**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013****ITEM NO. 3:****To approve the modification in Borrowing Limits of the Company pursuant to section 180 of the Companies Act, 2013 from Rs. 150 Crores to Rs. 500 Crore**

In the 37th Annual General Meeting of the Company held on 17th September 2021 the members had approved borrowing limits under section 180 of the Companies Act, 2013 to Rs. 150 Crores (Rupees One Hundred and Fifty Crores only) excluding the bank overdrafts and temporary loans. As recommended by Audit Committee and Board of Directors in their respective meeting held on 22nd August 2022 the aforementioned borrowing limit should be modified to Rs. 500 Crores (Rupees Five hundred crore only). On safer note it is desirable to increase the limit by further Rs. 350 crores and thus Board recommends special resolution for your approval at the 38th Annual General Meeting.

No Director or any of the Key Managerial Personnel of the Company or their relatives are, directly or indirectly, concerned or interested in this Resolution.

**ANNEXURE-I TO DIRECTORS REPORT****MANAGEMENT DISCUSSION & ANALYSIS REPORT**

Investors are cautioned that this discussion contains forward-looking statements that involve risks and uncertainties including, but not limited to, risks inherent in the Company's growth strategy, acquisition plans, dependence on certain businesses and other factors. The following discussion with the Company's financial statements included herein and the notes thereto:

INDUSTRY STRUCTURE AND DEVELOPMENTS:

It has been observed, experienced, and proven that gold is the most secure form of investment around the globe. No wonder, even in today's world, wherein there are several lucrative investment options available, gold remains the most popular form of investment.

The volatile nature of the investment market has resulted in paper currencies lose their value and thus depreciating the market to a large extent. Despite such a situation, gold maintained its position, thus securing the interest of its investors.

The reasons for investing in gold are as follows:

- **Handy Against Inflation:** Gold is treated as a hedge against inflation. Regardless of the market downfall or, the way a particular currency fares in the market, gold offers some relief to these unforeseen circumstances.
- **Consistent Appreciation of Rates:** Over the past decades, there has been consistent appreciation in the gold prices. This gives investors the purpose to invest in gold.
- **Gold Reserves:** Usually, central banks of many countries try and refrain from selling gold and aim at enhancing the gold reserves. Thus gold is observed to be a reliable source of investment.
- **Long-Term Investment:** Some people are influenced by conventional forms of investment, such as long-term investments. For such people, the consistent appreciation in gold prices forms up another reason for investing in gold.

SEGMENT INFORMATION:**Bullion and Jewellery:**

India is the largest consumer of gold in the world. Rising middle class population and increasing income levels are the key drivers for the demand of gold and other jewellery in India. Gold demand in India increases year-on-year. The Government of India has permitted 100 per cent Foreign Direct Investment (FDI) in the sector under the automatic route. Gold has been a long-term centre stage player, so gold business or profitability in gold investments never lack the upward curve. Due to this, this commodity is in high demand, and because of this, business opportunities in the gold sector are growing.

Factors affecting gold rates:

- Gold prices have shown a steady rising of prices when held over long term.
- Increase in international prices of gold.

- A global slowing down of economies.
- Fluctuating currency rates.
- Increased export duties.
- High demand, low supply position globally.
- Slow equity markets push the prices up.
- High investment liquidity.

Thus, taking good advantage of the spiralling gold business prices and high market demand for gold can mean excellent profits for entrepreneurs who have gold business ideas.

Gold Jewellery to include a BIS mark, purity in carat and fitness as well as the unit's identification and the jeweller's identification mark on gold jewellery. The move is aimed at ensuring a quality check on gold jewellery.

Gold is bought around the world for multiple purposes – whether as a luxury good, a component in high-end electronics, safe-haven investment, or a portfolio diversifier. The economic development that emerging markets, especially China and India, have experienced for almost two decades has increased and diversified gold's consumer and investor base. The advent of exchange-traded products reduced total cost of ownership, increased efficiencies, provided liquidity and access, and brought new interest – and demand – into gold as a strategic investment.

