Dear Sir/Madam,

Please find enclosed press release issued by the Company, in respect of Audited Financial Results of the Company for the quarter and financial year ended 31st March, 2024.

We request you to take the above information on record.

Thanking you,

Yours faithfully,
For Emmbi Industries Limited

Makrand Appalwar
Chairman and Managing Director

Encl: As stated above

FY 2023-24 Performance:

Emmbi Records 20 % PAT Growth with Strong Exports and Robust Domestic Business.

Mumbai, May 14, 2024

Commenting on the performance Mr. Makrand Appalwar, Chairman & Managing Director, Emmbi Industries Limited said, "This year was clouded by the War Situation in Europe coupled with Logistic problems in Red Sea. We are satisfied that with all these problems on shoulder we could grow our PAT and keep our export business robustly over past financial year. We are sure to keep up our up-word trajectory of growth in all our businesses during coming financial year."

Emmbi has started a new manufacturing initiative named "Reclaim" which includes usage of reprocessed polymers as a input while manufacturing Emmbis globally acclaimed product line.

Performance Highlights:

Particulars (Rs. In Millions) Annual	FY24	FY23
Total Revenue	4425.43	4353.25
EBITDA	374.89	375.85
PAT	99.47	82.66
Particulars (Rs. In Millions) Quarterly	Q4 FY24	Q4 FY23
Total Revenue	1239.78	1176.97
EBITDA	97.72	91.15
PAT	45.09	17.24

About Emmbi Industries Limited:

Emmbi Industries Limited is a well-established brand in polymer processing and a niche player with advance applications in the areas of water management, agriculture, packaging, advanced composites, geo-textiles, and various other polymer-based materials.

Sustainability is very important operating parameter in the manufacturing and distributions of the various products globally by Emmbi. Emmbi is one of the largest exporters of the polymer products manufactured from Recycled polymer resin under the brand Reclaim. Around 20 % of

the total raw material consumed by Emmbi comes from the sources post -consumer and post-industrial polymer waste.

Emmbi has consistently built a great reputation amongst all stakeholders operating in over 70 countries for over 25 years.

About Avana:

Avana is aimed at developing affordable technologies to empower farmers to grow out of poverty. Avana's flagship technology, Jalasanchay, is the world's most cost-effective end-to-end water conservation solution. Through this department, Emmbi has reached 20000 plus farmers across Maharashtra, Rajasthan and Karnataka. Apart from bringing a fresh perspective, Avana is tasked with creating a purpose-led, inspiring workplace that attracts the right kind of talent to deliver on their vision.
