Dear Sir/Madam,

**Sub: Disclosure Note**

This disclosure is made as a good measure to the shareholders to inform that the Company has entered into an Alliance Agreement with HCL Technologies Limited on May 17, 2022.

Aptech Limited, a pioneer in the non-formal vocational training business in the country, has entered into an alliance for India territory with HCL Technologies (HCL), a leading global IT company, to support programs for IT aspirants to become job ready. The program, named **Aptech IT Careers Powered by HCL Technologies**, will leverage the HCL Edtech platform to provide content, labs and capstone in engineering, digital technologies, cloud, cybersecurity, and data science.

Aptech IT Careers platform will launch 2 major programs of HCL EdTech – (1) **First Career**, an accelerated project-based job certification program for Engineering, B.Sc., and MCA students (fresh graduates or final year), (2) **SwiTch**, specially designed for graduates from non-IT/CSE (Computer Science) backgrounds with or without work experience to move into IT and Tech Careers.

The hybrid training programs will focus on the learner's potential for IT and Tech careers, provide necessary assessments to help them choose the right Tech streams and enable them to pursue job-based training facilitated by the industry practitioners. What makes this alliance different is the complementary strengths the companies have to offer. HCL EdTech platform leverages the HCL lineage of 45+ years in IT services and related human capital development for servicing global customers. While, Aptech has over three decades of experience of providing coaching and vocational training in various sectors, including media and entertainment, through its network of franchisees and business partners across India.

This is for your information and record.

Yours faithfully

**For Aptech Limited**