Market Size:

The financial year 2021-2022 saw significant resurgence in the gems and jewellery exports which grew by 11.05 % in comparison to the pre-covid level as per the data released by the apex body, Gem and Jewellery Export Promotion Council (GJEPC). The sector also witnessed consistent quarterly growth in its export growth from (-) 1.71 % in Q1 2021 to 30 % in Q4 2021. However, plain gold jewellery and coloured gemstones exports remained below the pre-covid levels due to volatility in gold prices, weakened consumer sentiment due to the Russia –Ukraine conflict, reduction in accommodative monetary and fiscal policy by major economies, subdued manufacturing activities during the Omicron covid-19 wave and disrupted supply chain issues. The outlook for the industry for 2022-23 remains positive on account of opening of various countries, resumption of international trade shows and continued support of the government towards the gems and jewellery sector

Gross exports of gold jewellery stood at US\$ 9.25 billion in 2021-2022 as against US\$ 12.03 billion in 2019-2020 exhibiting a negative growth of (-) 23.13 %.

The gold demand in India for 2022 will be above 800 tonne. It will be between 800 tonne to 850 tonne. The 5 per cent duty hike on the gold by the Central government will not have any major impact on the demand for the yellow metal, said Somasundaram P.R., Regional CEO India, World Gold Council. In 2021, the demand for gold in India was about 797 tonne.

**Indian Scenario:**

India is hoping to become a gold price-setter with the International Indian Bullion Exchange (IIBX), now open at the Gujarat International Finance Tech City (GIFT) - International Financial Services Centre.

India is the second largest consumer of Gold and has large demand year on year. In the past few years, India's import average at 700-800 tons of Gold every year has been exceeded to 1050 tons in 2021.

The Securities and Exchange Board of India (SEBI) has approved for spot Gold exchange to discover prices and managed delivery of physical Gold across the country. China and several other major countries have Gold spot exchange. Now, India is ready to launch spot exchange in short period of time.

In 2021, India has more than doubled its previous year's import as price drop favored retail buyers and stayed demand emerged for wedding that were delayed due to arrival of pandemic. Gold spot exchange will allow convert the physical gold in electronic from i.e. electronic gold receipt.

As far as investment is considered even after many long years of investment, participation is still low. A major chunk of investors usually move towards equity while the percentage of customers trading or investing or hedging in commodity are very few.

Gold spot exchange will give edge to those customers who are still not doing any sort of investing but holding at least some amount of gold. Every Indian household, the very least, has some amount of gold which they can utilize for investing by the new Spot Gold Exchange. While at the time of delivery, receipt will be converted to physical gold. SEBI may allow trading in quantity as low as 1gm, 2gm, 5gm and 10gm which may attract more participants from retail to HNIs.

The Clearing corporation will settle the trade executed between buyer and seller on exchange. Gold spot exchange will have a single price across the country with transportation cost adjusted as premium or discounted from traded price.

Physical market will coexist with spot exchange. Exchange has advantages such as single good delivery standard, reduced market fragmentation, improved liquidity and single reference price.

The vault manager will accept gold deposit and issue EGR, holder of EGR can convert this with any other vault manager who will be registered with SEBI as per guideline.

The spot exchange brings transparency and safety to gold transaction.

**Opportunities:**

India is a traditional and stable market for gold consumption. Investors have purchased gold as a safe haven. Gold is a highly liquid yet scarce asset, and it is no one's liability. It is bought as a luxury good as much as an investment. As such, gold can play four fundamental roles in a portfolio:

- a source of long-term returns.
- a diversifier that can mitigate losses in times of market stress.
- a liquid asset with no credit risk that has outperformed fiat currencies.
- a means to enhance overall portfolio performance.

