**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****A. Overview:**

Company is operating in the manufacturing of Specialty Chemicals and development of property / land.

**Opportunities:**

Our customers for the specialty polymers are in investment casting Industry. The major end user segment for investment cast products is automotive, aerospace industry, valves & instruments. Export market is growing fast particularly for one of our newly developed grades of Cross Linked Polystyrene.

The second specialty product is used as filler in cement for structural repair of columns & beam in the old buildings. The demand for this product is stable.

**Threats:**

The basic raw material for the majority of our products is Styrene Monomer & Di-vinyl Benzene. The styrene price is highly volatile. Availability of Di-vinyl benzene is worrisome as China is the major supplier.

We have direct threat from two competitors for Cross Linked Polystyrene in India.

**Risks & concerns:**

Due to price fluctuation in the main raw material i.e. styrene monomer and no corresponding increase in the price of our finished products the margin on our finished products in the domestic market as well as exports is a major area of concern.

**Outlook:**

Substantial part of Company's sales consists of Exports. Our product has been accepted by all major overseas Filled wax manufacturers. Currently the export market is growing, but the competition from two other exporters' forces us to lower our price, thereby realization.

**Financial Performance:**1) Share Capital:

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF POLYCHEM LIMITED

### Report on Audit of the Standalone Financial Statements

#### Opinion

We have audited the accompanying standalone financial statements of **Polychem Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit (including other comprehensive income), its changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

#### Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Annual report but does not include the standalone financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Management and Those Charged with Governance Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
  - i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - ii) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - iii) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;

- iv) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder and relevant provisions of the Act;
- v) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act;
- vi) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";
- vii) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:  
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act;
- viii) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has disclosed the impact of pending litigations as at March 31, 2022 on its financial position in its standalone financial statements - Refer Note 4.02 to the standalone financial statements;
- b) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and
- c) There has been no delay in transferring amounts which were required to be transferred to the Investor Education and Protection Fund.
- d) (i) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (ii) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (iii) Based on the audit procedures performed by us that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above, contain any material mis-statement; and
- e) As stated in note 4.10 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

**ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT**

Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2022:

- (i) a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of property, plant and equipments;  
(B) The Company has maintained proper records showing full particulars of Intangible Assets;
- b) All Property, Plant and Equipment, have been physically verified by the management during the year according to a phased programme as designed by the management. This, in our opinion, is reasonable having regard to the size of the Company and nature of its assets. We have been further informed that there are no material discrepancies between the book records and the physical verification have been noticed;
- c) The Company does not hold any immovable properties which are freehold. In respect of immovable properties of land and building that have been taken on lease and classified as Right of Use Asset in the standalone financial statements, the lease agreements are in the name of the Company;
- d) The Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year;
- e) As per the information provided to us, there are no proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company;
- (ii) a) The inventories have been physically verified by the management during the year. In our opinion, and according to the information and explanation given to us, the frequency of verification is reasonable. The procedures of physical verification, in our opinion, are reasonable and adequate in relation to size of the Company and nature of its business. The Company is maintaining proper records of inventories. No discrepancies were noticed on verification between the physical inventories and the book records;
- b) During the year under audit, the Company has not been sanctioned any working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, paragraph 3(iii)(a), (b) and (c) of the Order are not applicable;
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to loans and investments made;
- (v) In our opinion and according to the information and explanation given to us, the Company has not accepted deposits from the public and therefore, the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under are not applicable to the Company. We have been informed by the management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard;
- (vi) The Central Government has not prescribed maintenance of cost records under section 148(1) of the Act, for the services rendered by the Company;
- (vii) a) The Company has generally been regular in depositing with appropriate authorities undisputed statutory dues such as goods and services tax, provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, goods and service tax, cess and other applicable statutory dues. According to information and explanations given to us, no undisputed statutory dues payable were in arrears as at March 31, 2022, for a period of more than six months from the date they became payable;

