**CBIC CLARIFIES**

# Homebuyers can't choose between old, new GST rates

**FE BUREAU**  
New Delhi, May 8

**HOMEBUYERS WILL NOT** have the option to choose between old and new goods and services tax (GST) rates as the choice only lies with builders, a clarification issued by the Central Board of Indirect Taxes and Customs (CBIC) clearly stated on Wednesday. It also said a real-estate project that started before April 1 but had not received any booking would be classified as 'new project' and subjected to revised GST rates.

Earlier this year, the GST Council had cut the tax rate for regular housing to 5% from 12% and for affordable housing to 1% from 5%. However, the builders can't claim input tax credit (ITC) anymore after the concessional rates came into effect from April 1.

"It is the builder who has to exercise the option to pay tax on construction of apartments at the old rate of 12% latest by May 10, 2019. If the builder doesn't exercise his option to

**Earlier this year, the GST Council had cut the tax rate for regular housing to 5% from 12% and for affordable housing to 1% from 5%. However, the builders can't claim input tax credit (ITC) anymore after the concessional rates came into effect from April 1.**

continue to pay tax at the old rate by the said date, the effective GST rate applicable on all your (homebuyers') installments payable to the builder on or after April 1, 2019, as per the contract, shall be either 1% or 5%, depending on whether the apartment is an affordable or other than affordable residential apartment," the department said.

Further, the department clarified that if a flat booked in

earlier scheme (prior to April 1, 2019) got cancelled and credit note was issued as per the GST law, the tax paid related to the sale could be adjusted against any other GST liability.

Pratik Jain, partner and leader, indirect tax, PwC India, said: "Developers need to carefully evaluate as to which scheme is more efficient, and clearly communicate to the customers accordingly. There may be situations where one

project is registered under RERA but different part of the project (e.g towers) are at different stages of completion (e.g completion certificate has been received for one of the towers and others are still under construction)."

Jain said clarification was needed on whether preferential location charges (PLCs) and other incidental charges, such as club membership and parking, would be given the same treatment or would be subject to GST at higher rate.

**Unilateral alteration of contract by govt can't be foisted upon unwilling party, rules SC**

**INDU BHAN**  
New Delhi, May 8

**THE SUPREME COURT** on Wednesday held that any unilateral addition or alteration of a contract by the government can never be foisted upon an unwilling party, nor can a party to the agreement be liable to perform a bargain not entered into with the other party.

This conduct, according to the apex court, would be contrary to fundamental principles of justice as followed in India, and this ground would be available only in "very exceptional circumstances."

In the case, Ssangyong Engineering and Construction vs NHA, a Bench led by Justice RF Nariman held that when it comes to the public policy of India argument based upon "most basic notions of justice", this ground can be attracted only in very exceptional circumstances when the conscience of the court is shocked by infringement of fundamental notions or principles of justice.

**Dubious firms in MCA-21: Govt says no impact on GDP numbers**

**FE BUREAU**  
New Delhi, May 8

**AFTER A LATEST** study by the National Sample Survey Office (NSSO) suggested that over a third of companies that are part of the MCA-21 database and are used for the computation of national income may have been dubious, the government on Wednesday insisted that any such assumption had "no impact" on the existing GDP/GVA estimates for the corporate sector.

"It is emphasised that there is no impact on the existing GDP/GVA estimates for the corporate sector as due care is taken to appropriately adjust the corporate filings at the aggregate level, based on the paid-up capital," the ministry of statistics and programme implementation (MoSPI) said in a statement.

The NSSO study suggested that in 12 months through June 2017, 36% of such MCA-21 companies could not be traced or were wrongly classified. The results of this NSS report will be "further examined by the advisory committee before finalising the approach and methodology for the proposed 2017-18 series". MoSPI said the recent NSSO exercise to bring out a technical report on the services sector was commissioned by it to "understand the data gaps and take remedial steps, while undertaking the new base revision exercise for the proposed 2017-18 series."

Justifying the use of the MCA-21 for the computation of GDP, the ministry said the issue of coverage, quality and timeliness of the MCA database vis-à-vis the annual survey of industries had been discussed in detail in the various meetings of the Advisory Committee on National Accounts Statistics and adopted only thereafter.

The GDP data raised concerns recently when the Central Statistics Organisation (CSO) effected a sharp spike in the growth rate for 2016-17, the year that saw demonetisation, from 7.1% to 8.2% — the highest in the current NDA regime.

**Nirav denied bail for third time**

**PRESS TRUST OF INDIA**  
London, May 8

**A UK COURT** Wednesday denied bail to Nirav Modi for the third time, saying the fugitive diamond merchant who is the main accused in the Punjab National Bank fraud and money laundering case amounting to up to USD 2 billion would fail to surrender.

Dressed in a light blue shirt and trousers, the 48-year-old appeared before Westminster Magistrates Court Chief Magistrate Emma Arbuthnot and sat behind a glass enclosure as the hearing got underway.

Modi's defence team doubled the bail security to 2 million pounds and offered he would stay on 24-hour curfew at his London flat.

"Conditions in Wandsworth (prison) are unliveable... Modi is willing to abide by any conditions you choose to impose," his barrister Clare Montgomery told the judge during the lengthy hearing.

However, the judge was not convinced.

"This is a large fraud and the doubling of security to 2 million pounds is not enough to cover a combination of concerns that he would fail to surrender (if bail is granted)," said Judge Arbuthnot.

Earlier, the Crown Prosecution Service (CPS), arguing on behalf of Indian authorities, said Modi should not be granted bail as the evidence presented by the defence does not amount to change of circumstances required to third bail application.

Modi's defence team, led by barrister Motgomery — who was

also the barrister for former Kingfisher Airlines boss Vijay Malia in his extradition case — opposed the CPS claims of Modi being a flight risk.

He is believed to have been living in the UK on an Investor Visa, applied for in 2015 — at a time when the so-called "golden visa" route was relatively easier for super-rich individuals to acquire residency rights in the UK based on a minimum of 2 million pounds investment.

He was denied bail by District Judge Marie Mallon at his first hearing on March 20 soon after his arrest by Scotland Yard officers from a central London bank branch as he tried to open a new bank account and has been in custody at HMP Wandsworth prison in south-west London since then.
