time, due to paucity of time the matter will be taken up in due course of time.

Two minority members i.e. ITC Limited and Life Insurance Corporation of India (LIC) had filed complaint with the Securities and Exchange Board of India (SEBI) against the aforesaid transaction with Brookfield, alleging violation of the provisions related to related party transactions and oppression and mismanagement by the majority members against minority members. Later LIC withdrew from contesting this case. On 23rd July, 2019, SEBI passed its detailed, reasoned and speaking order in the matter of "Complaints Filed by Minority Shareholder of Hotel Leela Venture Limited".

Aggrieved by the aforesaid Order, ITC filed an appeal before the Hon'ble Securities Appellate Tribunal ("SAT") challenging the findings in the Order.

On 14th August, 2019, ITC sought interim relief in the nature of a direction from the Hon'ble SAT that till the Appeal is finally

heard, the Promoters of the Company and JM Financial Asset Reconstruction Company Limited should be restrained from voting in respect of the proposed sale of the Undertakings, failing which the captioned Appeal would be rendered infructuous. The Hon'ble SAT did not find it proper to grant a stay with respect to the Postal Ballot Notice and / or the voting process. The final judgment of the Hon'ble SAT was pronounced on 26th September, 2019, wherein the appeal of ITC has been rejected. Subsequently, ITC has filed a statutory appeal in the Supreme Court of India and reply has been filed by all the respondents. The matter will be listed in due course of time before the Supreme Court of India.

(ii) Litigations with Airports Authority of India

There are ongoing disputes regarding the exorbitant demand of lease rentals and royalty in the form of Minimum Guaranteed Amount with Airports Authority of India (AAI) [as referred in the Lease Deed executed between the Company and AAI] which is in relation to the Mumbai Hotel land, admeasuring 18,000 sq.m and the adjacent land of 11,000 sq.m. The Company initiated Arbitration proceedings in the High Court of Bombay in 2017. AAI simultaneously initiated Eviction Proceedings against the Company, which is still continuing before the Eviction Officer at Mumbai. However, there is a stay to the Eviction Proceedings, as granted by the Bombay High Court. There are a few litigations in this regard, pending in the Bombay High Court, Supreme Court and the Local District Court in Mumbai. The cases will be taken up in due course of time.

In the meantime, the Company has approached AAI to settle the matter, which is progressing before the Settlement Advisory Committee (SAC) that is duly constituted by the Board of AAI since December, 2019. The Company is awaiting the outcome of the same.

(iii) Litigations on the Company's land in Hyderabad

The Company had entered into an MOU on 9th April, 2014, with PBSAMP Projects Private Limited (PBSAMP) for sale of land owned by the Company in Hyderabad admeasuring 3 acres and 28 guntas for a consideration of ₹ 85 crores. As per the MOU, the Company had agreed to settle all pending litigations on the land and obtain permission under the Urban Land Ceiling Act (ULC) for change in land usage from hotel to residential and for permission to alienate the land within 180 days from the date of MOU. As per the MOU, PBSAMP had advanced ₹15.5 crores to the Company and the Company settled two claims out of this amount. However, the Company could not settle remaining claims and could not get permission from the State Government under the Urban Land Ceiling Act (ULC) for change in land usage and to alienate the land. At present, there are five suits pending in the City Civil Court against the Company, wherein the Plaintiffs claim to be the owners of certain portion of the aforesaid land.

PBSAMP terminated the MOU on completion of 180 days from the date of MOU and demanded refund of ₹ 15.5 crores together with interest @ 21% per annum. Since the Company could not make payment, they initiated legal proceedings against the Company and secured an arbitral award in their favour. As per the arbitral award dated 8th September, 2019 an amount of ₹ 35 Crores inclusive of interest needs to be paid to the Claimant within 90 days of the award. The Company has filed an appeal under

section 34 of the Arbitration and Conciliation Act, 1996 against the said impugned award before City Civil Court at Hyderabad which was dismissed. PBSAMP filed an Execution Petition before the City Civil Court, Hyderabad for execution of the said arbitral award. The Company paid an amount of ₹ 39,41,43,969/-, including interest, to PBSAMP. The matter is now kept for final arguments on the aforesaid amount before the City Civil Court in Hyderabad.

