India's Most Trusted Oral Care Brand

BRAND EQUITY

Brushing Off The Competition

Here's how Colgate remains the most trusted oral care brand despite other aggressive players in the fray

By Anil Bana

It's a largely settled fact that Colgate is the most trusted oral care brand in India. But how does it maintain this position in a market that is becoming increasingly competitive? In a bid to level the playing field, the brand has introduced a range of new products, including a new toothpaste, a new mouthwash, and a new toothbrush. Colgate's success is due to its long history of innovation and its commitment to quality. The brand has been a leader in the oral care industry for over a century, and its reputation for reliability and effectiveness is well-known. Colgate's products are available in a wide range of formats, including toothpaste, mouthwash, toothbrushes, and dental floss. The brand's success is a testament to its commitment to excellence and its ability to adapt to changing market conditions.

The EBITDA margins were higher by 100 bps and the reported Net Profit After Tax for the year was at ₹775.57 crores, an increase of 15% over the past year. Excluding the impact of Tax reversals and exceptional items, the Net Profit After Tax for FY. 2018-19 increased by 11%, over the last financial year.

Dividend

In pursuance of our commitment to maximize shareholder value, the Board declared a Special third interim dividend for the Financial Year 2018-19, of ₹8/- per share of ₹1/- (face value). The Total Dividend stands at ₹23/- per share, for FY. 2018-19.

Market Leadership

We maintained our strong leadership positions in both, the toothpaste and toothbrush categories, with volume market shares for the year 2018 at 52.4% and 45.2%, respectively.

Colgate is India's No. 1 Most Trusted Oral Care Brand

For the eighth consecutive year, Colgate ranked as India's #1 Most Trusted Oral Care Brand in The Economic Times Brand Equity Most Trusted Brands Survey - 2018, a consumer survey conducted in collaboration with Nielsen. We sincerely thank you for your trust.

Driving Growth is Our Key Priority

We work towards achieving a sustainable profitable business growth with brand building activities and a sharp focus on innovation, supported by a strong advertising investment.

To reinvigorate Colgate's flagship brand and India's largest selling toothpaste - Colgate Strong Teeth, the brand was re-launched with a thought-provoking consumer communication of 'Andar Se Strong' moment reflected as 'Bahar Se Smiles'. The TV commercials featured the real stories of India's popular icons Deepika Padukone and Mahendra Singh Dhoni, highlighting how they face life's tough moments with self-belief and a smile.

Colgate Total got a brand refresh with an advanced formula of Dual Zinc and Arginine. It provides superior protection to problem causing germs. The brand proposition was communicated through a new campaign persuading people to 'Upgrade to Whole Mouth Health'.

Continuing the momentum in our 'Naturals' segment, a 360° marketing campaign for Swarna Vedshakti leveraged leading celebrities Kajol and Jyothika. Additionally, through strong region-specific communication, Vedshakti asserted its presence at major festivals in India, throughout

the year. It is pertinent to mention that at Kumbh, the world's largest congregation of pilgrims, our campaign, 'Kumbh Se Sampurna Shuddhi, Colgate Vedshakti Se Sampurna Suraksha', ensured the exposure of our brand to one in every five visitors through impactful outdoor advertising, Kumbh related utility accessories like Suraksha-wristbands and Suraksha-ropes, and large-scale sampling with sachet packs.

Focusing on the children's portfolio we launched the new Colgate Kids Toothpaste integrated marketing communication of 'Make brushing fun', leveraging the much-loved, popular characters of Batman, Barbie and Motu-Patlu. This new communication was amplified across digital platforms, in addition to in-store engagements and exciting promotions.

We recently introduced Colgate ProClinical 150 Toothbrush in the market. This technology led innovation is a battery operated toothbrush that is tough on plaque yet gentle on gums.

We have expanded the Palmolive equity to a new category of Palmolive Facial Bars. Available in 3 exciting variants of Vitamin C&E, Turmeric & Tamarind, and Charcoal, the facial cleansing bars were launched with a high impact campaign across multiple consumer touch-points in digital and social channels, in-stores and outdoors.

Bringing Alive Colgate's Brand Purpose

In line with our brand purpose - 'Everyone Deserves a Future They Can Smile About', we recently launched Colgate's equity campaign - 'Smile Karo Aur Shuru Ho Jao' or Get Started with a Smile. This brand expression underscores Colgate's message of hope and optimism through the positive power of a smile. While embarking on life's significant new journeys when we feel overwhelmed or unsure, it is our smile that boosts our courage and nudges us to better places. The campaign was

introduced through two new TV commercials, on one of the biggest sporting events in India, the IPL.

Stepping Up the Game

In order to enhance our equity with the 'Profession,' we continue to create relevant opportunities for scientific engagements. We recently organized a lecture series by Dental Experts on Product Technologies, across 40 cities in India, which was much appreciated by the dentist community.

In e-commerce, our focus on understanding shopper trends and catering to their requirements effectively, has tripled our growth in the last year.

And, in traditional trade platforms, our successful implementation of Mission Vistaar has led to a considerable increase in our direct distribution, across the country.

Our Commitment to Social Action

Caring for the health and safety of our environment, people and communities, is an integral part of Colgate. It gives me great pleasure to share with you that Colgate is the first Company in India to be recognized by the Green Business Certification Inc. (GBCI) with TRUE Zero Waste Platinum certification for all four of our manufacturing sites. The principles of 'Reduce -Reuse- Recycle' have become a way of life for all of us at Colgate.

For over eighty years we have been committed to Keep India Smiling through several community programs that aim to create a significant positive impact in the lives of people.

Our long running, pan-India flagship program Bright Smiles, Bright Futures™ (BSBF), which has been providing foundational oral health education, since 1976, to school children across urban and rural India has reached over 162 million children so far.

Oral Health Month (OHM), an annual initiative that we started in 2004 to offer free dental consultation and check-ups to people across the country, has benefitted about 40 million people so far.

Seva Mandir, an Udaipur based NGO, partnered with Colgate in 2013. Together, we have supported the cause of education for underprivileged children from tribal areas of Rajasthan. As part of this association, in 2016, we launched the 'Colgate Seva Mandir Education Scholarship Program' which supports children with overall grooming and quality education at the Vidya Mandir school. Additionally, Colgate also helps to enhance Vidya Mandir's learning facilities and infrastructure.

Taking this partnership with Seva Mandir further, recently, we also started a livelihood-based women-empowerment program in nine tribal villages of Udaipur. For the beneficiaries, the income from this

program is not only a means to build their self-reliance, but also to improve their quality of life and of those around them.

Saksham, our employability-linked skill development program to empower the underprivileged and marginalised youth, has trained more than 900 candidates across the states of Uttar Pradesh, Bihar and West Bengal, since 2016.

Colgate has partnered with NGO, ActionAid to support children, primarily girls, from marginalised communities in villages around Baddi in Himachal Pradesh. The program focuses on building their computer and language skills and helps with their personality grooming. More than 500 children have been enrolled in FY.2018-19 in mixed-model schools run together by the government and community.

'Save Water' is the cornerstone of Colgate's sustainability mission. We realise that people in regions without water, struggle with their basic daily existence. Through our partnership with NGO, Water for People - India Trust, water availability has been enabled in regions of Bihar, West Bengal, and most recently, in Amravati district of Maharashtra. Additionally, Colgate's water augmentation program with NGO Seva Mandir, ensures water accessibility to tribal villages of Udaipur, Rajasthan.

We will continue to grow and develop our community programs with the objective of building strong foundations to create a meaningful difference in people's lives.

Outlook

We remain focused on maximizing growth and productivity. Guided by our ethics and core values of Caring, Teamwork, and Continuous Improvement, we continue to draw upon our foundational strategies of investing in our brands and delivering innovative products. With our pragmatic and committed teams, we are confident that we will continue to create value for our shareholders over the long-term.

I wish to thank all Colgate people for their unstinted efforts, year on year, towards attaining our goals. I would also like to express my sincere appreciation for the trust and support that we receive from our customers, suppliers, shareholders and directors which enables us to continue striving to Keep India Smiling.

Colgate is the first company in India to receive TRUE Zero Waste Platinum certification. All the four manufacturing plants of Colgate India - in Baddi (Himachal Pradesh), Goa, Sanand (Gujarat), and Sricity (Andhra Pradesh), have achieved TRUE Zero Waste Platinum certification, the highest level of accreditation from Green Business Certification Inc. (GBCI), the premier organization that independently recognizes excellence in green business industry performance and practice, globally.

GBCI administers TRUE Zero Waste certification, a program for businesses to assess performance in reducing waste and maximizing resource efficiency. Facilities earn TRUE certification by achieving minimum program requirements and attaining points; the program operates on a ranking system, with 'Platinum' being the highest certification level.

The TRUE Zero Waste certification program is meant to enable facilities to define, pursue and achieve their zero waste goals, cutting their carbon footprint and supporting public health. TRUE-certified spaces support sustainability, and facilities that achieve the highest level of the rating system are acknowledged for minimizing their waste to landfill, incineration (waste-to-energy) or to the environment.

► Contributing to the Society

Bright Smiles, Bright Futures™

This program was launched in 1976, in partnership with the Indian Dental Association (IDA). It spreads oral care awareness among school children by teaching them the right dental care habits. The program covers both urban and rural India, and has reached over 160 million children so far.

Oral Health Month

The program started in 2004, in partnership with the Indian Dental Association (IDA). It offers free dental consultation and check-ups to people across the country, and has benefited over 40 million people so far.

ActionAid

Colgate's Education Program with the NGO, ActionAid aims to bring a positive impact in the lives of the children, particularly girls, by empowering them with computer literacy and communication skills.

Save Water Initiative

Colgate has partnered with the NGO, Water for People - India Trust, to enable water availability in Bihar and West Bengal, and most recently in Amravati district of Maharashtra.

Saksham

Launched in 2016, this program empowers underprivileged and marginalized youth through an employability-linked skill development program and has trained more than 900 candidates from Uttar Pradesh, Bihar and West Bengal.

Seva Mandir

Colgate partnered with the NGO Seva Mandir in 2013 to support programs that help with education for children, women empowerment, and conservation of natural resources for the marginalized communities in Udaipur, Rajasthan. Colgate also launched a scholarship program to enable quality education for children.

