Actis-backed Sprng Energy wants to end 100-MW power purchase pact with SECI

ANUPAM CHATTERJEE New Delhi, May 28:

issued to SECI. Although the company, in its petition to the CERC, has not specified the project for which it wants to cancel the PPA, industry sources said the matter pertained to the 100 MW wind farm Sprng was to build in Dhar district of Madhya Pradesh. The company was issued the letter of award for the project in

June 2019 by SECI after it became one of the lowest bidders in the auction by quoting a tariff of ₹2.82/unit. SECI being the national aggregator of renewable energy, signs PPAs with winning developers in competitive auctions, and subsequently inks power supply agreements (PSAs) with states to supply electricity from these plants. SECI had entered into a PSA for Sprng's 100 MW capacity with Kerala in September 2019. The state electricity regulator of Kerala has not approved the procurement of this power, stating that it first wants to go through the terms of the PPA signed between SECI and Sprng. Kerala regulator not approving the PSA was identified as "one of the key uncontrollable issues" leading to Sprng's petition for cancelling the PPA. SECI had said in February 2020 the PPAs with the successful bidders of the related auction were yet to be executed. CERC has ordered Sprng to array the Kerala state electricity board as a party to the matter and the state discom will have to file its reply by June 17. In August 2020, ReNew Power had applied to CERC for cancelling the PPA for a 265 MW wind project signed with SECI, and in May 2020, Acme Solar also wanted the regulator to terminate its PPA with SECI for solar projects scheduled to sell electricity at ₹2.44/unit, which was the lowest-ever solar tariff discovered at that time.

'Recovery in energy demand to continue despite Covid-led blip'

PRESS TRUST OF INDIA New Delhi, May 28

INDIA RATINGS AND Research (Ind-Ra) on Friday said the recovery in energy demand would continue despite Covid-19-led temporary blip. Ind-Ra has published the May 2021 edition of its credit news digest on India's power sector. The report highlights the trends in the power sector, with a focus on capacity addition, generation, transmission, merchant power, deficit, regulatory changes and the recent rating actions by Ind-Ra. Ind-Ra estimates, as per a statement, the all-India energy demand would decline in May 2021 on a month-on-month basis, despite the peak summer season, and to remain below the pre-pandemic levels. This is on account of the continuation of Covid-led restrictions being imposed by certain states till May 31. With Covid cases peaking in May and announcements by certain states to open up from June, Ind-Ra expects energy demand to start recovering from June 2021. In the first 25 days of May, the all-India energy demand was 88.8 billion units (May 2020: 102.6 billion units; May 2019: 120.7 billion units). In April, the all-India energy demand was higher by 39.3% y-o-y at 118.4 billion units (March 2021: up 22.8%) due to the lower base effect and the early onset of summer contributing to the higher de-

UP not to raise power tariff

IN VIEW OF the Covid situation, the Uttar Pradesh government has decided not to increase the prices of electricity in the state. In a meeting with key officials, chief minister Yogi Adityanath directed them to ensure that there is no increase in electricity prices this year. "The chief minister has given a general direction that the electricity rates will not be increased. The matter is with the regulator at present. Once the regulator decides on it, the government will take a view on it," said a senior official of the government, who was present in the meeting.

Mamata seeks ₹20k cr relief package for cyclone-hit West Bengal

WEST BENGAL CM Mamata Banerjee on Friday sought a ₹20,000-crore relief package after submitting a report to PM Narendra Modi on damages caused by cyclone 'Yaas', even as she faced harsh criticism for skipping a longer review meet to assess the post-storm situation. Modi flew down to Odisha earlier in the day to review the post-cyclone situation, and then made his way to Bengal, where the storm wreaked havoc in the coastal districts. The state has incurred a loss of ₹20,000 crore due to the cyclone, Banerjee said. "We have sought a package of ₹10,000 crore each for the redevelopment of Digha and the Sunderbans... It could be well that we might not get anything," she told reporters in the tourist town of Digha, shortly after meeting Modi at Kalaikunda in Paschim Medinipur district. Banerjee, however, skipped the review meeting with the PM, where Governor Jagdeep Dhankhar, BJP's Nandigram MLA and leader of Opposition Suwendu Adhikari, and Raiganj MP Debasree Chaudhuri were also present.

PM reviews 'Yaas' damages, Odisha seeks long-term solutions

PRIME MINISTER NARENDRA Modi on Friday reviewed the post-cyclone situation and damages caused by cyclone 'Yaas' in the state at a meeting where Odisha government demanded long-term solutions to mitigate problems of repeated cyclones and provision of disaster resilient power systems. The state government sought no immediate funds to manage the expenditure incurred in disaster management, but stressed on long-term solutions to the problem as Odisha is frequently hit by major calamities like cyclones, Odisha's Special Relief Commissioner (SRC) P K Jena told reporters after the meeting. Immediately after the review meeting which continued for about an hour, attended by Odisha governor Ganeshi Lal, chief minister Naveen Patnaik, two Union ministers - Dharmendra Pradhan and Pratap Sarangi - and senior officials, the PM left for aerial survey of Balasore and Bdhakr in Odisha, on his way to West Bengal.

Table showing the EXTRACT OF AUDITED CONSOLIDATED FINANCIAL RESULTS for Arvind SmartSpaces Limited for the quarter and year ended 31st March 2021.

Notes: (1) These audited consolidated financial results of Arvind SmartSpaces Limited ("Holding Company") and its subsidiaries (together referred to as "Group") for quarter and year ended 31st March, 2021 have been reviewed by the Audit Committee and thereafter approved by the Board of Directors at their meeting held on 28th May, 2021. (2) The figures of the quarter ended on 31st March, 2021 and 31st March, 2020 are the balancing figures between audited figures in respect of the full financial year and the reviewed published year-to-date figures upto the quarter ended 31st December, 2020 and 31st December, 2019 respectively. (3) The Groups' business falls within single business segment of developing of commercial and residential units. Hence, disclosures under Ind AS 108 - Operating Segments are not reported separately. (4) The COVID-19 pandemic has disrupted various business operations due to lockdown and other emergency measures imposed by the governments. The operations of the Group were impacted briefly, due to shutdown of sites and offices following nationwide lockdown, as appearing in the results for the period and to that extent, numbers are not comparable. The Group continues with its operations in a phased manner in line with directives from the authorities. The Group has made detailed assessment of its liquidity positions and business operations and its possible effect on the carrying value of assets including that of the second wave. The Group does not expect significant impact on its operations and recoverability of value of its assets based on current indicators of future economic conditions. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the impact may be different from that estimated as at the date of approval of these financial results. The Group will continue to monitor any material changes to future economic condition and its impact, if any. (5) The standalone audited financial result for the quarter and year ended on 31st March, 2021 are summarized below:

Table showing the financial results for Arvind SmartSpaces Limited for the quarter and year ended 31st March 2021, including revenue, profit, and other comprehensive income.

The above is an extract of the detailed format of Quarterly and Yearly Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing and Other Disclosure Requirements) Regulations, 2015. The full format of the Quarterly and Yearly Financial Results are available on the Stock Exchange websites at www.bseindia.com and www.nseindia.com and on the company's website www.arvindsmartspace.com.
