Chairman's perspective

Enabling a healthier future

Trust-worthy brand | Pan-India integrated coverage |
Varied offerings | Tech-enabled operating model

Dear Shareholders,

It gives me immense pleasure to share with you again at the conclusion of a productive year. Before I begin I hope all of you are in great health and high spirits.

At Dr. Lal PathLabs, we have been very tactfully increasing our presence across the country, which is otherwise fragmented and dominated by unorganised players. We are the leader amongst three lakhs odd clinical laboratories in India. This is because of our unwavering commitment to provide our patients and customers with high-quality diagnostics at competitive prices, while providing them with

a superior testing experience via an omnichannel approach. This is precisely in accordance with our internal strategy to reach more consumers in various Indian cities. Today, we have substantially strengthened our presence in the best-in-class quality of services provided across the entire spectrum of tests. In addition to establishing an excellent lab network, we have invested heavily in the brand to leave a lasting impression on consumers.

We were the first to recognize that India requires quality diagnostics that are accessible to the masses everywhere in India. In line with this, over the years, we have tracked the gradual evolution of modern

medicine in the management of our patients. Since, seventy percent of all medical decisions are based on laboratory tests, accurate diagnostics contribute in a big way towards the management of disease. This includes the entire treatment process which consists of disease detection, prognosis, diagnosis, treatment planning and post-treatment monitoring. To this end, we are continuing to invest in creating an efficient technology-backed network that can align with the growth in sample volumes.

Reflecting on the year gone by, I am delighted to share that we have achieved 15.5% growth in the non-COVID revenue in FY 2022-23. We have proudly served about 26.9 million patients in FY 2022-23. This has come on the back of a sharp focus on core operations across the country including Tier-2 and Tier-3 cities and investments in digital infrastructure.

It is worthwhile to note that, since the fiscal marked the first year following two consecutive years dominated by the pandemic, our march towards reaching normalcy was the fastest in the industry. Owing to this, during the fiscal, we were successful in redeployment of the investments we had made for Covid.

We continued to make progress across our three strategic pillars that include geographical expansion, creating a unique fresh-size portfolio and augmenting the technology infrastructure for the future.

A key highlight has been the unveiling of our Mumbai Reference Lab at Vidyavihar. This has immediately resulted in the increased testing of the high end tests and it is also the first private lab in West India to have a BSL Level-III biocontainment lab for microbiology and virology testing. This speaks leaps and bounds of our commitment to offer best-in-class services to our patients by bringing them a unique testing experience at affordable rates. We are proud to announce the acquisition of a second electron microscope at our National Reference Lab in Rohini in Delhi while none of the private players in the country have even one electron microscope.

Additionally, towards our efforts in strengthening our technological capabilities, we began implementing and upgrading our lab information system and advanced tools like artificial intelligence and data mining. We are again the first in the country to have AI based Histopathological Diagnosis in the field of Prostate and Breast biopsies. We remain the number one Histopathology and Renal biopsy testing center in the world. Needless to add, this enabled us to achieve enhanced operational efficiencies and quicker turnaround time or TAT.

In today's ever-evolving business landscape, the significance of Environmental, Social, and Governance (ESG) principles cannot be understated. As a responsible company, we recognise the importance of incorporating ESG practices into our operations. Over the years, we have taken significant strides to not only thrive within our industry but also assume full responsibility for our immediate environment.

We also take pride in being a people-oriented organisation. We are happy to share with you that the international Newsweek magazine has given us the 15th ranking worldwide in the hundred 'Global

Most Loved Work Places 2023'. In this list, there are only two other Indian companies which are ranked much lower. We firmly believe in creating an inclusive and diverse workforce. To that end, we have actively recruited differently-abled individuals and provided them with employment opportunities within our organisation. We have also invested in building facilities that cater to the needs of differently-abled employees.

As we go forward, we are very optimistic about the future of the industry. We believe that diagnostics will play an important role in the healthcare industry, as it serves as the crucial first step in the healthcare journey – remember 'Test, Track and Treat!' Moreover, a significant portion of India remains underserved in terms of both diagnostics and healthcare access. As the government takes steps to establish healthcare networks in these underserved regions, we anticipate a positive ripple effect on disease awareness, discovery, and treatment. Given that diagnostics form the cornerstone of healthcare decision-making, our industry is poised to benefit from this increased awareness and access.

As the leader in this space, we believe all of this will accrue to us in some form and shape in the long term. We are focusing on certain areas that will amplify our growth in the coming years. These include:

- ▲ Exploring possible synergies - The diagnostic industry is experiencing competition from various directions with multiple players exploring diversification opportunities. In response to this dynamic environment, we are also looking forward for possible synergies to drive our growth and maintain a competitive edge
- ▲ Pushing higher test portfolio - We recognise the importance of offering a diverse and comprehensive test portfolio

to meet the evolving needs of healthcare providers and patients. We are continuing to add new tests to our test menu and diversify our reach to higher franchise share of patient service centers

- ▲ Penetrate in Tier-2 and Tier-3 markets - We see an immense potential in Tier-2 and Tier-3 markets, where access to diagnostic services may be limited. We are therefore looking forward to extend our reach in these markets, bringing our expertise, technology, and services closer to the underserved population
- ▲ Exploring opportunities in Southern Market - Witnessing the southern region as a significant growth potential for our organisation, we are also actively exploring opportunities to expand our presence in this market

Most importantly, people are at the heart of our organisation and we remain committed to being people and customer oriented, placing their needs at the forefront of our operations. We also remain dedicated to giving back to the communities we serve and making a positive impact on society.

In conclusion, we appreciate your continued support and trust as we propel our organisation towards sustained success in the competitive landscape.

Thank you for your confidence in our Company.

Warm regards,

Managing Director's message

The demand for diagnostic services is experiencing a significant surge, driven by growing awareness about health and wellness, growth of lifestyle disorders and an aging population. Identifying the specific needs of people, we have taken strides to bring diagnostic services to patients' doorsteps.

Dear Shareholders,

In a dynamic health services ecosystem, Dr. Lal PathLabs has resiliently evolved and adapted to rapid changes, especially since the beginning of the Covid-19 pandemic. It has not only presented unforeseen challenges but, has also unveiled opportunities for growth and innovation. Keeping a steady focus on delivering quality services, we have prioritised the convenience of patients. It has earned us the trust of people and have empowered us to play an integral role in laying the foundation of a healthier future.

The demand for diagnostic services is experiencing a significant surge, driven by growing awareness about health and wellness, growth of lifestyle disorders and an aging population. Identifying the specific needs of people, we have taken strides to bring diagnostic services to patients' doorsteps. Our sample collection services from home have allowed us to significantly improve the standards of our service. Besides, we have adopted new technologies to enhance the accuracy and efficiency of our diagnostic services. We are also expanding our network to reach more people and consistently fulfil the demand for superior quality services.

Performance overview

During the financial year, we have registered 26.9 million patient visits and reported total revenue of ₹2,017 crore. Our non-COVID revenue for FY23 soared to ₹1,954 crore, reflecting a substantial growth of 15.5% compared to the previous year. Although the total revenue for FY23 slightly decreased to ₹2,017 crore, we remain focused on delivering exceptional diagnostic services to our valued patrons.

Our Swasthfit portfolio generated an impressive revenue of ₹370 crore in FY23. It highlights the growing demand for preventive healthcare packages, underscoring our commitment to encourage people to opt for comprehensive health screening for ensuring healthcare and wellness.

Technology adoption

We have made significant investments in technology, particularly in patient-facing applications and the adoption of digital platforms. Our focus has been on improving access to diagnostic services and catering to patient convenience. It has also led to the development of a user-

friendly mobile app that allows patients to book appointments, schedule tests, access reports and pay for tests online. It also acts as a repository of previous medical records. We also understand the paramount importance of data security and have made substantial investments in our IT infrastructure and cybersecurity.

Expanding our reach

We are relentlessly expanding our reach to meet the needs of people in Tier-3 and Tier-4 towns. As of March 31, 2023, we have established a remarkable network of 277 laboratories, including 70 laboratories in Tier-3 towns.

In Western and Central India, we have further strengthened our foothold with our presence in states like Maharashtra, Gujarat, Madhya Pradesh and Chhattisgarh.

We have strategically expanded our presence in this region with the acquisition of a diagnostic centre and are seeking to leverage our potential as a full-service diagnostic service provider to deliver exceptional value to people in this region.

Sustainability

For us, our business objectives are not merely guided by a desire to be profitable. We recognise the crucial role of integrating sustainable practices into our operations to pave the path for a better tomorrow. Accordingly, we have implemented initiatives to reduce our carbon footprint, conserve resources and promote responsible waste management. Additionally, our unwavering commitment to corporate social

Moving forward, we aim to deepen our presence in Tier-2 and Tier-3 cities, to explore a vast opportunity landscape in these areas. By strengthening our network and expanding our services, we aspire to cater to rising healthcare needs in underserved areas.

responsibility (CSR) has enabled us to undertake initiatives encompassing healthcare, education, and environmental sustainability to create a positive difference to lives.

Future roadmap

Moving forward, we aim to deepen our presence in Tier-2 and Tier-3 cities, to explore a vast opportunity landscape in these areas. By strengthening our network and expanding our services, we aspire to cater to rising healthcare needs in underserved areas. Besides, the coming together of Dr. Lal PathLabs and our subsidiary, Suburban Diagnostics, has enabled us to leverage the joint synergies of this fruitful alliance. We are also increasing investments for supporting specialised diagnostic service requirements for neurology and cardiology by introducing advanced facilities.

Our customer-centric and value-driven approach has enabled us to maximise value creation for stakeholders including patients, our people and the communities we serve. We continue to prioritise their needs and expectations to develop diagnostic solutions that are relevant and reliable.

In closing, I would like to express my heartfelt gratitude to our valued shareholders, dedicated employees, and trusted partners for their unwavering support and commitment. As we look ahead, we remain steadfast in our pursuit of excellence, innovation, and patient-centric care. Together, we aim to navigate the future with resilience and a shared vision of enabling a healthier future.

Digitising our operations

We capitalised on digitalisation in FY 2023 by monetising our data lake, especially for enhancing customer service and productivity. Both our B2C and B2B operations have benefited from this approach.

We have been able to gain valuable insights from the massive volumes of data stored in our data lake, enabling personalised client interactions, improving customer satisfaction and streamlining business processes. Additionally, we have implemented customer lifecycle management through digitalisation, focusing on managing and optimising customer interactions throughout their journey with us. This also entails optimised onboarding processes, customised engagement and retention strategies, data-driven insights, and targeted upselling and cross-selling efforts.

Leveraging digital infrastructure

To build a stronger connect with our customers and improve their service experience with us, we are consistently upgrading our digital infrastructure, which also creates opportunities for sustained growth.

New website launch

Our website features cutting-edge, user-friendly functions that cater to the needs of modern users. With a responsive design, our site delivers a seamless browsing experience across various devices. Moreover, we have optimised our website to be SEO-friendly, enhancing its visibility and reach among potential customers. By strategically placing buttons and web forms, we aim to generate more leads and improve order conversion rates, creating an effective platform for customer engagement and business growth.

Logistics app

This app employs machine learning algorithms for FE route generation, which help analyse the location of the technicians, traffic patterns and job schedules to generate optimised routes for field engineers to efficiently navigate and service various locations. Machine learning-based tube bag scanning helps generate sample bags automatically. Each procedure uses a secure QR code-based handshake to ensure secure and authorised interactions. This entails generating unique QR codes which serve as digital signatures for authentication and encrypted information.

Reco.ai

Recently, our organisation has integrated an AI-based recommendation engine that leverages advanced algorithms to offer patients personalised recommendations for pertinent tests based on their present health condition, historical report patterns, demographic information and other relevant factors. This cutting-edge technology evaluates various data points to generate individualised suggestions for diagnostic tests that are most appropriate for each individual's distinct health conditions.

One registration

All point-of-sale (POS) registrations are available on a single comprehensive platform, streamlining the process and eliminating the need for multiple systems. This integrated solution offers a convenient and efficient way to manage POS registrations, ensuring that businesses can easily comply with regulatory requirements. Additionally, the platform incorporates error-proofing mechanisms, minimising the occurrence of mistakes and reducing the risk of inaccuracies in the registration process.

Geo-fencing and precious sample recognition are employed for enhancing sample security during intra- and inter-city movements. Geo-fencing establishes virtual boundaries to prevent unauthorised sample transportation beyond designated areas. Machine learning also helps identify and track valuable or sensitive samples, ensuring their proper handling and protection.

Chatbot 2.0

A new version of the chatbot that includes an option to schedule an appointment straight through the chatbot interface has just been released. Patients will also have access to detailed order records, estimated time of reporting (ETR), and real-time updates on their order status. Additionally, taking into account every individual's specific profile and medical history, the chatbot provides personalised suggestions for preventive health check-ups.

Wallet

The Senior Citizen Wallet rewards elderly individuals with wallet points for every booking, offering exclusive benefits and discounts. Similarly, the PhleboWallet programme encourages customers to select quality diagnostic services by earning wallet points redeemable for exclusive rewards and privileges.

Putting our people first

At Dr. LalPath Labs, we firmly believe in the holistic development of our people. Our approach encompasses various aspects that contribute to their growth and well-being.

We prioritise skill development programs to enhance their professional capabilities and empower them to thrive in their respective roles. Additionally, we are committed to maintaining a strong compliance policy that not only ensures the highest standards in our operations but also safeguards the human rights of our employees. We recognise that a nurturing and inclusive work environment is essential for the overall success of our organisation and we continuously strive to foster a culture that values diversity, promotes equal opportunities, and respects the dignity of every individual.

Skill development programmes

EDGE

EDGE (Enabling Development Growth and Excellence) is an exclusive development program, designed to cater to the enhancement in skill and knowledge of doctors at satellite labs. EDGE provides on the job training and opportunity for continuous learning for the doctors. Due to EDGE program, there is benefit of test menu expansion and availability of trained resources for reporting. The doctors trained under EDGE program are able to start tests menu at their labs.

HUNAR

We conduct a comprehensive technical skill development program specifically tailored to meet the needs of laboratory technical staff, equipping them with the necessary knowledge and expertise in specialized technical function to excel in their roles. This program has proven to be highly beneficial for the organization and for the technical staff. It helps build a pool of skilled work force provides them with internal opportunities for growth within the organisation and empowers them with enhanced skills & capabilities.

DevLab

This is a transformative leadership development initiative designed for Chief of Lab, Lab Administrators, and Section Officer Staffs. DevLab has proven to be immensely valuable in cultivating strong team management, process excellence, analytical skills and promoting effective management practices. Through this program, our leaders have acquired the necessary tools and perspectives to drive innovation, streamline operations, and inspire their teams, resulting in improved collaboration, higher productivity, and better overall outcomes.

ASM Capability Building Programme

We have in place a comprehensive and results-driven program focused on building sales first time managers on enhancing their management capabilities. This program has significantly bolstered the expertise and competence of our staff. The ASM Capability Building Program has played a pivotal role in building team management in order to support the team to deliver best outcomes.

Induction programmes

Aarambh-Induction Program for sales new joiners

Aarambh is a tailored induction program designed specifically for new sales team members. It provides them with a comprehensive introduction to our company, products, and sales strategies. By equipping them with the necessary knowledge and boosting their confidence, Aarambh ensures a quick integration and enables them to hit the ground running. This program accelerates sales growth and productivity by setting the foundation for success in their roles.

Parichay-General Induction Program for New joiners

Parichay offers a holistic onboarding experience for new employees across various departments. It familiarises them with our organisational values, policies, and processes, facilitating a smooth transition into their roles. Through Parichay, new joiners quickly adapt, establish strong working relationships and align themselves with our organisational goals. This program enhances employee engagement, retention, and overall performance by providing a solid foundation for success.

Genesis - Induction Program for Doctors

Genesis is a specialised induction program designed for new doctors joining our organisation. It provides a comprehensive orientation to our processes, quality guidelines, technology platforms, patient care protocols, and interdisciplinary collaborations. By equipping new doctors with the necessary knowledge, tools and support, Genesis ensures a seamless integration and fosters their professional growth. This program empowers them to deliver high-quality patient care from day one, making a positive impact and contributing to exceptional healthcare outcomes.

