## Press Release

**"Embarking on a New Chapter: Omnipotent Industries Limited Begins Commercial Operations at its Kandla Plant!"**

Omnipotent Industries Limited was thrilled to share a major achievement in its business journey. **The brand-new bitumen processing plant in Kandla started its commercial operations on November 20, 2023.** We even had a special Religious Pooja ceremony to commemorate this important milestone. The plant was officially up and running, showcasing our dedication to innovation and industry leadership. It was a significant step forward for us!

Omnipotent Industries Limited has faced and conquered challenges in the bitumen industry with smart planning and forward thinking. The upcoming start of operations at the Kandla plant is proof that the company knows how to adjust and succeed in the ever-changing business world. The careful planning and smart moves made by Omnipotent mean that the Kandla plant is about to become a very important part of the company's big plans for growth in the bitumen industry. The plant's advanced processing abilities will be a game-changer, boosting Omnipotent's presence and influence in the market.

Situated in Gujarat's key port city, Kandla. Our plant is the only plant which is at 4 km. distance from AV Joshi CFS, the plant enjoys a strategic location that ensures enhanced accessibility to raw materials and facilitates efficient distribution. This positioning is set to fortify Omnipotent's supply chain, resulting in heightened market responsiveness. In alignment with Omnipotent's broader vision of sustainability.

The successful operationalization of the Kandla plant reflects Omnipotent's adaptability and ability to overcome industry challenges. Equipped with cutting-edge infrastructure, the