- b) According to the information and explanation given to us, there are no outstanding disputed dues payable by the Company in case of income tax, goods and service tax or cess and any other statutory dues as on March 31, 2022.
- (viii) According to the information and explanation provided to us, there are no transactions that are not recorded in the books of accounts which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, reporting under clause 3(viii) of the Order is not applicable to the Company;
- (ix) a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under paragraph 3(ix)(a) of the Order is not applicable to the Company;
- b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority;
- c) The Company has not taken any term loan. Accordingly, reporting under paragraph 3(ix)(c) of the Order is not applicable to the Company;
- d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements, the Company has not raised any funds on short-term basis. Accordingly, the reporting under paragraph 3(ix)(d) of the Order is not applicable to the Company;
- e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary;
- f) The Company has not raised loans during the year and hence reporting on paragraph 3(ix)(f) of the Order is not applicable;

**ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT**

Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2022

**Opinion**

We have audited the internal financial controls with reference to financial statements of the Company as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022 based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

**Meaning of Internal Financial Controls with reference to Financial Statements**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

**Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS ON STANDALONE FINANCIAL STATEMENTS

### Background

Polychem Limited is engaged in the manufacturing of specialty chemicals and property development. The Company has manufacturing plant in India and sells it in Domestic as well as International market. The Company is Public Limited Company domiciled in India and is listed on the Bombay Stock Exchange (BSE).

### Authorization of standalone financial statements

The standalone financial statements were authorized for issue in accordance with a resolution of the directors on May 26, 2022.

### 1.00 Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the presentation of these standalone financial statements.

#### 1.01 BASIS OF PREPARATION

##### (i) Compliance with Ind AS :

The standalone financial statements comply in all material aspects with Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act, 2013 (“the Act”), and relevant rules issued there under. In accordance with proviso to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards.

##### (ii) Historical cost convention :

The standalone financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) is measured at fair value; and
- defined benefit plans – plan assets measured at fair value.

#### 1.02 ROUNDING OF AMOUNTS

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest thousands, except where otherwise indicated.

#### 1.03 CURRENT VERSUS NON-CURRENT CLASSIFICATION

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is classified as current if it is:

- i) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- ii) Held primarily for the purpose of trading,
- iii) Expected to be realized within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle,
- ii) It is held primarily for the purpose of trading,
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of operations, the Company has ascertained its operating cycle as twelve months for the purpose of current - non-current classification of assets and liabilities.

#### **1.04 USE OF JUDGEMENTS, ESTIMATES & ASSUMPTIONS**

While preparing standalone financial statements in conformity with Ind AS, the management makes certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecast and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluate these estimates and assumptions based on the most recently available information.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements are as below:

##### **Key sources of estimation uncertainty**

- i) Financial instruments; (Refer note 4.08)
- ii) Useful lives of property, plant and equipment and intangible assets; (Refer note 1.06)
- iii) Valuation of inventories; (Refer note 1.10)
- iv) Assets and obligations relating to employee benefits; (Refer note 4.03)
- v) Evaluation of recoverability of deferred tax assets; (Refer note 2.06) and
- vi) Contingencies. (Refer note 4.02)

#### **1.05 FOREIGN CURRENCY TRANSACTIONS**

##### **(i) Functional and presentation currency**

The Company's standalone financial statements are prepared in INR, which is also the Company's functional and presentation currency.

##### **(ii) Transactions and balances**

###### *Monetary items*

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of Profit and Loss.

###### *Non – Monetary items*

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

#### **1.06 PROPERTY, PLANT AND EQUIPMENT**

Property, plant and equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of

any decommissioning obligation, if any. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

Stores & Spares which meet the definition of property, plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as property, plant and equipment.

#### **Depreciation on Property, plant and equipment**

Depreciation on Property, Plant & Equipment is provided on written down value method. In accordance with requirements prescribed under Schedule II of Companies Act, 2013, the Company has assessed the estimated useful lives of its Property, Plant & Equipment and has adopted the useful lives and residual value as prescribed in Schedule II.

In case of additions/deletions during the year, the depreciation is computed from the month in which such assets are put to use and upto the previous month of sale or disposal as the case may be. In case of impairment, depreciation is provided on the revised carrying amount over its remaining useful life.

All assets costing up to Rs. 5,000/- are fully depreciated in the year of capitalization.

The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

### **1.07 INTANGIBLE ASSETS**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets with finite lives are amortised on written down value basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

Business application software intended for long term use are recorded at their acquisition cost and the cost of assets at their carrying value.

#### **Amortization of intangible assets**

Computer software is amortized over the estimated useful life of the assets.