From the Chairman's Desk

India is emerging as one of the fastest growing economies in the world. As a country, we have grown by leaps and bounds in every sphere, notably as the 'pharmacy of the world'. However, for a country with 1.4 billion population, equitable distribution of healthcare across demographic profiles and geographies poses a huge challenge for the country. The COVID pandemic drove home this grim scenario and the urgency to set this right. Yet, our resilience showed in the speed at which vaccines were produced and rolled out, not only within the country but also made available globally, benefitting other countries in the emerging economies. Today, Indian health sector stands at the crossroads, with several opportunities in the future as well as challenges to overcome.

The need of the hour – taking healthcare to the masses

Situation

The Indian healthcare sector was projected to record a three-fold rise, growing at a CAGR of 22% between 2016–22 to reach US\$ 372 billion in 2022 from US\$ 110 billion in 2016¹. Currently, it is expected to grow between US\$ 450 billion and US\$ 470 billion by 2025². The Indian laboratory diagnostics is a US\$ 5–6 billion market and is expected to grow at a CAGR of 13–14%, which is higher than the overall growth rate of the healthcare industry in the coming years. Though at 4–5% of the total healthcare expenditure, the medical diagnostics industry influences the remaining 95% of the healthcare cost. Around 70% of medical decisions regarding early disease diagnosis, patient prognosis and treatment selection are based on laboratory diagnostic results³.

Healthcare costs

It is estimated that non-communicable diseases will cost India US\$ 6.2 trillion by 2030. Estimate of India's economic losses between 2012–2030 due to CVD, diabetes & cancer is at about US\$ 2.7 trillion². India's population is evolving and ageing, with the geriatric age group expected to constitute 11% of India's citizenry in 2025, rising to 300 million by 2050. This causes the economic losses to increase further. Early diagnosis and prevention of disease will help in curtailing healthcare costs and the burden of loss in productivity due to ill health.

Healthcare reach

Health care professionals available (doctors & nurses) is 16.7 per 10,000 persons in India, which is well below the WHO threshold of 44.5 doctors, nurses and midwives per 10,000 population⁴. The projected skilled health workforce numbers will rise to an estimated 2.65 million in 2030 with a workforce density of 17.5 per 10,000 population in 2030. There will be a shortfall of approximately 1.13 million skilled health workers to reach 22.8 skilled workers per 10,000 population. Pathology tests per 1,000 population in India is 1,111, versus 5,924 in Brazil, 10,000 in Australia, and 20,958 in the US⁵. This scenario indicates a highly unequitable healthcare access and stresses the need for preventive diagnostics and early-stage detection of diseases to ensure equitable distribution of healthcare.

Healthcare thrust

India's health insurance market is estimated at US\$ 133.95 billion in 2023 and is expected to reach US\$ 216.96 billion by 2028, growing at a CAGR of 10.12%. The National Health Mission was allotted Rs. 37,000 crore (US\$ 4.85 billion). Ayushman Bharat – Pradhan Mantri Jan Arogya Yojana (PMJAY) with a budget of Rs. 6,412 crore (US\$ 840.32 million) will target about 10.74 crore poor, deprived, rural families and identified occupational category of urban workers' families that form the bottom 40% of the Indian population. The scheme provides health cover of Rs. 5 lakhs per family per year. Under the Ayushman Bharat programme, 1.5 lakh Health & Wellness Centres have been made operational as on 31st December 2022, improving healthcare delivery in rural India. The diagnostics industry will play a critical role in making this a reality while working closely with the government and local bodies in scaling diagnostic centres to serve rural and semi-urban areas of the country.

Employment

The Indian medical diagnostics industry employs around 0.8 million people, with almost 3–4 direct jobs and 3–6 indirect jobs created per new diagnostics establishment⁶. This draws the spotlight on the need for skilled diagnostic professionals in the rural and semi-urban parts of the country.

Building a wellness culture

We at Lal PathLabs Foundation (LPLF) envisage the nation to move towards a wellness culture, a culture of prevention for better health and bridging the gap in healthcare accessibility in the remote locations of the country. LPLF is aligned to the global goal of Universal Health Care and Sustainable Development Goals. In line with our vision and mission, our CSR programs' thrust areas are:

- Skill building in healthcare sector
- Public health
- Healthcare research
- Other programs that need our interventions

Rising to the nation's call for an Ayushman Bharat, we deploy our expertise and professional skills to bring about healthcare equity in India. We play a role in reducing the gap in healthcare accessibility by training young Indians to meet the current demands of the health sector.

Over the past year, our company has continued to engage in various CSR initiatives, aligning our actions with some of the United Nations Sustainable Development Goals (SDGs), especially pertaining to healthcare and healthcare awareness. Our focus has been on creating lasting social and environmental value through targeted projects that address pressing issues primarily in the healthcare sector and responding to the nation's call for action.

Even as we celebrate our achievements, we acknowledge that our journey towards a more sustainable and socially responsible future is through sound health of the nation and this endeavour is an ongoing one. On this journey we plan to take our employees along through their active participation in the CSR programs, through a structured employee volunteering initiative. This we believe will take our business responsibility several notches up and bring the organisation together for a unified cause.

We have indeed come a long way, covering huge ground with our CSR footprint. This would not have been possible without the relentless support of our CSR Committee, CSR teams, our NGO partners and everyone else in the organisation associated with the programs. I sincerely thank them for their contributions and look forward to their continued support. Together, we can create a world that is more inclusive, with equitable healthcare access to every strata of our society.

Yours sincerely,

(Hony) Brig Dr. Arvind Lal

Chairman

Foreword from the Managing Director

Dr. Lal Pathlabs has, as an organisation, established a niche for itself in the field of medical diagnostics and preventive healthcare. However, we believe that we are not solely defined by our business success; our identity is shaped by who we are to the communities we operate in, and how we have included them in our own growth, and reduced the gaps in healthcare in the country.

Towards this end, we continued to develop and implement programs with the goal of bringing about healthcare equanimity and share our success with the marginalised communities in our society. We targeted areas that have been hitherto unaddressed, and over the years, we have been able to reach out to the masses that truly need our interventions.

As a key player in a circular economy, we are happy to play a small part in touching lives and making a difference right across our value chain. As our programs mature, we hope to reach new milestones in scaling our programs across the country.

Highlights for the year 2022-23

Our approach in CSR program management for the year was Focus, Reach & Review.

Focus:

We focussed on our flagship programs, continuing our efforts in vocational training in healthcare to provide sustainable livelihood and bridge the gap of trained manpower in the healthcare sector in the country. Among our public-health focussed programs, LPL Foundation set up a chair in healthcare in collaboration with Indian Institute of Management, Ahmedabad, "Dr. Lal PathLabs Chair in Healthcare" to carry out research in healthcare. Also, supported 'Ni-Kshay 2.0 Project' an initiative of Government of India to make India tuberculosis-free by 2025 and LPLF extended nutritional support to 222 TB patients of the Nuh block of district Mewat (Haryana) during the course of their treatment.

Reach:

To realise our CSR objectives, and achieve scale and depth, we partnered with multiple stakeholders. We plan to create greater impact through multi-stakeholder partnerships which we hope will create an impact to the advantage of our beneficiaries. A key development for the year was our foray into healthcare research through a tie-up with the IIM Ahmedabad.

Review:

We structured our program implementation modalities and strengthened program-wise CSR teams for effective deployment across various centres. The re-structuring of the implementation process made available, CSR professionals closer to our targeted beneficiaries. This we believe, will position us better for attaining the scale and reach that we aspire. We have put in place strong systems and processes for monitoring our programs. We conduct third party audit of our projects.

Creating pathways to health equity

We are vested in the cause for spreading healthcare awareness and making available quality diagnostic facilities in rural and semi-urban India. This requires trained manpower to provide diagnostic services. We target and train young men and women as laboratory technicians and phlebotomists, making them employable, transforming them into key links that reduce the gaps in equitable healthcare. Our vocationally-skilled beneficiaries have seen advancement in their economic profile through meaningful employment opportunities. Our programs for the year 2022-23 exceeded our expectation in readying phlebotomists and lab technicians beyond our target and ensuring sustainable employment across the length and breadth of the country. Our volunteering program had humble

beginnings and we hope to take this forward in the coming years. With a spirit of inclusiveness, we ensured 50% of women were inducted and benefitted by our flagship programs. The 'Dr. Lal Pathlabs Chair in Healthcare' was set up in 2022 at IIMA with the efforts of the IIMA Endowment Fund. The focus of this Research Chair is to build capacity in

this domain by bringing healthcare professionals across the healthcare delivery chain and thus reducing the gap in the quality of delivery between public and private healthcare. The initiative commenced with developing uniform and standard training modules on healthcare and safety and response strategy for the National Disaster Management Authority (NDMA) as per their guidelines. The Research Chair plans to impart the training modules to relevant healthcare professionals. In this regard, an Executive Education program, "Managerial Excellence in Public Health Delivery," was conducted with the Bihar Government. Over the years, two research papers have been developed about different aspects of healthcare management to understand a physician's perception of the National Digital Health Mission and the role of IT in scaling up operations in the context of a disaster (e.g., Covid-19). Currently, plans are underway to develop a program for leadership development in the social sector for blind women. A joint research study was also conducted by the All India Federation of the Blind to understand the barriers visually-impaired women executives face in active participation at management levels and the decision-making process. This collaborative initiative with IIMA in creating and contributing to thought leadership in healthcare delivery will continue through 2023-24 and into 2025.

Our plans for the year ahead

We will continue with CSR program delivery for the cause of sustainable livelihood for young people and bridging the gap of trained manpower required for the healthcare sector. We will continue to work with our current implementation partners in key areas such as vocational training, healthcare prevention and healthcare awareness.

In the post Covid era, there is greater awareness on healthcare and the importance of preventive healthcare has gained momentum among people. The ambitious Government initiatives in healthcare and insurance have set the ball rolling in public-private partnerships to boost availability of quality healthcare services for every Indian. In this endeavour, we successfully forged partnerships for increasing scale and access of our programs. Going forward, this will be the cornerstone of Lal PathLabs Foundations' thrust.

As a key player in a circular economy, we are happy to play a small part in touching lives and making a difference right across our value chain. As our programs mature, we hope to reach new milestones in scaling our programs across the country.

I thank our project team, implementing partners and CSR team for walking along side us in our endeavour.

Yours sincerely,

CSR strategy

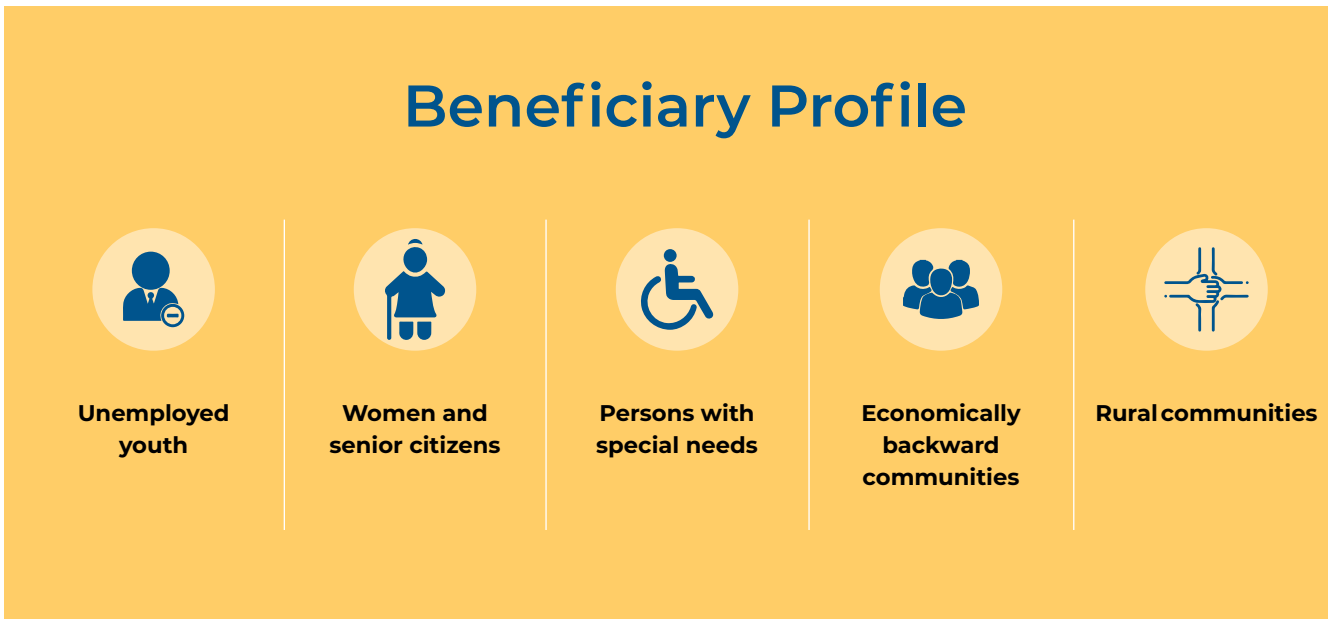

LPL Foundation's CSR strategy's core lies in working towards a healthy nation by making available preventive healthcare services to the most marginalised segments including rural, poor, aged and disabled members of the community across the country. LPL Foundation disseminates knowledge, facilitates employment and capacity building of the marginalised communities, helping them contribute to the healthcare delivery sector while they build their livelihood in the sector.

CSR implementation

CSR program execution structure

CSR Thrust Areas

Skill building

Lal PathLabs Foundation started Vocational Training Centres in different parts of the country, preferring tier-II & tier-III cities, focusing on Phlebotomist Training. The aim of the project is to provide affordable and quality health diagnostic solutions' intermediaries in rural and remote areas of India where these trained Phlebotomists would act as a link between the rural patients and the service providers. The program modalities involve skilling the youth as Phlebotomist, providing dignified and sustainable livelihood to rural youth and bridging the gap of trained paramedical health staff in rural and remote parts of the country.

Public health

Programs in Public Health are aimed at generating awareness and building capacity of the community, focus on preventive healthcare services and connect the community with healthcare services. The Public Health focus helps in reducing the gap between accessibility of available government and community health programs and the marginalised communities trying to access such programs. Our presence in this segment bonds us to the communities we serve and strengthens our relationships with government and other CSR agencies.

We create healthcare and preventive healthcare awareness among the community, provide support to government programs for healthcare causes and disease prevention, provide healthcare related support to the marginalised, underserved and specially abled.

Healthcare research

LPLF entered into partnership with IIM Ahmedabad to set up a chair namely "Dr. Lal PathLabs Chair in Healthcare". The program includes supporting the chair in carrying out research in healthcare.

Others

While we are focussed on healthcare needs and prevention, we also lend our support to special causes based on the need of the hour. Having a generalised thrust area ensures that LPL Foundation has the agility to rise up to the occasion and respond to the nation's call for our intervention.

CSR Roadmap

LPL Foundation's flagship programs have had a successful run for over five years. Over the course of time, we have evidenced that preparing unemployed youth for job-oriented professions in the health care diagnostics sector has helped in taking health care awareness and prevention right into the heartland. We hope to scale our flagship programs and contribute to other need-based programs that require LPLF's intervention.

FOCUS. SCALE. REVIEW

Lal Pathlabs Foundation (LPLF) structured its CSR program management in to three broad-based approach such that while we remain committed to our CSR cause, we also respond to the larger needs of the industry in which we are present. This approach ensures alignment to our CSR goals with the corporate goals and the larger national and global goals.

Focus

LPLF's CSR approach is to bridge the gap – bridge economic inequalities through sustainable income generation to unemployed youth and bridge the gap in skill development required for the healthcare sector. Nearly 70% of our CSR expenditure goes towards this cause. We have prioritised the skilling needs through our flagship programs as they meet the larger goals of our nation and these programs have proven to be successful. While we remain focussed on our flagship programs, we also take responsibility for the needs of the larger healthcare sector and have supported other programs that align with our overall CSR mission.

Scale

As an accredited, leading diagnostics services provider, our goal is to scale our reach to the rural and semi urban areas across the country. Our CSR programs are designed to be scaled geographically, going where we are needed most. We take a collaborative approach in our endeavour to increase our CSR footprint across the country.

Review

We constantly review the program outcomes and look for ways and means to streamline them such that our eye remains on our mission. Robust program monitoring systems that we have built over the years enable us to do so. This we believe is the foundation for our programs to achieve the scale that we have envisioned.

CSR Programs in FY 2022-2023

Skill building

Our initiatives in skill building are centred around reducing the gap in health care accessibility in the interior regions of the country. Making healthcare available equitably is our prime focus. Towards this end, we design our flagship programs to build vocational skills for young people in the rural and semi urban areas.