Continued economic growth underpins gold demand. As incomes rise, demand for gold jewellery and gold-containing technology, such as smartphones and tablets, rises. Income growth also spurs savings, helping increase demand for gold bars and coins. Increased consumer demand supports the investment case for gold and highlights its dual nature.

Investors often focus on gold's effectiveness as a hedge against financial shocks. But rising wealth underpins gold consumer demand, which, in turn, supports gold prices over the long-run.

Threats:**Impact of GST on Gold**

GST has had a profound effect on every sector since its introduction in our country. In the gold market, the introduction of GST has resulted in the increase in the prices of gold. This has been true despite the lower demand for gold in the market. Post implementation of GST, the prices of gold has seen a net increase of about 0.75% on account of additional taxes levied on gold. This net increase is due to the levy of the 3% GST on 10% of import duty.

In the previous tax structure, customers were liable to pay VAT at the rate of 1% and 1% of service tax. The revised tax structure under GST to be levied at the rate of 3%, this has resulted in an increase in the overall prices of gold.

Impact of GST on gold import

The import of gold has increased on account of the implementation of GST in our country. Importers have increased such imports not only in order to take the advantage of the recent tax revisions but also as an advantage under the Free Trade Agreement with South Korea. This agreement allows the importers to import gold without the payment of 10% customs duty.

Impact of GST on unorganized gold sector

India has among the highest imports of gold globally due to the huge demand for this metal in our country. Out of all the demand for this metal, on an average, some portion of the demand is met through illegal means i.e., by being smuggled into the country through alternate routes. This

becomes the unorganized sector of gold. As the prices of gold have increased on account of global factors as well as introduction of GST, this may result in an increase of smuggled gold in our country as compared to what was the ratio before the implementation of GST.

Impact of GST on the organized gold sector

While the unorganized sector of gold is a comparatively smaller portion of the market of the gold imports, the organized gold sector accounts for the major chunk of the gold imports. Hence, the implementation of GST is perceived to have a huge impact on the gold trade in the organized sector.

Implementation of GST will bring more transparency and accountability in the gold market. It is also feared that the increased compliance and due diligence introduced under GST may force or attract the gold traders towards the unorganized sector of gold

The overall increase in taxes on gold has resulted in many traders and merchant associations to make formal requests to the government for reduction in the import duty levied on the import of gold. This relief sought in the import duty for by such associations is 4% i.e. reducing the import duty to 6% from the existing 10%

The compliances under GST modules require the traders and dealers to report every transaction in order to be eligible for claiming the input tax credit. This is assumed to hurt the unorganized sector a lot and impact the overall demand for gold in India

Impact of GST on making charges

The introduction of the new tax structure has led to the levy of GST on making charges of gold jewellery. GST levied on making charge is to the extent of 5%. The proposed rate of tax on such making charges was 18% by the GST council but at the time of implementation, the rate was kept at 5%.

Risks and Concerns:

The Company is largely dependents on domestic customers. The Company continues to work towards diversifying its customer mix and to focus on building relationships with customers spread geographically.

The Company is exposed to regulatory uncertainties facing the jewellery industry in India. Any changes in the duty, rules and regulations, policies or requirements by the Government of India may require the Company to revise business strategies which may impact its financial position adversely.

The prices of Gold are largely governed by movements at major precious metal exchanges of London, New York, Tokyo and others. The local precious metal prices are an algorithm of these movements on 'spot' basis and Indian currency Rates. Prices may fluctuate widely for all products affecting demands in the market. The Company has adopted adequate mechanisms to

effectively counter the risk that arises during operations. However, the management cannot totally eliminate the risks involved in such volatile trades.

Significant additional competition in the gold trade may result in reduced off-take and thereby negatively affect the Company's revenues and profitability.

Further Company has in place a comprehensive risk management framework that helps in anticipating, identifying and evaluating business risks and challenges across the Company and finding ways to mitigate the same.

Fluctuations in commodity prices and adverse regulatory changes may pose a threat to the Company's margins and profitability.

