# Bank of India (BOI) marching ahead with vision and commitment

**Vinod Chandrashekhar Dixit**  
Free-lance Journalist, Writer & Cartoonist  
(dixitpatrakar@yahoo.in)

March quarter of 2021-22 rose to Rs 11,443.46 crore against Rs 11,155.53 crore a year ago, Bank of India said in a regulatory filing. On the asset front, the bank's gross non-performing assets (NPAs) fell to 9.98 per cent of the gross advances as of March 2022 compared to 13.77 per cent in the year-ago period. The net NPAs or bad loans too came down to 2.34 per cent from 3.35 per cent a year ago.

The Bank has been undertaking a number of steps in the journey towards digitising banking services and operations. In its 116-year long journey, BOI has seen through many challenges to have a Pan-India network today and also having significant overseas presence. The bank may be past the peak of the Covid crisis and that there is a steady improvement in the asset quality. The Bank continues to grow ahead of industry. One of the dear trends of BOI to have emerged out of the pandemic is move towards digital. Digital payments and mobile banking, in particular, have seen a huge acceleration during the year. The Bank's strategy is to serve most of its customers through digital or digital assist mode. Only those customers need to come to

their branches who cannot meet their banking needs through digital mode. A successful execution of a digital enabled Bank will go a long way in ensuring that BOI remains competitive in the marketplace.

Bank of India, true to its size, is a significant contributor to the Indian economy and is playing an inclusive role with sizeable lending to retail, agriculture and MSME sectors. It is also playing a key role in financing corporates, infrastructure, NBFC, HFCs, Metal and other core sectors. Bank has always kept its customers' needs ahead of business goals.

BOI has been taking various initiatives to strengthen internal systems and procedures so as to enhance customer convenience and boost competitive edge of the bank. The internet banking and mobile banking services and functionalities are enriched with additional features for better customer experience. BOI continues to have a commanding presence in the nation's corporate-industrial realm. It is observed that amongst all banks BOI remains one of the front runners in the commitment and implementation of Financial inclusion initiatives.

There is no doubt that with the vision and commitment, BOI continues to play a significant role in the economy. It is today stronger, bigger, more vibrant and confident bank. Several structural changes were introduced in Bank of India to strengthen the recovery mechanism and to strengthen the credit mechanism.