Diagnostic care and preventive health are the pivotal points for achieving the mission of Universal Health Care (UHC) thus contributing to the benchmark of availability of skilled workers of 44.5 per 10,000 people in India by 2030. Even as the diagnostic industry grows at a CAGR of 13-14% the estimated ratio of skilled healthcare workers in India is expected to be at 22.8 per 10,000 population by 2030, reaching a shortfall of 1.3 million skilled workers.

The Ayushman Bharat Mission has facilitated the establishment of 150,000 health centres in the tier-1, tier-2 and tier-3 towns in the country and reaching far into remote locations. The biggest gap is the availability of diagnostic support within the region for diagnostic sample collection and testing services. As of November 2021, 638 e-Hospitals are established across India as part of the central government's 'Digital India' initiative.

The lack of skilled workers, and lack of job opportunities for youth in remote locations is the area that LPL Foundation has successfully addressed. With Government sponsored insurance schemes penetrating the remote areas, diagnostic service delivery is a huge need that we aim to fulfill.

Flagship programs

Approach

Bridge the gap in the need for skilled workers for delivering healthcare services closer to the regions where it is needed while providing economic opportunities for unemployed youth closer to their homes.

Build healthcare equity by providing skilled workers to enable healthcare prevention in remote parts of India.

Vocational skilling to develop operationally ready, certified youth to meet the need of health care delivery in the remotest locations of the country.

Objectives

Channelise youth from the informal sector in rural and semi-urban areas to the organised sector.

Provide employment opportunities through placement assistance for certified youth.

Serve the economic needs of the rural and semi-urban youth.

1 LPL Academy for Laboratory Medicine-Phlebotomist training

Program overview

The Phlebotomist training program is a short-term vocational program that makes tertiary and higher secondary students employable in the health care services sector. These students are qualified to become certified phlebotomists and are employable as paramedics, provide at-home diagnostic services such as sample collection, laboratory technicians and diagnostics technicians. The program provides placement assistance to the certified phlebotomists in diagnostics laboratories, healthcare centres, rural hospitals and doctor clinics. Phlebotomists are a key link to pathology labs, urban diagnostic centres, and community health centres that function in remote locations.

They serve as the last mile connectivity between the rural communities and larger healthcare facilities, making healthcare accessible across geographies. The Phlebotomists program promotes women candidates to serve in the healthcare sector as it empowers them to seek employment closer to their homes, which is their need in rural communities.

The Academy for Laboratory Medicine is currently established in 16 centres across 9 states in the country. The centres are affiliated to the National Skill Development Corporation (NSDC) and certification is provided by Health Sector Skill Council (HSSC)

Phlebotomists are the foot soldiers who serve as the front end to enable 70% of healthcare expenditure decisions & 95% of medical decisions.

Program objective:

Provide dignified and sustainable livelihoods to the rural youth through rigorous training as Phlebotomy Technician.

Beneficiaries targeted:

Underprivileged youth between 19 to 35 years of age from rural and semi-urban localities.

Implementation partners:

- Institute of Livelihood Research and Training (ILRT) / B-ABLE Foundation
- Lok Bharti Education Society

Thriveni Pilla's journey of recognition as a phlebotomist

Thriveni is a bright young aspirant with good high school credentials. She aspired to working in the medical sector after completing her higher secondary program in Science. Unfortunately for her father was the only earning member and he provided for her higher secondary education. Her dreams and aspirations were shattered when her father was diagnosed with filariasis. Despite his condition, he tried his best to make a living as a street vendor, selling rock salt. This income was not enough to sustain the family and their debts mounted. Thriveni was at the crossroads – her own aspirations for higher studies and the family's need, especially her father's need as a patient. Young and just 22 years of age, Triveni was in a dilemma. She decided she had to do something to earn an income but with just a +2 qualification, what job could she do? How could she become employable?

At this juncture, she came to know about Lal Pathlabs Foundation's phlebotomist training program. She was thrilled about what the program could offer her. It was a short, 3-month vocational program with another 3 months on-the-job training with a stipend. Within three months, if she could get certified, she would start earning and would become employable in the diagnostics sector. This was a good start to her career in the medical sector, earn a sustainable income and care for her ailing father – all at once. She enrolled in the LPL Foundation's phlebotomist training program and got certified.

Triveni got a placement as a phlebotomist at a local Diagnostic Centre in her home town of Vishakapattinam. She now earns ₹ 1,20,000 per annum. She leads a respectable life in a profession she likes and is also able to support her family.

Case study

How Arbaz Alam transformed himself

Young, and just 21-years of age, Arbaz, was a part of a family of 6 members with his father as the sole earning member. He completed his 12th class, majoring in Science and did not have a direction in his life. He did not have a clue how to take his life forward and how to find himself a decent means of livelihood. All he knew was that with his Science qualification, there was something he really could do. To add to his responsibility, his family arranged a marriage for him. Now he was still direction-less and had a wife and extended family to support. He knew he must act fast. It was impossible for a 7-member family to live within his father's income of ₹95,000 per annum.

Arbaz approached the LPL Foundation's centre in Lucknow. He came to know about the phlebotomists vocational program. It involved 3 months of training and another 3 months of on- the-job training. The centre counselled him and briefed him about his earning potential through this program. He enrolled himself and was soon certified.

Upon receiving his certification, Arbaz got his placement with an annual salary of ₹1,80,000. Arbaz is happy that he has earned the respect he deserves in society and he is able to support his family. He is indeed motivated and aspires to dream big.

2 Centre For Excellence - Diploma in Medical Laboratory Technology (DMLT)

The DMLT program is a long-term intensive training program for tertiary-educated students who wish to work in the healthcare diagnostics sector. LPL Foundation provides an intensive two-year program, Diploma in Medical Laboratory Technology (DMLT). The DMLT program is affiliated to the Indian Medical Association (IMA) and prepares students to serve as laboratory technicians. The institute follows the guidelines established by the IMA and prepares young adults to build a career in the healthcare sector. The program takes a structured approach and follows strict guidelines in training and certification.

The DMLT program enhances the employability of tertiary educated and graduate students such that the students can be employed closer to their regions without migration to metro cities. With the increase in the diagnostic centres in tier-1, tier-2 and tier-3 cities, there is a lack of skilled professionals which the DMLT program addresses.

LPL Foundation runs the DMLT programs for laboratory technicians from two state-of-the-art Centres for Excellences(CFE).

<p>Beneficiaries targeted: Under-privileged youth with a science background in 10+2 education or graduation.</p>	<p>CFE locations: Gurugram, Kolkatta.</p>	<p>Implementing partners: Lal PathLabs Foundation</p>

1 Health Education in Schools

Program overview

Comprehensive School Health Program (CSHP) is a unique health curriculum-based program for school students in Class VI & VII. The curriculum covers health care, health awareness and aims at behavioural change towards better health management with a focus on non-communicable diseases in young children. The program is implemented directly in schools with the help of the implementing partner.

The program also covers a train-the-trainer program where teachers are trained to drive positive health behaviour among their students.

Program objective:

To educate and spread awareness in young minds on health care with a focus on non-communicable diseases that result in behavioural change towards healthy habits and to train school teachers on healthcare and prevention.

Beneficiaries targeted:

Middle school children and their teachers

Program location:

Delhi-NCR & Tri-City
Chandigarh

2 Nutritional Support to TB Patients

Program overview

Supporting and serving as a Ni-Kshay Mitra, LPL Foundation provided nutritional support to all the TB patients of the Nuh Block in Nuh District (Mewat, Haryana) comprising of 200+ patients currently undergoing treatment for tuberculosis.

The program has a three-pronged approach – a) provide support to existing TB patients with nutritional support to maintain a healthy diet b) align the communities with the Government’s national drive to eradicate TB by 2025 through community awareness programs c) strengthen health delivery systems by working with communities and district health officials.

Beneficiaries targeted:

Marginalised patients undergoing treatment for tuberculosis.

Program location:

Nuh District (Haryana)

Implementation partner:

Society for Participatory Integrated Development (SPID)

Program outcome:

Addressing special nutritional needs & health awareness for 200+ patients, with ongoing treatment. Nutritional support helps reduce TB mortality rate and improve TB cure. Awareness at the community level encourages people to seek medical assistance for disease management.

4 Arogya Resource Centre - Community Health Program

Program overview

This program is a public health initiative to holistically address community health issues arising from lack of awareness on basic health, sanitation and healthy lifestyle for prevention of diseases. Women being the primary caregivers for the elderly and the young, women-empowerment was an aspect considered in program delivery. The program is designed to be implemented in the remote areas without access to basic healthcare through the Arogya Resource Centres (ARC). One ARC is a cluster of almost 30 villages, catered by 30+ Arogya Sevikas (community health worker) and 3 Sanyojikas (supervisors) under the Ekal Arogya Plan. The Arogya Sevikas' profile comprises of the marginalised, tribal, remotely placed and weaker sections of the society. One Sevika is assigned to one village or 100 households.

All ARC workers are selected from within the communities and are trained so that they function as a link between health care providers and the communities. The Sevika's role is to generate awareness in the community on various health, nutrition, and sanitation issues, taking out various rallies and other awareness campaigns, supporting in organizing health camps, blood testing camps, supporting rural women for kitchen gardening, waste pit management, focus on clean drinking water, visiting schools for various activities for children, educating community on first-aid and home remedies. The Sevikas also serve as a critical link for these remote communities to healthcare professionals in the cities through an exclusive application. They feed data into the application and share with a pool of doctors for review and provide telemedicine.

Beneficiaries targeted:

Rural communities lacking in healthcare and sanitation, and unable to access healthcare services in the larger towns and cities.

Program location:

Uttar Pradesh
Etmadpur,
Agra Bithoor,
Kanpur
Nagar Maitha,
Kanpur
Dehat.

Implementation partner:

Arogya Foundation of India

Program outcome:

Awareness generation with a focus on preventive healthcare, capacity building of the community of various health issues including first-aid / nutrition, anaemia, kitchen gardening, water and sanitation, access to health services through telemedicine and connecting the community to government health services in the above locations.

Primarily, this program links remote communities to the large public and private healthcare facilities that have been built in the state of U.P using digital technology to provide telemedicine.

5 Madhav Srushti

Program overview

Dialysis services for weaker section in the community with no access to hospital services; prevention and awareness of chronic diseases with a focus on kidney care.

Beneficiaries targeted:

Communities with no access to specialised hospital services

Program location:

Indore District (Madhya Pradesh)

Implementation partner:

Sri Guru Ji Sewa Nyas

Program outcome:

Dialysis services for about 650 patients through the course of the program; Chronic disease(kidney) awareness and prevention programs in the community.

1 Establishing a Professorial Chair in Healthcare at IIMA

Creating new knowledge, thought leadership and research specific to healthcare, LPL Foundation signed an MOU with Indian Institute of Management, Ahmedabad to establish a professional chair in healthcare at the institute titled 'Dr. Lal Pathlabs Chair in Healthcare'. This is an ongoing project that commenced in FY 2022-23. The initial phase of the program continues until 2025.

Research partners:

Indian Institute of Management, Ahmedabad.

The CSR thrust area ‘Others’ provides LPL Foundation scope to take on ad hoc projects that call for our immediate attention or those we believe are causes that are critical to our extended communities and relevant to the sector in which we operate.

1 Women Empowerment Program

Program overview

The program enables under-privileged women to take charge of their lives and participate in India’s economic growth. This is achieved by providing leadership training, creating awareness on their rights, educating on entrepreneurial programs and livelihood activities. The program has helped to empower women through sustainable livelihood, ensure economic growth, build leadership abilities in them and leverage government livelihood schemes.

Beneficiaries targeted:
Under-privileged women

Program location:
Mumbai

Implementation partner:
Adhunik Stree Vikas Pratishthan

Program outcome:
2000 under-privileged women were covered through the program and about 200 women undertook income generation activities.

Reach

Our journey from 2018-2023

LPL Foundations' CSR programs are aligned to its business goals. As a business we have aimed to increase our touch points in the remotest regions, making our presence felt in rural and semi-urban towns of India. Hence our CSR programs are built around these communities. Our CSR footprints have steadily spread way into the hinterland, touching people and their lives.

Review

With the increasing reach of LPL Foundations' CSR programs, a structured and process-based system is a necessity to review, evaluate and reinvent our CSR initiatives. We at LPLF have continuously put our efforts into a CSR monitoring and evaluation system. This ensures that we take informed decisions in program management on the strength of evidenced data and on-ground realities.

Overall CSR review

<p>Program management & beneficiary management is done through an online MIS system. This is accessible across the locations at the centres by the LPLF CSR personnel and implementation partners.</p>	<p>Projects are audited at the end of the MOU agreement timeline.</p>	<p>Bi-annual meetings are conducted by the CSR Committee</p>	<p>CSR teams conduct an Annual CSR meet along with the implementation partners.</p>

Monitoring & Evaluation

Program review process

<p>Every centre is manned by both LPLF CSR teams and implementation partner teams.</p>		<p>Projects are reviewed by way of field visits which are both ad hoc and planned.</p>	
	<p>Quarterly, six monthly and annual project progress reports are generated and accessed from the MIS system with granular data on beneficiary/program progress.</p>		<p>Ongoing daily interactions that are project-specific are managed through Whatsapp groups.</p>
<p>Regular review and online meetings with project team conducted to get program related updates</p>		<p>Continuous interaction and communications are maintained directly at the field level with the project team at various milestones of program implementation.</p>	
	<p>Upon successful placement of the phlebotomist candidates, follow-up calls and verifications are regularly done to ensure beneficiaries stay employed and motivated.</p>		<p>Engagements with beneficiaries continue through the alumni groups on social media platforms</p>

Closed loop engagement with beneficiaries from program counselling till post-employment follow ups

Events

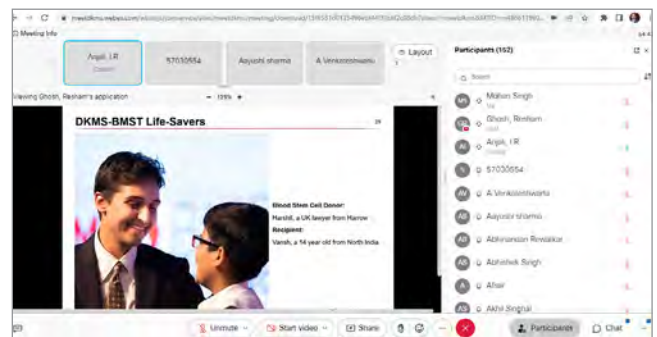

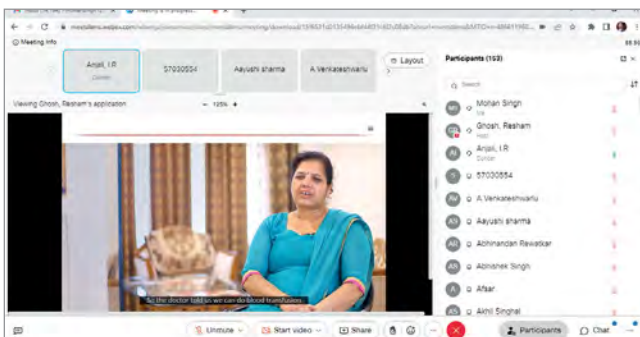

Healthcare Research initiative – MOU with IIM-A and LPL Foundation

This MOU between IIMA and LPL Foundation is a collaborative initiative in creating thought leadership in healthcare delivery that will continue through 2023-24 and into the year 2025.

LPLF volunteering programs

1 Webinar on awareness on blood cancer and importance of stem cell donation

As a part of an Employee Volunteering Program, a webinar was hosted by Lal PathLabs Foundation in collaboration with DKMS-BMST with the core agenda of spreading awareness about blood cancer and importance of blood stem cells donation. More than 160 individuals attended the webinar and showed interest to register themselves as potential stem blood cell donors.

2 Daan Utsav

Lal PathLabs Foundation organised Daan Utsav Sahyog in coordination with Goonj under the Employee Engagement and Volunteering Program for a charity drive.

3 World TB Day

Lal PathLabs Foundation ran tuberculosis awareness campaigns on the occasion of 'World TB Day'.

Programs dedicated to tuberculosis awareness were driven across 16 LPL Academy Skill Training campuses and other project locations with the active participation of over 800 students and staff members.

LPL Foundation Partners' Meet

Lal PathLabs Foundation organised for the first time on 15th March 2023, a CSR partners' meeting to create an opportunity for the company and implementing partners to come together and share experiences with each other, and enable cross learnings. LPLF and the partners discussed ways to improve the company's social responsibility initiatives, and align them to the ultimate goal of promoting sustainability.

The meeting provided an opportunity for the CSR Committee members to participate in the meeting virtually and had an interaction with the CSR partners. Dr. Arvind Lal (Executive Chairman), Dr. Om Manchanda (Managing Director), Mr. Manoj Garg (Group CHRO), Mr. Ved Prakash Goel (Group CFO) from Dr. Lal PathLabs Ltd, Mr. Rajesh Singh (GM CSR) along with CSR team from Lal PathLabs Foundation and CSR partners participated in the meeting.

The purpose of a CSR review meeting with the CSR Committee members was to provide an update

on the progress and impact of the company's CSR initiatives and provide a platform for the Committee to interact with implementing partners directly.

The CSR Committee members and management got to learn more about the company's CSR efforts, ask questions, provide feedback and guidance on future direction and priorities. This interaction ensured that the company's CSR efforts are aligned to its values and priorities, while having a positive impact on the community and environment.

RE Owned IP: Dr. Lal PathLabs Ltd. (DLPL) has been a pioneer in introducing newer technologies & newer strategies to run the business operations ever efficiently & consistently improved the service deliveries to its customers. One such latest tech initiative in the long list of tech driven solution is the creation of an in-house AI system for suggestive insights to its customers. The same is being called as Reco.AI. The said engine is DLPL's own IP & is able to suggest / recommends the customers for relevant tests basis various parameters i.e. Current health conditions, Past result trends, demographic details, disease categories etc. The data models imbibed & deployed under Reco.AI have been enriched by processing a huge amount of clinical data.

PLM: DLPL is committed to offer a full scale Patient Lifecycle management (PLM) for its customers. The aim is to have an enhance customer experience by managing the PLM & on-boarding the customers on the transition of mind set of illness to wellness. There are several campaigns & programs created under this PLM where the in depth data analysis & lots of cutting edge technologies like predictive & profiling AI models are being used to help customers in the management of their healthcare. We at DLPL call it Customer health improvement philosophy ('CHIPs') which aims to simplify patient lives by creating more tech enabled centres of excellence ('COE') and leveraging digital infrastructure. There has been a majority of influx of technology in the digital infrastructure i.e. Data analytics, Chatbots, AI driven IVRs, One Common registration for POS etc.

Logistics Owned IP: One of the important cog in running the DLPL business wheel is the automation in Logistics operations. The automation is of the most significant essence here as the volume & touch points of sample collection is tremendous & simply not possible to manage through manual / conventional means. The technology has again come to front in developing a home grown Logistics automation system. The System is using latest tech stack to manage the sample collection, Sample handover, Tracking of sample movements, fleet management etc. AI driven data models are used for Route optimizations & the image recognition models are used for tube scanning & bagging process. Geo fencing & Secure QR code based hand over process are also included for bringing in overall efficiency in the system.

Medprime – Cilika digital microscope

Medprime, a startup incubated at NASSCOM, has developed a low cost, light weight, smart & connected Microscope, which can be deployed at

remote locations. Within seconds, the enhanced images of the hematology peripheral smear slide can be sent digitally to the expert who can examine those for Second opinion. Deployed at 18 remote locations, it has reduced turn-around time of second opinion slides. Also, the images of the samples being sent digitally to the expert has enabled them to do the examination from any place, thereby enabling those in any location to take up the examination of sample sent from anywhere, allowing improvement in operational efficiency.

Policy on Dividend Distribution

1. Introduction

Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Regulations") notified on July 08, 2016 provides for top five hundred listed entities based on market capitalization (calculated as on March 31 of every financial year) to formulate a dividend distribution policy.

Considering that the Company is amongst the top 500 listed entities based on Market Capitalization, the Board of Directors of Dr. Lal PathLabs Limited ("Company") have adopted this policy on Dividend Distribution.

2. Objectives & Scope

This Policy lays down the broad framework which will act as a guiding principle for the purpose of declaring or recommending dividend during or for any financial year, by the Company.

Through this policy, the Company shall endeavour to bring a transparent and consistent approach to its dividend pay-out plans.

The Policy, however, is not an alternative to the decision making process of the Board for recommending Dividend and the Board may take into consideration other factors as well in addition to the ones enumerated in this policy.

3. Definitions

3.1. "Act" shall mean the Companies Act, 2013 including the Rules made thereunder, as amended from time to time.

3.2. "Applicable Laws" shall mean the Companies Act, 2013 and Rules made thereunder, the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; as amended from time to time and such other act, rules or regulations which provides for the distribution of dividend.

3.3. "Company" shall mean Dr. Lal PathLabs Limited.

3.4. "Board" or "Board of Directors" shall mean Board of Directors of the Company.

3.5. "Dividend" shall mean Dividend as defined under Companies Act, 2013.

3.6. "Policy or this Policy" shall mean the Policy on Dividend Distribution.

3.7. "SEBI Regulations" shall mean the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 together with the circulars issued thereunder, including any statutory modification(s) or re-enactment(s) thereof for the time being in force.

4. Parameters for declaration of Dividend

In line with the philosophy stated above, the Board of Directors shall consider the following parameters for declaration of dividend:

4.1 Financial Parameters

- Consolidated Net operating profit after tax;
- Working Capital requirements;
- Capital expenditure requirements;
- Likelihood of crystallization of contingent liabilities, if any;
- Resources required to fund acquisition of brands/business(es);
- Cash flow required to meet contingencies;
- Outstanding borrowings;

4.2 Internal Factors

- Potential opportunities available for growth/expansion
- Past Dividend Trends;
- Expectation of major shareholders;
- Prudential requirements for cash conservation

4.3 External Factors

- Prevailing legal requirements, regulatory conditions or restrictions laid down under applicable laws including tax laws;
- Dividend Pay-out ratios of Companies in similar industries
- Economic Environment

Post consideration of the above factors, the Board

shall take an informed decision about the dividend pay-out ratio and shall strive to maintain the same in the range of 10% - 70% of the Profit after Tax (PAT) on Standalone Financials for the concerned Financial Year.

5. Circumstances under which the shareholders may or may not expect dividend

The Shareholders of the Company may expect dividend only if the Company is having surplus funds after providing for all expenses, depreciation, other non-cash charges etc. and complying all other statutory requirements of the Applicable Law.

The Board shall consider the factors mentioned under Clause 4 above and before determination of any dividend payout, analyze the prospective opportunities and threats, viability of the option of dividend payout or retention etc. The Board shall not recommend dividend if they are of the opinion that it is financially not prudent to do so.

6. Utilization of retained earnings

The Board may retain its earnings in order to make better use of the available funds and increase the value of the stakeholders in the long run. The decision of utilization of the retained earnings of the Company shall be based on the following factors:

- Market expansion plan;
- Product/Service expansion plan;
- Modernization plan;
- Diversification of business;
- Long term strategic plans;
- Replacement of capital assets;
- Where the cost of debt is expensive;

- Such other criteria as the Board may deem fit from time to time.

7. Provision with regard to various classes of shares

The holders of the equity shares of the Company, as on the record date, are entitled to receive dividends. Since the Company has issued only one class of equity shares with equal voting rights, all the members of the Company shall be entitled to receive the same amount of dividend per share. The policy shall be suitably revisited at the time of issuance of any new class of shares depending upon the nature and guidelines prevailing thereon.

8. Amendment(s)

- The Board of Directors may review or amend this policy, in whole or in part, from time to time, as it may deem fit.
- In case of any amendment(s) issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then such amendment(s) shall be treated as part of this Policy and this Policy shall stand amended accordingly from the effective date as laid down under such amendment(s).
- In case of any clarification(s), circular(s) etc. issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then this Policy shall be read along with such clarification(s), circular(s) so issued, from the effective date as laid down under such clarification(s), circular(s) etc.

9. Disclosures

The Company shall disclose this policy in its Annual Report & website.

Secretarial Audit Report

of Suburban Diagnostics (India) Private Limited For the Financial Year ended March 31, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Suburban Diagnostics (India) Private Limited
2nd Floor, Aston, Sundervan Complex,
Lokhandwala Road, Andheri (West),
Mumbai- 400053

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Suburban Diagnostics (India) Private Limited (hereinafter called 'the Company')**. The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Auditor's Responsibility:

My responsibility is to express an opinion on compliance with the applicable laws and maintenance of records based on the audit. I have conducted the audit in accordance with the applicable Auditing Standards issued by The Institute of Company Secretaries of India. The Auditing Standards require that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of audit including internal, financial, and operating controls, there is an unavoidable risk that some material misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.

Based on my verification of the Company's books, papers, minute books, forms, and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents, and authorized representatives during the conduct of the secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2023 (**hereinafter called the "Audit Period"**) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms, and returns filed, and other records maintained by the Company for the financial year that ended on March 31, 2023, according to the provisions of:

1. The Companies Act, 2013 ("the Act") and the Rules made thereunder.
2. The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made there under (**Not applicable to the Company during the Audit period**).
3. The Depositories Act, 1996, and the Regulations and Byelaws framed thereunder.
4. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment (**Overseas Direct Investment and External Commercial Borrowings are Not Applicable to the Company during the Audit period**).
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act"):
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (**Not applicable to the Company during the Audit period**).
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; (**Not applicable to the Company during the Audit period**).
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; (**Not applicable to the Company during the Audit period**).
 - d) The Securities and Exchange Board of India (Share-Based Employee Benefits) Regulations,

2014 and the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; **(Not applicable to the company during the Audit period).**

- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 and the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; **(Not applicable to the Company during the Audit period).**
- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act, 2013 and dealing with clients, to the extent applicable .
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; **(Not applicable to the Company during the Audit period)** and
- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations 2018. **(Not applicable to the Company during the Audit period).**

I have also examined compliance with the applicable clause of the following:

- (i) Secretarial Standards on the meeting of the Board of Directors (SS-1) and on General Meetings (SS-2) issued by The Institute of Company Secretaries of India.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; **(Not Applicable to the Company during the Audit period).**

During the Audit period, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

As per the representation given by the management, I report that having regard to the compliance system prevailing in the Company and on the examination of the relevant documents and records in pursuance thereof, on the test-check basis, the Company has complied with the following laws apply specifically to the Company:

- The Clinical Establishments (Registration and Regulation) Act, 2010 and rules made thereunder;
- The Preconception and Pre-Natal Diagnostic Techniques (Prohibition of Sex Selection) Act, 1994 and rules made thereunder;

- The Atomic Energy Act 1962 and rules made there under;
- The Bio-Medical Waste (Management and Handling) Rules, 2016;
- Drugs and Cosmetics Act, 1940, and rules made there under;
- The Information Technology Act, 2000 (the "IT Act") and the rules made thereunder.

During the Audit Period under review and as per the representations and clarifications made, the Company had complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc., mentioned above.

I further report that the Company's Board of Directors is duly constituted. There was no change in the composition of the Board of Directors during the period under review.

During the audit period, adequate notice is given to all directors to schedule the Board Meetings and Committee Meeting, and agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meeting are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board.

I further report that, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations, and guidelines.

I further report that during the audit period, the following specific events/actions had a major bearing on the Company's affairs which had taken place are as follows:

- i. Dr. Sanjay Surinder Arora, Managing Director of the Company was re-designated as Non-Executive Director W.e.f. April 1, 2022.

Management Discussion and Analysis

Economic overview

Global economy

In the fiscal year 2023, the global economy encountered several headwinds, including geopolitical conflicts and mounting inflationary pressures, which had far-reaching effects on supply chains and impacted global trade and employment. The Russia-Ukraine war triggered further economic upheaval, leading to food insecurity concerns in several developing nations. Moreover, high inflation eroded real incomes, resulting in a global cost-of-living crisis and pushing millions into poverty and economic hardship.

However, there are early indicators offering hope about a possible rebound for the global economy, especially in emerging markets and developing economies (EMDEs). The EMDEs have demonstrated remarkable resilience amid global economic turmoil. Their demographic dividend, combined with sustained growth and attractive investment opportunities, makes them an attractive destination for businesses seeking expansion. Furthermore, substantial investments in infrastructure in emerging markets have spurred growth opportunities for various industries.¹

In the years ahead, advanced economies are anticipated to experience a resurgence owing to the fiscal and monetary policies implemented by central banks. A stronger boost from pent-up demand in numerous economies or a faster fall in inflation is likely in the course of 2023.

Indian economy

The Indian economy has emerged as one of the fastest-growing major economies, according to estimates by the National Statistical Office (NSO) in FY23. Based on NSO's latest advanced estimates, India has registered a growth of 7.2% during the year under review². This growth can be attributed to robust construction activity aided by increased infrastructure investment both by the Central Government and state governments, which paved the way for large-scale employment opportunities. The domestic economy's growth is also driven by rising private consumption, despite a projected headline inflation rate of 6.8% for FY23³. Private consumption accounted for 58.4% of the GDP in Q2 of FY23., reflecting reviving consumer sentiment.

Looking ahead, the Indian economy is anticipated to witness considerable expansion, supported by increased capital investment, a rebound in export trade post-pandemic and a reduction in global uncertainties. The strong rebound of the MSME sector, facilitated by government schemes bodes well for economic growth. The Indian economy is expected to benefit from increasing foreign investment and exports. However, challenges such as inflation and rising oil prices may also impact the economy's performance in the long run.⁴

Industry overview

Indian healthcare sector

India's healthcare sector has been growing at a compound annual growth rate (CAGR) of 22%⁵ driven by several factors including population demographics, a growing middle class, higher earnings, greater health awareness and an increase in lifestyle disorders. The increasing prevalence of non-communicable diseases (NCDs), making up 50% of the disease burden and 60% of total deaths in India⁶, is creating a demand for advanced healthcare services. The Indian healthcare market is expected to reach USD 367 billion by 2023⁷. Due to digitisation, innovation and novel hybrid business models that incorporate conventional and technology companies, the sector has experienced substantial growth over the last five years. The pandemic also sparked a long-lasting change in behaviour towards personal hygiene, health insurance, fitness and nutrition, as well as health surveillance and physical examinations.

Ayushman Bharat-Pradhan Mantri Jan Arogya Yojana (AB-PMJAY), which was allocated ₹ 7,200 cr in FY24 (12% more than ₹ 6,412 cr in 2022-23), highlights the government's focus on extending the AB-PMJAY health coverage to more than 400 million additional people who are not currently covered under any government or private health insurance scheme.⁸

Rising insurance coverage, the growth of telemedicine and government initiatives like e-health, tax benefits and incentives have also contributed to the development of India's healthcare market. Investments of over USD 200 billion are expected in medical infrastructure by FY 2024, resulting in improved healthcare facilities nationwide.

Government initiatives

- In the recently released Union Budget 2023-24, the Government has encouraged the deployment of Artificial Intelligence (AI) in research and innovation in India. This targeted focus on the AI sector, which has strong connections to diagnostics has the potential to bring about substantial changes in the industry. The government's initiative to establish three AI

centres of excellence in leading Indian institutions will contribute to the development of sustainable healthcare solutions. Considering the critical role of AI research in diagnostics, these centres will aid in the creation of indigenous products for the industry⁹.

- Ensuring public health is a key focus area of the Indian government. The Government has allocated an amount of ₹ 88,956 crore in the Union Budget for the year 2023-24 for healthcare expenditure which marks a 2.71% increase compared to the previous year¹⁴.
- The Indian government has undertaken numerous initiatives to ensure universal healthcare coverage and insurance for its citizens through Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana (AB-PMJAY). The AB-PMJAY scheme aims to provide benefits to an estimated 500 million beneficiaries, granting each family up to ₹ 5 lakh each year to cover hospitalisation expenses. The programme is recognised as the one of the largest government-funded healthcare initiative and has been allocated ₹ 7,200 crore in the India Budget 2023-24¹⁰.

Indian diagnostic sector

India's diagnostic sector has witnessed unprecedented growth in recent years. The pandemic has compelled companies to cater to the increasing demand for testing, faster results and precise diagnosis. The rapid adoption of technology, growing middle-class population, greater awareness of preventive healthcare and increased expenditure on healthcare are all acting as tailwinds for this sector.

Within the diagnostics market, pathology and radiology are the two main segments. The industry is highly fragmented, with unorganised standalone centres catering to approximately half of the market share, while hospital-based diagnostics centres hold a 37% share¹¹. Pathology testing, the preferred choice for diagnosing a wide range of diseases, accounts for nearly 60%¹² of the market, while radiology testing, which includes procedures like X-rays and ultrasounds, represents a little over 40%¹³.

The size of Indian diagnostics estimated at \$ 10 billion in FY 20 is expected to reach \$ 20 billion by FY26. Standalone centres and hospitals based labs account for 85% of this market. National and Regional diagnostics centre accounts for 15% of the market share.

Outlook

The outlook for the healthcare and diagnostic market in India appears promising with strong revenue growth projected for the upcoming years. It offers attractive margins and has room for expansion. Specialised tests and pathology are driving growth. The industry is fragmented however, it presents opportunities for new business models. Medical device manufacturers have also uncovered growth prospects in India. With considerable capital expenditure for cutting-edge diagnostic facilities, the nation has also emerged as one of the foremost locations for high-end diagnostic services, serving a larger section of the populace. Future demand for healthcare services is anticipated to increase due to factors such as improved income levels, an ageing population, rising health awareness and shifting attitudes towards preventive healthcare.

Risks and concerns

Regulatory headwinds

The diagnostics industry in India is subject to existing regulations and guidelines set forth by the Central Government and State governments. These regulations ensure that the industry adheres to specific standards and practices, thereby safeguarding the best interest of patients. In times of seasonal outbreaks or pandemics, the Government may intervene to protect public health.

The Company leaves no stone unturned to ensure compliance with all applicable regulations. As the Company is part of a largely unorganised industry, it is aware of the unique challenges that may emerge due to sudden changes in regulations. However, its well-established infrastructure and robust operational capabilities position it favourably to navigate such changes and restore normalcy faster.

Evolving competition

The diagnostics industry in India is predominantly unorganised, presenting a significant opportunity for businesses to enter the market. The industry has witnessed the emergence of online portals and web aggregators, who have integrated themselves into certain aspects of the diagnostic business value chain. To gain traction faster, these new players are not hesitant to leverage pricing as a marketing strategy.

In response to the intense competition, the Company has adopted a comprehensive approach that focuses on brand building and network expansion. By prioritising the delivery of high-quality services, it has managed to

differentiate itself from industry peers. Additionally, the Company has made consistent investments in digital technologies, which has enabled it to create a distinct identity in the market.

Investment in building capacities and newer tests

The Company has been expanding its laboratory network to meet the growing demands of existing and emerging sampling requirements. This includes establishing patient touch points through franchisee partnerships, integrating home collection services, and continuously evaluating and introducing new tests to its portfolio. These initiatives ensure that the Company remains agile, adaptable, and well-positioned to meet the demands of its customers while maintaining a competitive edge in the diagnostic sector.

Technology paradigm

In certain situations, diagnostic testing is becoming more accessible to a wider population. Point-of-care testing is gaining popularity due to its affordability and convenience. While the Company's established testing infrastructure provides comprehensive and reliable diagnostic outputs, it recognises the potential of integrating such technologies into its service delivery framework. The Company is actively exploring ways to incorporate these advancements to enhance its offerings and improve the patient experience.

At the test menu level, a dedicated team of specialists plays a crucial role in evaluating and advising on new developments. This diligent approach ensures that the Company stays at the forefront of technological advancements in the field of diagnostics, providing accurate diagnoses and trend analysis for patients. The integration of advanced diagnostic tools and techniques allows for improved patient care and reinforces the Company's position as a trusted provider of accurate and reliable diagnostics.

Further, we are actively managing the risks, emanating from Technology also. To that end, we've deployed cutting edge cyber security technologies using defence-in-depth model. Further, we periodically perform the cyber security assessments across our IT ecosystem to evaluate the control effectiveness. In addition to that, we follow industry reputed Information Security Mgmt System such as ISO 27001.

Other risk factors

The Company has been diligent in monitoring and addressing risk factors associated with its operations since its IPO in December 2015. It has implemented robust mechanisms to ensure ongoing mitigation and is vigilant in identifying any potential challenges. Through regular assessment and analysis, the Company strives to safeguard its operations and maintain a resilient and sustainable business model. This commitment to risk mitigation underscores the Company's dedication to maintaining a secure and stable foundation for its stakeholders and ensuring long-term success.

Targeted business expansion and future strategy

The Company reached a significant milestone in January 2023 with the inauguration of its Reference Lab at Vidyavihar, in Mumbai. This advanced facility has not only expanded high-end testing capabilities but also holds the distinction of being the first private lab in West India to feature a BSL Level-III biocontainment lab. By establishing this advanced facility, the Company reaffirmed its commitment to delivering cutting-edge diagnostic services.

Dr. Lal PathLabs has expanded its National Reference Lab in Rohini, Delhi, by adding a second electron microscope, an upgraded lab information system and advanced tools such as artificial intelligence and data mining. These technological advancements have substantially enhanced the accuracy and efficiency of diagnostic outcomes. Staying true to its culture of innovation, the Company consistently expands its test menu to offer a comprehensive range of diagnostic solutions. Moreover, efforts are underway to widen the franchise network and extend the reach of patient service centres, ensuring more individuals have access to high-quality healthcare services. With 277 labs across the country, including 70 labs in Tier-III towns, the Company has established a strong geographic footprint.

The Company is investing in scalable and profitable digital programmes to improve healthcare accessibility in Tier-III and Tier-IV cities by setting up 10 to 15 labs in these cities. Recognising the increasing importance of digital solutions, the Company is integrating medical excellence with digital and analytical capabilities to enhance the patient journey and elevate the overall customer experience. This commitment to digital transformation is reflected in the launch of Chips, a recommendation engine and patient wallet. These initiatives will provide personalised and scalable digital customer relationship management programmes.

To optimise revenue growth and gain market share in the Western region particularly in Maharashtra. The Company will execute a dual-brand strategy, with Dr. Lal PathLabs focusing on the B2B side of the business and Suburban Diagnostics, its subsidiary, expanding its footprint in the B2C segment. By prudently investing in consumer-facing elements such as technology integration and home collections, the Company aims to expand its reach in West India and maximise capacity and infrastructure utilisation for both entities. As part of its growth strategy, the Company's expansion not only includes a diversified portfolio of services, but also involves the enhancement of technology infrastructure.

The Company has implemented several initiatives to boost productivity in key areas such as reagents and chemicals, rentals, repair and maintenance, logistics, and home collections. These measures include exploring alternative testing platforms, implementing a differentiated equipment strategy, and enhancing the productivity of field executives.

To optimize rental expenses, the Company has successfully renegotiated lease agreements, relocated certain spaces, and surrendered partial spaces, all aimed at improving overall productivity. Additionally, efforts have been made to optimize electricity consumption and annual maintenance contracts for equipment, effectively managing costs in these areas.

The Company is actively focused on improving its technological capabilities. It has initiated the upgradation of a lab information system along with advanced tools such as artificial intelligence and data mining. These technological enhancements have significantly contributed to enhancing operational efficiencies. The Company has successfully reduced its debtor outstanding and inventory to a remarkable 28 days. Moreover, the implementation of these advanced technologies has led to quicker turnaround times, further streamlining and improving the Company's overall performance.

Return to growth

During the fiscal year under review, the Company operated a vast network of clinical laboratories, including the prestigious National Reference Lab in Delhi and Regional Reference Labs in Kolkata, Bangalore and Mumbai. Additionally, the Company established a nationwide presence through Patient Service Centres (PSCs) and Pick-up Points (PUPs). The Company's comprehensive range of diagnostic services, including pathology, radiology and cardiology tests, enabled it to sustain its market leadership in the business-to-consumer (B2C) segment, even with reduced revenue from COVID-related testing.

Dr. Lal PathLabs also achieved remarkable growth in their non-COVID operations, with increased revenue, sample collection and patient numbers. This positive trend reflects their success in providing quality diagnostic services to a diverse customer base. One of the key growth drivers for the Company was its strategic expansion efforts, particularly in the Western region.

Dr. Lal PathLabs continues to make progress in the southern region. The company experienced a growth rate in the South that was on par with its overall growth rate, indicating steady expansion. Dr. Lal PathLabs remains focused on further expanding its presence and market penetration in the South and other geographical areas where it currently operates.

Opportunities and threats

For the Indian healthcare industry, the pandemic was a shocking revelation. There was an immense lack of adequate testing, accessibility and report delivery in the wake of an unprecedented medical crisis. The diagnostics industry endured an emergency, but it was able to emerge from it due to breakthroughs in technology and innovation.

Today, people are increasingly interested in preventive healthcare and a majority of medical practitioners around the world rely on tests before prescribing treatment. Furthermore, the proliferation of healthcare services and insurance has elevated the diagnostic industry to a critical sector.

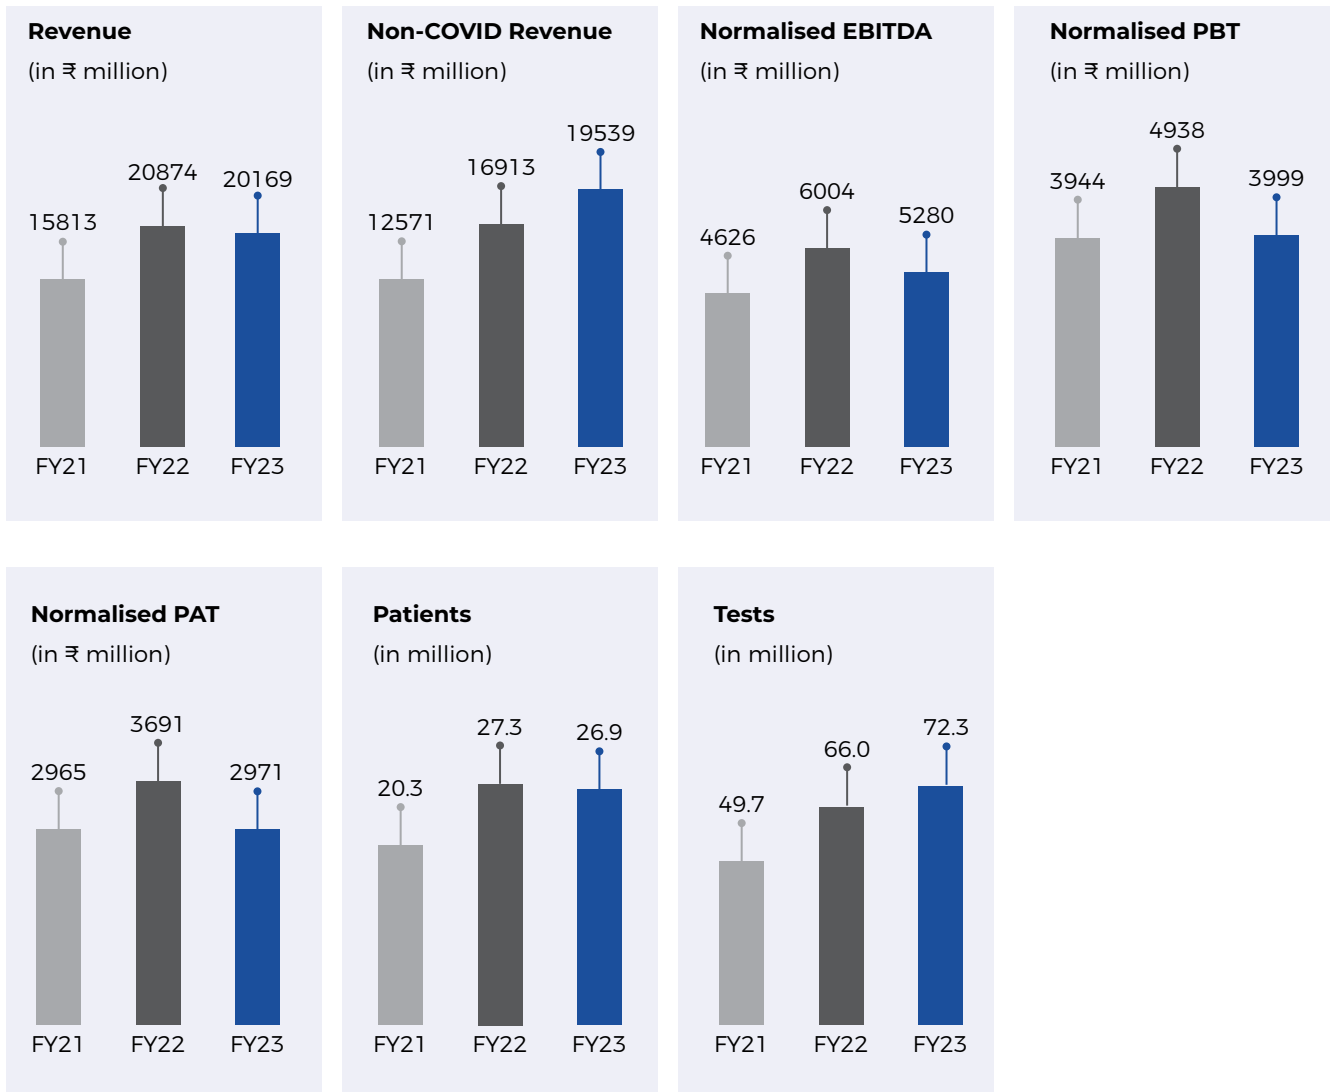

The Indian diagnostics market is its highly fragmented, with large chains, hospital laboratories, and standalone centres. This poses a major threat to the sector. The lack of entry barriers and absence of strict regulations

in the business have also resulted in higher number of unaccredited labs and unorganised players, which form a key component of this fragmented market.

This affects the quality and credibility of the industry, which is dominated by a few large chains besides various small and regional players. Therefore, the industry runs on a high-volume, low-cost testing model adopted by most companies. The lack of regulations also leads to a gap in pricing, especially between urban and rural cities, and therefore demands an urgent look into stricter laws. The COVID has also raised the challenge for several small players who struggle to offer fast and accurate tests simultaneously.

However, players who adapt intelligent solutions will aid in bridging the gap between hospitals and patients, improving access to care, especially in smaller Indian cities. These improvements coupled with stringent regulations, and a people-friendly approach and policies, will help the sector achieve immense growth in the years ahead.

Normalised Net Profit Margin	15%	18%	-16.7%	

Revenue growth declines due to lower contribution from Covid (3%) as compared to last year (19%) whereas non-COVID revenue registered a growth of 16%. While the revenue per patient has reduced compared to last year, as a result of lower contribution from Covid test portfolio. The inventory turnover ratio has improved due to efficient inventory management during the year ending March 2023.

Operational highlights

During the course of FY 2023, Dr. Lal PathLabs successfully operated a network of 277 clinical labs, which includes the prestigious National Reference Lab in Delhi and the Regional Reference Lab in Kolkata, Bangalore and Mumbai. Additionally, with 5,102 Patient Service Centres (PSCs) and 10,938 Pick-up Points (PUPs), the Company has established a nationwide presence. This extensive infrastructure enabled the Company to offer a comprehensive range of diagnostic services, consisting of 481 test panels, 2,763 pathology tests, along with 1,947 radiology and cardiology tests.

The Company's revenue mix remained skewed towards business-to-consumer (B2C) channels, which accounted for 72% of the total revenue. Dr. Lal PathLabs served 26.9 million patients in the year under review, with a total of 72.3 million samples collected and processed. Despite a considerable reduction in revenue from COVID-related testing, which predominantly belonged to the B2C segment, Dr. Lal PathLabs has maintained its market leadership in the B2C space.

Moreover, the Company achieved remarkable growth in the Western region, primarily driven by strategic initiatives aimed at expanding its presence. This region contributed 16% of the Company's overall revenue, demonstrating the effectiveness of targeted expansion efforts. The Company's consistent expansion of clinical labs, the wide network of PSCs and PUPs and the diverse range of tests offered have

positioned it as a trusted provider of high-quality and precise diagnostic services across India.¹⁴

Human resource management

Dr. Lal PathLabs has a workforce of 4048 employees (onroll) as of March 31, 2023. The Company considers its people to be the true contributors to its success. It, therefore, aims to implement policies that foster employee well-being and professional growth. The Company continuously strives to nurture a positive work culture and believes in maintaining a diverse yet cordial workforce. The Company's hiring and retention policies are also aimed at creating a team of experts that can further aid the Company to sustain its market leadership.

Internal control systems and their adequacy

The Company has implemented a robust internal controls system that encompasses policies and procedures across all financial and operating functions. These policies and procedures are well-documented. This system ensures the maintenance of accurate accounting records and provides reasonable assurance in terms of the reliability of financial reporting, effective monitoring of operations, safeguarding of assets against unauthorised use or losses, and compliance with applicable regulations.

