Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To
The Board of Directors of
Hindustan Zinc Limited

1. We have reviewed the accompanying statement of unaudited financial results of Hindustan Zinc Limited (the "Company") for the quarter ended June 30, 2020 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Hindustan Zinc Limited

Results for the First Quarter Ended June 30, 2020

“Ramped-up operation delivered healthy performance”

Highlights for the quarter

- Mined metal production: 202kt
- Refined metal production: 202kt
- Saleable silver production: 117 MT
- Zinc COP*: \$1,019 per MT

*Operating COP of \$954 adjusted for COVID-19 related donations of \$53 per MT and one-time start-up cost

Udaipur, July 21, 2020: Hindustan Zinc Limited, the leading global integrated producer of zinc, lead and silver, reported its results for the first quarter ended June 30, 2020.

Commenting on the Q1 performance, **Mr Sunil Duggal, CEO**, said: *“Our strong performance during these difficult times demonstrates the spirit and resilience of our people, who transformed a crisis into an opportunity. The resulting streamlining of our operations has also laid a strong foundation, which will have a lasting positive impact on our performance.”*

Mr Arun Misra, Deputy CEO, said: *“We successfully restarted our operations post the lifting of COVID-19 lockdown in April and ramped up our operations across all mines and smelters to near normal levels. In these uncertain times, our priority continues to be safety of our people and continuity of our operations in order to deliver robust growth in the quarters to come.”*

Mr Swayam Saurabh, CFO, said: *“Our cost optimisation programme launched last year has started to yield results. With digitalization & automation projects taking roots in our day-to-day operations, we expect to deliver higher volume at lower costs this year.”*

(1) Including other operating income

(2) Excluding Captive consumption of 1,202 MT in Q1 FY 2021 as compared with 1,822 MT in Q1 FY 2020 and 1,755 MT in Q4 FY2020.

(3) Excluding captive consumption of 6.2 MT in Q1 FY2021 as compared with 9.4 MT in Q1 FY 2020 and 9.0 MT in Q4 FY2020.

(4) Silver occurs in Lead & Zinc ore and is recovered in the smelting and silver-refining processes.

(5) Reported Zinc CoP without royalty was \$1,019 (Rs 76,920) per MT in Q1 FY2021

Operational Performance

Mined metal production for the quarter was down 5% y-o-y and 19% sequentially to 202kt due to fewer days of production in April and lower workforce availability on account of restrictions related to COVID-19. Ore grades were flat from a year ago and were lower sequentially as per mine plan and mix shift.

Integrated metal production was 202kt for the quarter, down 8% y-o-y and 9% sequentially due to lower production in April. Integrated zinc production was 157kt, down 8% y-o-y and 9% sequentially while integrated lead production was 44kt, down 7% y-o-y and 10% sequentially. Integrated saleable silver production was 117 MT, down 26% y-o-y and 30% sequentially due to delayed stabilization of DSC lead smelter and increase in WIP, partly offset by higher silver grades.

Financial Performance

Revenue from operations during the quarter was Rs. 3,989 Crore, a decrease of 20% y-o-y and 9% sequentially primarily due to a 29% y-o-y and 8% sequential decline in zinc LME prices, 11% y-o-y and 9% sequential decline in lead LME prices, lower metal premium, and COVID-19 impacted lower volume, partly offset by rupee depreciation.

Zinc cost of production (COP) before royalty and adjusted for one-time costs (COVID-19 related donations & start-up costs) was \$ 954 (Rs 72,004) per MT for the quarter, lower by 11% (3% in Rs) y-o-y and lower by 4% sequentially (flat in Rs). Reported COP was \$1,019 (Rs. 76,920) per MT and included Rs. 101 Crore (\$53 per MT) for contribution towards PM-CARES fund. The COP benefitted from continued decline in coal, diesel and metcoke prices as well as structural cost reduction initiatives in the areas of consumption, contracting, fixed cost base and digitalization driven efficiency. These were partly offset by lower volume, lower grades sequentially and weak acid credits.

EBITDA for the quarter was Rs. 1,599 Crore, down 36% y-o-y and 18% sequentially on account of lower revenue, contribution towards COVID-19 donations and one-time start-up costs, partly offset by lower operating costs.

Net profit for the quarter was Rs. 1,359 Crore, a decline of 23% y-o-y and up 1% sequentially. The decline in EBITDA was partly offset by higher investment income primarily on account of mark-to-market gains due to favourable interest rate movement.

Outlook

Both mined metal and finished metal production in FY2021 will be higher than last year and is expected to be between 925-950 KT each. FY2021 saleable silver production is projected at c.650 MT.

Zinc cost of production in FY2021 is expected to remain below \$1,000 per MT. The project capex for the year is expected to be in the range of US\$100-140 million.

Expansion Projects

Project work was resumed at all sites in June while complying with COVID-19 guidelines and providing essential training and awareness to ensure safety and well-being of all workers and business partners.

Consequently, the commissioning of back-fill plants at Zawar is expected to be completed in Q2. Fumer plant is ready for commissioning and is waiting for OEM support delayed due to visa and travel restrictions.

We commissioned a 10 MLD STP in Udaipur and another 5 MLD plant is in its final stages of commissioning, which will take the total STP capacity to 60 MLD. This will treat major portion of the sewage of Udaipur city. While part of the recycled water will continue to be used by our plants, the remaining water will be discharged back into the river to augment ground water levels and help downstream agriculture.

Liquidity and investment

As on June 30, 2020, the Company's net cash and cash equivalents was Rs. 15,480 Crore as compared to Rs. 21,596 Crore at the end of FY2020 and was invested in high quality debt and other fixed income instruments.

Earnings Call on Tuesday, July 21, 2020 at 4:00 pm (IST)

The Company will hold an earnings conference call on Tuesday, July 21, 2020 at 4.00 pm IST, where senior management will discuss the Company's results and performance.