### **1.08 IMPAIRMENT OF ASSETS**

Carrying amount of tangible assets, intangible assets and investments in subsidiary (which is carried at cost) is tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Company's assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

#### **1.09 LEASES**

##### **As a Lessee**

The Company, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

##### **Short-term leases and leases of low-value assets**

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term ending within 12 months and the Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

##### **As a Lessor**

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset. Lease income from operating leases where the Company is a lessor are recognized on either a straight-line basis or another systematic basis. The Company shall apply another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished. The Company present underlying assets subject to operating leases in its balance sheet according to the nature of the underlying asset.

#### **1.10 INVENTORIES**

##### **Inventories are valued as follows:**

Raw materials, packing materials, work-in-process and finished goods are valued at cost or net realizable value, whichever is lower. Cost of raw materials and packing materials is determined on FIFO basis. Cost of work-in-process and finished goods is determined on the basis of absorption costing method.

##### **Property under development**

Property under development represents free hold land converted into stock-in-trade on the basis of valuation made by approved valuer and development expenses incurred thereon.

#### **1.11 CASH AND CASH EQUIVALENTS**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

#### **1.12 INVESTMENT IN SUBSIDIARY**

A subsidiary is an entity that is controlled by another entity. An investor controls an investee if and only if the investor has the following: (i) Power over the investee, (ii) exposure, or rights, to variable returns from its involvement with the investee and (iii) the ability to use its power over the investee to affect the amount of the investor's returns.

The Company's investments in its subsidiary is accounted at cost and reviewed for impairment at each reporting date.

### 1.13 FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments.

#### **Initial Recognition and Measurement – Financial Assets and Financial Liabilities**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

#### **Classification and Subsequent Measurement: Financial Assets**

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

#### **Amortized Cost:**

A financial asset is classified and measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **FVTOCI:**

A financial asset is classified and measured at FVTOCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **FVTPL:**

A financial asset is classified and measured at FVTPL unless it is measured at amortized cost or at FVTOCI.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

#### **Impairment of Financial Assets :**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

#### **Classification and Subsequent measurement: Financial Liabilities**

The Company's financial liabilities include trade payables and other financial liabilities.

#### **Financial Liabilities at FVTPL:**

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognized in the Statement of Profit and Loss.

**Other Financial Liabilities:**

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

**Derecognition of Financial Assets and Financial Liabilities:**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred. If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

**Offsetting Financial Instruments:**

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

**1.14 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS**

Provisions are recognized when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognized as interest expense.

Contingent liabilities are disclosed in the case of:

- a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from the past events, when no reliable estimate is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent Assets is disclosed when inflow of economic benefits is probable.

**1.15 REVENUE RECOGNITION**

The Company derives revenue primarily from sale of products.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expect to receive in exchange for those products or services.

To recognize revenues, the Company applies the following five step approach:

1. Identify the contract with a customer;
2. Identify the performance obligations in the contract;
3. Determine the transaction price;

4. Allocate the transaction price to the performance obligations in the contract; and
5. Recognize revenues when a performance obligation is satisfied

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

The Company presents revenue net of indirect taxes in its Statement of Profit and Loss.

#### **Interest**

Interest income is recognized using the effective interest rate method taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the Statement of Profit and Loss.

#### **Dividend**

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

### **1.16 TAXES ON INCOME**

#### **Current Tax**

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

Current income tax relating to items recognized directly in equity is recognized in equity and not in the Statement of Profit and Loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### **Deferred tax**

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized outside the Statement of Profit and Loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

### 1.17 EMPLOYEE BENEFITS

#### Short-term obligations

Short term employee benefits are recognized as an expense at an undiscounted amount in the Statement of Profit and Loss of the year in which the related services are rendered.

#### Post-employment obligations

The Company operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund.

#### Gratuity obligations

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in Statement of Profit and Loss as past service cost.

#### Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in the future payments is available.

#### Other long-term employee benefit obligations

The liabilities for leave are not expected to be settled wholly within twelve months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

### 1.18 EARNINGS PER SHARE (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing cost associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

i) Claims against the Company not acknowledged as debts:	2,708	2,929
Relates to supplier of materials, employees and other claims etc. (No provision is made, as the Company is hopeful of successfully contesting the claims and as such does not expect any significant liability to crystallize).		
ii) The Company has taken certain premises on sub-lease. The landlord, a Government Company issued a notice under the Public Premises (Eviction of Unauthorized Occupants) Act, 1971 against the Company for eviction and has demanded damages and other charges, which are disputed by the Company. The proceedings in this connection are pending before the Estate officer. The Contingent liability in respect of damages, interest claimed by the Insurance Company cannot be quantified.		
<b>4.03 Employee benefits</b>		
<b>1) Defined Contribution Plans:</b>		
The amounts of contribution to provident fund and ESIC recognized as expenses during the year is Rs. 1,788 (March 31, 2021 : 1,491) for the year ended March 31, 2022.		
<b>2) Defined Benefit Plans:</b>		
The Company sponsors funded defined benefit plans for qualifying employee. The defined benefit plans are administered by separate fund that are legally separate fund from the entity. The board of the fund is responsible for the investment policy with regard to assets of the fund.		
These plans typically expose the Company to Actuarial risks such as : investment risk, interest rate risk, longevity risk and salary risk. No other post-retirement benefit are provided to the employees.		
<b>Investment Risk</b>	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to government bond yields. If the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has investment with LIC of India.	
<b>Interest Risk</b>	A decrease in the interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.	
<b>Longevity Risk</b>	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.	
<b>Salary Risk</b>	The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

**4.07 Financial Instruments****i) Methods & assumptions used to estimate the fair values**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other bank balances, deposits, loans to employees, trade payables, other financial liabilities and cash and cash equivalents are considered to be the same as their fair values.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

**ii) Categories of financial instruments**

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data

**4.08 Financial Risk Management**

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board of Directors. The details of different types of risk and management policy to address these risks are listed below:

The Company's activities are exposed to various risks viz. Credit risk, Liquidity risk and Market risk. In order to minimize any adverse effects on the financial performance of the Company, it uses various instruments and follows policies set up by the Board of Directors / Management.

**i) Credit Risk**

Credit risk arises from the possibility that counter party will cause financial loss to the Company by failing to discharge its obligation as agreed.

Credit risks from balances with banks are managed in accordance with the Company policy. For derivative and financial instruments, the Company attempts to limit the credit risk by only dealing with reputable banks having high credit-ratings assigned by credit-rating agencies.

Based on the industry practices and business environment in which the Company operates, management considers that the trade receivables are in default if the payment are more than 12 months past due.

All amounts are in '000 unless otherwise stated

ii) **Liquidity Risk**

Liquidity risk is risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company's principal sources of liquidity are cash and cash equivalents, borrowings and the cash flow that is generated from operations. The Company has consistently generated sufficient cash flows from its operations and believes that these cash flows along with its current cash and cash equivalents and funding arrangements are sufficient to meet its financial obligations as and when they fall due. Accordingly, liquidity risk is perceived to be low.

**Maturities of financial liabilities**

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF POLYCHEM LIMITED****Report on the audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of **Polychem Limited** (hereinafter referred to as “the Holding Company”) and its subsidiary (the Holding Company and its subsidiary together referred to as “the Group”) comprising of the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as ‘the consolidated financial statements’).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on standalone financial statements and on the other financial information of the subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2022, its consolidated profit (including other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India (ICAI), together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and rules made there under and we have fulfilled our other ethical responsibilities in accordance with these requirements and Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters section below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

**Information Other than the Consolidated Financial Statements and Auditor’s Report Thereon**

The Holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in Annual report but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group, in accordance with Ind AS and other accounting principles generally accepted in India. The Holding Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of these consolidated financial statements. The respective Governing Bodies of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

**Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in "Other Matters" paragraph below.

We believe that the audit evidence obtained by us along with the consideration of the audit report of the other auditors referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entity included in the consolidated financial statements of which we are the independent auditor regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other Matters

- (i) We did not audit the audited standalone financial statements of subsidiary, whose standalone financial statements reflect total assets of ₹1,29,426 thousand as at March 31, 2022, total revenues of ₹1,54,689 thousand, Group's share of total net profit after tax of ₹16,324 thousand, Group's share of total comprehensive income ₹15,852 thousand and net cash outflows amounting to ₹3,697 thousand for the year ended on that date, as considered in the consolidated financial statements; This financial statements and other financial information have been audited by other auditor whose report have been furnished to us by the Management of the Company and our opinion on the consolidated financial statements, to the extent they have been derived from such financial statements is based solely on the report of such other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

#### Report on Other Legal and Regulatory Requirements

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph (vi) under “Report on Other Legal and Regulatory Requirements” of our Independent Auditor’s Report on even date to the members of Polychem Limited (“the Holding Company) on the consolidated financial statements for the year ended March 31, 2022:

### Opinion

In conjunction with our audit of the consolidated financial statements of the Holding Company as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to financial statements of **Polychem Limited (hereinafter referred to as ‘the Holding Company’)** and its subsidiary, which are companies incorporated in India, as of that date.