Cautionary statement

The statement provided in this Management Discussion and Analysis acknowledges that the Company's objectives, projections, estimates, expectations, or predictions may be considered as 'forward-looking statements' under applicable securities laws and regulations. It cautions that actual results may differ significantly from those expressed or implied. Various important factors, such as global and Indian demand and supply conditions, prices of finished

goods, availability and prices of input materials, cyclical demand and pricing in the Company's main markets, changes in government regulations and tax regimes, economic developments in India and other relevant countries, as well as factors like litigation and labour negotiations, can impact the Company's operations. The Company does not assume any responsibility to publicly amend, modify, or revise the forward-looking statements based on subsequent developments, information, events, or any other circumstances.

The Company believes that sustainable growth is a function of investing in a diverse talent pool. We have built an inclusive culture by creating employment for Opportunity Deprived Indians (ODIs) i.e. individuals who lacked opportunity to become self-sufficient members of society. We are committed to build an accessible inclusive workplace and welcome the skills and talent of differently abled people. Over the year, we have identified appropriate roles to onboard more differently abled team members through our inclusive hiring practices. We are working progressively to increase their participation in the organization and making our physical and digital infrastructure accessible by auditing the existing facilities across the country as per the Rights of Persons with Disabilities Act, 2016. These facilities have been made accessible by altering door width to 900 mm, installing hand grabs in restrooms, fire exit signage's, portable ramps, lift etc. wherever possible. We ensure that our associates have opportunities to perform their best in an inclusive workplace which doesn't discriminate based on physical ability thereby foster a culture of mutual respect, growth and equal opportunities for all.

PRINCIPLE 4

Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity:

The company's commitment to responsible and sustainable business practices entails regular engagement with both internal and external stakeholders. This engagement serves as a vital means to measure the company's performance, assess the value it brings to stakeholders, and prioritize key sustainability issues that are relevant to both its business and stakeholders. Through ongoing stakeholder engagement, the company not only identifies opportunities but also evaluates emerging risks that may potentially grow in significance over time.

The company's process for identifying key stakeholders is guided by several factors, including:

- i. **Mission and Vision Statement/Policy:** The company aligns its stakeholder identification process with its Mission and Vision statement or policy. This ensures that stakeholders who are critical to achieving the company's strategic objectives are given due consideration.
- ii. **Key Decision Makers:** The company recognizes the importance of engaging with key decision makers who have significant influence over the company's operations, direction, and outcomes. These decision makers play a crucial role in shaping the company's approach to sustainability and responsible business practices.
- iii. **Stakeholder Power and Influence:** The company considers individual stakeholders and evaluates their power and influence on the decision-making process. This assessment helps prioritize engagement efforts by focusing on stakeholders who have the ability to impact the company's sustainability performance and outcomes.

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link :

The company has developed a comprehensive Business Continuity Plan (BCP) specifically designed for its IT Services. The primary objective of this plan is to enable seamless operations from an alternate location in the event of any unforeseen circumstances or disruptions at the primary location.

When the Disaster Recovery (DR) Plan is invoked, the company's IT systems seamlessly transition to the DR facility, which is strategically situated in a different seismic zone. This geographical separation enhances the resilience and stability of the IT infrastructure. The BCP plan encompasses several key objectives:

- i. **Timely Business Recovery:** The plan aims to recover business operations within the agreed-upon timeframe as per the policy terms. This ensures minimal disruption and allows the company to resume operations efficiently.
- ii. **Continuous IT System Functionality:** The BCP plan ensures that the IT systems continue to operate smoothly from the alternate location until the primary location is fully restored. This uninterrupted availability of IT services helps maintain business continuity and minimize the impact on critical operations.
- iii. **Crisis Response Guidelines:** The plan provides detailed guidelines on how the company should respond during times of crisis. These guidelines assist in managing and mitigating the potential risks and challenges associated with disruptive events.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard:

Independent Auditor's Report

To The Members of Dr. Lal PathLabs Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Dr. Lal PathLabs Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Revenue recognition – Reliance on information technology and system for controls over pricing master file</p> <p>We identified reliance on information technology and system for controls over pricing master file as a key audit matter due to likelihood of material misstatement in revenue recognition, resulting from unauthorised alterations to the pricing master file, on account of high volume of patient transactions.</p> <p>Refer to note 2.3 and note 27 to the standalone Ind AS financial statements.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • Obtained an understanding of and assessed and tested the design, implementation and operating effectiveness of relevant internal controls relating to authorisation of alterations to the pricing master file. • Tested the controls around the access rights to the price masters by involving information technology specialists. • Tested the automated controls for auto pick of the prices defined in the system based on the tests selected. • Tested the reports of changes in the pricing master files for completeness and accuracy by involving information technology specialists and for the selected samples of alterations during the year, verified that the changes were authorised. • Selected samples of the invoices and verified the billed price in respect thereof, to the underlying agreements.

2	<p>Impairment of investment in Suburban Diagnostics (India) Private Limited ('SDIPL'): (Refer to note 6 to the standalone financial statements)</p> <p>The Company has investments in SDIPL amounting to Rs. 9,590.91 million as at 31 March 2023</p> <p>We considered this as key audit matter due to the significance of the investment amount involved and the Company's assessment of impairment of investment using value-in-use approach which involves significant estimations and judgements with respect to expected growth rates (including terminal growth rate) and discount rates to prepare the forecasted financial information.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • Evaluated the design, implementation and tested operating effectiveness of internal controls relating to review of impairment of the investment in SDIPL performed by the Management; • Validated the underlying cash flow forecasts prepared by the Company's management in their valuation and compared the same with the Company's approved budgets; • With the involvement of our valuation experts, verified the mathematical accuracy of the model and evaluated the appropriateness of the key assumptions viz. discount rate, terminal growth rate and methodology used; • Evaluated the sensitivity analysis performed by the management on the projections by varying key assumptions such as discount and growth rates (including terminal growth rate); • We have also assessed the adequacy of the related disclosure to be made in the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Director's Report including annexures to Director's Report, Business Responsibility and Sustainability Report and Report on Corporate Governance, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Management Discussion and Analysis Director's Report, including annexures to Director's Report, Business Responsibility and Sustainability Report and Report on Corporate Governance is expected to be made available to us after the date of this auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Management Discussion and Analysis, Director's Report, Business Responsibility and Sustainability Report and Report on Corporate Governance, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to

Other Information'.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Independent Auditor's Report (Contd..)

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial

controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer note 37 to the standalone financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses - Refer note 52 to the standalone financial statements.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company - Refer note 53 to the standalone financial statements.

iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in note 48h to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in note 48i to the financial statements, no funds have been received by the Company from any persons or entities,

including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

The interim dividend declared and paid by the Company during the year and until the date of this report is in compliance with section 123 of the Act.

As stated in note 20 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend proposed is in accordance with section 123 of the Act, as applicable.

- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company w.e.f. April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

“Annexure A” To The Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of Dr. Lal PathLabs Limited (“the Company”) as of 31 March, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on “the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and

maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements ..

Meaning of Internal Financial Controls with reference to standalone financial statements

A company’s internal financial control with reference to standalone financial statements . is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to standalone financial statements .includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

“Annexure A” To The Independent Auditor’s Report (Contd..)

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone

financial statements were operating effectively as at 31 March, 2023, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

B.	Balance outstanding as at balance sheet date in respect of above cases:	
	- Others	12.95

(b) The investments made and the terms and conditions of the grant of all the above mentioned loans provided, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

(c) In respect of loans granted by the Company, the schedule of repayment of principal has been stipulated and the repayments of principal amounts are regular as per stipulation and no interest is charged based on stipulation in respect thereof.

(d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.

(e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.

The Company has not made investments in firms, Limited Liability Partnerships or any other parties and has not provided any guarantee or security, and granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties and has not granted any loans to companies, firms and Limited Liability Partnerships during the year.

(iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013, in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 related to running of laboratories for carrying out pathological investigations. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) In respect of statutory dues:

Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities though there has been a slight delay in a few cases in respect of remittance of Provident Fund dues.

The operations of the Company did not give rise to any liability of Sales Tax, Service Tax, duty of Excise and Value Added Tax during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, Service Tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

The operations of the Company did not give rise to any liability of Sales Tax, duty of Excise and Value Added Tax.

(vii) (b) There are no statutory dues in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, Service Tax, duty of Custom, cess and other material statutory dues applicable to the Company which have not been deposited on account of disputes as on 31 March, 2023.

The operations of the Company did not give rise to any liability of Sales Tax, duty of Excise and Value Added Tax.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

“Annexure B” To The Independent Auditor’s Report (Contd..)

- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.
- (d) On an overall examination of the Standalone financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the Standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- (f) The Company has not raised any loans during the year and hence reporting on clause (ix)(f) of the Order is not applicable.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and upto the date of this report.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date, for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of its holding company, subsidiary company, associate company, as applicable, or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
- The Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In respect of other than ongoing projects, the Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act.
- In respect of ongoing projects, the Company has transferred unspent Corporate Social Responsibility (CSR) amount, to a Special account before the date of this report and within a period of 30 days from the end of the financial year in compliance with the provision of section 135(6) of the Act.

Notes to the Standalone Financial Statements

1. GENERAL INFORMATION

- i. Dr. Lal PathLabs Limited ("the Company") is a public company domiciled in India and incorporated on 14 February, 1995 under the provisions of the Companies Act, 1956. The Company is engaged in the business of running laboratories for carrying out pathological investigations of various branches of bio-chemistry, hematology, histopathology, microbiology, electrophoresis, immuno-chemistry, immunology, virology, cytology, and other pathological and radiological investigations.

The equity shares of the Company are listed on The National Stock Exchange of India and Bombay Stock Exchange.

The registered address and principal place of business of the Company is Block E, Sector-18, Rohini, New Delhi-110085.

- ii. A Scheme of Amalgamation between the Company ("Transferee Company") and its wholly owned subsidiary, by the name of APL Institute of Clinical Laboratory & Research Private Limited ("Transferor Company") with an appointed date of April 1, 2020 (herein after referred to as "Scheme of Amalgamation"/"Scheme") was approved by the Hon'ble New Delhi Bench and Hon'ble Ahmedabad Bench of the National Company Law Tribunal ('Hon'ble Tribunal' or 'NCLT') on May 13, 2022 and March 17, 2023 respectively. Pursuant to the Scheme becoming effective, the amalgamation has been accounted for under the 'pooling of interests' method and the assets, liabilities and reserves of the Transferor Company have been accounted for at their book value, in the books of account of the Company.

Consequent to the scheme becoming effective from 1 April 2020, the appointed date, the Company has accounted for amalgamation in accordance with Ind AS 103 "Business Combinations" and restated the amounts with effect from 1 April 2019 (the beginning of the preceding year from the appointed date). Accordingly, the comparative figures as at and for the year ended March 31, 2022, included in these financial statements are restated to give effect of the Scheme of Amalgamation, as described in note 42A

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance

The Standalone Financial Statements comply in all material aspects with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Basis of preparation and presentation

These Standalone Financial Statements have been prepared on the accrual and going concern basis, and the historical cost convention except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. For financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

2.3 Revenue recognition

The Company's revenue is primarily generated from business of running laboratories for carrying out pathological investigations of various branches of bio-chemistry, haematology, histopathology, microbiology, electrophoresis, immuno-chemistry, immunology, virology, cytology, and other pathological and radiological investigations for customers through various arrangements.

Effective 1 April, 2018, the Company had adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. The effect on adoption of Ind AS 115 had been insignificant.

Revenue is measured based on the consideration specified in a contract with a customer. Revenue is recognised at a point in time when the Company satisfies performance obligations by transferring the promised services to its customers. Generally, each test represents a separate performance obligation for which revenue is recognised when the test report is generated i.e when the performance obligation is satisfied.

Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of variable consideration on account of discounts and schemes offered to the customers by the Company.

Notes to the Standalone Financial Statements

For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price net of discounts. The price that is regularly charged for a test when registered separately is the best evidence of its standalone selling price.

The Company has assessed that it is primarily responsible for fulfilling the performance obligation and has no agency relationships. Accordingly, the revenue has been recognised at the gross amount and fees to collection centers/channel partners has been recognised as an expense.

Revenues in excess of invoicing are classified as contract assets (referred to as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (referred to as "unearned revenue"). Refer to note 27.

The Company disaggregates revenue from contracts with customers by geography.

2.4 Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

2.4.1 The Company as lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

2.4.2 The Company as lessee

On 1 April, 2019, The Company had adopted Ind AS 116 "Leases" using the modified retrospective approach by applying the standard to all leases existing at the date of initial application. The Company also elected to use the recognition exemption for lease contracts that, at the commencement date, have a lease term of twelve months or less and do not contain a purchase option ("short-term leases") and lease contracts for which the underlying asset is of low value other than land. ("low value assets").

The standard defines a lease as a contract that conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves use of an identified asset, (ii) the Company has substantially all the economic benefits from the use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The Company as a lessee

The Company determines whether an arrangement is a lease at contract inception by establishing if the contract conveys the right to control the use of

identified asset for a period of time in exchange for consideration. On commencement date, it recognises a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for short term leases and low value assets. For these short-term and low value leases, the Company recognises the lease payments on straight-line basis over the term of the lease.

The ROU assets are initially recognised at cost, which comprises the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the inception date of the lease along with any initial direct costs, restoration obligations and lease incentives received.

The ROU assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

The lease liability is initially measured at present value of the future lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if it is not readily determinable, using the incremental borrowing rate. For leases with similar characteristics, the Company, on a lease by lease basis, adopts either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The interest cost on lease liability (computed using effective interest method), is expensed in the Statement of Profit and Loss.

ROU assets and lease liability includes the options to extend / terminate the lease before the end of the lease term when it is reasonably certain that this option will be exercised.

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract in accordance with Ind AS 116 and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Lease payments have been classified as financing cash flows.

2.5 Functional and presentation currency

Items included in the Standalone Financial Statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Standalone Financial Statements are presented in Indian rupee (₹), which is the Company's functional and presentation currency.

2.6 Employee benefits

Employee benefits include provident fund, gratuity and compensated absences.

Notes to the Standalone Financial Statements

2.6.1 Defined contribution plan

Employee benefit under defined contribution plan comprising of provident fund is recognised based on the amount of obligation of the Company to contribute to the plan. The provident fund contribution is paid to provident fund authorities. The amounts are expensed during the year.

2.6.2 Defined benefit plan

The Company's gratuity plan is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the prevailing market yields on government securities as at the balance sheet date.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in Standalone Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and
- Net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The Company has taken various policies with insurer managed funds to meet its obligation towards gratuity. The Company contributes all ascertained liabilities to a gratuity fund administered through a separate trust which is governed by board of trustees. The board of trustee comprises of the officers of the Company. Liability with respect to the gratuity plan is determined based on an actuarial valuation done by an independent actuary.

The gratuity benefit obligation recognised in the Standalone Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is

limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- a. In case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- b. In case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the obligation as at the balance sheet date.

2.7 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.7.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Effective 1 April, 2019, the Company has adopted Appendix C to Ind AS 12 – Income taxes, which clarifies how to apply the recognition and measurement requirements in Ind AS 12 when there is uncertainty over income tax treatments.

2.7.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Notes to the Standalone Financial Statements

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets include Minimum Alternate Tax ('MAT') paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the Standalone Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with asset will be realised.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.7.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.8 Property, plant and equipment

2.8.1 Property, plant and equipment acquired separately

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any.

The cost of Property, plant and equipment (PPE) comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses, present value of decommissioning costs (where there is a

legal or constructive obligation to decommission) and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. The other repairs and maintenance of revenue nature are charged to profit or loss during the reporting period in which they are incurred.

Property, plant and equipment are tested for impairment whenever events or changes in circumstances indicate that an asset may be impaired. If an impairment loss is determined, the remaining useful life of the asset is also subject to adjustment. If the reasons for previously recognised impairment losses no longer exists, such impairment losses are reversed and recognised in income. Such reversal shall not cause the carrying amount to exceed the amount that would have resulted had no impairment taken place during the preceding periods.

2.8.2 Depreciation methods, estimated useful lives and residual value

Depreciation on furniture and fixtures is calculated using the straight-line method on a pro-rata basis from the month in which each asset is put to use to allocate their cost, net of their residual values, over their estimated useful lives.

Depreciation on all other property, plant and equipment is provided using the Written Down Value (WDV) Method at the rates computed based on the useful lives of the assets estimated by the management.

Leasehold improvements are depreciated over the useful lives of the assets or the unexpired lease period, whichever, is lower.

Estimated useful life of assets are as follows which is based on technical evaluation of the useful lives of the assets:

Building	30 years
Plant and equipment	13-15 years
Computers	3 years
Furniture and fixtures	5 years
Vehicles	8-10 years

The asset's residual values, estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets purchased during the year costing ₹ 5,000 or less are depreciated at the rate of 100%.

Freehold land/Leasehold land in the nature of perpetual lease is not amortised.

Notes to the Standalone Financial Statements

2.8.3 Intangible assets acquired in a business combination

Intangible assets acquired in a business combination and recognised separately from goodwill such as trademark, non-compete fee and customer relationship are initially recognised at their fair value at the acquisition date (which is regarded as their cost). Significant estimates are required to be made in determining the value of these intangible assets as per Ind AS 103. These valuations are conducted by independent valuation experts. Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.8.4 Deemed cost on transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of its property, plant and equipment recognised as on 1 April 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

2.8.5 Derecognition of tangible asset

A tangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of a tangible asset, is measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

2.9 Intangible assets

2.9.1 Intangible assets acquired separately

Trademarks and softwares are carried at cost which is incurred and stated in the relevant license agreement with the technical knowhow provider less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful lives and amortisation method are reviewed at end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

2.9.2 Amortisation methods and useful lives

Trademarks and softwares are amortised on a straight-line basis over its estimated useful life i.e 5 years. An intangible asset is derecognised when no future economic benefits are expected from use.

2.9.3 Deemed cost on transition to Ind AS

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of 1 April, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

2.9.4 Derecognition of intangible asset

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, is measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

2.10 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.11 Inventories

Inventories comprise of reagents, chemicals, surgical and laboratory supplies and stores and others and are valued at lower of cost and net realisable value. Cost is determined on moving weighted average basis.

Notes to the Standalone Financial Statements

2.12 Provisions, contingent liability and contingent asset

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, it's carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the Standalone Financial Statements by way of notes to financial statements when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Standalone Financial Statements by way of notes to financial statements, unless possibility of an outflow of resources embodying economic benefit is remote.

2.13 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, except for trade receivables that do not have a significant financing component which are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Trade receivables are initially measured (initial recognition amount) at their transaction price (in accordance with Ind AS 115) unless those contain a significant financing component determined in accordance with Ind AS 115 or when the entity applies the practical expedient in accordance with para 63 of Ind AS 115 and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.14 Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Financial instruments that meet the following conditions are subsequently measured at amortised cost (except for financial assets that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for financial assets that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value through profit or loss (FVTPL).

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees, transaction costs and other premiums or discounts that form an integral part of the effective interest rate) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for financial instruments other than those financial assets classified as at Fair Value Through Profit and Loss. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Financial instruments that do not meet the amortised cost criteria or fair value through other comprehensive income (FVTOCI) are measured at fair value through profit or loss (FVTPL).

2.14.1 Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

2.14.2 Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to

Notes to the Standalone Financial Statements

collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.14.3 Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both selling financial assets and collecting contractual cash flows, the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.14.4 Financial assets at fair value through profit or loss ('FVTPL')

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition.

2.14.5 Investments in subsidiaries

Investments representing equity interest in subsidiaries carried at cost less any provision for impairment. Investments are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable.

2.14.6 Foreign exchange gain and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in Statement of Profit and Loss except for those which are designated as hedging instruments in a hedging relationship. Further change in the carrying amount of investments in equity instruments at fair value through other comprehensive income relating to changes in foreign currency rates are recognised in other comprehensive income

Effective 1 April, 2018, the Company has adopted Appendix B to Ind AS 21- Foreign Currency Transactions and Advance Consideration which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

2.14.7 Impairment of financial assets

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit

losses to be measured through a loss allowance. The Company recognises lifetime expected losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

2.14.8 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit and Loss.

2.14.9 Income recognition

Interest Income: Interest income from a financial asset is recognised using the effective interest rate method. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Income from units in Mutual Funds/ Dividend from subsidiary: Dividend from units in mutual funds/ dividend from subsidiary companies is recognised when the Company's right to receive payment is established by the reporting date. Income on investment made in the units of fixed maturity plans of mutual funds is recognised based on the yield earned and to the extent of reasonable certainty.

2.15 Financial liabilities and equity instruments

2.15.1 Classification of debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.15.2 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

2.15.3 Financial liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost. Any discount or premium on redemption / settlement

Notes to the Standalone Financial Statements

is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the balance sheet. Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method or at fair value through profit or loss.

2.15.4 Foreign exchange gains or losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income' in the line-item 'Net foreign exchange gains/(losses)' except where capitalised as part of borrowing cost.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period.

Effective 1 April, 2018, the Company has adopted Appendix B to Ind AS 21- Foreign Currency Transactions and Advance Consideration which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

2.15.5 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

2.16 Finance costs

Finance costs comprise interest cost on borrowings, lease liabilities and net defined benefit liability, gains or losses arising on re-measurement of financial assets measured at FVTPL, gains/ (losses), net, on translation or settlement of foreign currency borrowings and changes in fair value and gains/ (losses) on settlement of related derivative instruments. Borrowing costs that are not directly attributable to a qualifying asset are recognised in the Statement of Profit and Loss using the effective interest method.

2.17 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

2.18 Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 45.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

2.19 Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.20 Operating cycle

The Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Notes to the Standalone Financial Statements

2.21 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

2.22 Dividends

Final dividends on shares are recorded on the date of approval by the shareholders of the Company.

2.23 Use of estimates and judgements

The preparation of Standalone Financial Statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these Standalone Financial Statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the Standalone Financial Statements are included in the following notes:

Accounting of reagent rental equipments

The Company has entered into agreements with certain suppliers for purchase of reagent. As part of the agreement, the Company has the right to use equipment supplied by the suppliers free of charge subject to purchase of minimum committed quantities of reagents.

The cost of reagents which includes the cost of rental of the equipment is recorded as cost of material consumed.

Carrying amount of investments in subsidiaries

Determining whether the carrying amount of investments in subsidiaries is recoverable involves significant estimates as these investments are in unlisted companies with fair values not readily available. The Company reviews the investments for impairment to assess whether the carrying amount is recoverable based on a number of factors including profitability, net asset value, liquidity and working capital (Refer to note 6).

Useful lives of property, plant and equipment

The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. There is no such change in the useful life of the assets (Refer to note 3a).

Impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the directors to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Where the actual future cash flows are less than expected, an impairment loss may arise (Refer to note 4).

Defined benefit obligations

Key assumptions related to life expectancies, salary increases and withdrawal rates (Refer to note 43)

2A Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements -

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the Standalone Financial Statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors -

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone Financial Statements.

Ind AS 12 - Income Taxes -

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone Financial Statement.

The Company had, in the earlier years purchased the business of "Dr.Bhanudas Yashwant Shinagare" engaged in the business of providing pathological diagnostics services in Pune, on a going concern basis for a purchase consideration of ₹ 15.00 million (including goodwill of ₹ 10.80 million).

Impairment of goodwill

For the purpose of impairment testing, goodwill has been allocated to the cash generating unit - 'Labs CGU'. The recoverable amount of cash-generating units is determined based on a value in use calculation which uses cash flow projections based on financial forecasts covering a five-year period, and a discount rate of 12.50% per annum (as at 31 March, 2022: 14.50% per annum).

Cash flow projections during the forecast period are based on the same expected gross margins and inflation throughout the forecast period. The cash flows beyond that five-year period have been extrapolated using a steady growth rate of 5% per annum (as at March 31, 2022: 10% per annum;), which is the projected long-term average growth rate for Labs CGU. The directors believe that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit. Based on impairment testing as above, the management believes that the recoverable amounts of goodwill are higher than their respective carrying amounts and hence no amounts are required to be recorded for impairment in the carrying amounts of goodwill.

Particulars	As at 31 March , 2023	As at 31 March , 2022
Trade receivables		
Secured, considered good	174.45	160.54
Unsecured, considered good	458.79	509.64
Credit impaired	161.03	161.03
	794.27	831.21
Less: Allowance for doubtful debts (expected credit loss allowance)	(161.03)	(161.03)
	633.24	670.18

The average credit period from service is 0-60 days. No interest is charged on the trade receivables for the amount overdue above the credit period. There are no customers who represent more than 5% of the total balance of trade receivables.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows.

(in ₹ million, unless otherwise stated)

Age of receivables	As at 31 March , 2023	As at 31 March , 2022
0-90 days	534.18	581.97
90-180 days	116.22	116.22

More than 360 days	75.11	84.24
	794.27	831.21

Movement in the expected credit loss allowance	As at 31 March , 2023	As at 31 March , 2022
Balance at beginning of the year	161.03	199.21
Movement in expected credit loss allowance on trade receivables calculated at lifetime expected credit losses	-	(38.18)
Balance at end of the year	161.03	161.03

The concentration of credit risk is limited due to the fact that the customer base is large and unrelated.

Ageing	Expected Credit loss(%)
0-90 days	3-6%
90-180 days	17-29%
180-360 days	34-56%
More than 360 days	61-100%

Note 34: Income tax

The Company is subject to Indian Income Tax Act, 1961. The Company is assessed for tax on taxable profits determined for each fiscal year beginning on 1 April and ending on 31 March.

"Statutory income taxes are assessed based on book profits prepared under generally accepted accounting principles in India ("Indian GAAP") adjusted in accordance with the provisions of the (Indian) Income tax Act, 1961. Such adjustments generally relate to depreciation of property, plant and equipment, disallowances of certain provisions and accruals, deduction for tax holidays and similar exemptions, the use of tax losses carried forward and retirement benefit costs. Statutory income tax is charged at 22% (2021-22: 22%) plus a surcharge and education cess. The combined Indian statutory tax rate for the fiscal year 2021-22 and for the fiscal year 2022-23 was 25.168%.

Income tax returns submitted by companies are regularly subjected to a comprehensive review and challenge by the tax authorities.

Note 42A

The Board of Directors in their meeting, held on 3 February, 2020, approved the "Scheme of Amalgamation" of APL Institute of Clinical Laboratory & Research Private Limited (Transferor Company), a wholly owned subsidiary, with the Company (Transferee Company) w.e.f. 1 April, 2020 (the appointed date). As per the said scheme the undertaking of this company shall stand transferred to and vested in the Company on a going concern basis without any further act, deed of matter.

The Scheme envisages transfer of all properties, rights, assets, interests and claims of the Transferor Company to the Transferee Company. Pursuant to the scheme coming into effect, all the equity shares held by the Transferee Company in Transferor Company stand automatically cancelled.

The Hon'ble New Delhi Bench and Hon'ble Ahmedabad Bench of the National Company Law Tribunal ("Hon'ble Tribunal" or "NCLT") sanctioned the Scheme of Amalgamation on May 13, 2022 and March 17, 2023 respectively. The Transferor Company was engaged in business of running laboratories for carrying out pathology investigation of patients in various disciplines of medical sciences.

The amalgamation has been accounted for under section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The difference between the carrying value of investments in the books of the Transferee Company and the amount of the share capital of Transferor Company has been adjusted in Capital Reserve as per the scheme. The financial statements for the year ended 31 March 2021 had accordingly been restated to give impact of amalgamation with effect from 1 April 2019 (appointed date 1 April 2020) in accordance with the 'pooling of interests' method stated in Appendix C of Ind AS 103 'Business Combinations'. Accordingly, the financial statements for the year ended 31 March, 2022 have also been restated to take the impact of the amalgamation.

43.1 Defined contribution plans

The Company operates defined contribution retirement benefit plans for all its qualifying employees. Where employees leave the plans prior to full vesting of the contributions, the contributions payable by the Company are reduced by the amount of forfeited contributions.

Employee benefit under defined contribution plan comprising of provident fund is recognised based on the amount of obligation of the Company to contribute to the plan. The contribution is paid to Provident Fund authorities which is expensed during the year.

The total expense recognised in profit or loss of ₹ 101.68 million (for the year ended 31 March, 2022: ₹ 100.59 million) represents contributions payable to provident fund by the Company at rates specified in the rules of the plans. As at 31 March, 2023, contributions of ₹ 17.13 million (as at 31 March, 2022: ₹ 17.08 million) due in respect of the reporting period had not been paid over to the plans. The amounts were paid subsequent to the end of the respective reporting periods.

43.2 Defined benefit plans

Gratuity: The Company operates a funded gratuity benefit plan. Gratuity liability arises on retirement, withdrawal, resignation, and death of an employee. The aforesaid liability is calculated on the basis of 15 days salary for each completed year of service, subject to a maximum of ₹ 2.00 million. Vesting occurs upon completion of 4.5 years of service.

The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit method with actuarial valuations being carried out at each balance sheet date."

43.3 The Company is exposed to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. When there is a deep market for such bonds; if the return on plan assets is below this rate, it will create a plan deficit. Currently, for these plans, investments are made in Insurer managed funds.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

(a) Capital management

The Company's objectives when managing capital is to safeguard the ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders.

In order to maintain or adjust the capital structure, the Company adjusts the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company has investments in fixed deposits with banks and in mutual fund schemes wherein underlying portfolio is spread across securities issued by different issuers having different credit ratings. The credit risk of investments in debt mutual fund schemes is managed through investment policies and guidelines requiring adherence to stringent credit control norms based on external credit ratings.

The Company's strategy is to maintain a positive gearing ratio. The gearing ratios is as follows:

(in ₹ million, unless otherwise stated)

(c) Fair value measurement

This note provides information about how the Company determines fair values of various financial assets.

(in ₹ million, unless otherwise stated)

Financial assets	Fair Value		Fair value hierarchy	Valuation technique(s) and key input(s)
	Year ended 31 March, 2023	Year ended 31 March, 2022		
Current investments:				
Investment in mutual funds*		-	Level II	NAV declared by respective Asset Management Companies.
Surrender value of keyman insurance policy		36.89	Level II	Surrender value declared by insurance companies

* Short-term marketable securities not traded in active markets are determined by reference to quotes from the financial institutions; for example: Net asset value (NAV) for investments in mutual funds declared by mutual fund house.

Fair value of financial assets and financial liabilities that are not measured at fair value

Management considers that the carrying amounts of financial assets and financial liabilities recognised in the Standalone Financial Statements, except note no. 6, are at approximate of their fair values.

(d) Risk management framework

The Company's business is subject to several risks and uncertainties including financial risks. The Company's documented risk management polices act as an effective tool in mitigating the various financial risks to which the business is exposed to in the course of their daily operations. The risk management policies cover areas such as liquidity risk, interest rate risk, counterparty and concentration of credit risk and capital management. Risks are identified through a formal risk management programme with active involvement of senior management personnel and business managers. The Company's risk management process is in line with the corporate policy. Each significant risk has a designated 'owner' within the Company at an appropriate senior level. The potential financial impact of the risk and its likelihood of a negative outcome are regularly updated.

The risk management process is coordinated by the Management Assurance function and is regularly reviewed by the Company's Audit Committee. The overall internal control environment and risk management programme including financial risk management is reviewed by the Audit Committee on behalf of the board.

The risk management framework aims to:

- improve financial risk awareness and risk transparency
- identify, control and monitor key risks
- identify risk accumulations
- provide management with reliable information on the Company's risk situation
- improve financial returns

Treasury management

The Company's treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyses exposures by degree and magnitude of risks. These risks include market risk (including currency risk and interest rate risk), credit risk and liquidity risk.

Treasury management focuses on capital protection, liquidity maintenance and yield maximisation.

Notes to the Standalone Financial Statements

Note 44 Financial instruments (Contd..)

Financial risk

The Company's Board of Directors approves financial risk policies comprising liquidity, foreign currency, interest rate and counterparty credit risk. The Company does not engage in the speculative treasury activity but seeks to manage risk and optimise interest through proven financial instruments.

Liquidity risk

The Company requires funds for short-term operational needs and has been rated by CRISIL Limited (CRISIL) for its banking facilities.

The Company remains committed to maintaining a healthy liquidity, gearing ratio and strengthening the balance sheet. The maturity profile of the Company's financial liabilities and realisability of financial assets based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below. The figures reflect the contractual cash obligation of the Company.

Note 44 Financial instruments (Contd..)

Interest rate risk

Fixed rate financial assets are largely interest bearing fixed deposits held by the Company. The returns from these financial assets are linked to bank rate notified by Reserve Bank of India as adjusted on periodic basis. The Company does not charge interest on overdue trade receivables. Trade payables are non interest bearing and are normally settled up to 30 days terms. Mutual fund investments have debt securities as underlying assets and are exposed to floating interest rates. The exposure of the Company's borrowing to interest rate changes at the end of the reporting period depends on the expected movement of market interest rate.

