Jain Irrigation Systems Ltd.

Small Ideas. Big Revolutions.®

Q1 FY20-21

INVESTOR COMMUNICATION

The journey of Jain Irrigation Systems Ltd. started with a young boy who wanted to excel at his studies, even if it meant studying under the only lamp in his village. His determination and ideas revolutionised the face of the agricultural industry in India and in turn, he was recognised globally for his work.

But more than recognition, it was his devotion to do good for the society that gained him the affection of millions.

In no time, our founder chairman, Late Mr. Bhavarlal Jain became 'Bhau' (brother) for all those who worked with him. His journey became an inspiration and his legacy laid the foundation of JISL.

Bhau nurtured every member of JISL in such a way that they adapted these values as their own with the same commitment and passion. To the point that the lesson of unity runs in the DNA of the organisation and each member of JISL is its proud guardian. Across geographies, JISL leadership and management team is experienced with an established track record over decades.

Fortune magazine hailed JISL as the only Indian Company in the top 51 companies who change the world by 'Doing Well by Doing Good'. Even when we've come so far, all the services and achievements of JISL are direct outcomes of this deep-rooted value. The principles of staying and working as one aren't just things that we write on the wall. They're commitments held by every associate, stakeholder partner and farmer. They're tenets that have stood true through time and have been shared between generations. They're values that live in the stories of the associates of JISL.

Hi-tech Agri Input Division (Hi-Tech)

- Overseas MIS business showing strength amid a wider global economic slowdown
- India business impacted by Covid-19 restrictions

Plastic Division (Plastic)

- India business impacted by lockdown restrictions
- Overseas plastic business has performed better

Agro Processing Division (Agro)

- Overseas business has continued to perform better even during pandemic

Way forward

- Focus on executing order in hand worth 4200 cr
- Focus on Working Capital and Operational efficiency
- Focus on strengthening the Balance Sheet

AMRUT: Atal Mission for Rejuvenation and Urban Transformation

Onion Processing

2nd largest onion dehydrator in the world

Key highlights

- First plant established at Jalgaon in 1995
- 2 plants in India and 1 in US, with total capacity to manufacture ~34,700 MT of product
- Catering to major players in dehydrated soups and ready to eat/cook products in 28 countries
- Fully automated, longest dryer developed and commissioned for onion dehydration
- Conversion of Dryer from Steam heated to hot air heated, resulting in 20% increase in production capacity
- Has also successfully done a pilot project for fresh fruits

Product Range

Onion dehydration

Fruit Processing

Largest mango processor in the world

Key highlights

- First plant established at Jalgaon in 1997, to manufacture Aseptic fruit purees and concentrates
- Clarified Juice production and frozen pulp processing started in 2006-07
- UHDP for mango developed and commercialized in 2011
- Catering to major players in juice, baby foods and confectionaries in 38 countries
- Developed the concept of ECRC based ripening for Mango, first time in the world
- Developed and implemented Hot Water System for Mango to reduce wastage during ripening

Product Range

Spices Business

One of the largest Spice processing facilities in India

Key Highlights

- Only Integrated facility right from Drying to Milling.
- Complete Agri value chain from Seed to Processing.
- Contract Farming planned with more than 5000 Farmers.
- Plant processes 100% pure spices in Dry & Wet form.
- Technology to retain volatile and essential oil content of spices.
- Capable to produce 100% Steam sterilized products.
- Allergen Free Facility
- Four independent processing lines ~ dedicated line for Chili, Root Spices, Seed Spices and Pepper.

Product Range
