Mr. Nadir B. Godrej (Chairman)
Mr. Balram Singh Yadav (Managing Director)
Godrej Agrovet Limited
 "Godrej One", 3rd Floor,
 Phirojshanagar, Eastern Express Highway,
 Vikhroli (East), Mumbai – 400 079

**31st Annual General Meeting (AGM) of the Equity Shareholders of Godrej Agrovet Limited held on
 Friday, July 29, 2022 by means of Video Conferencing (VC) / Other Audio Visual Means (OAVM)
 commenced at 4.00 p.m. (IST)**

Sub: Passing of Resolution(s) through electronic voting pursuant to Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended, the General Circular(s) No. 20/2020 dated May 5, 2020 and 02/2021 dated January 13, 2021, No. 19/2021 dated December 8, 2021, No. 21/2021 dated December 14, 2021 and No. 2/2022 dated May 5, 2022 (collectively referred to as "MCA Circulars") read with circulars dated April 8, 2020, and April 13, 2020 issued by the Ministry of Corporate Affairs (MCA) and in accordance with the Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020, Circular No. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021, Circular No. SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022 issued by SEBI issued by the Securities and Exchange Board of India (SEBI) commonly referred to as "**Applicable Circulars**".

We, BNP & Associates, Practicing Company Secretaries, have been appointed by the Board of Directors of Godrej Agrovet Limited (*hereinafter referred to as the "Company"*) at its Meeting held on May 9, 2022, as the Scrutinizer for the Remote E-voting process as well as to scrutinize the electronic voting (E-Voting) conducted during the 31st AGM pursuant to Section 108 of the Companies Act, 2013 (the Act) read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and in accordance with Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI Listing Regulations), as amended by the Applicable Circulars issued in this connection both by MCA and SEBI, providing relaxation for the manner in which the AGM shall be held and conducted through VC or OAVM.

The Applicable Circulars provide for relaxation in the manner in which the AGM will be held including the manner of sending the Notices and Annual Reports to the shareholders and the manner of voting at the meeting, which was necessitated on account of the outbreak of COVID -19 (CORONAVIRUS) pandemic. We say, we are familiar and well versed with the concept of electronic voting system as prescribed under the said Rules and the relaxations as provided in the Applicable Circulars.

As mentioned in the Notice, the proceedings of the 31stAGM will be deemed to be conducted at the Registered Office of the Company which shall be the deemed Venue of the AGM.

Report on Scrutiny:

- The Company had appointed National Securities Depository Limited ('NSDL') as the Service Provider, for the purpose of providing the facility of Remote E-Voting to the Members of the Company and for E-voting during the 31st AGM.
- KFin Technologies Private Limited ('Kfitech'), (formerly Karvy Fintech Private Limited) are the Registrar and Share Transfer Agents ('RTA') of the Company.
- NSDL had provided a system for recording the votes of the Members electronically through Remote E-voting as well as E-voting conducted during the AGM on all the items of the business (both Ordinary and Special businesses) sought to be transacted in the 31stAGM of the Company, which was held on Friday, July 29, 2022.
- NSDL had set up electronic voting facility on their website, <https://www.evoting.nsd.com>. The Company had uploaded all the items of the business to be transacted at the 31st AGM on its website and also on the websites of BSE Limited and National Stock Exchange of India Limited (Stock Exchanges where the Equity Shares of the Company are listed), to facilitate their Members to cast their vote through Remote E-Voting.
- The Management of the Company is responsible for ensuring compliance with the requirements of the Act and the Rules there under and SEBI Listing Regulations.
- Our responsibility as the Scrutinizer of the voting process (through E-voting), was restricted to scrutinize the E-voting process (Remote E-voting and E-voting during the 31st AGM), in a fair and transparent manner and to prepare a Combined Scrutinizer's Report of the votes cast in favour and against the resolutions stated in the Notice, based on the reports generated from the E-voting system provided by NSDL.
- The internal cut-off date for the dispatch of the Notice of the AGM was July 01,, 2022 and as on that date, there were 1,09,783 Members of the Company. As mentioned in the Applicable Circulars, NSDL had sent the Notices of the AGM along with Annual Report for the Financial Year 2021-22 and E-voting details by email to 1,02,964 Members constituting 93.79 % of the total members, whose email IDs were made available by the Depositories. For those Members whose email IDs were not available, or holding in physical form, who had not registered their email IDs with the RTA the Notices could not be sent. The Company had advertised in the newspapers, asking those Members who have not provided their email IDs to do so and to the extent, details were provided by the Members were considered for sending the Notice of the 31st AGM. The Notices sent through email contained the detailed procedure to be followed by the Members who were desirous of casting their votes electronically as provided in the Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended and as provided in the Applicable Circulars.

- The Cut-off date for the purposes of identifying the Members who will be entitled to vote on the resolutions placed for approval of the Members was **Friday , July, 22, 2022.**
- As prescribed in the aforesaid Rules, the Remote E-Voting facility was kept open for 3 (three) days from **Tuesday 26, July 2022 at 9.00 A.M. to Thursday 28, July 2022 at 5.00 P.M.**
- The Company completed the dispatch of the notices by email to the Members on July 06, 2022.
- As prescribed in **Clause IV of the Circular dated May 5, 2020 issued by MCA**, which is forming part of the Applicable Circulars, the Company had released an advertisement prior to sending Notices to the Shareholders which was published in English in 'Business Standard' on June 29, 2022, newspaper having wide circulation in the district where the Registered Office of the Company is situated and in Marathi in 'Mumbai Lakshadeep' on June 29, 2022. The Notice contained the required information as provided under clause IV (a) to (g) of the said circular.
- As prescribed in **clause (v) of sub rule 4 of Rule 20 of the Companies (Management and Administration) Rules, 2014**, the Company also released an advertisement, which was published more than 21 days before the date of the 31st AGM in English language in 'Business Standard' newspaper having country-wide circulation on July 7, 2022 and in Marathi language in 'Mumbai Lakshadeep' newspaper on July 7, 2022.
- The notice published in the newspaper carried the required information as specified in Sub Rule 4(v) (a) to (h) of the said Rule 20.
- At the end of the Remote E-voting period on **Thursday July 28, 2022 at 5.00 P.M.**, the voting portal of the NSDL, service provider was blocked forthwith.
- At the **31st AGM of the Company held through VC, on Friday, July 29, 2022**, after considering all the items of businesses, the facility to vote electronically (E-voting) was provided to facilitate those members who are attending the 31stAGM through VC but could not participate in the Remote E-voting to record their votes.
- On Friday July 29, 2022, **after tabulating the votes cast electronically by the system provided by NSDL**, the votes cast through Remote E-Voting facility and E-voting during the 31st AGM were duly unblocked by us as a Scrutinizer in the presence of Ms. Amita Jadav and Mr Deepak Shukla who acted as the witnesses, as prescribed in Sub Rule 4(xii) of the said Rule 20. After the voting by electronic means the votes cast through Remote E-voting process was tabulated for the purpose of considering the total votes cast by the shareholders through both ways.

Thereafter, We , as a Scrutinizer duly compiled details of the Remote E-Voting carried out by the Members and the E-voting held during the AGM, the details of which are as follows:

Creating Impact with Sustainable Growth

The Financial Year 2021-22 was a year of revival for Indian economy as GDP growth rebounded strongly from the contraction witnessed in the previous year. However, unlike other sectors, agriculture sector remained resilient throughout the pandemic period with steady growth in output. For Godrej Agrovet Limited, it was another year of strong growth in profitability. Having proved our resilience in challenging economic environment in the last few years, our businesses also demonstrated robust growth potential in Financial Year 2021-22. We further built on our leadership positions in the Feed and Oil Palm businesses with upbeat volume growth and market share gains. Our Feed business recorded extraordinary volume growth in Financial Year 2021-22 as a result of our sustained efforts towards improving product offerings and revamping market penetration strategies. We continued to expand our Crop Protection portfolio with launch of two new products during the year. We introduced “Gracia” in the insecticide category, further extending our collaboration with Nissan. Our subsidiary, Astec LifeSciences, continued with its stellar performance while also focusing on strategic investments with an eye on the future. In our food businesses, we achieved solid volume growth in otherwise challenging market conditions.

We, at Godrej Agrovet Limited, have always been proud to transform the lives of our partners and consumers through innovative, high-performance, cutting-edge products and services. While we continue to build on this legacy, we will be scaling up our strategic growth investments focused on generating higher returns for our Shareholders. In addition to strengthening research capabilities with upcoming state-of-the-art R&D centre in Maharashtra, our subsidiary Astec LifeSciences has also planned investments into further expanding production capacities with new greenfield multi-purpose plant. In our Feed business, we will build on our pan-India presence with further penetration into newer geographies and categories. In our food business, we will put special emphasis on improving profitability and return on the capital employed while maintaining the healthy volume growth.

At the same time, we are focusing on creating a digital transformation roadmap for the Company to build enabling ecosystem for Sustainable long-term growth. This will not only help us in improving our operational efficiency, but will also enable us in leveraging the enormous data as well as redefine the way we operate and engage with our customers. We have already made a rapid progress in building digitisation capabilities in some of our businesses. Our Oil Palm business has been at the forefront of digitisation with focus on geotagging the plantations, timely fruit care and end-to-end traceability. On the people front, our focus will remain on building more inclusive workforce to enhance overall productivity and competitiveness.

At Godrej Agrovet Limited, we are also committed to improving ESG parameters and serving the society to the best of our abilities. During the year, we participated in Carbon Disclosure Project (CDP) under carbon and forests categories, becoming one of the first companies in the agri sector to do so in India. Our CDP scores in both Forests and Climate were well ahead of food sector, Asia and Global averages. We remain committed to achieve our 2025 sustainability targets set by the Godrej Group and have made good progress till date.

From Chairman's Desk

Dear Shareholders,

I hope this letter finds you and your families well and safe.

The Financial Year (FY) 2021-22 turned out to be extremely eventful across business, economy, science, sports, climate change, travel and most importantly, healthcare. It started with a devastating second wave of Covid-19, countered by rapid and large vaccination drives across the country. The country is estimated to have closed the year with 95% of the adult population inoculated with the first dose and more than 85% with the second dose. On the economic front, the country recorded a sharp recovery in GDP growth rate to an estimated 8.7% in FY2021-22 from contraction in the previous year. India's merchandise exports touched a record high of \$418 billion in FY 2021-22, a 40% growth over the previous year. On the climate front, in the COP26 summit held in Glasgow, India announced five pledges for the first time: net-zero emissions by 2070, non-fossil fuel energy capacity of 500 GW, 50% energy requirements from renewable sources, reducing total projected carbon emissions by 1 billion tonnes and reducing the carbon intensity of the economy to less than 45%; all before 2030. The year ended with rising geopolitical tension in the

Eastern Europe between Russia and Ukraine threatening to derail an economic recovery that the world witnessed in the first 10 months of the year. The commodity prices soared to record levels due to the impending logistics and supply chain disruptions as against growing demand from large consumption driven economies.

For us, this is the time of the year to look back and reflect on what we did well, what we could have done better, and where we go from here. The year started with a rapid spread of the second wave of Covid-19 pandemic leading to another spell of severe operational difficulties for the corporate sector. However, having navigated through a similar set of challenges efficiently and with limited interruptions in the preceding year, your Company was able to swiftly implement hybrid work culture wherever necessary and drive plant operations smoothly across the country. This was possible only because of unwavering commitment and hard work of all our GAVL team members and business partners. For this, I would sincerely like to thank all our folks for their efforts and contribution in serving our customers as well as the community.

Resilience and Growth

We have a pan-India presence and we operate in five business verticals, on our own and through our subsidiaries, joint ventures and associates. This supremely diversified operational base, spread across Animal Feed, Crop Protection, Oil Palm, Dairy, and Poultry and Processed Foods, has made us fairly resilient as a group to external shocks, such as the one we witnessed over the past two years. At the same time, related diversification has equipped us with an ability to recoup rapidly and drive growth in our revenues and profitability at a decent pace. We also derive operational efficiencies and economies of scale by centralizing and sharing certain key functions across our businesses such as finance, legal, information technology, strategy, procurement and human resources.

The FY 2021-22 further reinforced our core strategic approach of running diverse but related businesses and turned out to be the best financial year in terms of top line growth with sustained rise in profitability. Your Company delivered a strong performance clocking the highest ever total income of ₹ 8,385.7 Crore in FY 2021-22, growing at 33.0% year-on-year while consolidated profit before tax and exceptional items grew by 22.4% year-on-year. Robust top line growth was witnessed across our core standalone businesses, as well as, our agrochemical and food subsidiaries; with the exception of domestic crop protection segment. Growth in profitability was largely driven by Animal Feed, Oil Palm and Astec LifeSciences. While our Crop Protection business was hit by uneven monsoon and lack of product application opportunities, our food businesses suffered from unprecedented rise in input costs and non-transmission to end-product prices.

Another solid year of new product launches, market share gains and leveraging R&D benefits

Your Company continued to develop and launch new products across categories and regions, enhancing overall product offerings to cater to growing market demands targeting various consumer segments. In the Animal Feed business, we launched two new products “Doodh Vriddhi” and “Champion” during the year. We also expanded our outreach for “Samruddhi” in the Western region of the country. This helped us to achieve highest ever monthly volumes for a single product in one state and gain leadership. In Central parts of India, we were successful in gaining market share for our cattle feed and layer feed products while our broiler feed offerings in Kerala registered double-digit growth year-on-year. In the Crop Protection segment, we launched two new products – Protraitt (herbicide) and Gracia (insecticide). Gracia has further strengthened our decade-long collaboration with Nissan after introduction of Hanabi in the previous financial year. Our subsidiary, Astec LifeSciences Limited, commissioned two new products under Contract Development and Manufacturing Organisation (CDMO) category during the year. Our Dairy subsidiary, Creamline Dairy Products Limited

(CDPL), also introduced new variants of its Jersey Recharge energy drink, fruit yogurt, as well as, paneer and ghee. Your Company also launched Jersey milk beverages in the Northern states. Moreover, CDPL has registered strong market share gains in Curd, milk drinks and ghee categories in key South Indian markets.

Our continued commitment and investments into building strong R&D capabilities have been a vital differentiating factor in an intensely competitive and largely unorganised Indian agriculture sector. Sustained efforts by research team at Nadir Godrej Centre for Animal Research & Development (NGCARD) since its inception has started realising substantial benefits for our Feed business. The Oil Palm business also witnessed notable improvement in oil extraction ratio to the tune of ~140bps during the year, partly backed by enzyme-led R&D interventions. Our aquaculture focused R&D centre has started conducting trials for enhancing nutrition benefits. Another state-of-the-art R&D facility being developed by Astec LifeSciences is expected to be commercialised by December 2022.

Where we performed better

Our Animal Feed business surged ahead on the back of upbeat volume growth as well as improved realisation. Volume growth was largely driven by new products offerings and regional expansion across categories. Our joint venture, ACI Godrej Agrovet Private Limited Bangladesh, recorded yet another year of strong growth in volumes and income led by market share gains in Bangladesh across segments. Sustained rise in oil prices and record high efficiency ratios resulted in stellar performance by our Oil Palm business with a 2.9x year-on-year growth in segment results. Astec LifeSciences reported the second consecutive year of outstanding growth in both exports as well as domestic markets despite challenges faced in the first-half of the year due to temporary flooding in Mahad region. Our Dairy business was successful in leveraging on the considerable recovery on the demand side in the second-half of the year by registering high double-digit growth in value-added products category. CDPL gained market

share in key categories such as curd, milk based drinks, etc. The salience of Value-added Products (VAP) category has now reached to 29% in FY 2021-22 from 27% in FY 2020-21. In our poultry and processed food business, we were able to achieve healthy growth in volumes and realisations in the live bird and processed chicken sub-categories.

Where we could have performed better

Our performance in domestic Crop Protection business was disappointing, although it was partly attributed to erratic monsoons and extreme weather conditions. Profitability was additionally impacted by higher sales returns and increased provision for doubtful debts while our working capital management lagged our expectations. In Aqua Feed, our margins were under pressure due to rise in input costs – mainly soya and fishmeal – and lack of pricing support. Our Dairy business also suffered from voluntary pricing control by the entire industry when input costs including procurement, logistics and packaging had an exceptional run owing to variety of external factors.

How do we plan to achieve targets under our long-term sustainable growth plan

Having reflected on our performance in a year marked by a challenging business environment, I would now like to elaborate upon future opportunities. Adhering to principles that the Godrej Group has advocated since its inception, we will continue to pursue our goals in a more sustainable and responsible way. There are a few priority areas for us which we would like to focus upon in the coming year.

Firstly, we would continue to build on leadership positions achieved in Animal Feed and Oil Palm businesses which are also critical to India's food and edible oil security. We will continue to grow these businesses responsibly and by focusing on digital transformation across value chain. Having already initiated several projects on automation, geotagging and analytics solutions during the year, we plan to implement these programmes covering the entire business operations. This would involve satellite imagery and drone-based monitoring of all

the oil palm plantations while salesforce, logistics automation and increased consumer engagement through chatbots in the Animal Feed business. The focus in other businesses would be to create a digital transformation roadmap, capabilities and then leveraging the same for sustainable future growth. In Oil Palm, we are well-placed to benefit from the recent policy initiative on area expansion under plantation and enhance the domestic palm oil production.

Secondly, your Company would work towards improving profitability of the food businesses and business hygiene of domestic Crop Protection business to make them more resilient to external shocks. In the Dairy business, we would focus on strengthening our milk procurement network, increasing the salience of value-added products with new quality launches and wider customer outreach initiatives to expand market share. We expect FY 2021-22 to be a good year for our food businesses with strong recovery in the critical HoReCa segment and improvement in realisations.

The agrochemical business is our next focus area wherein we have envisaged a long-term capital spending plan to augment our R&D and CDMO capabilities for robust and multi-dimensional future growth.

Embarking on a future growth with an eye on ESG – continued focus on People and Planet

While we equip our leadership, employees and entire value chain for the next level of growth plans, we also remain committed to contribute in India's climate pledge targets and to serve the society to the best of our abilities. GAVL's sustainability targets are guided by our Group's Good & Green vision of creating a more inclusive and greener world. We have made meaningful progress towards achieving our sustainability objectives by 2025. Currently, 70% of our energy consumption is from clean renewable energy sources as against target of 90% by 2025. We are already a water positive company and conserve 6 times the water than we consume which translates into 6.5 million cubic metre water recovered. Towards achieving Carbon Neutrality, we have sequestered 23,879 MT of CO₂ in FY22 which

accounts for 24% of the annual CO2 emission target of GAVL. Moreover, we have reduced our specific energy consumption by 6% and remain on track to achieve a target of 12% by 2025.

During the year, we also participated in the Carbon Disclosure Project (CDP) under carbon and forests categories, becoming one of the first companies in the agri sector to do so in India. CDP is a global non-profit that runs a prominent environmental disclosure platform. The platform scores companies on their actions on reducing greenhouse gas emissions, and protecting water resources and forests. Over 13,000 companies representing 64% of the global market capitalization disclosed their initiatives through CDP 2021. Our CDP scores of “B” in both Forests and Climate are well ahead of food sector, as well as, Asia and Global averages.

On the people front, we have implemented several farmer livelihood and entitlement enablement initiatives supporting over 1,00,000 farmers in increasing their income. As per third-party SROI (Social Return on Investment) study, every rupee invested by your Company creates more than three times social value for the farmer communities. Our CSR activities during the year, in addition to ongoing vaccine drives, were focused on two major initiatives, namely, Grameen Vikas – brighter

farming and Pragati – community-based education.

For our employees, your Company undertook several measures to maintain high health and hygiene standards at the workplace, starting with vaccination for all its employees, families, contractual workforce, and channel partners. The importance was also given to physical and mental health by providing all-round support, organising expert workshops as well as setting up specific benefit programmes to help families of deceased employees.

Well, I would like to believe that in this letter I have covered all our successes, areas of improvement, key achievements and future aspirations to take the Company on a new growth path. Before I conclude, on behalf of the Board of Directors and the management, I would like to thank our employees, business partners, customers, vendors, shareholders, investors and other stakeholders for their continued trust, efforts and contribution to the Company. Let’s continue our journey together on a sustainable growth path, the Godrej way.

Sustainability and Us

‘Good and Green’ approach towards Sustainability

Your company constantly strives to make this world a better place. As a responsible corporate citizen, we will continue to make efforts towards reducing our environmental impact and work towards well-being & inclusive development of the society.

Our Sustainability & ESG Efforts

Robust Governance

Our key focus areas:

- Maintain sustainable governance through Board & internal committees
- Timely disclosures to our stakeholders
- Drive Ethics & Culture through Code of Conduct and Company Policies
- Compliance of statutory laws and regulations

Happier Societies

Our key focus areas:

- Inclusive & equitable development of communities through partnership programs
- Holistic upliftment of underprivileged communities through Livelihood programmes, Education & Entitlements
- Being an employer of Diversity & equal opportunities and ensuring well-being and safety of our employees

Healthier Environment

Our key focus areas:

- Reduce specific energy consumption in our processes
- Achieve Water positivity
- Increase share of Renewable energy in our overall energy portfolio
- Reduce our Greenhouse gas emissions and move towards Carbon Neutrality
- Ensure Zero waste to landfill

Your company has demonstrated its ambitious commitment towards sustainability by being a member/signatory of the following global bodies:

Environment Sustainability Snapshot For FY 2021-22

What cannot be measured cannot be improved. Therefore, we follow a target-based approach for making headway into the Environmental Sustainability. We have clearly laid down green goals for 2025 and we evaluate our performance against them.

