Chairman's Speech

Dear Shareholders!

About a decade ago, at the inception of this wonderful journey called Globalspace, we'd started out with an intent to lead India's Digital Health-Care domain.

Back in our initial years, the digital health or health-tech market was incipient and hence we marched into trying our hand in other segments to bring sustainability to the organisation. However, we kept our passion by developing our tech solutions for the health sector. Coming to the present, Globalspace would probably be the only company to have a truly integrated digital health platform covering Doctors, Pharmacies, Pharma Distributors & Pharma sales persons.

Time has come for the manifestation of something we had envisaged ten years ago.

We have built 3 digital assets, viz;

- Docexa- It's a virtual clinic for the Doctors. The beta version of the product was launched in the mid of 2018 but we managed to get only 900 Doctors on the platform. The advent of covid changed the dynamics of this platform. Today we have more than 60 thousand Doctors on Docexa platform.

- Mediapp- It's an integrated platform connecting Pharma distributors with retailers, with more than 45 thousand retailers embracing this platform. We would be one of the largest Pharmacy networks in the country.
- Vodo- It's a CRM & CLM platform for pharmaceuticals sales representatives. We have some of the marquee Pharma companies as our esteemed clients.

The next step for Globalspace is to integrate all the three platforms to leverage the existing network and bring forth the unmatched expertise to our customers. We would transform into a unique platform which has the potential to redefine & bring positive disruption in entire health-tech space.

Our Ed-tech platform is evolving with rapid pace, we have already launched our automated coding learning platform and further our own DIY robotic kits are lined up for a launch soon. With new education policy introducing Coding as a compulsory subject amongst science and mathematics for grade 6th onwards, the ed-tech domain is set for an explosive growth. We have got a first-mover's advantage with Codingbee championship platform, with its second season in operation.

I am personally quite bullish on our future prospects with major upside in next 2 years. I sincerely hope that market would be able to discover true value of Globalspace concept.

Looking forward to support and endorsement from you all to make this journey a highly successful and rewarding one for each one of us.

Consequently, Clause V of the Memorandum of Association would also require alteration so as to reflect the changed Authorised Share Capital.

The proposal for increase in Authorised Share Capital and amendment of Memorandum of Association of the Company requires approval of members at an Annual General Meeting.

A copy of the Memorandum of Association of the Company duly amended will be available for inspection.

None of the Directors or Key Managerial Personnel of the Company or their respective relatives, are in any way concerned or interested, financially or otherwise in the said resolution. The consent of the members is, therefore, being sought for passing the aforesaid resolution of the notice as an Ordinary Resolution.

Item No. 7:

The Company with a view to diversify / expand the business of the Company proposes to launch the service of E-pharmacy considering the current market opportunities in the said business space.

Consequently, Clause IIIA of the Memorandum of Association (MOA) of the Company would also require alteration by insertion of an additional object clause to include the said business activity.

The said proposal of diversification of the business of the Company and amendment of Memorandum of Association of the Company requires approval of members at an Annual General Meeting through a Special Resolution.

A copy of the Memorandum of Association of the Company duly amended will be available for inspection.

None of the Directors or Key Managerial Personnel of the Company or their respective relatives, are in any way concerned or interested, financially or otherwise in the said resolution. The consent of the members is, therefore, being sought for passing the aforesaid resolution of the notice as an Ordinary Resolution.

ANNEXURE VI

CORPORATE GOVERNANCE REPORT

Pursuant to Regulation 15 of (Listing Obligations and Disclosures Requirements), 2015, the company hereby discloses the compliances to the best extent possible in this Corporate governance report, which shall be forming part of Annual report for the Financial year 2020-21.

In accordance with the provisions of the SEBI (Listing Obligations and Disclosures Requirements), 2015 (“Listing Regulations”) the report containing the details of Corporate governance systems and processes of the Company is as follows together with Auditor’s certificate annexed as Exhibit A to this Report, on compliance with the conditions of Corporate governance laid down are presented in the report on Corporate governance for the year ended March 31, 2021.

Corporate governance provides that a Company is directed in such a way that it performs efficiently and effectively, keeping in view the long term interest of the shareholders, while respecting Laws and regulations of land and contributing, as responsible corporate citizens to the national exchequers.

1. COMPANY’S PHILOSOPHY ON CODE OF GOVERNANCE:

Corporate Governance refers to system of practices and processes by which a company is directed, controlled and governed. Corporate Governance essentially involves balancing the interests of the many stakeholders and maximize the value for all stakeholders which predominantly includes its shareholders, management, customers, suppliers, financiers, Government and the community. Good corporate governance helps to build an environment of trust, transparency and accountability necessary for fostering long term investment, financial stability and business integrity, thereby supporting stronger growth for the company to fulfill its goals and objectives.

Corporate Governance for the Company comprises of processes and principles conforming to the highest standards which are reviewed periodically to ensure their continuing relevance, effectiveness and responsiveness for all stakeholders. The Company constantly strives to generate long term value and trust for its stakeholders.

The Company ensures regular dissemination of information to the Board of Directors of the Company (“Board”) to ensure effective oversight of the Company’s business activities. The Board reviews corporate policies, overall performance, accounting and reporting standards and other significant areas of management, corporate governance and regulatory compliance. The Company’s philosophy on Corporate Governance envisages the attainment of highest levels of transparency, accountability and equity, in all facets of its operations and in all interactions with its stakeholders, including shareholders, employees, the government, lenders and the society.

