Cleaning and Hygiene Chemicals

Non-textile segments will drive volume and value growth going forward

Recent collaborations to expand product profile and geographical reach

Strategic collaboration with Eurodye-CTC, Belgium, to commercialize specialty chemicals for the Indian market

Facilitates an efficient production system and distribution network across the Indian textile market

Eurodye-CTC has REACH registration, Bluesign certification & GOTS 6 certification for a large selection of its product range

Fineotex is committed to sustainable practices and Eurodye-CTC is also an environmentally conscious company

Strategic collaboration with HealthGuard, Australia to become the exclusive global marketing and sales channel partner with joint operations from Malaysia

HealthGuard® will concentrate on developing cutting-edge solutions, that will be marketed and channelized across the world by Fineotex-Biotex

Synergy will provide durable metal-free sustainable chemistry solutions that are anti-microbial and anti-viral

Range of products over several industries - textile, detergent, leather and allied industries

Setting up a state of art Research & Development center in collaboration with Sasmira Institute, one of India's premier textile institutes

Develop a first-of-its-kind Support and Solution Centre for technical service in Sasmira to catalyze innovation and focus on sustainable chemistry

Focus on new sustainable solutions and chemicals to reduce water, time and energy consumption for the textile wet processing industry

Provide the much-needed exposure for students and help provide practical experience, which will benefit the industry in the long term

Textile Chemical

Growth outlook for Specialty Chemicals

- **Emerging markets** provide companies with the opportunity to produce **customized product offerings** through expansion and growth
- The sudden **growth in demand for niche chemical products** is projected to influence the **development of exports** in developing countries significantly
- The growth in the Indian specialty chemicals market has been driven by the **country's strong process engineering capabilities, low-cost manufacturing capabilities, and abundant manpower**

FCL is a leading chemical manufacturer, with a zero liquid discharge system, eco-friendly products, and recognition for promoting sustainable practices

Cleaning and Hygiene

Growth outlook for Cleaning and Hygiene

- The **growing consumer awareness of cleanliness and hygiene** is one of the primary factors driving the market in India
- Indian **government promoting** the need for proper **hygiene and cleanliness across residential and commercial** spaces is acting as a significant growth-inducing factor
- Projected factors such as **rising incomes, changing lifestyles and infrastructural developments** are expected to drive growth and increase the demand in future

FCL foresees driving the Indian cleaning market, which is scattered and highly unorganized, leading to a lack of strong players in this sector