5. Litigations against the company:

- (i) Litigation on the transaction with Brookfield for sale of Undertakings

ITC Limited and its subsidiary Russel Credit Limited, shareholders of the Company filed, a petition under Section 241 of the Companies Act, 2013 for oppression and mismanagement and the matter is pending before NCLT since May 2019. Since the Bench, which heard the case earlier has been reconstituted, the matter would be taken up by the reconstituted Bench in due course of time

Two minority members i.e. ITC Limited and Life Insurance Corporation of India (LIC) had filed complaint with the Securities and Exchange Board of India (SEBI) against the transaction with Brookfield for sale of hotel undertakings, alleging violation of the provisions related to related party transactions and oppression and mismanagement by the majority shareholders against minority members. Later LIC withdrew from contesting this case. On 23rd July, 2019, SEBI passed its detailed, reasoned and speaking order in the matter of "Complaints Filed by Minority Shareholders of Hotel Leela Venture Limited".

Aggrieved by the aforesaid impugned Order, ITC filed an appeal before the Hon'ble Securities Appellate Tribunal ("SAT") challenging the findings in the impugned Order.

On 14th August, 2019, ITC sought interim relief in the nature of a direction from the Hon'ble SAT that till the Appeal is finally heard, the Promoters of the Company and JM Financial Asset Reconstruction Company Limited

should be restrained from voting in respect of the proposed sale of the Undertakings, failing which the captioned Appeal would be rendered infructuous.

The Hon'ble SAT did not find it proper to grant a stay with respect to the Postal Ballot Notice and / or the voting process. The final judgment of the Hon'ble SAT was pronounced on 26th September, 2019, wherein the appeal of ITC has been rejected. Subsequently, ITC has filed a statutory appeal in the Supreme Court of India and reply has been filed by all the respondents. The matter will be listed in due course of time before the Supreme Court of India.

- (ii) Litigations with Airports Authority of India

There are ongoing disputes regarding the exorbitant demand of lease rentals and royalty in the form of Minimum Guaranteed Amount with Airports Authority of India (AAI) regarding the Mumbai Hotel land, admeasuring 18,000 sq.m and the adjacent land of 11,000 sq.m. The Company initiated Arbitration proceedings in the High Court of Bombay in 2017. AAI simultaneously initiated Eviction Proceedings against the Company, which is still continuing before the Eviction Officer at Mumbai. However, there is a stay to the Eviction Proceedings, as granted by the Bombay High Court. There are a few litigations in this regard, pending in the Bombay High Court, Supreme Court and the Local District Court in Mumbai. The cases will be taken up in due course of time.

In the meantime, the Company has approached AAI to settle the matter, which is progressing before the Settlement Advisory Committee (SAC) that is duly constituted by the Board of AAI since December, 2019. The Company is awaiting the outcome of the same.

- (iii) Litigations on the Company's land in Hyderabad

The Company had entered into an MOU on 9th April, 2014, with PBSAMP Projects Private Limited (PBSAMP) for sale of land owned by the Company in Hyderabad for a consideration of ₹ 85 crores. As per the MOU, the Company had agreed to settle all pending litigations on the land and obtain permission under the Urban Land Ceiling Act (ULC) for change in land usage from hotel to residential and for permission to alienate the land within 180 days from the date of MOU. As per the MOU, PBSAMP had advanced ₹ 15.5 crores to the Company and the Company settled two claims out of this amount. However, the Company could not settle remaining claims and could not get permission from the State Government under the Urban Land Ceiling Act (ULC) for change in land usage and to alienate the land. At present, there are five suits pending

in the City Civil Court against the Company, wherein the Plaintiffs claim to be the owners of certain portion of the aforesaid land.

PBSAMP terminated the MOU on completion of 180 days from the date of MOU and demanded refund of ₹ 15.5 crores together with interest @ 21% per annum. Since the Company could not make payment, they initiated legal proceedings against the Company and secured an arbitral award in their favour. As per the arbitral award dated 8th September, 2019 an amount of ₹ 35 Crores inclusive of interest needs to be paid to the Claimant within 90 days of the award. The Company has filed an appeal under section 34 of the Arbitration and Conciliation Act, 1996 against the said impugned award before City Civil Court at Hyderabad which was dismissed. PBSAMP filed a Petition before the City Civil Court, Hyderabad for execution of the said arbitral award. The Company paid an amount of ₹ 39,41,43,969/-, including interest, to PBSAMP.

