 2. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "Forgot User Details/Password?" or "Physical User Reset Password?" option available on www.evoting.nsdl.com to reset the password.
 3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Members and e-voting user manual for Members available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800-222-990 or send a request at evoting@nsdl.co.in
22. If you are already registered with NSDL for e-voting then you can use your existing User ID and password for casting your vote.
23. The Board of Directors has appointed M/s Balika Sharma & Associates, Company Secretaries (Membership No. FCS 4816 and COP No. 3222), as Scrutinizer for conducting the e-voting process in accordance with the law and in a fair and transparent manner.
- The Scrutinizer shall immediately after the conclusion of voting at the AGM, first count the votes cast at the meeting, thereafter unblock the votes cast through remote e-voting in the presence of at least two witnesses who are not in the employment of the Company and make, not later than 3 (Three) days of the conclusion of the meeting, a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, forthwith to the Chairperson of the Company or any person authorized by her in writing and the Results shall be declared by the Chairperson or any person authorized by her thereafter.
- The Results declared along with the Scrutinizer's Report shall be placed on the website of the Company www.bagnetwork24.in and on the website of NSDL immediately after the declaration of Result by the Chairperson or any person authorized by her in writing. The Company shall simultaneously forward the results to National Stock Exchange of India Limited and BSE Limited, where the shares of the Company are listed.
24. All documents referred to in the accompanying Notice and the Explanatory Statement shall be open for inspection at the Registered Office of the Company during normal business hours (11.00 am to 5.00 pm) on all working days till the date of AGM.
25. The SEBI has mandated the submission of the Permanent Account Number (PAN) by every participant in the securities market. Members holding share in electronic form are, therefore, required to submit their PAN to their depository participant. Members holding shares in physical form are requested to submit their PAN details to the Registrar and Share Transfer Agents.
26. You can update your mobile number and email id in the user profile details of the folio which may be used for sending communication(s) regarding e-voting system in future.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**ITEM NO. 3**

Ms. Anuradha Prasad Shukla (DIN: 00010716) was re-appointed as Chairperson cum Managing Director of the Company vide resolution passed by the members at the 22nd Annual General Meeting held on September 23, 2015 for a period of 5 (five) years expires on March 31, 2020.

The Board of Directors of the Company upon the recommendation of the Nomination and Remuneration Committee, in its Meeting held on August 07, 2019 and subject to the approval of Members of the Company, re-appointed Ms. Anuradha Prasad Shukla as the Chairperson and Managing Director of the Company for a further period of 5 (Five) years w.e.f. 1st April, 2020.

Pursuant to the provisions of Sections 196, 197, 198, 200, 203 read with Schedule V and other applicable provisions, if any, of the Companies Act, 2013 ("the Act"), the Board recommends the re-appointment of Ms. Anuradha Prasad Shukla as the Chairperson and Managing Director of the Company, to the Members for their approval.

The Companies (Amendment) Act, 2017 brought changes in the provisions of section 197 and schedule V of the Act relating to appointment and remuneration of Managerial Personnel by removing the requirement of Central Government approval for payment of remuneration and also limits of managerial remuneration in case of no profit or inadequate profits.

The Companies (Amendment) Act, 2017 replace the Central Government approval with the requirement of obtaining shareholders' approval through a special resolution.

The terms of appointment and remuneration in the resolution is in accordance with the applicable provisions of the Act, Rules made thereunder read with Schedule V to the Companies Act, 2013 as amended from time to time.

In relation to the disclosures required to be made pursuant to the provisions of the Act read with Schedule V to the Act, Members may note that such disclosures had been provided under the head of 'Additional Information' in the Notice of the AGM of the Members.

Further, currently, the Company has not defaulted in payment of dues to any of its secured creditors, therefore, the prior approval of the secured creditors is not required.

Ms. Anuradha Prasad Shukla is associated with B.A.G. Films and Media Limited as a promoter of the Company since 1993. She is devoting her full time and energy for the growth of the company. Under her supervision, the Company has achieved new heights with better performance year after year. It is therefore desired to retain her valuable guidance.

Considering Ms. Anuradha Prasad's experience in various fields, and the trend in the Films and Media industry, the terms of her remuneration are considered to be fair, justified and reasonable are recommended for your approval.

Ms. Anuradha Prasad Shukla is not disqualified from being appointed as a Managing Director in terms of Section 164 of the Act and has given her consent to act as a Managing Director. Details of Ms. Anuradha Prasad Shukla are provided in the "Annexure" to the Notice.

Annexure II**NOMINATION AND REMUNERATION POLICY OF DIRECTORS,
KEY MANAGERIAL PERSONNEL AND OTHER EMPLOYEES
[B.A.G. Films and Media Limited]****INTRODUCTION**

Section 178 of the Companies Act, 2013 and part D of schedule II of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred as “SEBI Listing Regulation”) require the Nomination and Remuneration Committee (NRC) of the Board of Directors of every listed entity, among other classes of companies, to

- formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees.
- identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, recommend to the Board their appointment and removal.
- carry out evaluation of every director’s performance.
- formulate the criteria for evaluation of Independent Directors and the Board.

Accordingly, in adherence to the above said requirements and in line with the Company philosophy towards nurturing its human resources, the Board of Directors of the Company adopted the Nomination and Remuneration Policy of B.A.G. Films and Media Limited (herein after called as BAG) for the directors, key managerial personnel and other employees of the Company duly recommended by NRC as set out below.

COMPANY PHILOSOPHY

BAG is an equal opportunities employer. The organization does not discriminate on grounds of age, gender, color, race, ethnicity, language, caste, creed, economic or social status or disability. Pay revisions and other benefits are designed in such a way to compensate good performance of the employees of the Company and motivate them to do better in future.

Employee recognition schemes in the form of ESOPs have also been introduced as successful tools in acknowledging their contribution and making them partners in the wealth created by BAG

The endeavor of the organization is to acknowledge the contributions of its directors, key managerial personnel and other employees with best compensation and benefits that

appropriately reward performance in line with the regulatory and industry best practices.

GUIDING PRINCIPLES

In the formulation of this Policy, the Nomination and Remuneration Committee has also endeavored to ensure the guiding principles as prescribed u/s 178(4) of the Companies Act, 2013 and the section on Responsibilities of Board under SEBI Listing Regulations, summarized hereunder:

- a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate human resource including directors of the quality required to run the company successfully;
- b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- c) remuneration to directors, key managerial personnel and senior management reflecting short and long term performance objectives appropriate to the working of the company and its goals;
- d) facilitating effective shareholder participation in key Corporate Governance decisions such as the nomination and election of board members;
- e) aligning key executive and board remuneration with the longer term interests of the company and its shareholders;
- f) ensuring a transparent board nomination process with the diversity of thought, experience, knowledge, perspective and gender in the Board.

NOMINATION OF THE DIRECTORS

The Nomination and Remuneration Committee of the Board of Directors is dedicated to ensuring the continuance of a dynamic and forward-thinking Board and recommend to the Board qualified candidates for directorship.

Before recommending a nominee’s candidature to the Board for being appointed as a Director, the following criteria set out may be applied as guidelines in considering potential nominees to the Board of Directors.

General Criteria

- The background and qualifications of the Directors considered as a group should provide a significant breadth of experience, knowledge and abilities to assist

the Board in fulfilling its responsibilities.

- Directors should be selected so that the Board of Directors should remain as a diverse body, with diversity reflecting gender, ethnic background, country of citizenship and professional experience. Because a mix of viewpoints and ideas enhances the Board's ability to function effectively, the Committee shall consider the diversity of the existing Board when considering potential nominees, so that the Board maintains a body of directors from diverse professional and personal backgrounds.
- Potential nominees shall not be discriminated against on the basis of race, religion, national origin, sex, disability, or any other basis prohibited by law.
- Any nominee should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the performance of the responsibilities of a director.
- Commitment of the nominee to understanding the Company and its industry, embracing the organisation's values to help shape its vision, mission and strategic direction including oversight of risk management and internal control.
- Commitment of the nominee to spending the time necessary to function effectively as a Director, including attending and participating in meetings of the Board and its Committees.

Specific Criteria

- Demonstrated business acumen, experience and ability to use sound judgment and to contribute to the effective oversight of the business and financial affairs of a large, multifaceted, global organisation.
- The nominee reflects the right corporate tone and culture and excels at board-management relationships.
- Experience in strategic planning and managing multidisciplinary responsibilities, the ability to navigate among diverse professional groups and points of view, a track record of communicating effectively in a global environment, and high standards of integrity and professional conduct.
- Nominees understand and endeavour to balance the interests of shareholders and/ or other stakeholders and put the interests of the company or organisation above self-interest. He/ she has demonstrated a commitment to transparency and disclosure.
- He/ she is committed to superior corporate performance, consistently striving to go beyond the legal and/or

regulatory governance requirements to enhance, not just protect, shareholder value.

- Nominee contributes to effective governance through superior, constructive relationships with the Executive Directorate and management.

REMUNERATION OF THE DIRECTORS

The Company strives to provide fair compensation to directors, taking into consideration industry benchmarks, Company's performance vis-à-vis the industry, responsibilities shouldered, performance/track record, macroeconomic review on remuneration packages of heads of other organizations.

The remuneration payable to the directors of the company, shall at all times be determined, in accordance with the provisions of the Companies Act, 2013.

Independent Directors shall not be entitled to any stock options.

Based on the recommendation of the Nomination and Remuneration Committee, the Board may decide the sitting fee payable to independent directors. Provided that the amount of such fees shall not exceed the maximum permissible under the Companies Act, 2013.

Remuneration to Directors in other Capacity

The remuneration payable to the directors including Managing or Whole-time Director or Manager shall be inclusive of the remuneration payable for the services rendered by him in any other capacity except the following:

- the services rendered are of a professional nature; and
- in the opinion of the Nomination and Remuneration Committee, the director possesses the requisite qualification for the practice of the profession.

EVALUATION OF THE DIRECTORS

As members of the Board, the performance of the individual Directors as well as the performance of the entire Board and its Committees is required to be formally evaluated annually.

Section 178(2) of the Companies Act, 2013 also mandates the Nomination and Remuneration Committee to carry out evaluation of every director's performance.

