PRESS RELEASE

Sprayking Limited Expands Offerings with Launch of New Gas Fittings Parts

Jamnagar, January 15, 2025, Sprayking Limited (formerly known as Sprayking Agro Equipment Limited) is pleased to announce the expansion of its product line with the introduction of high-quality gas fittings parts. This new venture marks an exciting development for the company, reflecting its commitment to innovation, customer satisfaction, and continued growth in the industry.

With years of expertise in providing top-tier agricultural equipment, Sprayking Limited has now extended its offerings to include a range of precision-engineered gas fittings. These new components are designed to meet the diverse needs of industries such as agriculture, construction, and other sectors reliant on gas systems. The gas fittings parts are built to ensure safety, efficiency, and reliability, with the highest standards of manufacturing.

About Sprayking

Formerly known as Sprayking Agro Equipment Limited, the Company have now rebranded itself as Sprayking Limited. This change reflects our evolving business strategy and broader aspirations as we continue to expand our product offerings and explore new avenues in the market.

Established in 2005, Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited) is engaged in the manufacturing of brass components and parts, including fittings, forging equipment, transformer parts, and other customized brass components. Sprayking is a renowned manufacturer specializing in copper forging products. With a commitment to quality craftsmanship and exceptional design, Sprayking aims to provide customers with a diverse range of functional and decorative copper products. Sprayking is in the business of manufacturing and trading of agricultural sprayer parts & garden fittings, extruded brass rods, brass fittings & lead free

Brass fittings and forging specialty. The Company has a truly global presence with an unparalleled clientele in USA, Europe, Australia, Canada, South Africa, UAE & India. The high-quality Products, Technical knowledge & infrastructure enable Company to encompass global markets.

Sprayking, a leading forging company renowned for its commitment to innovation and excellence, has its state-of-the-art Research and Development (R&D) facility. This cutting-edge facility represents a belief of Company in advancing forging technologies and processes, further solidifying Sprayking's position as an industry leader in its region.

Recent remarkable Development in the Company:

The company bought a new manufacturing facility in Gujarat's Jamnagar. Like the company's current manufacturing facility, the unit will produce brass and forging components and parts. This 3,000 square

meter modern manufacturing plant is spread out. The company's market position will be strengthened with the installation of this production plant.

In an effort to grow the company, Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited) recently purchased more than 51% share in M/s. Narmada Brass Industries. Mr. Hitesh Dudhagra founded the partnership venture Narmada Brass Industries in 2019. Narmada Brass produces copper brass goods at its own production facility. The manufacturing facility can produce 2,000 tons of forged goods annually. With this acquisition, the business is expanding rapidly and meeting new orders from the domestic and international markets.

Acquired its new manufacturing facility at Jamnagar, Gujarat with the view of expansion. The unit will be manufacturing brass and forging components/parts similar to the existing manufacturing facility of the Company. This new Manufacturing facility is spread over 3,000 sq. mtr which has been acquired by the Company on rent from the third party.

The Company has changed its name from Sprayking Agro Equipment Limited to Sprayking Limited.

Management Comment:

Commenting on this development, Mr. Hitesh Dudhagara, Managing Director of Sprayking said:

"We are thrilled to announce the launch of our new range of gas fittings parts, a strategic expansion of Sprayking Limited's product portfolio. This marks a significant milestone in our company's growth and reflects our ongoing commitment to innovation and responsiveness to market needs.

We are leveraging our deep industry expertise to diversify into new sectors, while maintaining the high standards of quality and reliability that our brand has been known for. The introduction of gas fittings parts aligns with our vision to offer comprehensive, integrated solutions that support a wide variety of industries, from agriculture to construction and beyond.

Our customers are at the heart of everything we do, and this new offering is designed with them in mind. We have rigorously tested these parts to ensure that they meet the highest standards of performance and safety. This is just the beginning of our ongoing efforts to diversify our product range and enhance the value we provide to our clients.

We are confident that our customers will appreciate the quality, durability, and efficiency of these new gas fittings, and we look forward to the continued success and expansion of Sprayking Limited in the coming years."