The matter is now kept for final arguments on the aforesaid amount before the City Civil Court in Hyderabad.

MANAGEMENT DISCUSSION AND ANALYSIS

1. Overview of Industry

The global economy witnessed a recovery in 2022 following two years of a pandemic-inflicted environment, although economic slowdown is concentrated in advanced economies especially the Europe and UK where growth is expected to fall to 0.8% and -0.3% in 2023 because of recession and inflation. IMF forecasts global growth for 2023 to decelerate to 2.8% from 3.4% in 2022 before rising to 3.0% in 2024. In contrast, emerging and developing economies are showing stronger economic prospects than advanced economies. In the medium-term, the IMF forecasts global inflation to fall to 7.0% in 2023 and to 4.9% in 2024. (Source: IMF - World Economic Outlook Update, April 2023).

Global tourism is steadily improving towards pre-pandemic levels consequent to the relaxation of travel restrictions across countries and increase in demand for travel. Tourist arrivals internationally for 2022 were 917 million, double that of 2021 but recovering to 63% of pre-pandemic levels of 2019, according to data from the United Nations World Tourism Organization (UNWTO). The UNWTO expects international tourism to consolidate its recovery in 2023 more specifically in Asia and the Pacific region. It attributes this growth to the recent opening of several source markets and destinations including China, which was the world's largest outbound market in 2019. In December, 2022, 116 destinations had no COVID-19 related restrictions. In addition, improved performance of air traffic and robust travel demand from US markets for European holidays backed by a strong US Dollar are expected to be the other contributors to global growth. Domestic tourism will continue to be a key driver of recovery of the tourism sector through 2023. Major risks threatening the ongoing recovery of tourism in 2023 remain economic, health and geopolitical risks. Prime among these are high inflation and interest rates, spike in oil and food prices, higher transport and accommodation costs, fear of a global recession, intermittent COVID-19 virus recurrences and the Russian aggression against Ukraine causing unrest through Europe. UNWTO's scenarios expect international tourist arrivals to reach 80% to 95% of pre-pandemic levels in 2023 (Source: UNWTO, Barometer January 2023).

India is now the fastest growing, major economy in the world. The First Advance Estimates of National Income released by the National Statistical Office (NSO) of the Government of India in January 2023 estimates India's GDP to have grown by 7.0% in FY 2022-23 following a growth of 8.7% in FY 2021-22. The consensus of GDP growth for FY 2022-23 was in the range of 6.5% to 7.0%. (Source: India Economic Survey 2022-23 – January 2023 and National Statistical Office estimates). India's growth rate was 6.8% in 2022 and is estimated to grow by 5.9% in 2023 and 6.3% in 2024 supported by resilient domestic demand. (Source: IMF - World Economic Outlook, April 2023). After factoring the downside risks of domestic inflation, slowing global growth and geopolitical situation, India is expected to grow at the fastest pace among large economies at a rate ranging between 6.0% to 6.5% in FY 2023-24.

FY 2022-23 continued to be a year of strong recovery in the Indian travel and tourism industry. Restrictions on flights were relaxed in most countries into and from India. Travel restrictions, documentation and certifications were also progressively relaxed for travel within India. Consequently, demand for accommodation grew significantly, mainly arising from domestic leisure travel, weddings, social events, conferences and resumption of business travel within the country. Foreign tourist arrivals were 6.19 million for the calendar year 2022 in comparison with 1.52 million in 2021. This constituted 57% of 2019 foreign tourist arrivals at 10.93 million (Government of India, Ministry of Tourism Annual Report – 2022-23). Domestic air traffic passengers for 2022 were at 123 million, growing by 47% over 2021 to 85% of pre-pandemic levels. As per Horwath HTL's India Hotel Market Review 2022, calendar year occupancy for 2022 was 59.8% in comparison with 43.5% in 2021.

2. Outlook

India's hotel industry has witnessed a robust turnaround in demand after the pandemic, led by the rising discretionary spending on tours and travels, revenge tourism, improving economic environment fueling corporate travels and revival of mega wedding season and other cultural events. Furthermore, with demand outpacing supply, which the latter is unlikely to catch over the next 2-3 years, we expect both average room rates (ARRs) and occupancies to remain strong, leading to higher RevPar for the industry. The outlook for the Indian hospitality industry during 2023 remains positive. The upsides working in favour of the hospitality industry in India are good macro economic environment evidenced by more than 6% GDP growth, superior performance by the services sector of the Indian economy, abating COVID-19 fears, continuing infrastructure development projects within the country, growth in air and railway passenger traffic and growth in demand for branded rooms outpacing a tepid growth in supply of those rooms to provide long-term sustainable demand. Moreover, the industry has learnt to work with volatility and adopt leaner cost structures thus contributing to higher profitability. Growth in the industry is largely expected from domestic demand which is expected to remain strong through FY 2023-24 even as international travel has shown green shoots of recovery and provides scope for further growth in demand. Additionally, the India's G20 Presidency and an opportunity to host international events, including the ICC Men's World Cup, is expected to increase demand for hotels in the cities hosting the events. Growth in India's service sector and higher disposable income of people working in it, is also expected to increase demand for corporate travel and holidays. All segments of leisure, weddings, conferences events, airline crew layovers and corporate travel are expected to grow further during the year.

3. Business Review

During the Financial Year 2022-23 occupancy levels at the Company's Hotel were at 74% as against 78% in the previous year. On an average, 290 rooms were sold per day. Average room rate was ₹ 9,538 in the Financial Year 2022-23 as

against ₹ 7,852 in the Financial Year 2021-22. During the FY 2022-23 RevPAR has improved upto ₹ 6,943 against ₹ 6,400 in the FY 2021-22. INDEPENDENT AUDITOR'S REPORT

To the Members of HLV Limited

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of **HLV Limited ("the Company")** which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, and Profit including Other Comprehensive Income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to the following matters in notes to the financial statements: -

Note 36.1(a) relating to enhancement in lease rentals and unilateral termination of lease agreement of 18000 sq. mtrs. of land by Airports Authority of India (AAI) relating to Mumbai hotel and eviction proceedings initiated by them which the Company is legally contesting. Disputed amount not provided in the Books for the period up to 31st March, 2023 cumulatively amounts to ₹ 11,479 lakhs (Previous Year ₹ 9,408 lakhs).

Note 36.1(b) relating to the demands made by AAI relating to Rent and Minimum Guarantee Fees as royalty including interest in respect of 11000 sq. mtrs. of land in Mumbai cumulatively amounting to ₹ 80,705 lakhs up to 31st January, 2019 (Previously ₹ 28,537 lakhs up to 31st January, 2017) not provided in the Books as the liability is disputed and not crystalized as per the legal opinion and the additional cost the company may have to incur towards restoration of FSI, which is not ascertainable.

Matter related to Going Concern

We draw attention to Note no. 36.3 in the Financial Statements regarding the preparation of financial statements on 'going concern basis' for the reasons stated therein. However, matters stated in Emphasis of Matter above indicate that there is uncertainty exists that may cast doubt on company's ability to continue as a going concern. As stated in Note no. 36.3, the appropriateness of assumption of going concern depend on getting favorable judgments and settlements in respect of disputes with Airports Authority of India including the renewal of lease and continuing the Business.

Our conclusion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matter to be communicated in our Report:

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive Income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred in Para 2(g) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **HLV Limited** ("the Company") as of 31st March, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Note 1: Corporate Information

HLV Ltd. ("HLVL" or the "Company") is a public limited company incorporated in India and has its registered office situated at "The Leela Mumbai", Sahar, Mumbai 400 059.

The Company is primarily engaged in the business of owning, operating & managing hotels, palaces and resorts.

The financial statements for the year ended 31st March, 2023 were approved by the Board of Directors and authorised for issue on 29th May, 2023.

Note 2: Basis of Preparation, Critical Accounting Estimates and Judgements, Significant Accounting Policies and Recent Accounting Pronouncements:

(i) Compliance with Ind AS

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as prescribed under Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

(ii) Basis of preparation

These financial statements have been prepared on a historical cost basis, except for the following:

- i) Defined benefit plans – plan assets measured at fair value.
- ii) Certain financial instruments which are measured at fair value at the end of each reporting period.
- iii) Assets held for sale (or disposal groups) –measured at lower of carrying amount or fair value less cost to sell.

(iii) Critical accounting estimates and judgements

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires, management to make judgements, estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements pertain to:

(a) Useful lives of property, plant and equipment and intangible assets:

The Company has estimated the useful life of each class of assets based on the nature of assets, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, etc. The Company reviews the useful life of property, plant and equipment and intangible assets as at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(b) Impairment testing:

Property, plant and equipment and intangible assets that are subject to amortisation /depreciation are tested for impairment when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions which include turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, and future economic and market conditions.

(c) Income Taxes:

Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Company estimates deferred tax assets and liabilities based on current tax laws and rates and in certain cases, business plans, including management's expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax charge in the Statement of Profit or Loss.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss.

(d) Litigation:

From time to time, the Company is subject to legal proceedings the ultimate outcome of each being always subject to many uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount of the loss can be reasonably estimated. Significant judgement is made when evaluating, among other factors, the probability of unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances.

(e) Defined benefit plans:

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

(iv) Significant Accounting Policies:

(a) Revenue recognition:

(i) Income from operations

Revenue from operations is accounted on accrual, is net of indirect taxes, returns and discounts. Revenue is measured at the fair value of the consideration received or receivable. Revenue comprises of sale of rooms, food and beverages and allied services. Rentals basically consists of rental revenue earned from letting of residential and commercial spaces. Revenue for rental is recognised in the period in which services are being rendered.

(ii) Interest:

Interest income is accrued on a time proportion basis using the effective interest rate method.

(b) Property, Plant and Equipment:

Property, plant and equipment are initially recorded at cost. Cost includes the acquisition cost or the cost of construction, expenses directly related to bringing the asset to the location and condition necessary for making them operational for their intended use and, in the case of qualifying assets, the attributable borrowing costs.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

On transition to Ind AS, the Company has elected to continue with the carrying value of all property, plant and equipment recognised as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

(c) Investment Property:

Investment Property are initially measured at cost, including transaction cost. Subsequent to initial recognition, Investment property are carried at cost less accumulated depreciation and accumulated impairment loss, if any.

Investment Property are derecognised either when they have disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from the disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the Statement of Profit and Loss in the period of derecognising.

Transfers to or from investment property is made when and only when there is a change in use.

On transition to Ind AS, the company has elected to continue with the carrying value of all its investment properties recognised as of April 1, 2016 measured as per previous GAAP and use that carrying value as its deemed cost as of the transition date.

(d) Intangible Assets:

Intangible assets are stated at cost less accumulated amortisation and impairments, if any. An intangible asset is recognised if it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and its cost can be measured reliably.

On transition to Ind AS, the company has elected to continue with the carrying value of all its intangible assets recognised as of April 1, 2016 measured as per previous GAAP and use that carrying value as its deemed cost as of the transition date.

(e) Capital WIP

Capital work-in-progress comprises the cost of property, plant and equipment that are not yet ready for their intended use on the reporting date and materials at site net of impairment if any.

(f) Depreciation and Amortisation:

The Company depreciates its property, plant and equipment and investment property over the useful life in the manner prescribed in Schedule II of the Companies Act, 2013 under straight line method except as under:

- (i) Based on technical evaluation, the useful life of continuous process plant other than windmill has been estimated as 15 years (on a single shift basis) and that of motor boat 6 years.
- (ii) Depreciation on additions / deletions during the year are provided on pro-rata basis. Assets purchased / installed during the year costing less than ₹ 5,000 each are fully depreciated.
- (iii) Building constructed on leasehold land are depreciated at the applicable rate on the assumption that the lease would be renewed in the normal course.
- (iv) Computer Software and website is amortised in six years and other intangible assets are amortised in five years.

The useful lives of assets and residual values are reviewed at the Balance Sheet date and the effects of any changes in estimates are accounted for on a prospective basis.

Depreciation /amortisation is not provided on non-current assets held for sale or part of the disposal group from the date of such assets are classified as held for sale or part of disposal group.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

(g) Investments in subsidiaries:

Investment in a subsidiary is a long-term investment and is carried at cost. On transition to Ind AS, previous GAAP carrying amount as on that date, i.e. April 1, 2016 is considered as cost.

(h) Inventories:

Stock of food and beverages, stores and operating supplies are stated 'at cost or net realisable value, whichever is lower'. Cost comprise fair value of consideration paid including duties and taxes (other than those refundable), cost of conversion and other costs in bringing the inventories to their present location and condition computed under weighted average cost method. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

(i) Employee benefits:

- (i) Short-term benefits:

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

- (ii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) The Company makes annual contributions to gratuity fund which is a defined benefit plan.

The liability or asset recognised in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

calculated annually by actuaries using the projected unit credit method. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(b) Defined contribution plans such as provident fund are charged to the Statement of Profit and Loss as and when incurred.

(j) **Borrowing Costs:**

Borrowing costs that are directly attributable to the acquisition and construction of qualifying assets are capitalised. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use.

Interest cost for the borrowings is computed under effective interest method.

Foreign exchange difference relating to foreign currency borrowings regarded as an adjustment to borrowing cost to the extent not capitalised is disclosed under finance cost.

(k) **Taxation:**

(i) Provision for current taxation has been made in accordance with the Income Tax laws applicable to the assessment year considering the taxable income of both continued and discontinued operations.

(ii) Deferred tax is recognized on timing difference being the difference between taxable incomes and accounting income that originates in one period and is capable of reversal in one or more subsequent periods. Where there is unabsorbed depreciation, or carry forward losses, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets.

(l) **Impairment of assets:**

The carrying amounts of assets are reviewed at each balance sheet date, to assess any indication of impairment. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognized wherever the carrying amount of the assets exceed its recoverable amount. The recoverable amount is greater of the net selling price or value in use. In assessing value in use, the estimated future cash flows are discounted to their present value, based on an appropriate discounting factor.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

(m) **Foreign currency transaction:**

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions.

The monetary assets and liabilities in foreign currency as at balance sheet date are translated at rates prevailing at the year-end and the resultant net gains or losses are recognized as income or expense in the year in which they arise.

(n) **Leases :**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

Company as a lessee

The Company's leases assets mainly comprise buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified assets, the Company assesses whether: (i) the contact involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

As a lessee, the Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate. Generally, the Company uses incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments;

The lease liability is measured at amortised cost using the effective interest method.

The Company has used number of practical expedients when applying Ind AS 116 - Short-term leases, leases of low-value assets and single discount rate.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less, leases of low-value assets and lease where term of the lease is already expired and not yet renewed. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments are presented as follows in the Company's statement of cash flows:

- short-term lease payments, payments for leases of low-value assets and variable lease payments that are not included in the measurement of the lease liabilities are presented within cash flows from operating activities;
- payments for the interest element of recognised lease liabilities are included in 'interest paid' within cash flows from operating activities; and
- payments for the principal element of recognised lease liabilities are presented within cash flows from financing activities.

As practical expedient of Ind AS 116 "Leases", the company has considered Covid-19-related rent concessions not to be lease modification, hence the income towards rent concession is recognised in "Other Income" in the statement of profit and loss account.

Company as a lessor

Leases for which the Company is a lessor is classified as finance or operating lease. Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

(o) Government Grants/Incentives:

Government grants/incentives that the Company is entitled to on fulfilment of certain conditions, but are available to the Company only on completion of some other conditions, are recognised as income at fair value on completion of such other conditions.

Grants/incentives that the Company is entitled to unconditionally on fulfilment of certain conditions, such grants/incentives are recognised at fair value as income when there is reasonable assurance that the grant/incentive will be received.

(p) Income from Joint Development Agreement (JDA):

Income from JDA is accounted under percentage of completion method (POCM) as per the Guidance Note on Accounting for Real Estate Transactions. Balance cost of land and other expense related to JDA is grouped under Assets held for sale.

(q) Accounting for Provisions, Contingent Liabilities and Contingent Assets:

- (i) Provisions are recognised when the Company has a binding present obligation. This may be either legal because it derives from a contract, legislation or other operation of law because the Company created valid expectations on the part of the third

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

parties by accepting certain responsibilities. To record such an obligation it must be probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation.

- (ii) Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.
- (iii) Disclosure of the contingent assets are made when it is probable that there is an inflow of future economic benefits. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

(r) Exceptional items:

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company.

(s) Statement of Cash Flows:

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year are classified by operating, investing and financing activities.

(t) Earnings per Share:

Basic earnings per share is computed, by dividing the profit or loss after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share.

(u) Financial Instruments:

(1) Financial assets

(i) Initial recognition and measurement

Financial assets are recognised when and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

(ii) Classification:

a. Cash and Cash Equivalents

Cash comprises cash/cheques on hand and demand deposits with banks. Cash equivalents are short-term balances with an original maturity of three months or less from the date of acquisition, highly liquid investment that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

b. Debt Instruments

The Company classifies its debt instruments, as subsequently measured at amortised cost or fair value through Other Comprehensive Income or fair value through profit or loss based on its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

(i) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income from these financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

(ii) Financial assets at fair value through Other Comprehensive Income (FVOCI)

Financial assets are subsequently measured at fair value through Other Comprehensive Income if these financial assets are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payments of principal and interest. Movements in the carrying value are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Statement of Profit and Loss. Interest income on such financial assets is included as a part of the Company's income in the Statement of Profit and loss using the effective interest rate method.

(iii) Financial assets at fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on such debt instrument that is subsequently measured at FVTPL and is not part of a hedging relationship as well as interest income is recognised in the Statement of Profit and Loss.

c. Equity Instruments

The Company subsequently measures equity investment at cost. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payment is established.

De-recognition

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset. Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continued involvement in the financial asset.

(2) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(3) Impairment of financial assets

The Company assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired and allowance for losses on such assessment is made in the Statement of Profit and Loss.

(v) Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

- **Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements.

- **Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences.

- **Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty.

The Company does not expect the effect of this amendment on financial statements to be material.

36. Additional information to the Financial Statements

36.1 Disputes with Airports Authority of India (AAI)

- (a) The lease agreement with Airports Authority of India (AAI) for leasing of 18000 sq mtrs of land for Mumbai hotel was valid till 11th July 2012. AAI vide letter dated 31st March, 2011, had offered to extend the lease for another 30 years, on the revised terms, which the Company had accepted. Pending execution of the lease agreement, AAI had been provisionally extending the lease for 3 to 6 months at a time and the latest extension was till 11th January, 2016. AAI has arbitrarily increased the lease rental payable for the Mumbai hotel, effective from 1st October 2014, the increased rentals on the basis of such arbitrary increase works out to Rs.11,479 lakhs for the period upto 31st March 2023 (upto 31st March 2022 Rs 9408 lakhs). The Company has objected to this increase and therefore not provided for the same. AAI has unilaterally terminated the lease and commenced eviction proceedings. The Company is legally contesting the same and Hon'ble Bombay High Court vide interim order dated 30th June, 2021 directed to AAI not to proceed in the matter of eviction. The final judgement in the matter of eviction is reserved on 27th October, 2021 and the final order has not yet been passed. Depreciation on Mumbai hotel building is provided at the applicable rate, on the assumption that the lease will be renewed.
- (b) The Company had also entered into another lease agreement on 7th February, 1996 with the AAI for a land admeasuring 11,000 sqmtr intended for the construction of a 150-room Hotel at Mumbai. A Supplementary Agreement dated 7th February 1996 entered into between the Company and AAI. The terms of the agreements was royalty on Gross Turnover with minimum guaranteed amount (MG) for a specified period and Ground Rent. The terms and conditions specified in the Supplemental Agreement, became impossible of performance for various reasons and therefore the project could not come through and the 150 room hotel could not be constructed. The Company vide letter dated 6th April, 2017 requested AAI to take over immediate physical possession of the land pending restoration of FSI by the Company. No Provision has been made for the cost of FSI as it is not ascertainable. However, AAI commenced the eviction proceedings with their claim of MG on projected turnover and enhanced rent. As per the revised claim filed by the AAI in February 2019 before the eviction officer, the amount claimed by AAI as on 31st January 2019 is Rs. 80705 lakhs towards royalty on projected turnover and rent including interest as against Rs.28537 lakhs as on 31st January 2017 claimed earlier by AAI, which the Company is disputing. The Company is legally contesting the same and Hon'ble Bombay High Court vide it's interim order dated 30th June, 2021 directed to AAI not to proceed in the matter of eviction. The final judgement in the matter of eviction is reserved on 27th October, 2021 and the final order has not yet been passed. According to legal opinion received, the liability is contingent in nature and hence no provision is made in the books.
- (c) The above disputes are at present with the Settlement Advisory Committee duly constituted by the Board of AAI. The Company in the various meetings held with them, putforth their submissions against the demand raised by them arbitrarily and for the renewal of lease for further period. The matter is still pending with the committee and the Company is awaiting the outcome of the decision of the committee.
- (d) In view of the above the company has not adopted IND AS-116 on the above leased transactions.

36.2 An appeal filed by one of the minority shareholder viz. ITC Ltd. with Supreme Court of India against the order of Securities Appellate Tribunal (SAT) in the matter of transfer of Business Undertaking to Brookfield Group is pending for hearing. Note 37: Fair value measurement:

- 1 The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- 2 The following methods and assumptions were used to estimate the fair values:
 - a The fair value of trade receivables, trade payables and other current financial assets and liabilities are considered to be equal to the carrying amounts of these items due to their short-term nature. Where such items are non-current in nature, the same has been classified as Level 3.
 - b The fair value of security deposits are calculated using effective interest rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
 - c Considering the contracted rate of interest, the carrying amounts of all other term borrowings that are measured at fair value are reasonable approximation of fair value.
 - d For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to their fair values.

3 Analysis of fair value measurement:

- a The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

- b Financial Instruments by category:

The activities of the Company expose it to market risk, credit risk and liquidity risk.

The Company's principal financial liabilities comprise, long term security deposits received, trade and other payables. The group has trade and other receivables and cash and short term deposits that arrive directly from its operations. The Company has also paid long term lease deposits.

The Company's Board of Directors has the overall responsibility for the establishment and oversight of the Company's risk management framework. The company's risk management policies are established to identify and analyse the risk faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities. The company's Audit Committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the company.

A Market Risk:

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency, payables and loans and borrowings.

The Company manages market risks through finance department, which evaluates and exercises independent control over the entire process of market risk management. The finance department recommends risk management objectives and policies which are approved by the finance committee and Audit Committee. The activities of the department includes management of cash resources, borrowing strategies and ensuring compliance with market risk limits and policies.

- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Company's exposure to the risk changes in the market interest rates relates primarily to the Company's debt obligations which is fully repaid during the year as a part of settlement with lenders.

However, as on the date of balance sheet, the Company has no foreign currency denominated assets and liabilities except nominal trade payable which does not have any major impact on the financial statement.

B Credit Risk:

Credit risk arises from the possibility that the counter party may not be able to settle their obligation as agreed. Customer credit risk is managed by each business unit subject to Company's established policy, procedure and control relating to customer risk management. Further, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

Financial assets are written off when there is no reasonable expectations of recovery, such debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised as income in the statement of profit and loss.

The Company’s Hotel at Mumbai is situated on the leasehold land owned by Airports Authority of India (AAI) and Leela Lace Holdings Private Limited (LLHPL), a Promoter Group Company. As per the Lease Deed with LLHPL, the Company is paying a fixed lease rent and royalty as a percentage of turnover to LLHPL for use of the land owned by LLHPL.

The Company is also using part of the commercial building owned by LLHPL on leave and license basis for laundry operations and as its corporate office and administration office. The employees of the Company working in finance, legal, secretarial, security, housekeeping, maintenance, etc. operate from this building.

Regulation 23 of the SEBI Listing Regulations, inter alia, states that all Material Related Party Transactions shall require prior approval of the Members by means of an Ordinary Resolution, even if such transaction(s) are in the ordinary course of business and at an arm’s length pricing basis. A transaction with a Related Party shall be considered material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds ₹ 1,000 crore or 10% of the annual consolidated turnover of a listed entity as per the last audited financial statements of the listed entity, whichever is lower.

The Company paid following amount as rent and royalty to LLHPL during the financial year 2022-23 and its comparison with the turnover of the Company is as follows:

F.Y. during which payments made to LLHPL	Preceding F.Y.	Total Turnover in the preceding F. Y. (₹ in Lakhs)	10% of Annual turnover of preceding F.Y. (₹ In Lakhs)	Aggregate amount of rent and royalty paid to LLHPL in current F.Y. and its percentage to total turnover of the preceding F.Y. (₹ in Lakhs)			
				Rent	Royalty	Total	%
2022-23	2021-22	7,299.71	729.98	484.94	324.43	809.37	11.08%

The Company pays royalty to LLHPL monthly, based on the revenues for the relevant month. Therefore, total amount of royalty for the entire financial year cannot be ascertained in advance. The turnover had fallen during the financial year 2021-22 due to Covid 19 pandemic, but improved to ₹ 172.88 Crores in the financial year 2022-23. Therefore, the Company had to pay higher amount of royalty resulting into payment of aggregate amount of rent and royalty at the end of the financial year exceeding the threshold limits prescribed under Regulation 23 of SEBI Listing Regulations.

Information required under SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2021/662 dated November 22, 2021 is provided herewith:
