Dear Sir/Madam,

DroneAcharya Aerial Innovations Limited, in collaboration with ITC Limited, proudly unveils the groundbreaking All Women's Namoo Drone Didi Batch, representing a significant stride towards gender inclusivity and empowerment in the drone industry. The partnership with ITC showcases a commendable commitment to Corporate Social Responsibility, as they sponsor drone pilot training for women from Self Help Groups across Maharashtra.

Through the support of ITC's arms - DSC, BAIF Amravati, BAIF Parner, and AFARM - women are provided with valuable skills and opportunities for individual and societal upliftment. This initiative not only fosters individual development but also contributes to broader societal growth.

The Namoo Drone Didi Batch spans 5 days, equipping participants with a 10-year license to legally operate drones in India. The comprehensive curriculum covers drone fundamentals, DGCA regulations, failsafe mechanisms, and emergency protocols. Practical sessions include simulator training and on-ground drone flying, culminating in a thorough 3-part examination: oral, written, and practical.

"This initiative is by women and for women, with a master trainer who is an experienced DGCA certified Drone Instructor, offering unmatched expertise and knowledge in drone technology", adds Mr. Prateek Srivastava, Founder and Managing Director of DroneAcharya.

DroneAcharya and ITC's collaboration exemplifies the power of partnership in driving meaningful progress and creating opportunities for a brighter, more inclusive future.