► Key Highlights

Andar Se Strong

The Andar Se Strong campaign is Colgate's promise to guard and nurture your smile and to keep your teeth strong from within, with the new Colgate Strong Teeth toothpaste.

Colgate Strong Teeth is Colgate's flagship brand and the most distributed toothpaste in the country.

The Andar Se Strong campaign highlights the superior protection that Colgate Strong Teeth provides by making one's teeth strong from within. The campaign has been supported by three new TVCs, two of which feature Bollywood actress Deepika Padukone, and Indian cricketer Mahendra Singh Dhoni and his wife Sakshi Dhoni, respectively, talking about their real-life stories of strength.

Kumbh Mela

Colgate launched the 'Kumbh Se Sampurna Shuddhi, Colgate Vedshakti Se Sampurna Suraksha' campaign at the Kumbh Mela 2019 in Prayagraj, Allahabad, to create oral hygiene awareness and also to ensure a safe visit for all pilgrims.

The campaign was custom-made to provide a complete all-round protection to pilgrims through a range of activities and utility elements such as:

- Oral care drives, to spread awareness about the importance of good oral hygiene
- Brushing stations for pilgrims

- Large-scale sampling of Colgate Vedshakti for millions of people at Kumbh
- Suraksha Wristbands for children to write/wear their emergency contact details on their wrist
- Sampurna Suraksha Ropes given to big groups and families to hold on to, to ensure that they walk together without getting lost in the crowd

2. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 for Item Nos. 3 and 4 of the Notice is appended hereto.

A brief Profile of Mr. M. Chandrasekar, who offers himself for re-appointment as a Director, has also been appended hereto.
3. Electronic copy of the Annual Report 2018-19 is being sent to those Members whose e-mail addresses are registered with the Company / Depositories for communication purpose, unless any Member has requested for a physical copy of the same. For Members who have not

registered their e-mail addresses physical copies of the Annual Report are being sent by the permitted mode. Members may note that this Annual Report will also be available on the Company's website viz. www.colgatepalmolive.co.in

4. The Register of Members and Share Transfer Books of the Company will remain closed from Thursday, August 22, 2019 to Wednesday, August 28, 2019 (both days inclusive).
5. Members, Proxies and Authorized Representatives are requested to bring to the Meeting, the attendance slips enclosed herewith duly completed and signed mentioning therein details of their DPID and Client ID/Folio No.
6. In case of joint holders attending the Meeting, the joint holder who is highest in the order of names will be entitled to vote at the Meeting.
7. Relevant documents referred to in the accompanying Notice and in the Explanatory Statement are open for inspection by the Members at the Company's Registered Office on all working days, during the office hours except Saturdays, Sundays and all public holidays upto the date of the Meeting. Further, the Register of Directors and Key Managerial Personnel and their Shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or arrangements in which Directors are interested under Section 189 of Companies Act, 2013 will be available for inspection at the AGM.
8. Members are requested to send all communications relating to shares, unclaimed dividends, change of address, etc. to the Registrar & Share Transfer Agent of the Company, at their address: M/s. Link Intime India Private Limited, C-101, 247 Park, L. B. S. Marg, Vikhroli (West), Mumbai 400 083.
9. Members are requested to notify immediately any change in their addresses to the Registrar & Share Transfer Agent of the Company at the above address, if shares are held in physical form, and to the respective depository participants, if shares are held in electronic mode.
10. The Company, following the introduction of the Depository System ('DS'), entered into agreements with National Securities Depository

Limited ('NSDL') and Central Depository Services (India) Limited ('CDSL'). The Members, therefore, have the option of holding and dealing in the shares of the Company in dematerialized form through NSDL or CDSL.

11. The DS aims to eliminate several problems inherent in the scrip-based system such as bad deliveries, fraudulent transfers, mutilation of share certificates, etc. Simultaneously, DS offers several advantages like exemption from stamp duty, elimination of the concept of market lot, elimination of bad deliveries, reduction in transaction costs, improved liquidity, etc.
12. The Securities & Exchange Board of India ('SEBI'), amended Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') pursuant to which after March 31, 2019 transfer of securities could not be processed unless the securities are held in the dematerialized form with a depository. The Members holding shares in physical form are advised to dematerialize their shares.
13. To prevent fraudulent transactions, we urge the Members to exercise due diligence and notify the Company of any change in address / stay abroad or demise of any Member as soon as possible. Members are requested not to leave their demat account dormant for long. Periodic statements of holdings should be obtained from the concerned Depository Participant and holdings should be verified.
14. SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are, accordingly, requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the Company.
15. Electronic Clearing Service ('ECS') enables quick receipt of dividend without the potential for loss or delay in postal transit. Members who are not already enrolled in ECS are requested to fill in the form which is available either on the Company's website or with the Company's Registrar & Share Transfer Agents and forward the same to the Company's Registrar & Share

Transfer Agents if the shares are held in physical form and to the applicable Depository Participant in case the shares are held in dematerialized form.

16. During the financial year 2018-19, unclaimed dividends declared for the years 2010-11 and 2011-12 in the amounts of ₹ 45,17,316/-, ₹ 63,69,748/- and ₹ 81,13,275/- have been transferred to the Investor Education and Protection Fund ('IEPF') on May 21, 2018, August 03, 2018 and February 06, 2019, respectively.

Pursuant to the provisions of Section 124(6) of the Companies Act, 2013 read with the IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 which came into force from September 7, 2016 (including any amendment thereto or re-enactment thereof for the time being in force), all equity shares in respect of which dividend has not been paid or claimed by the Member(s) for seven consecutive years or more are required to be transferred to the IEPF Authority, a Fund constituted by the Government of India under Section 125 of the Companies Act, 2013. The Company has communicated individually to the concerned Members to claim their unpaid / unclaimed dividend amount(s) and that failure to claim the same would lead to their equity shares being transferred to the IEPF Authority without any further notice. In accordance with the aforesaid IEPF Rules, during the financial year 2018-19, the Company has transferred shares pertaining to interim dividends which remained unpaid and unclaimed, being declared for the years 2010-11 and 2011-12 to the IEPF Authority.

The unclaimed dividends and corresponding shares including all benefits accruing on such shares, if any, once transferred to the IEPF Authority can only be claimed back from the IEPF Authority, for which details are available at www.iepf.gov.in

The details of Members whose dividends have remained unclaimed / unpaid for seven consecutive years have been placed on the website of the Company. Members are requested to refer to the "Investors" section on the website of the Company at <http://www.colgateinvestors.co.in/shareholder-information/unclaimed-dividends>.

17. The Company has designated an exclusive e-mail ID called investors_grievance@colpal.com to redress Shareholders' complaints / grievances. In case you have any queries / complaints, then please write to us at investors_grievance@colpal.com. The Company has nominated Mr. K. Explanatory Statement pursuant Section 102 of the Companies Act, 2013

Item No. 3

The Members of the Company at their Meeting held on August 03, 2017 had approved by way of a Special Resolution payment of commission to the Non-Executive Independent Directors (NEIDs) not exceeding 1% of the Net Profits of the Company in any financial year, subject to a sum not exceeding ₹ 10.00 Lakhs, per Non-executive Independent Director.

As per the Companies Act, 2013 and Rules made thereunder, a company can pay commission up to 1% of the net profit to the Non-executive Directors (all of them together). Article 115(2)(b) of the Articles of Association of the Company authorizes the Company to pay commission to the NEIDs by passing a special resolution.

The NEIDs on the Board have been providing invaluable services and are of high stature and knowledge. The Company has immensely benefited from their experience, knowledge and guidance from time to time. In view of the increased responsibilities of the NEIDs, it is proposed to pay an amount of commission not exceeding ₹15.00 Lakhs per annum to each of the NEIDs of the Company for three years commencing from April 1, 2019.

However, the Company will ensure that the overall payment of commission to NEIDs shall not exceed 1% of the net profits of the Company as provided under Section 197 of the Companies Act, 2013.

Item No. 4

Consequent to the elevation of Mr. Issam Bachaalani as Vice President & General Manager of Colgate-Palmolive Company's Eurasia Hub, the Board of Directors ("the Board") at their meeting held on July 18, 2019, has appointed Mr. Ram Raghavan (DIN: 0008511606) as Managing Director of the Company, liable to retire by rotation, for a period of 5 (five) consecutive years with effect from August 1, 2019 subject to the approval of the Members of the Company and such other approvals as may be required.

Brief Profile of Mr. Ram Raghavan is as under:

Mr. Raghavan has served as Vice-President Marketing of Asia Pacific Division of Colgate-Palmolive. Mr. Raghavan joined C-P India in 1997 as a Management Trainee and assumed increasing responsibilities in Customer Development and Marketing. Over the years, he progressed through a series of leadership roles across various divisions and subsidiaries of Colgate-Palmolive. In 2003, he moved to Hong Kong to join the Asia-Pacific Division. In 2004, he moved to C-P China and sequentially managed the Toothbrush and Toothpaste businesses with innovative products. In 2008, he became Marketing Director for C-P Canada. In 2009, he returned to China as Marketing Director. In 2013, he became the General Manager for the Latin America CIC, where he was instrumental in developing the platform-based innovation model supporting Latin America organic growth. Mr. Raghavan holds a bachelor's degree in Accounting from Narsee Monjee College of Commerce and Economics and an MBA from Jamnalal Bajaj Institute of Management Studies, both located in Mumbai, India.

Mr. Raghavan does not hold any other directorship in India. He does not hold any shares in the Company.

Considering the rich experience and expertise of Mr. Raghavan, the Nomination & Remuneration

Committee in their meeting held on July 4, 2019, has recommended his appointment as Managing Director of the Company.

