5 Covid 19 pandemic is still there and impact on working of the company is uncertain. The management is of the view that with the pickup in Global

vaccination, gradual decrease of Covid cases, the nature of business and the products of the company, and steps being taken to provide support by various means from the regulators/ governments, there are no reason to believe that current crisis will have any significant impact on the ability of the company to maintain its normal business operations including the assessment of going concern for the company. However, the extent to which the

pandemic will impact working of the company is highly uncertain.
