(IST). The Company is providing the facility to vote at the Meeting by electronic means, i.e., remote e-voting and e-voting at the Meeting.

III. Need and rationale of the Scheme, benefits of the Scheme as perceived by the Board of Directors of the Companies, synergies of business of the Companies involved in the Scheme, impact of the Scheme on the shareholders and cost benefit analysis of the Scheme.

1. The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions.
2. Over the past 17 (seventeen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.
3. The Demerged Company's business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies.
4. The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
5. In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under this Scheme, as detailed below:
 - (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2) to Resulting Company 2.
6. The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
7. The proposed restructuring pursuant to this Scheme, is expected, *inter alia*, to result in the following benefits:
 - (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
 - (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;

- (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
- (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;
- (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

Cost benefit analysis of the Scheme

Although the Scheme would lead to incurring some costs by each of the Companies towards its implementation, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Companies in terms of improved competitiveness, operational efficiency and other benefits as specified under need & rationale of the Scheme. It will be beneficial for the Demerged Company and Resulting Companies.

- 7.2 Upon the Effective Date, the borrowing limits of Resulting Company 1 in terms of Section 180(1)(c) of the Act, shall, without any requirement of any further act or deed, stand enhanced by an amount being the aggregate borrowings forming part of the Transferred Liabilities 1 which are being transferred to Resulting Company 1 pursuant to this Scheme and Resulting Company 1 shall not be required to pass any separate resolution in this regard. Such limits shall be incremental to the existing borrowing limits of Resulting Company 1.
- 7.3 Where any of the Transferred Liabilities 1 have been partially or fully discharged by the Demerged Company after the Appointed Date and prior to the Effective Date, such discharge shall be deemed to have been for and on account of Resulting Company 1, and all liabilities and obligations incurred by the Demerged Company for the operations of Demerged Undertaking 1 which form a part of the Demerged Company after the Appointed Date and prior to the Effective Date shall be deemed to have been incurred for and on behalf of Resulting Company 1, and to the extent they are outstanding on the Effective Date, shall also without any further act or deed be and stand transferred to Resulting Company 1 and shall become the liabilities and obligations of Resulting Company 1. 9. Rationale of the Scheme

- (a) The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions.
- (b) Over the past 16 (sixteen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.
- (c) The Demerged Company's business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies.
- (d) The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
- (e) In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
- (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1) to Resulting Company 1; and
- (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2) to Resulting Company 2.
- (f) The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
- (g) The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
- (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
- (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;

- (iii) insulating and de-risking the businesses from one another;
- (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
- (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
- (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
- (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;
- (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Board of Directors of the Company is of view that the rationale and benefits of the Scheme justify the proposed arrangement/ demerger.

3.2 NEED FOR THE DEMERGER AND RATIONALE OF THE SCHEME

The Audit Committee reviewed and recommended to the Board the draft Scheme, Share Entitlement Ratio Report and Fairness Opinion and noted the need, rationale and the benefits of the Scheme to the stakeholders and the shareholders which, *inter-alia*, are as follows:

- (a) The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions.
- (b) Over the past 16 (sixteen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.
- (c) The Demerged Company’s business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies.
- (d) The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.

- (e) In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
- (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2) to Resulting Company 2.
- (f) The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
- (g) The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
- (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
 - (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
 - (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
 - (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;

- (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Audit Committee was of view that the rationale and benefits of the Scheme justify the proposed arrangement/ demerger.

3.3 SYNERGIES OF BUSINESS OF THE COMPANIES INVOLVED IN THE SCHEME

The Audit Committee noted the following:

The demerger of the Demerged Undertaking 1 and Demerged Undertaking 2 of the Company into Resulting Company 1 and Resulting Company 2 respectively would create simplified structure and would create independent listed companies with distinct set of growth opportunities.

The demerger would result in achieving efficiency in operational processes, implementation of intendent strategies specifically designed for each business and in optimizing profitability of each of these entities.

The demerger is expected to create distinct business verticals for each of the business portfolios of the Company comprising two new flagship listed companies, thereby unlocking their potential value and simplification of the corporate structure enabling faster and industry specific decision making.

Upon demerger, the benefits and synergies as mentioned in para 3.2 above shall be derived.

3. RATIONALE AND NEED FOR THE SCHEME

The Committee of Independent Directors noted the rationale and need for the Scheme, as provided hereunder:

- (a) The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions.
- (b) Over the past 16 (sixteen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.
- (c) The Demerged Company’s business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies.
- (d) The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
- (e) In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
 - (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2) to Resulting Company 2.
- (f) The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.

- (g) The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
- (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
 - (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
 - (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
 - (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;
 - (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
 - (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Committee of Independent Directors was of view that the rationale and benefits of the Scheme justify the proposed arrangement/ demerger.

The restricted stock units yet to be granted and/ or exercised may get exercised before the Effective Date resulting in an increase in the number of equity shares and issued, subscribed and paid-up share capital of the Demerged Company from time to time. 3. Data obtained and sources of information

- 3.1 We have called for and obtained such data, information, etc. as were necessary for the purpose of this assignment, which have been, as far as possible, made available to me by the Management. **Appendix A** hereto broadly summarizes the data obtained.
- 3.2 For the purpose of this assignment, we have relied on such data summarized in the said Appendix and other related information and explanations provided to me in this regard.

4. Consideration of Factors for Determination of Share Entitlement Ratio

For the purpose of arriving at the fair ratio of entitlement for the Proposed Demergers, we have examined, considered and placed reliance on various details, data, documents, accounts, statements furnished and explanations and information given to us and have proceeded to find out the ratio on a consideration of the following factors:

- 4.1 All the properties and the liabilities relating to the Demerged Undertaking 1 and Demerged Undertaking 2 shall be transferred to DSL and BEL respectively, at the value appearing in the books of accounts of the Demerged Company immediately before the demerger.
- 4.2 The net asset value as at September 30, 2023 of Demerged Undertaking 1 and Demerged Undertaking 2 and the Remaining Business computed basis the provisional statements of assets and liabilities as on that date provided to us by the Management are in a similar range. Further the same is higher than the proposed issue of equity shares by DSL and BEL upon demerger.
- 4.3 As can be observed from the shareholding pattern of the Transferor Company and the Transferee Companies, the Transferee Companies are wholly owned subsidiaries of Transferor Company. Upon the Scheme being effective, the entire existing share capital of both DSL and BEL shall stand cancelled and new shares shall be allotted to the shareholders of QCL holding shares therein on the record date as defined in the Scheme. Therefore, only the shareholders of QCL shall hold shares of DSL and BEL. Thus, effectively the shareholding in QCL would continue to mirror the shareholding of BEL and DSL.
- 4.4 Further, we have given due consideration to the twin factors of the level of paid-up equity share capital that is considered reasonable for servicing the Demerged Undertaking 1 and Demerged Undertaking 2 proposed to be transferred in to DSL and BEL respectively and of avoiding fraction and disturbance in the holdings of shareholders.
- 4.5 From the foregoing, it is evident that the question or aspect of adjusting the equities between two or more disparate groups of shareholders (which is ordinarily at the root of fixing such ratio of entitlement) is not relevant in this case due to mirroring of the shareholding in case of QCL, DSL and BEL.
- 4.6 It may be noted that the Institute of Chartered Accountants of India (ICAI) on June 10, 2018 has issued the ICAI Valuation Standards (“IVS”) effective for all the valuation reports issued on or after July 1, 2018. The IVS is mandatory for the valuation done under the Companies Act, 2013, and recommendatory for valuation carried out under other statutes/ requirements. However, as the current exercise does not entail valuation, the question of following the Valuation Standards does not arise.

5. Conclusion

Based on the foregoing data, considerations and steps followed, in our opinion the fair ratio of entitlement for equity shares would be as follows:

For Proposed Demerger of Demerged Undertaking 1 into Resulting Company 1

For every 1 (one) equity share of face and paid-up value of Rs 10/- (ten) each held in Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (ten) each of Resulting Company 1 to be issued to the equity shareholders of Demerged Company.

For Proposed Demerger of Demerged Undertaking 2 into Resulting Company 2

For every 1 (one) equity share of face and paid-up value of Rs 10/- (ten) each held in Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (ten) each of Resulting Company 2 to be issued to the equity shareholders of Demerged Company.

Valuers' Recommendation

The Valuer has recommended the following Share Entitlement Ratios for the Proposed Transaction as per their Share Entitlement report:

- For every 1 (One) equity share of face and paid-up value of INR 10/- (Indian Rupees Ten only) each held in the Demerged Company, 1 (One) equity share of face and paid-up value of INR 10/- (Indian Rupees Ten only) each of Resulting Company 1 to be issued to the equity shareholders of the Demerged Company.
- For every 1 (One) equity share of face and paid-up value of INR 10/- (Indian Rupees Ten only) each held in the Demerged Company, 1 (One) equity share of face and paid-up value of INR 10/- (Indian Rupees Ten only) each of Resulting Company 2 to be issued to the equity shareholders of the Demerged Company.

Conclusion:

Upon the Scheme becoming effective, the beneficial economic interest of the shareholders of Demerged Company in the paid-up equity shares of Resulting Company 1 and Resulting Company 2 would be same and their shareholding in Resulting Company 1 and Resulting Company 2 would mirror to their shareholding in Demerged Company.

The shareholders of Demerged Company are and will, upon demerger, be ultimate economic beneficial owners of Resulting Company 1 and Resulting Company 2 in the same proportion as they hold in Demerged Company;

In the circumstance, having regards to the relevant facts, information and explanations provided to us, our independent analysis/evaluation of such information and subject to the scope limitations as mentioned herein, we are of the opinion that the Share Entitlement Ratios as recommended by the Valuer, which forms the basis for the Proposed Transaction, is fair, to the shareholders of Qeess, from a financial point of view.

INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM CONSOLIDATED FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF QUESS CORP LIMITED

1. We have reviewed the accompanying Statement of Consolidated Unaudited Financial Results of **QUESS CORP LIMITED** ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), for the quarter and half year ended 30 September 2024 ("the Statement") being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").
2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of Parent's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities listed in Annexure 1 to this report.

5. Basis for Qualified Conclusion

As stated in note 5 to the Statement, certain tax deductions claimed by the Parent and recognised in computation of income tax expense in the current and preceding periods have been disallowed by the Income Tax Authority. The disallowance has been challenged by the Parent in a judicial forum. The Parent, supported by external opinions from legal counsel and other tax experts, has assessed the basis of the disallowances and concluded that it is probable that these deductions will be accepted upon ultimate resolution.

In January 2024, as described in note 5, another regulatory authority has made certain observations (referred to as "new information") on the applicability of certain deductions in the Income Tax Act and related reports submitted to the Income Tax Authority in respect of these deductions. The Parent has taken into consideration this new information and continues to believe that it is probable that these deductions upon ultimate resolution will be accepted by the Income Tax Authority.

As a result of the uncertainty in respect of the outcome in the aforesaid matter, pending ultimate resolution and acceptance by the Income Tax Authority, we are unable to comment whether any adjustments are necessary.