The material terms of the Agreement to be entered into between the Company and Mr. Raghavan are given below:

The remuneration payable to Mr. Raghavan shall be determined by the Board or a duly constituted committee thereof from time to time within the maximum limits set forth under the applicable provisions of Companies Act, 2013 and as per the Remuneration Policy of the Company:

- a) Salary: Up to ₹ 50,00,000/- (Rupees Fifty Lakhs only) per month.
- b) Commission or Performance Linked Incentive or Bonus: Not exceeding 1% of the net profit of the Company in any financial year as the Board may determine from time to time but shall not exceed the amount equivalent to the salary for the relevant period; it may be paid pro-rata on a monthly basis at the absolute discretion of the Board.
- c) Perquisites: He shall be entitled to furnished/non-furnished accommodation or house rent allowance in lieu thereof, gas, electricity, water, medical reimbursement, leave travel concession for self and family, club fees, personal accident insurance, company maintained car, telephone and such other perquisites in accordance with the Company's rules, the monetary value of such perquisites to be determined in accordance with the Income-tax Rules, 1962 being restricted to ₹ 2,00,00,000/- (Rupees Two Crores only) per annum.
- d) Company's contribution to Provident Fund and Superannuation Fund or Annuity Fund, gratuity payment as per Company's rules and encashment of leave at the end of his tenure shall not be included in the computation of ceiling on remuneration and perquisites as aforesaid.
- e) In addition to the perquisites referred to above, he will be eligible to the following perquisites which shall not be included in the computation of the ceiling on perquisites:
 - i) Children's Education: Reimbursement of actual expenses on education of children

for a maximum of two children, studying in or outside India.

- ii) Holiday Passage for children: Entitlement to cost of return airfare for children studying abroad to visit India, twice in a year, by economy class.
- iii) Leave Travel Concession: For self and family once in a year for any destination in India. In case leave is to be spent in home country, return passage will be allowed for self and family in accordance with the Rules specified by the Company.
- iv) Reimbursement of expenses incurred on joining duty and for returning to home country after completion of tenure: Actual expenses incurred on travel, temporary living expenses and on packing, forwarding, loading/unloading, as well as freight, insurance, customs duty, clearing expenses, local transportation and installation expenses in connection with the moving of personal effects for self and family for joining duty in India. After completion of the tenure, such expenses may be reimbursed if Mr. Ram Raghavan is finally leaving the employment of the Company. In case he joins any other affiliated entity of Colgate-Palmolive Co., such affiliated entity would bear such expenses.
- f) Annual Leave: Earned/Privilege leave on full pay and allowances as per Rules of the Company but not more than six weeks leave for every twelve months of service. Encashment of leave at the end of tenure will not be included in the computation of the ceiling on perquisites.
- g) The provision of a car for use on Company's business and telephone at residence will not be considered as perquisites. Personal long

distance calls on telephone and use of car for private purposes shall be billed by the Company to Mr. Ram Raghavan.

- h) Mr. Ram Raghavan shall be entitled to be reimbursed the travelling and entertainment expenses actually and properly incurred by him in or about the business of the Company and approved by the Board.

In the event of absence or inadequacy of profits in any year, Mr. Ram Raghavan will be paid the aforesaid remuneration and perquisites as minimum remuneration for that year in accordance with the provisions of the Companies Act, 2013. The Board shall have the discretion and authority to modify the foregoing terms of remuneration within the parameters of the applicable provisions of the Companies Act, 2013. As Managing Director, Mr. Ram Raghavan will have requisite powers and authorities to enable him to manage the Company on a day-to-day basis. The appointment will be for a period of 5 (five) consecutive years, which may be terminated by either party by giving to the other ninety days' notice in writing or in the case of the Company, by payment of ninety days' salary as compensation in lieu of such notice. Upon such termination, Mr. Ram Raghavan shall cease to be a Director of the Company.

Mr. Raghavan has furnished to the Company all the necessary disclosures and declaration as required under the Companies Act, 2013 and the SEBI Listing Regulations. Further, he is also not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013.

A copy of the draft Agreement referred in the resolution would be available for inspection by the Members at the Registered Office of the Company during the business hours on all working days, except Saturdays, Sundays and all public holidays upto the date of the Meeting.

4. **Colgate ranked India's #1 Most Trusted Oral Care brand (8th consecutive year)**

Your Company is the market leader in Oral Care and has been ranked as the Most Trusted Brand in the Oral Care category for the 8th year in a row, as per the India's Most Trusted Brands Survey 2018, conducted by Nielsen and commissioned by Economic Times - Brand Equity. Colgate is the only brand to feature in the top three ranks from 2001-2018 since inception of the survey. This has been possible only due to the trust of our consumers that helps us "Keep India Smiling!"

5. **Focus on Innovation and New Launches / Campaign**

Your Company is focused on delivering insight-driven innovation that provides value-added new products across all price points.

In the financial year 2018-19, following products were launched/re-launched:

Colgate Strong Teeth: Colgate's most selling toothpaste brand in India has been re-launched on an evocative platform of "Daant Banaye Andar se Strong - Strengthens Teeth from within". Refreshed with a new packaging, the re-launch of Colgate Strong Teeth is unveiling new elements.

Colgate Total: Colgate Total was re-launched with a new Advanced Formula that provides superior protection for problem causing germs not just for your teeth but also for your tongue, cheeks and gums. The advanced formula contains Dual Zinc and Arginine and works with the chemistry and biology of the mouth to proactively fight germs, food acids and stains which give you Whole Mouth Health.

New Motu Patlu & Colgate Kids Toothpaste Variant: Strengthening Colgate's existing Kids toothpaste portfolio, which is built around exciting characters like Spiderman, Barbie and

Minions, Colgate launched another themed toothpaste – Motu Patlu with Fun & Fruity flavours for children.

SuperFlexi Sensitive Toothbrush: The latest addition to the toothbrush portfolio is SuperFlexi Sensitive Toothbrush. It's premium ultrasoft bristles and flexible neck handle ensures complete yet gentle cleaning for sensitive teeth & gums. It comes in a 1st ever premium window hanger to stand out in-store.

Palmolive Facial Bar: Launched in selected markets of Kerala and Delhi, Palmolive Facial Bar has been developed with nature's goodness and Palmolive's expertise, in 3 exciting variants – Vitamin C & E, Turmeric & Tamarind and Charcoal. Its unique formula, enriched with fruit oil & natural extracts creates luxurious foam on usage, cleansing the skin from deep within to make it healthy and radiant.

Colgate's 'Kumbh Se Sampoorna Shuddhi, Colgate Vedshakti Se Sampoorna Suraksha' campaign:

During the year, Colgate has endeavoured to ensure a complete protection or 'sampoorna suraksha' of the pilgrims at Kumbh Mela, which is the world's largest human congregation, where more than 15 crore people come for a holy dip in the Prayag, at Allahabad. The main aim of the said campaign was to create oral hygiene awareness and also ensure a safe visit for all pilgrims.

This completely localised campaign was custom-made to provide a complete all-round protection to pilgrims through a range of Kumbh specific activities and utility elements such as:

- Brushing stations for pilgrims to brush their teeth;
- Oral Care importance drives to spread the awareness of good oral hygiene;
- Free, large-scale sampling of Colgate Vedshakti for millions of people at Kumbh;
- Suraksha Wristbands for children to write/ wear their emergency contact details on a safety wristband; and
- Sampoorna Suraksha Ropes given to big groups and families to hold on to, to ensure that they walk together without getting lost in the crowd.

6. Sustainability

Your Company is an environmentally conscious Company that believes in protecting the environment and building a sustainable society. The Company is committed to doing business with integrity and respect for all people, and for the world around. Achieving economic, social and environmental performance in today's business climate requires a long term sustainability strategy that is executed with discipline year after year. Colgate's sustainability strategy is focussed on the three areas of People, Performance and Planet.

- I. **People:** Promoting healthier lives, Contributing to the Communities where we live and work:

Management Discussion and Analysis Report

Appendix

(within the limits set by the Company's competitive position)

Our Company operates in the Personal Care business, which accounts for more than 50% of FMCG sales in India. This includes Oral Care that contributes over 90% of the Company's sales turnover. Within Oral Care, the Company continues to sustain the leadership position both in the Toothpaste and Toothbrush categories for the year ended March 31, 2019 despite challenging business and competitive environment.

As a leading consumer products company, we are also deeply committed to advancing technology that can address changing consumer needs. This is consistent with our Company's sustained endeavour which is to leverage technology to create products that will improve the quality of life for our consumers.

The Company follows a closely defined business strategy to develop and increase market leadership positions in its key products categories. On an on-going basis, management focuses on a variety of key indicators to monitor business health and performance. These indicators include market share, net sales, gross profit margin, operating profit and net profit after tax, as well as measures used to optimize the management of working capital, capital expenditures, cash flow and return on capital. The monitoring of these indicators and the Company's Code of Conduct and corporate governance practices help to maintain business health and strong internal controls.

To achieve its business and financial objectives, the Company focuses the organization on initiatives to drive and fund growth. The Company seeks to capture significant opportunities for growth by identifying and meeting consumer needs within its core categories, through its focus on the introduction of innovative products and the deployment of valuable consumer and shopper insights in the launch of successful new products.

In line with our focus on evolving consumer demands our company had major launches/re-launches in the portfolio, including-

Colgate Strong Teeth: Colgate's best-selling toothpaste brand in India has been re-launched on an evocative platform of "Daant Banaye Andar se Strong" - Strengthens Teeth from within. Refreshed with a new packaging and on-pack messaging, the

re-launch of Colgate Strong Teeth is strategically aimed at resonating with the virtues of being strong from within.

Colgate Total: Colgate Total was re-launched with a new advanced formula that provides superior protection for problem-causing germs not just for your teeth but also for your tongue, cheeks and gums. The advanced formula contains Dual Zinc and Arginine, which help fight germs, food acids and stains to give you Whole Mouth Health.

New Motu Patlu & Colgate Kids Toothpaste Variant: Strengthening Colgate's existing Kids toothpaste portfolio, which is built around exciting characters like Spiderman, Barbie and Minions, Colgate launched themed toothpaste – Motu Patlu with Fun & Fruity flavours for children which is sure to resonate with Indian consumers.

SuperFlexi Sensitive Toothbrush: The latest addition to the toothbrush portfolio is SuperFlexi Sensitive toothbrush. This has premium ultrasoft bristles and a flexible neck handle to ensure complete yet gentle cleaning for sensitive teeth & gums. It also comes in a first-ever premium window hanger to stand out in-store.

Palmolive Facial Bar: Launched in select markets of Kerala and Delhi, Palmolive Facial Bar has been developed with nature's goodness and Palmolive's expertise, in 3 exciting variants – Vitamin C&E, Turmeric & Tamarind, and Charcoal. Its unique formula, enriched with fruit oil & natural extracts creates luxurious foam on usage, cleansing the skin from deep within to make it healthy and radiant.

Above launches were complemented by our existing best-in-class distribution network across the country through many distributors who were our pillars for many years including challenging times. This long term association and the trust that was built over the years helped our company increase the stores that we directly distributed our products to an unprecedented level of +30% on an existing strong reach in a short span of time. Trust is the foundation of our company's partnership which helps us collaborate with key customers in Modern Trade and e-commerce. Our company, in line with its reputation in the industry, has developed key initiatives to build strong relationships

with consumers, dental professionals and customers. With increased focus, the Company has strengthened its capabilities in e-commerce, including developing its relationships with online-only retailers and enhancing its digital marketing capabilities.

As a testament to the above, Colgate ranked as India's #1 Most Trusted Oral Care Brand as per India's Most Trusted Brands Survey 2018, conducted by Nielsen and commissioned by Economic Times - Brand Equity.

The investments needed to support growth are developed through continuous, Company-wide initiatives to lower costs and increase effective asset utilization. Through these initiatives, which are referred to as the Company's funding-the-growth initiatives, the Company seeks to become even more effective and efficient throughout its businesses. These initiatives are designed to reduce costs associated with direct materials, indirect expenses, distribution and logistics, and advertising and promotional materials, among other things, and encompass a wide range of projects, examples of which include raw material substitution, reduction of packaging materials, consolidating suppliers to leverage volumes and increasing manufacturing efficiency through SKU reductions and formulation simplification.

In India, almost one-third of the population does not have access to modern oral care. With its market leadership in the Oral Care category, there is an enormous opportunity for the Company to expand its business as oral care habits improve. We had initiated many activities in 2018 including our Colgate's '**Kumbh Se Sampoorna Shuddhi, Colgate Vedshakti Se Sampoorna Suraksha**' campaign

Colgate had endeavoured to ensure complete protection or 'sampoorna suraksha' of the pilgrims at Kumbh Mela, which is the world's largest human congregation, where more than 15 crore people come for a holy dip in the Prayag, at Allahabad. The main aim of the said campaign was to create oral hygiene awareness and also ensure a safe visit for all pilgrims.

This completely localised campaign was custom-made to provide a complete all-around protection to pilgrims through a range of Kumbh specific activities and utility elements such as:

- Brushing stations for pilgrims to brush their teeth;
- Oral care importance drives to spread the awareness of good oral hygiene;

- A free, large-scale sampling of Colgate Vedshakti for millions of people at Kumbh;
- Suraksha Wristbands for children to write/wear their emergency contact details on a safety wristband; and
- Sampoorna Suraksha Ropes given to big groups and families to hold on to, to ensure that they walk together without getting lost in the crowd.

In recent years, the Company has experienced heightened competitive activity, particularly within the Naturals segment. Such activity includes aggressive marketing claims, as well as increased promotional spending and geographic/distribution expansion. In addition, while the Company is focused on growing in its other Personal Care categories, due to the high concentration of the Company's business in Oral Care, the Company could be significantly impacted by any major disruption in the Oral Care category.

Looking forward, the Company expects challenging market conditions and favourable macro economic conditions to continue. The Company believes it is well prepared to meet the challenges ahead due to its strong financial condition, experience operating in challenging environments and continued focus on the Company's key priorities: continuous investment behind brands, growing sales through engaging with consumers, delivering world-class innovation and working with its distributors and retail partners; driving efficiency on every line of the income statement to increase margins; generating strong cash flow performance and utilizing that cash effectively to enhance total shareholder returns; and leading to win by staying true to the Company's culture and focusing on its stakeholders. The Company's commitment to these priorities, together with the strength of the Company's brands, its best-in-class distribution network and its cost-saving initiatives, should position the Company well to increase stakeholder value over the long term.

The Company believes that adequate internal control systems are in place. The discussion on the Company's financial performance, including segment-wise performance, is covered in the Board's Report. There were no material developments on human resources during the financial year 2018-19 and industrial relations continue to be positive. The number of people employed by the Company as on March 31, 2019 was 2,305.

Details of changes in key financial ratios as compared to immediately previous financial year are given below:

Particulars	2018-19	2017-18
Debtors Turnover	21.58	25.14
Inventory Turnover	6.56	5.74
Interest Coverage Ratio*	0	0
Current Ratio	0.96	1.08
Debt Equity Ratio*	0	0
Operating Profit Margin (%)	24	23
Net Profit Margin (%) (after tax)	17	16

The Company's key financial ratios continue to be very healthy. The Return on Net Worth in the financial year 2018-19 has increased to 52% from 48% in the immediately previous financial year driven by improvement in Net Profit in the current year.

* Debt and Interest expense appearing in the Financial Statements wholly relate to the finance lease of equipment (Ind AS-17), which commenced in Q4 of the financial year 2018-19.

1. **Colgate Bright Smiles, Bright Futures™ Program:**

At Colgate, we understand that oral health plays a significant role in people's overall health. Thus we recognize the importance of a healthy smile and following continued good oral health care practices. Importantly, developing good habits at an early age helps children get a good start towards a lifetime of oral health.

As India's leader in oral care, Colgate is committed to improving children's oral health and considers it as the Company's responsibility to bring healthy, bright smiles to the children of India through oral health awareness and education.

One of the most impactful oral health initiatives by Colgate is Bright Smiles, Bright Futures™ (BSBF). A flagship initiative by the Company, it was created with an aim to spread awareness among children about the correct oral health habits, basic hygiene and diet and reduce the prevalence of dental caries. Since the inception of the program in 1976, the Company has been delivering oral health education to children by reaching out to influencers – like school teachers and the anganwadi workers in the community to promote preventive oral care education.

Children between the age group of 6 to 14 years studying in primary schools are taught good oral hygiene habits, the right techniques of brushing with the use of a tooth model and a toothbrush, and the importance of brushing at night through an interactive module, where the importance of a good mouth cleaning regimen is strongly instilled in them. At the end of the program, each child is given a 'Dental Health Pack' consisting of a toothpaste and a toothbrush, along with attractive charts depicting valuable oral care information in order to encourage these children to brush twice a day and take care of their oral care hygiene. A chart containing oral care information is left in each classroom as a reminder to the children, and for the teachers to reiterate the oral care message. School teachers are trained and provided with a 'Teacher's Guide' to help them instill good oral care habits on an on-going basis. The Teacher's Guide is a detailed booklet that pictorially provides the details of a tooth's anatomy and the different stages of decay, and the causes of gum diseases, to help teachers advocate the importance of healthy teeth.

As a pilot in the year 2017-18, along with the preventive oral health awareness for children, dental checkups were added in the ongoing BSBF program in two cities, predominantly in the government or municipal schools. This pilot program was successfully implemented for approximately 2.5 million children. We aim to continue to scale this initiative in the future too.

BSBF has, so far, touched the lives of 162 million plus children between the ages of 6 and 14 years in schools across India since inception of the program.

In the financial year 2018-19 alone, the BSBF program reached 11.5 million children across the country with oral health awareness and education.

2. **Oral Health Month:**

India's first National Oral Health Survey, which was conducted by the Dental Council of India and the Ministry of Health & Family Welfare, focused on improving the standards of oral health care in India. Colgate, along with Indian Dental Association (IDA), rolled out Oral Health Month (OHM) in 2004 as a 6-city program with 70 participating dentists. Spanning two months every year, OHM promotes oral health care by offering free, preventive dental check-ups across the country.

The program was further strengthened with the introduction of mobile vans to service under-privileged areas. OHM has also made oral care check-ups more accessible to people, and also helps to address any in-clinic fears that people may harbor.

This oral care health drive now encompasses free in-clinic dental check-ups, school contact programs, free dental check-ups in mobile dental vans, a retailer outreach program and other community outreach initiatives. In the past 13 years, OHM has grown phenomenally, emerging as a leading campaign for promoting oral health care in India. In the financial year 2018-19, in the months of November to January, almost 35,000 dentists participated in the program across India. In our estimate, this campaign benefited almost 6 million people across the country, contributing actively towards improving oral health care in India in the financial year 2018-19.

3. A Positive Step Program with Network in Thane by People Living with HIV (NTP+):

At Colgate, we recognize the seriousness of HIV/AIDS and its overall impact on the workplace and on the society. Our HR policy focuses on non-discrimination and confidentiality, prevention, access to treatment, partnerships with third parties and providing proactive organizational support. We work to limit the impact of HIV/AIDS and maintain an environment at Colgate that is open and conducive to acceptance.

Colgate initiated 'A Positive Step', a program in collaboration with 'Network In Thane By People Living With HIV' (NTP+), a non-governmental organization promoting education for the HIV infected and affected children.

The program supports education, nutrition and the overall personality grooming of the infected and affected children with the help of NGO partners. The program that had started with a handful of children has grown to support approximately 90+ children now.

In the financial year 2017-18, the focus was on computer literacy and personality development programs for these infected and affected children who form a part of the Positive Step Program. Based on their need assessment the Knowledge Garden initiative (a creative library) was introduced to the program. The Knowledge Garden initiative has encouraged and helped children develop a desire to learn through creative ways. Colgate employee volunteers spend their time in engaging with these children through creative and fun based learning sessions which has helped these children sharpen their skills and given them the confidence to face challenges bravely and more positively. In the financial year 2018-19, we took another step in the Knowledge Garden initiative and launched a Mentorship program for senior children, who aspire to choose their career path. The mentorship programs aim to enable these young, aspiring children with better guidance.

Every year, Colgate also organizes a special event on 'World AIDS Day', wherein these children are invited to spend a day at the Colgate office and interact with their sponsors, volunteers, and with the entire Colgate family. This occasion is also a platform for the children to showcase their talents and for Colgate People to salute their spirit. More information about the NGO is available on <https://ntplus.org>

4. Programs with Seva Mandir:

Seva Mandir is a non-profit organization, working in and around Udaipur, in Rajasthan. It works in the fields of education, health, empowerment of women and youth, village institutions and towards natural resource development.

Our association with Seva Mandir has supported programs in various domains like education for children, women empowerment and conservation of natural resources for the marginalized communities in the rural and tribal areas of Udaipur, Rajasthan.

'Colgate Seva Mandir Education Scholarship Program' was launched in financial year 2017-18 for children from tribal and rural areas of Rajasthan. The children enrolled in this program are primarily girls from less privileged families. Colgate supports the entire program cost including children's school fees, hostel stay, cost for study material, uniforms, travel, special coaching, remedial classes and other support. Children study in Vidya Bhawan School in Udaipur, which focuses on an all-round development of children through academics, sports and also by building in them a strong value system, through various engaging activities and initiatives. The academic scores of the sponsored children have progressed a lot as compared to their baseline assessment scores. In addition, with a focus on sports and fitness, few girls in the program have also qualified for District and State level Hockey tournaments.

Colgate has also supported Seva Mandir and Vidya Bhawan to build a better infrastructure and facilities for the children in the form of well-lit classrooms, uniforms, residential and storage spaces, availability of safe drinking water, renovation of toilets and washing facilities, availability of computers and infrastructure for libraries, creation of a Volley ball court and common areas in some of its two hostels. The aim of the program is to support the accessibility to quality education, sports and build an overall, enriching experience for the children and to enable them to aspire for a brighter future ahead.

In the financial year 2017-18, Colgate partnered with Seva Mandir to design and support the Women Empowerment program through livelihood activities like backyard poultry, Floriculture and Water augmentation.

This program focuses on the economic and social empowerment of communities, specifically of women from 9 tribal villages in Udaipur, Rajasthan. The structure of the program has multiple dimensions like formation and strengthening of women self-help groups, technical trainings for vaccinations, floriculture, and various other collaborations. The program was launched formally in the financial year 2018-19 in one of the tribal village of Alsigarh block, Udaipur, Rajasthan.

The initial results of the program are encouraging and the beneficiaries have started generating income. 178 women beneficiaries and their families have been directly benefited through floriculture or backyard poultry or both and about 3000 villagers have benefited directly or indirectly through water augmentation work. We have planned additional interventions to strengthen the program. We aim to continue to empower women and communities of tribal and rural areas to enhance their economic and social well-being and to enable them to look forward to a better future for themselves and their families.

Colgate employees volunteer and partner with Seva Mandir to support these causes through various volunteering initiatives. More information about the NGO is available on www.sevamandir.org

5. Read India with Pratham:

Colgate has been associated with Pratham, an NGO working towards providing quality education to the underprivileged children in India. 'Every child in school and learning well', has been Pratham's endeavor since its modest beginnings in Mumbai in 1994. Pratham tries to supplement the Government initiatives of primary education.

Colgate has partnered with Pratham under their initiative "Read India". Under this initiative Colgate extends its support to educate 10 communities in Mumbai. Employee volunteers engage with the children in these communities through learning camps and help them learn language, skills, etc. More information about the NGO is available on www.pratham.org.

6. 'Saksham' Program with SEEDS:

Realizing the need to make the future generation more employable and self-reliant, Colgate

launched 'Saksham', a pragmatic initiative for the social and economic empowerment of the youth from lesser privileged backgrounds, through employability linked skill development program. Colgate launched this program in 2016 in partnership with NGO SEEDS and its implementation partner IL&FS Skills.

Through an extensive mobilization process, candidates from rural and urban clusters are enrolled for the program. The focus is on enrolling candidates who have the potential and willingness to learn, but may be lacking the financial resources, exposure and guidance. The curriculum is imparted through multimedia enabled content, by trained faculty Members. Efforts are made to arrange opportunities for experiential learning through interactions, engaging sessions and visits from Colgate teams and other people from different walks of life, including business partners, etc. This helps to build the confidence of the candidates.

The 'Saksham' journey started with an enrolment of 55 candidates at Lucknow, Uttar Pradesh. The program has now expanded to Kanpur, Varanasi, Allahabad, Moradabad in Uttar Pradesh, Patna in Bihar and Kolkata in West Bengal. Till March 2019, more than 900 candidates have been trained and certified and 650 candidates have been facilitated with employment opportunities through the NGO and its implementation partner and rest are undergoing the process. More information about the NGO is available on www.seedsimpact.org

7. Water with 'Water for People, India Trust:

Water is one of the key pillars of Colgate's sustainability initiatives. To build a culture of Save Water many initiatives have been carried out within Colgate's manufacturing facilities and offices across India, which have helped not only in the recycling, reuse, and zero discharge of water but also in water conservation and sensitization towards the cause of Save Water.

To strengthen our commitment towards water and to support communities, Colgate has expanded its partnership with Water for People, India Trust (an NGO) and launched Water program for rural and tribal villages of district Amravati in Maharashtra. Water for People India Trust focuses on comprehensive water management approach.

In Amravati district, an in-depth feasibility assessment was conducted to shortlist the villages which have multiple challenges with respect to water. The level of water in the local water source starts depleting from the month of February, due to which the women and girls of the local communities have to fetch water from distant water sources. Additionally, other challenges like water quality and accessibility need redressal too. A comprehensive roadmap and implementation plan is made to address these challenges in the select villages based on need prioritization, etc.

The program aims to support a projected cumulative coverage of approximately 36 villages over the next 3 years from now. The key components of this program are: water availability, accessibility, quality of water, rain water harvesting and support in sanitation (in schools/communities area as per plan) and education on hygiene and conservation of water through the WASH program based prioritization, sustainability, partnership of local communities and stakeholders and building capacities. The work has started in 10 villages and we aim to implement program as per roadmap in these villages in next one year.

We aim to build sustainable practices and mechanisms on water conservation through Water for People and bring about a positive impact in the lives of communities in the targeted areas. More information about the NGO is available on <https://www.waterforpeople.org>.

8. Education Program with Action Aid:

This program aims to impact the lives of the children from low income group families by empowering them with computer-literacy, communication skills and personality grooming. Efforts are made to encourage enrolment of girl children in the program. The program has started in villages in and around Baddi, Himachal Pradesh.

As per assessment, it was found that inspite of an interest and the potential to learn, children from villages and less privileged families are not well versed with computers and lack communication skills. In the initial phase, approximately 500 children will be taken into the program through a mixed model of community center school and government schools. The program will also help to sensitize communities and engage employees and other stakeholders through volunteering and other opportunities. More information about the NGO is available on www.actionaidindia.org.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO PURSUANT TO PROVISIONS OF SECTION 134 OF THE COMPANIES ACT, 2013 READ WITH THE COMPANIES (ACCOUNTS) RULES, 2014.

A) Conservation of Energy and Water:

Your Company continues its endeavor to improve energy & water conservation and utilization. Some of the steps taken by the Company for conservation of energy & water at its manufacturing plants during the financial year 2018-19 are outlined below:

Sanand Plant

• **Conservation of Energy:**

- At regular intervals Plant conducts a workshop viz. 'Energy Treasure Hunt' to encourage ideas on energy conservation from its employees. The ideas generated for energy conservation are being implemented, which has generated saving of 13% on per MT of production, quantifies to 25.3 Lakhs kWh of electricity saving in 2018. Further, during the financial year 2018-19 plant had invested ₹ 82 Lakhs on identified projects which will save additional 6 Lakhs kWh of electricity on an annual basis.

• **Conservation of Water:**

- Last year Plant had harvested about 46,694 Cubic Meters (Cu M) of rain water, based on 2018 rainfall data. Further, Plant reuses waste water after treating it in Effluent Treatment Plant for gardening. Last year, the plant had used 35,161 Cu M of treated water. In total the Plant had saved 81,855 Cu M of water which is more than the water consumed by site (77,198 Cu M) from GIDC.
- Plant had also conducted a water workshop viz. 'Water Treasure Hunt' to explore water conservation ideas amongst employees. During the year many water saving projects were implemented which resulted in saving of about 18% on per MT of production which quantifies to 8,023 Cu M of water saving.

Goa Plant

• **Conservation of Energy:**

- Installed seven Dust Extraction System with high efficiency blower motors (IE3) controlled by VFDs to regulate the speed automatically, thus saving power in abrasive loading area.
- CFL lights are replaced with LED Lamps in flex making floor of the plant. This has reduced the making lighting load by 50% and overall reduced the lighting load.

• **Conservation of Water:**

- Conservation of around 1,800 KL rain water was recharged to ground.
- Site explored use of Gamma Jet Spray ball which reduces consumption of water in manufacturing equipment during cleaning and sanitization process.
- Water sprinklers were added in main lawn to optimize water consumption.

Plant added new AHU Condensate Recovery line to the utility cooling towers thereby saving upto 3-5 KL of water per day depending on the season.

Baddi Plant

• **Conservation of Energy:**

- Installed the VFD and pressure transducer on 35 KL (utility) Tank Motor and interlocked it with the Line Pressure. The pump now delivers only required volumes to utility equipments like boilers, cooling towers, chillers etc., resulting in reduced operational time of the pump.
- Secondary water system and 66 KV Lights interlocked with motion sensor.
- Making system's Local CIP Pump interlocked with SCADA and enabled time settings for the operations resulting in energy conservation.

• **Conservation of Water:**

- Cooling tower make up water reduction by optimizing the TDS (using RO water low TDS mixing with raw water) which has resulted around savings of 20,000 Ltrs of water per month.

- The reuse of chlorine sensor circulation water as raw water for the utilities purpose, had reduced the overall ground water consumption by 25,000 Ltrs per month and also the load on the Effluent Treatment Plant.
- Vacuum Pump water reduction by 25,000 Ltrs per month after doing modification on the cooling circuits of all the vacuum pumps being used for the mixers.
- Making system's Local CIP Pump interlocked with Timer which has resulted in reduction of water consumption by 50,000 Ltrs per month.
- Reuse of Back wash water of MGF after filtration as raw water in the utility RO system which has resulted in reduction of water consumption from bore wells by 1,00,000 Ltrs per month.
- Time based scheduling of Ventilation system in locker room resulted annual savings of 59 MWh from 5 Ventilation fans.
- Through optimization of continuous running of AHUs' with 50 Hz frequency was reduced to 35 & 40 Hz in 2 AHUs' which resulted annual savings of 14 MWh.
- Three Solar Street lights installed near Solar plant which is saving of 0.7MWh

- **Conservation of Water:**

- Level sensors fixed in cooling towers to avoid water overflow from 850TR & 350TR Cooling towers
- Waterless urinals were installed to save 24 KL water and planned to install in all our Urinals in 2019 which will save around 750 KL.
- Reduction in evaporated water from cooling towers by reducing the fan frequency from 50 Hz to 15 Hz, This resulted in reduction of Power consumption and also saving of Water evaporation
- Implemented quality based back wash instead of time based which resulted in annual savings of 120KL.

Sricity Plant

- **Conservation of Energy :**

- The Company has taken many initiatives in the Plant, majorly by investing in Solar Power plant of 1,284 KW capacity for captive consumption to ensure commitment towards green power, sustainability and saving initiatives. Many other initiatives were also taken in driving the productivity, process, utilities and ancillary equipment changes which delivered reduction in energy index over 20 %.
- Installation and commissioning of 1,284KW Solar Power in the plant achieved an annual savings of 1,872 MWh.
- Implementation of Common Dust extraction system for 10 End rounding machines by inter-connecting 2 machines' dust extraction to One Dust collector. This initiative has helped to achieve an annual savings of about 134 MWh.
- Arresting of Air leakages in machines by conducting external Air Audit and identified 179 air leaks and resulted annual savings of 196 MWh.
- By inter-connecting Chilled water lines of 2 Vertical Injection moulding machines had helped to reduce 1 MTC instead of 2 MTC. This initiative has helped to achieve an annual savings of about 179 MWh.

B. Technology Absorption:

The Company continues its efforts on various Research & Development (R&D) activities including absorption of technology received from Colgate-Palmolive Company, U.S.A., for development and manufacture of oral care products The technology received by the Company is being absorbed and adapted to the demands of the local market.

The following are some R&D and technology absorption efforts made by the Company during the year:

1. Adapted technology for products using both local and / or imported raw materials and flavours.
2. Prepared laboratory and pilot plant batches and set tentative product specifications.
3. Completed product stability tests, microbiological tests, analytical tests and method validation.
4. Optimized various manufacturing processes and filling trials.

Section E: Principle-wise performance

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability.

1. **Does the policy relating to ethics, bribery and corruption cover only the Company? Yes / No. Does it extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others?**

Yes, Colgate is committed to dealing legally and ethically in all aspects of business dealings. Colgate’s goal is to ensure that Colgate People and the third parties with whom we work reflect the same high ethical standards and demonstrate a commitment to compliance with all applicable laws. Colgate’s reputation depends on the conduct of its employees as well as the conduct of its third parties.

Colgate has a stringent anti-bribery policy viz. Global Anti-bribery Policy that recognizes the local anti-bribery laws of the country in which we do business as well as the US Foreign Corrupt Practices Act which has extra-territorial jurisdiction. The Company rigorously follows

the Policy in true letter and spirit without any deviation and expects all of its third party partners to comply with the Global Anti-Bribery Policy as a strict mandate.

Colgate People as well as all third party partners acting on behalf of Colgate or in connection with Colgate business are strictly required to follow the Colgate Global Anti- Bribery Policy in letter and spirit without any deviation. For this purpose, Colgate employees are provided online training on the Policy, its expectations and reporting mechanism on an annual basis. They are also informed on the importance of monitoring its third party/ies engaged on behalf of Colgate from time to time.

In addition to prohibiting bribery of government officials, Colgate also recognizes the importance of sensitizing its employees and third parties against commercial bribery and strictly prohibits from engaging in bribery of private parties.

Colgate has a robust Anti-Bribery Due Diligence process for its Vendors, Suppliers and other stakeholders dealing with the Government or statutory authorities on behalf of the Company, in accordance with its Global Anti-Bribery Policy. Colgate has a zero tolerance for any breach of its Policy.

2. **How many stakeholder complaints have been received in the past Financial Year and what percentage was satisfactorily resolved by the management?**

The Company received 7 (seven) code of conduct complaints during the financial year 2018-19 which was duly investigated and appropriate action was taken. The numbers of complaints under POSH Act and before the Consumer Dispute Redressal Forums are provided in further sections of this report.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.

1. **List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and / or opportunities.**

- Colgate is committed to improving the sustainability profile of its packaging, through regular evaluation of materials and processes. For example, cartons that have lower thickness contribute to improved biodegradability and recyclability.

- Most of the toothpaste cartons of the Company are made of recycled paper board which can be further re-cycled. Additionally, all shippers are made from recycled paper and can be further recycled.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

i. Reduction during sourcing / production / distribution achieved since the previous year throughout the value chain?

We ensure sourcing raw material and packaging material from the suppliers who are located close to our manufacturing facilities. In most of the cases, we source packaging material locally. The secondary and tertiary packaging material has the potential of being reused and recycled

ii. Reduction during usage by consumers (energy, water) has been achieved since the previous year?

We have conducted Water Treasure Hunt initiatives at our manufacturing plants in India. The key objectives of such initiative was to identify, quantify and implement pragmatic water saving ideas and most importantly inculcate the culture of saving water. Through this initiative, the Company has been able to save a considerable amount of water and we continue to make efforts to save water. Along with this initiative, the sensitization to build a 'save water culture' is carried out through various mediums like quiz contests, messages from the leadership and sharing updates with reference to Water.

We also generated funds through a week long initiative of 'Joy of Giving', which supported the cause of safe sanitation for girls in Ashramshalas in the Amravati District of Maharashtra.

Since 2013, we have supported communities in West Bengal and Bihar with water programs with the help of Water for People. Through this initiative we have empowered 1,508 Water User Committees, trained 144 Jalbandhus and Nirmalbandhus with a 50% Women representation and also replenished 757,114,638 Litres of water.

The Company launched a Save Water Cause Campaign in partnership with Metro across their stores in India. Through this campaign, we were able to support communities with piped water connections in one village, and in three schools across three villages in the Amravati District of Maharashtra. The initiative was implemented by the NGO - Water for People, India Trust.

3. Does the Company have procedures in place for sustainable sourcing (including transportation)?

Most of our plants are situated close to the suppliers of raw material and packaging material suppliers, thereby reducing transportation and carbon emission.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Colgate's 'Enhance Supplier Management' program helps suppliers to improve their quality, efficiencies, productiveness and waste reduction through regular audits, recommendations and an inspection process.

5. Does the Company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so

Yes, more than 90% of the waste generated during the manufacturing process at the Company's plants is being diverted to recycling. Company has also contracted with a waste management Service Provider entity named NEPRA Environmental Solutions Pvt. Ltd. The said Service Provider is responsible for collection, sorting, processing, and recycling of an uncontaminated multi layered packaging waste. This will help in diverting the Industrial waste towards recycling and co-processing of the waste to avoid landfills.

Also, the containers of our primary packaging material are reused and recycled. Most of the material used for transportation of primary and secondary packaging material is recycled and reused.

Solid waste / sludge from Waste Water Treatment Plants and process waste from the factories located at Sanand, Gujarat; Kundaim, Goa; and Baddi, Himachal Pradesh are sent to cement manufacturing companies which is co-processed to be converted into cement. A small portion of the waste is not environment friendly and is therefore disposed in a controlled manner to government approved Common Hazardous Waste Treatment Storage and Disposal Facility (CHWTSDF).

The goal of the program is to divert all solid waste from landfill, incineration and the environment.

All 4 of our manufacturing sites are TRUE Zero Waste Rating System certified sites from GBCI (Green Business Certification Inc.) and the highest certification status of "Platinum" has been conferred. "Colgate is the first company with TRUE-certified facility in India."

Principle 3: Businesses should promote the well-being of all employees.

Colgate's commitment to caring for people is manifested in the workplace through a variety of programs designed to promote and reward individual and team achievement and specifically in matters of employment:

- It is the policy, practice and aim of Colgate to provide employment opportunities to all qualified persons on an equal basis. The Company does not discriminate against any employee or applicant for employment on the basis of race, religion, disability, ethnicity, marital status or any other characteristic protected by law.

Independent Auditor's Report

To the Members of Colgate-Palmolive (India) Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Colgate-Palmolive (India) Limited ("the Company"), which comprises of the Balance sheet as at March 31 2019, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its profit including other comprehensive income its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics'

issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted

in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended the Companies (Indian Accounting Standards) Amendment Rules, 2018. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Independent Auditor's Report (Contd.)

Independent Auditor's Report for the year ended March 31, 2019

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast

significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give

Independent Auditor's Report (Contd.)

Independent Auditor's Report for the year ended March 31, 2019

ANNEXURE II TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF COLGATE-PALMOLIVE (INDIA) LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Colgate-Palmolive (India) Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the

audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention

Independent Auditor's Report (Contd.)

or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended March 31, 2019

1A. Background:

Colgate-Palmolive (India) Limited is a subsidiary of Colgate-Palmolive, USA and a listed Company in India. The Company was incorporated on September 23, 1937 under the provisions of The Companies Act. The registered office of the company is located at Colgate Research Center, Main street, Hiranandani Gardens, Powai, Mumbai – 400076. Its shares are listed on two recognised stock exchanges in India. The Company is engaged in manufacturing/trading of toothpaste, tooth powder, toothbrush, mouth wash and personal care products. These financial statements for the year ended March 31, 2019 were approved by the Board of Directors on May 27, 2019.

1B. Significant Accounting Policies:

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

i. Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] (as amended from time to time) and other relevant provisions of the Act.

ii. Historical Cost Convention

These financial statements have been prepared on a historical cost basis, except as disclosed in the accounting policies below:

- Certain financial assets and liabilities are measured at fair value;
- Defined Benefit Plans - plan assets measured at fair value;
- Share-Based payments; and
- Assets held for sale – measured at lower of cost and fair value less costs to sell

iii. Current versus Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of assets and liabilities.

Notes to the Financial Statements for the year ended March 31, 2019

(b) Foreign currency translation

i. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian currency (INR), which is the Company's functional and presentation currency.

ii. Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss. Foreign currency denominated monetary assets and liabilities at the year-end are translated at the year-end exchange rates, and the resultant exchange difference is recognised in the Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

(c) Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation and impairment loss, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items including capital spares which are identified as a part of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Capital Work-In-Progress

Cost and direct expenses incurred for construction of assets or assets to be acquired, which are not ready to use in the manner intended by the management are disclosed under capital work in progress.

Depreciation methods, estimated useful lives and residual value

The useful lives of the assets are based on technical estimates approved by the Management, and are lower than or same as the useful lives prescribed under schedule II to the Companies Act, 2013 in order to reflect the period over which depreciable assets are expected to be used by the Company. Depreciation is calculated on a pro-rata basis on the straight line method so as to write-down the cost of property, plant and equipment to its residual value systematically over its estimated useful life based on useful life of the assets as prescribed under Part C of Schedule II to the Companies Act, 2013 except in case of following assets, wherein based on internal assessment and technical evaluation, a different useful life has been determined.

Asset Class	Useful Life
Residential and Office Buildings	40 years
Factory Buildings	20 years
Plant and Equipment (Including Finance lease)	7 to 15 years
Dies and Moulds (included in Plant and Equipment)	3 years
Furniture and Fixtures	5 years
Office Equipment (including Computer Servers)	5 years

Notes to the Financial Statements for the year ended March 31, 2019

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

(d) Leases

As a Lessee

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(e) Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

Investment properties are depreciated using the straight-line method over their estimated useful lives which is 40 years.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

(f) Intangible assets

Intangible Assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment loss, if any.

Amortisation

Intangible assets comprise of Goodwill, Trademarks, Copyright and Technical Know-how. Intangible assets (other than Goodwill) are amortised over the useful life of assets, not exceeding 10 years.

The estimated useful life and amortization method are reviewed at the end of each annual reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

Expenditure on research is recognized as an expense when it is incurred. Development costs of products are also charged to the Statement of Profit and Loss

Notes to the Financial Statements for the year ended March 31, 2019

unless all the criteria for capitalization have been met by the Company. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

(g) Impairment of non-financial assets

At each balance sheet date, the Company reviews whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the recoverable amount of its asset's other than inventory and deferred tax. An impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is determined as higher of the asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the levels for which there are separately identifiable cash flows (cash generating unit). Assessment is done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting period may no longer exist or may have decreased. An impairment loss is reversed to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

(h) Inventories

Inventories of raw and packing materials, stores, work-in-progress, finished goods

and stock in trade are valued at lower of cost and net realisable value.

- Cost is determined using standard cost method that approximates actual cost.
- Cost of work-in-progress and finished goods includes materials, labour and manufacturing overheads and other costs incurred in bringing the inventories to their present location and condition.

Spares that do not qualify to be recognized as Property, Plant and equipment are included in stores and spares.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost net of any expected credit losses, if any. The Company provides for expected credit losses based on the probability of defaults that are possible over the life of the asset.

(j) Cash and Cash equivalents

For the purpose of presentation in the Statement of cash flows, cash and cash equivalents include cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(k) Assets held for sale

Assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use, a sale is considered highly probable and is expected to qualify for recognition as a completed sale within one year from the

Notes to the Financial Statements for the year ended March 31, 2019

date of classification. They are measured at the lower of their carrying amount and fair value less costs to sell except for assets such as deferred tax assets, assets arising from employee benefits financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised.

A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Assets are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of assets held for sale continue to be recognized.

Assets classified as held for sale are presented separately from the other assets in the balance sheet under "Other Current Assets". The liabilities for assets held for sale are presented separately from other liabilities in the balance sheet.

(I) Financial Assets:

i. Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset, except in the case of financial assets not recorded at fair value through profit or loss. Transaction costs of financial assets carried at fair value through profit or loss are expensed through the Statement of Profit and Loss.

ii. Subsequent measurement

For purposes of subsequent measurement, the Company classifies its financial assets

in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in Statement of Profit and Loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Notes to the Financial Statements for the year ended March 31, 2019

Fair value through Other Comprehensive Income (FVOCI)

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Statement of Profit and Loss. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through Profit or Loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through Profit or Loss is recognised in the Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is included in other income.

iii. Derecognition

A financial asset is derecognised only when:

- the rights to receive cash flows from the financial asset have expired, or
- the Company has transferred its rights to receive cash flows from the financial asset or has assumed an obligation to pay the received cash flows to one or more recipient

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial

asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset. Expected credit losses are recognized for all financial assets subsequent to initial recognition.

(m) Financial Liabilities

i. Classification as liability or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

ii. Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit or loss.

iii. Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iv. Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Notes to the Financial Statements for the year ended March 31, 2019

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are usually unsecured. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognised initially at their fair value.

Provisions

The Company recognises a provision when there is a present legal or constructive obligation as result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liability

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

(n) Revenue from contract with customer

i. Sale of goods

The Company's revenue contracts represent a single performance obligation to sell its products to trade customers. Sales are recorded at the time control of the products is transferred to trade

customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for the products. Control is the ability of trade customers to direct the use of and obtain the benefit from our products. In evaluating the timing of the transfer of control of products to trade customers, the Company considers transfer of significant risks and rewards of products and the probability of flowing of future economic benefit to the Entity as per the terms of the Contract which usually coincide with the delivery of the goods.

Sales are recognized at the fair value of the consideration that can be reliably measured reduced by variable consideration. Variable consideration includes sales returns, trade discounts, volume based incentives, cost of promotional programs, indirect taxes as may be applicable.

The Company provides volume based incentives to certain customers once the quantity of products purchased during the period exceeds a threshold specified in the contract. Incentives are offset against amounts payable by the customer. To estimate & recognize a liability for the incentives, the Company applies methods which best predicts the amount of incentive and is primarily driven by the number of volume thresholds contained in the contract. The volume incentive is estimated at contract inception and recognized when it is highly probable that significant revenue reversal will not occur.

Company's contracts with trade customers do not have significant financing components or non cash consideration and the Company does not have unbilled revenue or significant amounts of prepayments from customers.

The company pays sales commission to its employees for contract that they obtain for sales of goods and immediately expensed out sales commissions (included under employee benefits).

Notes to the Financial Statements for the year ended March 31, 2019

Contract balances

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs its obligation to transfer goods or services under the contract.

Trade receivables

Refer to Note (i) under Significant Accounting Policies.

ii. Service Income

Service Income is recognised on cost plus basis as per the terms of the contract with customers, as and when the service is performed.

iii. Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

iv. Rental income

Rental income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The

respective leased assets are included in the balance sheet based on their nature.

(o) Employee Benefits

i. Short Term Employee Benefits

Liabilities for salaries, wages and performance incentives including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the Balance Sheet.

ii. Long term employee Benefits

- **Defined Contribution Plans**

Provident Fund, Superannuation Fund and Employee's State Insurance:

The Company has Defined Contribution Plans for its employees such as Provident Fund, Superannuation Fund, Employee's State Insurance etc. and contribution to these plans are charged to the Statement of Profit and Loss as incurred, as the Company has no further obligation beyond making the contributions.

- **Defined Benefit Plans**

Gratuity:

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The benefits are discounted using the

Notes to the Financial Statements for the year ended March 31, 2019

market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of profit and loss as past service cost. Remeasurments are not reclassified to profit or loss in subsequent periods.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Provident Fund:

In respect of certain employees, Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable by the trust to the beneficiaries every year is notified by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investment of the trust and interest as per the notified rate. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of the year. Measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or

curtailments are recognised immediately in the Statement of profit and loss as past service cost. Remeasurments are not reclassified to profit or loss in subsequent periods.

Pension:

The Company provides for retirement/post-retirement benefits for certain employees in the form of Pension (Non-funded) which are in the nature of Defined Benefit Plans. Such benefits are provided for on the basis of an independent actuarial valuation done at the year-end using Projected Unit Credit Method. Measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in Equity and in the Balance Sheet. Remeasurments are not reclassified to profit or loss in subsequent periods.

• Compensated Absences:

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year and are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Notes to the Financial Statements for the year ended March 31, 2019

- **Voluntary Retirement Scheme:**

Expenditure on voluntary retirement scheme is charged to the Statement of Profit and Loss in the year in which incurred.

- iii. **Share based Payments**

The Company does not provide any equity-based compensation to its employees. However, the parent Company, Colgate Palmolive Company, U.S.A. ("the grantor") maintains equity incentive plans that provide for the grant of stock-based awards to its executive directors and certain categories of officers and employees. The 2009 Executive Incentive Compensation Plan and 2013 Incentive Compensation Plan ("Incentive Plan") provides for the grant of non-qualified and incentive stock options, as well as restricted stock units which are together referred to as employee stock options. Exercise prices in the case of non-qualified and incentive stock options are not less than the fair value of the underlying common stock of the grantor on the date of grant.

A stock option gives an employee, the right to purchase shares of Colgate Palmolive Company common stock at a fixed price for a specific period of time. Stock options generally have a term of six years and vest over three years.

A restricted stock unit (RSU) provides an employee with a share of Colgate Palmolive Company common stock upon vesting. Restricted stock units vest in annual installments generally over a period of three years. Dividends will accrue with each restricted stock unit award granted subsequent to grant date.

Employee Stock Options (ESOPs') issued by the parent entity are accounted for as equity-settled as the Company has no obligation to settle the share-based payment transaction and also the shares are of parent Company.

Company recognises the expense over the vesting period, which is the period over

which all of the specified vesting conditions are to be satisfied, as determined on the grant date, based on the fair value of the options/RSUs. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in the Statement of Profit and Loss, with a corresponding adjustment to equity.

In case where there is a clear link between the recharge from the parent company and the expense, Company will account the recharge as capital distribution even if the amount of recharge is more than the expense recognised over the vesting period (as the recharge is based on the intrinsic value).

In case where the employee has not served the Company during the vesting period and for which they get the debit note from parent, the cost will be debited to management recharge expense.

Further, where the management recharge is not expected from the parent entity as the employee has been relocated to another group company i.e. the employee is not expected to render future services to the Company at the time of exercise of option, the Company transfers the proportionate amount of share options outstanding account related to such employees to Retained Earnings, after taking into consideration the probability of employees re-locating back to the Company.

- (p) **Income Tax**

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with prevailing income tax law.

- **Current Tax**

Current tax assets and current tax liabilities are offset when there is a

Notes to the Financial Statements for the year ended March 31, 2019

legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

- **Deferred Tax**

Deferred tax is recognised for all the deductible temporary differences by using the liability method, only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the Company reassesses unrecognised deferred tax assets, if any.

Deferred tax relating to items recognised outside profit or loss is recognised either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered

- (q) **Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating

Decision Maker (“CODM”). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Finance Director of the Company. The Company has identified ‘Personal Care (including Oral Care)’ as its only primary reportable segment, which primarily includes products such as Soaps, Cosmetics and Toilet Preparations.

- (r) **Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

- (s) **Offsetting Financial Instruments**

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

- (t) **Contributed Equity**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

- (u) **Earnings Per share**

- i. **Basic Earnings per Share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

Notes to the Financial Statements for the year ended March 31, 2019

ii. Diluted Earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2. Critical accounting estimates and judgments

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 29)
- Estimation of Useful life of Property, plant and equipment and intangibles (Note 3)
- Estimation of taxes (Note 20 and 32)
- Estimation of impairment of trade receivables (Note 9)
- Estimation of provision and contingent liabilities (Note 25 and 33)
- Estimation of Share based payments to employees (Note 38)

- Estimation of variable consideration in respect of revenue recognition (Refer Note 1B(n) and Note 26)

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

2A. Recent accounting pronouncements:

Standards issued but not yet effective

Ind AS 116 Leases

Ind AS 116 was issued on March 30, 2019 and it replaces existing standard on leases i.e. Ind AS 17, Leases with effect from accounting periods beginning on or after 1 April 2019.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less).

At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Notes to the Financial Statements for the year ended March 31, 2019

Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. Lessors will continue to classify all leases using the same classification principle as in Ind AS 17 and distinguish between two types of leases: operating and finance leases.

Ind AS 116, which is effective for annual periods beginning on or after 1 April 2019, requires lessees and lessors to make more extensive disclosures than under Ind AS 17.

Transition to Ind AS 116

The Company plans to adopt Ind AS 116 with modified retrospective method ie. no change to

prior period financial statements and will apply the standard to contracts or arrangements that were previously identified as leases applying Ind AS 17.

The Company elects to use the exemptions proposed by the standard on lease contracts for which the lease terms ends within 12 months as of the date of initial application, and lease contracts for which the underlying asset is of low value.

The Company is evaluating the requirements of the new standard and assessing the impact on the financial statements.

Performance obligation

The Company's revenue contracts represent a single performance obligation to sell its products to trade customers. Sales are recorded at the time control of the products is transferred to trade customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for the products. Control is the ability of trade customers to direct the use of and obtain the benefit from our products. In evaluating the timing of the transfer of control of products to trade customers, the Company considers transfer of significant risks and rewards of products and the probability of flowing of future economic benefit to the Entity as per the terms of the Contract which usually co-incide with the delivery of the goods. The performance obligation for service income is satisfied as and when the service is performed.

The payment terms include advance payment and credit given to certain customers.

The nature of goods includes personal care (including oral care) and Research and Development service income.

Note 35: Segment Information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Finance Director of the Company. The Company operates only in one Business Segment i.e. 'Personal Care (including Oral Care)' which primarily includes products such as Soaps, Cosmetics and Toilet Preparations and the activities incidental thereto within India, hence does not have any reportable Segments as per Ind AS 108 "Operating Segments". The performance of the Company is mainly driven by sales made locally and hence, no separate geographical segment is identified.

Note 38 - Share Based Payments

(a) Employee option plan

The Company does not provide any equity-based compensation to its employees. However, the parent company, Colgate-Palmolive Company, U.S.A. ("the grantor") maintains equity incentive plans that provide for the grant of stock-based awards to its executive directors and certain categories of officers and employees. The Parent's Incentive Plan provides for the grant of non-qualified and incentive stock options, as well as restricted stock units. Exercise prices in the case of non-qualified and incentive stock options are not less than the fair value of the underlying common stock on the date of grant.

A stock option gives an employee, the right to purchase shares of Colgate-Palmolive Company common stock at a fixed price for a specific period of time. Stock options generally have a term of six years from the date of grant and vest over a period of three years.

A restricted stock unit provides an employee with a share of Colgate-Palmolive Company common stock upon vesting. Restricted stock units vest generally over a period of three years. Dividends will accrue with each restricted stock unit award granted subsequent to the grant date.

The details pertaining to number of options, weighted average price and assumptions considered for fair value are disclosed below:

Particulars	March 31, 2019		March 31, 2018	
	Weighted Average Exercise price	Number of options	Weighted Average Exercise price	Number of options

Notes to the Financial Statements for the year ended March 31, 2019

Note 38 - Share Based Payments...(Contd.)

Fair Value of options granted

The fair value at the grant date of options granted during the year ended March 31, 2019 was ₹ 617.53 per option (March 31, 2018 : ₹ 538.36 per option and ₹ 542.25 per option). The fair value at grant date is determined using the Black-Scholes Model which takes into account the exercise price, expected volatility, option's life, the share price at grant date, expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

The model inputs for the options granted during the year ended March 31, 2019 and March 31, 2018 are as below:

Particulars	March 31, 2019	March 31, 2018
Expected volatility (%)	17.70%	15.99%
Expected life of the options	4.5 years	4.5 years
Risk free interest rate(%)	2.80%	1.76%
Grant Year	2018	2017
Expiry Year	2024	2023
Expected dividend (%)	2.46%	2.19%

The risk free interest rates are determined based on the zero-coupon sovereign bond yields with maturity equal to the expected term of the option. The expected volatility was determined based on the volatility of the equity share for the period of one year prior to issue of the option. Volatility calculation is based on historical stock prices using standard deviation of daily change in stock price. The historical period is taken into account to match the expected life of the option. Dividend yield has been calculated taking into account expected rate of dividend on equity share price as on grant date.

Note 40 - Financial Risk Management

Inherent to the nature of the Company's business are a variety of financial risks, namely liquidity risk, market risk and credit risk. Developing policies and processes to assess, monitor, manage and address these risks is the responsibility of the Company's Management. The Risk Management Committee oversees this risk management framework in the Company and intervenes as necessary to ensure there exists an appropriate level of safeguards against the key risks. Updates on compliance, exceptions and mitigating action are placed before the Audit Committee periodically. Risk management policies and

systems are reviewed regularly to reflect changes like major changes in ERP systems or go to market model, changes in organization structure, events denoting material change in the risk environment, etc.

The Company's Management works closely with its Treasury department and Internal Audit department to ensure there are appropriate policies and procedures governing the operations of the Company with a view to providing assurance that there is visibility into financial risks and that the business is being run in conformity with the stated risk objectives. Periodic reviews with concerned stakeholders provides an insight into risks to the business associated with currency movements, credit risks, commodity price fluctuations, etc. and necessary deliberations are undertaken to ensure there is an appropriate response to the developments.

A MANAGEMENT OF LIQUIDITY RISK

The Company follows a conservative policy of ensuring sufficient liquidity at all times through a strategy of profitable growth, efficient working capital management as well as prudent capital expenditure and dividend policies. The Company has a overdraft facility with banks to support any temporary funding requirements. The Company is cognizant of reputational risks that are associated with the liquidity risk and the risk is factored into the overall business strategy.

The Company's treasury department regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated by the operating entities, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in interest bearing term deposits and debt investments with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

As at March 31, 2019, the Company had undrawn letter of credit facilities in aggregate of ₹ Nil (March 31, 2018: ₹ Nil).

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date.

B MANAGEMENT OF MARKET RISK

The Company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

- currency risk;
- commodity price risk;

The above risks may affect the Company's income and expenses, or the value of its financial instruments. The objective of the Company's Management of market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company's exposure to, and management of, these risks is explained below.

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
1. CURRENCY RISK		
<p>The Company is subject to the risk of changes in foreign currency values that impact costs of imported raw material (directly and by local suppliers), import of finished goods, equipment for expansion at the plants, expatriate costs, service income, reimbursement of expenses, service related charges from overseas related and third parties as well as revenue from exports. Receivable and Payable having foreign currencies denomination in the balance sheet will also be impacted.</p> <p>As at March 31, 2019, the unhedged exposure to the Company on holding financial assets and liabilities other than in its functional currency amounted to ₹ 37,94.28 Lakhs and ₹ 51,72.01 Lakhs respectively (March 31, 2018: ₹ 57,74.52 Lakhs and ₹ 31,54.96 Lakhs)</p>	<p>The Company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to USD, Euro, and Chinese Yuan. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented.</p>	<p>As an estimation of the approximate impact of the residual risk, with respect to financial instruments, the Company has calculated the impact of a 1% change in exchange rates.</p> <p>A 1% strengthening of the INR against key currencies to which the Company is exposed at year end would have led to approximately an additional ₹ 13.78 Lakhs pre-tax gain in the Statement of Profit and Loss (2017-18: ₹ 26.20 Lakhs pre-tax loss). A 1% weakening of the INR against these currencies would have led to an equal but opposite effect.</p> <p>A 1% strengthening of the INR against key currencies would have led to approximately an additional pre-tax gain of ₹ 7,67 Lakhs in the Statement of Profit and Loss (2017-18: ₹ 6,92 Lakhs pre-tax gain). A 1% weakening in currency prices would have led to an equal but opposite effect.</p>
2. COMMODITY PRICE RISK		
<p>The Company is exposed to the risk of changes in commodity prices in relation to its purchase of its raw materials especially corn, carton board, resins and palm oils.</p>	<p>The Company develops periodic financial forecasts based on commodity price forecasts by its Procurement group and appropriate actions including selling price changes and cost saving measures to reduce the impact of commodity price changes is considered as part of the financial modelling.</p>	<p>A 1% increase in commodity prices would have led to approximately an additional ₹ 6,19 Lakhs loss in the Statement of Profit and Loss (2017-18: ₹ 6,52 Lakhs loss). A 1% weakening in commodity prices would have led to an equal but opposite effect.</p>

C MANAGEMENT OF CREDIT RISK

Credit risk is the risk of financial loss to the Company if a customer or other counter-party fails to meet its contractual obligations.

Trade Receivables

Trade receivables are subject to credit limits, controls and approval processes. A majority of customers pay prior to shipment, thereby reducing exposure to trade receivables significantly. Due to a large customer base, the Company is not exposed to material concentration of credit risk. Basis the historical experience supported by the level of default, the credit risk in case of trade receivable is low and so trade receivables are considered to be a single class of financial assets. (Refer Accounting Policy 1 B (h) on trade receivables.)

The gross carrying amount of trade receivables is ₹ 209,78.64 Lakhs as at March 31, 2019 and ₹ 206,09.48 Lakhs as at March 31, 2018.

Other financial assets

The Company maintains exposure in cash and cash equivalents, term deposits with banks and investments in debt instruments. The Company has concentrated its main investment activities with a limited number of counter-parties which have secure credit ratings, to reduce this risk. Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Company's Treasury department.

The Company's maximum exposure to credit risk as at March 31, 2019 and March 31, 2018 is the carrying value of each class of financial assets as disclosed in Note 39(iii).

Notes to the Financial Statements for the year ended March 31, 2019
