Let's go beyond
expectations

Dear Shareholders,

It gives me immense pleasure to announce that F.Y. 2020-21 was a remarkable year for the edible and non-edible oil industry. Not only our financials have improved but also our customer base and the total number of investors have peaked in comparison to previous financial years - which proves the faith people have in us. Thanks to this peak performance, we are aiming at an 18% growth in gross turnover at Rs. 9000 crores.

During the 2020-21 pandemic that has shaken the whole world and changed everyone's life drastically, we learned to stay strong and united as a community in order to combat this deadly disease. We would like to take this opportunity to thank the selfless efforts of God in the form of human-beings i.e. our doctors, nurses, and other health-workers who ensured our safety during the crisis.

Within 5 years of inception, the company has become the largest processor of edible oils in the state of Gujarat. And now the company envisions spreading its presence across the country by setting up more plants to cater to the domestic and international demand.

Over a period of next 5 years, the company's focus will be on branding, retail marketing, and development of distribution network in order to influence the Brand Equity positively. In an era where branding has become a massive influence, the company aims to set an example of maintaining a presence across the market by adopting trust, community building, sustainable sourcing, honesty, and value-for-money as our principles.

Built around commitment to customers and communities, employees, shareholders and the environment, GARL's leadership vision brings together the essential prerequisites for maintaining the long-term health and growth of our company.

It is also what our stakeholders expect from a leading company in an industry whose actions carry far-reaching implications for the economy, the environment and the millions of people who rely on utilities to conduct their business responsibly. The most important opportunities for growth lie in solving key challenges, a reality that is making sustainability a competitive imperative. Accordingly, within GARL, today we are increasingly adapting our strategy, our operations, and our culture to drive positive results in fresh ways.

At last, I would like to pay my sincere acknowledgments to government and semi-government authorities, bankers, esteemed customers, suppliers, business associates, and all the stakeholders for their ongoing interest and trust. I would like to conclude by reiterating our commitment towards achieving new heights in the edible and non-edible oil industry.

Thank You.

The instructions for e-voting are given herein below. Resolution(s) passed by Members through e-voting is/are deemed to have been passed as if they have been passed at the AGM.
15. The Board of Directors has appointed Mr. Chirag Shah of M/s. Chirag Shah & Associates, Practicing Company Secretaries (Membership No. FCS 5545) as the Scrutinizer to scrutinize the voting during the AGM and remote e-voting process in a fair and transparent manner.

16. PROCESS FOR THOSE SHAREHOLDERS WHOSE EMAIL ADDRESSES ARE NOT REGISTERED WITH THE DEPOSITORIES FOR OBTAINING LOGIN CREDENTIALS FOR EVOTING FOR THE RESOLUTIONS PROPOSED IN THIS NOTICE:

For Physical shareholders - Please provide necessary details like Folio No., Name of shareholder, scanned copy of the share certificate (front and back), PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) by email to Company or R&T Agent.

For Demat shareholders - Please update your email id & mobile no. with your respective Depository Participant (DP) which is mandatory while e-voting & joining virtual meeting through Depository.

17. THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM/EGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- (i) The voting period begins on 26th September, 2021 at 9.00 a.m. and ends on 28th September, 2021 at 5.00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Wednesday, 22th September, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020 under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Annexure**To the Directors' Report****MANAGEMENT DISCUSSION AND ANALYSIS REPORT****• Industry Structure & Development**

India is the largest producer of oilseeds in the world and the oilseed sector occupies an important position in the country's economy. The country accounts for 12-15 per cent of global oilseeds area, 6-7 per cent of vegetable oils production, and 9-10 per cent of the total edible oil's consumption. India is blessed with many positive factors that enable it to stand in a unique position in Agro-based products. India is a major oilseed producing country among the different countries producing oilseeds; India has the largest area and production of few oilseed crops, namely groundnut, rapeseed/mustard, sesame, and coconut. Yet, India is the largest importer of edible oil. Oilseeds area and output are concentrated in the central and southern parts of India, mainly in the states of Madhya Pradesh, Gujarat, Rajasthan, Andhra Pradesh and Karnataka. Among different oilseeds, groundnut, rapeseed-mustard and soybean account for about 80 per cent of area and 87 per cent of production of oilseeds in the country.

The outbreak of the COVID-19 pandemic, in early 2020, however, had disrupted the supply chains of edible oil due to the temporary shutdown of several oil production units, restricted import activities, and the unavailability of raw materials. Furthermore, the national lockdown had led to a temporary closure of hotels, restaurants, canteens, and public food joints in the country, thereby negatively affecting the demand of edible oil. The India edible oil market, however, is expected to recover from 2021 onwards and exhibit strong growth during 2021-2026. Additionally, the elevating consumer living standards coupled with the increasing penetration of international culinary trends are further augmenting the demand for high-quality product variants, such as olive oil, sesame oil, flaxseed oil, etc.

There are two major features, which have significantly contributed to the development of this sector. One was the setting up of the Technology Mission on Oilseeds in 1986 which has been converted into a National Mission on Oilseeds and Oil Palm (NMOOP) in 2014. As per a decision regarding merger/ conversions or linkage of Schemes/ sub-Schemes/ programmes, etc. having similar components such as incentive for seed, demonstration, and farm implements including efficient water application tools covered under NFSM and Oil seeds was merged under revamped NFSM from the year 2018-19.

This gave a thrust to Government's efforts for augmenting the production of oilseeds. This is evident by the very impressive increase in the production of oilseeds from about 11.3 million tons in 1986-87 to 33.22 million tons in 2019-20. Most of the oilseeds are cultivated on marginal land and are dependent on rainfall and other climatic conditions. The other dominant feature which has had significant impact on the present status of edible oilseeds/oil industry has been the program of liberalization under which the Government's economic policy allowing greater freedom to the open market and encourages healthy competition and self-regulation rather than protection and control. Controls and regulations have been relaxed resulting in a highly competitive market dominated by both domestic and multinational players. The country has to rely on imports to meet the gap between demand and supply. Import of edible oils is under Open General License (OGL). In order to harmonize the interests of farmers, processors and consumers, Government reviews the duty structure of edible oils from time to time.

To increase the domestic availability of edible oil and reduce import dependency, the government has proposed a National Mission on Edible Oils (NMEO) for the next five years. The proposal is based on achieving results in three key areas to increase production of oilseeds and edible oils from primary sources such as annual crops, plantation crops, and edible TBOs (tree borne oilseeds); secondary sources such as rice bran oil and Cottonseed oil; and consumer awareness for maintaining edible oil consumption constant at 19.00 kg per person per annum.