In our opinion, the Holding Company, its subsidiary, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022 based on the internal controls with reference to financial statements criteria established by the Holding Company, considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

### Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Holding Company, considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (“Guidance Note”) issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statement of the Holding Company, its subsidiary, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their report referred to in the “Other Matters” paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company’s internal financial control system with reference to financial statements.

**Meaning of Internal Financial Controls with reference to Financial Statements**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Other Matters**

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements, in so far as it relates standalone financial statements of subsidiary, which are company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

## SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON CONSOLIDATED FINANCIAL STATEMENTS

These significant accounting policies and notes to accounts form part of the Consolidated financial statements for the year ended March 31, 2022. The Consolidated financial statements comprises of Polychem Limited (the “Company”) and its subsidiary (Gujarat Poly Electronics Limited (collectively the “Group”).

### Background

Polychem Limited (“the Company”) is engaged in the manufacturing of specialty chemicals and property development. The Company has manufacturing plant in India and sells it in Domestic as well as International market. The Company is Public Limited Company domiciled in India and is listed on the Bombay Stock Exchange (BSE).

### Authorization of consolidated financial statements

The consolidated financial statements were authorized for issue in accordance with a resolution of the directors on May 26, 2022.

### 1.00 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the presentation of these consolidated financial statements.

#### 1.01 BASIS OF PREPARATION

##### (i) Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act, 2013 (“the Act”), and relevant rules issued there under. In accordance with proviso to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting Standards.

##### (ii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) is measured at fair value; and
- defined benefit plans – plan assets measured at fair value.

#### 1.02 ROUNDING OF AMOUNTS

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest thousands, except where otherwise indicated.

#### 1.03 CURRENT VERSUS NON-CURRENT CLASSIFICATION

The Group presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is classified as current if it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

All assets and liabilities have been classified as current or non-current as per the normal operating cycle. Based on the nature of operations, the Group has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

#### **1.04 USE OF JUDGEMENTS, ESTIMATES & ASSUMPTIONS**

While preparing consolidated financial statements in conformity with Ind AS, the management makes certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecast and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluate these estimates and assumptions based on the most recently available information.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements are as below:

Key sources of estimation uncertainty

- a) Financial instruments; (Refer note 4.07)
- b) Useful lives of property, plant and equipment and intangible assets; (Refer note 1.06)
- c) Valuation of inventories; (Refer note 1.10)
- d) Assets and obligations relating to employee benefits; (Refer note 4.03)
- e) Evaluation of recoverability of deferred tax assets; (Refer note 2.06) and
- f) Contingencies. (Refer note 4.02)

##### **Critical accounting judgments**

The Company has equity stake in its subsidiary for strategic reasons concerning its operation. The relationship with this entity have been determined based on principles laid down in Ind AS 110 – Consolidated Financial Statements.

#### **1.05 FOREIGN CURRENCY TRANSACTIONS**

##### **(i) Functional and presentation currency**

The group's consolidated financial statements are prepared in INR, which is also the group's functional and presentation currency.

**(ii) Transactions and balances***Monetary items*

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in Statement of Profit and Loss.

*Non – Monetary items*

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

**1.06 PROPERTY, PLANT AND EQUIPMENT**

Property, plant and equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Stores & Spares which meet the definition of property, plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as property, plant and equipment.

**Depreciation on Property, plant and equipment**

Depreciation on tangible assets is provided based on useful life prescribed under Schedule II to the Companies Act, 2013. Depreciation on addition/deletion during the year, is provided on pro-rata basis with reference to the date of addition/disposal.

Assets purchased/installed during the year costing less than Rs. 5,000 are fully depreciated.

