has a truly global presence with an unparalleled clientele in USA, Europe, Australia, Canada, South Africa, UAE & India. The high quality Products, Technical knowledge & infrastructure enable Company to encompass global markets.

Sprayking, a leading forging company renowned for its commitment to innovation and excellence, has its state-of-the-art Research and Development (R&D) facility. This cutting-edge facility represents a belief of Company in advancing forging technologies and processes, further solidifying Sprayking's position as an industry leader in its region.

Recent remarkable Development in the Company:

The company bought a new manufacturing facility in Gujarat's Jamnagar. Like the company's current manufacturing facility, the unit will produce brass and forging components and parts. This 3,000 square meter modern manufacturing plant is spread out. The company's market position will be strengthened with the installation of this production plant.

In an effort to grow the company, Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited) recently purchased a 51% share in M/s. Narmada Brass Industries. Mr. Hitesh Dudhagra founded the partnership venture Narmada Brass Industries in 2019. Narmada Brass produces copper brass goods at its own production facility. The manufacturing facility can produce 2,000 tons of forged goods annually. With this acquisition, the business is expanding rapidly and meeting new orders from the domestic and international markets.

As previously stated, the company is expanding both organically and inorganically in order to fulfill its vision and goal. The money being raised will be put toward the company's expansion and the expansion of its investors.

The Company has changed its name from Sprayking Agro Equipment Limited to Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited).