This matter was also qualified in our report on the consolidated financial results for the quarter ended 30 June 2024 and year ended 31 March 2024.

6. Qualified Conclusion

Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 8 below, except for the possible effects of the matter described in paragraph 5 above, nothing has come to our attention that causes us to believe that the accompanying Statement, has not been prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, and has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

7. Emphasis of Matter

We draw attention to note 4 of the Statement, regarding the demands received by the Parent in respect of provident fund and contingency related to the pending litigation on the said matter.

Our conclusion on the Statement is not modified in respect of this matter.

8. We did not review the financial information/financial results of 18 subsidiaries included in the consolidated unaudited financial results, whose interim financial information/financial results reflect total assets of Rs. 10,316.94 million as at 30 September 2024 and total revenues of Rs. 6,314.41 million and Rs. 12,592.01 million for the quarter and half year ended 30 September 2024 respectively, total net profit after tax of Rs. 625.38 million and Rs. 827.20 million for the quarter and half year ended 30 September 2024 respectively and total comprehensive income of Rs. 719.98 million and Rs. 917.75 million for the quarter and half year ended 30 September 2024 respectively, and net cash outflows of Rs. 594.71 million for the half year ended 30 September 2024, as considered in the Statement. These interim financial information/ financial results have been reviewed by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of these matters.

9. Consolidated unaudited financial results for the quarter and half year ended 30 September 2024

Notes for the quarter and half year ended 30 September 2024:

- 1 The consolidated financial results of Qess Corp Limited ("the Company") including its subsidiaries (collectively known as the "Group") (as mentioned in Appendix I to these notes) for the quarter and half year ended 30 September 2024 have been taken on record by the Board of Directors at its meeting held on 28 October 2024. The statutory auditors have expressed a qualified conclusion on the consolidated financial results for the quarter and half year ended 30 September 2024. These consolidated financial results have been extracted from the interim consolidated financial information.
- 2 The consolidated financial results have been prepared in accordance with the recognition and measurement principles laid down in the applicable accounting standards prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- 3 The consolidated unaudited financial results and the review report of the Statutory Auditors is being filed with Bombay Stock Exchange ("BSE") and National Stock Exchange ("NSE") and will be made available on the Company's website www.qesscorp.com.
- 4 During fiscal year 2020, the Regional PF Commissioner ("RPFC") passed an order under Section 7-A of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 ("Act") demanding INR 716.56 million on the grounds that it failed to remit Provident Fund ("PF") on wages for its employees for the period from April 2018 to March 2019 for certain components of salary. The Company filed an appeal before the Central Government Industrial Tribunal ("CGIT") under section 7-I of the Act challenging the Employees' Provident Fund Organisation's ("EPFO") order along with the application under Section 7-O of the Act seeking a waiver from pre-deposit of the alleged Provident Fund Contributions till the final disposal of the Appeal. The CGIT after hearing the submissions made by the parties passed an Order allowing complete waiver from any pre-deposit and also staying the operation of the EPFO order. The matter has been adjourned to 10 December 2024. The Company has taken external independent legal advice as per which the EPFO's order is prima facie erroneous and unsustainable in law and therefore will not be sustained on ultimate resolution.

5 Income Tax matters:

During the previous quarters, the Company received assessment orders for fiscal 2018, 2019 and 2020; and draft assessment order for fiscal 2021 in which primarily deduction under section 80JJAA of the Income Tax Act ('IT Act') and depreciation on goodwill has been disallowed. The Income Tax department disallowed the claim under section 80JJAA of the IT Act on the grounds of non-existence of employer – employee relationship in respect of associate employees of the Company. Additionally, the Income Tax Department also disputed the interpretations adopted by the Company for computing the deduction under section 80JJAA by disallowing claims for:

- additional employees whose emoluments exceed Rs.25,000 in a month but the average emoluments for these additional employees does not exceed Rs.25,000 in a month during the service period;
- additional employees who have served more than 240 days in a year but are not an employee on March 31 of the respective financial year for which the claim is availed; and
- employees for whom which the employer's contribution of provident fund for any part of the year is paid by the Government under Employee Pension Scheme (EPS) but the entire employer's contribution is not reimbursed by the Government during the year.

The Company filed an appeal with the Income Tax Appellate Tribunal against the assessment orders for fiscal 2018, 2019 and 2020 and believes that the tax treatment availed by the Company for deductions under 80JJAA and depreciation on goodwill are valid and will be sustained on ultimate resolution supported by external opinions from legal counsel and other tax experts. Additionally, the Company filed similar objections against the draft assessment order for fiscal 2021 with the Dispute Resolution Panel.

During the quarter, the Dispute resolution Panel rejected the objections filed by the Company for fiscal 2021 on similar lines of fiscal 2018, 2019 and 2020. The assessment order for fiscal 2021 was received subsequently on 28 October 2024. The Company will file an appeal before the Income Tax Appellate Tribunal.

In January 2024, National Financial Reporting Authority ('NFRA'), in an Order relating to certification for fiscal 2019 to 2021 by an external Chartered Accountant pertaining to claims under 80JJAA made by the Company, has made certain observations on the applicability of certain conditions in the Income Tax Act and related reports submitted to the Income Tax Authority in respect of these deductions. This order was subsequently stayed by the Hon'ble Delhi High Court. As specified above, the Company continues to believe that its claim under 80JJAA is valid and intends to vigorously contest its position and interpretative stance of these sections on merits and based on external third-party assessments of the claim made, believes that the deduction under 80JJAA will be sustained upon ultimate resolution by the Income Tax Authority.

Pending resolution of these Income Tax disputes, the Group has disclosed a contingent liability of INR 1,631.07 million towards demands including interest in the order for these fiscal years.

The Company continues to maintain its stand on the manner of claiming the 80JJAA deduction and accordingly 80JJAA deduction (reduced from taxable income) of INR 1,079.34 million is claimed for the quarter and INR 2,015.94 million for half year ended 30 September 2024 (year ended 31 March 2024: INR 4,161.85 million) by the Company and its one subsidiary. The Company believes that such deduction, including its quantum, has been validly and consistently claimed, in conformity with its interpretation of the statute.

6 Exceptional items:

i) During the quarter and half year ended 30 September 2024, the Company incurred certain transaction costs amounting to INR 3.02 million and INR 2.56 respectively towards scheme of demerger as explained in below note which is disclosed under exceptional items.

The Scheme is subject to receipt of requisite approvals from National Company Law Tribunal, Bengaluru Bench ("Tribunal") and other statutory and regulatory authorities, and approval of the requisite majority of the shareholders and creditors of the Companies, under applicable law.

**INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM STANDALONE
FINANCIAL RESULTS**

TO THE BOARD OF DIRECTORS OF QUESS CORP LIMITED

1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **QUESS CORP LIMITED** ("the Company"), for the quarter and half year ended 30 September 2024 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. Basis for Qualified Conclusion

As stated in note 7 to the Statement, certain tax deductions claimed by the Company and recognised in computation of income tax expense in the current and preceding periods have been disallowed by the Income Tax Authority. The disallowance has been challenged by the Company in a judicial forum. The Company, supported by external opinions from legal counsel and other tax experts, has assessed the basis of the disallowances and concluded that it is probable that these deductions will be accepted upon ultimate resolution.

In January 2024, as described in note 7 to the Statement, another regulatory authority has made certain observations (referred to as "new information") on the applicability of certain conditions in the Income Tax Act and related reports submitted to the Income Tax Authority in respect of these deductions. The Company has taken into consideration this new information and continues to believe that it is probable that these deductions upon ultimate resolution will be accepted by the Income Tax Authority.

As a result of the uncertainty in respect of the outcome in the aforesaid matter, pending ultimate resolution and acceptance by the Income Tax Authority, we are unable to comment whether any adjustments are necessary.

This matter was also qualified in our report on the financial results for the quarter ended 30 June 2024 and for the year ended 31 March 2024.

5. Qualified Conclusion

Based on our review conducted as stated in paragraph 3 above, except for the possible effects of the matter described in paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying Statement has not been prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, and has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. Emphasis of Matter

We draw attention to note 6 of the Statement, regarding the demands received by the Company in respect of provident fund and contingency related to the pending litigation on the said matter.

Our conclusion on the Statement is not modified in respect of this matter.

Notes relating to current quarter and half year ended 30 September 2024:

- 1 The standalone financial results of Quess Corp Limited ("the Company") for the quarter and half year ended 30 September 2024 have been approved by the Board of Directors at its meeting held on 28 October 2024. The statutory auditors have expressed a qualified conclusion on the financial results for the quarter and half year ended 30 September 2024. These standalone financial results have been extracted from the interim standalone financial information.
- 2 Pursuant to the provisions of the Listing Agreement, the Management has decided to publish consolidated unaudited financial results in the newspapers. The standalone unaudited financial results and the review report of the statutory auditors is being filed with Bombay Stock Exchange ("BSE") and National Stock Exchange ("NSE") and will be made available on the Company website www.quescorp.com.
- 3 The standalone financial results have been prepared in accordance with the recognition and measurement principles laid down in the applicable accounting standards prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- 4 In accordance with Ind AS 108, Operating segments, segment information has been provided in the consolidated unaudited financial results of the Company and therefore no separate disclosure on segment information is given in these standalone unaudited financial results.
- 5 The Board of Directors of the Company, at its meeting held on 7 July 2021 approved the Scheme of Amalgamation ("Scheme AAA") among Quess Corp Limited ("Transferee Company") with three of its wholly owned subsidiaries namely MFX Infotech Private Limited and Greenpiece Landscape India Private Limited and Conneqt Business Solutions Limited together known as ("Transferor Companies"). The Hon'ble National Company Law Tribunal, Bengaluru Special Bench pronounced the order on 30 October 2023, approving the aforesaid Scheme AAA from the appointed date of 1 April 2021. The certified true copy of the order was filed with the Registrar of Companies on 30 November 2023.

The Company accounted for the amalgamation by applying the common control guidance in Appendix C to Ind AS 103 - Business Combinations. Consequently, standalone results are restated for the quarter and half year ended 30 September 2023 to give effect to the amalgamation.

- 6 During fiscal year 2020, the Regional PF Commissioner ("RPF") passed an order under Section 7-A of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 ("Act") demanding INR 716.56 million on the grounds that it failed to remit Provident Fund ("PF") on wages for its employees for the period from April 2018 to March 2019 for certain components of salary. The Company filed an appeal before the Central Government Industrial Tribunal ("CGIT") under section 7-I of the Act challenging the Employees' Provident Fund Organisation's ("EPFO") order along with the application under Section 7-O of the Act seeking a waiver from pre-deposit of the alleged Provident fund Contributions till the final disposal of the Appeal. The CGIT after hearing the submissions made by the parties passed an Order allowing complete waiver from any pre-deposit and also staying the operation of the EPFO order. The matter has been adjourned to 10 December 2024. The Company has taken external independent legal advice as per which the EPFO's order is prima facie erroneous and unsustainable in law and therefore will not be sustained on ultimate resolution.