Depreciation on Plant & machinery, Laboratory equipment, Office equipment, Computers and Vehicles is provided on WDV as well as SLM based on nature of use. Depreciation on Furniture and fixture is calculated on WDV basis and Depreciation on all other assets is provided on SLM basis.

Cost of leasehold land is amortized over the period of the lease.

**1.07 INTANGIBLE ASSETS**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets with finite lives are amortised on written down value over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

Business application software intended for long term use are recorded at their acquisition cost and the cost of assets at their carrying value.

#### **Amortisation of intangible assets**

Computer software is amortized over the estimated useful life of the assets.

### **1.08 IMPAIRMENT OF ASSETS**

Carrying amount of tangible assets, intangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group's assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

### **1.09 LEASES**

#### **As a Lessee**

The Group, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate.

#### **Short-term leases and leases of low-value assets**

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term ending within 12 months and the Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

#### **As a Lessor**

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset. Lease income from operating leases where the Group is a lessor are recognized on either a straight-line basis or another systematic basis. The Group shall apply another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished. The Group present underlying assets subject to operating leases in its balance sheet according to the nature of the underlying asset.

### 1.10 INVENTORIES

#### **Inventories are valued as follows:**

Raw materials, packing materials, work-in-process and finished goods are valued at cost or net realizable value, whichever is lower. Cost of raw materials and packing materials is determined on FIFO basis. Cost of work-in-process and finished goods is determined on the basis of absorption costing method.

#### **Property under development**

Property under development represents free hold land converted into stock-in-trade on the basis of valuation made by approved valuer and development expenses incurred thereon.

### 1.11 CASH AND CASH EQUIVALENTS

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### 1.12 PRICIPLES OF CONSOLIDATION

#### **Subsidiary**

Subsidiary is an entity over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary is fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiary line by line adding together like items of assets, liabilities, equity, income and expenses. Intergroup transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

Non-controlling interests in the results and equity of subsidiary are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the noncontrolling interests even if this results in the noncontrolling interests having a deficit balance.

### 1.13 FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised when a group becomes a party to the contractual provisions of the instruments.

#### **Initial Recognition and Measurement – Financial Assets and Financial Liabilities**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

#### **Classification and Subsequent Measurement: Financial Assets**

The group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income (“FVTOCI”) or fair value through profit or loss (“FVTPL”) on the basis of following:

- the entity’s business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

**Amortised Cost:**

A financial asset is classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**FVTOCI:**

A financial asset is classified and measured at FVTOCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**FVTPL:**

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

**Impairment of Financial Assets**

The group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

**Classification and Subsequent measurement: Financial Liabilities**

The group's financial liabilities include trade payables and other financial liabilities.

**Financial Liabilities at FVTPL:**

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

**Other Financial Liabilities:**

Other financial liabilities (including trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

**Derecognition of Financial Assets and Financial Liabilities:**

The group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred. If the group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

**Offsetting Financial Instruments:**

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

**1.14 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS**

Provisions are recognised when the group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed in the case of:

- a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from the past events, when no reliable estimate is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent Assets is disclosed when inflow of economic benefits is probable.

**1.15 REVENUE RECOGNITION**

The Group derives revenue primarily from sale of products.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Group expect to receive in exchange for those products or services. Subscription revenue is recognized ratably over the period in which the services are rendered.

To recognize revenues, the Group applies the following five step approach:

1. identify the contract with a customer;
2. identify the performance obligations in the contract;
3. determine the transaction price;
4. allocate the transaction price to the performance obligations in the contract; and
5. recognize revenues when a performance obligation is satisfied

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

The Group presents revenue net of indirect taxes in its Statement of Profit and Loss.

**Interest**

Interest income is recognized using the effective interest rate method taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the Statement of Profit and Loss.

**Dividend**

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

**1.16 TAXES ON INCOME****Current Tax**

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments/appeals.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the Statement of Profit and Loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Deferred tax**

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the Statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the group have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

**1.17 EMPLOYEE BENEFITS****a) Short-term obligations**

Short term employee benefits are recognised as an expense at an undiscounted amount in the Statement of profit & loss of the year in which the related services are rendered.

**b) Post-employment obligations**

The group operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund.

**Gratuity obligations**

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in statement of profit and loss as past service cost.

**Defined contribution plans**

The group pays provident fund contributions to publicly administered provident funds as per local regulations. The group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

**c) Other long-term employee benefit obligations**

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

**1.18 EARNINGS PER SHARE (EPS)**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing cost associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**1.19 SEGMENT REPORTING**

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the group. Further, inter-segment revenue have been accounted for based on the transaction price agreed to between segments which is primarily market based. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the group as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocated expenses".

2) The group has taken certain premises on sub-lease. The landlord, a Government Company issued a notice under the Public Premises (Eviction of Unauthorized Occupants) Act, 1971 against the group for eviction and has demanded damages and other charges, which are disputed by the Company. The proceedings in this connection are pending before the Estate officer. The Contingent liability in respect of damages, interest claimed by the Insurance Company cannot be quantified.

<b>4.03 Employee benefits</b>		
<b>1) Defined Contribution Plans:</b>		
The amounts of contribution to provident fund and ESIC recognized as expenses during the year is Rs. 3,790 (March 31, 2021 : 3,146) for the year ended March 31, 2022.		
<b>2) Defined Benefit Plans:</b>		
The group sponsors funded defined benefit plans for qualifying employee. The defined benefit plans are administered by separate fund that are legally separate fund from the entity. The board of the fund is responsible for the investment policy with regard to assets of the fund.		
These plans typically expose the group to Actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk. No other post-retirement benefit are provided to the employees.		
Investment Risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to government bond yields. If the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has investment with LIC of India.	
Interest Risk	A decrease in the interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.	
Longevity Risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.	
Salary Risk	The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

**4.05 Capital Management**
**Risk management**

The Groups objectives when managing capital are to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to maximize shareholder value.

For the purpose of the Company's capital management, capital includes capital and all other equity reserves. In order to maintain or achieve a capital structure that maximizes the shareholder value, the Company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans. As at March 31, 2022, the Company has only one class of equity shares and has no debts. Hence, there are no externally imposed capital requirements.

**4.06 Financial Instruments**
**(i) Methods & assumptions used to estimate the fair values**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other bank balances, deposits, loans to employees, trade payables, other financial liabilities and cash and cash equivalents are considered to be the same as their fair values.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

**(ii) Categories of financial instruments**

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

**4.07 Financial Risk Management**

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The group's financial risk management policy is set by the Board of Directors. The details of different types of risk and management policy to address these risks are listed below:

The Group's activities are exposed to various risks viz. Credit risk, Liquidity risk and Market risk. In order to minimize any adverse effects on the financial performance of the Company, it uses various instruments and follows policies set up by the Board of Directors/Management.

**(i) Credit Risk**

Credit risk arises from the possibility that counter party will cause financial loss to the group by failing to discharge its obligation as agreed.

Credit risks from balances with banks are managed in accordance with the group policy. For derivative and financial instruments, the group attempts to limit the credit risk by only dealing with reputable banks having high credit-ratings assigned by credit-rating agencies.

Based on the industry practices and business environment in which the Company operates, management considers that the trade receivables are in default if the payment are more than 12 months past due.

Table showing age of gross trade receivables and movement in expected credit loss allowance:

Age of Receivables	As at Mar 31,	
	2022	2021

**(ii) Liquidity Risk**

Liquidity risk is risk that the group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The group principal sources of liquidity are cash and cash equivalents, borrowings and the cash flow that is generated from operations. The group has consistently generated sufficient cash flows from its operations and believes that these cash flows along with its current cash and cash equivalents and funding arrangements are sufficient to meet its financial obligations as and when they fall due. Accordingly, liquidity risk is perceived to be low.

**Maturities of financial liabilities**

The table below provides details regarding the remaining contractual maturities of financial liabilities as at the reporting date:

**(iii) Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed in the ordinary course of business to risks related to changes in foreign currency exchange rate and interest rate.

**Market Risk – Foreign Exchange**

Foreign currency risk is that risk in which the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The group operates internationally and a portion of its business is transacted in several currencies and therefore the group is exposed to foreign exchange risk through its overseas sales in various foreign currencies. The group hedges the receivables by forming view after discussion with Forex Consultant and as per policies set by Management.

The carrying amount of the group's foreign currency denominated monetary assets and liabilities as at the end of the reporting period is as follows:
