Rationale for revised ratings are as mentioned below:

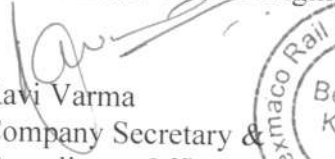

The change in ratings is mainly on account of subdued performance of Rail EPC - Kalindee Division which was due to prevailing economic condition in the Country and intermittently fund crunch with the customers (including Government). Furthermore, the Company had made a significant amount of provision in the quarter and year ended 31<sup>st</sup> March, 2020 amounting Rs.149.92 crores on account of impairment of assets of the Rail EPC - Kalindee Division in respect of certain legacy contracts which were under execution for long and its pending obligations completed during the year. This has led to decline in profitability of the Company.

This is for your information and record.

Thanking you,

Yours faithfully,

For Texmaco Rail & Engineering Limited
