The Statutory Auditors have confirmed their independent status and eligibility for the said reappointment.

There are no qualifications, reservations or adverse remarks or disclaimers mentioned in Audit Report made by M/s. Bhatler & Associates, Chartered Accountants, Statutory Auditors, in their report except to the following observations:

Emphasis of Matter

We draw attention to:

- 1) Note no. 13 regarding credit facilities from banks became Non Performance account during the previous year and forensic audit has been carried for the working of the company and interest has not been provided since August 2018 being NPA. Pending the ultimate outcome of this matter which is presently unascertainable hence no adjustment has been made.
- 2) Note no. 35 regarding net worth of the company has been fully eroded and no business operation accounts since FY 2019-20, but accounts are prepared on going concern basis. Further the Company has defaulted in repayment of principal and interest payable to Banker in respect of working capital facilities which indicate existence of liquidity stress and material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However the management

is hopeful to meet the Company's financial obligation and continuing business operations. Having regards to this, financial statements have been prepared on the basis of going concern. Hence no adjustments have been made to the carrying value of Assets and Liabilities of the Company.

Management Reply: Credit facilities from Indian Overseas Bank, Kanpur and Oriental Bank of Commerce, New Delhi have become Non Performance accounts (NPA) and forensic audit has been carried for the working of the company and replies were sent by company to both Banks. As the Report contents were found unsatisfactory, company referred the matter to a law firm, who on the basis of another full audit by another reputed firm of CAs, have formed a different opinion and Management is therefore contemplating contesting the same in Courts.

Net worth of the company has been fully eroded due to finance cost. The management is hopeful to meet the Company's financial obligations and continuing business operations and therefore accounts are prepared on going concern basis.

29. SIGNIFICANT MATTERS RELEVANT TO THE YEAR UNDER REVIEW

a. Forensic Audit

Credit facilities from Indian Overseas Bank, Kanpur and Oriental Bank of Commerce, New Delhi have become Non-Performance accounts (NPA) during the previous year and forensic audit has been carried for the working of the company and replies were sent by the company to both the Banks. As the forensic auditors did not consider company's submissions duly substantiated with documentary supports and audit report being found malicious and dissatisfactory, the matter was referred to a reputed law firm by the company. The law firm on the basis of another comprehensive Forensic Exercise by a highly reputed firm of CAs and forensic audit specialists, formed a significantly different opinion and rebutted entire Forensic Audit Report. The Management has contested the findings of the Forensic Audit Report in Courts. The company accordingly filed a Writ Petition before the Honorable Delhi High Court, seeking among other reliefs, quashing of the forensic audit conducted by the banks and all subsequent actions taken pursuant to such report. The matter is pending before the Honorable High Court, however the Court has granted the company certain interim reliefs. The Honorable Court vide their decision clearly stated *that no further measures will be taken to the Company being declared a fraud*. The net worth of the company has been completely eroded due to lower volumes of business and the burden of finance cost. However, the management is hopeful to meet the Company's financial obligations and continuing business operations and therefore accounts have been prepared as a going concern.

b. CBI Inquiry

The company has received an official notice from the Central Bureau of Investigation for the submission of certain information and statements from the company. This is consequent to an ongoing CBI investigation against the company in relation to amounts outstanding to the Indian Overseas Bank. The company will strive to provide all required support in terms of documentation and otherwise required by the department to enable them to complete their investigation.

30. SECRETARIAL AUDITORS AND AUDITORS' REPORT

Pursuant to the provisions of Section 204 of the Companies Act, 2013, Board of Directors of the Company has appointed M/s. Gopesh Sahu, Practicing Company Secretary as Secretarial Auditor to conduct the Secretarial Audit and his Report for the financial year ended 31st March, 2022 is appended as ANNEXURE II to this Report.

There are no other qualifications, reservations or adverse remarks or disclaimers made by Mr. Gopesh Sahu, Company Secretary in Practice, in his secretarial audit report except to the following observations:

- The Company has not complied with the provision of Section 138 of the Companies Act, 2013 with respect to appointment of Internal Auditor.
- The company is required to reconstitute its Audit Committee and Nomination and Remuneration Committee as per Companies Act, 2013 due to resignation of Independent Director.
- the board has fallen short of one Independent director as mandated in section 149 of the Companies Act, 2013.
- The company requires to appoint Chief Financial Officer in order to comply with the provisions of section 203 of the Companies Act, 2013.

Management Reply:

- The Board is in process to appoint an internal Auditor of the Company, who will carry out the internal audit of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

Economic Review

Just when uncertainties associated with the COVID-19 pandemic were declining, the Russia- Ukraine crisis escalated. Consequently, India's growth outlook appears to have clouded. For India, which has been battling inflation for a while now, this situation is making matters worse. Higher fuel and fertilizer prices will reduce government revenues and increase subsidy costs. Furthermore, capital outflows and rising import bills will weigh on the current account balance and currency valuation.

Despite the external shocks, we believe that India's underlying economic fundamentals are strong and despite the short-term turbulence, the impact on the long-term outlook will be marginal. Growth-enhancing policies and schemes, increased infrastructure spending, rising exports, rapid digitization, and spill-over effects of geopolitical developments will likely aid in growth

Industry Structure and Development

Agriculture Industry

India's agriculture sector was among the few segments that posted a noticeable growth despite the pandemic concerns. The agricultural growth rate of India is expected to be near to 3.9 per cent in FY 2022-23, surpassing the 2021-22 growth rate of 3.6 percent approximately. For the new fiscal - allocations or incentives are expected in agri infrastructure, exports, retail segment, storage facilities in addition to the credit related services and allocations for enhancing their social security conditions.

The agriculture sector in India is expected to generate better momentum in the next few years due to increased investment in agricultural infrastructure such as irrigation facilities, warehousing and cold storage. Furthermore, the growing use of genetically modified crops will likely improve the yield for Indian farmers. India is expected to be self-sufficient in pulses in the coming few years due to concerted effort of scientists to get early maturing varieties of pulses and the increase in minimum support price.

Road Ahead

The near term growth remains muted, with uncertainties emanating from the ongoing geopolitical conflicts, weakening global demand, limited scope for incremental government spending, and tightening financial conditions. The year ahead looks tough and is clouded with uncertainties emanating from the geopolitical developments and consequent impact on commodity prices, especially crude oil. The recent fiscal measures on excise duty and food import and export related measures should partly alleviate the eroding purchasing power of consumers. However, continued elevated input prices and the expected pass-through risks are impinging on growth.

Opportunities & Threats

- **Pricing & Rising Costs and availability of Raw Materials**

The industry is very much dependent on raw materials. Any price volatility of these raw materials and adjust to the same could adversely affect our results of operations and profitability.

- **Domestic Markets**

We try and tap every lawful opportunity coming our way and follow a focused approach and increased marketing efforts. All these have resulted in increased growth of the Company in the recent years. In the coming years, we shall strive harder to build a strong reputation for ourselves and carve a niche for our products.

- **International Markets**

The Company is continuously trying to build a large overseas business and revenue from export business accounts for a sizeable component of Company's total turnover. The company is continuously tapping potentially new markets and exporting a wide range of products to these countries.

Risk and concerns

- Growth of unorganized sector and threat from local regional players.
- Change in freight and forwarding charges.
- General economic and business conditions.
- Our Company's ability to successfully implement our growth strategy, fluctuation in Exchange rates.
- Prices of raw materials.
- Changes in laws and regulations relating to the industry in which we operate.
- Changes in political and social conditions in India.

Internal Control Systems and their adequacy

The Company's internal control procedures are tailored to match the organization's pace of growth and increasing complexity of operations. This ensures compliance to various policies, practices and statutes.

We have an independent and adequate system of Internal Control which enables reliable financial reporting, safeguard of assets and encourages adherence to management policies. The Company has a system for speedy compilation of accounts and management information reports to comply with applicable laws and regulations.

We have a reasonable budgetary control system so that the management can monthly review actual performance against the budget. A well-defined organization structure is in place with authority level, internal rules and guidelines for conducting business transactions.

Discussion on Financial Performance with respect to operational performance

The Break-up of Revenue and Costs of Company is as given below:

(Figures in 000)

Olympic Oil Industries Limited

INDEPENDENT AUDITOR'S REPORT

To,
 The Members of
OLYMPIC OIL INDUSTRIES LIMITED
Report on the standalone Financial Statements

Qualified Opinion

We have audited the financial statements of **OLYMPIC OIL INDUSTRIES LIMITED** ("the Company"), which comprise the balance sheet as at March 31, 2022, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (Collectively referred to as 'standalone financial statements').

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2022, and its **LOSS** (financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

- a. In the case of the balance sheet, of the state of affairs of the company as at 31st March 2022, and
- b. In the case of the statement of profit and loss, of the **LOSS** (financial performance including other comprehensive income), changes in equity and
- c. In the case of the cash flow statement, of the cash flow statement for the year ended on that date.

Basis for Qualified Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are auditor of the Company in accordance with the Code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. As stated in Note no. 6 to the financial statement the sundry debtors as at the end of the year of Rs. 316.52 crore includes over dues receivable due to credit impaired of Rs. 316.52 crore and as per Note no. 3 & Note no. 8 in respect of non-current investment & loan to related parties of Rs. 4.10 crore & Rs. 40.65 crore respectively being considered doubtful and recoverable by the management for which no provision has been made.

In the absence of confirmation and liquidity constraints facing by the parties due to which these may not be able to realize. In the absence of sufficient appropriate audit evidence, we are unable to comment upon the carrying value of non current investment, loans to related parties and trade receivable and recoverability of the aforesaid dues and consequential impact, if any on the accompanying financial statement.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance. in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon.

We have determined that there are no key audit matters to communicate in our report.

Emphasis of Matter

We draw attention to:

Note no. 13 regarding credit facilities from banks became Non-Performance account during the previous year and forensic audit has been carried for the working of the company and interest has not been provided since August 2018 being NPA. Pending the ultimate outcome of this matter which is presently unascertainable hence no adjustment has been made.

Note no. 35 regarding net worth of the company has been fully eroded and no business operation accounts since FY 2019-20, but accounts are prepared on going concern basis.

Further the Company has defaulted in repayment of principal and interest payable to Bankers in respect of working capital facilities which indicate existence of liquidity stress and material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However, the management is hopeful to meet the Company's financial obligation and continuing business operations. Having regards to this, financial statements have been prepared on the basis of going concern. Hence no adjustments have been made to the carrying value of Assets and Liabilities of the Company.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise

appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive Income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Boards of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing ('SAs'), We exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure "B" To The Independent Auditor's Report

**(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)
Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Olympic Oil Industries Limited ("the Company") as of 31st March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Olympic Oil Industries Limited

1. Summary of Significant Accounting Policies

1.1 Basis of Preparation

Compliance with Ind AS

The Standalone Financial Statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the "Ind-AS") as notified by the Ministry of Corporate Affairs, pursuant to section 133 of the Companies Act 2013 (The Companies (Indian Accounting Standards) Rules, 2015) and comply in all material aspects with their provisions.

Historical Cost Conventions and Fair Value

These financial statements have been prepared on a historical cost basis, except for some assets and liabilities which have been measured at fair value, as specifically disclosed.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Reporting Presentation Currency

All amounts in the standalone financial statements and notes thereon have been presented in Indian Rupees (INR) (reporting and primarily functional currency of the company) and rounded off to the nearest Lacs with two decimals, unless otherwise stated.

1.2 Classification of Assets and Liabilities

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind-AS 1 notified under the Companies (Indian Accounting Standards) Rules, 2015. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, twelve months has been considered by the Company for the purpose of current/ non-current classification of assets and liabilities. However certain liabilities such as trade payables and some accruals for employee and other operating costs are part of the working capital used in the Company's normal operating cycle, accordingly classified as current liabilities even if they are due to be settled more than twelve months after the reporting period.

1.3 Accounting Estimates & Judgements and key sources of estimation uncertainty

Due to the nature of the Company's operations, critical accounting estimates and judgements principally relate to the:

- Tangible fixed assets (estimate useful life);
- Intangible fixed assets (estimate useful life)
- Impairment testing (if and when applicable)
- Provision inventories (obsolescence / lower net realizable value)
- Provision for doubtful debts
- Provision for employees' post employment benefits (actuarial assumptions)

In preparing the financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of the financial statements and the amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Any revision to such estimates is recognised in the period in which the same is determined.

The management of the Company makes assumptions about the estimated useful lives, depreciation methods or residual values of items of property, plant and equipment, based on past experience and information currently available. In addition, the management assesses annually whether any indications of impairment of intangible assets and tangible assets. The management of the Company believe that on balance sheet date no impairment indications were existing.

The management of the Company believe that the inventory balances on hand could be sold to the third parties at the disclosed value taking into consideration the condition of inventories held and current conditions in the market.

Furthermore, the management believe that the net carrying amount of trade receivables is recoverable based on their past experience in the market and their assessment of the credit worthiness of debtors at 31st March 2022. Such estimates are inherently imprecise and there may be additional information about one or more debtors that the management are not aware of, which could significantly affect their estimations.

The provisions for defined benefit plans have been calculated by a local (external) actuarial expert. The basic assumptions are related to the mortality, discount rate and expected developments with regards to the salaries. Management believes that the mortality tables used are general acceptable mortality tables the countries involved. The discount rates have been determined by reference to market yields at the end of the reporting period based on the expected duration of the obligation. The future salary increases have been estimated by using the expected inflation plus an additional mark-up based on historical experience and management expectations.

1.4 Inventories

- i) Finished goods covered under confirmed forward contract/order are valued at net realizable value & others are valued at cost or market price whichever is lower.
- ii) GST has been claimed as Input Credit wherever applicable. The closing stock has been valued net off GST wherever applicable and incase of GST paid on purchases effected for exports GST is refundable in full and it does not form part of closing stock.

1.5 Property, Plant and Equipment

Recognition and measurement: Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any.

Expenditure during construction / erection period is included under capital work-in-progress and is allocated to the respective property, plant and equipment on completion of construction / erection

1.6 Intangible Assets

Intangible Assets are stated at cost less accumulated amortization.

1.7 Impairment of Assets

Fixed Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognized in the books for the item of fixed assets carried at cost. However in the opinion of the management, no provision is required for impairment of asset in the current year

1.8 Depreciation

- i) Depreciation on property, plant and equipment: Depreciation on fixed assets has been provided on W.D.V. Method at the rates and in the manner specified in schedule II of the Companies Act, 2013. The details of estimated life for each category of asset are as under:

Life of Assets	Life
Furniture & Fixture	10 years
Computer	3 years
Motor Car	8 years
Motor Bike / Cycles	10 years
Office Equipments	5 years

The cost and related accumulated depreciation are eliminated from the financial statements, upon sale and disposition of the assets and the resultant gains or losses are recognized in the statement of profit and loss.

1.9 Investments and other financial assets

Financial assets are initially measured on trade date at fair value, plus transaction costs. All recognized financial assets are subsequently measured in their entirety at either amortized cost or at fair value.

(a) Classification

The Investments and other financial assets has been classified as per Company's business model for managing the financial assets and the contractual terms of the cash flows.

(b) Measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(b.1) Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company's classifies its debt instruments:

Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in profit and loss using the effective interest rate method.

Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in profit and loss using the effective interest rate method.

Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

(b.2) Equity/Mutual Fund instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

- Investment in equity shares of subsidiaries, Partnership Firm and associates: On the transition date, the Company has opted to carry investments in Equity shares of subsidiaries and associates at their deemed cost, i.e. previous GAAP carrying amount.

(c) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 28 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

1.10 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to insignificant risk of change in value.

For the purposes of the Statement of Cash Flow, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

1.11 Trade Receivables

Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expected to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component. Loss allowance for expected life time credit loss is recognized on initial recognition.

1.12 Borrowings.

Borrowings are recognized initially at fair value, less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortized cost with any difference between cost and redemption value being recognized in the statement of profit or loss over the period of the borrowings using the effective interest method.

1.13 Employee Benefits

(i) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages etc. and the expected cost of bonus, exgratia, incentives are recognized in the period during which the employee renders the related service.

(ii) Post-Employment Benefits

(a) Defined Contribution Plans

State Government Provident Fund Scheme is a defined contribution plan. The contribution paid/payable under the scheme is recognized in the profit & loss account during the period during which the employee renders the related service.

(b) Defined Benefit Plans

Gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employee's. The plan provides for a lump –sum payment to vested employee's at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The company has obtained group gratuity policy with Life Insurance Corporation. The Company accounts for the liability for gratuity benefits payable in future based on an independent actuarial valuation, carried out as at the year end.

- (c) The obligation for leave encashment is provided for and paid on yearly basis.

1.14 Derivative Financial Instruments

The Company uses derivative financial instruments i.e. Forward Contracts to hedge its risks associated with foreign exchange fluctuations. These derivative financial instruments are used as risk management tools only and not for speculative purposes. The fair values of these derivative financial instruments are recognized as assets or liabilities at the balance sheet date and gain/loss is recognised in statement of profit and loss.

1.15 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, and value added taxes.

1.16 Other Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is recognized in the income statement on the date the entity's right to receive payments is established.

Company has elected to present gains or losses arising from fair value adjustments of financial instruments, gains or losses on disposal of property, plant and equipment, gain or losses from disposal/redemption of investments and regular foreign currency transactions and translations as a separate line item "other gains/(losses) - net" on the face of the statement of profit and loss as permitted in para 85 of Ind AS 1.

1.17 Export Benefits

Export incentives in the form of Duty Draw back benefit/MEIS License is accounted for on accrual basis and treated as income from operations.

1.18 Income Taxes

The income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years. Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity/Mutual Funds. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

1.19 Foreign currency transactions and translation

The functional currency of the company is Indian rupee . Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies as at the Balance Sheet date are translated at exchange rate prevailing at the year end. Exchange differences arising on actual payments / realisations and year end translations including on forward contracts are dealt with in Profit and Loss.

1.20 Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Transaction cost in respect of long-term borrowings are amortised over the tenure of respective loans using effective interest method. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

1.21 Contingent Liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the financial statements but disclosed, where an inflow of economic benefit is probable.

1.22 Earnings Per Share

Earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

NOTE : 27 CAPITAL MANAGEMENT

The Company manages its capital to ensure to continue as a going concern while maximizing the return to the equity holders through optimization of the debt to equity balance. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Apart from internal accrual, sourcing of capitalised one through judicious combination of equity and borrowings, both short and long term.

The Company monitors capital using a ratio of adjusted net debt to adjusted equity. For this purpose, adjusted net debt is defined as total liabilities, comprising interest bearing loans and borrowings, less cash and cash equivalents and current investment. Adjusted equity comprises all components of equity.

NOTE : 28 - FINANCIAL RISK MANAGEMENT**(a) Risk Management Framework**

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

(b) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in financial instruments.

The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The Management impact analysis shows credit risk and impact assessment as low.

Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

(c) Liquidity Risk management

Ultimate responsibility for liquidity risk management rests with the board of directors. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Liquidity risk table

The following table provides details of the remaining contractual maturity of the Company's financial Liabilities. It has been drawn up based on the undiscounted cash flows and the earliest date on which the Company can be required to pay.

(d) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices mainly comprise three types of risk: currency rate risk, interest rate risk and other price risks. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2022 and March 31, 2021. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The Company uses derivatives like forward contracts to manage market risks on account of foreign exchange.

Currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and Euro. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (Rupees). Currency risks related to the principal amounts of the Company's foreign currency payables, have been partially hedged using forward contracts taken by the Company.

Sensitivity analysis

A Reasonably possible strengthening/(weakening) of the Indian Rupees against US dollars at March 31 would have affected the measurement of financial instruments denominated in US dollars and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rate remain constant and ignores any impact of forecast sales and purchases.

Interest Rate Risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which exposes the Company to cash flow interest rate risk. During 31st March 2022 and 31st March 2021, the Company's borrowings at variable rate were denominated in India Rupees. Currently the Company's borrowings are within acceptable risk levels, as determined by the management, hence the Company has not taken any swaps to hedge the interest rate risk.

Exposure to Interest Rate Risk

The Company's Interest Rate Risk arises from borrowings obligations. Borrowings issued exposes as fair value interest rate risk. The interest rate profile of the company's interest bearing financial instruments as reported to the management of the Company is as follows.

Cash flow Sensitivity Analysis for Variable -Rate Instruments

A reasonably possible change of 50 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rate, remain constant.

NOTE : 29 - Trade and Other Receivables

Credit risk is the risk that a customer may default or not meet its obligations to the company on a timely basis, leading to financial losses to the Company. The management has an advance collection /credit policy criteria in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount. Before accepting a new customer, the Company uses an internal credit system to assess the potential customer's credit quality and defines credit limits separately for each individual customer. **The gross carrying amount of trade receivables as at 31st March 2022 aggregates Rs 31,651.99 Lacs (P.Y. 31,686.99 Lacs) and trade receivables are due for more than six months from the reporting date of Rs 31,651.99 Lacs (P.Y. 31,686.99 Lacs).** The Company reviews for any required allowance for impairment that represents its expected credit losses in respect of trade receivables. The company assess impairment based on the expected credit loss (ECL) model to all its financial assets measured at amortised cost.