Outlook:

- The four attributes that make Gold attractive as a strategic investment:
- It has been a source of return for investors' portfolios.
- Its correlation to major asset classes has been low in both expansionary and recessionary periods.
- It is a mainstream asset that is as liquid as other financial securities.
- It has historically improved portfolio risk-adjusted returns.

Internal control systems and their adequacy:

The Company has an effective internal control system, commensurate with the size, nature, and complexity of its business operations. It also ensures that all the assets of the Company are safeguarded and protected against any loss from unauthorized use or disposition. The Internal Auditor carry out review of the internal control systems. The internal audit reports are periodically reviewed by Audit Committee.

The Company has also put in place adequate internal financial controls with reference to the financial statements commensurate with the size and nature of operations of the Company. Based on the assessment carried out by the management and the evaluation of the results of the assessment, the Board of Directors are of the opinion that the Company has adequate Internal Financial Controls systems that are operating effectively as of 31st March, 2022.

There were no instances of fraud which necessitates reporting in the financial statements. Further, there have been no communications from regulatory agencies concerning non compliance with or deficiencies in financial reporting practices.

Financial Performance

The financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 and the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other pronouncements / provisions of the applicable laws. The financial statements have been

prepared on a going concern basis and the accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

Road ahead:

In the coming years, growth in gems and jewellery sector would largely be contributed by the development of large retailers/brands. Established brands are guiding the organised market and are opening opportunities to grow. Increasing penetration of organised players provides variety in terms of products and designs. The improvement in availability along with the reintroduction of low-cost gold metal loans and likely stabilisation of gold prices at lower levels is expected to drive volume growth for jewellers over short to medium term. The demand for jewellery is expected to be significantly supported by the recent positive developments in the industry.

Cautionary statement:

Certain statements made in the Management Discussion and Analysis Report relating to the Company's objectives, projections, outlook, expectations, estimates and others may constitute 'forward looking statements' within the meaning of applicable laws and regulations. These forward-looking statements are based on assumptions and the Company does not guarantee the fulfillment of the same. Actual results may differ from such expectations whether expressed or implied. Several factors could make significant difference to the Company's Operations. These include climatic and economic conditions affecting demand and supply, government regulations, taxation, and natural calamities over which the Company does not have any direct control.

Human resource development:

The Company acknowledges that its principal asset is its employees. The Company believes in establishing and building a strong performance and competency driven culture amongst its employees with greater sense of accountability and responsibility. The industrial relations have remained harmonious throughout the year.

**ANNEXURE-III TO DIRECTORS REPORT****FORM NO. MR-3****SECRETARIAL AUDIT REPORT****FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2022**

[Pursuant to Section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
ROYAL INDIA CORPORATION LIMITED
34, 2nd Floor, Plot - 45/47, Shanti Bhavan,
Dhirubhai Parekh Marg, Ladwadi,
Kalbadevi Mumbai 400002

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practice by **M/s. ROYAL INDIA CORPORATION LIMITED** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing my opinion thereon.

We have examined the papers, minute books, forms, returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 provided to us through electronic mode. No physical verification of any document / record was possible.

Based on my examination as aforesaid and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Reserve Bank of India Act, 1934;
- (v) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment (**not applicable to the Company during the Audit period**);
- (vi) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;

- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; **(not applicable to the Company during the Audit period);**
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Regulations, 2009, and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on 28th October 2014 **(not applicable to the Company during the Audit period);**
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 **(not applicable to the Company during the Audit period);**
 - (f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993; and
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 **(not applicable to the Company during the Audit period);** and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 **(not applicable to the Company during the Audit period);**
- (vii) Other Laws applicable to the Company as per the representations made by the Company are as follows:
- (a) The Shops & Establishment Act, 1948 and rules made thereunder;
 - (b) Finance Act, 2004;
 - (c) The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and the rules made thereunder **(not applicable to the Company during the Audit period);**
 - (d) Professional Tax Act, 1975.
 - (e) Negotiable Instruments Act, 1881.

In case of Direct and Indirect Tax Laws like Income Tax Act, Service Tax Act, Excise & Custom Acts I have relied on the Reports given by the Statutory Auditors of the Company.

I have also examined compliance with the applicable clause of the following:

- (a) Secretarial Standards issued by The Institute of Company Secretaries of India; and
- (b) The SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015.

During the financial year under review, the Company has generally complied with the provisions of the Companies Act, 2013, Companies Act, 1956, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

1. Observations made on SEBI regulations in our Secretarial Compliance Report dated 6th May, 2022 are as follows:

**INDEPENDENT AUDITOR'S REPORT**

To
The Members of,
ROYAL INDIA CORPORATION LIMITED

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying financial statements of Royal India Corporation Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Cash Flows and the Statement of Changes in Equity ended on that date, with Notes to the Financial Statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Allowance for credit losses The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19.</p> <p>We identified allowance for credit losses as a key audit matter because the Company exercises significant judgment in calculating the expected credit losses.</p>	<p>Our audit procedures related to the allowance for credit losses for trade receivables and unbilled revenue included the following, among others: We tested the effectiveness of controls over the</p> <ol style="list-style-type: none">development of the methodology for the allowance for credit losses, including consideration of the current and estimated future economic conditionscompleteness and accuracy of information used in the estimation of probability of default andcomputation of the allowance for credit losses. <p>We tested the mathematical accuracy and computation of the allowances by using the same input data used by the Company.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibilities for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Management believes that it has taken into account all the possible impacts of known events arising from COVID-19 pandemic and the resultant lockdowns in the preparation of the financial statement including but not limited to its assessment of group liquidity and going concern, recoverable values of its property, plant and equipment, intangible assets and the net realizable values of other assets including inventory. As operations of the company are coming to normal gradually, company does not foresee any material impact in terms of profitability of its products.

The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 which may be different from that estimated as at the date of approval of these financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain

professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the

- Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

**ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Royal India Corporation Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Royal India Corporation Limited (the "Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTE 23: GENERAL INFORMATION

Royal India Corporation Limited formerly known as Natraj Finance was incorporated in 1984 in the name and style of Natraj Commercial Enterprises Ltd. In October, 2006 Company changed its name to Natraj Financial & Services Limited. In September, 2008 the company was taken over by existing promoters as per the rules & regulation of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) regulations, 1997 and later on was named as Royal India Corporation Limited. The Company is a public limited company incorporated and domiciled in India and has its registered office at Nariman Point, Mumbai, India. The Company has its listings on the Bombay Stock Exchange.

Royal India Corporation Limited is engaged in the wholesale trading of Gold Bullion, plain gold jewellery, gold coins, and medallions. The Company has business operations mainly in India.

The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

NOTE 24: BASIS FOR PREPARATION AND PRESENTATION OF FINANCIAL STATEMENTS

1) Accounting convention

The Financial Statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Amendment Rules, 2016.

2) Basis of measurement

The Company Follow mercantile system of accounting and recognizes significant items of income and expenditure on accrual basis. These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. All assets and liabilities are classified into current and non-current based on the operating cycle of less than twelve months or based on the criteria of realization/settlement within twelve months period from the balance sheet date.

3) Key accounting judgment, estimates and assumptions

The preparation of the financial statements required the management to exercise judgment and to make estimates and assumptions. These estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis.

Revision to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future period.

The areas involving critical estimates or judgments are:

i) Depreciation and amortization

Depreciation and amortization are based on management estimates of the future useful lives of certain class of property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortization charges.

**ii) Provision and contingencies**

Provisions and contingencies are based on the Management's best estimate of the liabilities based on the facts known at the balance sheet date.

iii) Fair valuation

Fair value is the market-based measurement of observable market transaction or available market information. Fair valuation of Gold Bar and Gold Jewellery are based on the market rates published by the **Indian Bullion Association** for various grades from which the fair value of the Gold Bar and Gold Jewellery are derived.

NOTE 25: SIGNIFICANT ACCOUNTING POLICIES**1) Property, Plant and Equipment**

i) Recognition and measurement: Property, plant and equipment are carried at cost of acquisition less accumulated depreciation and accumulated impairment loss, if any. Subsequent expenditure related to an item of fixed asset are added to its book value only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All repairs and maintenance are charged to the Statement of Profit and Loss during the financial year in which they are incurred.

ii) Depreciation: Depreciation of other items of Property, Plant and Equipment are provided on a Written down Value Method over the estimated useful life of the asset or as prescribed in Part C of Schedule II to the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The Company assesses at each balance sheet date whether there is objective evidence that an asset or a group of assets is impaired. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the sale proceeds with the carrying amount and are recognized within operating profit in the Income statement.

2) Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not used in the production of goods and services or for the administrative purposes, is classified as Investment Property. Investment property is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

**3) Intangible Assets****Computer software**

Acquired computer software licenses are capitalized on the basis of the costs incurred to acquire and bring to use the specific software. Computer software development costs recognized as assets are amortized over their estimated useful life of 5 years.

4) Financial Instruments**i) Financial assets**

The Company classifies its financial assets in the following categories:

a) Financial assets at amortized cost - Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value which usually represents cost plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss if any. Financial assets at amortized cost are represented by trade receivables, security and other deposits, cash and cash equivalent, employee and other advances.

b) Equity investments - Investment in subsidiaries are stated at cost. All other equity investments are measured at fair value, except for certain unquoted equity investments which are carried at cost where the fair value of these investments cannot be reliably measured.

c) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI) - For investments which are not held for trading purposes and where the company has exercised the option to classify the investment as at FVTOCI, all fair value changes on the investment are recognized in OCI. The accumulated gains or losses on such investments are not recycled to the Statement of Profit and Loss even on sale of such investment.

d) Financial assets at Fair Value through Profit and loss (FVTPL) - Financial assets other than the equity investments and investment classified as FVTOCI are measured at FVTPL. These include surplus funds invested in mutual funds etc.

e) Impairment of financial assets - The Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

**ii) Financial liabilities****Initial recognition and measurement**

Financial liabilities are measured at amortized cost using effective interest method. For trade and other payable maturing within one year from the Balance Sheet date, the carrying value approximates fair value due to short maturity.

iii) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

iv) Fair value measurement

The Company classifies the fair value of its financial instruments in the following hierarchy, based on the inputs used in their valuation:

- a) The fair value of financial instruments quoted in active markets is based on their quoted closing price at the balance sheet date.
- b) The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques using observable market data. Such valuation techniques include discounted cash flows, standard valuation models based on market parameters for interest rates, yield curves or foreign exchange rates, dealer quotes for similar instruments and use of comparable arm's length transactions.
- c) The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs). When the fair value of unquoted instruments cannot be measured with sufficient reliability, the Company carries such instruments at cost less impairment, if applicable.

5) Inventories

Inventories are valued at cost or net realizable value whichever is lower, cost being determined on weighted average method. Raw Materials and Stores are valued at weighted average cost.

6) Functional and presentation currency

The functional and presentation currency of the Company is the Indian Rupee (INR).

7) Foreign currency transaction

Foreign currency transactions are translated at the exchange rate that approximates the prevalent exchange rate on the transaction date. Monetary assets and liabilities in foreign currencies are translated at the year-end rate. Any resultant exchange differences are taken to the Statement of Profit and Loss, except:

- i) When deferred, in Other Comprehensive Income as qualifying cash flow hedges; and

- ii) Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

The company is not being carrying on any business outside India since past five years and has been engaged in local business activities only.

8) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted. The discount rate used to determine the present value is a pre- tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

9) Contingent Liabilities

Contingent liabilities exist when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the Company, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required or the amount cannot be reliably estimated. Contingent liabilities are appropriately disclosed unless the possibility of an outflow of resources embodying economic benefits is remote.

10) Contingent Assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not recognize a contingent asset.

11) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable, and represents amounts receivable for goods supplied, stated net of goods & service tax, discounts and returns. The Company recognizes revenue when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to

the entity; and when specific criteria have been met for each of the Company's activities, as described below.

i) Sale of goods and services

Sales are recognized when the significant risks and rewards of ownership of the goods are transferred to the buyer as per terms of contract. Income and fees from services are accounted as per terms of relevant contractual agreements/arrangements.

ii) Interest income

Interest income is recognized on accrual basis as per the terms of relevant contracts or by using the effective interest method, where applicable.

12) Employee Benefits

Short Term Employee Benefits are recognized on an undiscounted basis whereas Long Term Employee Benefits are recognized on a discounted basis.

13) Income Tax

i) Current Income Tax:

Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with local laws of various jurisdiction where the Company operates.

ii) Deferred Tax:

Deferred tax is provided using the balance sheet approach on differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The tax rates and tax laws used to compute the tax are those that are enacted or substantively enacted at the reporting date.

Current and Deferred Tax are recognized in the Statement of Profit and Loss except to items recognized directly in Other Comprehensive income or equity, in which case the deferred tax is recognized in Other Comprehensive Income and equity respectively.

14) Borrowing Costs

Borrowing costs consist of interest, ancillary and other costs (i.e. Effective Interest Method) that the Company incurs in connection with the borrowing of funds and interest relating to other financial liabilities. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

15) Exceptional Items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the Company. They are material items of income or expense that have been shown separately due to the significance of their nature or amount.

16) Earnings per share

The company presents Basic and Diluted earnings per share data for the equity shareholders of the company. Basic and Diluted earnings per share is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

17) Cash flow Statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipt or payments and item of income or expense associated with investing or financing cash-flows. The cash flow from operating, investing and financing activities of the Company is segregated.

18) Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorization for issue. Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

NOTE 26: FINANCIAL RISK MANAGEMENT RISK MANAGEMENT FRAMEWORK

The Board of Directors of the Company has overall responsibility for the establishment and oversight of the risk management framework. The respective Boards have established the Risk Management Committee for developing and monitoring the risk management policies.

The Committee reports regularly to the board of directors on their activities.

The Entity's risk management policies are established to identify and analyze the risks faced by the Entity, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions. The Entity, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the Entity's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Entity. The audit committee is assisted in its oversight role by internal audit which regularly reviews risk management controls and procedures, the results of which are reported to the audit committee.

The Entity has exposure to Credit, Liquidity and Market risks arising from financial instruments:

1) CREDIT RISK

Credit risk is the risk of financial loss to the Entity if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Entity's receivables from customers and investments in debt securities.

Trade and other receivables

The Entity's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the country in which customers operate.

The Risk Management Committee has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Entity's standard payment and delivery terms and conditions are offered. Credit limits are established for each customer and reviewed periodically.

As at 31st March, 2022, the ageing of Trade Receivables and the maximum exposure to credit risk is as follows:

2) LIQUIDITY RISKS

Liquidity risk is the risk that the Entity will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Entity's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Entity's reputation.

3) MARKET RISKS:

Market risk is the risk that changes in market prices such as commodity prices risk, foreign exchange rates and interest rates which will affect the Entity's financial position. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables.

i) Currency Risk:

The Entity is exposed to currency risk on account of its borrowings and other payables in foreign currency. The functional currency of the Entity is Indian Rupee. The Entity uses forward exchange contracts to hedge its currency risk, most with a maturity of less than one year from the reporting date. The Entity does not use derivative financial instruments for trading or speculative purposes.

ii) Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the Entity's position with regard to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.