In developing the methodology to be used for evaluation on the basis of best standards and methods meeting international parameters, the Board / Committee may take the advice of an independent professional consultant.

Assistance in conducting the process of evaluation shall be provided by a person as authorized by the Board and for this purpose, such person shall report to Board.

NOMINATION AND REMUNERATION OF THE KEY MANAGERIAL PERSONNEL (OTHER THAN MANAGING DIRECTORS/WHOLE TIME DIRECTORS), KEY EXECUTIVES AND SENIOR MANagements

The executive management of a company is responsible for the day to day management of a company. The Companies Act, 2013 has used the term "key managerial personnel" to define the executive management.

The KMPs are the point of first contact between the company and its stakeholders. While the Board of Directors are responsible for providing the oversight, it is the key managerial personnel and the senior management who are responsible for not just laying down the strategies as well as its implementation.

The Companies Act, 2013 has for the first time recognized the concept of Key Managerial Personnel. As per section 2(51) "key managerial personnel", in relation to a company, means:

- the Chief Executive Officer or the Managing Director or the Manager;
- the Whole-time Director;
- the Chief Financial Officer;
- the Company Secretary; and
- such other officer as may be prescribed.

Among the KMPs, the remuneration of the CEO or the Managing Director and the Whole-time Director(s), shall be governed by the Section on REMUNERATION OF THE DIRECTORS of this Policy dealing with "Remuneration of Managing Director and Whole-time Director".

Apart from the directors, the remuneration of

- All the Other KMPs such as the company secretary or any other officer that may be prescribed under the statute

from time to time; and

- “Senior Management” of the Company which here means, the core management team comprising of such members of management as determined by the Company under Layer 1 of the System-Driven Disclosures in respect of Regulation 7(2)(b) of PIT Regulations, shall be determined by the Human Resources Department of the Company in consultation Managing Director.

The remuneration determined for all the above said senior personnel shall be in line with the Company’s philosophy to provide fair compensation to key - executive officers based on their performance and contribution to the Company and to provide incentives that attract and retain key executives, instill a long-term commitment to the Company, and develop a pride and sense of Company ownership, all in a manner consistent with shareholders’ interests.

The break-up of the pay scale and quantum of perquisites including, employer’s contribution to P.F., pension scheme, medical expenses, club fees etc. shall be decided by the Company’s HR department.

Decisions on Annual Increments of the Senior Personnel shall be decided by the Human Resources Department in consultation with the Managing Director and/ or the Whole-time Director of the Company.

REMUNERATION OF THE EMPLOYEES

Apart from the Directors, KMPs and Senior Management, the remuneration for rest of the employees is determined on the basis of the role and position of the individual employee, including professional experience, responsibility, job complexity and local market conditions.

The Company considers it essential to incentivize the workforce to ensure adequate and reasonable compensation to the staff. The Human Resources Department shall ensure that the level of remuneration motivates and rewards high performers who perform according to set expectations for the individual in question.

The various remuneration components, basic salary, allowances, perquisites etc. may be combined to ensure an appropriate and balanced remuneration package.

The annual increments to the remuneration paid to the employees shall be determined based on the annual appraisal carried out by the HODs of various departments. Decisions on Annual Increments shall be made on the basis of this annual appraisal.

GENERAL

This Policy shall apply to all future employment of Company’s Senior Management including Key Managerial Personnel and Board of Directors.

Any or all the provisions of this Policy would be subject to the revision/ amendment in the Companies Act, 2013, related rules and regulations, guidelines and the SEBI Listing Regulations on the subject as may be notified from time to time. Any such amendment shall automatically have the effect of amending this Policy without the need of any approval by the Nomination and Remuneration Committee and/or the Board of Directors.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. INDUSTRY STRUCTURE AND DEVELOPMENT

During the current year 2018, the Indian Media and Entertainment (M&E) sector reached INR1.67 trillion (US\$23.9 billion), a growth of 13.4% over previous year. With its current trajectory, we expect it to grow to INR2.35 trillion by 2021 (US\$33.6 billion). The M&E sector is seeing the fruits of continued economic growth and India's rising per capita nominal GDP which is estimated to have grown by 10.6% in 2018, a five year high growth rate. According to the FICCI-EY Report 2019 (the Report), the M&E Industry is expected to grow at a CAGR of 12% to Rs. 2,349 billion over the next three years, with growth in all the segments.

The M&E sector continue to show great potential and we can expect to see stable, sustained growth over the next few years. India's thirst for knowledge and escapism will ensure the M&E product remains a necessity. Digital consumption will grow and monetization avenues will see great innovation increasing power availability in rural and small towns, India is growing to boost television viewership. Though rising speculation of global recession is not factored into this growth projection.

INDUSTRY SIZE AND PROJECTION

Television

With more than 880 TV channels and over 17,000 newspapers, the country is one of the most diverse and vibrant media markets globally. Yet the headroom for future growth is significant. Advertising, the lifeline of India's M&E industry, remains amongst the lowest in terms of spend as a percentage of GDP. As per Ministry of Information and Broadcasting (MIB) website, the number of channels in India increased to 885 in 2018, of which 43% were news channels.

India is the second largest Pay-TV market in the world in terms of subscribers after China, with 197 million TV households growing at 7.5% y-o-y. While the size of the Indian Pay-TV market in terms of revenue is smaller than its peers, the runway for continued growth provides exciting opportunities for global players.

Segment	2017	2018	2019E	2021E	CAGR 2018-21

All figures are gross of taxes (INR in billion) for calendar years | EY analysis

While television will retain pole position as the largest segment, digital will overtake film entertainment in 2019 and print by 2021.

Television grew 12% in CY 2018 to reach INR740 billion. Growth was led by a 14% increase in advertising revenues and an 11% increase in subscription revenues. We expect growth for the segment to average 9% over the next three years, taking this segment to INR955 billion by 2021. Advertising comprised 41% of segment revenues in 2018 and this is expected to reach 42% by 2021.

During the year, television increased its reach and engagement with the audience, retaining its position as the default entertainment medium for Indian customers. Growth in online video consumption accelerated, helped by the increased availability of affordable data and content on digital platforms.

Advertisement

As per TAM AdEX, there were 10,962 advertisers and 16,857 brands on TV, of which 5,382 advertisers were not on print

or radio. While ad insertions increased 15% in 2018, ad revenue grew 14%. Regional advertising outpaced national advertising growth on the back of national brands spending more to grow non-metro markets where GST had created a level playing field between national and regional brands. Advertising, the life line of India's M&E industry, remains amongst the lowest in terms of spend as a percentage of GDP. In this conducive, macro environment, the emergence of new advertising categories, increasing share of organised sector and tapping of SME advertisers will drive sustained growth in ad-spends.

Top 10 channel genres contributed 46% share of advertising volumes on TV

The top 10 channel genres accounted for 47% of total ad volumes of these, 30% of all ad volumes were on Hindi channels. Hindi movies was the top channel genre with 9% share of ad volumes during 2018.

FreeDish generated an estimated INR20 billion of advertising revenues. In February 2019, large broadcasters removed their channels from this medium and this could impact our ad revenue forecast by INR10-20 billion in 2019.

Distribution

Our long-standing relationship with our distribution partners enables us to reach customers and monetize our viewership effectively. As an important stakeholders in the development of Indian broadcast industry, BAG has

an in-depth understanding of consumers and intricacies of distribution.

Television owning households increased to 197 million, which is a 7.5% increase over the previous Broadcast India survey. During the same period, total Indian households increased 4.2% to reach 298 million. Correspondingly, TV penetration increased to 66% in 2018 from 64% in 2017. Bihar and Jharkhand showed highest growth in television households on the back of India's drive towards electrification.

Television households in millions | BARC, EY analysis

Bihar and Jharkhand showed highest growth in television households on the back of India's drive towards electrification. According to BARC, 31% of TV viewing households had paid DTH, 13% had free DTH and 44% had digital cable.

The time spent increased marginally to 3 hours 46 minutes per day, led by megacities, which had 4 hours 32 minutes and south markets, at 4 hours 14 minutes. Around one trillion man minutes were spent per week on television, which is at an all-time high. While 53% of total content consumed was on general entertainment, another 24% was on films. News viewership remained at around 7% despite 43% of TV channels in India being classified as news channels.

Viewership growth was led by regional channels, with the highest growth being recorded by Oriya (34%), Assamese (26%), Marathi (25%), Bhojpuri (22%) and Urdu (20%), that compared to a 15% growth for Hindi and an overall growth of 13%.

This number indicates a 15% growth over 2016 and has contributed significantly to the growth in end-subscriber pricing. HD channels grew from 78 in 2017 to 92 in 2018 (18% growth). HD viewership has grown at the rate of 57% in CY 2018 to reach 874,000 impressions.

Broadcasting

Broadcaster share of subscription revenues increased to INR110 billion. This is around 25% of the total ground collections. However, once the subscribers' migration from old tariff regime to the new tariff order regime is implemented across India, the broadcaster's share is expected to go up significantly, especially from cable subscribers.

Wrestling generated the most impressions on TV, overtaking cricket, though cricket led with 69% of total

viewership. Volleyball more than doubled its viewership. Together, wrestling, cricket and kabaddi contribute to over 50% of all sports viewership. Football continued to remain out of the top five sports, coming in at number seven overall.

Large broadcasters continue to keep their content off FreeDish, television advertising revenues would be impacted and FreeDish's future will be determined by the number of new channels which come on the platform. We can expect more regional, news and niche channels – particularly those impacted negatively by the TRAI order – to try building audiences through FreeDish subject to auction base prices being feasible.

Television broadcasters will focus on customer database creation and experiment more with combined selling of impact properties across TV + OTT platforms. The measure for the industry will become ad impressions, with the CPM rate being a function of the quality of the audience and closeness to purchase points. We can expect to see data being used to upsell channels, sell sports and niche channels, as well as provide segmented audiences to advertisers, which should increase advertising rates.

Indian broadcasters will continue to expand their global footprint, either on their own platforms or through partnerships with telcos and international OTT platforms, to target not just Indian diaspora, but global audiences interested in Indian content. International revenues could reach 15% of the top line by 2021.

Broadcasters have started combined selling of ads across OTT and linear platforms. This enables better monetization of marquee properties, and increases utilization of digital inventory. Advertisers can provide separate messaging to segmented audiences and also enable trails, sales and connect with viewer. We believe this will be the trend going forward for flagship properties across fiction, nonfiction and sports.

Radio

Radio grew 7.5% in CY 2018 to reach INR31.3 billion, taking its share in total advertising to 4.2%. Growth was driven by a 3% ad volume growth, inventory growth from newly operationalized Phase-III stations and non-FCT revenues from digital, content production, events, etc. India reached 386 operational private FM stations. 47

new radio stations were operationalized in 2018 across 35 cities, taking the total private FM stations count in India to 386 India.

There were over 10,467 advertisers on radio comprising 13,710 brands. 4,262 advertisers were on radio, but did not advertise on TV or print. Services, retail, food and beverage, auto and BFSI were the top five categories advertising on radio, with services comprising 30% of the total volumes.

In addition, AIR's home service comprises 420 stations today located across the country, reaching nearly 92% of the country's area and 99.19 % of the total population. AIR originates programming in 23 languages.

Private FM was finally permitted to air news, but only in the form or replays of news broadcasts created by Prasar Bharti, without any modifications. No such restrictions exist on other media like television, digital or print in India.

Digital Media

Digital media grew 42% in 2018 and continued to grow at a fast pace, across both advertising and subscription. In 2018, digital media grew 42%, with advertising growing by 34% and subscription growing 26%. Subscription, which was 3.3% of the segment in 2017, increased to 8.4% in 2018.

The number of wireless subscribers grew from 1,167 million in December 2017 to 1,171 million in November 2018. This growth primarily came from rural subscribers who grew from the number of active wireless subscribers grew by just 15 million from 1,015 million in December 2017 to 1,031 million in November 2018. However, there are several subscribers with dual Sims, and the number of unique subscribers is estimated at 650-700 million. The tele density number in India is now 91%.

Rollout of fiber to the home and 5G services will improve connectivity from 2020 onwards. This could prove beneficial for video consumption, particularly for longer form content and sports, across cities and rural markets.

Smartphone penetration in India grew to 36% of total phones in 2018, up from 33% in 2017 and is expected to further increase to 39% in 2019. By the end of 2018, there

were 340 million smartphone users in India and this number was expected to reach 373 million in 2019 and 442 million by 2022. This is around 14% of the world's smartphone market. Paradoxically, 35% of the country does not own any mobile phone yet.

A study by the Omidyar Network indicates that Indians spend 30% of their time on mobile phones on entertainment, second only to social media. However, in terms of data, they use upwards of 70% on entertainment. Increased app downloads also resulted in more time spent on apps, with the highest growth being seen in the top 20 music apps – a growth of over 42% in time spent.

Online news subscribers grew between December 2017 and 2018, to reach 245 million, across mobile and desktop users of news sites, portals and aggregators. This is approximately 43% of internet users at the end of 2018. The time spent per user per day on news is around eight minutes. Highest growth was seen in non-English consumers of around 40%.

The key for revenue growth will therefore be innovation around new ad formats, voice search and transactions, better targeting, regional language content, focus on performance advertising, premium content, etc.

BAG MARCHES AHEAD

BAG's production house holds the unique distinction of producing programmes of all genres for a range of channels and audience. Realizing the potential in digital market, we have intensive plans to produce for digital platform.

We plan to create and deliver popular, high-quality programming for catering to not only domestic but also to the demands of international viewership and expect to earn high returns for its stakeholders. We have a strong presence in Hindi General Entertainment Channels (GECs) and Regional GECs across India. We have demonstrated an exceptional ability to consistently create high quality content to excite the Indian audience.

We realized that to scale up in a meaningful way, we would need to make, own and broadcast our own content and be present across the entire value chain of the media and entertainment industry.

At, BAG, understanding the consumer is central to the process of content creation. We have devised a systematic process to comprehend the socio cultural milieu and day-to-day lives of our viewers.

We will continue to focus on creating more high impact content for the daily shows as they are more economical and profitable. We produced successful programmes like, U Me aur TV, Jaal, 100Shahar 100 Khabar, Sanjeevni, 5 Ki Panchyat, Aaj Ka Agenda, kalchakra and Jago India, Amne Samne, Sabse Bada Sawal, E

Special, Its Controversial across different channels and strengthened its presence.

As times change, the world-view of people also changes. By aligning ourselves to the aspirations of evolving audiences, we strive to deliver content that grips and entices them. Our legacy is of our stories, expressed to viewers in the most appealing of ways. We continue to deliver the same as we understand what ticks, placing our creative zeal in all that we do.

OUR SUBSIDIARIES

News24 Broadcast India Limited

News24, a 24 hours National Hindi news channel operating through one of its subsidiary, i.e. News24 Broadcast India Limited has been very well received by the audiences. It is available throughout India on cable and DTH platforms.

Programs like National News Centre, Aaj Ka Raaz, Aamne Saamne, Sabse Bada Sawal, News Shatak, Itihaas Gawah Hai and 100 Shahar 100 Khabrein, Panch Ki Panchyat, amongst others cover a gamut of genres in news reporting and have been received exceptionally well with the audiences across the nation. "**Sabse Bada Sawal**" and "**Aamne Saamne**" are most liked program on News 24.

These shows continue to reflect the innovative ways of reporting news that has given the maximum viewership and rating to our channel making its marked presence felt in the whole Media Industry. During the year, News24 organized conclave on different places in India in the name of "Manthan" to cover all segment of current affairs. Special focus has been placed on holding more and more events at different locations across different States. These events have not only added to revenue streams but also added value in brand recall and better marketing.

E24 Glamour Limited

'**E24**' a 24 hours Bollywood Entertainment channel operating through its subsidiary E24 Glamour Limited has seen strong growth.

E24 managed to attract audiences of all age groups and succeeded in creating a new genre in television entertainment. The channel had not only successfully been able to entertain its audience but had also been educating the youth by sending important messages and uplifting the lifestyle up-to to the global standard at same time not forgetting its culture and traditions.

In the past, E24 launched a slew of new shows while continuing with its flagship shows like **Bollywood Reporter**, **E Special**, **It's Controversial**, **Breaking Beats**, **E review** and **U Me & TV**, thus strengthening its programming line-up further.

However, rapid growth of digital platforms has hit the growth of music based channels, forcing most of the players in this segment to re-strategize their content and sales pitch. The sales growth of the channel remained negative impacted by various extra factors such as GST implementation, piracy and onslaught by digital music players. We plan to get over this de-growth in the coming year with a different road map.

Skyline Radio Network Limited

Your FM radio station, on frequency 106.4 in the name of “**Dhamaal24 - Har Khushi hai Jahan**” is now the voice of the regions and its many shows are household names in all ten cities where it is operational i.e. Hissar, Karnal, Patiala, Ranchi, Muzaffarpur, Dhule, Jalgaon, Ahmednagar, Simla and Jabalpur.

Dhamaal24 believes that life must be lived to the fullest and celebrated. Dhamaal24 is a channel with a slice of life and approach to the infotainment & entertainment programming. Various programmes are purposely aligned for maximum listenership. Our content entices regional listeners.

Your Company has also revamped its radio station ‘Dhamaal24’ with revitalized, novel and popular shows like Dil Ke Mareez, Hazir Ho, Zindagi Live, Zara Hat Ke Zara Bachke, Omkar, Yad Kiya Dil Ne, Aamne-Saamne, Gee Se Gee, Good Morning, AGOG, Bollywood Reporter, Bollywood Flash Back and Back to Back are aired on Dhamaal24 keeping the regional flavor in each of its programmes offered to its listeners.

B. OPPORTUNITIES AND THREATS

Your Company has a diversified business model in media and entertainment sector and the revenue is expected to come from various segments across various levels of the value chain. The diversified business model of the Company will provide scalability apart from spreading the risk profile of the overall business. The key focus areas would continue to be (1) Television content (2) Broadcasting services (3) FM radio.

Opportunities for Indian Media Industry

- Increase in per capita income and growing middleclass;
- The expansion of overseas market is expected to drive growth;
- Rise in acquisitions of digital content by over-the-top (OTT) platforms;
- Increase in regional content depth will uplift the regional markets;

THREATS

Upcoming regulations that can impact the industry

Industry players are facing various issues due to ambiguity in tax laws, conflicting ruling and retrospective

amendments. Some of the key expectations are clarity on applicability of provisions relating to withholding tax (WHT) on various expenses (placement fees, satellite transponder payments, discount on set-top boxes, etc.) extending benefit of set-off and carry forward of tax losses, taxes on acquisition of copy-rights on content, etc.

Withholding Tax (WHT) on Various Payments by TV Channel Companies

Television Broadcasting Companies make significant payments to software production houses towards production of TV programmes. They also pay placement/carriage fees to DTH operators, multi system operators and cable operators towards placement/carriage of the channels. Broadcasters are of the view that such payments attract WHT under section 194C of the Income Tax at the rate of 2%. However, the tax authorities contended that such payments are liable for WHT at 10% on the premise that the payments are towards technical services/royalty. This has resulted in protected litigation.

Taxation on Advertisement Revenues

Under Income Tax Act, 1962, Advertisement Revenues of Foreign Telecasting Companies (FTCs) are taxable in India in case a FTC has a business connection in India. In case a FTC operates from a country with which India has a treaty, the advertisement revenues will be taxable in India only if the FTC has a permanent establishment in India. The taxability in such cases is only on the income which is attributable to the permanent establishment/operations carried out in India. The circumstances in which FTCs constitute a permanent establishment/business connection in India and the determination of income attributable to such permanent establishment/operation carried out in India, continue to be continuous issues between FTCs and the tax authorities.

General Anti-Avoidance Rules (GAAR)

Finally, India is going ahead with the implementation of GAAR from the intended date of April 1, 2017. GAAR will be applicable to arrangements which are regarded as ‘impermissible avoidance arrangements’ which could result in, amongst others, recharacterisation of such arrangements, denial of tax benefits or treaty benefits etc.

Dual GST

GST legislation provides for principles to determine whether the supply shall be construed to be made within the state or the supply is an interstate supply i.e., supply made by a supplier from one state is provided in another state. This principle is termed as “place of supply” (POS). In case where the POS state for a particular supply is different from the state in which the supplier is located,

an integrated GST needs to be paid which is also termed as IGST.

C. SEGMENT WISE PERFORMANCE

The segment wise performance has been shown elsewhere in the Annual Report.

D. OUTLOOK

We are content producers and innovators. We create content that is relevant to diverse audiences and available across multiple platforms. We continue to make concrete strategies to ensure we leverage our leadership market position. We continue to create capabilities, infrastructure, content and platforms aligned to emerging consumer preferences and audience behavior. We are aligning our strategic priorities and tangible goals that will place us in a different orbit. Actions are geared towards not just thinking of what is, but thinking what can be. Our main businesses are:

1. Creating original and diverse show content;
2. Exploring opportunities across channels, languages;
3. Building our marketing and distribution capabilities;
4. Creating newer show formats for television content;
5. Leveraging opportunities in regional markets by expanding network.

We will leverage our expertise across facets, target the audiences and make a digitally connected society. We will strengthen our existing platforms and building new ones, gauging viewer preferences. We will continue to align our content offerings, making a borderless and seamless world of entertainment, targeting growth in viewership and content consumption.

E. RISK AND CONCERNS

Being a content driven entity, we are strengthening our intellectual property to ensure cost optimization at all levels. The four key pillars that continue to influence the digital Media and Entertainment space are infrastructure; mobility, government policy and digital technologies. We continue to have a readily available database of our IP, such as scripts, dialogues, clips and other content. The following risks and challenges are affecting our business:

1. **Piracy:** The issue of piracy remains a critical issue for the Indian film industry. However, there are some changes that have helped the industry battle this issue aggressively. Also, with the shift in consumer preference to the Internet, the business of piracy has also transformed. The physical format (VCDs and DVDs) is disappearing and pirates are therefore shifting online.
2. **Complex IP with Licensing Regime:** As audience fragment and platforms diversify, different content

windows, geography restrictions, formatting terms, character rights, etc. emerge, leading to a very complex rights environment. The IP ownership and royalty definitions between artists, producers, aggregators etc. are also blurring, leading to intermittent litigation.

3. Faster than expected shift to Digital platforms.

With mobile data prices coming down, digital content consumptions has grown exponentially. This can lead to a slower growth of advertising revenues for the profitable television business.

4. Tax and Regulatory Concern:

Regulatory changes will be the catalyst to growth in the television and radio space. Digitalization, Phase III licensing for radio and 5G rollout will provide the required impetus to the industry. Higher penetration of internet will, especially in the mobile space, continue to drive the investment in the digital media space. This will have an impact on the advertising as well as print and publishing sector in the coming years.

5. Tax on Content and other Goods Procurement

Television content procured on licensing/acquisition basis was liable to VAT, generally at 6%. Further, other consumables and goods purchased by broadcasters were liable to excise duty and VAT.

F. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These are routinely tested and certified by Statutory as well as Internal Auditors and cover key business areas. Significant audit observations and follow up actions thereon are reported to the Audit Committee. The Audit Committee reviews adequacy and effectiveness of the Company's internal control processes and monitors the implementation of audit recommendations, including those relating to strengthening of the Company's risk management policies and systems.

Your Company's Internal Control system is designed to:

- Safeguard the company's assets and to identify liabilities and managed it accordingly.
- Prevention and detection of Fraud and Errors
- Ensure that transactions are properly recorded and authorized.
- Ensure maintenance of proper records and processes that facilitates relevant and reliable information.

- Ensure compliance with applicable Laws and Regulations.

The CMD/CFO Certification provided elsewhere in the report discusses about the adequacy of our internal control systems and procedures.

G. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The details of the financial performance of the Company are appearing in the Balance Sheet, Profit & Loss Account and other financial statements appearing separately.

H. MATERIAL DEVELOPMENT IN HUMAN RESOURCES

BAG considers Human Resources to be one of the key elements to sustain competitive advantage in the Media Sector. Media organizations are human driven; its growth depends upon the quality contribution made by the people in the organization. Therefore, your Company recognizes human resources as a key component for facilitating organizational growth. Your Company has continuously worked to create and nurture an organization that is highly motivated, result oriented and adaptable to the changing business environment and that is why that in this slowdown your company has managed to sustain its leadership in the electronic media.

BAG aims to recruit, nurture and retain quality professionals and provide them with a high performance environment. Knowledge and intellectual assets are being strategically shared across BAG. At BAG, we have understood the potential of the human resource and its contribution to the financial standing of your company.

Therefore, the human asset is highly valued and regarded by your company. BAG is reassessing traditional notions about employment and experimenting with broad-based employee ownership.

We would like to thank all our employees for their contribution and we look forward to their continued support in maintaining our leadership position in the industry. We would also like to thank all our shareholders for continuing to trust and believe in the Company and look forward to your continued support as we scale new heights with BAG Network.

Cautionary statement

Statements in the Management Discussion and Analysis and the annual report describing the Company's objectives, projections, estimates, expectations may be "forward-looking statements" within the meaning of applicable securities laws and regulations in India and other countries. Actual results could differ materially from those expressed or implied. INDEPENDENT AUDITOR'S REPORT

To
The Members of
B.A.G. Films and Media Limited,

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements B.A.G. Films and Media Limited (the Company), which comprise the Balance Sheet as at 31 March 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SA) specified under Section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p><i>Accuracy of recognition, measurement, presentation and disclosures of revenue and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (new revenue accounting standard)</i></p> <p>The standalone financial statements, the Company has adopted Ind AS 115, Revenue from Contracts with Customers ("Ind AS 115") which is the new revenue accounting standard. The application and transition to this accounting standard is complex and is an area of focus in the audit. The revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. This involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of identified performance obligation, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, the standard mandates robust disclosures in respect of revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.</p> <p>The Company adopted Ind AS 115 and applied the available exemption provided therein to not restate the comparative periods.</p>	<p><i>Principal Audit Procedures</i></p> <p>Our audit procedures on adoption of Ind AS 115, Revenue from contracts with Customers ("Ind AS 115") which is the new revenue accounting standard, include –</p> <ul style="list-style-type: none"> • Evaluated the design and implementation of the processes and internal controls relating to implementation of the new revenue accounting standard; • Selected a sample of continuing and new contracts and tested the operating effectiveness of the internal control relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation re-performance and inspection of evidence in respect of operation of these controls. • Tested the relevant information technology systems access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard. • Evaluated the cumulative effect adjustments as at 1 April 2018 for compliance with the new revenue standard; and • Evaluated the appropriateness of the disclosures provided under the new revenue standard and assessed the completeness and mathematical accuracy of the relevant disclosures.

2	<p><i>Evaluation of uncertain tax positions</i></p> <p>The Company operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business. These involve significant management judgment to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the standalone financial statements.</p>	<p>Our audit procedures include the following substantive procedures:</p> <ul style="list-style-type: none"> • Obtained understanding of key uncertain tax positions; and • We along with our internal tax experts - <ul style="list-style-type: none"> ▶ Read and analysed select key correspondences, external legal opinions / consultations by management for key uncertain tax positions; ▶ Discussed with appropriate senior management and evaluated management's underlying key assumptions in estimating the tax provisions; and <p>Assessed management's estimate of the possible outcome of the disputed cases.</p>

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements our responsibility is to read the other information and in doing so consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed we conclude that there is a material misstatement of this other information we are required to report that fact.

We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs profit / loss (including other comprehensive income) changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls

that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement

resulting from fraud is higher than for one resulting from error as fraud may involve collusion forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, we report to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rule, 2014.
 - (e) On the basis of the written representations received from the directors as on 31 March 2019, and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019, from being appointed as a director in terms of section 164(2) of the Act; read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" which is based on the Auditors' Reports of the Company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Company.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

1. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements.
2. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
3. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
4. The disclosures regarding details of specified bank notes held and transacted during 8 November 2016 to 30 December 2016 has not been made since the requirement does not pertain to financial year ended 31 March 2019

5. With respect to the matter to be included in the Auditors' Report under section 197(16) of the Act:

In our opinion and according to the information and explanations given to us the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on Companies (Auditor's Report) Order, 2016 (the Order) issued by the Central Government in terms of Section 143(11) of the Companies Act, 2013 (the Act) of B.A.G Films and Media Limited (the Company)

i. In respect of its fixed assets:

- (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of fixed assets which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme certain fixed assets were physically verified by the management during the year and we are informed that no material discrepancies were noticed on such verification.
- (c) According to information and explanation given to us and on the basis of our examination of records of the Company, title deeds of immovable properties are held in name of the Company.

ii. The inventory has been physically verified at reasonable intervals by the management during the year. The Company has maintained proper records of inventory. No difference were noticed on verification between the physical stock and the book records.

iii. According to the information and explanations given to us, the Company has not granted any loans secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.

iv. In our opinion and according to the information and explanations given to us. The Company has complied with the provisions of Section 185 and 186 of the Act in respect of grants of loans, making investments and providing guarantees and securities as applicable.

v. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits from the public within the meaning of Section 73 to 76 of the Act and the Rules framed there under to the extent notified. Therefore, the Provisions of Clause 3(v) of the order are not applicable to the Company.

vi. To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under clause 148(1) of the Act for the business activities carried out by the Company. Thus the reporting under clause 3(vi) of the order is not applicable to the Company.

vii. According to the information and explanations given to us in respect of statutory dues:

- (a) The Company has generally been regular in depositing undisputed statutory dues including Provident Fund, Investor Education and Protection

Fund, Employee State Insurance, Income-tax, Wealth-tax, Sales tax, Service tax/Goods and Service tax, Customs duty, Excise duty, Cess and any other material statutory dues applicable to it with the appropriate authorities.

- (b) There were no undisputed amounts payable in respect of Provident Fund, Investor Education and Protection Fund, Employee State Insurance, Income-tax, Wealth tax, Sales tax, Service tax/Goods and Service tax, Customs duty, Excise duty, Cess and other material statutory dues in arrears as at 31 March 2019 for a period of more than six months from the date they became payable.
 - (c) There are no dues of income tax, service tax, goods and services tax, customs duty, excise duty and cess on account of any dispute, which have not been deposited.
- viii. In our opinion and according to the information and explanations given to us the Company has not defaulted in repayment of loans or borrowing to banks. The Company does not have any outstanding loans or borrowing from financial institutions or government and there are no dues to debenture holders during the year.
 - ix. In our opinion and according to the information and explanations given to us the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly paragraph 3(ix) of the Order is not applicable to the Company.
 - x. To the best of our knowledge and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
 - xi. According to the information and explanations give to us and based on our examination of the records, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

- xii. According to the information and explanations given to us in our opinion, the Company is not a Nidhi Company as prescribed under Section 406 of the Act and hence reporting under clause 3(xii) of the order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, all transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. According to the information and explanations given to us the Company has made preferential allotment of equity shares by conversion of warrants during the year under review.

In respect of the above issue, we further report that:

- a) the requirement of Section 42 of the Companies Act, 2013, as applicable have been complied with; and
 - b) the amounts raised have been applied by the Company during the year for the purposes for which the funds were raised.
- xv. In our opinion and according to the information and explanations given to us and based on our examination of the records, the Company has not entered into non-cash transactions with directors or persons connected to its directors and hence provisions of section 192 of the Act are not applicable to the Company.
 - xvi. The Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the B.A.G Films and Media Limited of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of B.A.G Films and Media Limited ('the Company') as of March 31, 2019 in conjunction with our audit of the

standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include

the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to Company's policies the safeguarding of its assets the prevention and detection of frauds and errors the accuracy and completeness of the accounting records and the timely preparation of reliable financial information as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of Internal Financial Controls Over Financials Reporting (IFCOFR) and the Guidance Note on Audit of Internal Financial Control Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2019

1. CORPORATE INFORMATION

The Company was incorporated on January 22, 1993. It is a Public Limited Company domiciled in India and is Listed on the BSE Limited [BSE] and National Stock Exchange of India Limited [NSE]. It is one of the largest television content house in India.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules as amended from time to time.

(b) Basis of preparation

These financial statements have been prepared in Indian Rupee (₹) which is the functional currency of the Company.

These financial statements have been prepared on historical cost basis except for certain financial instruments, which are measured at fair value or amortised cost at the end of each reporting period as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statements of cash flows have been prepared under indirect method.

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that

affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year are in respect of impairment of investments, useful lives of property plant and equipment, valuation of deferred tax assets and fair value measurement of financial instruments these are discussed below. Key sources of estimation of uncertainty in respect of revenue recognition, employee benefits and provisions and contingent liabilities have been discussed in their respective policies.

Impairment of investments in subsidiaries

The Company reviews its carrying value of investments carried at amortised cost annually or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period.

Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible but where this is not feasible a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(d) Revenue Recognition

Ind AS 115 'Revenue from Contracts with Customers'

The Companies (Indian Accounting Standards) Amendment Rules, 2018 issued by the Ministry of Corporate Affairs (MCA) notified Ind AS 115 "Revenue from Contracts with Customers" related to revenue recognition which replaces all existing revenue recognition standards and provide a single comprehensive model for all contracts with customers. The revised standard contains principles to determine the measurement of revenue and timing of when it is recognised.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable All revenues are accounted on accrual basis except to the extent stated otherwise.

- Revenue generated from the commissioned television programs and Internet series produced for broadcasters is recognized over the period of time over the contract period.
- Rent income is recognised on accrual basis as per the agreed terms on straight line basis.
- Sale of Rights are recognised in accordance with the terms of agreements with customers.
- Revenue from other services is recognised as and when such services are completed / performed.
- Interest income is accrued on a time basis by reference to the principal outstanding and at the effective interest rate (EIR) applicable.
- Revenue from subsidiaries is recognised based on transaction price which is at arm's length.

The transaction price, being the amount to which the Company expects to be entitled and has rights to under the contract is allocated to the identified performance obligations. The transaction price will also include an estimate of any variable consideration where the Company's performance may result in additional revenues based on the achievement of agreed targets.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence the group does not adjust any of the transaction prices for the time value of money.

Revenue excludes any taxes and duties collected on behalf of the government.

(e) Leases

Finance lease

Assets taken on lease by the Company in its capacity as lessee where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such leases are capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Operating lease

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating lease. Operating lease payments are recognised on a straight line basis over the lease term in the statement of profit and loss unless the lease agreement explicitly states that increase is on account of inflation.

The Company as a lessor:

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases such increases are recognised in the year in which such benefits accrue.

(f) Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised in employee benefit expenses, cost of equipment and software licences depreciation and amortisation expense and other expenses. Employee benefit expenses include salaries, incentives and allowances contributions to provident and other funds and staff welfare expenses. Other expenses mainly include fees to external consultants, facility expenses, travel expenses, communication expenses and other expenses. Other expenses is an aggregation of costs which are individually not material.

(g) Foreign currency

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet date and

exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

(h) Accounting for taxes on income

Tax expense comprises of current and deferred tax.

i) Current tax:

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

ii) Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(i) Financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when and only when the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Impairment

i. Financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has

increased significantly since initial recognition.

ii. Non-financial assets

Tangible and intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such

indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in use) is determined on an individual asset basis unless the asset does not generate cash flows that are

largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Fair value measurement

The Company measures financial instruments such as debts and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(j) Provisions and Contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

(k) Investment in subsidiaries

Investments in subsidiaries are measured at cost less impairment loss, if any.

(l) Property, Plant and Equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Capital work-in-progress comprises cost of property, plant and equipment and related expenses that are not yet ready for their intended use at the reporting date.

Depreciation is recognised so as to write off the cost of assets (other than free hold land and capital work-in-progress) less their residual values over their useful lives using the written down value method. The estimated useful lives, residual values and depreciation method are reviewed at each reporting period, with the effect of changes in estimate accounted for on a prospective basis.

The estimate of the useful life of the assets has been assessed based on technical advice taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset past history of replacement etc. The estimated useful lives and residual value are reviewed at the end of each reporting period with the effect of any change in estimate accounted for on a prospective basis.

Depreciation is not recorded on capital work-in-progress until construction, installation is complete, and the asset is ready for its intended use.

Gains or losses arising from the retirement or disposal of a tangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

(m) Employee benefits

i. Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest) is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair

value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

ii. Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

iii. Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognized for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

iv. Compensated absences

Compensated absences, which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences, which are not expected to occur within twelve months after the end of the period in which the employee renders the related services, are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

(n) Borrowings and Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets until such time as the assets are substantially ready for their intended use of sale. All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

(o) Inventories

Inventories consists of (a) Raw materials, (b) Work-in-progress, (c) Finished goods. Inventories are carried at lower of cost and net realisable value.

i. Media Content:

Media content i.e. Programs, Film rights, Music rights ((completed (commissioned / acquired) and under production)) are stated at lower of cost / unamortised cost or realisable value. Cost comprises acquisition / direct production cost. Where the realisable value

of media content is less than its carrying amount, the difference is expensed.

ii. Raw Stock:

Tapes are valued at lower of cost or estimated net realisable value. Cost is taken on weighted average basis.

(p) Earnings per share

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. The Company did not have any potentially dilutive securities in any of the years presented.

(q) Segment Information

The company has presented data relating to its segments in its Consolidated Financial Statements. Accordingly, in terms of paragraph 4 of the Indian Accounting Standard (Ind AS 108) "Operating Segments", no disclosure related to its segments are presented in the Standalone Financial Statements.

3. KEY ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involve a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgments are:

Estimated useful life of Tangible Assets:

The Company reviews the useful lives and carrying amount of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation and amortization expense in future periods.

Estimation of Current Tax Expense and Income Tax Payable / Receivable:

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Estimation of Defined Benefit Obligation:

The Company's obligation on account of gratuity is determined based on actuarial valuations. An actuarial

valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, this liability is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

Estimation of Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

Estimation of Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model, which involve various judgements and assumptions.

Recognition of Deferred Tax Assets:

The recognition of deferred tax assets is based upon whether it is probable that sufficient taxable profits will be available in the future against which the reversal of temporary differences will be offset. In assessing the realizability of deferred tax assets, the Company considers the extent to which it is probable that the deferred tax asset will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Company considers the expected reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment.

Impairment of Trade Receivables:

Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has been managed by the Company through credit approvals establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The company uses a provision matrix and forward-looking information and an assessment of the credit risk over the expected life of the financial asset to compute the expected credit loss allowance for trade receivables.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Fair valuation:

Some of the Company's assets and liability are measured at fair value for financial reporting purpose. In estimating the fair value of an asset and liability Company uses market observable data to the extent available. When Level 1 inputs are not available, the company engages third party qualified valuer to establish the appropriate techniques and input to valuation model.

Impairment assessment of Investments carried at cost:

The Company conducts impairment review of the investments in subsidiaries whenever events or changes in circumstances indicate their carrying amounts may not be recoverable or tests for impairment annually. Determining whether an asset is impaired requires an estimation of the recoverable amount which requires the Company to estimate the value in use which is based on future cash flows and suitable discount rate in order to calculate the present value.

4. STANDARDS ISSUED BUT NOT YET EFFECTIVE

Ministry of Corporate Affairs ("MCA"), through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective from April 1, 2019:

Ind AS 116 – Leases

On 30 March 2019, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2019, notifying Indian Accounting Standards (Ind AS) 116, "Leases", which is applicable to the Company w.e.f. 1 April, 2019. Ind AS 116 eliminates the

current classification model for lessee's lease contracts as either operating or finance leases and instead introduces a single lessee accounting model requiring lessees to recognize right-of-use assets and lease liabilities for leases with a term of more than twelve months. This brings the previous off-balance leases on the balance sheet in a manner largely comparable to current finance lease accounting. Ind AS 116 is effective for financial year beginning on or after 1 April 2019. The Company will adopt the standard for the financial year beginning 1 April 2019. Based on the preliminary assessment performed by the Group the impact of application of the Standard is not expected to be material.

Ind AS 12 – Income taxes (amendments relating to income tax consequences of dividend and uncertainty over income tax treatments)

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Group does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend in accordance with Ind AS 12.

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability. The Group does not expect any significant impact of the amendment on its financial statements.

Ind AS 109 – Prepayment Features with Negative Compensation

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost or/depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Group does not expect this amendment to have any impact on its financial statements.

Ind AS 19 – Plan Amendment, Curtailment or Settlement

The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Group does not expect this amendment to have any significant impact on its financial statements.

Ind AS 23 – Borrowing Costs

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The Group does not expect any impact from this amendment.

Ind AS 28 – Long-term Interests in Associates and Joint Ventures

The amendments clarify that an entity applies Ind AS 109 Financial Instruments to long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture but to which the equity method is not applied. The Group does not currently have any long-term interests in associates and joint ventures.

Ind AS 103 – Business Combinations and Ind AS 111 – Joint Arrangements

The amendments to Ind AS 103 relating to re-measurement clarify that when an entity obtains control of a business that is a joint operation, it re-measures previously held interests in that business. The amendments to Ind AS 111 clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not re-measure previously held interests in that business. The Group will apply the pronouncement if and when it obtains control / joint control of a business that is a joint operation.

29. Employee Benefits

Defined Contribution Plans :

Contribution to Defined Contribution Plan recognized as expense for the year is as under:

Employer's Contribution to Provident Fund :	Rs. 268,276 (Previous Year Rs. 281,985)
Employer's Contribution to ESI :	Rs. 40,117 (Previous Year Rs. 35,759)

Defined Benefit Plans:

The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave encashment is also recognized using the Project Unit Credit Method.

e. Actuarial Assumptions

i) Economic Assumptions

The principal assumptions are the discount rate & salary growth rate. The discount rate is generally based upon the market yields available on Government bonds at the accounting date relevant to currency of benefit payments for a term that matches the liabilities. Salary growth rate is company's long term best estimate as to salary increases & takes account of inflation, seniority, promotion, business plan, HR policy and other relevant factors on long term basis as provided in relevant

accounting standard. Valuation assumptions are as follows which have been agreed by the company:

(Amount in ₹)

Particulars	Gratuity		Leave Encashment	
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018
Discount Rate (%)	7.70	7.50	7.70	7.50
Expected Rate of increase in Compensation Levels (%)	5.50	5.50	5.50	5.50
Expected Rate of Return on Plan Assets	NIL	NIL	NIL	NIL
Expected Average remaining working lives of employees (years)	15.07	15.76	15.07	15.76

ii) **Demographic Assumption**

(Amount in ₹)

Particulars	Gratuity		Leave Encashment	
	March31,2019	March31,2018	March31,2019	March31,2018
i) Retirement Age (Years)	60	60	60	60
ii) Mortality Table	IALM (2006 - 08)	IALM (2006 - 08)	IALM (2006 - 08)	IALM (2006 - 08)
iii) Ages	Withdrawal Rate(%)	Withdrawal Rate(%)	Withdrawal Rate(%)	Withdrawal Rate(%)
Up to 30 Years	3.00	3.00	3.00	3.00
From 31 to 44 years	2.00	2.00	2.00	2.00
Above 44 years	1.00	1.00	1.00	1.00

iii) **Sensitivity Analysis of the defined benefit obligation**

(Amount in ₹)

Particulars	Gratuity	Leave Encashment
	March 31, 2019	March 31, 2019
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period	61,94,356	18,03,798
Impact due to increase of 0.50%	(2,63,517)	(82,157)
Impact due to decrease of 0.50 %	2,82,282	88,034
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period	61,94,356	18,03,798
Impact due to increase of 0.50%	2,86,860	89,464
Impact due to decrease of 0.50 %	(2,69,964)	(84,162)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Notes:

- a) The current service cost recognised as an expense is included in Note 23 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.

- b) The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The Actuary certifies the above information.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

- c) The obligation for leave benefits (non funded) is also recognised using the Projected Unit Credit Method and accordingly the long term paid absences have been valued. The leave encashment expense is included in Note 23 'Employee benefits expense'.

32. FINANCIAL INSTRUMENTS

a) Fair Value Measurements

Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk. The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received.

b) Categories of financial instruments and fair value thereof

(Amount in ₹)

	March 31, 2019		March 31, 2018	
	Carrying amount	Fair Value	Carrying amount	Fair Value
a) Financial assets

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Financial instruments measured at amortised cost.

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

c) Fair value measurement

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Quantitative disclosures of fair value measurement hierarchy for assets and liabilities as at 31 March 2019.

Investment in Mutual Fund	4,612,496	4,791,245	Level 1	Quoted in an active market

The carrying value of current trade receivables, cash and cash equivalents, current loans, trade payables and other financial assets and liabilities are considered the same as their fair values due to their short-term nature.

d) Financial Risk Management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks.

i. Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty fails to meet its contractual obligations and arises principally from the Company's receivables, deposits given, loans given, investments made and balances at bank.

The maximum exposure to the credit risk at the reporting date is primarily from investments made, loans given and trade receivables.

In case of trade receivables, the Company does not hold any collateral or other credit enhancements to cover its credit risks. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the

Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain.

Trade receivables are non-interest bearing and the average credit period is 90 days. The Company's exposure to customers is diversified and no customer contributes to more than 10% of outstanding trade receivables and unbilled revenue.

The carrying amount of following financial assets represents the maximum credit exposure:

	March 31, 2019	March 31, 2018
Trade Receivable (Unsecured)		
- Over six months	-	-
-Less than six months	45,347,185	46,621,168
Total	45,347,185	46,621,168

Trade receivable consists of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of the accounts receivable.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit-rating agencies. The credit risk on mutual funds, convertible debentures and deposit is limited because the counterparties are generally banks and financial institutions with high credit ratings assigned by credit rating agencies.

ii. Liquidity risk management

The responsibility for liquidity risk management rests with the Board of directors, which has an appropriate liquidity risk management framework for the management of the Company's short-, medium- and longterm funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities by regularly monitoring forecast and actual cash flows.

Maturities of financial liabilities

The tables below analyse the company's financial liabilities into relevant maturity grouping based on their contractual maturities.

(Amount in ₹)

	Due in 1st year	Due in 2 to 5th year	Due after 5 years	Total
Contractual maturities of financial liabilities				
March 31, 2019				
Trade payables and other financial liabilities	416,103,959	-	-	416,103,959
Borrowings	157,432	343,073	-	500,505
Contractual maturities of financial liabilities				
March 31, 2018				
Trade payables and other financial liabilities	510,265,261	-	-	510,265,261
Borrowings	51,428,481	500,505	-	51,928,986

iii. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a. Foreign currency risk exposure:

The Company does not have any exposure to foreign currency risk as at March 31, 2019 (Previous year Nil).

b. Interest rate risk

The Company investments are primarily in fixed rate interest bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

c. Other price risk

The Company is exposed to equity price risks arising from equity investments. The Company's equity investments are held for strategic rather than trading purposes.

d. Equity price sensitivity analysis

The sensitivity analysis has been determined based on the exposure to equity price risks at the end of the reporting period.

33. CAPITAL MANAGEMENT

The Company's objectives when managing capital are to

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

- Maintain a stable and strong capital structure with a focus on total equity to maintain investor, creditors and market confidence and to sustain future development and growth of its business.

The company considers the following components of its balance sheet to be managed capital:

Total equity as shown in the balance sheet including reserves, retained earnings and share capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders or issue new shares.

- 34.** The sitting fees paid to non-executive Directors is ₹420,000 and ₹495,000 as at March 31, 2019 and 2018 respectively.
- 35.** Previous year's figures have been regrouped/reclassified to be comparable with current year's classification/disclosures.

INDEPENDENT AUDITORS' REPORT

To
The Members of
B.A.G. Films and Media Limited,

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of B.A.G. Films and Media Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2019, and consolidated statement of profit and loss (including Other Comprehensive Income), the consolidated statement of cash flow and the consolidated statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter report to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2019,

of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Accuracy of recognition, measurement, presentation and disclosures of revenue and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers"(new revenue accounting standard)</p> <p>The consolidated financial statements, the Group has adopted Ind AS 115, Revenue from Contracts with Customers ('Ind AS 115') which is the new revenue accounting standard. The application and transition to this accounting standard is complex and is an area of focus in the audit. The revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. This involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of identified performance obligation, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, the standard mandates robust disclosures in respect of revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.</p> <p>The Group adopted Ind AS 115 and applied the available exemption provided therein, to not restate the comparative periods.</p>	<p>Principal Audit Procedures</p> <p>Our audit procedures on adoption of Ind AS 115, Revenue from contracts with Customers ('Ind AS 115'), which is the new revenue accounting standard, include –</p> <ul style="list-style-type: none"> • Evaluated the design and implementation of the processes and internal controls relating to implementation of the new revenue accounting standard; • Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, re-performance and inspection of evidence in respect of operation of these controls. • Tested the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard. • Evaluated the cumulative effect adjustments as at 1 April 2018 for compliance with the new revenue standard; and • Evaluated the appropriateness of the disclosures provided under the new revenue standard and assessed the completeness and mathematical accuracy of the relevant disclosures.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate

internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the entities included in the Group are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group is responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures

responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group (Holding company and subsidiaries) to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- A.** As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India during the year ended 31 March 2019.
 - iv. The disclosures in the consolidated financial statements regarding holdings as well as dealing in specified banks notes during the period from 8

November 2016 to 30 November 2016 have not been made in the financial statements since they do not pertain to the financial year ended 31 March 2019.

- C. With respect to the matter to be included in the Auditors' report under Section 197(16) of the Act:

In our opinion and according to the information and explanation given to us, the remuneration paid during the current year by the Holding Company and its subsidiaries which are incorporated in India is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiaries which are incorporated in India, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Consolidated Auditors' Report

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the B.A.G Films and Media Limited of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of B.A.G Films and Media Limited ("the Holding Company") as of 31 March 2019, we have audited the internal financial controls with reference to the financial statements of the Holding Company and its subsidiaries, which are incorporated in India as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiaries which are incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Holding company and its subsidiaries, which are incorporated in India, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that

were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the respective entity's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiaries which are incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial control system with reference to financial statements of the Holding Company and its subsidiaries which are incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with

authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiaries which are incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2019, based on the internal control with reference to financial statements criteria established by the Holding Company and its subsidiaries which are incorporated in India, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes forming part of Consolidated Financial Statements

for the year ended March 31, 2019

1. CORPORATE INFORMATION

The Company was incorporated on January 22, 1993. It is a Public Limited Company domiciled in India and is listed on the Bombay stock Exchange [BSE] and National Stock Exchange [NSE].

2. SIGNIFICANT ACCOUNTING POLICIES

a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the Ind AS) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

b) Basis of preparation of consolidated financial statements

The functional currency of the Company and its Indian subsidiaries is the Indian Rupee (₹). The functional currency of foreign subsidiaries is the currency of the primary economic environment in which the entity operates.

These consolidated financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Group has considered an operating cycle of 12 months.

The statements of cash flows have been prepared under indirect method.

c) Basis of consolidation

The Company consolidates all entities which are controlled by it. Control is achieved when the parent has power over the investees, is exposed, or has

rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation.

These financial statements are prepared by applying uniform accounting policies in use at the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

d) Use of estimates and judgements

The preparation of consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the consolidated financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of consolidated financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year are in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, and fair value measurements of financial instruments, these are discussed below. Key sources of estimation of uncertainty in respect of revenue recognition, employee benefits and provisions and contingent liabilities have been discussed in their respective policies.

Useful lives of property, plant and equipment

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Valuation of deferred tax assets

The Group reviews the carrying amount of deferred tax assets at the end of each reporting period.

Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e) Revenue recognition**Ind AS 115 “Revenue from Contracts with Customers”**

The Companies (Indian Accounting Standards) Amendment Rules, 2018 issued by the Ministry of Corporate Affairs (MCA) notified Ind AS 115 “Revenue from Contracts with Customers” related to revenue recognition which replaces all existing revenue recognition standards and provide a single, comprehensive model for all contracts with customers. The revised standard contains principles to determine the measurement of revenue and timing of when it is recognized.

Revenue is recognised to the extent it is probable that economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. All revenues are accounted on accrual basis except to the extent stated otherwise.

- i) Revenue generated from the commissioned television programs and internet series produced for broadcasters is recognized over the period of time over the contract period.
- ii) Broadcasting revenue - Advertisement revenue (net of discount and volume rebates) is recognised when the related advertisement or commercial appears before the public i.e. on telecast. Subscription revenue (net of share to broadcaster) is recognised on time basis on the provision of television broadcasting service to subscribers.
- iii) Sales of media content - Revenue is recognised when the significant risks and rewards have been transferred to the customers in accordance with the agreed terms.

- iv) Revenue from other services is recognised as and when such services are completed / performed.
- v) Rent income is recognised on accrual basis as per the agreed terms on straight line basis.
- vi) Sale of Rights are recognised in accordance with the terms of agreements with customers.
- vii) Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate (EIR) applicable.

The transaction price, being the amount to which the Group expects to be entitled and has rights to under the contract is allocated to the identified performance obligations. The transaction price will also include an estimate of any variable consideration where the Group’s performance may result in additional revenues based on the achievement of agreed targets. The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

Revenue excludes any taxes and duties collected on behalf of the government.

f) Leases**i. Finance lease**The Group as a lessee:

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

ii. Operating leaseThe Group as a lessee:

Lease of assets under which all the risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Operating lease payments / revenue are recognised on straight-line basis over the lease period in the consolidated statement of profit and loss unless increase is on account of inflation.

The Group as a lessor:

Rental income from operating leases is generally recognised on a straightline basis over the term of the relevant lease. Where the rentals

are structured solely to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

g) Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Group are broadly categorised into employee benefit expenses, cost of equipment and software licences, depreciation and amortisation and other expenses. Employee benefit expenses includes salaries, incentives and allowances, contributions to provident and other funds and staff welfare expenses. Other expenses mainly include fees to external consultants, facility expenses, travel expenses, communication expenses, bad debts and advances written off, allowance for doubtful trade receivables and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as commission and brokerage, recruitment and training, entertainment, etc.

h) Foreign Currency Translation

i. Functional and presentation currency

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). These financial statements are presented in Indian rupee (₹), which is Group's functional and presentation currency.

ii. Transactions and balances

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in the Statement of Profit and Loss. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

i) Accounting for taxes on income

Tax expense comprises of current and deferred tax.

i. Current tax:

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

ii. Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would

follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

j) Financial instruments

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Group considers all highly liquid financial instruments which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received net of direct issue cost.

Impairment

i. Financial assets (other than at fair value)

The Group assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii. Non-financial assets

Tangible and other intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value in- use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

Fair value measurement

The Group measures financial instruments such as debt and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market

must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- **Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- **Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated balance sheet on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

k) Provisions and contingent liabilities

Provisions

A provision is recognised when the Group has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

(Amount in ₹)

Particulars	As at March 31, 2019	As at March 31, 2018
Contingent liabilities		
a) Guarantees		
ARVR Education Society	97,780,000	250,000,000

l) Property, plant and equipment

- i. Property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. The cost comprises purchase price and related expenses and for qualifying assets, borrowing costs are capitalised based on the Group's accounting policy.
- ii. Capital work-in-progress comprises cost of property, plant and equipment and related expenses that are not yet ready for their intended use at the reporting date.
- iii. Depreciation is recognised so as to write off the cost of assets (other than free hold land and capital work-in-progress) less their residual values over their useful lives, using the written down value method. The estimated useful lives, residual values and depreciation method are reviewed at each reporting period, with the effect of changes in estimate accounted for on a prospective basis.
- iv. The estimate of the useful life of the assets has been assessed based on technical advice, taking into account the nature of the asset, the estimate usage of the asset, the operating conditions of the asset, past history of replacement etc.

m) Intangible assets

Intangible assets with finite useful lives that are acquired are carried at cost less accumulated

amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over the estimated useful lives.

The estimated useful life for intangible assets is 15 years. The estimated useful life and amortisation method are reviewed at each reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

▪ Licenses

Licenses represent one time entry fees paid to Ministry of Information and Broadcasting ('MIB') under the applicable licensing policy for Frequency Modulation ('FM') Radio broadcasting. Cost of licenses are amortised over the license period, being 15 years.

n) Employee benefits

i. Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method with actuarial valuations being carried out at each balance sheet date. Remeasurement comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest) is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

ii. Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

iii. Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits.

Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognized for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

iv. Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

o) Borrowings and Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets until such time as the assets are substantially ready for their intended use of sale. All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

p) Inventories

Inventories consists of (a) Raw materials, (b) Work-in-progress, (c) Finished goods. Inventories are carried at lower of cost and net realisable value.

i. Media Content:

Media content i.e. Programs, Film rights, Music rights ((completed (commissioned/acquired) and under production)) are stated at lower of cost / unamortised cost or realisable value. Cost comprises acquisition/direct production cost. Where the realisable value of media content is less than its carrying amount, the difference is expensed.

ii. Raw Stock:

Tapes are valued at lower of cost or estimated net realisable value. Cost is taken on weighted

average basis.

Appropriate adjustments are made to the carrying value of damaged, slow moving and obsolete inventories based on management's current best estimate.

q) Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except when the results would be anti-dilutive.

3. KEY ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involve a higher degree of judgment or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgments are:

- **Estimated useful life of Tangible/Intangible Assets**
The Group reviews the useful lives and carrying amount of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation and amortization expense in future periods.
- **Estimation of Current Tax Expense and Income Tax Payable / Receivable**
The calculation of Group's tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or as appropriate, through a formal legal process. The final resolution of some of these items may give rise to material adjustment to taxable profits/losses.
- **Estimation of Defined Benefit Obligation**
The Group's obligation on account of gratuity is determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, this liability is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation rates.

- **Estimation of Contingent Liabilities**

The Group exercises judgment in measuring and recognising provisions and the exposures to contingent liabilities which is related to pending litigation or other outstanding claims. Judgment is necessary in assessing the likelihood that a pending claim will succeed or a liability will arise and to quantify the possible range of the financial settlement. Because of the inherent uncertainty in this evaluation process, actual liability may be different from the originally estimated as provision or contingent liability.

- **Recognition of Deferred Tax Assets**

The recognition of deferred tax assets is based upon whether it is probable that sufficient taxable profits will be available in the future against which the reversal of temporary differences will be offset. In assessing the realizability of deferred tax assets, the Group considers the extent to which it is probable that the deferred tax asset will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Group considers the expected reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment.

- **Impairment of Trade Receivables**

Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal

course of business. On account of adoption of Ind AS 109 the Group uses expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix and forward-looking information and an assessment of the credit risk over the expected life of the financial asset to compute the expected credit loss allowance for trade receivables.

- **Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model which involve various judgements and assumptions.

4. RECENT INDIAN ACCOUNTING STANDARDS (Ind AS)

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind AS which the Group has not applied as they are effective from April 1, 2019:

- **Ind AS 116, Leases**

Ind AS 116 was notified by Ministry of Corporate Affairs on March 30, 2019 and it is applicable for annual reporting periods beginning on or after April 01, 2019. This standard will replace the current guidance in Ind AS-17, Leases.

Under Ind AS 116, a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Ind AS 116 will affect primarily the accounting by lessees and will result in the recognition of almost all leases on balance sheet. The standard removes the current distinction between operating and finance leases and requires recognition of an asset (the right-of-use the leased item) and a financial liability to pay rentals for virtually all lease contracts. An optional exemption exists for short-term and low-value leases.

The statement of profit and loss will also be affected because the total expense is typically higher in the earlier years of a lease and lower in later years. Additionally, operating expense will be replaced with interest and depreciation, so key metrics like EBITDA will change.

Operating cash flows will be higher as repayments of the lease liability and related interest are classified within financing activities. The accounting by lessors will not significantly change. Some differences may

arise as a result of the new guidance on the definition of a lease.

The group is in process of assessing the impact of the standard on the financial position, results of operation and cash flow.

➤ **Appendix C, Uncertainty over Income Tax Treatments, to Ind AS 12, 'Income Taxes'**

The appendix explains how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. These amendments will be applicable on or after 1 April 2019. In particular, it discusses:

- how to determine the appropriate unit of account, and that each uncertain tax treatment should be considered separately or together as a group, depending on which approach better predicts the resolution of the uncertainty;
- that the entity should assume a tax authority will examine the uncertain tax treatments and have full knowledge of all related information i.e. that detection risk should be ignored;
- that the entity should reflect the effect of the uncertainty in its income tax accounting when it is not probable that the tax authorities will accept the treatment;
- that the impact of the uncertainty should be measured using either the most likely amount or the expected value method, depending on which method better predicts the resolution of the uncertainty; and
- that the judgements and estimates made must be reassessed whenever circumstances have changed or there is new information that affects the judgements.

The Group does not expect to have a material impact on its financial statements pursuant to the aforesaid amendment.

➤ **Plan Amendment, Curtailment or Settlement – Amendments to Ind AS 19, 'Employee Benefits'**

The amendments to Ind AS 19 clarify the accounting for defined benefit plan amendments, curtailments

and settlements. They confirm that entities must :

- calculate the current service cost and net interest for the remainder of the reporting period after a plan amendment, curtailment or settlement by using the updated assumptions from the date of the change;
- any reduction in a surplus should be recognised immediately in profit or loss either as part of past service cost, or as a gain or loss on settlement. In other words, a reduction in a surplus must be recognised in profit or loss even if that surplus was not previously recognised because of the impact of the asset ceiling; and
- separately recognise any changes in the asset ceiling through other comprehensive income.

These amendments will apply to any future plan amendments, curtailments, or settlements of the group on or after April 1, 2019. The group does not expect to have a material impact on its financial statements pursuant to the aforesaid amendment.

➤ **Ind AS 12, 'Income Taxes'**

The amendments clarify that the income tax consequences of dividends on financial instruments classified as equity should be recognised according to where the past transactions or events that generated distributable profits were recognised. These requirements apply to all income tax consequences of dividends. Previously, it was unclear whether the income tax consequences of dividends should be recognised in profit or loss or in equity and the scope of the existing guidance was ambiguous. These amendments are not expected to have any material impact on the financial statements of the Group.

➤ **Ind AS 23 – Borrowing Costs**

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The Group does not expect any impact from this amendment.

28. SEGMENT INFORMATION

The Group has determined following reporting segments based on the information reviewed by the Group's Chief Operating Decision Makers ('CODMs').

The above business segments have been identified considering:

- the nature of products and services
- the differing risks and returns
- the internal organisation and management structure, and
- the internal financial reporting systems.

The CODMs, who are responsible for allocating resources and assessing performance of the operating segments, has been identified as the Management Committee as explained in the Director's Report section.

Revenue and expenses directly attributable to segments are reported under each reportable Segment. Expenses which are not directly identifiable to each reporting segment have been allocated on the basis of associated revenue of the segment or manpower efforts. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable.

Summarised segment information for the years ended March 31, 2019 and 2018 is as follow

30. EMPLOYEE BENEFITS

Defined Contribution Plans :

Contribution to Defined Contribution Plan recognized as expense for the year is as under:

Employer's Contribution to Provident Fund:	Rs. 7,003,448 (Previous Year Rs. 6,626,766)
Employer's Contribution to ESI :	Rs. 971,158 (Previous Year Rs. 1,158,788)

Defined benefit plans: The present value of gratuity obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave benefits (non funded) is also recognised using the Projected Unit Credit Method.

a) Actuarial Assumptions
i. Economic Assumptions

The principal assumptions are the discount rate & salary growth rate. The discount rate is generally based upon the market yields available on Government bonds at the accounting date with a term that matches that of the liabilities & the salary growth rate takes account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been agreed by the company:

Particulars	Gratuity		Leave Encashment	
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018
Discount Rate (%)	7.66	7.70	7.66	7.70
Future salary increase	5.50	5.50	5.50	5.50
Expected Rate of Return on Plan Assets	0.00	0.00	0.00	0.00

ii. Demographic Assumption

Particulars	Gratuity		Leave Encashment	
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018
i) Retirement Age (Years)	60	60	60	60
ii) Mortality Table	IALM (2006-08)	IALM (2006-08)	IALM (2006-08)	IALM (2006-08)
iii) Ages				
Up to 30 Years	3.00	3.00	3.00	3.00
From 31 to 44 years	2.00	2.00	2.00	2.00
Above 44 years	1.00	1.00	1.00	1.00

iii. The defined benefit plans expose the Company to actuarial risks such as interest rate risk, longevity risk and salary risk:

Interest risk: A decrease in the bond interest rate will increase the plan liability.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk: The present value of defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of plan participants will increase the plan's liability.

iv. Sensitivity Analysis of the defined benefit obligation

(Amount in ₹)

Particulars	Gratuity	Leave Encashment
	March 31, 2019	March 31, 2019
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period	15,881,662	3,978,989
Impact due to increase of 0.50%	(899,022)	(224,015)
Impact due to decrease of 0.50 %	977,823	243,094
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period	15,881,662	3,978,989
Impact due to increase of 0.50%	993,804	247,051
Impact due to decrease of 0.50 %	(920,843)	(229,447)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Notes:

- a) The current service cost recognised as an expense is included in Note 24 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.
- b) The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

The above information is certified by the Actuary.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

- c) The obligation for leave benefits (non funded) is also recognised using the Projected Unit Credit Method and accordingly the long term paid absences have been valued. The leave encashment expense is included in Note 24 'Employee benefits expense'.

33. FINANCIAL INSTRUMENTS

a) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk. The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received.

b) Categories of financial instruments and fair value thereof

Particulars	March 31, 2019		March 31, 2018	
	Carrying amount	Fair Value	Carrying amount	Fair Value
a) Financial assets				
i) Measured at amortised cost				
Trade receivables	626,250,236	626,250,236	563,707,719	563,707,719
Cash and cash equivalents	260,563,276	260,563,276	84,902,754	84,902,754
Other financial assets	363,495,158	363,495,158	152,035,397	152,035,397
Investments	1,539,912,420	1,539,912,420	1,570,129,900	1,570,129,900
ii) Measured at fair value through profit and loss account				
Investment	8,643,496	8,643,496	15,434,188	15,434,188
b) Financial liabilities				
i) Measured at amortised cost				
Trade payables	135,729,371	135,729,371	159,408,606	159,408,606
Other financial liabilities	848,473,540	848,473,540	890,567,484	890,567,484
ii) Non-current liabilities				
Other financial liabilities	516,059,089	516,059,089	534,082,256	534,082,256

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Financial instruments measured at amortised cost.

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

c) **Fair value measurement**

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities. Quantitative disclosures of fair value measurement hierarchy for assets and liabilities as at 31 March 2019.

	Mar-19	Mar-18	Fair Value Hierarchy	Valuation technique(s) & key inputs used
Financial assets at fair value through profit and loss				
Investment in Equity Shares	231,000	321,250	Level 1	Quoted in an active market
Investment in Mutual Fund	8,412,496	15,112,938	Level 1	Quoted in an active market

The carrying value of current trade receivables, cash and cash equivalents, current loans, trade payables and other financial assets and liabilities are considered to be the same as their fair values due to their short term nature.

d) **Financial risk management objective and policies**

The Group's principal financial liabilities, comprise loans and borrowings, interest free business deposits, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include investments, loans, unsecured interest free deposits, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks.

i) **Credit risk management**

Credit risk is the risk of financial loss to the Group if a customer or counterparty fails to meet its contractual obligations and arises principally from the Group's receivables, deposits given, loans given, investments made and balances at bank.

The maximum exposure to the credit risk at the reporting date is primarily from investments made, loans given and trade receivables.

In case of trade receivables, the Group does not hold any collateral or other credit enhancements to cover its credit risks. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which

the Group grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain.

Trade receivables are non-interest bearing and the average credit period is 45 days.

The carrying amount of following financial assets represents the maximum credit exposure: (Amount in ₹)

Particulars	March 31, 2019	March 31, 2018
Trade Receivable (Unsecured)		
- Over six months		
-Less than six months	626,250,236	563,707,719
Total	626,250,236	563,707,719

Trade receivable consists of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of the accounts receivable.

Credit risk on cash and cash equivalents is limited as the Group generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. The credit risk on mutual funds, non convertible debentures and other debt instruments is limited because the counterparties are generally banks and financial institutions with high credit ratings assigned by credit rating agencies.

ii) **Liquidity Risk**

Liquidity risk is the risk that the group will not be able to meet its financial obligations as they become due. The responsibility for liquidity risk management rests with the Board of directors, which has an appropriate liquidity risk management framework for the management of the group's short-, medium- and long-term funding and liquidity management requirements. The

group manages liquidity risk by maintaining adequate reserves, banking facilities by regularly monitoring forecast and actual cash flows.

Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity grouping based on their contractual maturities.

(Amount in ₹)

	Due in 1st year	Due in 2 to 5th year	Due after 5 years	Total
Contractual maturities of financial liabilities				
March 31, 2019				
Trade payables and other financial Liabilities	984,202,914	-	-	984,202,914
Borrowings	45,352,315	260,538,515	255,520,574	561,411,404
Contractual maturities of financial liabilities				
March 31, 2018				
Trade payables and other financial Liabilities	1,049,976,090	-	-	1,049,976,090
Borrowings	90,754,615	278,561,682	255,520,574	561,411,404

iii) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a) Foreign currency risk exposure:

The Group does not have any exposure to foreign currency risk as at March 31, 2019 (Previous year Nil).

b) Interest rate risk

The Group's investments are primarily in fixed rate interest bearing investments. Hence, the Group is not significantly exposed to interest rate risk.

c) Other price risk

The Group is exposed to equity price risks arising from equity investments. The Company's equity investments are held for strategic rather than trading purposes.

d) Equity price sensitivity analysis

The sensitivity analysis has been determined based on the exposure to equity price risks at the end of the reporting period.

34. CAPITAL MANAGEMENT

The Group's objectives when managing capital are to

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business.

The group considers the following components of its balance sheet to be managed capital:

Total equity as shown in the balance sheet including reserves, retained earnings and share capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend paid to shareholders, return capital to shareholders or issue new shares.

35. Additional information, as required to consolidated financial statements to Schedule III to the Companies Act, 2013, of enterprises consolidated as Subsidiary / Associates / Joint Ventures for the year ended 31 March 2019.