7 Income Tax matters:

During the prior quarters, the Company received assessment orders for fiscal 2018, 2019 and 2020 and draft assessment order for fiscal 2021 in which primarily deduction under section 80JJAA of the Income Tax Act ('IT Act') and depreciation on goodwill has been disallowed.

The Income Tax department disallowed the claim under section 80JJAA of the IT Act on the grounds of non-existence of employer – employee relationship in respect of associate employees of the Company. Additionally, the Income Tax Department also disputed the interpretations adopted by the Company for computing the deduction under section 80JJAA by disallowing claims for:

- additional employees whose emoluments exceed Rs 25,000 in a month but the average emoluments for these additional employees does not exceed Rs.25,000 in a month during the service period;
- additional employees who have served more than 240 days in a year but are not an employee on March 31 of the respective financial year for which the claim is availed; and
- employees for whom which the employer's contribution of provident fund for any part of the year is paid by the Government under Employee Pension Scheme (EPS) but the entire employers contribution is not reimbursed by the Government during the year.

The Company filed an appeal with the Income Tax Appellate Tribunal against the assessment orders for fiscal 2018, 2019 and 2020 and believes that the tax treatment availed by the Company for deductions under 80JJAA and depreciation on goodwill are valid and will be sustained on ultimate resolution supported by external opinions from legal counsel and other tax experts. Additionally, the Company filed similar objections against the draft assessment order for fiscal 2021 with the Dispute Resolution Panel.

During the quarter, the Dispute resolution Panel rejected the objections filed by the Company for fiscal 2021 on similar lines of fiscal 2018, 2019 and 2020. The assessment order for fiscal 2021 was received subsequently on 28 October 2024. The Company will file an appeal before the Income Tax Appellate Tribunal.

In January 2024, National Financial Reporting Authority ('NFRA'), in an Order relating to certification for fiscal 2019 to 2021 by an external Chartered Accountant pertaining to claims under 80JJAA made by the Company, has made certain observations on the applicability of certain conditions in the Income Tax Act and related reports submitted to the Income Tax Authority in respect of these deductions. This order was subsequently stayed by the Hon'ble Delhi High Court. As specified above, the Company continues to believe that its claim under 80JJAA is valid and intends to vigorously contest its position and interpretative stance of these sections on merits and based on external third-party assessments of the claim made, believes that the deduction under 80JJAA will be sustained upon ultimate resolution by the Income Tax Authority.

Pending resolution of these Income Tax disputes, the Company has disclosed a contingent liability of INR 1,513.94 million towards demands including interest in the order for these fiscal years. The Company continues to maintain its stand on the manner of claiming the 80JJAA deduction and accordingly 80JJAA deduction (reduced from taxable income) of INR 1,071.14 million is claimed for the quarter and INR 1,967.34 for half year ended 30 September 2024 (year ended 31 March 2024: INR 4,025.76 million). The Company believes that such deduction, including its quantum, has been validly and consistently claimed, in conformity with its interpretation of the statute.

8 Exceptional items:

- i) During the quarter and half year ended 30 September 2024, the Company assessed the recoverable value of loan (including interest receivable) for its subsidiaries and other assets, and recognised an impairment loss of INR 0.43 million and INR 5.66 million respectively which is disclosed under exceptional item.

- 10 During the quarter, the Company has changed its accounting policy for presentation of net interest cost on defined benefit obligation from employee benefits expense to finance cost as this results in providing reliable and more relevant information about the financial performance of the Company. DETAILS OF THE SCHEME

The composite scheme of arrangement between Quess, Digitide and Bluspring and its shareholders and creditors, pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Act (“**Scheme**”). The Scheme provides *inter alia* for:

- (i) the demerger of Demerged Undertaking 1 (*as defined in the Scheme*) to Resulting Company 1;
- (ii) the consequent issuance of the New Equity Shares 1 (*as defined in the Scheme*) by Resulting Company 1 to the equity shareholders of the Demerged Company;
- (iii) the demerger of Demerged Undertaking 2 (*as defined in the Scheme*) to Resulting Company 2;
- (iv) the consequent issuance of the New Equity Shares 2 (*as defined in the Scheme*) by Resulting Company 2 to the equity shareholders of the Demerged Company; and
- (v) matters consequential or connected therewith;

pursuant to Sections 230 to 232 of the Act and other applicable provisions thereof read with Section 2(19AA) of the IT Act (*as defined in the Scheme*) and the SEBI Scheme Circular (*as defined in the Scheme*).

The rationale for the Scheme is given below:

1. The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions. Over the past 17 (seventeen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The

Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.

2. The Demerged Company's business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies. The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
3. In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
 - (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1 (as defined in the Scheme)) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2 (as defined in the Scheme)) to Resulting Company 2.
4. The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
5. The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
 - (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
 - (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
 - (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
 - (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;
 - (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and

- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Scheme is in the interests of all stakeholders of the Demerged Company, Resulting Company 1 and Resulting Company 2.

Consideration under the Scheme: Upon the effectiveness of the Scheme and in consideration of the transfer and vesting of Demerged Undertaking 1 into Resulting Company 1 pursuant to provisions of the Scheme, Resulting Company 1 shall, without any further act or deed, issue and allot equity shares to the equity shareholders of the Demerged Company, whose names are recorded in the register of members and records of the depository as members of the Demerged Company, on the Record Date, in the following ratio:

“For every 1 (one) equity share of face and paid-up value of Rs 10/- (Indian Rupees Ten only) each held in the Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (Indian Rupees Ten only) each of Resulting Company 1 to be issued to the equity shareholders of the Demerged Company.” (“Share Entitlement Ratio 1”, and the equity shares issued in such ratio, (“New Equity Shares 1”)

Appointed Date for the purpose of the Scheme means the opening of business hours on April 01, 2024 or such other date as approved by the National Company Law Tribunal, Bengaluru (“NCLT”).

Listing of equity shares of Resulting Company 1: Resulting Company 1 shall apply for listing of its equity shares on the Stock Exchanges in compliance of the SEBI circulars and other applicable laws.

DETAILS OF THE SCHEME

The composite scheme of arrangement between Quess, Digitide and Bluspring and its shareholders and creditors, pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Act ("**Scheme**"). The Scheme provides *inter alia* for:

- (i) the demerger of Demerged Undertaking 1 (*as defined in the Scheme*) to Resulting Company 1;
- (ii) the consequent issuance of the New Equity Shares 1 (*as defined in the Scheme*) by Resulting Company 1 to the equity shareholders of the Demerged Company;
- (iii) the demerger of Demerged Undertaking 2 (*as defined in the Scheme*) to Resulting Company 2;
- (iv) the consequent issuance of the New Equity Shares 2 (*as defined in the Scheme*) by Resulting Company 2 to the equity shareholders of the Demerged Company; and
- (v) matters consequential or connected therewith;

pursuant to Sections 230 to 232 of the Act and other applicable provisions thereof read with Section 2(19AA) of the IT Act (*as defined in the Scheme*) and the SEBI Scheme Circular (*as defined in the Scheme*).

The rationale for the Scheme is given below:

1. The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client

productivity through outsourced solutions. Over the past 17 (seventeen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.

2. The Demerged Company's business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies. The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
3. In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
 - (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1 (*as defined in the Scheme*)) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2 (*as defined in the Scheme*)) to Resulting Company 2.
4. The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
5. The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
 - (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
 - (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
 - (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
 - (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;

- (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Scheme is in the interests of all stakeholders of the Demerged Company, Resulting Company 1 and Resulting Company 2.

Consideration under the Scheme: Upon the effectiveness of the Scheme and in consideration of the transfer and vesting of Demerged Undertaking 2 into Resulting Company 2 pursuant to provisions of the Scheme, Resulting Company 2 shall, without any further act or deed, issue and allot equity shares to the equity shareholders of the Demerged Company, whose names are recorded in the register of members and records of the depository as members of the Demerged Company, on the Record Date, in the following ratio:

“For every 1 (one) equity share of face and paid-up value of Rs 10/- (Indian Rupees Ten only) each held in the Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (Indian Rupees Ten only) each of Resulting Company 2 to be issued to the equity shareholders of the Demerged Company.” (“Share Entitlement Ratio 2”), and the equity shares issued in such ratio, (“New Equity Shares 2”)

Appointed Date for the purpose of the Scheme means the opening of business hours on April 01, 2024 or such other date as approved by the National Company Law Tribunal, Bengaluru (“NCLT”).

Listing of equity shares of Resulting Company 2: Resulting Company 2 shall apply for listing of its equity shares on the Stock Exchanges in compliance of the SEBI circulars and other applicable laws.

Further, risk of data security, data transmission, connectivity, downtime, system outage, data loss, connectivity, application and licensing risks, malware, etc. and absence of backup plan will impact business control plan.
4. Training and skilling risk: Lack of constant training and skilling of technical staff on technological and operational advancements in the industry will result in lower output of employees, delays in service deliveries and poor customer satisfaction. Risk of associates not complying with Client rules and regulations as expected by the client in the Agreement in cases where we have direct supervision.

Further, risk of inadequate training to employees on the latest government portals may result in incorrect remittances. The risk of non-compliance is present for certain Bluspring businesses, mainly due to the need to adhere to regulations such as the Consumer Protection Act, PSARA Act, and others.
7. Diversity & Inclusion risk: This involves potential negative impacts on an organization due to a lack of diverse perspectives and inclusive practices. This can lead to decreased employee engagement, higher turnover, and a reputation that may deter talent and clients.

Dear Sir,

Sub: Your Email dated March 11, 2024 seeking clarifications

Re: - Our Application Number 196578 regarding draft composite scheme of arrangement between Quess Corp Limited (Demerged Company), Digitide Solutions Limited (Resulting Company 1) and Bluspring Enterprises Limited (Resulting Company 2) and their respective shareholders and creditors ("Scheme")

This is with reference to your aforesaid email/letter. Please find below our response in seriatim:

1. It is observed that Quess Corp Ltd has approved the draft scheme on 16/02/2024 while resulting companies has approved their draft scheme on 25/02/2024, please clarify the reason for the same.

Response:

The Resulting Companies (i.e., Digitide Solutions Limited and Bluspring Enterprises Limited) are wholly owned subsidiaries of the Demerged Company (i.e. Quess Corp Ltd). It was therefore proposed for the boards of directors of these companies to consider and approve the Scheme only after the board of directors of the Demerged Company, i.e. their holding company, had considered and approved the Scheme. The board meetings of the Resulting Companies were therefore necessarily to be held after the board meeting of the Demerged Company on February 16, 2024.

Both the Resulting Companies are newly incorporated companies. Resulting Company 1 was incorporated on 10 February, 2024 and Resulting Company 2 was incorporated on 11 February 2024. After incorporation, these entities have appointed their Statutory Auditors and obtained requisite certificates.

Further, owing to logistical reasons, the boards of directors of the Resulting Companies could not meet immediately after the board meeting of the Demerged Company. The Resulting Companies therefore conducted their board meetings on the earliest possible date for their respective boards of directors, i.e. on February 25, 2024.

Accordingly, all the entities have taken approval from Board of Directors before filing application with the Stock Exchanges.

2. Whether resulting companies' shares will be listed at the exchange, if yes then please change the listing status of resulting companies at the interface of the application.

4. Audited financials of the transferee/resulting for the last 3 financial years (financials not being more than 6 months old) as per Annexure IV – not provided, please resubmit or clarify.

Response:

As already clarified, Resulting Companies are newly incorporated Companies and not having any audited financials. Declaration by resulting Companies in this regard was attached as Annexure 9C and Annexure 9D to the application and copy of the same are attached as **Annexure C & D** respectively.

5. Detailed Compliance Report as per the format specified in Annexure IV of SEBI circular dated June 20, 2023 duly certified by the Company Secretary, Chief Financial Officer and the Managing Director, confirming compliance with various regulatory requirements specified for schemes of arrangement and all accounting standards (format attached as Annexure VI) – MD has not certified the certified and also rectify the remark for point (e), please clarify.

Response:

The Company is not having a Managing Director as the same is not mandatory under the Companies Act, 2013 and SEBI regulations and appointed Mr. Guruprasad Srinivasan as the Executive Director and Group CEO of the Company.

Therefore, the Compliance Certificate has been certified by the Company Secretary, Chief Financial Officer and the Executive Director & Group CEO.

The revised Compliance Report is enclosed as **Annexure E**.

6. The resulting companies are incorporated in the month of February but in the certificate provided by the CA Lokesh Kumar dated 29-02-2024 has provided the consolidated financials and net worth certificate for 30-09-2023 considering resulting companies, please clarify.

For the pre-demerger, Net worth for the Resulting companies, the paid up capital of Resulting Companies have been taken as on the date of the Board meeting approving the Scheme as per the subscription to shares. Net worth Certificate of Resulting Companies (Pre-Scheme) are attached as **Annexure F and G** for reference.

Post-demerger networth of the Resulting Company 1 and Resulting Company 2 as indicated in the certificate has been prepared as a carve out of the Demerged Undertaking 1 and Demerged Undertaking 2 from the financial statements of the Demerged company as on September 30, 2023.

7. Why approval of shareholders to the scheme through e-voting in terms of Para 10 (b) (i),(ii) & (v) of the Master Circular issued on 20.06.2023, is not applicable to the instant scheme. Please clarify and modify the clause in the scheme accordingly.

Response:

Please see below the reasons for non-applicability of the relevant provisions of Paragraph (A) 10 (b) of the Master Circular:

- (i) **Paragraph (A)10 (b) (i):** This paragraph is not applicable as the Scheme does not involve allotment of additional shares to Promoter/ Promoter Group, Related Parties of Promoter/ Promoter Group, Associates of Promoter/ Promoter Group, Subsidiary(ies) of Promoter/ Promoter Group of the Demerged Company.
- (ii) **Paragraph (A)10 (b) (ii):** This paragraph is not applicable as the Scheme involves the Demerged Company and its two wholly owned subsidiaries, viz., the Resulting Companies. The Scheme does not involve any other entity involving Promoter/ Promoter Group, Related Parties of Promoter/ Promoter Group, Associates of Promoter/ Promoter Group, Subsidiary (ies) of Promoter/ Promoter Group.
- (iii) **Paragraph 10 (A) (b) (v):** This paragraph is not applicable as the consideration under the Scheme is in the form of equity shares issued by each of the two Resulting Companies, which shares issued as consideration shall be listed on the Stock Exchanges.

Please also refer to the undertaking dated February 16, 2024 provided by the Demerged Company and also certified by its statutory auditors as required under Paragraph (A) 10 (c) of the Master Circular, stating the reasons for non-applicability of each provision under Paragraph (A) 10 (b) of the Master Circular, including Paragraph (A) 10 (b) (i), (ii) and (v) which is provided as an Annexure 14 to the Application.

Aforesaid undertaking dated February 16, 2024 and statutory auditors' certificate have been duly approved and adopted by the Board of Directors in their meeting held on February 16, 2024, approving the Scheme. This resolution approving the Scheme is attached as Annexure 1A of the Application. Given the non-applicability of these provisions, we think no further changes would be required to the Scheme.

Undertaking, statutory auditors' certificate and aforesaid resolution are attached as **Annexure H (Colly)** for ready reference.

Further, Clause 39.1.2 of the draft Scheme is reproduced below for reference: -

“approval of the Scheme by the requisite majority of each class of shareholders / creditors of the Companies as may be required under the Act and SEBI Scheme Circular or as may be directed by the NCLT. It is

4. History of the Demerged Company:

The Demerged Company ('Company') was incorporated *vide* certificate of incorporation dated September 19, 2007 as "IRIS Human Capital Solutions Private Limited". Thereafter, *vide* fresh certificates of incorporation dated October 15, 2007 and July 02, 2013, the name of the Company was changed to "IKYA Human Capital Solutions Private Limited" and upon conversion to a public limited company, "IKYA Human Capital Solutions Limited" respectively. The name of the Company was changed to its current name i.e., "Quess Corp Limited" *vide* fresh certificate of incorporation dated January 02, 2015. The certificate of commencement of business was issued to the Company on September 19, 2007. The Company provides a host of technology-enabled staffing and managed outsourcing services across processes such as sales & marketing, customer care, after-sales service, back office operations, telecom operations, manufacturing operations, facilities and security management, HR & F&A operations, IT & mobility services, etc.

5. Detailed rationale for arriving at the swap ratio for issuance of shares as proposed in the draft scheme of arrangement:

The Company had appointed M/s. Banshi S. Mehta Valuers LLP, Registered Valuer registered with the Insolvency and Bankruptcy Board of India (IBBI Registration Number: IBBI/RV-E/06/2022/172) as a valuer for the purpose of determining the Share Entitlement Ratio 1 and Share Entitlement Ratio 2 in connection with the Draft Scheme. The share entitlement ratio report dated February 16, 2024 ("Share Entitlement Ratio Report") was submitted by the aforesaid valuer and adopted by the Board of Directors.

The Company had appointed M/s RBSA Capital Advisors LLP, a Category I Merchant Banker registered with SEBI for providing fairness opinion on the above Share Entitlement Ration Report by M/s Banshi S. Mehta Valuers LLP. They had issued a fairness opinion dated February 16, 2024 ("Fairness Opinion") which was adopted by the Board of Directors.

M/s. Banshi S. Mehta Valuers LLP recommend the fair ratio of allotment of equity shares of the resultant companies, to the shareholders of QCL as consideration for the Proposed Demergers in accordance with the requirements under the Companies Act, 2013 including the rules and regulations made thereunder, and the SEBI Master Circular. The valuation and share entitlement report considered the following factors:

Rationale for share entitlement ratio is as below.

- The value of net assets of the Demerged Undertaking 1 and Demerged Undertaking 2 as at September 30, 2023 based on the book value of the assets and liabilities, identified for being transferred to DSL and BEL and that of the Remaining Undertaking of QCL as at September 30, 2023 are in the same range.
- The Resulting Companies are wholly owned subsidiaries of the Demerged Company. Upon the Scheme being effective, the entire existing share capital of both Resulting companies stands cancelled and new shares shall be allotted to the shareholders of QCL holding shares therein on the record date as defined in the Draft Scheme. Therefore, only the shareholders of QCL shall hold shares of Resulting companies BEL and DSL. Thus, effectively the shareholding in QCL would continue to mirror the shareholding of DSL and BEL.

- Due consideration was given to the twin factors of the level of paid-up equity share capital that is considered reasonable for servicing the Demerged Undertaking 1 and Demerged Undertaking 2 proposed to be transferred into DSL and BEL respectively and of avoiding fraction and disturbance in the holdings of shareholders. It was evident that the question or aspect of adjusting the equities between two or more disparate groups of shareholders (which is ordinarily at the root of fixing such ratio of entitlement) is not relevant in this case due to mirroring of the shareholding in case of QCL, BEL and DSL.
- Upon the Scheme becoming effective, the beneficial economic interest of the shareholders of Demerged Company in the paid-up equity shares of Resulting Company 1 and Resulting Company 2 would be same and their shareholding in Resulting Company 1 and Resulting Company 2 would mirror to their shareholding in Demerged Company.

Based on the above considerations, fair ratio of entitlement for equity shares was recommended by the valuer and affirmed in the Fairness Opinion as every 1 (one) equity share of face and paid-up value of Rs 10/- (ten) each held in Quess Corp Ltd, 1 (one) equity share of face and paid-up value of Rs. 10/- (ten) each of Digitide Solutions Ltd and Bluspring Enterprises Ltd to be issued to the equity shareholders of Quess Corp Ltd.

The certificate is issued to certify the financial parameters of the companies involved in the draft scheme, and the undertakings proposed to be demerged as required to be submitted by the Company to BSE Limited, National Stock Exchange of India Limited, SEBI, National Company Law Tribunal, Regional Director (Ministry of Corporate Affairs) and such other regulatory authorities and such other authorities as may be applicable in connection with the Draft Scheme.

III. Need and rationale of the Scheme, benefits of the Scheme as perceived by the Board of Directors of the Companies, synergies of business of the Companies involved in the Scheme, impact of the Scheme on the shareholders and cost benefit analysis of the Scheme.

1. The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions.
2. Over the past 17 (seventeen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.
3. The Demerged Company's business portfolio is spread across various business services platforms including Workforce Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies.
4. The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
5. In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under this Scheme, as detailed below:
 - (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2) to Resulting Company 2.
6. The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
7. The proposed restructuring pursuant to this Scheme, is expected, *inter alia*, to result in the following benefits:
 - (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;

- (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
- (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
- (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;
- (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

Cost benefit analysis of the Scheme

Although the Scheme would lead to incurring some costs by each of the Companies towards its implementation, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Companies in terms of improved competitiveness, operational efficiency and other benefits as specified under need & rationale of the Scheme. It will be beneficial for the Demerged Company and Resulting Companies.

9. Rationale of the Scheme

- (a) The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions.
- (b) Over the past 16 (sixteen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.
- (c) The Demerged Company's business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies.
- (d) The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
- (e) In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
- (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1) to Resulting Company 1; and
- (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2) to Resulting Company 2.
- (f) The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
- (g) The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
- (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
- (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;

- (iii) insulating and de-risking the businesses from one another;
- (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
- (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
- (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
- (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;
- (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Board of Directors of the Company is of view that the rationale and benefits of the Scheme justify the proposed arrangement/ demerger.

3.2 NEED FOR THE DEMERGER AND RATIONALE OF THE SCHEME

The Audit Committee reviewed and recommended to the Board the draft Scheme, Share Entitlement Ratio Report and Fairness Opinion and noted the need, rationale and the benefits of the Scheme to the stakeholders and the shareholders which, *inter-alia*, are as follows:

- (a) The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions.
- (b) Over the past 16 (sixteen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.
- (c) The Demerged Company’s business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies.
- (d) The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.

- (e) In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
- (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2) to Resulting Company 2.
- (f) The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
- (g) The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
- (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
 - (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
 - (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
 - (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;

- (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Audit Committee was of view that the rationale and benefits of the Scheme justify the proposed arrangement/ demerger.