 Carbon Neutrality	<p>23,879 MT of CO₂ sequestered in FY 2021-22 (accounting for 24% of our Carbon Footprint). 89,039 MT of cumulative carbon offset achieved from 2017 – 2022</p>
 Waste Recycling	<p>100% Biomass Fly Ash waste was successfully diverted from landfilling to recycling. Biomass Fly Ash finds utility in cement industry and construction activities. Our Aqua team diverted it safely for recycling to a brick manufacturer, thus avoiding the landfill.</p>
 Increase in the share of Renewable Energy	<p>~70% energy used in our manufacturing plants comes from the renewable sources. Roof-top solar system has been installed that creates 17.35 million Units of sustainable energy per annum. The project has been taken up in two phases.</p>
 Reduction in the specific energy consumption	<p>In our Hanuman Junction Aqua plant, we replaced old post-conditioning system with the new energy efficient one. The system is essential for the production of shrimp feed and pelleted fish feed. This resulted into 4% reduction in plant’s specific energy consumption which is just enough to power up 40 homes per year.</p>
 Awards	<p>‘CII’s Energy Efficient Unit’ award won for the third time by the OPP Chintampalli plant for reducing its specific energy consumption by 12% from the baseline. 99% of the plant’s energy comes from renewable sources.</p>

Engaging With Communities

At Godrej Agrovat, we are committed toward inclusive and equitable development of our communities and the societies which are at the base of the social pyramid. In FY 2021-22, we made significant efforts towards sustainable development of the marginalised and underprivileged communities through various livelihood, education and entitlement programmes in partnership with the non-profit organisations and social enterprises.

Grameen Vikas – Livelihoods and Entitlements

Our livelihoods and Entitlement programmes are aimed at economic development of the vulnerable and low-income sections of the society, in line with our belief of their inclusive & equitable development:

2,532

people were benefited through our Entitlement programmes by connecting them with the Govt. welfare schemes Vaccinated

769

farmers were trained on improved agricultural practices that resulted into profit generation for them

1,498

women were trained on savings and enterprise management that paved way for their economic upliftment in the society

250

kitchen gardens were set up to provide nutrition and income supplement to the rural communities.

Watershed Management

Our Integrated Watershed Development Project aims at restoring the ecological balance in the drought prone areas of Magadi in Karnataka and Bharwani in Madhya Pradesh. Under this project, in partnership with NABARD, efforts are made to recharge the groundwater, make it available for irrigation and to reduce the effect of climate change on the farmers. The local communities are trained in water management and sustainable agriculture practices.

1,794

farmers have been covered through the project by providing support for livelihood and capacity building.

4,423

of land covering 100% of total area in Magadi and 54% of the total area in Bharwani has been treated under the project.

6.5 million m3

of water has been captured in the FY 2021-22

Education

Around our manufacturing plants in Maharashtra and Uttar Pradesh, with the help of our NGO partner, we have set up digital cafes with pre-loaded syllabus & videos in the educational tablets to facilitate learning for the children from class 6 – 10. The Café also serves as coaching institute for the rural students. Around our plants in Punjab and Andhra Pradesh, we initiated a mental and physical fitness programme in Government schools, and connected children and teachers at home through Whatsapp groups.

486

students watched over 15,000+ hours of digital educational content through our digital cafes.

Management Discussion and Analysis Report

Indian Economic Overview

After contracting by 7.3% in a Covid impacted year of FY 2020-21, Indian economy quickly recovered lost ground and is projected to expand by 8.7% in FY 2021-22, as per the latest advance estimates released by Central Statistical Office (CSO). Economic impact of second wave in the first quarter of FY 2021-22 was limited and much smaller than that of the first wave. Except for private consumption, all the other expenditure components are estimated to have crossed pre-pandemic levels, led by sharp uptick in Government spending. Exports also rebounded sharply to a record high level despite supply chain and logistic disruptions. Revival in capex spending above pre-pandemic level was driven by Government's continued thrust on infrastructure investments. Private consumption continues to lag other demand drivers owing to tepid consumer confidence, weak recovery in labour intensive sectors and reduced direct fiscal support. In terms of sectoral growth, all core sectors have recovered to pre-pandemic level except for Trade, Hotels and Transport which was the most affected sector dragging growth in overall services sector. Overall GDP growth is estimated to be 1.5% above pre-pandemic levels.

As per consensus forecasts, GDP growth in FY 2022-23 is expected to be in the range of 7.0% - 8.2%. The growth is expected to be driven primarily by infrastructure capex spending as reflected in Central Government's budgetary allocations. Most high-frequency indicators have exceeded pre-pandemic levels and indicate that the economic growth is expected to remain strong in FY 2022-23.

Exports are also expected to maintain the momentum achieved in the previous year with some downside risks emanating from geopolitical tensions on account of a Russia-Ukraine conflict.

Indian Agricultural Sector Overview

Agriculture and allied sectors continue to remain one of the most important sectors of the Indian economy and is the main source of livelihood for more than 50% of India's population. India is the topmost producer of milk and pulses globally and continues to be the second-largest in production of rice, wheat, sugarcane, cotton, groundnuts and fruits & vegetables. India also ranks amongst the top economies in production of fish, spices, poultry and livestock. The agriculture and allied sectors have remained resilient throughout the unprecedented disruption caused by Covid-19 pandemic. The sector is estimated to have grown by 3.9% in FY 2021-22, as per second advance estimates by Central Statistical Office (CSO). Growth over the last two years was primarily driven by livestock and fishing & aquaculture sectors. The sector accounted for 18.8% of the total Gross Value Added (GVA) during the FY 2021-22.

During the year, the country witnessed very erratic and uneven spread of monsoon with significant monthly variations even amongst four geographical regions. In August, rainfall deficit was 24% vs. Long Period Average (LPA), while the month of September witnessed heavy rainfall with surplus of 34% vs. LPA. Nonetheless, overall monsoon rainfall was healthy at only 1% lower than the LPA during June to September 2021 resulting in decent growth in sowing and food-grain production during the Kharif season. Further, the water reservoir levels were above average on account of 48% higher post-monsoon rainfall during October to December 2021. This coupled with good soil moisture content resulted in higher sowing for the Rabi season, despite a high base of last year. Consequently, total food grains production was estimated to reach 314.06 million

MT in FY 2021-22, a growth of 1.72% year-on-year led mainly by rice, wheat and pulses (as per the third advanced estimates).

In FY 2022-23, monsoon is expected to be normal at 98% of LPA with no material variations projected throughout the season. Area coverage under summer crops has also increased by 6.9% year-on-year as of April 2022 supported by good reservoir levels with sharp rise in area under pulses. The agriculture sector is expected to remain on a modest growth path in FY 2022-23 with continued policy support. The sector is also expected to benefit in the medium-term from Government’s focus on crop diversification, sustainable R&D initiatives and use of new technology including drones. As a result, the FY 2022-23 is expected to be a good year for both growth in farmer incomes as well as agri-input and other companies catering to the sector.

International prices of multiple agricultural commodities, energy and other inputs have risen sharply during FY 2021-22. Coal (+~176% year-on-year) and diesel (+~23% year-on-year) led the unprecedented surge in energy and logistics costs

Animal Feed Business

FY 2021-22 was a year of strong comeback post Covid-induced demand disruption for Animal feeds business as volumes and revenues grew by 20% and 41% respectively compared to previous year. The robust double-digit growth in volumes was recorded in all four quarters on the back of new product launches and increasing market penetration. Launch of cattle-feed product Samruddhi in FY 2020-21 was followed by two new products Doodh Vridhhi and Champion in FY 2021-22. All of these products have been receiving excellent response from the farmers. Our shrimp feed volumes continued to grow in FY 2021-22 in line with the industry as shrimp culture was largely successful and realisations for farmers also improved. Overall, Animal Feeds segment registered strong topline performance in FY 2021-22.

in FY 2021-22. Supply chain disruptions, exceptional rebound in global demand and most recently, uncertainties surrounding Russia-Ukraine conflict were amongst the key factors driving increase in prices across the globe. Edible oil prices, mainly sunflower, palm oil and soybean were the most impacted. We expect energy prices including palm oil to remain at elevated levels in the first quarter of FY 2022-23 with some easing in the commodity prices expected in the second half of FY 2022-23.

Key Business Segments

Your Company is a diversified, research and development focused agri-business Company with operations across 5 (five) business verticals – Animal Feed, Crop Protection, Oil Palm, Dairy, and Poultry and Processed Foods. The Company focuses on improving the productivity of farmers by innovating products and services that sustainably increase crop and livestock yields. Detailed information on the current performance and future strategy of 5 (five) key business segments is as below:

In terms of profitability, the entire feed industry was reeling under margin pressure in FY 2021-22. The industry witnessed unprecedented inflation in input commodities such as soybean meal, maize, fishmeal and de-oiled ricebran cake etc. Prices skyrocketed to record high levels owing to rising demand, supply chain disruptions, rising energy & logistics costs and natural calamities. Sharp rise in soymeal prices in first half of the year was contained by government intervention such as approval for soymeal imports, imposing stock holding limits and ban on futures trading. However, prices for all major commodities surged again in the fourth quarter of FY 2021-22 owing to geo-political uncertainties in key agri-commodity producer economies in Eastern Europe. Fish feed margins were also impacted by lower farmgate prices for major varieties of fish. However, despite all these challenges, our segment results grew by 22% y-o-y supported by timely price hikes, realisation of R&D initiatives over the years and strategic stocking.

On R&D and digitisation front, your Company made satisfactory progress. Our digital initiatives such as sales force automation, chatbots in regional languages, pan-India roll-out of complaint redressal system remained on track. We completed debottlenecking of animal feed plants to increase production capacity during the year. We also commissioned our aquaculture research and development centre. The fish feed manufacturing plant being set up in Uttar Pradesh is expected to start commercial trials in first half of FY 2022-23. It will cater to the demand in the Northern and Eastern region, which are large markets for fish feed. We are immensely proud to

report that all our cattle feed plants are now BIS certified which underscores our commitment to quality.

During the year, we completed acquisition of balance stake in Godrej Maxximilk Private Limited ("GMPL") from minority investors. GMPL is now our wholly-owned subsidiary and we have infused additional investments to the tune of ₹ 50 Crore for business expansion and day-to-day operations. GMPL has made significant progress in stabilising lab operations and improving embryo production. We have also signed agreements with large customers for supply of high breed embryos in the coming year.

Godrej Agrovet's 50:50 joint venture with Advanced Chemical Industries Limited (ACI), Bangladesh, named ACI Godrej Agrovet Private Limited, recorded another year of outstanding performance and posted strong growth in revenues by 25% year-on-year. This was on account of strong volume growth across all segments, i.e., cattle, poultry and aqua feed.

Going forward, the focus will continue to be on increasing the penetration in key geographies across feed categories to drive the volume growth as well as leverage R&D efforts for margin expansion. We are actively engaged in collaboration with new age agri-tech start-ups to enable additional sales channel for our feed products and accelerate market penetration. The ongoing digital initiatives undertaken in the production processes and supply chain management will further help in improving productivity and achieve cost optimisation.

Crop Protection Business

For domestic crop protection industry, FY 2021-22 was a very challenging year. Especially for herbicides players, the season was fraught with erratic and uneven monsoon as well as extreme weather events. Additionally, profitability of domestic players was under severe pressure due to limited transmission of input costs inflation to end-product selling prices. However, exports business was upbeat led by higher realisations for key products and healthy demand.

Unusually dry August followed by heavy rains in September led to lower application opportunities for our products in the Kharif season. In the second half of the year, higher emphasis was given on improving channel hygiene resulting in higher sales returns and increased provision for doubtful debts. Consequently, standalone Crop Protection revenues and profitability were impacted. Nonetheless, Company continued to focus on increasing the distribution reach of the in-house products by partnering with other major agrochemical players in the industry. Company launched 'Gracia' during the year, extending our in-licensing arrangement with Nissan Chemical Corporation, Japan. Gracia, an insecticide for control on chewing and sucking pests, is our second product in collaboration with Nissan Chemicals and will help us in strengthening our presence in Insecticides sub-segment. Gracia has been receiving good customer response and will not only enhance the product portfolio but will also help enter new crops markets. In addition to Gracia, Company also launched 'Portrait' in Herbicide category focused on controlling weeds in onion crop. Going forward, standalone Crop Protection segment will continue to focus on sustainable growth while maintaining good channel hygiene through our revamped go-to-market strategies and efficient working capital management. The Company will also continue to work towards expanding its product portfolio either through in-house developments or through in-licensing arrangements.

Our subsidiary, Astec LifeSciences Ltd ("Astec"), recorded its best-ever performance till date as total income and profit before tax (excluding non-recurring and exceptional items) grew by 22% and 36%, year-on-year, respectively. Geographically, exports were the main driver growing by 44% year-on-year while in terms of segment, growth was led by enterprise sales. During the year, Astec commissioned its new herbicide plant and remained on track to complete the state-of-the-art R&D facility by FY 2022-23. Additionally, Company has started realising benefits from investment made in backward integration to diversify raw material sourcing and to reduce dependency on international markets. During the year, Astec LifeSciences commercialized two new CDMO products.

In the next financial year, Astec will continue to focus on developing new relationships for contract manufacturing business and to diversify into other chemistries. Investment in the R&D centre will significantly increase the research capabilities and will support the growth aspirations in the long-term.

Oil Palm Business

FY 2021-22 was the remarkable year for our Oil Palm business as we achieved best ever notable improvement in oil extraction ratio on the back of R&D initiatives and operational efficiencies. This coupled with record-high oil prices and moderate increase in volumes resulted in strong growth in segment revenues and segment results by 78% and 188% respectively.

Average prices for crude palm oil (CPO) and palm kernel oil (PKO) have remained well above long-term average prices throughout the year and increased by 51% and 90% respectively as compared to previous year. The sharp rise in palm oil prices could be attributed to several factors such as elevated crude oil prices, rising demand, supply chain disruptions from largest exporters Indonesia and Malaysia and uncertainties surrounding ongoing Russia-Ukraine war.

During the year, your Company reaped enormous benefits from the R&D initiatives implemented over the past few years. This was further aided by operational efficiencies achieved through changes in plant operations, improved procurement and quality grading processes. The Company continues to work on increasing area under plantation.

In the month of Aug 2021, Government of India launched new mission on oil palm namely, the National Mission on Edible Oils – Oil Palm (NMEO-OP) with planned outlay of ₹ 11,040 Crore. Under this mission, Government has envisaged to raise area under cultivation of oil palm to 10 Lakh hectares by 2025-26 and 16.7 Lakh hectares by 2029-30 with special focus on the North east region and the Andaman and Nicobar Islands. The other important focus area is introducing concept of Viability Price (VP) of Fresh Fruit Bunches (FFBs). VP mechanism has been designed to protect the farmers from the volatility in international CPO prices and will encourage them to increase area under cultivation. This is a positive step in the right direction as farmers will benefit from guaranteed

minimum support even in case of fall in global oil prices and will result in reduction in uprooting. The Company has been working closely with the Government authorities to make this mission a success. Being a top player in this segment, your Company is well-placed to capitalize on this opportunity.

During the year, there has been significant progress in all of our several digital initiatives. Our entire plantation areas in Andhra Pradesh and Telangana have been geo-tagged with more than 95% accuracy levels on tree count. Entire plantation footprint has been digitalised which enables timely fruit care interventions at farm level. The Company has also been working on various new initiatives such as micro climate monitoring at garden level, drone imaging, AI precision farming, end-to-end traceability integrated into in-house digital platform and providing one-stop-solution to network farmers. The Company has also made satisfactory progress on our ESG goals for Oil Palm business with entire energy requirements being generated in-house and achieving net zero carbon emissions.

Going forward, the focus will remain on improving productivity through agronomic and digital interventions while improving extraction ratio through operational efficiencies.

Dairy Business

Dairy industry witnessed a modest revival in demand in FY 2021-22 post gradual opening up of economy with easing covid restrictions. The demand recovery was largely driven by Value-Added Products (VAP), although HoReCa (Hotels, Restaurants and Catering) segment volumes were still below pre-Covid levels. Rapid spread of second wave and ensuing lockdowns restricted demand recovery in first quarter of the year. Thereafter, increased vaccination coverage and upswing in overall consumer confidence ensured strong growth in demand for VAP category.

Our dairy subsidiary, Creamline Dairy Products Limited (“CDPL”), reported 14% year-on-year increase in segment income in FY 2021-22. The notable comeback as compared to previous year was led by higher market share gains in curd, milk drinks and ghee. CDPL maintained its focus on strengthening the market position, increasing the brand awareness and new products development. CDPL launched new variants of Jersey Recharge energy drink, fruit yogurt as well as paneer and ghee. CDPL’s whey drinks category has been receiving excellent market response and we introduced two more flavours during the year – Mango and Apple. CDPL also expanded sales of Jersey milk beverages to Northern parts of the country, mainly Delhi, Punjab and Himachal Pradesh. CDPL successfully carried out massive customer outreach programme for “Jersey Ghee”

in Southern markets resulting in strong volume growth as compared to previous financial year. Overall, CDPL reaped benefits from continued efforts and strategic focus towards increasing salience of VAP category. Share of VAP in total sales further increased to 29% in FY 2021-22 from 27% in the previous year.

However, CDPL’s profitability was impacted due to high inflationary pressure on milk procurement prices as well as fuel and packaging material costs. The sharp rise in input costs could not be transmitted as no price hike was taken by the regional players in our key markets in the first nine months of FY 2021-22. Although there was some pricing action in fourth quarter of the year by major

players, the increase was marginal and insufficient to absorb entire input cost inflation. Consequently, CDPL reported a loss for the first time in FY 2021-22. In the near-term, CDPL will continue with its aim of growing milk volumes through customer activation plans for each of its markets. This will be supplemented by strengthening the direct milk procurement network which is a prerequisite to

Poultry and Processed Food Business

FY 2021-22 was a year of mixed performance for our subsidiary Godrej Tyson Foods Limited ("GTFL"). Favourable demand dynamics in Real Good Chicken (RGC) and live bird segments was offset by highly volatile live bird prices and elevated commodity inflation throughout the year.

Total income grew by 30% year-on-year driven by robust volume growth in Real Good Chicken (RGC) and live bird segments. However, unprecedented rise in input costs, mainly soya, played spoilsport leading to decline in profitability for the year. GTFL closed FY 2021-22 with segment results of ₹ 5.3 Crore as compared to ₹ 24.6 Crore in the previous year. In live bird segment, volume growth of 13% was strongly supported by similar increase in selling prices. After plunging sharply in the first quarter due to rapid rise in Covid cases during second wave, live bird prices recovered quickly and closed the year at a record high level. However, rising live bird costs due to feed inflation surpassed recovery in selling prices for part of the year. As a result, segment witnessed margin pressures and subsequent drop in profitability. In RGC category, volume growth of 61% was mainly led by Quick service restaurants (QSR) and Institutional sales. HoReCa channel, which constitutes a significant share of overall demand in RGC category, is yet to see full recovery to pre-Covid levels. Demand from HoReCa channel was sluggish in the first quarter due to channel disruption caused by Covid lockdowns. It regained its momentum quickly with fall in cases and increased out-of-home consumption. Nonetheless, limited transmission of inflated bird cost to selling prices resulted in a lower contribution margins and as a consequence, drop in segment results. In Yummiez segment,

providing quality and supply security. In the VAP category, focus will remain on launching new products based on market research coupled with accelerated consumer outreach and expansion of distribution channel in the existing markets. Higher volume growth and improvement in realisation on the back of price hikes are expected to drive CDPL's return to profitability in the coming year.

heightened demand for ready-to-eat and easy-to-cook frozen food products from the previous year started stabilising during the year. This could be attributed to easing lockdown restrictions and rising preference to out-of-home consumption. As a result, Yummiez witnessed flat growth in volume as well total income, albeit on a higher base.

In the medium term, GTFL's focus in RGC business will be on improving profitability through favourable product as well as channel mix and leveraging cost efficiencies. In Yummiez segment, GTFL's aim is to scale up volume growth through enhancing product portfolio and by adding new sales channels for increasing the distribution reach. During the year, GTFL continued to launch new products in the Yummiez segment to expand consumer offerings. At the same time, GTFL will remain committed to its primary aim of becoming the lowest cost producer of live bird with singular focus on cost control through operational efficiencies.

Opportunities, Strengths, Concerns

Opportunities and Strengths

- Increase market share in existing business verticals:** Several sectors in which your Company operates are largely unorganized, therefore, cost leadership is a key enabler for your Company to increase the market share of its products in those segments. The Company's ability to increase sales will be strengthened by continued focus on offering a wide range of innovative products across all business verticals which will help in gaining market share. Additionally, in the medium-term, due to supply chain disruption and lack of liquidity leading to the closure of smaller business units, larger players with strong balance sheets will gain market share.
- Pan-India presence with extensive supply and distribution network to benefit the Company in the long-run:** Your Company has a pan-India presence and operations spanning across 5 (five) business verticals. The Company has set up processing facilities and supporting infrastructure as well as R&D to develop a modern operating platform across key agriculture verticals. As a result of its widespread network and significant operational experience, the Company is well placed to identify key market trends and introduce a range of innovative and value-added products in the market to cater to the evolving needs of the customers. The nationwide footprint also allows the Company to leverage the competitive advantages of each location to enhance competitiveness and reduce geographic and political risks in businesses.

Diversified businesses with synergies in operations: Segmental and geographical diversification across business verticals provides a hedge against the risks associated with any particular industry segment or geography while benefiting from the synergies of operating in diverse but related businesses. Synergies across diverse businesses provide

the ability to drive growth, optimize capital efficiency and maintain competitive advantage. The Company also derives operational efficiencies by centralizing and sharing certain key functions across businesses such as finance, legal, information technology, strategy, procurement and human resources.