India Edible Oil Market Outlook, 2025', gives an insight into the transformation to occur in the edible oil market. The government intends to increase production from 30.88 to 47.80 million tonnes of oilseeds that will produce 7.00 to 11.00 million tonnes of edible oils from primary sources by FY 2025. Also, it is expected that edible oils from secondary sources will be doubled from 3.50 to 7.00 million tonnes. Meanwhile, at present, crude palm oil is freely importable while refined palm oil and palm olein have been put under the 'Restricted' category for imports since 8 January 2020. The restriction is applicable to imports from all countries.

With an initiative such as "AATMANIRBHAR BHARAT" Government of India is planning to reduce dependence on the import as much as possible. With the combined efforts of government, industry companions we can achieve sovereignty and independence in the edible and non-edible oil industry. There is still a long way to go but with dedication towards corporate governance and business ethics day is not far away when we will achieve new heights by following the principle "Everyone will accompany, everyone will nurture."

• Opportunities and Threats:**Opportunities:**

The external environmental analysis may reveal certain new opportunities for profit and growth. Such opportunities may include:

GARL has well-established processes and clearly defined roles and responsibilities for people at various levels. This, coupled with adequate internal information systems embedded in business automation software, ensures proper information flow for the decision-making process. Adherence to these processes is ensured through frequent internal audits. The Executive Committees monitors business operations through regular reviews of performance vis-à-vis budgets. An extensive program of internal audit conducted by the internal audit team, reviewed by the Audit Committee, and requisite guidelines and procedures augment the internal controls. The internal control system is designed to ensure that financial and other records are reliable for preparing financial statements and other information. These procedures ensure that all transactions are properly reported and classified in the financial records.
 - **Risk Management:**
The Company has a well-defined process in place to ensure appropriate identification and treatment of risks. Risk identification exercise is inter-woven with the annual planning cycle which ensures both regularity and comprehensiveness. The identification of risk is done at strategic, business, operational and process levels. While the mitigation plan and actions for risks belonging to strategic, business and key critical operational risks driven by senior leadership, for rest of the risks, operating managers drive the conception and subsequent actioning of mitigation plans.
The key strategic, business and operational risks which are significant in terms of their impact to the overall objectives of the Company along with status of mitigation plans are periodically presented and discussed in the Board Meetings. The Company, through its risk management process, aims to contain the risks within its appetite. There are no risks which in opinion of the Board threaten the operations and existence of the Company.
Long-term and Medium-term Strategy:
The Company has strategies for business development to cope up with the dynamic situation evolving everyday globally. The Company is subject to all the positive & negative effects of the change in the global scenario. It works on long term and medium-term strategies to deal with the challenges:
 - a. **Long-term Strategy:**
 - a) Widening of customer base
 - b) Entry into new industry segments
 - c) Development of new casting products for existing customers
 - b. **Medium-term Strategy:**
 - a) Improvement in product quality
 - b) Control & minimizing rejections
 - c) Cost reduction

INDEPENDENT AUDITOR'S REPORT

To,
The Members of,
Gokul Agro Resources Limited
CIN -L15142GJ2014PLC080010
Ahmedabad.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of **GOKUL AGRO RESOURCES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of Significant Accounting Policies and other Explanatory Information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than Standalone Financial Statements and Auditor's Report Thereon

The company's Board of Directors are responsible for the preparation and presentation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including the Annexure to the board's Report, Share Holder's Information etc., but does not include the standalone financial statement and auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this information; we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

For each matter below, our description of how our audit addressed the matter is provided in that context.

Sr. No.	Key Audit Matters	How the Matter was addressed in our Audit
1	<p>Revenue Recognition:-</p> <p>The group follows the revenue recognition policy as set out by the parent company and as stated in the standalone financial statement (Refer Note No. 3.4 to the significant accounting policies of standalone financial statement).</p> <p>Revenue by the group is recognized when the control of the underlying products has been transferred to customer along with the satisfaction of the Company's performance obligation under a contract with customer.</p> <p>The group focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before completion of the performance obligation. There is a significant risk of misstatement due to risk related to inappropriate recognition of the revenue and hence was determined to be a key audit matter</p>	<p>Our audit procedures to assess the appropriateness of revenue recognized included the following;</p> <p>Our audit procedures, considering the significant risk of misstatement related to revenue recognition, included amongst other:</p> <ul style="list-style-type: none"> - Obtaining an understanding of an assessing the design, implementation and operating effectiveness of the Company's key internal controls over the revenue recognition process. - Examination of significant contracts entered into close to year end to ensure revenue recognition is made in correct period. - Testing a sample of contracts from various revenue streams by agreeing information back to contracts and proof of delivery as appropriate and ensure revenue recognition policy is in accordance with principles of Ind AS 115.