3.3 SYNERGIES OF BUSINESS OF THE COMPANIES INVOLVED IN THE SCHEME

The Audit Committee noted the following:

The demerger of the Demerged Undertaking 1 and Demerged Undertaking 2 of the Company into Resulting Company 1 and Resulting Company 2 respectively would create simplified structure and would create independent listed companies with distinct set of growth opportunities.

The demerger would result in achieving efficiency in operational processes, implementation of intendent strategies specifically designed for each business and in optimizing profitability of each of these entities.

The demerger is expected to create distinct business verticals for each of the business portfolios of the Company comprising two new flagship listed companies, thereby unlocking their potential value and simplification of the corporate structure enabling faster and industry specific decision making.

Upon demerger, the benefits and synergies as mentioned in para 3.2 above shall be derived.

4. IMPACT OF THE SCHEME ON THE SHAREHOLDERS OF THE COMPANY

The Audit Committee noted the following.

Upon the effectiveness of the Scheme and in consideration of the transfer and vesting of Demerged Undertaking 1 into Resulting Company 1 pursuant to provisions of the Scheme, Resulting Company 1 shall, without any further act or deed, issue and allot equity shares to the equity shareholders of the Demerged Company, whose names are recorded in the register of members and records of the depository as members of the Demerged Company, on the Record Date, in the following ratio:

"For every 1 (one) equity share of face and paid-up value of Rs 10/- (Indian Rupees Ten only) each held in the Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (Indian Rupees Ten only) each of Resulting Company 1 to be issued to the equity shareholders of the Demerged Company." ("Share Entitlement Ratio 1")

Upon the effectiveness of the Scheme and in consideration of the transfer and vesting of Demerged Undertaking 2 into Resulting Company 2 pursuant to provisions of the Scheme, Resulting Company 2 shall, without any further act or deed, issue and allot equity shares to the equity shareholders of the Demerged Company, whose names are recorded in the register of members and records of the depository as members of the Demerged Company, on the Record Date, in the following ratio:

“For every 1 (one) equity share of face and paid-up value of Rs 10/- (Indian Rupees Ten only) each held in the Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (Indian Rupees Ten only) each of Resulting Company 2 to be issued to the equity shareholders of the Demerged Company.” (“Share Entitlement Ratio 2”)

Accordingly, all the equity shareholders of the Demerged Company as on the Record Date (*as defined under the Scheme*) shall become the equity shareholders of Resulting Company 1 and Resulting Company 2 by virtue of the demerger of the Demerged Undertaking 1 and Demerged Undertaking 2 to Resulting Company 1 and Resulting Company 2 respectively.

Further, the shares issued as a consideration by Resulting Company 1 and Resulting Company 2 to the shareholders of the Company pursuant to the Scheme shall be listed on BSE and NSE.

The beneficial economic interest of the equity shareholders of the Company will remain same post implementation of the Scheme and every shareholder of the Company will hold same percentage of equity ownership (*interse*) in the Resulting Companies as well.

Further, the Scheme will facilitate creation of value for the shareholders of the Company through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows.

In light of the aforementioned rationale and benefits of the Scheme and other related matters, the Audit Committee is of the informed opinion that the proposed Scheme is not detrimental to the interests of the shareholders of the Company including minority shareholders.

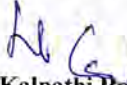

5. COST BENEFIT ANALYSIS OF THE SCHEME

Although the Scheme would lead to incurring some costs by each of the Companies towards its implementation, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Company in terms of improved competitiveness, operational efficiency and other benefits as specified under need & rationale of the Scheme. It will be beneficial for the Demerged Company and Resulting Companies.

5. **VALUATION METHODS EVALUATED FOR ARRIVING AT SHARE ENTITLEMENT RATIO 1 AND SHARE ENTITLEMENT RATIO 2**

- (a) Upon implementation of the Scheme, all the shareholders of the Demerged Company would become shareholders of Resulting Company 1 and Resulting Company 2 resulting in a mirror image shareholding. Therefore, there is no change in shareholding as illustrated in Paragraph A(4)(d) of the SEBI Scheme Circular.
- (b) For the purpose of arriving at the recommended Share Entitlement Ratio 1 and Share Entitlement Ratio 2, the Share Entitlement Ratio Report was obtained by all the three Companies in terms of the SEBI Scheme Circular.
- (c) The independent registered valuer appointed to determine the recommended Share Entitlement Ratio 1 and Share Entitlement Ratio 2 for the proposed demerger pursuant to the Scheme and has not expressed any difficulty while determining the same.
- (d) The independent valuer has arrived at Share Entitlement Ratio 1 and Share Entitlement Ratio 2 in connection with the Scheme as outlined in the Share Entitlement Ratio Report.

6. **SCHEME IS NOT DETRIMENTAL TO THE SHAREHOLDERS OF THE COMPANY**

The committee's members discussed and deliberated upon the rationale and salient features of the Scheme, Share Entitlement Ratio Report, Fairness Opinion and other documents presented to it.

The committee members noted that the New Equity Shares 1 and New Equity Shares 2 are being issued to the shareholders of the Demerged Company by Resulting Company 1 and Resulting Company 2, respectively, as consideration for the demerger of the Demerged Undertaking 1 and Demerged Undertaking 2, which will be listed on BSE and NSE.

The beneficial economic interest of the equity shareholders of the Company will remain same post implementation of the Scheme and every shareholder of the Company will hold same percentage of equity ownership (*interse*) in the Resulting Companies as well.

Further, the Scheme will facilitate creation of value for the shareholders of the Company through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows.

In light of the aforementioned rationale of the Scheme and other related matters, the Committee of Independent Directors is of the informed opinion that the proposed Scheme is not detrimental to the interests of the shareholders of the Company including minority shareholders.

7. **RECOMMENDATION OF THE COMMITTEE**

In view of the above, the Committee of Independent Directors after due deliberations and due consideration of all the terms of the draft Scheme, Share Entitlement Ratio Report, Fairness Opinion, Auditor's Certificate, Auditor's Certificate under Paragraph (A) (10) (c), benefits to shareholders, recommends the draft Scheme for favourable consideration and approval of the Board, stock exchange(s), SEBI and other appropriate authorities.

[Handwritten signatures and initials]

Further, as mentioned in Para 6, the Committee of Independent Directors is of the informed opinion that the proposed Scheme is not detrimental to the interests of the shareholders of the Company including minority shareholders.

3. Data obtained and sources of information

- 3.1 We have called for and obtained such data, information, etc. as were necessary for the purpose of this assignment, which have been, as far as possible, made available to me by the Management. **Appendix A** hereto broadly summarizes the data obtained.
- 3.2 For the purpose of this assignment, we have relied on such data summarized in the said Appendix and other related information and explanations provided to me in this regard.

4. Consideration of Factors for Determination of Share Entitlement Ratio

For the purpose of arriving at the fair ratio of entitlement for the Proposed Demergers, we have examined, considered and placed reliance on various details, data, documents, accounts, statements furnished and explanations and information given to us and have proceeded to find out the ratio on a consideration of the following factors:

- 4.1 All the properties and the liabilities relating to the Demerged Undertaking 1 and Demerged Undertaking 2 shall be transferred to DSL and BEL respectively, at the value appearing in the books of accounts of the Demerged Company immediately before the demerger.
- 4.2 The net asset value as at September 30, 2023 of Demerged Undertaking 1 and Demerged Undertaking 2 and the Remaining Business computed basis the provisional statements of assets and liabilities as on that date provided to us by the Management are in a similar range. Further the same is higher than the proposed issue of equity shares by DSL and BEL upon demerger.
- 4.3 As can be observed from the shareholding pattern of the Transferor Company and the Transferee Companies, the Transferee Companies are wholly owned subsidiaries of Transferor Company. Upon the Scheme being effective, the entire existing share capital of both DSL and BEL shall stand cancelled and new shares shall be allotted to the shareholders of QCL holding shares therein on the record date as defined in the Scheme. Therefore, only the shareholders of QCL shall hold shares of DSL and BEL. Thus, effectively the shareholding in QCL would continue to mirror the shareholding of BEL and DSL.
- 4.4 Further, we have given due consideration to the twin factors of the level of paid-up equity share capital that is considered reasonable for servicing the Demerged Undertaking 1 and Demerged Undertaking 2 proposed to be transferred in to DSL and BEL respectively and of avoiding fraction and disturbance in the holdings of shareholders.
- 4.5 From the foregoing, it is evident that the question or aspect of adjusting the equities between two or more disparate groups of shareholders (which is ordinarily at the root of fixing such ratio of entitlement) is not relevant in this case due to mirroring of the shareholding in case of QCL, DSL and BEL.
- 4.6 It may be noted that the Institute of Chartered Accountants of India (ICAI) on June 10, 2018 has issued the ICAI Valuation Standards (“IVS”) effective for all the valuation reports issued on or after July 1, 2018. The IVS is mandatory for the valuation done under the Companies Act, 2013, and recommendatory for valuation carried out under other statutes/ requirements. However, as the current exercise does not entail valuation, the question of following the Valuation Standards does not arise.

5. Conclusion

Based on the foregoing data, considerations and steps followed, in our opinion the fair ratio of entitlement for equity shares would be as follows:

For Proposed Demerger of Demerged Undertaking 1 into Resulting Company 1

For every 1 (one) equity share of face and paid-up value of Rs 10/- (ten) each held in Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (ten) each of Resulting Company 1 to be issued to the equity shareholders of Demerged Company.

For Proposed Demerger of Demerged Undertaking 2 into Resulting Company 2

For every 1 (one) equity share of face and paid-up value of Rs 10/- (ten) each held in Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (ten) each of Resulting Company 2 to be issued to the equity shareholders of Demerged Company.

The SEBI Master Circular requires the valuation report for a scheme of arrangement to provide certain requisite information in a specified format. The current transaction does not trigger the requirement for valuation under SEBI Master Circular, since there is no change in shareholding. However, we have given in **Appendix B** the disclosure required under the specified format.

INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM CONSOLIDATED FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF QUESS CORP LIMITED

1. We have reviewed the accompanying Statement of Consolidated Unaudited Financial Results of **QUESS CORP LIMITED** ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), for the quarter and half year ended 30 September 2024 ("the Statement") being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").
2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of Parent's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities listed in Annexure 1 to this report.

5. Basis for Qualified Conclusion

As stated in note 5 to the Statement, certain tax deductions claimed by the Parent and recognised in computation of income tax expense in the current and preceding periods have been disallowed by the Income Tax Authority. The disallowance has been challenged by the Parent in a judicial forum. The Parent, supported by external opinions from legal counsel and other tax experts, has assessed the basis of the disallowances and concluded that it is probable that these deductions will be accepted upon ultimate resolution.

In January 2024, as described in note 5, another regulatory authority has made certain observations (referred to as "new information") on the applicability of certain deductions in the Income Tax Act and related reports submitted to the Income Tax Authority in respect of these deductions. The Parent has taken into consideration this new information and continues to believe that it is probable that these deductions upon ultimate resolution will be accepted by the Income Tax Authority.

As a result of the uncertainty in respect of the outcome in the aforesaid matter, pending ultimate resolution and acceptance by the Income Tax Authority, we are unable to comment whether any adjustments are necessary.

This matter was also qualified in our report on the consolidated financial results for the quarter ended 30 June 2024 and year ended 31 March 2024.

6. Qualified Conclusion

Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 8 below, except for the possible effects of the matter described in paragraph 5 above, nothing has come to our attention that causes us to believe that the accompanying Statement, has not been prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, and has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

7. Emphasis of Matter

We draw attention to note 4 of the Statement, regarding the demands received by the Parent in respect of provident fund and contingency related to the pending litigation on the said matter.

Our conclusion on the Statement is not modified in respect of this matter.

8. We did not review the financial information/financial results of 18 subsidiaries included in the consolidated unaudited financial results, whose interim financial information/financial results reflect total assets of Rs. 10,316.94 million as at 30 September 2024 and total revenues of Rs. 6,314.41 million and Rs. 12,592.01 million for the quarter and half year ended 30 September 2024 respectively, total net profit after tax of Rs. 625.38 million and Rs. 827.20 million for the quarter and half year ended 30 September 2024 respectively and total comprehensive income of Rs. 719.98 million and Rs. 917.75 million for the quarter and half year ended 30 September 2024 respectively, and net cash outflows of Rs. 594.71 million for the half year ended 30 September 2024, as considered in the Statement. These interim financial information/ financial results have been reviewed by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of these matters.

9. The consolidated unaudited financial results includes the financial information/ financial results of 17 subsidiaries which have not been reviewed by their auditors, whose interim financial information/ financial results reflect total assets of Rs. 885.50 million as at 30 September 2024 and, total revenue of Rs. 382.94 million and Rs. 735.04 million for the quarter and half year ended 30 September 2024 respectively, total profit after tax of Rs. 2.34 million and Rs. 0.93 million for the quarter and half year ended 30 September 2024 respectively and total comprehensive income of Rs. 9.11 million and Rs. 1.36 million for the quarter and half year ended 30 September 2024 respectively and net cash inflows of Rs. 75.32 million for the half year ended 30 September 2024, as considered in the Statement. Consolidated unaudited financial results for the quarter and half year ended 30 September 2024

Notes for the quarter and half year ended 30 September 2024:

- 1 The consolidated financial results of Qess Corp Limited ("the Company") including its subsidiaries (collectively known as the "Group") (as mentioned in Appendix 1 to these notes) for the quarter and half year ended 30 September 2024 have been taken on record by the Board of Directors at its meeting held on 28 October 2024. The statutory auditors have expressed a qualified conclusion on the consolidated financial results for the quarter and half year ended 30 September 2024. These consolidated financial results have been extracted from the interim consolidated financial information.
- 2 The consolidated financial results have been prepared in accordance with the recognition and measurement principles laid down in the applicable accounting standards prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- 3 The consolidated unaudited financial results and the review report of the Statutory Auditors is being filed with Bombay Stock Exchange ("BSE") and National Stock Exchange ("NSE") and will be made available on the Company's website www.qesscorp.com.
- 4 During fiscal year 2020, the Regional PF Commissioner ("RPFC") passed an order under Section 7-A of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 ("Act") demanding INR 716.56 million on the grounds that it failed to remit Provident Fund ("PF") on wages for its employees for the period from April 2018 to March 2019 for certain components of salary. The Company filed an appeal before the Central Government Industrial Tribunal ("CGIT") under section 7-I of the Act challenging the Employees' Provident Fund Organisation's ("EPFO") order along with the application under Section 7-O of the Act seeking a waiver from pre-deposit of the alleged Provident Fund Contributions till the final disposal of the Appeal. The CGIT after hearing the submissions made by the parties passed an Order allowing complete waiver from any pre-deposit and also staying the operation of the EPFO order. The matter has been adjourned to 10 December 2024. The Company has taken external independent legal advice as per which the EPFO's order is prima facie erroneous and unsustainable in law and therefore will not be sustained on ultimate resolution.

5 Income Tax matters:

During the previous quarters, the Company received assessment orders for fiscal 2018, 2019 and 2020; and draft assessment order for fiscal 2021 in which primarily deduction under section 80JJAA of the Income Tax Act ('IT Act') and depreciation on goodwill has been disallowed. The Income Tax department disallowed the claim under section 80JJAA of the IT Act on the grounds of non-existence of employer – employee relationship in respect of associate employees of the Company. Additionally, the Income Tax Department also disputed the interpretations adopted by the Company for computing the deduction under section 80JJAA by disallowing claims for:

- additional employees whose emoluments exceed Rs.25,000 in a month but the average emoluments for these additional employees does not exceed Rs.25,000 in a month during the service period;
- additional employees who have served more than 240 days in a year but are not an employee on March 31 of the respective financial year for which the claim is availed; and
- employees for whom which the employer's contribution of provident fund for any part of the year is paid by the Government under Employee Pension Scheme (EPS) but the entire employer's contribution is not reimbursed by the Government during the year.

The Company filed an appeal with the Income Tax Appellate Tribunal against the assessment orders for fiscal 2018, 2019 and 2020 and believes that the tax treatment availed by the Company for deductions under 80JJAA and depreciation on goodwill are valid and will be sustained on ultimate resolution supported by external opinions from legal counsel and other tax experts. Additionally, the Company filed similar objections against the draft assessment order for fiscal 2021 with the Dispute Resolution Panel.

During the quarter, the Dispute resolution Panel rejected the objections filed by the Company for fiscal 2021 on similar lines of fiscal 2018, 2019 and 2020. The assessment order for fiscal 2021 was received subsequently on 28 October 2024. The Company will file an appeal before the Income Tax Appellate Tribunal.

In January 2024, National Financial Reporting Authority ('NFRA'), in an Order relating to certification for fiscal 2019 to 2021 by an external Chartered Accountant pertaining to claims under 80JJAA made by the Company, has made certain observations on the applicability of certain conditions in the Income Tax Act and related reports submitted to the Income Tax Authority in respect of these deductions. This order was subsequently stayed by the Hon'ble Delhi High Court. As specified above, the Company continues to believe that its claim under 80JJAA is valid and intends to vigorously contest its position and interpretative stance of these sections on merits and based on external third-party assessments of the claim made, believes that the deduction under 80JJAA will be sustained upon ultimate resolution by the Income Tax Authority.

Pending resolution of these Income Tax disputes, the Group has disclosed a contingent liability of INR 1,631.07 million towards demands including interest in the order for these fiscal years.

The Company continues to maintain its stand on the manner of claiming the 80JJAA deduction and accordingly 80JJAA deduction (reduced from taxable income) of INR 1,079.34 million is claimed for the quarter and INR 2,015.94 million for half year ended 30 September 2024 (year ended 31 March 2024: INR 4,161.85 million) by the Company and its one subsidiary. The Company believes that such deduction, including its quantum, has been validly and consistently claimed, in conformity with its interpretation of the statute.

INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM STANDALONE FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF QUESS CORP LIMITED

1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **QUESS CORP LIMITED** ("the Company"), for the quarter and half year ended 30 September 2024 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. **Basis for Qualified Conclusion**

As stated in note 7 to the Statement, certain tax deductions claimed by the Company and recognised in computation of income tax expense in the current and preceding periods have been disallowed by the Income Tax Authority. The disallowance has been challenged by the Company in a judicial forum. The Company, supported by external opinions from legal counsel and other tax experts, has assessed the basis of the disallowances and concluded that it is probable that these deductions will be accepted upon ultimate resolution.

In January 2024, as described in note 7 to the Statement, another regulatory authority has made certain observations (referred to as "new information") on the applicability of certain conditions in the Income Tax Act and related reports submitted to the Income Tax Authority in respect of these deductions. The Company has taken into consideration this new information and continues to believe that it is probable that these deductions upon ultimate resolution will be accepted by the Income Tax Authority.

As a result of the uncertainty in respect of the outcome in the aforesaid matter, pending ultimate resolution and acceptance by the Income Tax Authority, we are unable to comment whether any adjustments are necessary.

This matter was also qualified in our report on the financial results for the quarter ended 30 June 2024 and for the year ended 31 March 2024.

5. Qualified Conclusion

Based on our review conducted as stated in paragraph 3 above, except for the possible effects of the matter described in paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying Statement has not been prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, and has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. Emphasis of Matter

We draw attention to note 6 of the Statement, regarding the demands received by the Company in respect of provident fund and contingency related to the pending litigation on the said matter.

Our conclusion on the Statement is not modified in respect of this matter.

Notes relating to current quarter and half year ended 30 September 2024:

- 1 The standalone financial results of Quess Corp Limited ("the Company") for the quarter and half year ended 30 September 2024 have been approved by the Board of Directors at its meeting held on 28 October 2024. The statutory auditors have expressed a qualified conclusion on the financial results for the quarter and half year ended 30 September 2024. These standalone financial results have been extracted from the interim standalone financial information.
- 2 Pursuant to the provisions of the Listing Agreement, the Management has decided to publish consolidated unaudited financial results in the newspapers. The standalone unaudited financial results and the review report of the statutory auditors is being filed with Bombay Stock Exchange ("BSE") and National Stock Exchange ("NSE") and will be made available on the Company website www.quescorp.com.
- 3 The standalone financial results have been prepared in accordance with the recognition and measurement principles laid down in the applicable accounting standards prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- 4 In accordance with Ind AS 108, Operating segments, segment information has been provided in the consolidated unaudited financial results of the Company and therefore no separate disclosure on segment information is given in these standalone unaudited financial results.
- 5 The Board of Directors of the Company, at its meeting held on 7 July 2021 approved the Scheme of Amalgamation ("Scheme AAA") among Quess Corp Limited ("Transferee Company") with three of its wholly owned subsidiaries namely MFX Infotech Private Limited and Greenpiece Landscape India Private Limited and Conneqt Business Solutions Limited together known as ("Transferor Companies"). The Hon'ble National Company Law Tribunal, Bengaluru Special Bench pronounced the order on 30 October 2023, approving the aforesaid Scheme AAA from the appointed date of 1 April 2021. The certified true copy of the order was filed with the Registrar of Companies on 30 November 2023.

The Company accounted for the amalgamation by applying the common control guidance in Appendix C to Ind AS 103 - Business Combinations. Consequently, standalone results are restated for the quarter and half year ended 30 September 2023 to give effect to the amalgamation.

- 6 During fiscal year 2020, the Regional PF Commissioner ("RPF") passed an order under Section 7-A of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 ("Act") demanding INR 716.56 million on the grounds that it failed to remit Provident Fund ("PF") on wages for its employees for the period from April 2018 to March 2019 for certain components of salary. The Company filed an appeal before the Central Government Industrial Tribunal ("CGIT") under section 7-I of the Act challenging the Employees' Provident Fund Organisation's ("EPFO") order along with the application under Section 7-O of the Act seeking a waiver from pre-deposit of the alleged Provident fund Contributions till the final disposal of the Appeal. The CGIT after hearing the submissions made by the parties passed an Order allowing complete waiver from any pre-deposit and also staying the operation of the EPFO order. The matter has been adjourned to 10 December 2024. The Company has taken external independent legal advice as per which the EPFO's order is prima facie erroneous and unsustainable in law and therefore will not be sustained on ultimate resolution.

7 Income Tax matters:

During the prior quarters, the Company received assessment orders for fiscal 2018, 2019 and 2020 and draft assessment order for fiscal 2021 in which primarily deduction under section 80JJAA of the Income Tax Act ('IT Act') and depreciation on goodwill has been disallowed.

The Income Tax department disallowed the claim under section 80JJAA of the IT Act on the grounds of non-existence of employer – employee relationship in respect of associate employees of the Company. Additionally, the Income Tax Department also disputed the interpretations adopted by the Company for computing the deduction under section 80JJAA by disallowing claims for:

- additional employees whose emoluments exceed Rs 25,000 in a month but the average emoluments for these additional employees does not exceed Rs.25,000 in a month during the service period;
- additional employees who have served more than 240 days in a year but are not an employee on March 31 of the respective financial year for which the claim is availed; and
- employees for whom which the employer's contribution of provident fund for any part of the year is paid by the Government under Employee Pension Scheme (EPS) but the entire employers contribution is not reimbursed by the Government during the year.

The Company filed an appeal with the Income Tax Appellate Tribunal against the assessment orders for fiscal 2018, 2019 and 2020 and believes that the tax treatment availed by the Company for deductions under 80JJAA and depreciation on goodwill are valid and will be sustained on ultimate resolution supported by external opinions from legal counsel and other tax experts. Additionally, the Company filed similar objections against the draft assessment order for fiscal 2021 with the Dispute Resolution Panel.

During the quarter, the Dispute resolution Panel rejected the objections filed by the Company for fiscal 2021 on similar lines of fiscal 2018, 2019 and 2020. The assessment order for fiscal 2021 was received subsequently on 28 October 2024. The Company will file an appeal before the Income Tax Appellate Tribunal.

In January 2024, National Financial Reporting Authority ('NFRA'), in an Order relating to certification for fiscal 2019 to 2021 by an external Chartered Accountant pertaining to claims under 80JJAA made by the Company, has made certain observations on the applicability of certain conditions in the Income Tax Act and related reports submitted to the Income Tax Authority in respect of these deductions. This order was subsequently stayed by the Hon'ble Delhi High Court. As specified above, the Company continues to believe that its claim under 80JJAA is valid and intends to vigorously contest its position and interpretative stance of these sections on merits and based on external third-party assessments of the claim made, believes that the deduction under 80JJAA will be sustained upon ultimate resolution by the Income Tax Authority.

Pending resolution of these Income Tax disputes, the Company has disclosed a contingent liability of INR 1,513.94 million towards demands including interest in the order for these fiscal years. The Company continues to maintain its stand on the manner of claiming the 80JJAA deduction and accordingly 80JJAA deduction (reduced from taxable income) of INR 1,071.14 million is claimed for the quarter and INR 1,967.34 for half year ended 30 September 2024 (year ended 31 March 2024: INR 4,025.76 million). The Company believes that such deduction, including its quantum, has been validly and consistently claimed, in conformity with its interpretation of the statute.

8 Exceptional items:

- i) During the quarter and half year ended 30 September 2024, the Company assessed the recoverable value of loan (including interest receivable) for its subsidiaries and other assets, and recognised an impairment loss of INR 0.43 million and INR 5.66 million respectively which is disclosed under exceptional item.

DETAILS OF THE SCHEME

The composite scheme of arrangement between Quess, Digitide and Bluspring and its shareholders and creditors, pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Act (“**Scheme**”). The Scheme provides *inter alia* for:

- (i) the demerger of Demerged Undertaking 1 (*as defined in the Scheme*) to Resulting Company 1;
- (ii) the consequent issuance of the New Equity Shares 1 (*as defined in the Scheme*) by Resulting Company 1 to the equity shareholders of the Demerged Company;
- (iii) the demerger of Demerged Undertaking 2 (*as defined in the Scheme*) to Resulting Company 2;
- (iv) the consequent issuance of the New Equity Shares 2 (*as defined in the Scheme*) by Resulting Company 2 to the equity shareholders of the Demerged Company; and
- (v) matters consequential or connected therewith;

pursuant to Sections 230 to 232 of the Act and other applicable provisions thereof read with Section 2(19AA) of the IT Act (*as defined in the Scheme*) and the SEBI Scheme Circular (*as defined in the Scheme*).

The rationale for the Scheme is given below:

1. The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client productivity through outsourced solutions. Over the past 17 (seventeen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The

Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.

2. The Demerged Company's business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies. The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
3. In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
 - (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1 (as defined in the Scheme)) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2 (as defined in the Scheme)) to Resulting Company 2.
4. The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
5. The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
 - (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
 - (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
 - (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
 - (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;
 - (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and

- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Scheme is in the interests of all stakeholders of the Demerged Company, Resulting Company 1 and Resulting Company 2.

Consideration under the Scheme: Upon the effectiveness of the Scheme and in consideration of the transfer and vesting of Demerged Undertaking 1 into Resulting Company 1 pursuant to provisions of the Scheme, Resulting Company 1 shall, without any further act or deed, issue and allot equity shares to the equity shareholders of the Demerged Company, whose names are recorded in the register of members and records of the depository as members of the Demerged Company, on the Record Date, in the following ratio:

“For every 1 (one) equity share of face and paid-up value of Rs 10/- (Indian Rupees Ten only) each held in the Demerged Company, 1 (one) equity share of face and paid-up value of Rs. 10/- (Indian Rupees Ten only) each of Resulting Company 1 to be issued to the equity shareholders of the Demerged Company.” (“Share Entitlement Ratio 1”, and the equity shares issued in such ratio, (“New Equity Shares 1”)

Appointed Date for the purpose of the Scheme means the opening of business hours on April 01, 2024 or such other date as approved by the National Company Law Tribunal, Bengaluru (“NCLT”).

Listing of equity shares of Resulting Company 1: Resulting Company 1 shall apply for listing of its equity shares on the Stock Exchanges in compliance of the SEBI circulars and other applicable laws.

Further, risk of data security, data transmission, connectivity, downtime, system outage, data loss, connectivity, application and licensing risks, malware, etc. and absence of backup plan will impact business control plan.

- f. Compliance risk: Risk of delay/non remittance of statutory payments may result in interest and penalty and will also lead to statutory non-compliance. Further, risk of inadequate training to employees on the latest government portals may result in incorrect remittances. The risk of non-compliance is present for certain Digitide's businesses, mainly due to the need to adhere to regulations such as the Consumer Protection Act and others.
- g. Diversity & Inclusion risk: This involves potential negative impacts on an organization due to a lack of diverse perspectives and inclusive practices. This can lead to decreased employee engagement, higher turnover, and a reputation that may deter talent and clients.

DETAILS OF THE SCHEME

The composite scheme of arrangement between Quess, Digitide and Bluspring and its shareholders and creditors, pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Act ("**Scheme**"). The Scheme provides *inter alia* for:

- (i) the demerger of Demerged Undertaking 1 (*as defined in the Scheme*) to Resulting Company 1;
- (ii) the consequent issuance of the New Equity Shares 1 (*as defined in the Scheme*) by Resulting Company 1 to the equity shareholders of the Demerged Company;
- (iii) the demerger of Demerged Undertaking 2 (*as defined in the Scheme*) to Resulting Company 2;
- (iv) the consequent issuance of the New Equity Shares 2 (*as defined in the Scheme*) by Resulting Company 2 to the equity shareholders of the Demerged Company; and
- (v) matters consequential or connected therewith;

pursuant to Sections 230 to 232 of the Act and other applicable provisions thereof read with Section 2(19AA) of the IT Act (*as defined in the Scheme*) and the SEBI Scheme Circular (*as defined in the Scheme*).

The rationale for the Scheme is given below:

1. The Demerged Company was established in the year 2007, with a focus on providing business services, leveraging its extensive domain knowledge and future-ready digital platforms to drive client

productivity through outsourced solutions. Over the past 17 (seventeen) years, the Demerged Company has been a pioneering leader and has expanded its geographic presence and scale. The Demerged Company currently has offices across India, Southeast Asia, North America and Middle East.

2. The Demerged Company's business portfolio is spread across various business services platforms including Work Force Management, Global Technology Solutions, Operating Assets Management and Product-Led Business. These businesses are carried out directly by the Demerged Company as well as through its subsidiaries or associate companies. The nature of technology, operations, customer landscape, risk, competition and operations involved in each of these businesses is distinct, and consequently, each business is capable of addressing independent business opportunities, deploying different technologies, and attracting different sets of talent, customers, investors, strategic partners, lenders and stakeholders.
3. In order to strengthen the value proposition for customers, unlock significant long-term valuation and upside value creation for the shareholders (through focused management, clearer choices of capital allocation, etc.) and to provide investors, strategic partners, lenders and stakeholders the flexibility to participate in some or all of these distinct businesses, the Demerged Company proposes to re-organise and segregate its business portfolio in the manner contemplated under the Scheme, as detailed below:
 - (i) the transfer of the Demerged Undertaking 1 (i.e., the undertaking engaged in Transferred Business 1 (*as defined in the Scheme*)) to Resulting Company 1; and
 - (ii) the transfer of the Demerged Undertaking 2 (i.e., the undertaking engaged in Transferred Business 2 (*as defined in the Scheme*)) to Resulting Company 2.
4. The Scheme will ensure long-term value creation and is in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders.
5. The proposed restructuring pursuant to the Scheme, is expected, *inter alia*, to result in the following benefits:
 - (i) simplification of organisational and operating structure to enable sharper management focus on individual platforms and business requirements, thereby allowing management of each of the business undertakings to pursue independent growth strategies. The proposed restructuring will result in separation of the current diversified businesses under the Demerged Company to each of the Resulting Companies focusing on similar type of businesses and independent management of each of the businesses will be able to ensure the required depth and focus on each of the businesses and the adoption of strategies necessary for the growth of respective businesses;
 - (ii) facilitating the pursuit of scale and independent growth plans (organically and inorganically) of all segments with more focused management, flexibility and liquidity for the shareholders, following the listing of equity shares of the Resulting Companies, pursuant to the Scheme;
 - (iii) insulating and de-risking the businesses from one another;
 - (iv) unlocking value for the over-all business portfolio through better price discovery of individual platforms. Consequently, the proposed restructuring is expected to open-up windows to unlock value through potential divestments and acquisitions to achieve the scale of business in respective subsidiaries as well;
 - (v) reinforcing strong stewardship through more value-focused capital allocation strategies and ensuring that existing and potential investors are able to realise full returns on their investments;
 - (vi) facilitating creation of value for the shareholders through a segregated corporate structure by realigning the business portfolio of the Companies to attract specific investors for each of the businesses, and consequently, encouraging stronger capital market outcomes, and creating the ability to achieve valuation based on respective risk returns profile and cash flows;
 - (vii) facilitating diversification by allowing investors to invest separately in different businesses with different investment characteristics thereby enabling them to select investments that best suit their investment strategies and risk profiles;

- (viii) creating an even stronger internal foundation for performance management and accountable ownership aligned with long-term shareholder value creation; and
- (ix) providing scope for mitigation of overlapping services, and enhancing the focus on independent business growth strategies and expansion for each of the business undertakings.

