Yours faithfully,
for LUX INDUSTRIES LIMITED

Smita Mishra
(Company Secretary & Compliance Officer)
M.No.: A26489

LUX INDUSTRIES LIMITED

FY24 GOAL IS TO HAVE 20 PROJECTS; MAY INCLUDE SPILLOVER TOO

Port Asset Monetisation Target Set at ₹6,700 cr

Key projects include ₹2k cr berth at Deendayal Port, ₹980 cr container terminal at Haldia, ₹360 cr dry dock in Vadinar

Twesh.Mishra
@timesgroup.com

New Delhi: The Centre has set a target of ₹6,700 crore from asset monetisation in the port and shipping sector for FY24. Key projects on the block include ₹2,000 crore berth at the Deendayal Port (Kandla, Gujarat), ₹980 crore container terminal at Haldia Dock Complex of Shyama Prasad Mookerjee Port (Kolkata, West Bengal), and a ₹360 crore dry dock in Vadinar (Gujarat).

Setting Sail

₹5,000 CR Raised from port asset monetisation in FY23

India has prepared national monetisation pipeline

Aims to monetise assets worth ₹6 lakh cr between FY22 and FY25

LAND POLICY OVERHAUL

New port land policy being formulated

Focus is on supplementing port operations

To minimise discretionary elements in policy

“Operations of berths and terminals will be extended to the private sector so that ports have an assured revenue stream while minimising the burden of managing day-to-day functions,” the official said.

LAND POLICY REVAMP
The government is also looking to iron out issues in the land leasing policy of ports to better utilise vacant land with Indian ports. The present land policy of the ports (formulated in 2014-15 and updated in 2019-20) is perceived as being complicated and a hindrance to monetisation. The government is

overhauling the policy to bring about transparency and ease for investors. “The land with ports should not be viewed as a source of income, but as an avenue for improving operations while maximising revenue,” the official said, adding that the new policy would ease the transfer of such assets and minimise discretionary elements in the process including pricing. The focus is to aid ports to use land to supplement their role as goods transit hubs. “This will include developing cargo holding facilities to better port operations with public private partnership,” the official said.

Interest Rate on PF Deposits may be Near 8% for FY23

Strong return on investments, lower withdrawals this year

Yogima.Sharma
@timesgroup.com

New Delhi: The government may peg the interest rate on provident fund deposits at nearly 8% for 2022-23, almost at the same level as in the previous fiscal, people familiar with the matter told ET. They said the earnings of the Employees' Provident Fund Organisation were being worked out but 8% was doable considering higher returns on investments this year. “Return on EPFO investments this year have been strong with reduced withdrawals on account of Covid-19 pandemic. Even investments in equity are expected to fetch better returns than last year, making a clear case of either retaining the interest rate at 8.1% or bringing it a tad lower to 8%,” a senior government official said on the condition of anonymity. Another official said raising the interest rate beyond 8.1% will widen the difference between PF rates and rates on

Status Quo

Central board of trustees of EPFO to meet later this mth or in early Mar

To decide on interest rate for current fiscal

FIAC will propose the rate based on EPFO earnings

It is expected to be retained at 8.1% or lowered to 8%

Threshold on ETF redemption could also come up

Move will benefit over 55 m EPFO subscribers

public provident fund (PPF) and general provident fund (GPF) which stands at 7.1%. “The government will stick to around 8% to avoid any political backlash as it heads into this year, followed by general elections next year,” the second official added. The central board of trustees of EPFO is expected to meet later this month or in early March to decide on the interest rate that will be recommended by its Finance Investment and Audit committee based on the earnings for 2022-23. The retirement fund body had announced the interest rate of 8.1% for 2021-22, which was the lowest in four decades and was significantly lower than 8.5% credited in the preceding year. This was on an estimated income of ₹76,768 crore with ₹450 crore as surplus.

All to Onboard National Single Window by Dec

States, UTs, 32 govt depts set for integration

New Delhi: All the states, union territories and 32 central government departments will integrate with the National Single Window System (NSWS) by December this year, through which companies can seek all approvals and clearances for their businesses, a top official said on Thursday. So far 19 states/UTs and 27 central government departments are already onboarded, including Andhra Pradesh, Bihar, Goa, Gujarat, Himachal Pradesh, Jammu & Kashmir, and Karnataka, the Secretary in the department for promotion of industry and internal trade (DPIIT) Anurag Ja-

in said here. He was speaking at a joint meeting of the India-Japan business cooperation committee meeting. The system is aimed at reducing duplication of information submission to different ministries, reduce compliance burden, cut gestation period of projects, and promote ease of starting and doing business. NSWS enables the identification, applying and subsequent tracking of approvals for all integrated states and central departments.

Parliament Watch

Low Pension Payout Due to Withdrawals

Low pension payout under the Employees' Pension Scheme of EPFO is because of frequent withdrawals from the scheme and low monthly pension contribution by a large number of members on the back of their very low monthly salary which results in low pensionable salary and therefore calculation of pension towards the lower side, minister of state for labour and employment Rameswar Teli said in response to a question in Rajya Sabha. During 2021-2022, around 37.74 lakh withdrawal benefit claims amounting to ₹7,988.89 crore were settled under EPS, he said.

52,211 Traders Registered for Pension Scheme

The National Pension Scheme for Traders and Self-employed has registered 52,211 traders till December 30, 2022, minister of state for labour and employment Rameswar Teli said in response to a question in Rajya Sabha. As per the response, the budgetary allocation to the scheme has dropped from ₹750 crore in 2019-20 to ₹50 crore in 2022-23.

FM Urges IMF to Form Global Strategy to Regulate Cryptos

Our Bureau

New Delhi: Finance minister Nirmala Sitharaman Thursday impressed on the International Monetary Fund (IMF) to firm up a globally-coordinated approach for the regulation of crypto assets. India has been pitching for a global strategy, given the cross-border nature of crypto transactions and potential risks they pose to the world's financial system. In a virtual conversation with IMF managing director Kristalina Georgieva, Sitharaman also “stressed the need to ensure food and energy security for all”, the finance ministry tweeted. Both discussed the upcoming G20 finance ministers and central bank governors meeting, scheduled to be held in Bengaluru later this month. India assumed the G20 presidency in December. The debt crisis in many countries will be among the key issues of the G20 Finance Track discussions, the ministry said.

About 60% of low-income countries were at high risk or already in debt distress, up sharply from 30% in 2015, according to an earlier IMF assessment. The finance minister and the IMF chief also discussed the timely completion of the 16th General Review of Quotas (GRQ) to strengthen the global financial safety net. The latest GRQ, expected to provide greater say to developing economies in the IMF, should be concluded by December 15, 2023, according to a resolution of the multilateral body.