Our Governance philosophy is based on the following:-

- Management is the trustee of the Shareholders capital and not the owner.
- Provide an enabling environment to harmonize the goals of maximizing stakeholder value and maintaining a customer centric focus.
- Have a simple and transparent corporate structure driven solely by business needs.
- Communicate externally, in a truthful manner, about how the Company is running internally.
- Make clear distinction between personal convenience and corporate resources.
- Be transparent and maintain high degree of disclosure levels in all facets of its operations.
- Satisfy the spirit of the law and not just the letter of the law.

The Company’s philosophy on Corporate Governance is thus concerned with the ethics, values and morals of the Company and its directors, who are expected to act in the best interests of the Company and remain accountable to shareholders and other beneficiaries for their action.

CORNERSTONES OF CORPORATE GOVERNANCE AT GLOBALSPACE TECHNOLOGIES LIMITED:

Your Company follows Corporate Governance practices around the following philosophical cornerstones:

Generative transparency and openness in information sharing

Company believes that sharing and explaining all the relevant information on the Company’s policies and actions to all those to whom it has responsibilities, with transparency and openness, generates an ambience which helps all the stakeholders to take informed decisions about the Company. This reflects externally in making maximum appropriate disclosures without jeopardizing

the Company's strategic interests as also internally in the Company's relationship with its employees and in the conduct of its business.

Transparency and openness is an organizational value and is practiced in action across levels at "Globalspace Technologies Limited". The Chairman as well as the MD & CEO share the strategic direction the organization is taking and also reinforce the mission and vision.

The Company announces its financial results every quarter, usually within 40 days from the end of the quarter. Apart from disclosing these in a timely manner to the Stock Exchanges, the Company also hosts the results on its website together with a detailed information update and media release discussing the results. The financial results are published in leading newspapers. The Company also sends an email update to the Members who have registered their email addresses with the Company.

The Board has also adopted a comprehensive Policy for Determination of Materiality of Event or Information in accordance with Regulation 30 of the SEBI Regulations and the Company makes prompt disclosures to the Stock Exchanges where the shares of the Company are listed regarding material events/ information so as to keep the Stakeholders apprised and enable them to make informed decisions.

Constructive separation of Ownership and Management

Company's philosophy to have constructive separation of the Management of the Company from its Owners manifests itself in the composition of the Board of Directors wherein the office of Chairman of the Board and Managing Director & CEO are held by distinct individuals. The Board comprises of 6 Directors, out of which are Independent Director constituting half of the Board strength, One Non-Executive Non-Independent Directors and Two Executive Director. The Independent Directors ensure protection of interests of all the stakeholders of the Company. The Board includes two Woman Director. The Board does not consist of representatives of creditors or banks. The Board composition attempts at maximizing the effectiveness of both, Ownership and Management by sharpening their respective accountability.

The participation of the Senior Management Personnel is ensured at Board and/or Committee meetings so that the Board/Committees can seek and get explanations as required from them.

Accountability:

The Board plays a supervisory role rather than an executive role. The members of the Board provide constructive critique on the strategic business plans and operations of the Company. Mr. Krishna Murari Singh, Managing Director, continues to head the Company's business and is responsible for its day-to-day management and operations and reports to the Board.

Responsibility:

The Company has put in place various mechanisms and policies to ensure orderly and smooth functioning of operations and also defined measures in case of transgressions by members.

The Company has integrated its internal regulations relating to these mechanisms, into a Unified Code of Conduct. In order to ensure that such Code of Conduct reflects the changing environment, both social and regulatory, given the increasing size and complexity of the business and the human resources deployed in them, the NRC reviews the Unified Code of Conduct document periodically.

The Company's Unified Code of Conduct is applicable to all members viz the employees (whether permanent or not), and the Members of the Board and Associates (in some cases). The Unified Code of Conduct prescribes the guiding principles of conduct of the members to promote ethical conduct in accordance with the stated values of Company and also to meet statutory requirements. The Whistle Blower Policy for all the stakeholders is embedded in the Unified Code of Conduct. The Code also covers our associates who partner us in our organizational objectives and customers for whom we exist.

Fairness

All actions taken are arrived at after considering the impact on the interests of all shareholders including minority shareholders. All shareholders have equal rights and can convene general meetings, if they feel the need to do so, in accordance with the provisions of the Act. Investor Relations is given due priority. Full disclosures are made in the general meeting for all matters. Notices of the general meetings are comprehensive and the presentations made at the meetings are informative. The Board is remunerated commensurately with the growth in the Company's profits.

Your Company is an equal opportunity employer and promotes diversity and inclusion in its workforce, in terms of skills, ethnicity, nationalities and gender

Social Awareness:

The Company has an explicit policy emphasizing ethical behavior. It follows a strict policy of not employing any minor. The Company believes in gender equality and does not practice any type of discrimination. All policies are free of bias and discrimination.

Environmental responsibility is given high importance and measures have been taken at all locations to ensure that members are educated and equipped to discharge their responsibilities in ensuring protection of the environment.

Value-adding Checks & Balances:

Company relies on a robust structure with value adding checks and balances designed to:

- prevent misuse of authority;
- facilitate timely response to change and
- ensure effective management of risks, especially those relating to statutory compliance.

At the same time, the structure provides scope for adequate executive freedom, so that bureaucracies do not take value away from the Governance Objective.

Checks & Balances:

- All Directors are provided with complete information relating to the operations and Company finances to enable them to participate effectively in the Board discussions.

Proceedings of Board are logically segregated and matters are delegated to Committees as under:

- Audit Committee covers approval to related party transactions, review of internal controls and audit systems, oversight on risk management systems, financial reporting, compliance issues and vigil mechanism, appointment and remuneration to various auditors of the Company and their scope,
- The NRC approves remuneration of the Directors, Key Managerial Personnel and Senior Management Personnel. The NRC is also entrusted with the responsibility of framing the criteria for evaluation of the individual Directors, Chairperson of the Board, the Board as a whole and the Committees of the Board
- Vigil Mechanism and Code of Conduct cases are discussed and reviewed in detail by the Audit Committee jointly with the NRC. The Audit Committee reviews the effectiveness of this process to ensure that there is an environment that is conducive to escalation of issues, if any, in the system.
- Stakeholders' Relationship Committee specifically looks into various aspects of interest of the shareholders.
- Each Non-Executive Director brings value through his or her specialization.
- Other Directorships held by Directors are within the ceiling limits specified.

The Non-Executive Directors add substantial value to the Company through their contribution to the Management of the Company and thereby they safeguard the interests of the stakeholders at large by playing an appropriate control role. Non-Executive Directors bring in their vast experience and expertise to bear on the deliberations at the Board and its Committees. Although the Non-Executive Directors would contribute to Globalspace Technologies Limited in several ways, including advising the Managing Director & CEO and the Senior Managerial Personnel outside the Board/Committee meetings, the bulk of their measurable inputs come in the form of their contribution at Board/Committee meetings.

The Company, therefore has a structure for remuneration to Non-Executive Directors, based on certain financial parameters like the performance of the Company, its market capitalization, etc., industry benchmarks, role of the Director and such other relevant factors.

➤ **Sitting Fees:**

In respect of the financial year 2020-21 the sitting fees paid/payable to the Non-Executive Directors are as detailed below:

Name	Total sitting fees paid during the Financial Year 2020-21
Mrs. Beauty Krishna Murari Singh	₹ 2,40,000/-
Mr. M V Subramanian	₹ 3,60,000/-
Mr. Venkatesh S. Vastare	₹ 3,20,000/-
Ms. Radhika Jhawar	NIL
Ms. Charu Golash	₹ 20,000/-

➤ **Commission:**

Under the Companies Act, 2013, Section 197 allows a company to pay remuneration to its NEDs either by way of a monthly payment or at a specified percentage of the net profits of the company or partly by one way and partly by the other. Further, the section also states that where the company has managing director or whole-time director or manager, then a maximum of 1% of its net profits can be paid as remuneration to its Non-Executive Director. In case there is no managing director or whole-time director or manager, then a maximum of 3% of net profit can be paid. Thus, the basis of payment to the Non-Executive Director is the net profit of the Company. Currently the Company is not paying Commission to its Non-Executive Director.

➤ **Reimbursement of actual expenses incurred:**

Non-Executive Director may also be paid / reimbursed such sums either as fixed allowance and /or actual as fair compensation for travel, boarding and lodging and incidental and /or actual out of pocket expenses incurred by such member for attending Board/Committee Meetings or for Company's work.

➤ **Payment and other consideration to independent directors:**

An independent director shall not be entitled to any stock option and may receive remuneration only by way of fees and reimbursement of expenses for participation in meetings of the Board or committee thereof and profit related commission up to a certain percentage of net profits in such proportion, as may be permissible under the applicable law.

➤ **Pecuniary relationship or transactions of the Non-Executive Directors vis-à-vis the listed entity:**

There is no pecuniary or business relationship between the Non-Executive/Independent Directors and the Company, except for the sitting fees for attending meetings of the Board / Committees thereof and commission payable to them annually.

 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (Not applicable to the Company during the Audit Period) and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 (Not applicable to the Company during the Audit Period).

(vi) As identified, no law is specifically applicable to the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The composition of the Board of Directors during the period under review was in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out either unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

INDEPENDENT AUDITORS' REPORT

To
The members of,
Globalspace Technologies Limited
(formerly Globalspace Tech Private Limited
formerly Globalspace Technologies Private Limited)

Report on the audit of the Standalone financial statements**Opinion**

We have audited the standalone financial statements of Globalspace Technologies Limited ('the Company') which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report 2020-21, but does not include the Standalone financial statements and our auditor's report thereon.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act as amended. This responsibility also includes maintenance of adequate accounting records

in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure A' a statement on the matters specified in

paragraphs 3 and 4 of the Order, to the extent applicable.

As required by section 143 (3) of the Act, we report that:

We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income) the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with respect to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position other than as disclosed in Note 37 of the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE-B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF GLOBALSPACE TECHNOLOGIES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Globalspace Technologies Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (GNAIFC) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the GNAIFC and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI.

Those Standards and the GNAIFC require that, we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgments, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that, the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the GNAIFC issued by the ICAI.

Notes to the Standalone Financial statements

1 Corporate Information:

Globalspace Technologies (the 'Company') was converted to a public limited company on November 14, 2016 and was incorporated as a private limited company in Mumbai, India on December 22, 2010 under the 'Companies Act, 1956'. The Company's business activity is that of providing technology enabled business enhancement solutions. As part of its business activities, the Company has formed a wholly owned subsidiary. The Company made an initial public offer ('IPO') in India in August, 2017 and its shares are listed on the BSE Limited.

2 Significant accounting policies:

a Basis of accounting and preparation of Financial Statements:

Compliance with Indian Accounting Standards (Ind AS):

- a) These Standalone Ind AS Financial Statements ("Financial Statements") of the Company, have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards ("Ind AS") as notified under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and accounting principles generally accepted in India. These financial statements were authorized for issue by the Company's Board of Directors on June 29, 2021.

Functional and Presentation Currency:

These financial statements are presented in Indian rupees, which is the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest rupee, except otherwise indicated.

Basis of measurement:

These Financial statements are prepared under the historical cost convention unless otherwise indicated.

b Revenue Recognition:

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are and net of returns, trade allowances, rebates, value added taxes and Goods and Service Tax.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

- i) Sale of goods: Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Revenue is measured net of returns, trade discounts and volume rebates. The timing of the transfer of risks and rewards varies depending on the individual terms of the sales contract.

- ii) Rendering of services : In contracts involving rendering of services, revenue is recognised in profit or loss in the proportion of the stage of completion of the transaction at the reporting date and are measured net of sales tax, works contract tax, service tax and Goods and Service Tax.

- iii) Interest income

Interest income from debt instruments is recognised using the EIR method or proportionate basis. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While calculating the effective interest rate, the Company estimated the expected cash flows by considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options but does not consider the expected credit losses).

c Property, Plant and Equipment, Depreciation and Impairment:

i) Property, Plant and Equipment:

Property, plant and equipment are measured at cost / deemed cost, less accumulated depreciation and impairment losses, if any. Cost of Property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the asset to its working condition for its intended use and estimated attributable costs of dismantling and removing the asset and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Any gain or loss on disposal of an item of property, plant and equipment is recognised in Statement of Profit and Loss.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use / disposed of

The Company has elected to use the exemption available under Ind AS 101 to continue the carrying value for all of its Property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and used that as its deemed cost as at the date of transition (April 01, 2018).

ii) **Depreciation:**

Depreciation on Property, Plant and Equipment has been provided on written down value basis and manner prescribed in Schedule II to the Act.

iii) **Intangible Assets:**

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on written down value basis over a period of five years.

The Company has elected to continue with the carrying value of all its intangible assets as recognised in the standalone financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the transition date pursuant to the exemption under Ind AS 101.

iv) **Intangible assets under development:**

Expenditure incurred for intangible assets during development stage are included under intangible assets under development and later allocated to the respective intangible asset on completion of the development stage.

d Impairment of Assets:

i) **Financial assets:**

In accordance with Ind-AS 109, the Company applies Expected Credit Loss ("ECL") model for measurement and recognition of impairment loss on the financial assets measured at amortised cost and debt instruments measured at FVOCI. Loss allowances on trade receivables are measured following the 'simplified approach' at an amount equal to the lifetime ECL at each reporting date. In respect of other financial assets, the loss allowance is measured at 12 month ECL only if there is no significant deterioration in the credit risk since initial recognition of the asset or asset is determined to have a low credit risk at the reporting date. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in Statement of Profit and Loss.

ii) **Non-financial assets:**

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment if any indication of impairment exists.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). The impairment loss is recognised as an expense in the Statement of Profit and Loss.

e Investment in subsidiary:

Investment in subsidiary is carried at cost in the separate financial statements. Investment carried at cost is tested for impairment as per IND AS 36.

f Inventories:

Traded goods are valued at lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a FIFO basis.

Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

g Employee Benefits:

i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss. The obligations are presented as current liabilities in the Balance Sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund.

Defined Benefit Plans - Gratuity obligations

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee Benefit expense in the Statement of Profit and Loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income they are included in retained earnings in the Statement of changes in equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

Defined contribution plan

The Company pays provident fund and ESIC contributions to publicly administered provident funds / ESIC as per local regulations. The Company has no further payment obligations once The contributions have been paid. The contributions are accounted for as Defined contribution Plans and The contributions are recognised as employee Benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

h Leases (where the Company is a lessee):

At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease. At the inception or on reassessment of an arrangement that contains a lease, the Company separates payments and other consideration required by the arrangement into those for the lease and those for the other elements on the basis of their relative fair values.

Leases of property, plant and equipment where the Company, as lessee, in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the Statement of Profit and Loss as per the terms of the lease or on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

i Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the Statement of Profit and Loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

j Borrowing Costs:

Borrowing costs consist of interest and transactions costs incurred in connection with the borrowing of funds. Borrowing costs may include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use) are capitalized as a part of the cost of such assets. All other borrowing costs are charged to the Statement of Profit and Loss.

k Foreign Currency Transactions / Translations:

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in Statement of Profit and Loss as either profit or loss. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity's net investment in that foreign operation.

Foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other income and expenses accordingly.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the Statement of Profit and Loss. For example, translation differences on nonmonetary assets and liabilities such as equity instruments held at fair value through profit or loss are included in net profit in the Statement of Profit and Loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as Fair Value through Other Comprehensive Income ("FVOCI") are recognised in other comprehensive income ("OCI").

l Taxes on Income:

Income tax expense comprises current tax and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates items recognised directly in equity or in OCI.

The income tax expense or credit for the period is tax payable on the current year's taxable income based on the

applicable income tax rate adjusted by change in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date. Current tax comprises of expected tax payable or receivable on taxable income/loss for the year or any adjustment or receivable in respect of previous year. Management periodically evaluates position taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amount expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting date and are expected to apply to the Company when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits (Minimum alternate tax credit entitlement) only if it is probable that future taxable amounts will be available to utilise those temporary differences, unused losses and unused tax credits. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable or no longer probable respectively that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

m Earnings Per Share

- (i) Basic earnings per share - Basic earnings per share is calculated by dividing:- the profit attributable to owners of the Company;- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.
- (ii) Diluted earnings per share - Diluted earnings per share is calculated by dividing:- the net profit or loss after tax for the year attributable to owners of the Company, and- the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n Provisions:

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

o Contingent Liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

p Cash and cash equivalents:

Cash and cash equivalents in the Balance Sheet include cash on hand, cheques on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and overdrawn bank balances.

Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

q Financial instruments:

a. Financial Liabilities

Initial recognition and measurement:

Financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss, transaction costs that are directly attributable to its acquisition or issue.

Subsequent measurement:

Financial liabilities are subsequently carried at fair value through profit and loss. For trade payables and other liabilities maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Financial Assets

Initial recognition and measurement

Trade Receivables are initially recognised when they are originated. All other financial assets are initially recognised when the Company becomes a party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortised cost, fair value through OCI or fair value through profit and loss.

i) Financial assets amortised at cost

A financial asset is subsequently measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely consisting payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income:

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss:

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Equity investments

All equity investments within the scope of Ind-AS 109 are measured at fair value. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the Company decides to classify the same either as FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments classified as FVOCI, all fair value changes on the instrument, excluding dividends, are recognized in OCI. Dividends on such equity instruments are recognised in the Statement of Profit or Loss.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. Dividends on such equity instruments are recognised in the Statement of Profit or Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when the rights to receive cash flows from the asset have expired, or the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement; and either:- the Company has transferred substantially all the risks and rewards of the asset, or- the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset. On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognised in the Statement of Profit and Loss. Gains and losses in respect of debt instruments measured at FVOCI and that are accumulated in OCI are reclassified to profit or loss on de-recognition. Gains or losses on equity instruments measured at FVOCI that are recognised and accumulated in OCI are not reclassified to profit or loss on de-recognition.

r Current–non-current classification:

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the company’s normal operating cycle;
- b) it is held primarily for the purpose of trade;
- c) it is expected to be realised on demand or within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the company’s normal operating cycle;
- b) it is held primarily for the purpose of trade;
- c) it is due to be settled in demand or within 12 months after the reporting date; or
- d) there is no unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

s Operating cycle:

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

ii) Defined Benefits Plans

Gratuity:

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The fair value of the plan assets of the trust administered by the Company, is deducted from the gross obligation.

The following table sets forth the status of the gratuity plan of the Company, and the amounts recognized in the Balance sheet and Statement of profit and loss.

Funding:

The liability for gratuity is not funded by the Company.

Actuarial assumption

Principal actuarial assumption used to determine net periodic benefit cost and benefit obligation at the reporting dates :

Particulars	As at March 31, 2021 (Rs.)	As at 31, March 2020 (Rs.)	As at 31, March 2019 (Rs.)
Discount Rate (p.a.)	6.69%	6.83%	7.63%
Salary escalation rate (p.a.)	5.00%	5.00%	5.00%
Expected rate of return on assets	7.57%	7.57%	NA
Attrition rate	10.00%	10.00%	1%

	Indian Assured Lives Mortality (2012-14)	Indian Assured Lives Mortality (2012-14)	Indian Assured Lives Mortality (2012-14)
Mortality rate during employment			
Mortality rate after employment	NA	NA	NA

Notes :

Salary escalation rate:

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Discount rate:

The discount rate is based on the prevailing market yields of Indian government securities for the estimated term of the obligations. Assumptions regarding future mortality experience are set in accordance with the statistics published by the Life Insurance Corporation of India. The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled. There has been significant change in expected rate of return on assets due to change in the market scenario.

Sensitivity analysis :

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligations by the amounts shown below;

Particulars	For the Year Ended Marh 31, 2021	For the Year Ended Marh 31, 2020
Projected Benefit Obligation on Current Assumptions		
Discount Rate: 1% increase	1,027,238	2,452,110
Discount Rate: 1% decrease	1,365,309	3,393,416
Future salary growth: 1% increase	1,018,528	3,302,488
Future salary growth: 1% decrease	1,206,013	2,529,489
Change in Rate of Employee Turnover : 1% Increase	1,206,013	2,983,565
Change in Rate of Employee Turnover : 1% Decrease	1,149,164	2,739,305

iii) Compensated absences

The Company accrues for the compensated absences, a long term employee benefit plan based on the entire available leave balance standing to the credit of the employees at year end. The value of such leave balance eligible for carry forward, is determined by actuarial valuation as at the Balance sheet date and is charged to Statement of profit and loss in the period determined. The provision as at balance sheet dates are as follows:

Particulars	As at March 31, 2021 (Rs.)	As at March 31, 2020 (Rs.)	As at March 31, 2019 (Rs.)
Compensated absences liability	1,113,197	1,351,633	1,287,662

Actuarial assumption

Particulars	As at March 31, 2021 (Rs.)	As at March 31, 2020 (Rs.)	As at March 31, 2019 (Rs.)

43 Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced of liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalent, bank balances other than cash and cash equivalent, trade receivables, trade payables, other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

44 Financial risk management objectives and policies

The Company has exposure to the following risks arising from financial instruments :

- Credit risk;
- Liquidity risk; and
- Market risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework who is also responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Company, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The board of directors oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk that company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- ii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increases in credit risk on other financial instruments of the same counterparty, Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor/borrower failing to engage in a repayment plan with the Company. Where receivables/loans have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in statement of profit and loss.

Trade and other receivables

“The Company’s exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. Credit terms are in line with industry trends.”

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows :

Particulars	As at March 31, 2021 (Rs.)	As at March 31, 2020 (Rs.)	As at March 31, 2019 (Rs.)
Less than 180 days	85,046,696	73,007,691	87,269,265

Expected credit loss assessment for customers as at March 31, 2019, March 31, 2020 and March 31, 2021

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue. The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows.

Particular	Rs.
Balance as at April 01, 2019	1,239,349
Impairment loss recognised	13,995
Balance as at March 31, 2020	1,253,344
Impairment loss recognised	252,427
Balance as at March 31, 2021	1,505,771

Cash and bank balance

The Company held cash and bank balance with credit worthy banks and financial institutions of ₹ 2,23,90,450, ₹ 1,168,035 and ₹ 42,64,530 as at March 31, 2021, March 31, 2020 and March 31, 2019, respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time. The board of directors are responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the board of directors. Management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

Particulars	As at March 31, 2021		As at March 31, 2020		As at March 31, 2019

Trade payables	8,978,917	-	7,132,471	-	18,648,274	-

Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables and payables. The Company market risk is managed by the board of directors which evaluates and exercises independent control over the entire process of market risk management. It also recommends risk management objectives and policies and also management of cash resources, implementing hedging strategies for foreign currency exposures and ensuring compliance with market risk limits and policies.

a) Foreign currency risk

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk mainly in US dollar currency.

Foreign Currency Exposure

Foreign currency exposure	Currency	As at March 31, 2021	As at March 31, 2020	As at March 31, 2019
Trade payable	USD	-	-	40,000
Foreign currency sensitivity				
The table below demonstrates sensitivity on profit after tax and total equity due to change in foreign exchange rates of currencies where it has significant exposure :

	1% increase	1% Decrease	1% increase	1% Decrease
Increase / (decrease) in profit and loss	-	-	(27,658)	27,658

b) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing borrowings is as follows:

Particulars	As at March 31, 2021	As at March 31, 2020	As at March 31, 2019
Floating rate borrowings	12,165,554	13,806,000	15,381,000

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of other auditors on separate financial statements and on the other financial information of the subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2021, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules hereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report 2020-21, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and, consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements and other financial information, in respect of the subsidiary whose Ind As financial statements include total assets of Rs. 4,87,04,814 as at March 31, 2021, total revenues of Rs. 2,05,98,953, total net profit after tax of Rs. 87,612 and total comprehensive income of Rs.18,88,779 and net cash inflows of (Rs3,52,226) for the year ended on that date. These Ind As financial statements and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report of such other auditors.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

- (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and report of the other auditor;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including the Statement of Other Comprehensive Income) and the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2021 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary company none of the directors of the Group's companies is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated financial statements of the Holding Company, refer to our separate Report in "Annexure 1" to this report;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid / provided by the Holding Company to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations

given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiary, as noted in the 'Other matter' paragraph:

- i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group in its consolidated financial statements – Refer Note 36 to the consolidated financial statements;
- ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2021;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

**Annexure 1 to the Auditors' Report
(to The Independent Auditor's Report of even date on the Consolidated Financial Statements of
Globalspace Technologies Limited)**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of Globalspace Technologies Limited (hereinafter referred to as "the Holding Company") and its subsidiary company as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (GNAIFC) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the GNAIFC and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI.

Those Standards and the GNAIFC require that, we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgments, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that, the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company and its subsidiary company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the GNAIFC issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to its subsidiary company is based on the corresponding reports of the auditors of such company. Our opinion is not qualified in respect of this matter.

Notes to the Consolidated Financial statements as at March 31, 2020

1 Corporate Information:

Globalspace Technologies (the 'Company') was converted to a public limited company on November 14, 2016 and was incorporated as a private limited company in Mumbai, India on December 22, 2010 under the 'Companies Act, 1956'. The Company's business activity is that of providing technology enabled business enhancement solutions. As part of its business activities, the Company has formed a wholly owned subsidiary. The Company made an initial public offer ('IPO') in India in August, 2017 and its shares are listed on the BSE Limited.

2 Significant accounting policies:

a Basis of accounting and preparation of Financial Statements:

Compliance with Indian Accounting Standards (Ind AS):

- a) These Consolidated Ind AS Financial Statements ("Consolidated Financial Statements") of the Company and its subsidiary ("the Group"), have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards ("Ind AS") read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and accounting principles generally accepted in India. These consolidated financial statements were authorized for issue by the Company's Board of Directors on June 29, 2021.
- b) These Consolidated Financial Statements are the first Consolidated Financial Statements prepared in accordance with Indian Accounting Standards (Ind AS). For all periods upto and including the year ended March 31, 2019, the Group reported its Consolidated Financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013, read together with relevant rules framed there under ("Indian GAAP"). The Consolidated Financial Statements for the year ended March 31, 2019 and the opening Balance Sheet as at April 1, 2018 (for the holding company) have been restated in accordance with Ind AS for comparative information. Reconciliations and explanations of the effect of the transition from IGAAP to Ind AS on the Group's Balance Sheet, Statement of Profit and Loss and Statement of Cash Flows are provided in note 43.

Functional and Presentation Currency

These consolidated financial statements are presented in Indian rupees, which is the functional currency of the parent Company. All financial information presented in Indian rupees has been rounded to the nearest rupee, except otherwise indicated.

Basis of measurement

These Consolidated Financial statements are prepared under the historical cost convention unless otherwise indicated.

B Basis of consolidation:

i) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of a subsidiary are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

ii) Non-controlling interests (NCI)

The non-controlling interests comprise the portion of equity of subsidiaries that are not owned, directly or indirectly, by the Group.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

iii) Loss of control

When a Group loses control over a subsidiary, it derecognises the assets and the liabilities of the subsidiaries, and any NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date that control is lost. Any resulting gain or loss is recognised in statement of profit and loss.

iv) Transactions eliminated on consolidation

Intra-group balance and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

b Revenue Recognition:

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are and net of returns, trade allowances, rebates, value added taxes and Goods and Service Tax.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

- i) Sale of goods: Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Revenue is measured net of returns, trade discounts and volume rebates. The timing of the transfer of risks and rewards varies depending on the individual terms of the sales contract.
- ii) Rendering of services : In contracts involving rendering of services, revenue is recognised in profit or loss in the proportion of the stage of completion of the transaction at the reporting date and are measured net of sales tax, works contract tax, service tax and Goods and Service Tax.
- iii) Interest income : Interest income from debt instruments is recognised using the EIR method or proportionate basis. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While calculating the effective interest rate, the Company estimated the expected cash flows by considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options but does not consider the expected credit losses).

c Property, Plant and Equipment, Depreciation and Impairment:

i) Property, Plant and Equipment:

Property, plant and equipment are measured at cost / deemed cost, less accumulated depreciation and impairment losses, if any. Cost of Property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the asset to its working condition for its intended use and estimated attributable costs of dismantling and removing the asset and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Any gain or loss on disposal of an item of property, plant and equipment is recognised in Statement of Profit and Loss.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use / disposed of.

The Company has elected to use the exemption available under Ind AS 101 to continue the carrying value for all of its Property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and used that as its deemed cost as at the date of transition (April 01, 2018).

ii) Depreciation:

Depreciation on Property, Plant and Equipment has been provided on written down value basis and manner prescribed in Schedule II to the Act.

iii) Intangible Assets:

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on written down value basis over a period of five years.

The Company has elected to continue with the carrying value of all its intangible assets as recognised in the standalone financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as the deemed cost as at the transition date pursuant to the exemption under Ind AS 101.

iv) Intangible assets under development:

Expenditure incurred for intangible assets during development stage are included under intangible assets under development and later allocated to the respective intangible asset on completion of the development stage.

d Impairment of Assets:

i) Financial assets:

In accordance with Ind-AS 109, the Company applies Expected Credit Loss ("ECL") model for measurement and recognition of impairment loss on the financial assets measured at amortised cost and debt instruments measured at FVOCI. Loss allowances on trade receivables are measured following the 'simplified approach' at an amount equal to the lifetime ECL at each reporting date. In respect of other financial assets, the loss allowance is measured at 12 month ECL only if there is no significant deterioration in the credit risk since initial recognition of the asset or asset is determined to have a low credit risk at the reporting date. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in Statement of Profit and Loss.

ii) Non-financial assets:

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment if any indication of impairment exists.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). The impairment loss is recognised as an expense in the Statement of Profit and Loss.

e Investment in subsidiary:

Investment in subsidiary is carried at cost in the separate financial statements. Investment carried at cost is tested for impairment as per IND AS 36.

f Inventories:

Traded goods are valued at lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a FIFO basis.

Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

g Employee Benefits:

i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss. The obligations are presented as current liabilities in the Balance Sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund.

Defined Benefit Plans - Gratuity obligations

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee Benefit expense in the Statement of Profit and Loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income they are included in retained earnings in the Statement of changes in equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.- Defined contribution plan The Company pays provident fund and ESIC contributions to publicly administered provident funds / ESIC as per local regulations. The Company has no further payment obligations once The contributions have been paid. The contributions are accounted for as Defined contribution Plans and The contributions are recognised as employee Benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

h Leases (where the Company is a lessee):

At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease. At the inception or on reassessment of an arrangement that contains a lease, the Company separates payments and other consideration required by the arrangement into those for the lease and those for the other elements on the basis of their relative fair values.

Leases of property, plant and equipment where the Company, as lessee, in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the Statement of Profit and Loss as per the terms of the lease or on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

i Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been

extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the Statement of Profit and Loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

j Borrowing Costs:

Borrowing costs consist of interest and transactions costs incurred in connection with the borrowing of funds. Borrowing costs may include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use) are capitalized as a part of the cost of such assets. All other borrowing costs are charged to the Statement of Profit and Loss.

k Foreign Currency Transactions / Translations:

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in Statement of Profit and Loss as either profit or loss. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity's net investment in that foreign operation.

Foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other income and expenses accordingly.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the Statement of Profit and Loss. For example, translation differences on nonmonetary assets and liabilities such as equity instruments held at fair value through profit or loss are included in net profit in the Statement of Profit and Loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as Fair Value through Other Comprehensive Income ("FVOCI") are recognised in other comprehensive income ("OCI").

l Taxes on Income:

Income tax expense comprises current tax and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates items recognised directly in equity or in OCI.

The income tax expense or credit for the period is tax payable on the current year's taxable income based on the applicable income tax rate adjusted by change in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date. Current tax comprises of expected tax payable or receivable on taxable income/loss for the year or any adjustment or receivable in respect of previous year. Management periodically evaluates position taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amount expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting date and are expected to apply to the Company when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits (Minimum alternate tax credit entitlement) only if it is probable that future taxable amounts will be available to utilise those temporary differences, unused losses and unused tax credits. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable or no longer probable respectively that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities

are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

m Earnings Per Share

- (i) Basic earnings per share : Basic earnings per share is calculated by dividing:- the profit attributable to owners of the Company;- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.
- (ii) Diluted earnings per share : Diluted earnings per share is calculated by dividing:- the net profit or loss after tax for the year attributable to owners of the Company , and- the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares

n Provisions:

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

o Contingent Liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

p Cash and cash equivalents:

Cash and cash equivalents in the Balance Sheet include cash on hand, cheques on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and overdrawn bank balances.

Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

q Financial instruments:

a. Financial Liabilities

Initial recognition and measurement:

Financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss, transaction costs that are directly attributable to its acquisition or issue.

Subsequent measurement:

Financial liabilities are subsequently carried at fair value through profit and loss. For trade payables and other liabilities maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms,

or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

b. Financial Assets

Initial recognition and measurement

Trade Receivables are initially recognised when they are originated. All other financial assets are initially recognised when the Company becomes a party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortised cost, fair value through OCI or fair value through profit and loss.

i) Financial assets amortised at cost

A financial asset is subsequently measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely consisting payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income:

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss:

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Equity investments

All equity investments within the scope of Ind-AS 109 are measured at fair value. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the Company decides to classify the same either as FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments classified as FVOCI, all fair value changes on the instrument, excluding dividends, are recognized in OCI. Dividends on such equity instruments are recognised in the Statement of Profit or Loss.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. Dividends on such equity instruments are recognised in the Statement of Profit or Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when the rights to receive cash flows from the asset have expired, or the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:

- the Company has transferred substantially all the risks and rewards of the asset, or
- the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognised in the Statement of Profit and Loss. Gains and losses in respect of debt instruments measured at FVOCI and that are accumulated in OCI are reclassified to profit or loss

on de-recognition. Gains or losses on equity instruments measured at FVOCI that are recognised and accumulated in OCI are not reclassified to profit or loss on de-recognition.

r Current–non-current classification:

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the company’s normal operating cycle;
- b) it is held primarily for the purpose of trade;
- c) it is expected to be realised on demand or within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the company’s normal operating cycle;
- b) it is held primarily for the purpose of trade;
- c) it is due to be settled in demand or within 12 months after the reporting date; or
- d) there is no unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

s Operating cycle:

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

ii) Defined Benefits Plans

Gratuity:

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The fair value of the plan assets of the trust administered by the Company, is deducted from the gross obligation.

The following table sets forth the status of the gratuity plan of the Company, and the amounts recognized in the Balance sheet and Statement of profit and loss.

Funding :

The liability for gratuity is not funded by the Company.

Expected rate of return on assets	7.57%	7.57%	NA
Attrition rate	10.00%	10.00%	1%

Mortality rate during employment	Indian Assured Lives Mortality (2012-14)	Indian Assured Lives Mortality (2012-14)	Indian Assured Lives Mortality (2012-14)
Mortality rate after employment	NA	NA	NA

Notes :

Salary escalation rate: The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Discount rate: The discount rate is based on the prevailing market yields of Indian government securities for the estimated term of the obligations. Assumptions regarding future mortality experience are set in accordance with the statistics published by the Life Insurance Corporation of India. The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled. There has been significant change in expected rate of return on assets due to change in the market scenario.

Sensitivity analysis : Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligations by the amounts shown below;

Particulars	For the Year Ended Marh 31, 2021	For the Year Ended Marh 31, 2020
Projected Benefit Obligation on Current Assumptions		
Discount Rate: 1% increase	1,027,238	2,452,110
Discount Rate: 1% decrease	1,365,309	3,393,416
Future salary growth: 1% increase	1,018,528	3,302,488
Future salary growth: 1% decrease	1,206,013	2,529,489
Change in Rate of Employee Turnover : 1% Increase	1,206,013	2,983,565
Change in Rate of Employee Turnover : 1% Decrease	1,149,164	2,739,305

iii) **Compensated absences**

The Company accrues for the compensated absences, a long term employee benefit plan based on the entire available leave balance standing to the credit of the employees at year end. The value of such leave balance eligible for carry forward, is determined by actuarial valuation as at the Balance sheet date and is charged to Statement of profit and loss in the period determined. The provision as at balance sheet dates are as follows:

39 For assets taken on lease : leases are cancellable in nature/ of short term term tenure. Accordingly, Ind AS 116 is not applicable.

40 Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced of liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalent, bank balances other than cash and cash equivalent, trade receivables, trade payables, other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

41 Financial risk management objectives and policies

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework who is also responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Company, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The board of directors oversees how management monitors compliance with the company’s risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk that company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty’s ability to meet its obligations,
- iv) Significant increases in credit risk on other financial instruments of the same counterparty,

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor/borrower failing to engage in a repayment plan with the Company. Where receivables/loans have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in statement of profit and loss.

Trade and other receivables

“The Company’s exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. Credit terms are in line with industry trends.”

Summary of the Company’s exposure to credit risk by age of the outstanding from various customers is as follows :

Particulars	As at March 31, 2021 (Rs.)	As at March 31, 2020 (Rs.)	As at March 31, 2019 (Rs.)

Expected credit loss assessment for customers as at March 31, 2019, March 31, 2020 and March 31, 2021

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue. The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows.

Particulars	Rs.
Balance as at April 01, 2019	1,239,349

Cash and bank balance

The Company held cash and bank balance with credit worthy banks and financial institutions of ₹ 2,21,47,911, ₹ 1,574,723 and ₹ 42,64,530 as at March 31, 2021, March 31, 2020 and March 31, 2019, respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time. The board of directors are responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the board of directors. Management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows.

Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables and payables. The Company market risk is managed by the board of directors which evaluates and exercises independent control over the entire process of market risk management. It also recommends risk management objectives and policies and also management of cash resources, implementing hedging strategies for foreign currency exposures and ensuring compliance with market risk limits and policies.

a) Foreign currency risk

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk mainly in US dollar currency.

Foreign currency exposure	Currency	As at March 31, 2021	As at March 31, 2020	As at March 31, 2019
Trade payable	USD	-	-	40,000
Trade receivables	USD	52,500	-	-

Foreign currency sensitivity

The table below demonstrates sensitivity on profit after tax and total equity due to change in foreign exchange rates of currencies where it has significant exposure :

Foreign currency (USD)	For the year ended March 31, 2021		For the year ended March 31, 2020	
	1% increase	1% Decrease	1% increase	1% Decrease

b) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing borrowings is as follows:

Particulars	As at March 31, 2021	As at March 31, 2020	As at March 31, 2019