The Scheme is in the interests of all stakeholders of the Demerged Company, Resulting Company 1 and Resulting Company 2.

Consideration under the Scheme: Upon the effectiveness of the Scheme and in consideration of the transfer and vesting of Demerged Undertaking 2 into Resulting Company 2 pursuant to provisions of the Scheme, Resulting Company 2 shall, without any further act or deed, issue and allot equity shares to the equity shareholders of the Demerged Company, whose names are recorded in the register of members and records of the depository as members of the Demerged Company, on the Record Date, in the following ratio:

INTERNAL RISK FACTORS

Bluspring has been recently incorporated *inter alia* to provide all types of facility management services including housekeeping, manpower supply, civil and carpentry work, security solutions, electrical and plumbing services, landscaping, and other related services business upon the Scheme becoming effective.

1. Regulatory Risk: The Scheme is subject to the conditions/approvals as envisaged under the Scheme and any failure to receive such approvals will result in non-implementation of the Scheme, further the objects and benefits mentioned in the scheme will not be achieved and may adversely affect the shareholders.
2. In accordance with applicable law, permission for listing and trading of equity shares of Bluspring shall be granted only after completion of issue and the allotment of the equity shares by Bluspring pursuant to the Scheme. The timelines for listing of the equity shares of the Resulting Company may vary according to the completion of the actions as listed in the Scheme. Listing of the equity shares of Bluspring does not guarantee that a trading market for the said equity shares would develop.
3. Safety and Security risk: Bluspring is vulnerable to cyber-attacks, including phishing and hacking which can result in sensitive information loss and disrupt normal business operations. Further, risk of data security, data transmission, connectivity, downtime, system outage, data loss, connectivity, application and licensing risks, malware, etc. and absence of backup plan will impact business control plan.
4. Training and skilling risk: Lack of constant training and skilling of technical staff on technological and operational advancements in the industry will result in lower output of employees, delays in service deliveries and poor customer satisfaction. Risk of associates not complying with Client rules and regulations as expected by the client in the Agreement in cases where we have direct supervision.
5. Operational risk: Any inability to attract and retain skilled personnel and other talented professionals or any loss of senior management or other talented professionals, change in laws applicable for IT business, changes in labour policies, frauds or mismanagement by employees, vendors, etc. may adversely impact Bluspring's business. 6. Compliance risk: Risk of delay/non remittance of statutory payments may result in interest and penalty and will also lead to statutory non-compliance. Further, risk of inadequate training to employees on the latest government portals may result in incorrect remittances. The risk of non-compliance is present for certain Bluspring businesses, mainly due to the need to adhere to regulations such as the Consumer Protection Act, PSARA Act, and others.
7. Diversity & Inclusion risk: This involves potential negative impacts on an organization due to a lack of diverse perspectives and inclusive practices. This can lead to decreased employee engagement, higher turnover, and a reputation that may deter talent and clients.

Bluspring will institute a comprehensive risk management policy and framework, along with appropriate governance mechanisms, towards implementation of appropriate risk mitigation strategies and action plans.

Dear Sir,

Sub: Your Email dated March 11, 2024 seeking clarifications

Re: - Our Application Number 196578 regarding draft composite scheme of arrangement between Quess Corp Limited (Demerged Company), Digitide Solutions Limited (Resulting Company 1) and Bluspring Enterprises Limited (Resulting Company 2) and their respective shareholders and creditors ("Scheme")

This is with reference to your aforesaid email/letter. Please find below our response in seriatim:

1. It is observed that Quess Corp Ltd has approved the draft scheme on 16/02/2024 while resulting companies has approved their draft scheme on 25/02/2024, please clarify the reason for the same.

Response:

The Resulting Companies (i.e., Digitide Solutions Limited and Bluspring Enterprises Limited) are wholly owned subsidiaries of the Demerged Company (i.e. Quess Corp Ltd). It was therefore proposed for the boards of directors of these companies to consider and approve the Scheme only after the board of directors of the Demerged Company, i.e. their holding company, had considered and approved the Scheme. The board meetings of the Resulting Companies were therefore necessarily to be held after the board meeting of the Demerged Company on February 16, 2024.

Both the Resulting Companies are newly incorporated companies. Resulting Company 1 was incorporated on 10 February, 2024 and Resulting Company 2 was incorporated on 11 February 2024. After incorporation, these entities have appointed their Statutory Auditors and obtained requisite certificates.

Further, owing to logistical reasons, the boards of directors of the Resulting Companies could not meet immediately after the board meeting of the Demerged Company. The Resulting Companies therefore conducted their board meetings on the earliest possible date for their respective boards of directors, i.e. on February 25, 2024.

Accordingly, all the entities have taken approval from Board of Directors before filing application with the Stock Exchanges.

2. Whether resulting companies' shares will be listed at the exchange, if yes then please change the listing status of resulting companies at the interface of the application.

For the pre-demerger, Net worth for the Resulting companies, the paid up capital of Resulting Companies have been taken as on the date of the Board meeting approving the Scheme as per the subscription to shares. Net worth Certificate of Resulting Companies (Pre-Scheme) are attached as **Annexure F and G** for reference.

7. Why approval of shareholders to the scheme through e-voting in terms of Para 10 (b) (i),(ii) & (v) of the Master Circular issued on 20.06.2023, is not applicable to the instant scheme. Please clarify and modify the clause in the scheme accordingly.

Response:

Please see below the reasons for non-applicability of the relevant provisions of Paragraph (A) 10 (b) of the Master Circular:

- (i) **Paragraph (A)10 (b) (i):** This paragraph is not applicable as the Scheme does not involve allotment of additional shares to Promoter/ Promoter Group, Related Parties of Promoter/ Promoter Group, Associates of Promoter/ Promoter Group, Subsidiary(ies) of Promoter/ Promoter Group of the Demerged Company.
- (ii) **Paragraph (A)10 (b) (ii):** This paragraph is not applicable as the Scheme involves the Demerged Company and its two wholly owned subsidiaries, viz., the Resulting Companies. The Scheme does not involve any other entity involving Promoter/ Promoter Group, Related Parties of Promoter/ Promoter Group, Associates of Promoter/ Promoter Group, Subsidiary (ies) of Promoter/ Promoter Group.
- (iii) **Paragraph 10 (A) (b) (v):** This paragraph is not applicable as the consideration under the Scheme is in the form of equity shares issued by each of the two Resulting Companies, which shares issued as consideration shall be listed on the Stock Exchanges.

Please also refer to the undertaking dated February 16, 2024 provided by the Demerged Company and also certified by its statutory auditors as required under Paragraph (A) 10 (c) of the Master Circular, stating the reasons for non-applicability of each provision under Paragraph (A) 10 (b) of the Master Circular, including Paragraph (A) 10 (b) (i), (ii) and (v) which is provided as an Annexure 14 to the Application.

Aforesaid undertaking dated February 16, 2024 and statutory auditors' certificate have been duly approved and adopted by the Board of Directors in their meeting held on February 16, 2024, approving the Scheme. This resolution approving the Scheme is attached as Annexure 1A of the Application. Given the non-applicability of these provisions, we think no further changes would be required to the Scheme.

Undertaking, statutory auditors' certificate and aforesaid resolution are attached as **Annexure H (Colly)** for ready reference.

Further, Clause 39.1.2 of the draft Scheme is reproduced below for reference: -

“approval of the Scheme by the requisite majority of each class of shareholders / creditors of the Companies as may be required under the Act and SEBI Scheme Circular or as may be directed by the NCLT. It is

Mehta Valuers LLP, Registered Valuer registered with the Insolvency and Bankruptcy Board of India (IBBI Registration Number: IBBI/RV-E/06/2022/172) as a valuer for the purpose of determining the Share Entitlement Ratio 1 and Share Entitlement Ratio 2 in connection with the Draft Scheme. The share entitlement ratio report dated February 16, 2024 ("Share Entitlement Ratio Report") was submitted by the aforesaid valuer and adopted by the Board of Directors.

The Company had appointed M/s RBSA Capital Advisors LLP, a Category I Merchant Banker registered with SEBI for providing fairness opinion on the above Share Entitlement Ration Report by M/s Bansi S. Mehta Valuers LLP. They had issued a fairness opinion dated February 16, 2024 ("Fairness Opinion") which was adopted by the Board of Directors.

M/s. Bansi S. Mehta Valuers LLP recommend the fair ratio of allotment of equity shares of the resultant companies, to the shareholders of QCL as consideration for the Proposed Demergers in accordance with the requirements under the Companies Act, 2013 including the rules and regulations made thereunder, and the SEBI Master Circular. The valuation and share entitlement report considered the following factors:

Rationale for share entitlement ratio is as below.

- The value of net assets of the Demerged Undertaking 1 and Demerged Undertaking 2 as at September 30, 2023 based on the book value of the assets and liabilities, identified for being transferred to DSL and BEL and that of the Remaining Undertaking of QCL as at September 30, 2023 are in the same range.
- The Resulting Companies are wholly owned subsidiaries of the Demerged Company. Upon the Scheme being effective, the entire existing share capital of both Resulting companies stands cancelled and new shares shall be allotted to the shareholders of QCL holding shares therein on the record date as defined in the Draft Scheme. Therefore, only the shareholders of QCL shall hold shares of Resulting companies BEL and DSL. Thus, effectively the shareholding in QCL would continue to mirror the shareholding of DSL and BEL.

- Due consideration was given to the twin factors of the level of paid-up equity share capital that is considered reasonable for servicing the Demerged Undertaking 1 and Demerged Undertaking 2 proposed to be transferred into DSL and BEL respectively and of avoiding fraction and disturbance in the holdings of shareholders. It was evident that the question or aspect of adjusting the equities between two or more disparate groups of shareholders (which is ordinarily at the root of fixing such ratio of entitlement) is not relevant in this case due to mirroring of the shareholding in case of QCL, BEL and DSL.
- Upon the Scheme becoming effective, the beneficial economic interest of the shareholders of Demerged Company in the paid-up equity shares of Resulting Company 1 and Resulting Company 2 would be same and their shareholding in Resulting Company 1 and Resulting Company 2 would mirror to their shareholding in Demerged Company.

Based on the above considerations, fair ratio of entitlement for equity shares was recommended by the valuer and affirmed in the Fairness Opinion as every 1 (one) equity share of face and paid-up value of Rs 10/- (ten) each held in Quess Corp Ltd, 1 (one) equity share of face and paid-up value of Rs. 10/- (ten) each of Digitide Solutions Ltd and Bluspring Enterprises Ltd to be issued to the equity shareholders of Quess Corp Ltd.

The certificate is issued to certify the financial parameters of the companies involved in the draft scheme, and the undertakings proposed to be demerged as required to be submitted by the Company to BSE Limited, National Stock Exchange of India Limited, SEBI, National Company Law Tribunal, Regional Director (Ministry of Corporate Affairs) and such other regulatory authorities and such other authorities as may be applicable in connection with the Draft Scheme.
