Newgen Positioned as a Visionary in Gartner Magic Quadrant for Content Services Platforms

The report recognizes Newgen's ECM platform for the 12th consecutive year

November 24, 2020: Newgen Software, a global provider of low code digital automation platform, announced that it has been positioned as a Visionary in the Gartner Magic Quadrant for Content Services Platforms, November 16, 2020, authored by Michael Woodbridge* et al.

The report evaluates 18 different vendors offering content services platforms (CSPs) based on their ability to execute and completeness of vision. The complimentary copy of the [Gartner report](#) can be downloaded from the Newgen website.

“Content is the backbone of every organization. Empowering employees with contextual information can help organizations in informed interactions with their customers and other stakeholders. We believe this inclusion by Gartner recognizes our efforts towards enabling enterprises in streamlining their content and ensuring remote, secure access to relevant information. At Newgen, we believe in continuous innovation and making our products scalable, agile, and future-ready,” said Diwakar Nigam, MD and Chairman, Newgen Software.

[Newgen OmniDocs](#), a fully-featured CSP, enables organizations across the globe with document management, multichannel capture and scanning, records management, and content analytics. The platform connects content and processes with context and allows for automation with agility.