- Strong Research & Development (R&D) Capabilities:** The Company's emphasis on R&D has been critical to its success and a differentiating factor from competitors. Dedicated R&D is undertaken in existing products primarily with a focus to improve yields and process efficiencies. The Company also focuses on R&D efforts in areas where there is significant growth potential. Through our subsidiary Astec LifeSciences Limited, the Company has access to strong R&D capabilities in the agrochemical active ingredients category. Investment is also being made in developing innovative technologies to further grow our product portfolio across businesses.
- Focus on inorganically growing business offerings:** Your Company will evaluate inorganic growth opportunities, in keeping with the strategy to grow and develop market share or to add new product categories. Your Company may consider opportunities for inorganic growth, such as through mergers and acquisitions, if, amongst other things, they consolidate market position in existing business verticals or achieve operating leverage in key markets by unlocking potential efficiency and synergy benefits. Your Company can also look at opportunities that will strengthen and expand its product portfolio and increase its sales and distribution network.

Concerns

- Unfavourable local and global weather patterns can have an adverse effect on the business:** As an agri-based Company, the businesses are sensitive to weather conditions, including extremes such as drought and natural disasters. The availability of raw materials required for operations and the

demand for products may be adversely affected by longer than usual periods of heavy rainfall in certain regions or a drought in India. The occurrence of any unfavourable weather patterns may adversely affect business, results of operations and financial condition.

- **Availability of raw materials and arrangements with suppliers for raw materials:** Each of the businesses depends on the availability of reasonably priced, high-quality raw materials in the quantities required by operations. The price and availability of such raw materials depend on several factors beyond the Company's control, including overall economic conditions, production levels, market demand and competition for such materials, production and transportation cost, duties and taxes and trade restrictions. The Company typically sources raw materials from third-party suppliers or the open market which exposes the Company to volatility in the prices of raw materials and dependence on third-party for delivery of raw material. Also, any inability to procure raw materials from alternate suppliers in a timely fashion, or on commercially acceptable terms, may adversely affect operations.
- **Improper handling, processing or storage of raw materials or products:** The products that your Company manufactures or processes are subject to risks such as contamination, adulteration and product tampering during their manufacturing, transport or storage. Inherent business risks exist in form of product liability or recall claims if products fail to meet the required quality standards or are alleged to result in harm to customers. Such risks may be controlled, but not eliminated, by adherence to good manufacturing practices and finished product testing. Although the Company has product liability insurance cover for domestic and international markets for businesses, it cannot assure that this insurance coverage is adequate or that any losses will be adequately compensated by the insurers in the event of a product liability claim.

- **Seasonal variations in the businesses:** Your Company's businesses are subject to seasonal variations that could result in fluctuations in performance. For example, in the Animal Feed business, the Company sells lower volumes of cattle feed during the monsoons due to the availability of green fodder. In the Poultry and Processed Foods business, the demand for poultry products is higher in the second half of the Financial Year since the consumption of poultry meat and eggs is higher during winter months, while the sale of such products is lower during certain religious festivals. As a result of such seasonal fluctuations, sales and results of operations may vary by fiscal quarter. The sales and results of operations of any given fiscal quarter may not be relied upon as indicators of the sales or results of operations of other fiscal quarters or future performance. In addition, financial performance is also impacted by other risks such as inability to manage diversified operations, dependency of revenue from Animal Feed business and dependency of the utilization of services of third parties for our operations.

Internal Control System

Your Company remains committed to improve the effectiveness of internal control systems for business processes with regard to its operations, financial reporting and compliance with applicable laws and regulations. Your Company has adequate internal controls in place designed and developed to:

- a) Safeguard its assets from unauthorised use or losses
- b) Conduct its business operations efficiently in line with company's policies
- c) Maintain accuracy, completeness & reliability of the Financial and accounting records
- d) Compliance on laws and regulations
- e) Detect and prevent any fraud the frauds in the accounting & reporting system

The Company monitors the efficacy and functioning of its internal financial controls through periodic internal audits and multiple authority levels for expenditures and budgetary controls.

Material Developments in Human Resources / Industrial Relations

Your Company treats its employee workforce as a valuable asset and strives to provide them with a workplace that brings out the best in them. The Company trains employees regularly to increase the level of operational excellence, improve productivity and maintain compliance standards on quality and safety. Employees are offered performance-linked incentives and benefits and the Company conducts employee engagement programmes from time to time.

The Company also hires contract labour at few facilities, from time to time. Employees at certain facilities have formed registered unions. However, Your Company believes that it has good relations with the employees. As on March 31, 2022, the total number of permanent employees was 2,711.

The Company would like to sincerely appreciate the valuable contribution and support of employees towards the performance and growth of the Company. The management team comprises of professionals with a proven track record. The Company continues to remain focused and sensitive to the role of human resources in optimizing results in all its areas of working and its industrial relations also continue to be cordial.

16. Compulsory Transfer of Equity Shares to Investor Education and Protection Fund (“IEPF”) Account:

Pursuant to the provisions of Sections 124 and 125 of the Companies Act, 2013 and the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (as amended), all Equity Shares on which dividend has not been paid or claimed for 7 (Seven) consecutive years or more shall be transferred to the Investor Education and Protection Fund (IEPF) authority after complying with the procedure laid down under the said Rules.

Pursuant to the provisions of Sections 124 and 125 of the Act, there is no amount of Dividend remaining unclaimed / unpaid for a period of 7 (Seven) years and/or unclaimed Equity Shares which are required to be transferred to the Investor Education and Protection Fund (IEPF).

Unclaimed / Unpaid Dividend:

Shareholders who have not encashed the dividend warrants for the previous year(s), are requested to submit their claim with Kfintech at Selenium Tower B, Plot No. 31 & 32, Financial District, Nanakramguda, Gachibowli, Hyderabad – 500032, Telangana, India. The Company has also uploaded details of Unclaimed dividend amount(s) lying with the Company as on date of Annual General Meeting on the website of the Company i.e., www.godrejagrovvet.com.

- 17.** Shareholders may note that the Income Tax Act, 1961, as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a Company after April 1, 2020 shall be taxable in the hands of the Shareholders. The Company shall, therefore, be required to deduct Tax at Source (TDS) at the time of making payment of Final Dividend, if declared by the Shareholders. In order to enable the Company to determine the appropriate TDS rate as applicable, Members are requested to submit the documents in accordance with the provisions of the Income Tax Act, 1961.

- (a) For Resident Shareholders, TDS shall be deducted under Section 194 of the Income Tax Act, 1961, at rate in force on the amount of Dividend declared and paid by the Company during Financial Year 2022-23, provided Permanent Account Number (PAN) is registered by the Shareholder. If PAN is not registered or if they are specified person (non-filers) as per Section 206AB of the Income Tax Act, 1961, TDS would be deducted at rate in force (at present 20%) as per provisions of the Income Tax Act, 1961 and/or the Rules framed thereunder.

However, no tax shall be deducted on the Dividend payable to a resident individual if the total dividend to be received by such resident individual during the Financial Year 2022-23 does not exceed Rs.5,000/-. Please note that this includes future dividends, if any, which may be declared by the Company during the Financial Year 2022-23.

Separately, in cases where a Shareholder provides Form 15G (applicable to any resident person other than a company or a firm) / Form 15H (applicable to a resident individual above the age of 60 years), provided that the eligibility conditions are being met, no TDS shall be deducted.

- (b) For Mutual Fund Shareholders, TDS is exempt under Section 10(23D), provided Mutual Funds provide SEBI Registration / Central Board of Direct Taxes (CBDT) notification and declaration that their income is exempt under Section 10 (23D) of the Income Tax Act, 1961.
- (c) For Foreign Institutional Investors (FII) / Foreign Portfolio Investors (FPI), tax will be deducted under Section 196D of the Income Tax Act, 1961, at applicable rate, including surcharge and cess.
- (d) For Other Non-resident Shareholders, taxes are required to be withheld in accordance with, the provisions of Section 195 of the Income Tax Act, 1961 at the rates in force. However, as per Section 90 of the Income Tax Act, 1961, the Non-Resident Shareholder has the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) between India and the country of tax residence of the Shareholder, if they are more beneficial to them. For this purpose, i.e., to avail the Tax Treaty benefits, the Non-Resident Shareholder will have to provide the following:

- Self-attested copy of Tax Residency Certificate (TRC) obtained from the tax authorities of the country of which the shareholder is resident.
- Self-declaration in Form 10F if all the details required in this form are not mentioned in the TRC.
- Self-attested copy of the Permanent Account Number (PAN Card) allotted by the Indian Income Tax authorities.
- Self-declaration, certifying the following points:
 - i. Member is and will continue to remain a tax resident of the country of its residence during the financial year 2022-23;
 - ii. Member is eligible to claim the beneficial DTAA rate for the purposes of tax withholding on dividend declared by the Company;
 - iii. Member has no reason to believe that its claim for the benefits of the DTAA is impaired in any manner;
 - iv. Member is the ultimate beneficial owner of its shareholding in the Company and Dividend receivable from the Company; and
 - v. Member does not have a taxable presence or a permanent establishment in India during the financial year 2022-23.

Please note that the Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction / withholding on dividend amounts. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company, of the documents submitted by Non-Resident Shareholder.

Kindly note that the aforementioned documents are required to be submitted by 11.59 p.m. IST on Monday, July 25, 2022 to the Company at gavl.secretarial@godrejagrovvet.com and to Kfintech at [web-link \(https://ris.kfintech.com/form15\)](https://ris.kfintech.com/form15), in order to enable the Company to determine and deduct appropriate TDS / withholding tax rate. No communication on the tax determination / deduction received post Monday, July 25, 2022 shall be considered for payment of Final Dividend. No claim shall lie against the Company for such

taxes deducted. In case of any queries / difficulties, Shareholders may write to Kfintech at einward.ris@kfintech.com. Shareholders are also requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%.

It may be further noted that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details / documents from a Shareholder, there would still be an option available with such Shareholder to file the return of income and claim an appropriate refund, if eligible.

The Company shall arrange to send the soft copy of TDS certificate to a Shareholder on its registered email ID or make such functionality available on its website in due course, post payment of the said Dividend. Shareholders will also be able to see the credit of TDS in Form 26AS, which can be downloaded from their e-filing account at <https://incometaxindiaefiling.gov.in>.

18. Shareholders holding the shares in electronic mode may please note that their Dividend would be paid through National Electronic Clearing System (NECS) or Electronic Clearing Services (ECS) at the available RBI locations or NEFT. The Dividend would be credited to their Bank account as per the mandate given by the Shareholders to their Depository Participant(s). In the absence of availability of NECS / ECS / NEFT facility, the Dividend would be paid through demand drafts / dividend warrants and the Bank details as furnished by the respective Depositories to the Company will be printed on their demand drafts / dividend warrants as per the applicable regulations. For Shareholders who have not updated their Bank account details, dividend warrants / demand drafts will be sent to their registered addresses.

19. SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in dematerialized form are, therefore requested to submit their PAN to the Depository Participant(s) with whom they are maintaining their dematerialized accounts.

SEBI has mandated the submission of PAN, KYC details and nomination by holders of physical securities by March 31, 2023, and linking PAN with Aadhaar by March 31, 2022 vide its Circular dated November 3, 2021 and December 15, 2021. Shareholders are requested to submit their PAN, KYC and nomination details to the Registrar and

Share Transfer Agent of the Company, viz., Kfintech at einward.ris@kfintech.com. The forms for updating the same are available at <https://www.godrejagrovvet.com/investors/invest-or-service-request>.

In case a holder of physical securities fails to furnish these details or link their PAN with Aadhaar before the due date, our registrars are obligated to freeze such folios. The securities in the frozen folios shall be eligible to receive payments (including dividend) and lodge grievances only after furnishing the complete documents. If the securities continue to remain frozen as on December 31, 2025, the Registrar / the Company shall refer such securities to the administering authority under the Benami Transactions (Prohibitions) Act, 1988, and / or the Prevention of Money Laundering Act, 2002.

20. Shareholders holding shares in electronic form are hereby informed that Bank particulars registered against their respective Depository accounts will be used by the Company for payment of dividend. For the safety and interest of the Shareholders, it is important that Bank account details are correctly provided to the Depository Participants and registered against their demat account.
21. Shareholders who hold shares in physical form and who have not provided the information regarding Bank particulars, are requested to immediately notify the name of the Bank and the branch, 9-digit MICR number, 11-digit IFS Code and the nature of account and other required information in Form ISR-1 along with the supporting document(s) to Kfintech. The said Form ISR-1 is available on the Company's website at <https://www.godrejagrovvet.com/investors/invest-or-service-request> and on the website of the Kfintech at <https://ris.kfintech.com/clientservices/isc/default.aspx>.
22. As per Regulation 40 of SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from, April 1, 2019, except in case of request received for transmission or transposition and re-lodged transfers of securities. Further, SEBI vide its Circular No. SEBI/ HO/MIRSD/RTAMB/ CIR/P/2020/236 dated December 2, 2020 had fixed March 31, 2021 as the cut-off date for re-lodgement of transfer deeds and the shares that are re-lodged for transfer shall be issued only in demat mode. In view of the same and to avail various benefits of dematerialization and to

eliminate all risks associated with physical shares and for ease of portfolio management, Members are advised to dematerialize shares held by them in physical form. Shareholders can contact the Company or Kfintech for assistance in this regard.

Shareholders holding shares in more than one folio in the same name(s) are requested to send the details of their folios along with share certificates so as to enable the Company to consolidate their holding into one folio.

23. Shareholders are requested to send in their queries at least a week in advance of the AGM, to the Company Secretary & Compliance Officer at gavl.secretarial@godrejagrovvet.com to facilitate clarifications during the AGM.

CORPORATE GOVERNANCE REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022

In accordance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**Listing Regulations**”), the Board of Directors of **Godrej Agrovet Limited** (“**the Company**” / “**GAVL**”) have pleasure in presenting the Company's Report on Corporate Governance for the Financial Year ended March 31, 2022.

1. Company's Philosophy on Code of Corporate Governance:

The Securities and Exchange Board of India (“**SEBI**”) has introduced a Code of Corporate Governance for a listed company, which is implemented through the Listing Regulations, over and above the provisions of the Companies Act, 2013 (“**the Act**”) and the Rules framed thereunder, which are required to be complied by every company, whether listed or unlisted.

We, at GAVL, strongly believe that Corporate Governance is a set of systems and practices to ensure that the affairs of a company are being managed in a manner which ensures accountability, transparency and fairness in all its transactions in the widest sense and meet the aspirations and expectations of the stakeholders and the society as a whole. Corporate Governance refers to the framework of rules and practices by which the Company ensures ethical conduct which is in harmony with the interests of all its stakeholders. Corporate Governance requires professionals to enhance their knowledge, competencies and capabilities, in order to upgrade systems and processes which help in managing the enterprise and its resources effectively, with the highest standards of ethics.

Effective Corporate Governance practices and strong foundation of Godrej values have been GAVL's hallmark. The Company is a part of the 120 plus years-old Godrej Group which has an established reputation of honesty, integrity and sound governance since inception. Your Company is, therefore, committed to maintaining the highest standards of Corporate Governance in its conduct towards Shareholders, employees, regulators, customers, suppliers, lenders and other stakeholders. Your Company believes that Corporate Governance is a journey which leads to corporate growth and long-term gain in Shareholders' value.

Your Company is in compliance with the requirements of Corporate Governance as prescribed under the Listing Regulations.

2. Board of Directors:

a. Board Structure:

Your Company has an active, well-experienced and a well-informed Board with an optimum combination of 13 (Thirteen) Directors comprising of 12 (Twelve) Non-Executive Directors [out of which 5 (Five) are Non-Independent Directors and 7 (Seven) are Independent Directors] and 1 (One) Executive Director. The composition of the Board is in conformity with Regulation 17 of the Listing Regulations read with Section 149 of the Companies Act, 2013.

Your Company has 5 (Five) Women Directors out of which 3 (Three) are Independent Directors. More than half of the Board comprises of Independent Directors. The Board is headed by Mr. Nadir B. Godrej, Chairman (Non-Executive and Non-Independent Director), who is not related to the Managing Director of the Company as per the definition of “Relative” provided under the Companies Act, 2013. The detailed profiles of the Directors are available on the Company's website at <https://www.godrejagrovvet.com/know-us/board-of-directors>.

The Company has a right mix of Directors on the Board who possess the requisite qualifications, competence, expertise, professionalism and practical knowledge in General Management, Finance, Human Resources, Compliances, Legal, Corporate Social Activities, Research and other allied activities connected to the area of operation of the Company, which enables the Board to function effectively.

The Board provides and evaluates the Company's strategic decisions, management policies and their effectiveness, which shapes the Corporate Governance practices of the Company and ensures that Shareholders' long-term interests are being served. Mr. Balam S. Yadav, Managing Director is assisted by Senior Management Personnel in overseeing the functional matters of the Company.

The composition of the Board of Directors as on March 31, 2022 is summarized below:

	Chairman (Non-Executive)	Managing Director (Executive)	Non-Executive Directors		Total
			Non-Independent	Independent	
Number of Directors	1	1	4 (Of which 2 are Women Directors)	7 (Of which 3 are Women Directors)	13

b. Board Training and Induction:

At the time of appointing a Director, a formal Letter of Appointment is issued to him / her, which, *inter alia*, explains the role, functions, duties and responsibilities of a Director of the Company. The Director is also explained in detail the compliances required from him / her under the Companies Act, 2013 and the Listing Regulations and other relevant Regulations and his / her affirmation is taken with respect to the same.

c. Familiarization Programmes for Independent Directors:

All Directors, including Independent Directors, are provided with the requisite documents and reports to enable them to familiarize with the Company’s performance and practices. Periodic presentations are made at the Meetings of the Board and Committees thereof, on the business and performance of the Company. Quarterly updates on relevant statutory changes covering important applicable laws are discussed at the Meetings of the Board.

The details of familiarization programme conducted for Independent Directors have been disclosed on the Company’s website at the web-link <https://www.godrejagroviet.com/investors /compliance>

d. Board Procedure and Meetings:

The Board of Directors, *inter alia*, focuses on and oversees Strategic Planning, Risk Management, Compliance, Corporate Governance, Financial Controls, Succession Planning for Directors, etc., with high standards of ethical conduct and integrity, in order to protect the best interests of all the stakeholders, including Shareholders.

The Board of Directors meets at regular intervals to discuss and decide on business strategies / polices and reviews the financial and operational performance of the Company and its subsidiaries. In case of business exigencies, the Board’s approval is taken through

Resolutions by way of Circulation. The Resolutions by Circulation are noted at the subsequent Board Meetings.

The Agenda for the Meetings of the Board and its Committees are circulated in advance as per the provisions of the Companies Act, 2013 and the Rules framed thereunder and Secretarial Standard – 1 (“SS-1”), i.e., Secretarial Standard on Meetings of Board issued by the Institute of Company Secretaries of India (“ICSI”) (which prescribes a set of principles for convening and conducting Meetings of the Board of Directors and matters related thereto) and also to ensure sufficient time is provided to Directors to prepare for the Meetings.

The Board meets at least once in a Quarter to, *inter alia*, review, approve and take note of Quarterly / Half-Yearly / Annual Standalone and Consolidated Financial Results of the Company (along with the Reports of the Statutory Auditors thereon, as may be applicable), Cost Audit Reports, Secretarial Audit Reports, annual operating plan and budgets, capital budgets and updates thereon, various Compliance Report(s) under the applicable laws, major legal issues, regulatory developments, Minutes of the Meeting(s) of the Board and its Committees and those of its Subsidiary Companies, Significant Transactions entered into with Related Parties and note compliances with other law(s) as applicable to the Company and the Listing Regulations. The Meetings of the Board of Directors are usually held at the Registered Office of the Company at “Godrej One”, Pirojshanagar, Eastern Express Highway, Vikhroli (East), Mumbai – 400079 (Maharashtra). During the Financial Year 2021-22, the Company had provided Video Conferencing (VC) facility to its Directors to enable their participation in the midst of COVID-19 pandemic, so that they can contribute in the discussions at the Meetings.

The Board is provided access to all the Company-related information, including but not limited to, information mentioned under Regulation 17 read with Part A of Schedule II to the Listing Regulations.

In the path of digitization and with a view to ensure its commitment to “Go-Green” Initiative of the Ministry of

Corporate Affairs, Government of India and the “Good & Green” policy of the Godrej Group, the Company has started circulating to its Directors, Notices, Agenda and other relevant notes and documents for the Meetings of the Board and Committees thereof through an electronic platform, thereby ensuring seamless access, high standards of security and confidentiality of Board and its Committee Meetings related documents.

The Company Secretary attends all the Meetings of the Board and its Committees and is, *inter alia*, responsible for recording the Minutes of such Meetings. The draft Minutes of the Meeting of the Board and its Committees are sent to the Members for their comments in accordance with the Secretarial Standards and then, the Minutes are entered in the Minutes Book

within 30 (Thirty) days from the conclusion of the Meetings, subsequent to incorporation of the comments, if any, received from the Directors. The Company adheres to the provisions of the Companies Act, 2013 read with the Rules framed thereunder, Secretarial Standards and Listing Regulations with respect to convening and holding the Meetings of the Board of Directors and its Committees.

During the Financial Year 2021-22, 4 (Four) Board Meetings were held, i.e., on May 7, 2021, August 10, 2021, November 9, 2021 and February 4, 2022 and the maximum interval between any 2 (Two) consecutive Board Meetings was well within the maximum allowed time gap of 120 (One Hundred and Twenty) days. The Company's Risk Management Policy requires to hedge its foreign currency exposure in accordance with the exposure limits advised from time to time. The Company uses forward exchange contracts to hedge its currency risk. Such contracts are generally designated as cash flow hedges.

The forward exchange contracts are denominated in the same currency as the highly probable future transaction value; therefore, the hedge ratio is 1:1. Most of these contracts have a maturity of 18 months from the reporting date. The Company's policy is for the critical terms of the forward exchange contracts to align with the hedged item.

The Company determines the existence of an economic relationship between the hedging instruments and hedged item based on the currency, amount and timing of their respective cash flows.

The Company assesses whether the derivative designated in each hedging relationship is expected to be and has been effective in offsetting the changes in the cash flows of the hedged item using the hypothetical derivative method.

In these hedge relationships, changes in timing of the hedged transactions are the main source of hedge ineffectiveness.

2. REVIEW OF OPERATIONS / STATE OF AFFAIRS OF THE COMPANY, ITS SUBSIDIARIES, JOINT VENTURES & OTHER ASSOCIATES:

Review of Operations / State of Affairs of the Company:

Your Company is a food and agri-conglomerate, dedicated to improving the productivity of Indian farmers by innovating products and services that sustainably increase crop and livestock yields.

The Financial Year 2021-22 was a strong financial year for your Company, in terms of top line growth with strengthening profitability. Your Company delivered a solid performance, clocking highest ever Total Income of ₹ 8,385.7 Crore during the Financial Year 2021-22, growing at 33.0% year-on-year. Consolidated Profit Before Exceptional Items and Tax grew by 23.3% year-on-year. Most of your Company's businesses registered a strong volume growth, with the exception of standalone Crop Protection segment. Growth in profitability was largely driven by Animal Feed, Oil Palm and Astec LifeSciences Limited (a subsidiary of your Company), while Crop Protection and Food businesses reported a decline in the operating margin.

There has been no change in the nature of business of your Company during the Financial Year 2021-22.

The business-wise performance of your Company is discussed in detail as follows:

Businesses of the Company:

Animal Feed:

During the Financial Year 2021-22, the Animal Feed segment posted strong recovery in volumes which grew by 20.3% year-on-year. The robust volume growth was driven by new product launches and market share gains in key regions and this, coupled with higher realisations, led to 40.6% growth in the Animal Feed segment revenues during the Financial Year 2021-22. Segment results grew by 22.2% year-on-year, driven by realisation of Research & Development (R&D) benefits, price hikes and strategic stocking. This is despite entire feed industry suffering from a margin deterioration on account of the higher input costs inflation. All the major input commodities such as soybean meal, maize, fishmeal and de-oiled rice bran cake, etc. witnessed an unprecedented inflation during the Financial Year 2021-22.

Crop Protection:

Standalone Crop Protection segment revenues declined to ₹ 544.9 Crore during the Financial Year 2021-22, from ₹ 581.5 Crore during the Financial Year 2020-21. Your Company's product sales were severely impacted by an erratic monsoon and the extreme weather conditions. During the second half of the Financial Year 2021-22, your Company focused on improving channel hygiene, which led to higher sales returns and increased provisions for doubtful debts. As a result, Standalone segment results declined by 33.9% to ₹ 101.4 Crore from ₹ 153.4 Crore. Your Company continued to work towards increasing the distribution reach of the in-house products by partnering with other major agrochemical players in the industry. Your Company launched 'Gracia' during the Financial Year 2021-22, extending in-licensing arrangement with Nissan Chemical Corporation, Japan.

Vegetable Oil:

Vegetable Oil segment registered excellent performance during the Financial Year 2021-22, driven by record-high oil prices, notable improvement in oil extraction ratio and a modest increase in volumes. Segment revenues increased to ₹ 1,264.8 Crore from ₹ 710.0 Crore, an increase of 78.1%. At the same time, segment results increased by 187.6% to ₹ 240.8 Crore from ₹ 83.7 Crore. Average prices for crude palm oil and palm kernel oil increased by 51% and 90% year-on-year respectively, during the Financial Year under review.

Review of Operations / State of Affairs of Subsidiaries, Joint Ventures & Other Associates:

Your Company has interests in several businesses, including dairy products, poultry, value-added vegetarian and non-vegetarian products, cattle breeding and dairy farming, through its Subsidiaries, Joint Ventures and other Associates.

Pursuant to the provisions of Section 129(3) of the Companies Act, 2013 read with the Rules framed thereunder, a statement containing the salient features of the Financial Statements of our Subsidiaries and Associates in the Form AOC-1 is annexed to and forms part of the Financial Statement. The statement provides the details of performance and financial position of each of the Subsidiaries and Associates. In accordance with Section 136 of the Companies Act, 2013, the Audited Financial Statements, including the Consolidated Financial Statements, the Audited Financial Statements of all the subsidiaries of your Company and other

documents annexed thereto are available on your Company's website: www.godrejagrovvet.com.

Your Directors present herewith, a broad overview of the operations and financials of Subsidiaries, Joint Ventures and other Associates of your Company during the Financial Year 2021-22, as follows:

A. Review of Operations / State of Affairs of the Subsidiaries of the Company:

1. Godvet Agrochem Limited:

Godvet Agrochem Limited ("Godvet") is a wholly - owned subsidiary of your Company. During the Financial Year 2021-22, Godvet recorded Profit Before Tax of ₹ 1.1 Crore, as compared to Profit Before Tax of ₹ 3.8 Crore during the Financial Year 2020-21.

2. Astec LifeSciences Limited & Its Subsidiaries:

Astec LifeSciences Limited ("Astec") manufactures agrochemical active ingredients (technical), bulk and formulations, intermediate products and sells its products in India as well as exports them to approximately 25 (Twenty Five) countries.

During the Financial Year 2021-22, Astec recorded Consolidated Total Income of ₹ 687.0 Crore, representing a growth of 22.1% over the previous Financial Year 2020-21. Profit Before Exceptional Items & Tax also increased to ₹ 121.1 Crore, which is a growth of 36.0% year-on-year.

The shareholding of your Company in Astec as on March 31, 2022 was 63.29% of the total Paid-up Equity Share Capital of Astec.

Subsidiaries of Astec LifeSciences Limited:

Astec had the following 2 (Two) Subsidiaries throughout the Financial Year 2021-22:

(i) Behram Chemicals Private Limited:

During the Financial Year 2021-22, Behram Chemicals Private Limited reported a Profit Before Tax of ₹ 0.09 Crore, as compared to Profit Before Tax of ₹ 0.09 Crore during the previous Financial Year 2020-21.

ANNEXURE 'A' TO THE DIRECTORS' REPORT

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES FOR THE FINANCIAL YEAR 2021-22

1. Brief Outline on CSR Policy of the Company:

At Godrej Agrovat Limited ("GAVL"), we are committed to the Godrej Group's 'Good & Green' vision of creating a more inclusive and greener India. Our strategic Corporate Social Responsibility (CSR) projects, undertaken as part of our overall sustainability framework, actively work towards the Godrej Group's 'Good & Green' goals and have helped us carve out a reputation for being one of the most committed and responsible companies in the industry.

We endeavour to address critical social, environmental and economic needs of marginalised and underprivileged sections of our communities, by adopting a shared value approach, i.e., to help solve problems, while strengthening our competitive advantage.

The key purpose of our CSR Policy is to:

- Define what CSR means to us and the approach adopted to achieve our 'Good & Green' goals;
- Identify broad areas of intervention in which we will undertake CSR projects;
- Define the kind of projects that will come within the ambit of CSR;
- Serve as a guiding document to help execute and monitor CSR projects;
- Elucidate criteria for selection of implementation agencies;
- Explain the manner in which the surpluses from CSR projects will be treated.

We have conducted a Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Godrej Agrovat Limited – CIN: L15410MH1991PLC135359** (hereinafter called the 'Company') during the Financial Year from April 1, 2021 to March 31, 2022 ('the year' / 'audit period' / 'period under review').

We conducted the Secretarial Audit in a manner that provided us a reasonable basis for evaluating the Company's corporate conducts/statutory compliances and expressing our opinion thereon.

We are issuing this report based on:

- (i) Our **verification** of the books, papers, minute books, soft copy as provided by the Company and other records maintained by the Company and furnished to us, forms / returns filed and compliance related action taken by the Company during the Financial Year ended March 31, 2022 as well as before the issue of this report,
- (ii) **Compliance Certificates** confirming Compliance with all laws applicable to the Company given by Key Managerial Personnel / Senior Managerial Personnel of the Company and taken on record by Audit Committee / Board of Directors, and
- (iii) **Representations** made, documents shown, and information provided by the Company, its Officers, Agents and Authorized Representatives during our conduct of Secretarial Audit.

We hereby report that in our opinion, during the audit period covering the Financial Year ended on March 31, 2022, the Company has:

- (i) Complied with the statutory provisions listed hereunder, and
- (ii) Board-processes and compliance mechanism in place to the extent,

in the manner and subject to the reporting made hereinafter.

The Members are requested to read this Report, along with our letter of even date annexed to this report as **Annexure-A**.

1. Compliance with Specific Statutory Provisions:

We further report that:

1.1. We have examined the books, papers, minute books and other records maintained by the Company and the forms, returns, reports, disclosures and information filed or disseminated during the Financial Year under review, according to the applicable provisions / clauses of:

- (i) The Companies Act, 2013 and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations & Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Regulations'):

- (a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - (b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (d) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993; and
 - (e) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.
- (vi) Secretarial Standards issued by The Institute of Company Secretaries of India (Secretarial Standards).

1.2. During the period under review, and also considering the compliance related action taken by the Company after March 31, 2022 but before the issue of this report, the Company has, to the best of our knowledge and belief and based on the records, information, explanations and representations furnished to us:

(i) **Complied with** the applicable provisions / clauses of the Act, Rules, SEBI Regulations and Agreements mentioned under sub-paragraphs (ii),(iii) and (iv) of paragraph 1.1 above.

(ii) **Complied** with the applicable provisions / clauses of:

- a) The Act and Rules mentioned under paragraph 1.1 (i); and
- b) The Secretarial Standards on Meetings of the Board of Directors (SS-1) and Secretarial Standards on General Meetings (SS-2) mentioned under paragraph 1.1 (v) above, to the extent applicable to Board Meetings and Committee Meetings held during the review period, the 30th Annual General Meeting held on 10th August, 2021 (30th AGM) and resolutions passed by circulation. The compliance of the provisions of the Rules made under the Act [paragraph 1.1(i)] and SS-1 [paragraph 1.1(vi)] with regard to the Board Meetings and Committee Meetings held through video conferencing during the review period were verified based on the Minutes of the Meetings provided by the Company.

1.3. We are informed that, during the Financial Year 2021-

22, the Company was not required to initiate any compliance related action in respect of the following laws / rules / regulations / standards, and was consequently not required to maintain any books, papers, minute books or other records or file any form / returns thereunder:

BUSINESS RESPONSIBILITY REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022

Godrej Agrovet Limited (“the Company”) has pleasure in presenting this Business Responsibility Report for the Financial Year (F.Y.) 2021-22, in terms of the provisions of Regulation 34(2) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Circular Ref. No. CIR/CFD/CMD/10/2015 dated November 4, 2015, issued by the Securities and Exchange Board of India (“SEBI”). This Report aims at elaborating various initiatives taken by the Company from an environmental, social and governance perspective. This Report is prepared in conformity with the ‘National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business’ (“NVGs”) which were notified by the Ministry of Corporate Affairs (“MCA”), Government of India, in July 2011.

The Company well recognizes the underlying rationale of NVGs, that a corporate is required to act as a ‘Responsible Business’ and ensure that its financial and operational growth is socially and environmentally sustainable. It has been a part of the Indian tradition over the centuries, to part

with a portion of one’s surplus wealth for the good of the society, even a practice in the business community. There is also a rising demand from all stakeholders that businesses of all forms, types and sizes should function with fairness and be socially responsible.

The worldwide unprecedented outbreak of Coronavirus disease - COVID-19 [declared as a pandemic by the World Health Organization (WHO)] has caused devastating effects on the economies and on millions of people across the world, including India. Thanks to the various efforts taken by the Central and State Governments across India and the support thereto rendered by all the sections of the society, including the community workers, medical service providers, corporates and the public at large, India is being able to recover from the COVID outbreak in gradual course. The Company is also committed to stand in solidarity with the citizens and the Government of India and support their efforts by doing to the best of its capabilities to serve its customers, employees and communities.

This Business Responsibility Report describes the activities of the Company under each of the following 9 (Nine) principles as outlined in the NVGs:

Principle 1	Businesses should conduct and govern themselves with Ethics, Transparency and Accountability
Principle 2	Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle
Principle 3	Businesses should promote the well-being of all employees
Principle 4	Businesses should respect the interests of, and be responsive, towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized
Principle 5	Businesses should respect and promote human rights
Principle 6	Businesses should respect, protect and make efforts to restore the environment
Principle 7	Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner
Principle 8	Businesses should support inclusive growth and equitable development
Principle 9	Businesses should engage with and provide value to their customers and consumers in a responsible manner

The Company is a part of the “Godrej” Group, one of the largest professionally run private-sector groups in the country which has emerged as a major industrial and agricultural conglomerate acclaimed for the excellent quality of its products and services. “Godrej” Group has a well-established presence in varied businesses ranging from foods and consumer durables to chemicals and real estate. The Group has completed over 100 years of service to the nation and is amongst the admired business groups in India, delivering quality products and services to its customers at competitive costs, with highest international standards of customer care.

Further, it is noteworthy that the Godrej Group has been at the forefront of philanthropic and social activities for several decades, including but not limited to environmental protection, healthcare and education.

In the words of Mr. N.B. Godrej, the Chairman of the Company, the sustainability efforts by the Godrej Group can be described as:

“Much benefit can be seen

From our program Good and Green.

Society and business gain

From all the people that we train.

We thought we'd have to pay a price

For green energy but it's very nice

The costs have fallen very low

And every day our savings grow!”

A portion of the shares of the Godrej Group are held in trusts that invest back in initiatives that support the environment as well as improve the quality and availability of healthcare and education. Through investment and oversight by the trust, a large tract of mangrove forests in Mumbai (Maharashtra) have been protected, developed, and maintained for several years and serve as a second set of lungs for the city. The Godrej Group has continually supported education and supports the Udayachal pre-primary and primary schools, which focus on the all-round development of children. The Udayachal high school has been accredited with the International School Award in recognition of the school incorporating global education

ABOUT THE GODREJ GROUP AND ITS PHILANTHROPIC INITIATIVES:

into its curriculum and innovation into classroom teaching. In addition, the Godrej Group has supported initiatives in healthcare through the Godrej Memorial Hospital at Vikhroli, Mumbai (Maharashtra), which aims to provide quality healthcare at affordable costs. One such initiative is our partnership with ‘Smile Train’, a US-based NGO, which helps in performing corrective cleft lip and palate surgeries for children from low-income families. The Group offers surgery and hospitalization to the patients free of cost.

All the businesses in the Godrej Group are inspired by the Brighter Living philosophy and have imbibed Godrej values. “Brighter Giving” is a structured, skill-based, long-term volunteering programme or platform through which the employees can offer their time, knowledge and skills in meaningful, volunteering projects. This programme has a long-term goal of seeking to enable and drive meaningful initiatives for the Godrej Group’s non-profit partners and/or their beneficiaries. It also serves as a channel through which the employees can connect with and learn more about “Good & Green”. In conjunction with the Godrej Group’s vision for “Brighter Giving” for all stakeholders, the Group has developed a long-term vision of “Godrej Good & Green” for playing an active part in creating a more inclusive and greener India.

Operationalizing Good & Green is founded on shared value initiatives. The concept of “shared value” is defined as policies and operating practices that enhance the competitiveness of a company while simultaneously advancing the economic and social conditions in the communities in which it operates. As a part of Good & Green, the Group aspires, to create a more employable Indian workforce, a greener India and innovate for good and green products.

ABOUT GODREJ AGROVET LIMITED AND ITS CORPORATE SOCIAL (CSR) INITIATIVES:

The Company is one of India’s foremost diversified agribusiness companies, mainly engaged in the business of Animal Feed, Crop Protection and Oil Palm. The Company’s mission is to improve the productivity of Indian farmers by innovating products and services that sustainably increase crop and livestock yields. The Company has nurtured a close relationship with Indian farmers across the length and breadth of the country, by bringing world class farming practices and techniques to them and offering end-to-end solutions for issues faced by them, thereby enabling them to enhance their financial gains. In its journey of growth, the Company has set new standards of corporate performance, reliably and consistently delivering excellent quality products and services to all our customers at competitive prices.

The Company, as a part of the larger Godrej Group, shares the Group's vision and initiatives in creating a more employable Indian workforce, a greener India and innovating good and green products.

The Company has a comprehensive Corporate Social Responsibility (CSR) Policy in place, which is posted on the Company's website www.godrejagrovvet.com. The CSR Policy

outlines programmes and projects which the Company undertakes to create a positive impact on its stakeholders. The CSR Committee reviews, monitors and provides strategic inputs for our sustainability efforts. Over the years, the Company has aligned its sustainability efforts with the priorities of the nation and the needs of local communities to deliver high-impact programmes that are easy to scale up.

Dealings with Business Partners:

The Company encourages its business partners, viz., group companies, joint ventures, suppliers, distributors, contractors, etc. to follow ethics, transparency and accountability in their dealings with the Company.

PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES THAT ARE SAFE AND CONTRIBUTE TO SUSTAINABILITY THROUGHOUT THEIR LIFE CYCLE

The Company believes that in order to function effectively and profitably, the Company needs to endeavour to improve the quality of life of people and to ensure this, the Company is required to thoroughly

work upon all stages of the product life cycle, right from design to final disposal of the goods after use.

Godrej Group's Good & Green vision supports the development of goods which are environmentally sustainable. As part of the vision, the Company aspires to develop products which consume fewer resources (energy, water), emit fewer greenhouse gases and include recyclable, renewable, and/or natural materials to the maximum possible extent, through extensive research.

The Company aims to bring in world class farming practices and techniques to Indian farmers and to offer end-to-end solutions for issues faced by them, thereby enabling them to enhance their financial gains. The Company works closely with Indian farmers to develop over hectares of smallholder Oil Palm Plantations to bridge the demand and supply of edible oil. Innovation is a key driver of our strategy. The Company is constantly engaged in experimentation and looks for research-based solutions to improve farm productivity and thereby, the profitability of farmers.

The Company stays committed to making environmental sustainability a key part of its manufacturing processes. At the Company's factories, there is a relentless focus on productivity and environmental sustainability. To strengthen this approach, the Company has invested in a robust technology solution that has revolutionized the speed and accuracy of data monitoring and work towards achieving the targets. The Company is continuously working on energy efficiency and trying to get the best possible technology available in the market. The Company is moving from low efficient to highly efficient utility. Technologies implemented by the Company are

not only energy efficient but also more reliable. This has helped the Company to reduce down time, enhance productivity and build a more sustainable business. The Company recognizes the fact that over-consumption results in unsustainable exploitation of the planet's resources, and therefore, it is necessary to promote sustainable consumption of resources, including recycling of resources.

The Company endeavours to raise consumer awareness through appropriate labelling and helpful marketing communication. While being vigilant about protection of the Company's own intellectual property, the Company respects the rights of other owners of intellectual property rights in the society at large.

PRINCIPLE 3: BUSINESSES SHOULD PROMOTE THE WELL-BEING OF ALL EMPLOYEES

The Company has amicable employee relations at all locations and would like to place on record its sincere appreciation for the unstinted support it continues to receive from all its employees.

The Company constantly makes concerted efforts towards creating learning and development opportunities on a non-discriminatory basis, that continually enhance the employee value in line with the organizational objectives. Also, the safety and health of employees is utmost important to the Company and the Company is committed to building and maintaining a safe and healthy workplace. Some of the measures / initiatives taken at the Company-level or at Godrej Group-level are as follows:

DIVERSITY AND EQUAL OPPORTUNITIES:

The Company values diversity and is committed to offering equal opportunities in employment. The Company does not discriminate against any team member or applicant for employment on the basis of nationality, race, colour, religion, caste, creed, gender, gender identity / expression, sexual orientation, disability, age, or marital status and always allows for equal opportunities for all team members. Diversity and inclusion initiatives are taken care of at the corporate level by the 'Diversity & Inclusion' team and are supported by the Diversity Council comprising of business leaders and HR representatives from across businesses and Associated Companies in the GILAC Group.

Some of the initiatives taken by our Diversity & Inclusion Team include the following:

• **Godrej Careers 2.0**

The Careers 2.0 programme offers live business projects of 6-9 months duration to women who are currently on a career break. This programme is designed to integrate women back into the workforce who have taken a break due to various reasons.

• **Godrej Women's Leadership Network**

The Godrej Women's Leadership Network provides women at Godrej several opportunities to network, learn and grow.

• **Godrej Alliance for Parents [GAP]**

Godrej Alliance for Parents is a great resource for working parents and their spouses to share experiences and discuss issues ranging from childcare to children's education and their own work life balance.

• **Diversity Sensitization Workshops**

A special diversity sensitization workshop focusing on gender inclusion is being conducted for all people managers across the GILAC group. The workshop focuses on unconscious biases and how managers can tackle them in the workplace to create an inclusive culture.

The Company is committed to creating and maintaining an atmosphere in which all employees can work together, without fear of sexual harassment, exploitation or intimidation. A gender-neutral policy on prevention of sexual harassment has been in place for years. The existing policy was further strengthened by adoption of a Policy and constitution of Internal Complaints Committee at Head Office (HO) as well as at regional levels under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and the Rules framed thereunder.

All employees are required to go through mandatory training on prevention of sexual harassment.

HEALTH AND SAFETY

• **On-campus**

The Company has canteen facility at Head Office (HO) and certain locations, where food and refreshments are provided to ensure that hygienic and healthy food is available at the premises. All Company premises are non-smoking zones. Smoking is strictly prohibited in the campus. Initiatives like fire safety training are also regularly undertaken.

• **Health Check-up**

The Company has initiated a policy for annual health check-up of employees.

GOOD WORKING ENVIRONMENT:**• Progressive Human Resource (HR) Policies**

The Company prides itself as a great place to work, a fact recognized and acknowledged externally as well. HR policies like flexible working hours, work from home arrangements, part-time work, leave and benefits, adoption leave and benefits, extended maternity leave and benefits, paternity leave and benefits – to name a few – go a long way in ensuring that the employees successfully strike a work-life balance.

EMPLOYEE ENGAGEMENT:**• Engagement Forums**

There are multiple touch points for leadership team to interact with employees through forums like long range plan, annual operating plan, engagement surveys, HR connect sessions, etc. The Company invests in functional training for all employees in line with their current and future career aspirations. The learning suite encompasses functional training, leadership development programs and behavioural training geared towards leading self, leading others and leading business.

At Godrej, it is believed that employee awareness and engagement is a key factor in driving sustainability. The Company continues to demonstrate employee engagement in the form of training and development, education, communication, activities and recognition.

Towards the end of the Financial Year 2021-22, the Company's staff has resumed offices from a work from home.

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF, AND BE RESPONSIVE, TOWARDS ALL STAKEHOLDERS, ESPECIALLY THOSE WHO ARE DISADVANTAGED, VULNERABLE AND MARGINALIZED

The Company recognizes that it has the responsibility to think and act beyond the interests of its internal stakeholders, to include all its stakeholders beyond its employees.

The stakeholder engagement process consists of a variety of activities from stakeholder identification, consultation, prioritization, collaboration and reporting. The identification of all relevant stakeholders and understanding their expectations is of high concern for the Company in its quest to be sustainable. The Company identifies key stakeholders on the basis of their influence on the Company's operations and the Company's impact on them. The Company has already identified and prioritized key stakeholders and

continues its engagement with them through various mechanisms such as consultations with local communities, supplier / vendor meets, customer / employee satisfaction surveys, investor forums, etc.

The Company gives high priority to communities around our plant locations. In order to develop programmes that meet the needs of these communities, a detailed community needs assessment in priority plant locations was carried out through an external third-party consultant. The team followed a three-step approach, where the connected with the plant and corporate office, held extensive field-based assessments, backed by thorough secondary research to validate key facts and add on additional information available from official sources. The result is a comprehensive report of the community, their needs, gaps in the system and the Company's way forward. The Company is now in the process of implementing high impact community development programmes based on the recommendations from the assessment.

The Company is working in partnership with the government and local village communities. This approach helps the Company to distribute accountability and ensure long-term impact of its community development initiatives.

a. COVID-19 Relief Initiatives and Vaccination awareness

COVID-19 has been a public health crisis of unprecedented proportions and has impacted the marginalised communities the most, both in terms of health facilities and economic dimensions. Even when vaccinations began, people from low-income and underserved communities were left behind. The Company provided medical infrastructure support in 11 locations around its operations. The Company started vaccination awareness drives in communities around several of its manufacturing plants facilities, drove awareness and provided vaccination support to 14,810 people near three of its plant locations - Hoskote, Seethanagaram and Dindori. The Company enabled door-to-door vaccination services for the elderly and vulnerable people and also organized vaccination awareness sessions with 9,200 students in 3 districts of Maharashtra to reduce vaccine hesitancy.

b. Grameen Vikas – Livelihoods and Entitlements

The Company collaborated with non-profit organisations and social enterprises to design and run several livelihood and entitlement programmes for beneficiaries from low-income sections of society. The Company aims to improve their earning potential by building their skills, handholding farm and non-farm enterprises, empowering on savings and enterprise

management, and them connecting with the relevant government schemes.

The programme aims to work with primarily women and marginalized groups to diversify their income streams, enhance their access to government schemes and thereby help reduce their vulnerability to the climate change and its economic impact. The Company's key initiatives and impact in FY 2021-22 are listed below:

- The Company trained 769 farmers across Maharashtra, Uttar Pradesh, Bihar and Chhattisgarh and helped them improve farming practices by providing input support such as good quality seeds, and vermicompost among others. The turmeric cultivation benefitted 43 farmers with a net profit of ₹ 2.8 Lakh per cycle; Intensified vegetable cultivation benefitted 156 farmers with a net profit of ₹ 3.7 Lakh; and the Company helped create 8 farmer groups with 149 farmers for Farmer Producer Organisation (FPO) linkages.
- The Company trained 1,498 women on savings and enterprise management that included training on

(Women led off-farm enterprises of poultry and fishery)

c. Integrated Watershed Management

Around the world, climate change is affecting seasonal weather patterns, leading to either intense precipitation or drought-like events. In 2016-17, the Company initiated an Integrated Watershed Management programme in the drought prone districts of Magadi, Karnataka and Barwani, Madhya Pradesh. The Company is working in partnership with NABARD and a Local NGO to help restore the ecological balance of the region and mitigate the risk of climate change for the local farmers. The Company has completed treating 4,423 hectares of land covering 100% of total area in Magadi and 54% of the total area in Barwani. To date, the Company has provided approximately 3 lakh saplings for direct and seed dibbling. Over 2,940 farmer households have been

accounting, marketing, and enterprise development among others. The Company enabled formation of 672 non-farm enterprises on fisheries, poultry, and goatry. The Company helped create 126 fisheries units with a turnover of ₹ 1.25 Lakh; 200 integrated poultry and fisheries model with an average profit of ₹ 28,000.

- National and State governments run various welfare schemes for farm and off-farm enterprises and farmers. The Company connected 2,532 people with govt. schemes which led to 158 people receiving pension support leveraging ₹ 4.8 Lakh; 10 farmers were enrolled in National Mission for Sustainable Agriculture leveraging ₹ 3.04 Lakhs and 5 received subsidy on agricultural machinery leveraging ₹ 1.7 Lakh.
- The Company also helped set-up 250 kitchen gardens that help improve the nutrition of the household and also act as an alternate source of income for the rural households.

benefitted from the project. The Company has engaged with 1,794 farmers to support their livelihoods and build their capacity, in order to diversify their income. 6.5 million m³ of water in FY 2021-22 has been captured through the project, which has helped Godrej Agroveter become a Water Positive Company. The Company has also been able to sequester 23,879 ton of carbon which is 24% of its total Carbon Footprint.

By the FY 2023-24, the Company aims to treat a total of 5,941 hectares of land as well as build the capacity of the whole community on Water Management and Sustainable Agriculture.

(Integrated watershed structures in Mohaliya Village, Barwani, Madhya Pradesh)

d. Education

As per the 2021 Annual Status of Education Report (ASER), children have touched the lowest point in the decade, both in terms of reading and numerical abilities. This was led by the learning gap fuelled by COVID-19 as students have faced numerous challenges in trying to attend online classes from home.

The Company's teams around its Manufacturing Plants in Maharashtra and Uttar Pradesh along with its NGO Partner, have set up Digital Cafés with Tablets and pre-loaded syllabus and videos for classes 6 – 10. The Café also has a mentor from the local community to help the students in the learning process. Company's teams mobilised over 486 students to watch over 15,000 hours of educational content that's easy to understand. The

Café supplements the school curriculum and functions as a coaching substitute for rural students. It aims to bridge their learning loss and improve their academic performance. The Company aims to scale up the programme and support 50,000 students by 2025.

The Company has also experimented a physical and mental fitness programme with government schools around our plants in Andhra Pradesh and Punjab engaging over 4,075 students. With an aim to bring physical education to children at home, teachers and students are connected via WhatsApp groups. They are given daily fitness activities and challenges and are guided and motivated to participate. Close to 75% students actively participated in the online engagement.

e. Renewable Energy Initiative for Urban College and its students

For the last 60 years, Sophia College has been committed to responding to the changing needs of women in our society. These women are going to be the change for sustainable and inclusive development. In an effort, to bring in sustainability to education institutes and optimize energy utility, the Company has installed a solar rooftop power plant with a capacity of 64.02kW at Sophia College Mumbai which is expected to generate around 1 lakh units of electricity per year. This will also reduce the GHG footprint of the college by 75 Tons of CO₂. This is not only going to reduce the amount spent on energy of Sophia College but is a step towards making the educational institute more environmentally friendly.

f. Agri-vocational training

The Agriculture sector in India today faces a major manpower/labour shortage. While the mouths to feed in the country are growing at a fast pace, the hands to work on farm-lands is reducing drastically. The Company aspires to see a change in the mindset of the young students towards farming and dairy management and for the said purpose has attempted to gather its expertise and knowledge of agriculture and animal husbandry in a curriculum and share it with 7,000 young students from 41 schools in Satara, Maharashtra and one block in Gujarat. The purpose is to acquaint 2,000+ students each year with the basic know how of agriculture and animal husbandry. By engaging them each year in various projects and building their knowledge and hands on learning on subjects like growing vegetables, milking animals, constructing small irrigation channels in the agricultural plots.

g. Future of Farming Conclave

In December 2018, the Company hosted its first ever 'Future of Farming' conclave. The theme of the conclave was on shaping the future of Indian agriculture with a focus on doubling farmer income, women farmers, and the role of millets and proteins in nutrition and income generation. The Company hosted a series of exciting panels with speakers from Agri business, government, non-profits, social enterprises, food industry, academia and media, with over 150 audience participants. In one of the sessions, the Company brought together women farmers to talk about whether it is even possible to double farmer income.

PRINCIPLE 5: BUSINESSES SHOULD RESPECT AND PROMOTE HUMAN RIGHTS

The Company strongly believes in the principle of respect for human rights of all, which imbues its spirit from the Constitution of India.

The Company has in place, a Human Rights Policy which demonstrates the Company's commitment to respect human rights and treat people with dignity and respect in the course of conduct of its business.

Further, the Company's Code of Conduct covers aspects like diversity, anti-discrimination, equal opportunity, compliance with the law and integrity which all contribute to respecting and promoting human rights.

The Company also has policies like Whistle Blower Policy, Policy on Prevention of Sexual Harassment at Workplace, which encourage respect and promotion of human rights.

Any violation of the Code of Conduct or the aforesaid policies can result in stern disciplinary action including termination of employment and / or other appropriate actions as permissible under the law.

The Company encourages its business partners to respect human rights.

No complaints pertaining to violation of human rights were received by the Company during the Financial Year 2021-22.

PRINCIPLE 6: BUSINESSES SHOULD RESPECT, PROTECT AND MAKE EFFORTS TO RESTORE THE ENVIRONMENT

At Godrej, our sustainability strategy – "Good & Green" - is driven by the vision to help create a more inclusive and greener planet. Good & Green is based on shared value principle that aligns business competitiveness and growth with positive social and environmental impact.

The Company focuses on 5 (Five) major areas related to environmental sustainability:

- i. Reduce specific energy
- ii. Become Water Positive
- iii. Increase renewable energy usage
- iv. Become carbon neutral
- v. Ensure zero waste to landfill

The Company is deeply committed to strengthening its approach to make environmental sustainability a key part of its manufacturing processes. By reducing its energy needs, managing its waste, and transforming its

products, the Company is driving success both for its business and the planet. From sourcing of raw materials to the manufacturing technologies that the Company uses at its plants, the Company integrating sustainability into the very core of its business processes and value chain.

The Company is also looking for ways to extend its sustainability efforts beyond its manufacturing plants to impact the entire life cycle of its products. The Company is building capabilities to make its overall manufacturing approach more future ready. The green commitment by 2025 Vs the 2011's baseline is:

- i. Reduce GHG emission intensity by 30% and carbon neutrality for Scope 1 and 2 emissions
- ii. Reduce energy intensity by 20%
- iii. Reduce water intensity by 30% while maintaining water positivity
- iv. Achieving zero liquid discharge and reducing waste to landfill by 30%

Here is a snapshot of the Company's Green performance as at March 2022 vs Green goals commitment for 2025:

<p>Reduction in Water Intensity Goal for 2025 – 30% Reduction Achieved till March 2022 – 14% Reduction</p>	<p>Reduction in Emission Intensity Goal for 2025 – 30% Reduction Achieved till March 2022 – 8% Reduction</p>	<p>Reduction in Energy Intensity Goal for 2025 – 20% Reduction Achieved till March 2022 – 7% Reduction</p>
<p>Zero Liquid Discharge (ZLD) Goal for 2025 – 100% Reduction Achieved till March 2022 – 90% of GAVL sites are Zero Liquid Discharge sites</p>	<p>Waste to Landfill Goal for 2025 – 30% Reduction Achieved till March 2022 – 31% Reduction</p>	<p>% Renewable Energy to Our Energy Portfolio Goal for 2025 – 90% Renewable Energy Achieved till March 2022 – 68% Renewable Energy</p>

The Company complies with all the requirements of the Central Pollution Control Board and State Pollution Control Boards. The Company has created detailed checklists for compliance and continuously emphasises on improving productivity and plant utilisation. The Company has also set the targets for improvement in its environmental short-term and long-term performance.

Carbon Disclosure Project (CDP)

CDP is a global non-profit that runs a prominent environmental disclosure platform. The platform scores companies on their actions on reducing greenhouse gas emissions, and protecting water resources and forests. Over 13,000 companies representing 64% of the global market capitalization disclosed through CDP 2021. Here is how the Company ranked:

v. Source 90% of all energy used from renewables The Company continuously strives to achieve our Good & Green goals and targets. The Company is using clean energy sources by shifting from the use of fossil fuels to that of renewable fuels, such as biomass, in boilers and procuring electricity from renewable energy sources.

The Company is improving its productivity to reduce specific water consumption while deploying recycling system in all its manufacturing plants to further reduce our freshwater consumption. The Company has also undertaken several initiatives at its manufacturing facilities to reduce waste generation and divert the waste from landfill.

A dedicated team has been set-up to identify different projects and green technologies to implement across all our locations. Several initiatives have yielded excellent benefits.

Climate Change Disclosure

GAVL continued to score "B" which is above the Food sector, Asia Regional and the Global average score of "B-" in CDP Climate disclosure.

Forest – Palm Oil Disclosure

As a first-time applicant for Forest disclosure in CDP, the Company was rated "B" which is above the Food sector, Asia Regional and the Global average score of "B-" in the category.

The Company has a high focus on environmental performance backed with strong risk management processes and governance that it has built over a decade. The Company will step up its progress and get to the leadership position. In the coming year, the Company will adopt internal carbon pricing and is committing towards Science Based Targets to further strengthen its climate action response.

Awards & Accolades

The Company's Oil Palm Chintampalli plant won the prestigious 'CII's Energy Efficient Unit' award for the third time. The plant has reduced its specific energy consumption by 12% from the baseline and over 99% of the plant's energy comes from renewable sources.

Case Studies related to Environment initiatives in FY 2021-22

Case Study #1 - Aqua Feed's Energy Efficiency & Productivity Improvement Project

At GAVL's Hanuman Junction Aqua Feed plant, the Company implements several initiatives with an objective to improve energy efficiency and productivity.

At the plant, the Company has a post-conditioning system for pelleted aqua feed. This system is essential for the production of shrimp feed and pelleted fish feed as it helps the feed possess better water stability, palatability, and digestibility. The old system has been replaced with a new energy efficient system that improved productivity by almost 40% by reducing the in-process rejection of produce and improved energy efficiency.

Company's shrimp intake line had challenges such as water seepage, raw material leakages, water contamination, and high-power consumption. By implementing modifications on the shrimp intake line to address these issues, the Company was able to save over 40 kWh of power per ton in the shrimp line.

Overall, these initiatives have helped to reduce the plant's specific energy consumption by 4% which is just enough power to electrify nearly 40 homes for a year.

(Replaced post-conditioning system at Hanuman Junction Aqua Feed plant)

Case Study #2 - Renewable Energy Portfolio Increase & Green House Gas Emission Reduction

GAVL has been at the forefront in investing in clean sources of energy. Approximately 70% of the energy used in Godrej Agrovet's manufacturing plants is now generating from the renewable sources.

In FY 2021-22, the Company's team has taken a significant step in reducing the Green House Gas emission by creating clean source of sustainable energy of 17.35 million Units/ annum through Roof Top solar system. This clean energy will contribute to cleaner environment for next 20-25 years.

The project has been taken up in two phases generating 9.32 million units/annum of potential savings of ₹ 297 Lakh / Annum in Phase-I; and 8.03 million units / annum with a potential savings of ₹. 276.6 Lakh/Annum in Phase-II. The project will help reduce the greenhouse gas footprint by around 14,200 tons of CO₂ equivalent and equivalent to 4,26,014 nos. of tree plantation. This has also helped the Company in increasing the share of renewables in its energy portfolio from 66% earlier to 68%.

Case Study #3 - Aqua Feed achieves Zero Waste to Landfill Status

Biomass Fly ash is a major concern for both aquatic and terrestrial biota existing in the vicinity as it causes water, soil and air pollution. It is critical to safely dispose the Fly Ash that is generated. With limited options for meaningful utilization of ash, a very small percentage of it is commercialized at present.

Biomass Fly Ash is a resource material for the cement industry and building products manufacturing units. It is also being used as one of construction material in Roads and Flyovers embankment construction and thus helping to save earth and prevent degradation of the good agricultural land. The Company's Aqua team has successfully diverted 100% waste from landfilling to recycling by channelizing approximately 1,800 MT of biomass ash waste for recycling to brick manufacturer.

PRINCIPLE 7: BUSINESSES, WHEN ENGAGED IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A RESPONSIBLE MANNER

For any policy advocacy, the Company ensures that it does so with the highest degree of responsible and ethical behaviour and also works with collective platforms such as trade and industry chambers and associations to take up matters with the relevant government bodies.

The Company is a member of Bombay Chamber of Commerce and Industry (BCCI), Confederation of Indian Industry (CII) and Federation of Indian Chambers of Commerce and Industry (FICCI).

PRINCIPLE 8: BUSINESSES SHOULD SUPPORT INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT

The Company recognizes the fact that corporate growth and equitable development are interdependent and that the Company owes a responsibility to play its role in the social and economic development agenda of the country.

The 'Good & Green' vision inspires each one at Godrej Agrovet Limited to continue to work towards building a brighter, greener and more inclusive India. Sustainability is intrinsically linked not just to the Company's growth strategy, but also to its legacy and values. The Company strongly believes that it is accountable to the communities while the Company continues to drive shareholder value. This helps the Company to improve the lives of those at the base of the pyramid, preserve and protect the environment, improve efficiency of operations and generate innovations.

As a part of sustainability strategy 'Good & Green', the Company addresses a critical need of enhancing livelihoods of low-income group youth. It collaborates with non-profit organizations and social enterprises to design and run a number of livelihood training programmes for marginal farmers from low-income communities. The focus of these programmes is to improve the earning potential of trainees, by building their skills and empowering them. The Company builds vocational skills and also provides post-training support.

The Company works in collaboration with Non-Governmental Organizations (NGOs) and social enterprises to design and run a number of employability or livelihoods training programmes across the Company. The focus of these programmes is to improve the earning potential of small holder farmers' men and women both. Through a third-party assessment conducted with the beneficiaries.

PRINCIPLE 9: BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CUSTOMERS AND CONSUMERS IN A RESPONSIBLE MANNER

The Company has a customer-centric approach and greatly values the trust, satisfaction and loyalty of its customers. Its primary focus is delighting customers, both external and internal. The Company honors the freedom of choice of its customers and does not restrict free competition in any manner.

There were no major undisputed customer complaints pending as at the end of the Financial Year 2021-22.

The Company does display or disseminate adequate and truthful factual information to enable safe and effective usage of its products, which is over and above what is mandated by the applicable laws. The Company does not indulge in any kind of misleading or confusing advertisement.

There are no cases filed against the Company regarding unfair or anti-competitive trade practices during the preceding 5 (Five) Financial Years.

The Company regularly conducts customer surveys to know the customer satisfaction trends.

The key audit matter	How the matter was addressed in our audit
<p><u>Loss allowance on trade receivables – crop protection segment</u></p> <p>Trade receivables of crop protection segment consist of individual / small customers in different jurisdictions within India.</p> <p>Accordingly, there are significant large number of customers subject to different business risk, climate risk, political risk and interest rate risk. The balance of loss allowance for trade receivables of crop protection segment represent the Company’s best estimate at the balance sheet date of expected credit losses (ECL) under Ind AS 109.</p> <p>The Company assesses the ECL allowance for these individual / small customers resulting from the possible defaults over the expected life of the receivables. ECL is assessed at each reporting date on collective basis using provision matrix.</p> <p>The measurement of ECL involves significant judgements and assumptions, primarily including:</p> <ul style="list-style-type: none"> Loss rate in provision matrix depending on days past due, Credit risk of customers and Historical experience adjusted for future economic conditions. 	<p>Our audit procedures to assess the ECL on trade receivables of crop protection segment included the following:</p> <ul style="list-style-type: none"> Assessing the Company’s accounting policy for ECL on trade receivables with applicable accounting standards; Testing the design, implementation and operating effectiveness of key controls over measurement of ECL on trade receivables in crop protection segment. Evaluating the processes of credit control and collection of trade receivables; Using our internal IT specialists to assess and obtain comfort over ageing report. Assessing the classification of trade receivables based on such ageing report generated from system; Challenging the ECL estimates by examining the information used to form such estimates; Checking completeness and accuracy of the data used by the Company for computation of assumptions used for computing ECL on trade receivables. Assessing assumptions such as the basis of segmentation of trade receivables, historical default rate and other related factors; Obtaining independent customer confirmations on the outstanding invoices on sample (using statistical sampling) basis. Verifying balances obtained from customer with balance in the books along with applicable reconciling items. Inspecting subsequent bank receipts from customers and other relevant underlying documentation relating to closing trade receivable balances, when confirmations are not received;

The key audit matter	How the matter was addressed in our audit
<ul style="list-style-type: none"> For measuring ECL, the Company adopted provision matrix and applied significant estimates and judgements. In addition, the exposures of the trade receivables of crop protection segment and the ECL involve significant amounts. In view of this, we identified the assessment of ECL on trade receivables of crop protection segment as a key audit matter. 	<ul style="list-style-type: none"> Examining sample manual journal entries (using statistical sampling) for loss allowances to identify unusual or irregular items.

The key audit matter	How the matter was addressed in our audit
<p>The assessment of recoverable value of investment in certain subsidiaries involves significant judgement.</p> <p>Management performs an annual impairment testing for these investments or more frequently if events or changes in circumstances indicate that they might be impaired.</p> <p>The carrying value of this investment in subsidiaries is tested for impairment using a value in use model. We consider the impairment evaluation of investments in subsidiaries by management to involve significant estimates and judgement, due to the inherent uncertainty involved in forecasting and discounting future cash flows.</p> <p>Accordingly, this is considered as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessing the Company's accounting policy for impairment of investments in subsidiaries with applicable accounting standards; Testing the design, implementation and operating effectiveness of key controls placed around the impairment assessment process of investment in subsidiaries; Assessed the indicators of impairment of investments in subsidiaries; Obtained and assessed the valuation working prepared by the management for its impairment assessment; Involved our valuation specialists to assist in the evaluation of key assumptions such as discount rate, growth rate etc. in estimating projections, cash flows and methodologies used by the Company; Assessed the sensitivity of the outcome of impairment assessment to changes in key assumptions; and Compared the carrying values of the Company's investment in subsidiaries with their respective value in use and assessed the need for impairment (if any).

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cashflows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safe guarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
- (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.
- e) The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.

(C) With respect to the matter to be included in the Auditor’s Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B to the Independent Auditors' report on the standalone financial statements of Godrej Agrovet Limited for the year ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2 A (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Godrej Agrovet Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the Standalone Financial Statements

Note 1: Significant Accounting Policies

1. General information

Godrej Agrovet Limited ("the Company") is a public limited company, which is domiciled and incorporated in the Republic of India with its registered office situated at 3rd Floor, Godrej One, Pirojshanagar, Vikhroli (East), Mumbai – 400 079. The Company, an erstwhile division of Godrej Soaps Limited was incorporated under the Companies Act, 1956 on November 25, 1991. The Company is a diversified agribusiness company and its principal activities include manufacturing and marketing of high quality animal feed, innovative agricultural inputs and palm oil & allied products. The Company is a public company limited by shares and is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

2. Basis of preparation and measurement

(i) Basis of preparation:

The Standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The financial statements of the Company For the year ended March 31, 2022 were authorised for issue in accordance with a resolution of the Board of Directors on May 9, 2022.

Current versus non-current classification:

All assets and liabilities have been classified as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of the products and the time taken between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of the classification of assets and liabilities into current and non-current.

(ii) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer accounting policy regarding financial instruments)
- asset held for sale and biological assets – measured at fair value less cost to sell;
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- share-based payments

(iii) Functional and presentation currency

These financial statements are presented in Indian rupees, which is the Company's functional currency. All amounts have been rounded off to the nearest crore, unless otherwise indicated. The amount reflected as "0.00" in Financials are value with less than one lakh.

3. Key estimates and assumptions

While preparing financial statements in conformity with Ind AS, the management has made certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the balance sheet date and the reported amount of income and expenses for the reporting period. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Notes forming part of the Standalone Financial Statements

Judgement, estimates and assumptions are required in particular for:

- **Determination of the estimated useful lives**

Useful lives of property, plant and equipment are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II and in case of intangible assets, they are estimated by management based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

- **Recognition and measurement of defined benefit obligations**

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

- **Recognition and measurement of Long term employee incentives**

Accrual for long term incentive scheme liability requires estimates and judgements in respect of achievement of parameters of business performance. These estimates are based on past performance, approved budgets and plans and other relevant information considered on a best estimate basis as at the reporting date.

- **Recognition and measurement of other provisions**

- a. Provision for sales returns

The Company makes a provision for estimated sales returns, based on its historical experience and is dependent on other relevant factors.

- b. Provision for doubtful trade receivables

The Company has large number of individual small customers. Management assesses the level of allowance for doubtful debts after taking into account ageing analysis and any other factor specific to individual counterparty and a collective estimate based on historical experience adjusted for certain current factors.

- **Discounting of long-term financial assets / liabilities**

All financial assets / liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities/assets which are required to subsequently be measured at amortized cost, interest is accrued using the effective interest method.

- **Fair valuation of employee stock grants**

The fair valuation of the employee stock grants is based on the Black-Scholes model used for valuation of options. Key assumptions made with respect to expected volatility includes share price, expected dividends and discount rate, under this option pricing model.

- **Determining whether an arrangement contains a lease**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Notes forming part of the Standalone Financial Statements

- **Fair value of financial instruments**

Derivatives are carried at fair value. Derivatives include foreign currency forward contracts and commodity futures. Fair value of foreign currency forward contracts is determined using the fair value reports provided by respective bankers.

- **Biological Assets**

Management uses inputs relating to production and market prices in determining the fair value biological assets.

- **Impairment of investments in subsidiaries**

The Company reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is an indication of impairment. Management *inter alia* considers various inputs such as macro-economic environment, industry specific matters, financial projections and other relevant information for purposes of such assessment.

4. Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for, both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- *Level 1*: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2*: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- *Level 3*: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

5. Recent pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognize such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Notes forming part of the Standalone Financial Statements

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognize a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 106 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

6. Significant accounting policies

A. Revenue & Other income

i. Sale of goods

Revenue from operations comprises of sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Company includes trade discounts, volume rebates and other incentive given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

Revenue from the sale of goods is recognised when control of the goods has transferred to our customer and when there are no longer any unfulfilled obligations to the customer. Depending on the contractual terms with the customers, this can be either at the time of dispatch or delivery of goods. This is considered the appropriate point where the performance obligations in our contracts are satisfied as the Company no longer has control over the inventory.

Our customers have the contractual right to return goods only when authorized by the Company. As at 31 March 2022, an estimate has been made of goods that will be returned and a liability has been recognised for this amount. An asset has also been recorded for the corresponding inventory that is estimated to return to the Company using a best estimate based on historical experience.

ii. Dividend income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be measured reliably.

iii. Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit or Loss.

Notes forming part of the Standalone Financial Statements

B. Foreign currency

i. Transactions and balances

Transactions in foreign currencies are translated into the respective functional currencies of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognised as income and expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured.

Exchange differences are generally recognised in profit or loss, except exchange differences arising from the translation of the following item which is recognised in OCI:

- Qualifying cash flow hedges to the extent that the hedges are effective.

C. Employee benefits

i. Short term employee benefits

All employee benefits payable wholly within twelve months of rendering services are classified as short-term employee benefits. Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Short-term benefits such as salaries, wages, short-term compensation absences, etc., are determined on an undiscounted basis and recognised in the period in which the employee renders the related service.

ii. Defined contribution plans

Obligations for contributions to defined contribution plans such as Provident Fund and Family pension maintained with Regional Provident Fund Office are expensed as the related service is provided.

iii. Defined benefit plans

The following post - employment benefit plans are covered under the defined benefit plans:

- Provident Fund Contributions other than those made to the Regional Provident Fund Office of the Government which are made to the Trust administered by the Company.

The Company's contribution to the Provident Fund Trust as established by the Company, is also considered as a Defined Benefit Plan. The provident fund is administered by the Trustees of the Godrej Agroviet Limited Provident Fund. The rules of the Company's Provident Fund administered by the trust, require that if the return on investment for any reason is less than the guaranteed Rate of Interest, then the deficiency shall be made good by the Company. The Company's net obligations in respect of such plans is calculated by estimating the amount of future benefit that the employees have earned in return for their services and the current and prior periods that benefit is discounted to determine its present value and the fair value of the plan asset is deducted.

- Gratuity Fund

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Notes forming part of the Standalone Financial Statements

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income (OCI). They are included in retained earnings in the statement of changes in equity and in the balance sheet.

iv. Other long-term employee benefits

Liability toward Long-term Compensated Absences is provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet. Actuarial gains / losses comprising of experience adjustments and the effects of changes in actuarial assumptions are immediately recognised in the Statement of Profit and Loss.

Other long term employee benefits include payable in respect of long term incentive scheme recorded by estimating the possible cash outflows based on assessment of parameters of the scheme and discounted at present value.

v. Terminal Benefits:

All terminal benefits are recognised as an expense in the period in which they are incurred.

D. Income Tax

Income tax expense comprises current and deferred tax. It is recognised in net profit in the statement of profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in the OCI.

i. **Current tax**

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit (tax loss) for the year determined in accordance with the provisions of the Income-Tax Act, 1961. Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

ii. **Deferred tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries and associates to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves. Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Taxes relating to items recognised directly in equity or OCI is recognised in equity or OCI.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Notes forming part of the Standalone Financial Statements

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

E. Inventories

Inventories are carried in the balance sheet as follows:

- (a) Raw materials, Packing materials, Stock in Trade and Stores & Spares: At lower of cost, on weighted average basis and net realisable value.
- (b) Work-in-progress:- At lower of cost of materials, plus appropriate production overheads and net realisable value.
- (c) Finished Goods: At lower of cost of materials, plus appropriate production overheads and net realisable value.

The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to the present location and condition. Slow and non-moving material, obsolescence, defective inventories are duly provided for and valued at net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

F. Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises:

- a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in the statement of profit or loss.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the Statement of Profit or Loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Notes forming part of the Standalone Financial Statements

iii. Depreciation/ Amortizations

Depreciation on tangible fixed assets is provided in accordance with the provisions of Schedule II of the Companies Act 2013, on Straight Line Method. Depreciation on additions / deductions is calculated on pro rata basis from/up to the month of additions/deductions. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. In case of the following category of property, plant and equipment, the depreciation has been provided based on the technical specifications, external & internal assessment, requirement of refurbishments and past experience of the remaining useful life which is different from the useful life as specified in Schedule II to the Act:

- (a) Plant and Machinery: - 20 Years
- (b) Computer Hardware:
Depreciated over its estimated useful life of 4 years.
- (c) Leasehold Land:
Amortized over the lease term.
- (d) Leasehold improvements and equipments:
Amortized over the Primary lease period or 16 years, whichever is less.

Assets costing less than ₹ 5,000 are fully depreciated in the year of purchase/acquisition.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Profit and Loss.

G. Borrowing costs

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange difference to the extent regarded as an adjustment to the borrowing costs.

H. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

I. Intangible assets

Recognition and measurement

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets viz. Grant of Licenses and Computer software, which are acquired by the Company and have finite useful lives are measured at cost less accumulated amortization and any accumulated impairment losses, if any.

Notes forming part of the Standalone Financial Statements

Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognized in the statement of profit or loss, except in the case of certain intangibles, as per the provisions of various schemes of amalgamation.

The intangible assets are amortized over the estimated useful lives as given below:

Computer Software: 6 years

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

J. Research and Development Expenditure

Research Expenditure:

Revenue expenditure on research & development is charged to the Statement of Profit and Loss of the year in which it is incurred.

Capital expenditure incurred during the period on research & development is accounted for as an addition to property, plant & equipment or intangible assets.

K. Share-based payments:

- a. Employees of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).
- b. The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.
- c. That cost is recognised, together with a corresponding increase in share-based payment reserves in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest.
- d. When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through the Statement of Profit or Loss.
- e. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

L. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts and commodity futures contracts.

Financial instruments also cover contracts to buy or sell a non-financial item that can be settled net in cash or another financial instrument, or by exchanging financial instruments, as if the contracts were financial instruments, with the exception of contracts that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the entity's expected purchase, sale or usage requirements.

Derivatives are currently recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Notes forming part of the Standalone Financial Statements

i. Financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- Where assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit or loss), or recognized in Other Comprehensive Income (i.e. fair value through other comprehensive income), where permissible.
- A financial asset that meets the following two conditions is measured at amortized cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test: The objective of the Company's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).

Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Initial recognition & measurement

At initial recognition, the Company measures a financial asset at fair value plus, in the case of a financial asset not recorded at fair value through the Statement of Profit or Loss, transaction costs that are attributable to the acquisition of the financial asset.

Equity investments (other than investments in subsidiaries, associates and joint venture)

- All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.
- If the Company decides to classify an equity instrument as FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.
- Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Investments in Subsidiaries, Associates & Joint Ventures:

Investments in subsidiaries, associates & joint ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

Subsequent remeasurement of the contingent consideration which represents a financial liability or asset, is recognized through Statement of profit and loss account.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized (i.e. removed from the Company's Statement of Assets and Liabilities) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Notes forming part of the Standalone Financial Statements

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, deposits, and bank balance.
- b) Trade receivables - The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security like letters of credit, security deposit collected etc. and expectations about future cash flows.

ii. Financial liabilities

Classification

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

The Company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through the Statement of Profit and Loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable and incremental transaction cost.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR Amortization is included as finance costs in the Statement of Profit and Loss.

The Company's financial liabilities include trade and other payables, acceptances, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognized less cumulative amortization.

Notes forming part of the Standalone Financial Statements

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

M. Provisions, contingent liabilities and contingent assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognized as finance cost.

A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision disclosure is made.

A contingent asset is not recognized but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase order (net of advance) issued to counterparties for completion of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

N. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the Statement of Profit and Loss.

Notes forming part of the Standalone Financial Statements

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognizes the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss. The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and awards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not then it is an operating lease. The Company recognizes lease payments received under operating leases as income on a straight-line basis over the lease term.

O. Impairment of non-financial assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amounts of the assets exceed the estimated recoverable amount, impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor that reflects current market assessments of the time value of money and the risk specific to the asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognized.

P. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

Q. Government Grants

Grants are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an asset, the cost of the asset is shown at gross value and grant thereon is treated as a deferred grant which is recognised as income in the Statement of Profit and Loss over the period and in proportion in which depreciation is charged.

Revenue grants are recognised in the Statement of Profit and Loss in the same period as the related cost which they are intended to compensate is accounted for.

R. Earnings Per Share ("EPS")

The basic Earnings Per Share ("EPS") is computed by dividing the net profit / (loss) after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit/(loss) after tax for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

S. Biological assets

Biological assets are measured at fair value less costs to sell, with any change therein recognised in the Statement of Profit and Loss.

B. Measurement of Fair value

i. Fair Value hierarchy

The fair value measurements for oil palm saplings has been categorised as Level 3 fair values based on the inputs to valuation technique used.

ii. Level 3 Fair values

The following table shows a breakdown of the total gains /(losses) recognised in respect of Level 3 fair values-

(₹ in crore)		
Particulars	March 31, 2022	March 31, 2021
Gain / (Loss) included in 'other operating revenue'	(0.73)	(0.08)
Change in fair value - (realised)	(0.30)	(0.40)
Change in fair value – unrealised	(0.43)	0.32

iii. Valuation techniques and significant unobservable inputs

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Oil Palm Saplings - it comprises the stock under cultivation	Cost approach and percentage completion method	Estimated cost of completing the stock under cultivation ₹68.5 to 131.0 per sapling	The estimated fair valuation would increase/(decrease) if - Estimated cost to complete was lower (higher)

C. Risk Management strategies related to agricultural activities

The Company is exposed to the following risks relating to its Oil Palm business.

i. Regulatory and environmental risks

The Company is subject to laws and regulations in the country in which it operates. It has established various environmental policies and procedures aimed at compliance with the local environmental and other laws.

ii. Supply and demand risks

The Company is exposed to risks arising from fluctuations in the price and sales volume of plants. When possible, the Company manages this risk by aligning its harvest volume to market supply and demand. Management performs regular industry trend analysis for projected harvest volumes and pricing.

iii. Climate and other risks

The Company's Oil Palm business is exposed to the risk of damage from climatic changes, diseases, forest fires and other natural forces. The Company has extensive processes in place aimed at monitoring and mitigating those risks, including regular plantation health surveys and industry pest and disease surveys.

A reasonably possible change of 10% in estimated cost of completing the stock under cultivation at the reporting date would have increased (decreased) profit or loss by the amounts shown below.

Note 40: Employee benefits

The Company contributes to the following post-employment plans in India.

Defined Contribution Plans:

The Company's contributions paid/payable to Regional Provident Fund at certain locations, Superannuation Fund, Employees State Insurance Scheme, Employees Pension Schemes, 1995 and other funds, are determined under the relevant approved schemes and/or statutes and are recognised as expense in the Standalone Statement of Profit and Loss during the year in which the employee renders the related service. There are no further obligations other than the contributions payable to the approved trusts/appropriate authorities.

The Company recognised ₹ 10.54 crore For the year ended March 31, 2022 (Previous Year ₹ 10.11 crore) towards provident fund contribution, ₹ 0.47 crore For the year ended March 31, 2022 (Previous Year ₹ 0.52 crore) towards employees' state insurance contribution and ₹ 0.48 crore For the year ended March 31, 2022 (Previous Year ₹ 0.52 crore) towards superannuation fund contribution in the Standalone Statement of Profit and Loss.

Notes forming part of the Standalone Financial Statements

Defined Benefit Plan:

I. Provident Fund

The Company manages the Provident Fund plan through a Provident Fund Trust for its employees which is permitted under The Employees' Provident Fund and Miscellaneous Provisions Act, 1952 and is actuarially valued. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund authority. The contribution by employer and employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier.

The Company has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. These administered rates are determined annually predominantly considering the social rather than economic factors and the actual return earned by the Company has been higher in the past years. The actuary has provided a valuation for provident fund liabilities on the basis of guidance issued by Actuarial Society of India and based on the below provided assumptions there is no shortfall as at March 31, 2022.

(₹ in crore)

Particulars	March 31, 2022	March 31, 2021
Plan assets at period end, at fair value	175.16	154.67
Provident Fund Corpus / Obligation	171.15	151.09
Valuation assumptions under Deterministic Approach:		
Weighted Average Yield	8.01%	9.32%
Weighted Average YTM	8.00%	9.25%
Guaranteed Rate of Interest	8.10%	8.50%

II. Gratuity

In accordance with the provisions of the Payment of Gratuity Act, 1972, the Company has a defined benefit plan which provides for gratuity payments. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the years of employment with the Company.

Liabilities in respect of the gratuity plan are determined by an actuarial valuation, based upon which the Company makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the ICICI Prudential Life insurance, a funded defined benefit plan for qualifying employees. The Company has a Gratuity Trust and the Trustees administer the contributions made by the Company to the gratuity scheme.

The most recent actuarial valuation of the defined benefit obligation along with the fair valuation of the plan assets in relation to the gratuity scheme was carried out as at March 31, 2022. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the details of the employee benefit obligation and the plan assets as at balance sheet date:

(₹ in crore)

Particulars	March 31, 2022	March 31, 2021
Discount rate	6.90%	6.82%
Future salary growth	5.00%	5.00%
Rate of employee turnover	For service 4 yrs. & Below 21.60 % p.a. & For service 5 yrs and above 7.00 % p.a.	For service 4 yrs. & Below 8.00 % p.a. & For service 5 yrs and above 3.00 % p.a.
Mortality rate	Indian Assured Lives Mortality (2012-14) Urban	Indian Assured Lives Mortality (2006-08) Ultimate

Assumptions regarding future mortality have been based on published statistics and mortality tables.

iv. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

(₹ in crore)

Particulars	March 31, 2022		March 31, 2021	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	(1.76)	1.98	(2.25)	2.61

Note 41: Share-based payment arrangements

Description of share-based payment arrangements

Employee stock grant scheme - equity settled

The Company had set up the Employees Stock Grant Scheme 2018 (ESGS) pursuant to the approval by the Shareholders by way of postal ballot, the result of which was declared on June 20, 2018.

The ESGS Scheme is effective from April 1, 2018, (the "Effective Date") and shall continue to be in force until (i) its termination by the Board or (ii) the date on which all of the shares to be vested under Employee Stock Grant Scheme 2018 have been vested in the Eligible Employees and all restrictions on such Stock Grants awarded under the terms of ESGS Scheme, if any, have lapsed, whichever is earlier.

The Scheme applies to the Eligible Employees who are in whole time employment of the Company or its Subsidiary Companies. The entitlement of each employee would be decided by the Nomination and Remuneration Committee of the respective Company based on the employee's performance, level, grade, etc.

The total number of Stock Grants to be awarded under the ESGS Scheme are restricted to 25,00,000 (Twenty five Lakh) fully paid up equity shares of the Company. Not more than 5,00,000 (Five Lakh) fully paid up equity shares or 1% of the issued equity share capital at the time of awarding the Stock Grant, whichever is lower, can be awarded to any one employee in any one year.

The Stock Grants shall vest in the Eligible Employees pursuant to the ESGS Scheme in the proportion of 1/3rd at the end of each year from the date on which the Stock Grants are awarded for a period of three consecutive years, or as may be determined by the Nomination and Remuneration Committee, subject to the condition that the Eligible Employee continues to be in employment of the Company or the Subsidiary company as the case may be.

The Eligible Employee shall exercise her / his right to acquire the shares vested in her / him all at one time within 1 month from the date on which the shares vested in her / him or such other period as may be determined by the Nomination and Remuneration Committee.

The Exercise Price of the shares has been fixed at Re. 10 per share. The fair value of the employee share options has been measured using the Black-Scholes Option Pricing Model and charged to the Statement of Profit and Loss. The value of the options is treated as a part of employee compensation in the Standalone financial statements and is amortised over the vesting period.

The Company has provided ₹ 2.72 crore (Previous Year ₹ 2.03 crore) for all the eligible employees for current year.

Following table lists the average inputs to the model used for the plan For the year ended March 31, 2022:

Particulars	Year ended March 31, 2022	Year ended March 31, 2021	Description of the Inputs used
Dividend yield %	1.56%	1.21%	Dividend yield of the options is based on recent dividend activity.
Expected volatility %	32% - 42%	28% - 29%	Expected volatility of the option is based on historical volatility, during a period equivalent to the option life, of the observed market prices of the Company's publicly traded equity shares.
Risk free Interest rate %	3.848% to 4.73%	3.649% to 4.277%	Risk-free interest rates are based on the government securities yield in effect at the time of the grant.
Expected life of share options	1 to 3 years	1 to 3 years

Notes forming part of the Standalone Financial Statements

i. Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Note 42.2: Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Risk Management Committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. Further for domestic sales, the company segments the customers into Distributors and Others for credit monitoring.

The Company maintains security deposits for sales made to its distributors. For other trade receivables, the company individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the Company makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

The Company monitors each loans and advances given and makes any specific provision wherever required.

The Company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables and loans and advances.

The maximum exposure to credit risk for trade and other receivables by type of counterparty was as follows.

(₹ in crore)

The Company held cash and cash equivalents and other Bank balances of ₹ 20.13 crore at March 31, 2022 (Previous Year ₹ 33.48 crore). The cash and cash equivalents are held with bank and financial institution counterparties with good credit rating.

Note 42.3: Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The company has access to funds from debt markets through loans from banks, commercial papers and other debt instruments.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements, if any

The gross inflows/(outflows) disclosed in the above table represent the contractual undiscounted cash flows relating to derivative financial liabilities held for risk management purposes and which are not usually closed out before contractual maturity. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross cash settlement.

The Company has sufficient current assets to manage the liquidity risk, if any, in relation to current financial liabilities.

Note 42.4: Currency Risk

Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Our Board of Directors and its Audit Committee are responsible for overseeing our risk assessment and management policies. Our major market risks of foreign exchange, interest rate and counter-party risk are managed centrally by our Company treasury department, which evaluates and exercises independent control over the entire process of market risk management.

We have a written treasury policy, and reconciliations of our positions with our counter-parties are performed at regular intervals.

Interest rate risk is covered by entering into fixed-rate instruments to ensure variability in cash flows attributable to interest rate risk is minimised.

Currency risk

The functional currency of Company is primarily the local currency in which it operates. The currencies in which these transactions are primarily denominated are INR. The Company is exposed to currency risk in respect of transactions in foreign currency. Foreign currency revenues and expenses are in the nature of export sales and import of purchases / services.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows. The following are the remaining contractual maturities of financial liabilities at the reporting date. Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against all other currencies at March 31, 2022 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Effect in INR crore	Profit or loss (net of tax)		Equity (net of tax)	
	Strengthening	Weakening	Strengthening	Weakening

USD (2% movement)	0.17	(0.17)	0.17	(0.17)
	0.17	(0.17)	0.17	(0.17)

Note: Sensitivity has been calculated using standard Deviation % of USD rate movement.

Note 42.5: Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

Nominal amount	(₹ in crore)	
Particulars	March 31, 2022	March 31, 2021

Notes forming part of the Standalone Financial Statements

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any borrowings at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points (bps) in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(₹ in crore)

Particulars	Profit or (loss) and Equity (net of tax)		Profit or (loss) and Equity (net of tax)	
	March 31, 2022		March 31, 2021	
	100 bps increase	100 bps decrease	100 bps increase	100 bps decrease

Cash flow sensitivity (net)	(0.99)	0.99	(1.61)	1.61
TOTAL	(0.99)	0.99	(1.61)	1.61

The risk estimates provided assume a change of 100 basis points interest rate for the interest rate benchmark as applicable to the borrowings summarized above. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

The company offsets tax assets and liabilities, if and only if, it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities related to income taxes levied by the same tax authority.

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Given that the Company does not have any intention to dispose investments in subsidiaries and certain joint ventures in the foreseeable future, deferred tax asset/liabilities related to such investments has not been recognised.

Note 45: Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The primary objective of the Company's Capital Management is to maximise shareholder value. The Company manages its capital structure and makes adjustments in the light of changes in the economic environment and the requirements of the financial covenants, if any.

The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings (excluding lease liability) less cash and cash equivalents. Equity comprises all components of equity.

The Company's adjusted net debt to equity ratio as at March 31, 2022 and March 31, 2021 was as follows.

(₹ in crore)

Particulars	As at March 31, 2022	As at March 31, 2021

Consolidated Financials and Auditors' Report

Independent Auditor's Report

**To the Members of
Godrej Agrovvet Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Godrej Agrovvet Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associate and its joint ventures, which comprise the Consolidated Balance Sheet as at 31 March 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate/consolidated financial statements of such subsidiaries and joint ventures as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate and joint ventures as at 31 March 2022, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group, its associate and joint ventures in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of reports of other auditors on separate/consolidated financial statements of components audited by them, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

Revenue Recognition

The key audit matter	How the matter was addressed in our audit
<p>Refer Note 1[8(A)(i)] of accounting policy and Note 29 and Note 30 in consolidated financial statements</p> <p>The Group recognises revenue from sale of goods when control of the goods has transferred and when there are no longer any unfulfilled obligations to the customer. Depending on the contractual terms with the customers, this can be either at the time of dispatch or delivery of</p>	<p>Our audit procedures included following:</p> <ul style="list-style-type: none"> Assessing the Group's accounting policies in respect of revenue recognition by comparing with applicable accounting standards; Evaluating the design, testing the implementation and operating effectiveness of the Group's internal controls over recognition of revenue;

The key audit matter	How the matter was addressed in our audit
<p>goods. The Group has large number of customers and the sales contracts with customers have different terms relating to transfer of control of underlying goods and the right of return.</p> <p>We identified the recognition of revenue from sale of products as a key audit matter because:</p> <ul style="list-style-type: none"> The Group and its external stakeholders focus on revenue as a key performance indicator. This could create an incentive for higher revenue to be recognised throughout the period (including period end), i.e. before the control of underlying goods have been transferred to the customer; and Estimation of accrual for sales returns, mainly in the crop protection segment involves significant judgement. 	<ul style="list-style-type: none"> Perform substantive testing and cut-off testing throughout the period (including period end), by selecting samples of revenue transactions recorded during the year and verifying the underlying documents, which included sales invoices, dispatch documents and proof of delivery, depending on the terms of contracts with customer; Examining journal entries (using statistical sampling) posted to revenue to identify unusual or irregular items; Evaluating the design and testing the implementation and operating effectiveness of the internal controls over accrual for sales returns, in crop protection segment; Checking completeness and accuracy of the data used for accrual of sales returns, in crop protection segment. Examining historical trend of sales return claims to assess the assumptions and judgements used in accrual of sales returns in crop protection segment. Comparing historically recorded accruals to the actual amount of sales returns; Examining journal entries (using statistical sampling) posted to provision for sales return to identify unusual or irregular items; Evaluating adequacy of disclosures given in Note 29 and Note 30 to the consolidated financial statements.

Loss allowance on trade receivables

See Note 1 [5] to the consolidated financial statements

The key audit matter	How the matter was addressed in our audit
<p><u>Loss allowance on trade receivables – crop protection segment</u></p> <p>Trade receivables of crop protection segment consist of individual / small customers in different jurisdictions within India.</p> <p>Accordingly, there are significant large number of customers subject to different business risk, climate risk, political risk and interest rate risk. The balance of loss allowance for trade receivables of crop protection segment represents the Group's best estimate at the balance sheet date of expected credit losses (ECL) under Ind AS 109.</p> <p>The Group assesses the ECL allowance for these individual / small customers resulting from the possible defaults over the expected life of the receivables. ECL is assessed at each reporting date on collective basis using provision matrix.</p>	<p>Our audit procedures to assess the ECL on trade receivables of crop protection segment included the following:</p> <ul style="list-style-type: none"> Assessing the Group's accounting policy for ECL on trade receivables with applicable accounting standards; Testing the design, implementation and operating effectiveness of key controls over measurement of ECL on trade receivables in crop protection segment. Evaluating the processes of credit control and collection of trade receivables; Using our internal IT specialists to assess and obtain comfort over ageing report. Assessing the classification of trade receivables based on such ageing report generated from system; Challenging the ECL estimates by examining the information used to form such estimates;

The key audit matter	How the matter was addressed in our audit
<p>The measurement of ECL involves significant judgements and assumptions, primarily including:</p> <ul style="list-style-type: none"> • Loss rate in provision matrix depending on days past due; • credit risk of customers and • historical experience adjusted for future economic conditions. <p>For measuring ECL, the Group adopted provision matrix and applied significant estimates and judgements. In addition, the exposures of the trade receivables of crop protection segment and the ECL involve significant amounts. In view of this, we identified the assessment of ECL on trade receivables of crop protection segment as a key audit matter.</p>	<ul style="list-style-type: none"> • Checking completeness and accuracy of the data used by the Group for computation of assumptions used for computing ECL on trade receivables. Assessing assumptions such as the basis of segmentation of trade receivables, historical default rate and other related factors; • Obtaining independent customers confirmations on the outstanding invoices on sample (using statistical sampling) basis. Verifying balances obtained from customer with balance in the books along with applicable reconciling items. Inspecting subsequent bank receipts from customers and other relevant underlying documentation relating to closing trade receivable balances, when confirmations are not received; • Examining sample manual journal entries (using statistical sampling) for loss allowances to identify unusual or irregular items.

Goodwill and intangible assets

See note 1 [5] and 54 to the consolidated financial statements

The key audit matter	How the matter was addressed in our audit
<p>The Goodwill and intangible assets with indefinite life is pursuant to business acquisitions.</p> <p>Management performs an annual impairment testing for Goodwill and intangible assets having indefinite life or more frequently if events or changes in circumstances indicate that they might be impaired.</p> <p>The goodwill and intangible assets are attributable to cash generating units and is tested for impairment using a value in use model, as described in note 1 [5] to the consolidated financial statements. We consider the impairment evaluation of Goodwill by management to involve significant estimates and judgement, due to the inherent uncertainty involved in forecasting and discounting future cash flows.</p> <p>Accordingly, this is considered as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Assessing the Group's accounting policy for impairment of goodwill and intangible assets with applicable accounting standards; • Testing the design, implementation and operating effectiveness of key controls placed around the impairment assessment process of goodwill and intangible assets; • Assessed the indicators of impairment of goodwill and intangible assets; • Obtained and assessed the valuation working prepared by the management for its impairment assessment; • Involved our valuation specialists to assist in the evaluation of assumptions such as discount rate, growth rate etc. in estimating projections, cash flows and methodologies used by the Group; • Assessed the sensitivity of the outcome of impairment assessment to changes in key assumptions; and • Assessing the adequacy of disclosures in respect of such goodwill and intangible assets in accordance with the accounting standards.

Other Information

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its associate and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements/financial information of such entities or business activities within the Group and its associate and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) We did not audit the financial statements of three subsidiaries and one joint venture, whose financial statements reflect total assets (before consolidation adjustments) of ₹ 70.36 crore as at 31 March 2022, total revenues (before consolidation adjustments) of ₹ 13.93 crore and net cash outflows (before consolidation adjustments) amounting to ₹ 0.74 crore for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit (and other comprehensive income) of ₹ 39.95 crore for the year ended 31 March 2022, in respect of one joint venture, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and joint venture is based solely on the reports of the other auditors.

- b) The financial statements/financial information of one subsidiary, whose financial statements/financial information reflects total assets (before consolidation adjustments) of ₹ 0.00 crore as at 31 March 2022, total revenues (before consolidation adjustments) of ₹ Nil and net cash flows (before consolidation adjustments) amounting to ₹ Nil for the year ended on that date, as considered in the consolidated financial statements, have not been audited either by us or by other auditors. The consolidated financial statements also include the Group's share of net profit (and other comprehensive income) of ₹ Nil for the year ended 31 March 2022, as considered in the consolidated financial statements, in respect of one associate, whose financial statements/financial information have not been audited by us or by other auditors. These unaudited financial statements/financial information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary and associate, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary and associate, is based solely on such unaudited financial statements/financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements/financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate/consolidated financial statements of such subsidiaries and joint venture as were audited by other auditors, as noted in the "Other Matters" paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

Annexure B to the Independent Auditors' report on the consolidated financial statements of Godrej Agrovet Limited for the year ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 1 A (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Holding Company as of and for the year ended 31 March 2022, we have audited the internal financial controls with reference to consolidated financial statements of Godrej Agrovet Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to three subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes forming part of the Consolidated Financial Statements

Note 1. Significant Accounting Policies

1. General information

Godrej Agrovet Ltd. ("the Company" or "Parent") is a public limited Company, which is domiciled and incorporated in the Republic of India with its registered office situated at 3rd Floor, Godrej One, Pirojshanagar, Vikhroli (East), Mumbai – 400 079. The Company and its subsidiaries, joint ventures and associates (the "Group") is a diversified agribusiness Group and its principal activities include manufacturing and marketing of high quality animal feed, innovative crop protection & agricultural inputs, palm oil & allied products, poultry and processed food & milk and milk products.

2. Basis of preparation and presentation

(i) Basis of preparation:

The financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The consolidated financial statements of the Group for the year ended March 31, 2022 were authorized for issue in accordance with a resolution of the Board of Directors on May 9, 2022.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time taken between acquisition of assets for processing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of classification of assets and liabilities into current and non-current.

(ii) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer accounting policy regarding financial instruments)
- asset held for sale and biological Assets – measured at fair value less cost to sell;
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- share-based payments

(iii) Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees, which is the Group's functional currency. All amounts have been rounded off to the nearest crore, unless otherwise indicated. The amount reflected as "0.00" in Financials are value with less than one lakh.

3. Basis of consolidation

(i) Subsidiaries:

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Notes forming part of the Consolidated Financial Statements

The acquisition method of accounting is used to account for business combinations by the Group. The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter Group transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed wherever necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Balance Sheet respectively.

(ii) Equity method :

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in the Consolidated Statement of Profit and Loss, and the Group's share of other comprehensive income of the investee in other comprehensive income.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, then unless it has incurred obligations or made payments on behalf of the other entity, Group does not recognise further losses. Unrealised gains on transactions between the Group and its equity accounted investees are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

4. Business combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the

- Fair value of the assets transferred;
- Liabilities incurred to the former owners of the acquired business;
- Equity interests issued by the Group
- Fair value of any asset or liability resulting from contingent consideration arrangement

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at their fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition related costs are expenses as incurred.

The excess of the:

- Consideration transferred;
- Amount of any non-controlling interest in the acquired entity; and
- Acquisition date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets acquired, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. In other cases, the bargain purchase gain is recognised directly in equity as capital reserve.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest is remeasured to fair value at the acquisition date. Any gains arising from such remeasurement are recognised in the Consolidated Statement of Profit and Loss or Other Comprehensive Income, as appropriate.

5. Key estimates and assumptions

While preparing consolidated financial statements in conformity with Ind AS, the management has made certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgement, estimates and assumptions are required in particular for:

- **Determination of the estimated useful lives**

Useful lives of property, plant and equipment are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II and in case of intangible assets, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support. Impairment testing of Goodwill & intangible assets with indefinite useful life is done at least once annually and upon occurrence of indication of impairment. The recoverable amount of a cash generating unit (CGU) is determined based on value-in-use calculations which require the use of assumptions. The growth rates and margins used to make estimate future performance are based on past performance and our estimates of future growths and margins achievable in the CGUs. Discount rates reflect specific risks relating to the relevant segments and geographies in which the CGUs operate.

- **Recognition and measurement of defined benefit obligations**

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

- **Recognition and measurement of Long term incentives**

Accrual for long term incentive scheme liability requires estimates and judgements in respect of achievement of parameters of business performance. These estimates are based on past performance, approved budgets and plans and other relevant information considered on a best estimate basis as at the reporting date.

- **Recognition of deferred tax assets**

Deferred tax assets and liabilities are recognised for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

- **Recognition and measurement of provisions**

- a. Provision for sales returns

The Group makes a provision for estimated sales returns, based on its historical experience and is dependent on other relevant factors.

- b. Provision for doubtful trade receivables

The Group has large number of individual small customers. Management assesses the level of allowance for doubtful debts after taking into account ageing analysis and any other factor specific to individual counterparty and a collective estimate based on historical experience adjusted for certain current factors.

Notes forming part of the Consolidated Financial Statements

- c. The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.
- **Discounting of long-term financial assets / liabilities**

All financial assets / liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities/assets which are required to subsequently be measured at amortised cost, interest is accrued using the effective interest method.
 - **Fair valuation of employee share options**

The fair valuation of the employee share options is based on the Black-Scholes model used for valuation of options. Key assumptions made with respect to expected volatility includes share price, expected dividends and discount rate, under this option pricing model.
 - **Determining whether an arrangement contains a lease**

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.
 - **Rebates**

Rebates are generally provided to distributors or customers as an incentive to sell the Group's products. Rebates are based on purchases made during the period by distributor / customer. The Group determines the estimates of rebate accruals primarily based on the contracts entered into with their distributors / customers and the information received for sales made by them.
 - **Fair value of financial instruments**

Derivatives are carried at fair value. Derivatives includes foreign currency forward contracts and commodity. Fair value of foreign currency forward contracts are determined using the fair value reports provided by respective bankers.
 - **Biological Assets**

Management uses inputs relating to production and market prices in determining the fair value of biological assets.

Notes forming part of the Consolidated Financial Statements

6. Measurement of fair values

The Group's accounting policies and disclosures require the measurement of fair values for, both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

7. Recent pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its financial statements.

Notes forming part of the Consolidated Financial Statements

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 106 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Group does not expect the amendment to have any significant impact in its financial statements.

8. Significant accounting policies

A. Revenue and Other income

i. Sale of goods

Revenue from operations comprises of sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Group includes trade discounts, volume rebates and other incentive given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

Revenue from the sale of goods are recognised when control of the goods has transferred to our customer and when there are no longer any unfulfilled obligations to the customer. Depending on the contractual terms with the customers, this can be either at the time of dispatch or delivery of goods. This is considered the appropriate point where the performance obligations in our contracts are satisfied as the Group no longer have control over the inventory.

Our customers have the contractual right to return goods only when authorized by the Group. As at 31 March 2022, an estimate has been made of goods that will be returned and a liability has been recognised for this amount. An asset has also been recorded for the corresponding inventory that is estimated to return to the Company using a best estimate based on historical experience.

ii. Dividend income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be measured reliably.

iii. Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Consolidated Statement of Profit and Loss.

iv. Subsequent remeasurement of the contingent consideration which represents a financial liability or asset, is recognised through profit and loss account.

B. Foreign currency

i. Transactions and balances

Transactions in foreign currencies are translated into the respective functional currencies of the Group at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Group's monetary items at the closing rate are recognised as income and expenses in the period in which they arise.

Notes forming part of the Consolidated Financial Statements

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured.

Exchange differences are generally recognised in the Statement of Profit and Loss, except exchange differences arising from the translation of the following item which are recognised in OCI:

- Qualifying cash flow hedges to the extent that the hedges are effective.

On consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the reporting date and their statements of profit and loss are translated at average rate during the year. The exchange differences arising on translation for consolidation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit and loss.

C. Employee benefits

i. Short term employee benefits

All employee benefits payable wholly within twelve months of rendering services are classified as short-term employee benefits. Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Short-term benefits such as salaries, wages, short-term compensation absences, etc., are determined on an undiscounted basis and recognised in the period in which the employee renders the related service.

ii. Defined contribution plans

Obligations for contributions to defined contribution plans such as Provident Fund and Family pension maintained with Regional Provident Fund Office are expensed as the related service is provided.

iii. Defined benefit plans

The following post – employment benefit plans are covered under the defined benefit plans:

- Provident Fund Contributions other than those made to the Regional Provident Fund Office of the Government which are made to the Trust administered by the Group.

The Group's contribution to the Provident Fund Trust as established by the Group, is also considered as a Defined Benefit Plan because, as per the rules of Group's Provident Fund Scheme, 1952, if the return on investment is less than the guaranteed rate of return for any reason, then the deficiency shall be made good by the Group. The Group's net obligations in respect of such plans is calculated by estimating the amount of future benefit that the employees have earned in return for their services and the current and prior periods that benefit is discounted to determine its present value and the fair value of the plan asset is deducted.

The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

- Gratuity Fund

The Group provides for gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Group. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income (OCI).

Notes forming part of the Consolidated Financial Statements

iv. Other long-term employee benefits

Liability toward long-term Compensated Absences are provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet. Actuarial gains / losses comprising of experience adjustments and the effects of changes in actuarial assumptions are immediately recognised in the Consolidated Statement of Profit and Loss.

Other long-term employee benefits include payable in respect of long term incentive scheme recorded by estimating the possible cash outflows based on assessment of parameters of the scheme and discounted at present value.

v. Terminal Benefits:

All terminal benefits are recognised as an expense in the period in which they are incurred.

D. **Income Tax**

Income tax expense comprises current and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in the OCI.

i. Current tax

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit / (tax loss) for the year determined in accordance with the provisions of the Income-Tax Act, 1961. Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries and associates to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves. Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Taxes relating to items recognised directly in equity or OCI is recognised in equity or OCI and not in the Consolidated Statement of Profit and Loss.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Notes forming part of the Consolidated Financial Statements

E. Inventories

Inventories are carried in the consolidated balance sheet as follows:

- a) Raw materials, Packing materials, Stock in Trade and Stores & Spares: At lower of cost, on weighted average basis and net realisable value.
- b) Work-in-progress-: At lower of cost of materials, plus appropriate production overheads and net realisable value.
- c) Finished Goods-: At lower of cost of materials, plus appropriate production overheads and net realisable value.

The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to the present location and condition. Slow and non-moving material, obsolescence, defective inventories are duly provided for and valued at lower of cost and net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

- d) Land development project in progress includes cost of land, development management fees, construction cost, allocated interest and expenses attributable to the construction of the project undertaken by the Group.

F. Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises:

- a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in the Consolidated Statement of Profit and Loss.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the Consolidated Statement of Profit and Loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

Notes forming part of the Consolidated Financial Statements

iii. Depreciation/ Amortizations

Depreciation on tangible fixed assets is provided in accordance with the provisions of Schedule II of the Companies Act 2013, on Straight Line Method. Depreciation on additions / deductions is calculated on pro rata basis from/up to the month of additions/deductions. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. In case of the following category of property, plant and equipment, the depreciation has been provided based on the technical specifications, external & internal assessment, requirement of refurbishments and past experience of the remaining useful life which is different from the useful life as specified in Schedule II to the Act:

- a) Plant and Machinery: - 20 Years
- b) Computer Hardware, Crates, cans and milko testers: Depreciated over the estimated useful life of 4 years.
- c) Leasehold Land: Amortized over the lease term.
- d) Leasehold improvements and equipments: Amortised over the Primary lease period or 16 years whichever is less

Assets costing less than ₹ 5,000 are fully depreciated in the year of purchase/acquisition.

G. **Borrowing costs**

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

H. **Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

I. **Intangible assets**

Recognition and measurement

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Group and the cost of the asset can be measured reliably.

Intangible assets viz. Technical Know-how fees, Grant of Licenses and Computer software, which are acquired by the Group and have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses, if any.

Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in the Statement of Profit and Loss.

The intangible assets are amortised over the estimated useful lives as given below:

- Computer Software : 6 years
- Technical Know-how of a capital nature & Product Registration expenses : 6 years
- Brands : 20 years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Notes forming part of the Consolidated Financial Statements

Research and Development Expenditure

Research Expenditure:

Revenue expenditure on research & development is charged to the Consolidated Statement of Profit and Loss of the year in which it is incurred.

Capital expenditure incurred during the period on research & development is accounted for as an addition to intangible assets.

J. Share-based payments:

- a) Employees of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).
- b) The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.
- c) That cost is recognised, together with a corresponding increase in share-based payment reserves in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest.
- d) When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through the Consolidated Statement of Profit and Loss.
- e) The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

K. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

Financial instruments also cover contracts to buy or sell a non-financial item that can be settled net in cash or another financial instrument, or by exchanging financial instruments, as if the contracts were financial instruments, with the exception of contracts that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the entity's expected purchase, sale or usage requirements.

Derivatives are currently recognised at fair value on the date on which the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

i. Financial assets

Classification

The Group classifies its financial assets in the following measurement categories:

- Where assets are measured at fair value, gains and losses are either recognised entirely in the Consolidated Statement of Profit and Loss (i.e. fair value through profit or loss), or recognised in Other Comprehensive Income (i.e. fair value through other comprehensive income).
- A financial asset that meets the following two conditions is measured at amortized cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Notes forming part of the Consolidated Financial Statements

Business model test: The objective of the Group's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).

Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Initial recognition & measurement

At initial recognition, the Group measures a financial asset at fair value plus, in the case of a financial asset not recorded at fair value through the Consolidated Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

Equity investments (other than investments in associates and joint venture)

- All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.
- If the Group decides to classify an equity instrument as FVOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.
- Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Consolidated Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's Consolidated Statement of Assets and Liabilities) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, and bank balance.
- b) Trade receivables - The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security like letters of credit, security deposit collected etc. and expectations about future cash flows.

Notes forming part of the Consolidated Financial Statements

ii. Financial liabilities

Classification

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through the Consolidated Statement of Profit and Loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable and incremental transaction cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Consolidated Statement of Profit and Loss.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Consolidated Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Consolidated Statement of Assets and Liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Notes forming part of the Consolidated Financial Statements

L. Provisions, contingent liabilities and contingent assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expenses relating to a provision is presented in the Consolidated Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognises any impairment loss on the assets associated with that contract.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision disclosure is made.

A contingent asset is not recognised but disclosed in the consolidated financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase order (net of advance) issued to parties for completion of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

M. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the Statement of Profit And Loss.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Group recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in Statement of Profit and Loss.

Notes forming part of the Consolidated Financial Statements

The Group has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Group as a lessor

At the inception of the lease the Group classifies each of its leases as either an operating lease or a finance lease. To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and awards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not then it is an operating lease. The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term.

N. Impairment of non-financial assets

Goodwill and intangible assets that have infinite useful life are not subjected to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

The carrying values of other assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor that reflects current market assessments of the time value of money and the risk specific to the asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Consolidated Statement of Profit and Loss, to the extent the amount was previously charged to the Consolidated Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

O. Cash and cash equivalents

Cash and cash equivalent in the Consolidated balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

P. Government Grants

Grants are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an asset, the cost of the asset is shown at gross value and grant thereon is treated as a deferred grant which is recognised as income in the Consolidated Statement of Profit and Loss over the period and in proportion in which depreciation is charged.

Revenue grants are recognised in the Consolidated Statement of Profit and Loss in the same period as the related cost which they are intended to compensate are accounted for.

Q. Earnings Per Share ("EPS")

The basic Earnings Per Share ("EPS") is computed by dividing the net profit / (loss) after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit/(loss) after tax for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

R. Biological assets

Biological assets are measured at fair value less costs to sell, with any change therein recognised in the Consolidated Statement of Profit or Loss.

C. Risk Management strategies related to agricultural activities

The group is exposed to the following risks relating to its plantations, Cattles and PS Bird /Hatching egg /Broiler

i. Regulatory and environmental risks

The group is subject to laws and regulations in the country in which it operates. It has established various environmental policies and procedures aimed at compliance with the local environmental and other laws.

ii. Supply and demand risks

The group is exposed to risks arising from fluctuations in the price and sales volume of plants and milk. For oil palm plants, when possible, the group manages this risk by aligning its harvest volume to market supply and demand. Management performs regular industry trend analyses for projected harvest volumes and pricing. For milk, the Group manage this risk by effective marketing tie up for sale of milk.

The group exposed the risk arising from the fluctuations in the price of Hatching eggs, commercial day old chicks and live birds. when the price goes down the management possibly manage this risk by diverting more live birds for processing and when prices goes up the management sells more Hatching eggs, Day old Chicks and Live Birds.

iii. Climate and other risks

The group's oil palm plantations are exposed to the risk of damage from climatic changes, diseases, forest fires and other natural forces. The group has extensive processes in place aimed at monitoring and mitigating those risks, including regular plantation health surveys and industry pest and disease surveys.

The Group is exposed to risks arising from fluctuations in yield and health of the Cattle. Group manages this risk by effective sourcing and maintenance of cattle.

The Group's Livestock are exposed to the extreme climatic changes in summer and winter season. However, the Group has extensive processes in place aimed at monitoring and mitigating those risks, including regular health inspections of Live Stock and adopting Industry best practices by professional qualified veterinarian doctors.

A reasonably possible change of 10% in estimated cost of completing the stock under cultivation at the reporting date would have increased (decreased) profit or loss by the amounts shown below.

General reserve

General reserve is a free reserve which is created by transferring fund from retained earnings to meet future obligations and purposes.

Capital Reserve

Excess of assets recognised over consideration paid on business acquisition made by the group.

Notes forming part of the Consolidated Financial Statements

Exchange differences on translating the financial statements of a foreign operation

Exchange differences arising on translation of the foreign operations, if any, are recognised in other comprehensive income as described in accounting policy and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

Effective portion of Cash Flow Hedges

The Company uses hedging instruments as part of its management of foreign currency risk associated with foreign currency borrowings. For hedging foreign currency risk, the Company used foreign currency forward contracts which are designated as cash flow hedges. To the extent these hedges are effective; the change in fair value of the hedging instrument is recognised in the cash flow hedge reserve. Amounts recognised in the cash flow hedge reserve are reclassified to statement of profit & loss when the hedged item affects the profit & loss.

Non- controlling Interest Reserve

Non- controlling Interest Reserve represent the difference between the consideration paid and the carrying value of non-controlling interest acquired in subsidiaries.

Employee stock grants outstanding:

The employee share grant outstanding account is used to recognise grant date fair value of options issued to employees under the Company's stock option plan.

Securities Premium:

Securities Premium Account is used to record the premium received on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

Note. 40: Employee benefits

The group contributes to the following post-employment plans in India.

Defined Contribution Plans:

The group's contributions paid/payable to Regional Provident Fund at certain locations, Super Annuation Fund, Employees State Insurance Scheme, Employees' Pension Schemes, 1995 and other funds are determined under the relevant approved schemes and/or statutes and are recognised as expense in the Statement of Profit and Loss during the period in which the employee renders the related service. There are no further obligations other than the contributions payable to the approved trusts/appropriate authorities.

The group recognised ₹ 18.38 crore for the year ended March 31, 2022 (Previous Year ₹ 17.27 crore) towards provident fund contribution, ₹ 0.48 crore for the year ended March 31, 2022 (Previous Year ₹ 0.53 crore) towards employees' state insurance contribution and ₹ 0.48 crore for the year ended March 31, 2022 (Previous Year ₹ 0.52 crore) towards superannuation fund contribution in the Statement of Profit and Loss.

Defined Benefit Plan:

I. Provident Fund

a) The Group manages the Provident Fund plan through a Provident Fund Trust for its employees which is permitted under The Employees' Provident Fund and Miscellaneous Provisions Act, 1952 and is actuarially valued. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund authority. The contribution by employer and employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier.

Notes forming part of the Consolidated Financial Statements

The Group has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. These administered rates are determined annually predominantly considering the social rather than economic factors and the actual return earned by the Company has been higher in the past years. The actuary has provided a valuation for provident fund liabilities on the basis of guidance issued by Actuarial Society of India and based on the below provided assumptions there is no shortfall as at March 31, 2022.

(₹ in Crore)

Particulars	March 31, 2022	March 31, 2021
Plan assets at period end, at fair value	175.16	154.67
Provident Fund Corpus/ obligation	171.15	151.09
Valuation assumptions under Deterministic Approach:		
Weighted Average Yield	8.01%	9.32%
Weighted Average YTM	8.00%	9.25%
Guaranteed Rate of Interest	8.10%	8.50%

II. Gratuity

b) The group's gratuity schemes are defined benefit plans. The group's liability for the defined benefit schemes is actuarially determined based on the projected unit credit method. The group's net obligations in respect of such plans is calculated by estimating the amount of future benefit that the employees have earned in return for their services in the current and prior periods and that benefit is discounted to determine its present value and the fair value of the plan asset is deducted. Actuarial gains and losses are recognised immediately in the Other Comprehensive Income in the Statement of Profit and Loss.

In accordance with the provisions of the Payment of Gratuity Act, 1972, the Group has a defined benefit plan which provides for gratuity payments. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the years of employment with the Group.

Liabilities in respect of the gratuity plan are determined by an actuarial valuation, based upon which the Group makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the ICICI Prudential Life insurance, a funded defined benefit plan for qualifying employees. The Holding Company has a Gratuity Trust and Trustees administer the contributions made by the Company to the gratuity scheme. The employee gratuity fund scheme for other Indian subsidiaries is managed by Life Insurance Corporation of India.

The most recent actuarial valuation of the defined benefit obligation along with the fair valuation of the plan assets in relation to the gratuity scheme was carried out as at March 31, 2022. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the details of the employee benefit obligation and the plan assets as at balance sheet date:

iv. Sensitivity Analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

(₹ in crore)

Particulars	March 31, 2022		March 31, 2021	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	(2.48)	2.79	(2.92)	3.36

Employee stock grants - equity settled

The Company had set up the Employees Stock Grant Scheme 2018 (ESGS) pursuant to the approval by the Shareholders by way of postal ballot, the result of which was declared on June 20, 2018.

The ESGS Scheme is effective from April 1, 2018, (the "Effective Date") and shall continue to be in force until (i) its termination by the Board or (ii) the date on which all of the shares to be vested under Employee Stock Grant Scheme 2018 have been vested in the Eligible Employees and all restrictions on such Stock Grants awarded under the terms of ESGS Scheme, if any, have lapsed, whichever is earlier.

The Scheme applies to the Eligible Employees who are in whole time employment of the Company or its Subsidiary Companies. The entitlement of each employee would be decided by the Nomination and Remuneration Committee of the respective Company based on the employee's performance, level, grade, etc.

Notes forming part of the Consolidated Financial Statements

The total number of Stock Grants to be awarded under the ESGS Scheme are restricted to 25,00,000 (Twenty-five Lakhs) fully paid up equity shares of the Company. Not more than 5,00,000 (Five Lac) fully paid up equity shares or 1% of the issued equity share capital at the time of awarding the Stock Grant, whichever is lower, can be awarded to any one employee in any one year.

The Stock Grants shall vest in the Eligible Employees pursuant to the ESGS Scheme in the proportion of 1/3rd at the end of each year from the date on which the Stock Grants are awarded for a period of three consecutive years, or as may be determined by the Nomination and Remuneration Committee, subject to the condition that the Eligible Employee continues to be in employment of the Company or the Subsidiary company as the case may be.

The Eligible Employee shall exercise her / his right to acquire the shares vested in her / him all at one time within 1 month from the date on which the shares vested in her / him or such other period as may be determined by the Nomination and Remuneration Committee.

The Exercise Price of the shares has been fixed at ₹ 10 per share. The fair value of the employee share options has been measured using the Black-Scholes Option Pricing Model and charged to the Statement of Profit and Loss. The value of the options is treated as a part of employee compensation in the financial statements and is amortised over the vesting period.

The Company has provided ₹ 2.72 crore (Previous Year ₹ 2.03 crore) for all the eligible employees for current year.

Following table lists the average inputs to the model used for the plan for the year ended March 31, 2022:

Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ;
- Market risk; and
- Currency risk;

i. Risk management framework

The group's board of directors has overall responsibility for the establishment and oversight of the group's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the group's risk management policies. The committee reports regularly to the board of directors on its activities

The group's risk management policies are established to identify and analyse the risks faced by the group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the group's activities. The group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the group. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Note 42.2: Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the group's receivables from customers and loans and advance.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances

The group's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the group grants credit terms in the normal course of business.

The Risk Management Committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the group's standard payment and delivery terms and conditions are offered. The group's export sales are backed by letters of credit, Export Credit Guarantee Corporation and accordingly no provision has been made on the same. Further for domestic sales, the group segments the customers into Distributors and Others for credit monitoring.

The group maintains adequate security deposits for sales made to its distributors. For other trade receivables, the group individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the group makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

The group establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables and loans and advances.

The maximum exposure to credit risk for trade and other receivables by type of counterparty was as follows:

Particulars	Carrying amount	
	March 31, 2022	March 31, 2021
Trade Receivables (net of credit impaired)	951.35	822.57

Cash and cash equivalents and other bank balances

The group held cash and cash equivalents and other bank balances of ₹ 34.86 crore at March 31, 2022 (Previous Year ₹ 51.55 crore). The cash and cash equivalents and other bank balances are held with bank and financial institution counterparties with good credit rating.

Other than trade and other receivables, the group has no other financial assets that is past due but not impaired.

Note 42.3: Liquidity risk

Liquidity risk is the risk that the group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the group's reputation. The Group has access to funds from debt markets through loans from banks, commercial papers and other debt instruments.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted and exclude the impact of netting agreements.

The gross inflows/(outflows) disclosed in the above table represent the contractual undiscounted cash flows relating to derivative financial liabilities held for risk management purposes and which are not usually closed out before contractual maturity. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross cash settlement.

The Group has sufficient current assets to manage the liquidity risk, if any, in relation to current financial liabilities.

Note 42.4: Currency Risk**Market risk**

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Our Board of Directors and its Audit Committee are responsible for overseeing our risk assessment and management policies. Our major market risks of foreign exchange, interest rate and counter-party risk are managed centrally by our Company treasury department, which evaluates and exercises independent control over the entire process of market risk management.

We have a written treasury policy, and reconciliations of our positions with our counter-parties are performed at regular intervals.

Interest rate risk is covered by entering into fixed-rate instruments to ensure variability in cash flows attributable to interest rate risk is minimised.

Currency risk

The group's risk management policy is to hedge its foreign currency exposure in accordance with the exposure limits advised from time to time.

The functional currencies of the group companies are primarily the local currency of the respective countries in which they operate. The Group is exposed to currency risk to the extent that there is a mismatch between the currencies in which revenues and expenses are denominated and the respective functional currencies of group companies.

The currencies in which these transactions are primarily denominated are INR. Foreign currency revenues and expenses are in the nature of export sales, import purchases, royalty, technical know-how & professional and consultation fees.

Exposure to currency risk

The summary quantitative data about the group's exposure to currency risk as reported to the management of the Group is as follows. The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against all other currencies at March 31, 2022 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Notes forming part of the Consolidated Financial Statements

Note 42.5: Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The interest rate profile of the Group's interest-bearing financial instruments as reported to the management of the Group is as follows.

Nominal amount Particulars	(₹ in crore)	
	March 31, 2022	March 31, 2021

TOTAL	560.75	460.73

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Particulars	(₹ in crore)			
	Profit or (loss) and Equity (net of tax) March 31, 2022		Profit or (loss) and Equity (net of tax) March 31, 2021	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
Variable-rate instruments	(4.20)	4.20	(3.45)	3.45
Cash flow sensitivity (net)	(4.20)	4.20	(3.45)	3.45

The risk estimates provided assume a change of 100 basis points interest rate for the interest rate benchmark as applicable to the borrowings summarized above. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

Fair value sensitivity analysis for fixed-rate instruments

The Group does not account for any borrowings at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

The group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities related to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Given that the group does not have any intention to dispose investments in subsidiaries in the foreseeable future, deferred tax asset / liability in relation to such investments has not been recognised.

Deferred tax liabilities of undistributed earnings of subsidiaries and joint venture was not recognised because the company controls the dividend policy of its subsidiaries and joint venture and does not expect any distribution of part profits in the foreseeable future.

Deferred tax assets as at March 31, 2022 aggregating to ₹ 30.68 crore (Previous Year ₹ 20.01 crore) arising on account of business losses incurred. The management has assessed the recoverability of this deferred tax asset in near future within the adequate time-frame.

Notes forming part of the Consolidated Financial Statements

Note 45: Capital Management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The primary objective of the group's Capital Management is to maximise shareholder value. The group manages its capital structure and makes adjustments in the light of changes in the economic environment and the requirements of the financial covenants, if any.

The Group monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings (excluding lease liability) less cash and cash equivalents. Equity comprises all components of equity.

The Group's adjusted net debt to equity ratio at March 31, 2022 and March 31, 2021 were as follows.

	(₹ in crore)	
Particulars	As at March 31, 2022	As at March 31, 2021

Notes forming part of the Consolidated Financial Statements

Note 47.1: Contingent liabilities represent estimates made mainly for probable claims arising out of litigation/ disputes pending with authorities under various statutes (Excise duty, Customs duty, Income tax). The probability and timing of outflow with regard to these matters depend on the final outcome of litigations/ disputes. Hence the Group is not able to reasonably ascertain the timing of the outflow.

Note 47.2: The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, in the case of Surya Roshani Limited & others v/s EPFO, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. The company has started complying with this prospectively from the month of March 2019. In respect of the past period there are significant implementation and interpretative challenges that the management is facing and is awaiting for clarity to emerge in this regard, pending which, this matter has been disclosed under the Contingent liability section in the financial statements. The impact of the same is not ascertainable.

Note 54: Goodwill and Other Intangible Assets with indefinite useful life

The Goodwill and Indefinite life intangible assets (Brand) are tested for impairment and accordingly no impairment charges were identified for the year ended March 31, 2022.

The Goodwill and intangible asset (Brand) arises from the following Group's Cash Generating Units (CGU):

	(₹ in crore)	
Particulars	March 31, 2022	March 31, 2021
Astec LifeSciences Limited (Crop Protection)	118.17	118.17
Creamline Dairy Products Limited (Dairy)		
- Goodwill	76.70	76.70
- Brand	38.22	38.22
Godrej Tyson Foods Limited (Poultry)	64.18	64.18
Godrej Maxximilk Private Limited (Cattle Breeding)	5.84	5.84
TOTAL	303.11	303.11

Astec LifeSciences Limited

The recoverable amount of this Cash Generating Unit (CGU) is higher of its fair value less cost to sell and its value in use. The goodwill allocated pertains to a listed entity and accordingly, the fair value of the CGU is determined based on market capitalisation.

Creamline Dairy Products Limited

The recoverable amount of a CGU is based on its value in use. The value in use is estimated using discounted cash flows over a period of 5 years. Cash flows beyond 5 years is estimated by capitalising the future maintainable cash flows by an appropriate capitalisation rate and then discounted using appropriate discount rate.

Operating margins and growth rates for the five year cash flow projections have been estimated based on past experience and after considering the financial budgets/forecasts provided by the management. Other key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industry and have been based on historical data from both external and internal sources.

Particulars	As at March 31, 2022	As at March 31, 2021
Discount rate	11%	11%
Long term growth rate beyond 5 years	5%	2%

The management believes that any reasonably possible change in the key assumptions would not cause the carrying amount to exceed the recoverable amount of the CGU.

Godrej Tyson Foods Limited

The recoverable amount of a CGU is based on its value in use. The value in use is estimated using discounted cash flows over a period of 5 years. Cash flows beyond 5 years is estimated by capitalising the future maintainable cash flows by an appropriate capitalisation rate and then discounted using appropriate discount rate.

Operating margins and growth rates for the five-year cash flow projections have been estimated based on past experience and after considering the financial budgets/forecasts provided by the management. Other key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industry and have been based on historical data from both external and internal sources.

Particulars	As at March 31, 2022	As at March 31, 2021
Discount rate	11%	11%
Long term growth rate beyond 5 years	5%	2%

The management believes that any reasonably possible change in the key assumptions would not cause the carrying amount to exceed the recoverable amount of the CGU.