Sr. No.	Key Audit Matters	How the Matter was addressed in our Audit
		Our testing as described above showed that revenue has been recorded in accordance with the terms of underlying contracts and accounting policy in this area.
2	<p>Inventory:- The carrying value of inventory as at 31st March 2021 is Rs. 367.62 crore. The inventory is valued at the lower of cost and net realizable value.</p> <p>We considered the value of inventory as a key audit matter given the relative size of its balance in the financial statements and significant judgment involved in the consideration of factors in determination of selling prices such as fluctuation of raw materials prices in the market and in determination of net realizable value. (Refer Note No. 9 to the Standalone Financial Statement)</p>	<ul style="list-style-type: none"> - We understood and tested the design and operating effectiveness of controls as established by the management in determination of net realizable value of inventory. - Assessing the appropriateness of Company's accounting policy for valuation of stock-in-trade and compliance of the policy with the requirements of the prevailing Indian accounting standards. - We considered various factors including the actual selling price prevailing around and subsequent to the year-end. - Compared the cost of the finished goods with the estimated net realizable value and checked if the finished goods were recorded at net realizable value where the cost was higher than the net realizable value. <p>Based on the above procedures performed, the management's determination of the net realizable value of the inventory as at the year end and comparison with cost for valuation of inventory is considered to be reasonable.</p>
3	<p>Carrying Value of Trade Receivables:- The collectability of the Company's trade receivables and the valuation of allowance for impairment of trade receivables and provision for bad and doubtful debt require significant management judgment. As per the current assessment of the situation based on the Internal and external information available up to the date of approval of these financial results by the Board of Directors, the Company believes that the Impact of Covid-19 on its business, assets, internal financial controls, profitability and liquidity, both present and future, would be limited and there is no indication of any material impact on the carrying value. Management uses this information to determine whether a provision for impairment is required either for a specific transaction or for a customer's balance overall. Accordingly, it has been determined as a key audit matter.</p>	<ul style="list-style-type: none"> - We assessed a sample of trade receivables and advances. - We assessed the ageing of trade receivables and advances, the customer's historical payment patterns and whether any post year-end payments have been received up to the date of completing our audit procedures. - We also discussed with the management regarding any disputes between the parties involved, attempts by management to recover the amounts outstanding and on the credit status of significant counterparties wherever available. <p>In assessing the appropriateness of the overall provision for impairment, we considered the management's application of policy for recognizing provisions.</p> <p>We assessed the Company's provisioning policy and comparing the Company's provisioning against historical collection data.</p> <p>Considered the completeness and accuracy of the disclosures.</p>
4	<p>Assessment of Covid-19 and Its Impact:- In March 2020, the World Health Organization has declared Covid-19, a global pandemic. Consequent to this, Government of India declared a nation-wide lockdown and later on the same was lifted with some restrictions. The company remains watchful of the potential impact of Covid-19 pandemic, particularly the "second wave" on continuous basis.</p>	<ul style="list-style-type: none"> - The company has made assessment of impact of Covid-19 and its second wave on continuous basis. (Refer Note No. 36 to the standalone financial statements). - We assessed the disclosures on COVID-19 made in the financial statements. - Our ability to perform regular audit procedures has been impacted which has required us in certain cases to perform alternative audit procedures and exercise significant judgment in respect of the following:- <ul style="list-style-type: none"> (a) Audit and quality control procedures which were earlier performed in person could not be performed; and hence alternative procedures have been performed based on inquiries (through phone calls, video calls and e-mail communications) and review of scanned documentation sent through e-mails, followed up with Sighting with original documents. (b) Year-end inventory observation of inventory counts could not be performed due to continuity of second wave of covid-19 in Gujarat.

Emphasis of Matter

We draw your attention to the Note No. - 36 to the standalone financial statements which explains the management's assessment of the financial impact due to the lock down and other restrictions related to Covid-19 pandemic for which a definitive assessment of the impact in the subsequent period is highly dependent upon the circumstances as they evolve.

Responsibility of the Management and those charged with the Governance for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the presentation of these standalone financial statement that gives a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity, and cash flows of the company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate records in accordance with the provisions of the act for safeguarding of the assets of the company and for preventing and detecting fraud and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

While preparing the financial statements, considering the nature of business of the entity, the management needs to make a detailed assessment (to the extent possible based on the information available) of the impact of COVID-19 on the items, components of the financial statements including disclosures in the financial statements.

The Board of Directors are also responsible for assessing the Company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the financial reporting process of the Company.

The management's responsibility also includes making appropriate adjustments to the financial statements and ensuring necessary disclosures, such as disclosures of subsequent events, risks and uncertainties, and how events and conditions may impact future operating results, cash flows and financial position of the entity. Other disclosures may include business risk factors and management's discussion and analysis of results, liquidity and capital resources.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As a part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (d) Conclude the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure - A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:-

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Change in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure - B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended :

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has pending litigation of Rs. 4.69 lakhs and 96.71 lakhs with respect to Value Added Tax for the financial year 2015-16 and 2016-17 respectively. The said litigation would not have any adverse impact on the financial position of the Company.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the company.

On the basis of our examination of the records of the inventory, we are of opinion that the discrepancies noticed on verification between physical stock and book records were not material and have been properly dealt with the books of account.
- (iii) According to the information and explanations given to us, the Company has granted loans, unsecured to the companies, covered in the register maintained under section 189 of the Companies Act, the outstanding balance as at 31st March, 2021 is as under.

Sr. No.	Name of the Parties	Amount Outstanding as at 31.03.2021
1	Gokul Refoils & Solvent Limited	48.69 Lakhs
2	Gujarat Gokul Power Limited	2183.69 Lakhs

- (a) The terms and conditions of the grant of such loans are, in our opinion prima facie, not prejudicial to the Company's interest.
- (b) The schedule of re-payment of principle and payment of interest has not been expressly stipulated as the same is considered as mutual agreed upon and in the absence of such schedule; we are unable to comment on the re-payment of principle amounts.
- (c) As no re-payment schedule is expressly agreed, there is no overdue principal and interest amount.
The Company has not granted any loans secured or unsecured, to firms, Limited Liability Partnerships or other parties covered in the register maintained u/s 189 of the act.
- (iv) In our opinion and according to the information and explanation given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) According to the information and explanations given to us the Company has not accepted deposits from the public within the meaning of Sections 73 to 76 of the Act, and the rules framed there under. Therefore, the reporting requirements of paragraph 3 (v) of the Order, is not applicable to the Company.
- (vi) The Company has made and maintained the cost records as prescribed by the Central Government under section 148(1) of the Act and we are of the opinion that, prima facie, the prescribed cost records have been maintained by the company. However we have not made detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us;
 - (a) on the basis of our examination of the records of the company in respect of undisputed statutory dues of Central Excise, Service Tax, Sales Tax, Goods and Service Tax, Income Tax, Tax Deducted at Source, Tax Collected at Source, Professional Tax, Cess and other material statutory dues have been regularly deposited during the year by the company with the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Central Excise, Service Tax, Sales Tax, Goods and Service Tax, Income Tax, Tax Deducted at Source, Tax Collected at Source, Professional Tax, Cess and other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the company in respect of disputed statutory dues of Central Excise, Service Tax, Sales Tax, Goods and Service Tax, Income Tax, Tax Deducted at Source, Tax Collected at Source, Professional Tax, Cess and other material statutory dues, we report that there are Value Added Tax payable for the Financial Year 2015-16 and 2016-17, which have not been deposited with the appropriate authorities on account of any dispute. The details of the same are as under:

Particulars	Amount	Status
Value Added Tax FY: 15-16	4.69 Lakhs	Case Pending with Dy. Commissioner, Commercial Tax, Appeals.
Value Added Tax FY: 16-17	96.71 Lakhs	

*Including net amount paid under protest.

Further, as per the scheme of demerger as approved by the High Court, the company shall be responsible for any disputed statutory liability of the Gandhidham Undertakings, if any payable by the management of the company.

- (viii) Based on our audit procedure and information and explanation given by the management, we are of the opinion that the company has not defaulted in repayment of loans to the banks.

Further, the company has not borrowed or raised any money from debentures holders during the year.

- (ix) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) or term loans. Accordingly, the provisions of clause 3(ix) of the order are not applicable to the company.

Further, in our opinion and according to the information and explanation given to us and on examination of the balance sheet of the company, the term loans were applied for the purpose for which the loans were obtained.

- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the standalone financial statements and as per the information and explanations given by the Management, We report that no material fraud on or by the Company has been noticed or reported during the year.
- (xi) According to the information and explanations given to us and based on our examination of the records of the company, the company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with schedule V to the Act.
- (xii) In our opinion, the Company is not a Chit Fund or a Nidhi/Mutual Benefit Fund/Society. Therefore, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- (xiii) According to the information and explanation given to us and on the basis of our examination of the records of the Company, all the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable and also the details which have been disclosed in the Standalone Financial Statements as required by the applicable Indian accounting standard.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, reporting requirement of paragraph 3(xiv) of the order, are not applicable to the company.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly reporting requirement of paragraph 3(xv) of the order is not applicable to the Company.
- (xvi) According to the information given and as explained to us, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE - B

“Annexure B” to the Independent Auditor's Report of even date on the Standalone Financial Statements of Gokul Agro Resources Limited Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **GOKUL AGRO RESOURCES LIMITED (“the Company”)** (CIN-**L15142GJ2014PLC080010**) as of March 31st 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Emphasis of Matter

We draw your attention to the paragraph reported in our main audit report i.e Independent Auditor's Report under the head “Emphasis of Matter” with regard to Covid-19 assessment. Our opinion is not modified in respect of any matter (including that relating to Covid-19).

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ANNEXED TO AND FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Note: -1: CORPORATE INFORMATION

Gokul Agro Resources Limited (the company) is a public limited company and listed on Bombay Stock Exchange (BSE) & National Stock Exchange (NSE), domiciled in India and incorporated under the provisions of the Companies Act, 2013. The company is engaged in business of Manufacturing & Trading of Edible & Non-Edible Oil, Meals and other Agro Products.

Note: -2: BASIS OF PREPARATION

a) Basis of preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) Functional and presentation currency

These financial statements are presented in Indian rupee, which is the Company's functional currency, unless otherwise indicated.

c) Basis of measurement

The financial statements have been prepared on historical cost basis, except certain financial assets and liabilities which have been measured at fair value, defined benefits plan and contingent consideration. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle to be of 12 months for the purposes of current / non-current classification of assets and liabilities.

Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a. Expected to be realized or intended to be sold or consumed in normal operating cycle
- b. Held primarily for the purpose of trading
- c. Expected to be realized within twelve months after the reporting period, or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- a. It is expected to be settled in normal operating cycle
- b. It is held primarily for the purpose of trading
- c. It is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Note: -2A: USE OF ESTIMATES

The preparation of financial statements requires the use of accounting estimates which, by definition, will often equal the actual results. Management also needs to exercise judgment in applying the group's accounting policies. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be adjusted due to estimates and assumptions turning out to be different from those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical estimates and judgments

The areas involving critical estimates or judgments are:

- a) Estimation of current tax expense and payable – Refer accounting policies - 3.9
- b) Estimated useful life of property, plant & equipment and intangible assets – Refer accounting policies -3.1

- c) Estimation of defined benefit obligation – Refer accounting policies -3.8
- d) Estimation of fair values of contingent liabilities - Refer accounting policies -3.12
- e) Recognition of revenue - Refer accounting policies - 3.4
- f) Recognition of deferred tax assets for carried forward tax losses – Refer accounting policies -3.9
- g) Impairment of financial assets – Refer accounting policies - 3.2 & 3.5

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the group and that are believed to be reasonable under the circumstances.

Note: -3: SIGNIFICANT ACCOUNTING POLICIES

3.1 Property, plant and equipment:

Property, plant and equipment are stated at original cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and all other attributable cost of bringing the asset to working condition for intended use. Finance costs relating to borrowing funds attributable to acquisition of fixed assets are also included in the cost, for the period till such asset is put to use.

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Where components of an asset are significant in value in relation to the total value of the asset as a whole, and they have substantially different economic lives as compared to principal item of the asset, they are recognized separately as independent items and are depreciated over their estimated economic useful lives.

All other repair and maintenance costs are recognized in the statement of profit and loss as incurred unless they meet the recognition criteria for capitalization under Property, Plant and Equipment

Tangible Fixed Assets:

Depreciation on tangible assets is provided on the Straight-Line Method (SLM) over the useful life of the assets as prescribed under Schedule II to the Companies Act, 2013. In respect of the fixed assets purchased during the year, depreciation is provided on pro rata basis from the date on which such asset is ready to be put to use. On transition to Ind AS as on April 1, 2016, the Company has elected to measure its Property, Plant and Equipment at cost as per Ind AS.

Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses (if any).

An item of intangible asset initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset [calculated as the difference between the net disposal proceeds and the carrying amount of the asset] is included in the income statement when the asset is derecognized. Intangible fixed assets are amortized on straight line basis over their estimated useful economic life.

Capital Work-in-progress

Capital work- in- progress represents directly attributable costs of construction to be capitalized. All other expenses including interest incurred during construction period are capitalized as a part of the construction cost to the extent to which these expenditures are attributable to the construction as per Ind AS-23 "Borrowing Costs". Interest income earned on temporary investment of funds brought in for the project during construction period are set off from the interest expense accounted for as expenditure during the construction period.

Right of Use of asset

With effect from 1st April, 2019, the company has adopted Ind AS 116 "Leases" with the modified retrospective approach. Accordingly the company has not re-stated its comparative financial results. This has resulted in reorganization of right-of-use asset and corresponding lease liability as a 1st April, 2019. Depreciation / Amortization of Asset had been made on the basis of balance no of years of right to use such asset.

3.2 Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the Company measures it on the basis of discounted cash flows of next five years' projections estimated based on current prices. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

3.3 Foreign Currency Transactions

The Company's financial statements are presented in INR, which is also the Company's functional currency.

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items, which are measured in terms of historical costs denominated in foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements including receivables and payables which are likely to be settled in foreseeable future, are recognized as income or as expenses in the year in which they arise. All other exchange differences are recognized as income or as expenses in the period in which they arise.

Transactions covered under forward contracts are accounted for at the contracted rate. All export proceeds have been accounted for at a fixed rate of exchange at the time of raising invoices. Foreign exchange fluctuations as a result of the export sales have been adjusted in the statement of profit and loss account and export proceeds not realized at the balance sheet date are restated at the rate prevailing as at the balance sheet date.

3.4 Revenue recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Specifically,

- (i) Sale of goods is recognized on transfer of significant risk and rewards of ownership which is generally on shipment and dispatch to customers.
- (ii) Revenue/Loss from bargain settlement of goods is recognized at the time of settlement of transactions.
- (iii) Export benefits/Value added tax benefits are recognized as Income when the right to receive credit as per the terms of the scheme is established and there is no significant uncertainty regarding the claim.
- (iv) For all debt instruments measured either at amortized cost or at fair value through other comprehensive income [OCI], interest income is recorded using the effective interest rate [EIR]. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument [for example, prepayment, extension, call and similar options] but does not consider the expected credit losses.
- (v) Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.
- (vi) Share of profit and loss from partnership firm is recognized when company's right/obligation to receive/pay is established.
- (vii) Dividend income from investments is recognized when the Company's right to receive payment is established which is generally when shareholders approve the dividend.

3.5 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial Assets

a. Initial recognition and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place [regular way trades] are recognized on the settlement date, trade date, i.e., the date that the Company settles commits to purchase or sell the asset.

b. Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

i. Debt instruments at amortized cost:

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held with an objective of collecting contractual cash flows
- Contractual terms of the asset give rise on specified dates to cash flows that are "solely payments of principal and interest" [SPPI] on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest

rate [EIR] method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

ii. Debt instruments at fair value through other comprehensive income [FVTOCI]:

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The asset is held with objective of both - for collecting contractual cash flows and selling the financial assets
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income [OCI]. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

iii. Debt instruments, derivatives and equity instruments at fair value through profit or loss [FVTPL]:

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

iv. Equity instruments measured at fair value through other comprehensive income [FVTOCI]:

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company has made such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

c. Derecognition:

A financial asset is primarily derecognized when:

- i. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either [a] the Company has transferred substantially all the risks and rewards of the asset, or [b] the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- ii. The Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership.

B. Financial liabilities:

a. Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

b. Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

I. Financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied for liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are

recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

ii. Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

iii. Financial guarantee contracts:

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

c. Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

C. Reclassification of financial assets:

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses [including impairment gains or losses] or interest.

D. Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

3.6 Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a. In the principal market for the asset or liability, or
- b. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted [unadjusted] market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

3.7 Inventories

Inventories are valued at the lower of cost or net realizable value except Raw Material, which is valued at the cost. The cost is determined by weighted average method. The net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

3.8 Retirement benefits

Retirement benefit costs for the year are determined on the following basis:

- (i) Company provides for Retirement Benefits in the form of Gratuity. Such Benefits are provided for as at Balance Sheet date, based on the valuation made by independent actuaries. Company has taken Group Gratuity Policy of LIC of India and Premium paid is

recognized as expenses when it is incurred. Actuarial gains or loss in respect of Gratuity are charged to Profit & Loss Account and OCI based on the actuarial valuation report.

- (ii) Provident fund is accrued on monthly basis in accordance with the terms of contract with the employees and is deposited with the Statutory Provident Fund. The Company's contribution is charged to profit and loss account.
- (iii) Company also provides for Leave Encashment as at Balance Sheet date, based on the valuation made by independent actuaries

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not classified to the statement of profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset

3.9 Taxes on Income

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 and tax laws prevailing in the respective tax jurisdictions where the Company operates. Current tax items are recognized in correlation to the underlying transaction either in P&L, OCI or directly in equity.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized on the basis of reasonable certainty that the company will be having sufficient future taxable profits and based on the same the DTA has been recognized in the books.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized, or the liability is settled, based on tax rates [and tax laws] that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

The Company has decided to continue with the existing tax structure until the utilization of accumulated Minimum Alternate Tax (MAT) credit.

3.10 Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

Borrowing costs which are not specifically attributable to the acquisition, construction or production of a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a weighted average capitalization rate. The weighted average rate is taken of the borrowing costs applicable to the outstanding borrowings of the company during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized cannot exceed the amount of borrowing costs incurred during that period.

3.11 Earnings per equity share

Basic earnings per share is calculated by dividing the net profit or loss from continuing operation and total profit, both attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period.

3.12 Provisions, Contingent Liabilities and Contingent Assets:

Provision is recognized when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that the outflow of resources will be required to settle the obligation and in respect of which reliable estimates can be made.

A disclosure for contingent liability is made when there is a possible obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision/ disclosure is made. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognized in the financial statements. Provisions and contingencies are reviewed at each balance sheet date and adjusted to reflect the correct management estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are renewed at each balance sheet date.

3.13 Cash and Cash Equivalents

Cash and cash equivalent comprise cash on hand and demand deposits with banks which are short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

3.14 Exceptional items

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

Note: -36: Assessment of Impact of Covid-19 Pandemic

In March 2020, the World Health Organization has declared Covid-19, a global pandemic. Consequent to this, Government of India declared a nation-wide lockdown and later on the same was lifted with some restrictions. The company remains watchful of the potential impact of Covid-19 pandemic, particularly the "second wave" on continuous basis. The company's management has continued to make the assessment of likely adverse impact on business and financial risks. As per current assessment, there are no significant impact on carrying amount of property, plant and equipments, inventories, goodwill, intangible assets, trade receivables, investments and other financial assets is expected, and the management is continue to monitor changes in future economic conditions.

Being a part of the essential commodity industry, the company was allowed to continue its operations/manufacturing activities of it's units with minimum labour and staff as suggested by Government from time to time, hence the company was able to manage the same at optimum level.

From the measure taken above, the management believes that there is not much adverse impact on the business and financial risk and believes that the impact is likely to be short term in nature. The management does not see any medium to long term risk on the company's ability to continue as a going concern and meeting its liabilities as and when they become due subject to the situation doesn't worsen from the current position of the pandemic.

Given the uncertainties associated with nature, condition and duration of covid-19 pandemic, the impact on the company's financial statements will be continuously made and provided for as and when required. However, a definitive assessment of the impact in the subsequent period is highly dependent upon the circumstance they evolve.

Measurement of Fair Values:**Valuation techniques and significant unobservable inputs:**

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

Note: - 50: Financial Risk Management Objectives & Policies:

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The company's financial risk management policy is set by the Managing Board. The Company's principal financial liabilities, other than derivatives, comprise borrowings

and trade & other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's principal financial assets include Investments, loans given, trade and other receivables and cash & short-term deposits that derive directly from its operations. Risk assessment and management of these policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities.

The company has exposure to the following risks arising from financial instruments: -

- (i) Market Risk
 - (a) Currency Risk
 - (b) Interest Rate Risk
 - (c) Commodity Risk
 - (d) Equity Risk
- (ii) Credit Risk and
- (iii) Liquidity Risk

Risk Management Framework

The Company's activities expose it to variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management is to minimize potential adverse effects of risk on its financial performance. The company's risk management assessment policies and processes are established to identify and analyze the risk faced by the company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management of these policies and processes are reviewed regularly to reflect changes in market conditions and the Company's Activity. The Board of Directors and Audit Committee are responsible for overseeing these policies and processes.

In order to minimize any adverse effects on the financial performance of the company, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency exposures. Derivatives are used exclusively for hedging purposes and not as trading/speculative instruments.

(i) Market Risk:-

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices, commodity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables and payables. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the returns.

(a) Currency Risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss of the company, where any transactions has more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risk primarily relates to fluctuations in U.S. dollar and Euro, against the respective functional currencies (INR) of Gokul Agro Resources Limited.

The company, as per its risk management policy, uses its foreign exchange and other derivative instruments primarily to hedge foreign exchange and interest rate exposure. The company does not use derivative financial instruments for trading or speculative purpose.

Exposure to Currency Risk

Refer Note no. 47 for foreign currency exposure as at March 31, 2021 and March 31, 2020 respectively.

Sensitivity Analysis:-

A 1% Increase/Decrease of the respective foreign currencies with respect to functional currency of company would result in increase or decrease in profit or loss as shown in the table below. The following analysis has been worked out based on the exposure as of the date of statement of financial position.

(Amt. in Lakhs ₹)

Currency	2020-21		2019-20	
	1% Increase	1% Decrease	1% Increase	1% Decrease
USD	215.47	-215.47	19.73	-19.73

(b) Interest Rate Risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market

interest rates. The company's exposure to market risk for changes in interest rates relates to borrowings from financial institutions. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

(c) Commodity Risk

The prices of agricultural commodities are subject to wide fluctuations due to unpredictable factors such as weather, government policies, changes in global demand resulting from population growth and changes in standards of living and global production of similar and competitive crops. During its ordinary course of business, the value of the Company's open sales and purchases commitments and inventory of raw material changes continuously in line with movements in the prices of the underlying commodities. To the extent that its open sales and purchases commitments do not match at the end of each business day, the Company is subjected to price fluctuations in the commodities market.

While the Company is exposed to fluctuations in agricultural commodities prices, its policy is to minimise its risks arising from such fluctuations by hedging its sales either through direct purchases of a similar commodity or through futures contracts on the commodity exchanges.

In the course of hedging its sales either through direct purchases or through futures, the Company may also be exposed to the inherent risk associated with trading activities conducted by its personnel. The Company has in place a risk management system to manage such risk exposure.

(d) Equity Risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of some of the Company's investments in Fair value through profit and loss account, securities exposes the Company to equity price risks. In general, these securities are held for trading purposes. These investments are subject to changes in the market price of securities.

(ii) Credit Risk

Credit risk arises from the possibility that a customer or counter party may not be able to settle their contractual obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is significant increase in credit risk the company compares the risk of a default occurring and the asset at the reporting date with the risk of default as the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i. Actual or expected significant adverse changes in business.
- ii. Actual or expected significant changes in the operating results of the counterparty.
- iii. Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation.
- iv. Significant increase in credit risk on other financial instruments of the same counterparty.
- v. Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements.

A. Trade and Other Receivables: -

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

(₹ In Lakhs)

Particulars	As at 31 st March, 2021 Amount	As at 31 st March, 2020 Amount
Past due but not Impaired		
Past due up to 6 Months	30,535.43	33,156.48
Past due more than 6 Months (Including Prov. For Bad & Doubtful Debt)	1,471.87	1,143.24
Total	32,007.30	34,299.72

The ageing analysis of these receivables (gross of provision) has been considered from the date of the Invoice.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment

plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

I. Financial assets for which loss allowance is measured using 12 months Expected Credit Losses (ECL) (₹ In Lakhs)

Particulars	As at 31 st March, 2021 Amount	As at 31 st March, 2020 Amount
Non-Current Financial Assets – Loans	23.79	21.56
Current Financial Assets – Loans	2,268.33	2,471.80
Total	2,292.12	2,493.36

No amount has been written off considering the ECL model as the above analysis had not resulted into any allowance amount.

II. Financial assets for which loss allowance is measured using Life Time Expected Credit Losses(ECL) (₹ In Lakhs)

Particulars	As at 31 st March, 2021 Amount	As at 31 st March, 2020 Amount
Trade Receivables	32,007.30	34,299.72
Total	32,007.30	34,299.72

No amount has been written off considering the ECL model as the above analysis had not resulted into any new allowance amount.

III. Provision for expected credit losses against "I" and "II" above:

The company has assets where the counter- parties have sufficient capacity to meet the obligations and where the risk of default is very low. Hence based on historic default rates, the Company believes that, no impairment allowance is necessary in respect of above mentioned financial assets, except otherwise stated above.

B. Cash and cash equivalents

The Company holds cash and cash equivalents with credit worthy banks and financial institutions of Rs.2,835.06 Lakhs as at March 31, 2021 [FY 2019-2020 Rs. 2,716.41 Lakhs].The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

C. Derivatives

The derivatives are entered into with credit worthy banks and financial institution on counterparties. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

D. Investments

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counter-parties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

(iii) Liquidity Risk

Liquidity Risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company also constantly monitors various funding options available in the debt and capital markets with a view to maintaining financial flexibility.

As of March 31, 2021, the Company has working capital of Rs. 9,397.45 Lakhs [March 31, 2020 Rs. 6,085.59 Lakhs] including cash and cash equivalents of Rs. 2,835.06 Lakhs [March 31, 2020 Rs. 2,716.41 Lakhs] investments in term deposits (i.e., bank certificates of deposit having original maturities of less than 3 months & more than 3 months and less than 12 months) of Rs. 11,516.00 Lakhs [March 31, 2020 Rs. 10,186.74 Lakhs].

Capital Management

The purpose of the Company's capital management is to maximise shareholder value. It includes issued capital and all other equity reserves. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirement of the financial covenants. The company monitors its Capital using TOL/TNW, which is calculated by Total outside Liability divided by Tangible Net Worth.

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited accompanying consolidated financial statements of **GOKUL AGRO RESOURCES LIMITED** ("the Company") (CIN: L15142GJ2014PLC080010) (hereinafter referred to as the 'Holding Company') and **MAURIGO PTE LTD.**, Singapore (wholly owned subsidiary company) and **RIYA INTERNATIONAL PTE LTD.**, Singapore (step-down subsidiary), (holding company and subsidiaries including step-down subsidiaries together referred to as "the Group") which comprise consolidated Balance Sheet as at 31st March 2021, and consolidated Statement of Profit and Loss, (including Other Comprehensive Income), the consolidated *Statement of Changes in Equity and consolidated Statement of Cash Flows for the year then ended*, and notes to the consolidated Financial Statements, including a summary of Significant Accounting Policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the Consolidated state of affairs of the Group as at March 31, 2021, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI"), together with the independence requirement that are relevant to our audit of the consolidated financial statements under the provisions of the Act and Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Information other than Consolidated Financial Statements and Auditor's Report Thereon

The company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including the Annexure to the Board's Report, Share Holder's Information etc., but does not include the consolidated financial statement and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this information; we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

For each matter below, our description of how our audit addressed the matter is provided in that context.

2	<p>Inventory:- The group has carrying value of inventory as at 31st March 2021 is Rs. 367.62 crore. The inventory is valued at the lower of cost and net realizable value. We considered the value of inventory as a key audit matter given the relative size of its balance in the financial statements and significant judgment involved in the consideration of factors in determination of selling prices such as fluctuation of raw materials prices in the market and in determination of net realizable value.</p>	<ul style="list-style-type: none"> - We understood and tested the design and operating effectiveness of controls as established by the management in determination of net realizable value of inventory. - Assessing the appropriateness of group company's accounting policy for valuation of stock-in-trade and compliance of the policy with the requirements of the prevailing Indian accounting standards. - We considered various factors including the actual selling price prevailing around and subsequent to the year-end. - Compared the cost of the finished goods with the estimated net realizable value and checked if the finished goods were recorded at net realizable value where the cost was higher than the net realizable value. <p>Based on the above procedures performed, the management's determination of the net realizable value of the inventory as at the year end and comparison with cost for valuation of inventory is considered to be reasonable.</p>
3	<p>Carrying Value of Trade Receivables and Advances:- The collectability of the Company's trade receivables and the valuation of allowance for impairment of trade receivables and provision for bad and doubtful debt require significant management judgment. As per the current assessment of the situation based on the Internal and external information available up to the date of approval of these financial results by the Board of Directors, the Company believes that the Impact of Covid-19 on its business, assets, internal financial controls, profitability and liquidity, both present and future, would be limited and there is no indication of any material impact on the carrying value. Management uses this information to determine whether a provision for impairment is required either for a specific transaction or for a customer's balance overall. Accordingly, it has been determined as a key audit matter.</p>	<ul style="list-style-type: none"> - We assessed a sample of trade receivables and advances. - We assessed the ageing of trade receivables and advances, the customer's historical payment patterns and whether any post year-end payments have been received up to the date of completing our audit procedures. - We also discussed with the management regarding any disputes between the parties involved, attempts by management to recover the amounts outstanding and on the credit status of significant counterparties wherever available. <p>In assessing the appropriateness of the overall provision for impairment, we considered the management's application of policy for recognizing provisions. We assessed the Company's provisioning policy and comparing the Company's provisioning against historical collection data. Considered the completeness and accuracy of the disclosures.</p>
4	<p>Assessment of Covid-19 and Its Impact:- In March 2020, the World Health Organization has declared Covid-19, a global pandemic. Consequent to this, Government of India declared a nation-wide lockdown and later on the same was lifted with some restrictions. The company remains watchful of the potential impact of Covid-19 pandemic, particularly the "second wave" on continuous basis in India.</p>	<ul style="list-style-type: none"> - The company has made assessment of impact of Covid-19 and its second wave on continuous basis. Emphasis of Matter

We draw your attention to the Note No. - 33 to the consolidated financial statements which explain the management's assessment of the financial impact due to the lock down and other restrictions related to Covid-19 pandemic. Our opinion is not modified in respect of this matter.

Responsibilities of Management and those charged with governance for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act, with respect to the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated change in equity and consolidated cash flows of the Group in accordance with the Ind AS and accounting principles generally accepted in India. The respective Board of directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective board of directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Respective board of directors of the companies included in group is responsible for overseeing the Group's financial reporting process of the group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As a part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- (a) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company and its subsidiary companies has adequate internal financial controls system in place and the operating effectiveness of such controls.
- (c) Evaluate the appropriateness of accounting policies used and reasonableness of accounting estimates and related disclosures made by management.
- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- (e) Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtained sufficient appropriate audit evidence regarding the financial information of the entities or business activity within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of such entities included in consolidated financial statements of which we are the independent auditors. For other entities included in consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of Subsidiary Companies, (i) Maurigo PTE Ltd, Singapore and (ii) Riya International Pte Ltd, Singapore, whose financial statements reflect total assets of 3,654.53 Lakhs and 33,250.73 Lakhs as at 31st March, 2021, total Revenues of 357.35 Lakhs and 2,17,814.10 Lakhs, total Profit After Tax Rs. 338.39 Lakhs and 666.14 Lakhs total Comprehensive Income of Rs. Nil and Nil and Net Cash outflow of Rs. 29.38 Lakhs and 31.05 Lakhs, respectively for Maurigo PTE Ltd. and Riya International PTE Ltd., the year ended on 31st March, 2021, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the act, based on our audit we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including other comprehensive income), and the consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2021 taken on record by the board of director of the Holding company, none of the directors of the Holding Company are disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure - A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the holding company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i) The group has pending litigation of Rs. 4.69 lakhs and 96.71 lakhs with respect to Value Added Tax for the financial year 2015-16 and 2016-17 respectively. The said litigation would not have any adverse impact on the financial position of the group.
 - ii) The *Group* did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - ii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding company.

Annexure - 'A'

"Annexure – A" to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Gokul Agro Resources Limited

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Gokul Agro Resources Limited** ("the Holding Company") as of March 31, 2021 in conjunction with our audit of the consolidated financial statements of the group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, has maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to a subsidiary company, which are companies incorporated outside India, is based on the corresponding reports of the auditors of such companies incorporated outside India.

Note: -32: Event Occurring After Balance Sheet

There is no significant subsequent event of the group companies that would require adjustments or disclosure in the financial statements as on the balance sheet date.

Note: -33: Assessment of Impact of Covid-19 Pandemic

In March 2020, the World Health Organization has declared Covid-19, a global pandemic. Consequent to this, Government of India declared a nation-wide lockdown and later on the same was lifted with some restrictions. The respective group company's management remains watchful of the potential impact of Covid-19 pandemic, particularly the "second wave" on continuous basis. The respective group company's management has continued to make the assessment of likely adverse impact on business and financial risks. As per current assessment, there are no significant impact on carrying amount of property, plant and equipments, inventories, goodwill, intangible assets, trade receivables, investments and other financial assets is expected, and the management is continue to monitor changes in future economic conditions.

Being a part of the essential commodity industry, the group companies were allowed to continue its operations/manufacturing activities of it's units with minimum labour and staff as suggested by Government from time to time, hence the group companies were able to manage the same at optimum level.

From the measure taken above, the respective group company's management believes that there is not much adverse impact on the business and financial risk on the group companies and believes that the impact is likely to be short term in nature. The respective group company's management does not see any medium to long term risk on the group company's ability to continue as a going concern and meeting its liabilities as and when they become due subject to the situation doesn't worsen from the current position of the pandemic.

Given the uncertainties associated with nature, condition and duration of covid-19 pandemic, the impact on the group company's financial statements will be continuously made and provided for as and when required. However, a definitive assessment of the impact in the subsequent period is highly dependent upon the circumstance they evolve.

Measurement of Fair Values:

Valuation techniques and significant unobservable inputs:

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

Note - 39: Financial Risk Management Objectives & Policies:

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The company's financial risk management policy is set by the Managing Board. The Company's principal financial liabilities, other than derivatives, comprise borrowings and trade & other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's principal financial assets include Investments, loans given, trade and other receivables and cash & short-term deposits that derive directly from its operations. Risk assessment and management of these policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities.

The company has exposure to the following risks arising from financial instruments: -

- (i) Market Risk
 - (a) Currency Risk
 - (b) Interest Rate Risk
 - (c) Commodity Risk
 - (d) Equity Risk
- (ii) Credit Risk and
- (iii) Liquidity Risk

Risk Management Framework

The Company's activities expose it to variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management is to minimize potential adverse effects of risk on its financial performance. The company's risk management assessment policies and processes are established to identify and analyze the risk faced by the company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management of these policies and processes are reviewed regularly to reflect changes in market conditions and the Company's Activity. The Board of Directors and Audit Committee are responsible for overseeing these policies and processes.

In order to minimize any adverse effects on the financial performance of the company, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency exposures. Derivatives are used exclusively for hedging purposes and not as trading/speculative instruments.

(i) Market Risk:-

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices, commodity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables and payables. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the returns.

(a) Currency Risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss of the company, where any transactions has more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risk primarily relates to fluctuations in U.S. dollar and Euro, against the respective functional currencies (INR) of Gokul Agro Resources Limited.

The company, as per its risk management policy, uses its foreign exchange and other derivative instruments primarily to hedge foreign exchange and interest rate exposure. The company does not use derivative financial instruments for trading or speculative purpose.

Exposure to Currency Risk

Refer Note no. 47 for foreign currency exposure as at March 31, 2021 and March 31, 2020 respectively.

Sensitivity Analysis:-

A 1% Increase/Decrease of the respective foreign currencies with respect to functional currency of company would result in increase or decrease in profit or loss as shown in the table below. The following analysis has been worked out based on the exposure as of the date of statement of financial position.

(Amt. in Lakhs ₹)

Currency	2020-21		2019-20	
	1% Increase	1% Decrease	1% Increase	1% Decrease
USD	215.47	-215.47	19.73	-19.73

(b) Interest Rate Risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to market risk for changes in interest rates relates to borrowings from financial institutions. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

(c) Commodity Risk

The prices of agricultural commodities are subject to wide fluctuations due to unpredictable factors such as weather, government policies, changes in global demand resulting from population growth and changes in standards of living and global production of similar and competitive crops. During its ordinary course of business, the value of the Company's open sales and purchases commitments and inventory of raw material changes continuously in line with movements in the prices of the underlying commodities. To the extent that its open sales and purchases commitments do not match at the end of each business day, the Company is subjected to price fluctuations in the commodities market.

While the Company is exposed to fluctuations in agricultural commodities prices, its policy is to minimise its risks arising from such fluctuations by hedging its sales either through direct purchases of a similar commodity or through futures contracts on the commodity exchanges.

In the course of hedging its sales either through direct purchases or through futures, the Company may also be exposed to the inherent risk associated with trading activities conducted by its personnel. The Company has in place a risk management system to manage such risk exposure.

(d) Equity Risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of some of the Company's investments in Fair value through profit and loss account, securities exposes the Company to equity price risks. In general, these securities are held for trading purposes. These investments are subject to changes in the market price of securities.

(ii) Credit Risk

Credit risk arises from the possibility that a customer or counter party may not be able to settle their contractual obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is significant increase in credit risk the company compares the risk of a default occurring and the asset at the reporting date with the risk of default as the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i. Actual or expected significant adverse changes in business.
- ii. Actual or expected significant changes in the operating results of the counterparty.
- iii. Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation.
- iv. Significant increase in credit risk on other financial instruments of the same counterparty.
- v. Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements.

A. Trade and Other Receivables: -

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

Total	55,833.76	37,930.35

The ageing analysis of these receivables (gross of provision) has been considered from the date of the Invoice.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

(iii) Liquidity Risk

Liquidity Risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company also constantly monitors various funding options available in the debt and capital markets with a view to maintaining financial flexibility.