The exposure of the Company's financial assets as at 31 March, 2023 to interest rate risk is as follows:

(in ₹ million, unless otherwise stated)

	Floating rate	Fixed rate	Non interest bearing	Total

Interest rate sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period. For floating rate assets, the analysis is prepared assuming the amount of the assets balance at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and after obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company is exposed to credit risk for receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, investments and loans.

Credit risk management considers available reasonable and supportable forward-looking information including indicators like external credit rating (as far as available), macro-economic information (such as regulatory changes, government directives, market interest rate).

Only high rated banks are considered for placement of deposits. Bank balances are held with reputed and creditworthy banking institutions.

For short-term investments, counterparty limits are in place to limit the amount of credit exposure to any one counterparty. Defined limits are in place for exposure to individual counterparties in case of mutual funds schemes.

None of the Company's cash equivalents are past due or impaired. Regarding trade and other receivables, the Company has accounted for impairment based on expected credit losses method as at 31 March, 2023 and 31 March, 2022 based on expected probability of default.

Price risks

The sensitivity of profit or loss in respect of investments in mutual funds at the end of the reporting period for +/-5% change in net asset value is presented below:

"Profit before tax for the year ended 31 March, 2023 would increase/decrease by ₹ 70.69 million (for the year ended 31 March, 2022 would increase/ decrease by ₹ Nil) as a result of the changes in net asset value of investment in mutual funds.

Note 45 Share based payments

Note 45.1 Employee Share Option Plan-2010

45.1.1 Details of employee share based plan of the Company

The shareholders of the Company approved 'Dr. Lal PathLabs Private Limited Employee Stock Option Plan 2010' ("ESOP 2010") at the Annual General Meeting held on 20 August, 2010 to grant a maximum of 3,808,960 options to specified categories of employees of the Company. Each option granted and vested under the ESOP 2010 shall entitle the holder to acquire 1 equity share of ₹ 10 each. The Company had granted 3,730,340 options till the year ended 31 March, 2015, all of which have all been vested as at 31 March 2019. As per resolution passed on 21 August, 2015, the Company approved to cease any further grants under the ESOP 2010.

The following ESOP 2010 tranches were in existence during the current year:

Grant date	Number	Expiry date	Exercise price (in ₹)	Fair Value at grant date (in ₹)
23 January, 2015	1,62,180	Refer Note 1 below	311.30	490.42

Note 1: All options vest after 48-60 months from date of grant subject to satisfaction of vesting conditions. The exercise period is five years from the date on which the Company's shares were listed on a recognised stock exchange in India or a period of 10 years from date of respective vesting, whichever period ends later. Options not exercised within exercise period lapses.

45.3.5 Share options outstanding at the end of the year

The share options in respect of this scheme (ESOP 2022) approved during the current year, that were outstanding at the end of the year had a weighted average exercise price of ₹ 1,930.05 and a weighted average remaining contractual life of years 6.83 years.

46 Effective 1 April, 2019, the Company adopted Ind AS 116 "Leases" to its leases using the modified retrospective approach with the option to measure the right-of-use asset at an amount equal to the lease liability (i.e. as per para C8(c) (ii) of Ind AS 116), adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application.

The Company has applied this standard to land leases and building leases etc. to evaluate whether these contracts contain lease or not. Based on evaluation of the terms and conditions of the arrangements, the Company has evaluated such arrangements to be leases. Under this standard, all lease contracts, with limited exceptions, are recognised in the financial statements by way of right-of-use assets and corresponding lease liabilities.

When measuring lease liabilities, the weighted average discount rate used to calculate the lease liability in the opening balance under Ind AS 116 on 1 April, 2019 was 11.25%.

On transition, the adoption of the new standard had resulted in reclassification of Rs. 81.41 million from property, plant and equipment to right-of-use assets, reclassification of ₹. 76.35 million from prepaid rent- Other non-current assets to right-of-use assets, reclassification of ₹ 0.82 million from prepaid rent- Other current assets to right-of-use assets, reclassification of ₹ 12.17 million from Payment obligation-leasehold land- Other financial liabilities - non current to lease liabilities and reclassification of ₹ 1.53 million from Payment obligation-leasehold land- Other financial liabilities - current to lease liabilities. There had been no impact on the retained earnings on initial application of the standard.

The Company recognises a lease liability measured at the present value of the remaining lease payments. The right-of-use assets are recognised at cost, which comprises the amount of the measurement of the lease liability adjusted for any lease payments made at or before the inception date of the lease

Independent Auditor's Report

To The Members of Dr. Lal PathLabs Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Dr. Lal PathLabs Limited ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31 March 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2023, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the sub-paragraphs (a) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Revenue recognition – Reliance on information technology and system for controls over pricing master file</p> <p>We identified reliance on information technology and system for controls over pricing master file as a key audit matter due to likelihood of material misstatement in revenue recognition, resulting from unauthorised alterations to the pricing master file, on account of high volume of patient transactions.</p> <p>Refer to note 2.3 and note 28 to the standalone Ind AS financial statements.</p>	<p>The principal audit procedures performed by us as the Parent Company auditor's and the procedures performed by the Other Auditors, as reported by them, have been provided below:</p> <ul style="list-style-type: none"> • Obtained an understanding of and assessed and tested the design, implementation and operating effectiveness of relevant internal controls relating to authorisation of alterations to the pricing master file. • Tested the controls around the access rights to the price masters by involving information technology specialists. • Tested the automated controls for auto pick of the prices defined in the system based on the tests selected. • Tested the reports of changes in the pricing master files for completeness and accuracy by involving information technology specialists and for the selected samples of alterations during the year, verified that the changes were authorised. • Selected samples of the invoices and verified the billed price in respect thereof, to the underlying agreements.

Independent Auditor's Report (Contd..)

Sr. No.	Key Audit Matter	Auditor's Response
2	<p>Impairment of goodwill and other intangible assets pertaining to Suburban Diagnostics (India) Private Limited ('SDIPL'): (Refer to note 4 and 5.2 to the consolidated financial statements)</p> <p>As detailed in Note 4 and 5.2 to the consolidated financial statements the Company has recognised goodwill arising on consolidation amounting to ₹ 4,696.46 million and other intangible assets comprising of customer relationships, brand and non compete agreement aggregating to ₹ 3,045.88 million on account of consolidation of the wholly owned subsidiary Suburban Diagnostics (India) Private Limited.</p> <p>We considered this as key audit matter because the Company's assessment of the recoverable value using value-in-use approach involves significant estimations and judgements with respect to expected growth rates (including terminal growth rate) and discount rates to prepare the forecasted financial information.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> Evaluated the design, implementation and tested operating effectiveness of internal controls relating to review of impairment of the investment in SDIPL performed by the Management; Validated the underlying cash flow forecasts prepared by the Company's management in their valuation and compared the same with the Company's approved budgets; With the involvement of our valuation experts, verified the mathematical accuracy of the model and evaluated the appropriateness of the key assumptions viz. discount rate, terminal growth rate and methodology used; Evaluated the sensitivity analysis performed by the management on the projections by varying key assumptions such as discount and growth rates (including terminal growth rate); We have also assessed the adequacy of the related disclosure to be made in the standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Director's Report including annexures to Director's Report, Business Responsibility and Sustainability Report and Report on Corporate Governance, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Management Discussion and Analysis Report, Director's Report including annexures to Director's report, Business Responsibility and Sustainability Report and Report on Corporate Governance is expected to be made available to us after the date of this auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, identified above when it becomes available, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by the other auditors.
- When we read the Management Discussion and Analysis, Director's Report, Business Responsibility Report and

Report on Corporate Governance, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Management of the companies included in the Group are responsible for assessing the ability of the respective

Independent Auditor's Report (Contd..)

entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of three subsidiaries, whose financial statements reflect total assets of Rs. 163.54 million as at 31 March, 2023, total revenues of Rs. 141.48 million and net cash inflows amounting to Rs. 17.79 million for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have

“Annexure A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31 March, 2023, we have audited the internal financial controls with reference to consolidated financial statements of Dr. Lal PathLabs Limited (hereinafter referred to as “Parent”) and its subsidiary companies which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require

that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which is a company incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

“Annexure A” to the Independent Auditor’s Report (Contd..)

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March, 2023, based on the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential

components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to one subsidiary company which is a company incorporated in India, is based solely on the corresponding report of the auditors of such company incorporated in India.

Our opinion is not modified in respect of the above matters.

Notes to the Consolidated Financial Statements

1 GENERAL INFORMATION

- i. Dr. Lal PathLabs Limited ("the Company") is a public company domiciled in India and incorporated on 14 February, 1995 under the provisions of the Companies Act, 1956. The Company is engaged in the business of running laboratories for carrying out pathological investigations of various branches of bio-chemistry, hematology, histopathology, microbiology, electrophoresis, immuno-chemistry, immunology, virology, cytology, and other pathological and radiological investigations.

The equity shares of the Parent Company are listed on The National Stock Exchange of India and Bombay Stock Exchange.

The registered address and principal place of business of the Parent Company is Block E, Sector-18, Rohini, New Delhi- 110085.

- ii. A Scheme of Amalgamation between the Company ("Transferee Company") and its wholly owned subsidiary, by the name of APL Institute of Clinical Laboratory & Research Private Limited ("Transferor Company") with an appointed date of April 1, 2020 (herein after referred to as "Scheme of Amalgamation"/"Scheme") was approved by the Hon'ble New Delhi Bench and Hon'ble Ahmedabad Bench of the National Company Law Tribunal ('Hon'ble Tribunal' or 'NCLT') on May 13, 2022 and March 17, 2023 respectively. Pursuant to the Scheme becoming effective, the amalgamation has been accounted for under the 'pooling of interests' method and the assets, liabilities and reserves of the Transferor Company have been accounted for at their book value, in the books of account of the Company.

Consequent to the scheme becoming effective from 1 April 2020, the appointed date, the Company has accounted for amalgamation in accordance with Ind AS 103 "Business Combinations" and restated the amounts with effect from 1 April 2019 (the beginning of the preceding year from the appointed date). Accordingly, the comparative figures as at and for the year ended March 31, 2022, included in these financial statements are restated to give effect of the Scheme of Amalgamation, as described in note 47.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance

The Consolidated Financial Statements comply in all material aspects with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Basis of preparation and presentation

These Consolidated Financial Statements have been prepared on the accrual and going concern basis, and the historical cost convention except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. For financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Group's assumptions about pricing by market participants.

2.3 Revenue recognition

The Group's revenue is primarily generated from business of running laboratories for carrying out pathological investigations of various branches of bio-chemistry, haematology, histopathology, microbiology, electrophoresis, immuno-chemistry, immunology, virology, cytology, and other pathological and radiological investigations for customers through various arrangements.

Effective 1 April, 2018, the Group had adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. The effect on adoption of Ind AS 115 had been insignificant.

Revenue is measured based on the consideration specified in a contract with a customer. Revenue is recognised at a point in time when the Group satisfies performance obligations by transferring the promised services to its customers. Generally, each test represents a separate performance obligation for which revenue is recognised when the test report is generated i.e. when the performance obligation is satisfied.

Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of variable consideration on account of discounts and schemes offered to the customers by the Company.

Notes to the Consolidated Financial Statements

For allocating the transaction price, the Group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for a test when registered separately is the best evidence of its standalone selling price.

The Group has assessed that it is primarily responsible for fulfilling the performance obligation and has no agency relationships. Accordingly, the revenue has been recognised at the gross amount and fees to collection centers/channel partners has been recognised as an expense.

Revenues in excess of invoicing are classified as contract assets (referred to as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities, referred to as "unearned revenue". Refer to note 28.

The Group disaggregates revenue from contracts with customers by geography.

2.4 Leasing

On April 1, 2019, The Group had adopted Ind AS 116 "Leases" using the modified retrospective approach by applying the standard to all leases existing at the date of initial application. The Group also elected to use the recognition exemption for lease contracts that, at the commencement date, have a lease term of twelve months or less and do not contain a purchase option ("short-term leases") and lease contracts for which the underlying asset is of low value other than land. ("low value assets").

The standard defines a lease as a contract that conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves use of an identified asset, (ii) the Group has substantially all the economic benefits from the use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

2.4.1 The Group as a lessee

The Group determines whether an arrangement is a lease at contract inception by establishing if the contract conveys the right to control the use of identified asset for a period of time in exchange for consideration. On commencement date, it recognises a right-of-use assets (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for short term leases and low value assets. For these short-term and low value leases, the Group recognises the lease payments on straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the inception date of the lease along with any initial direct costs, restoration obligations and lease incentives received.

The right-of-use assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is

depreciated using the straight-line method from the commencement date over the shorter of lease term or its useful life.

The lease liability is initially measured at present value of the future lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if it is not readily determinable, using the incremental borrowing rate. For leases with similar characteristics, the Group, on a lease by lease basis, adopts either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The interest cost on lease liability (computed using effective interest method), is expensed in the Statement of Profit and Loss.

Right-of-use assets and lease liability includes the options to extend/ terminate the lease before the end of the lease term when it is reasonably certain that this option will be exercised.

The Group accounts for each lease component within the contract as a lease separately from non-lease components of the contract in accordance with Ind AS 116 and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Lease payments have been classified as financing cash flows.

2.4.2 The Group as lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

2.5 Functional and presentation currency

Items included in the Consolidated Financial Statements are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The Consolidated Financial Statements are presented in Indian rupee (₹), which is the Group's functional and presentation currency.

2.6 Employee benefits

Employee benefits include provident fund, gratuity and compensated absences.

2.6.1 Defined contribution plan

Employee benefit under defined contribution plan comprising of provident fund is recognised based on the amount of obligation of the Group to contribute to the plan. The provident fund contribution is paid to provident fund authorities. The amounts are expensed during the year.

Notes to the Consolidated Financial Statements

2.6.2 Defined benefit plan

The Group's gratuity plan is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the prevailing market yields on government securities as at the balance sheet date.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and
- Net interest expense or income; and
- Re-measurement

The Group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The Parent Company has taken various policies with insurer managed funds to meet its obligation towards gratuity. The Parent Company contributes all ascertained liabilities to a gratuity fund administered through a separate trust which is governed by board of trustees. The board of trustee comprises of the officers of the Parent Company. Liability with respect to the gratuity plan is determined based on an actuarial valuation done by an independent actuary.

The gratuity benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- a. In case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- b. In case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the obligation as at the Balance Sheet date.

2.7 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.7.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Effective April 1, 2019, the Group has adopted Appendix C to Ind AS 12 - Income taxes, which clarifies how to apply the recognition and measurement requirements in Ind AS 12 when there is uncertainty over income tax treatments.

2.7.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Notes to the Consolidated Financial Statements

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets include Minimum Alternate Tax ('MAT') paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with asset will be realised.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.7.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.8 Property, plant and equipment

2.8.1 Property, plant and equipment acquired separately

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any.

The cost of Property, plant and equipment (PPE) comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses, present value of decommissioning costs (where there is a legal or constructive obligation to decommission) and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. The other repairs and

maintenance of revenue nature are charged to profit or loss during the reporting period in which they are incurred.

Property, plant and equipment are tested for impairment whenever events or changes in circumstances indicate that an asset may be impaired. If an impairment loss is determined, the remaining useful life of the asset is also subject to adjustment. If the reasons for previously recognised impairment losses no longer exists, such impairment losses are reversed and recognised in income. Such reversal shall not cause the carrying amount to exceed the amount that would have resulted had no impairment taken place during the preceding periods.

2.8.2 Depreciation methods, estimated useful lives and residual value

Depreciation on furniture and fixtures is calculated using the straight-line method on a pro-rata basis from the month in which each asset is put to use to allocate their cost, net of their residual values, over their estimated useful lives.

Depreciation on all other property, plant and equipment is provided using the Written Down Value (WDV) Method at the rates computed based on the useful lives of the assets estimated by the management.

Leasehold improvements are depreciated over the useful lives of the assets or the unexpired lease period, whichever, is lower.

Estimated useful life of assets are as follows which is based on technical evaluation of the useful lives of the assets:

Building	30 years
Plant and equipment	13-15 years
Computers	3 years
Furniture and fixtures	5 years
Vehicles	8-10 years

The asset's residual value, estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets purchased during the year costing ₹ 5,000 or less are depreciated at the rate of 100%.

Freehold land is not amortised.

2.8.3 Intangible assets acquired in a business combination

Intangible assets acquired in a business combination and recognised separately from goodwill such as trademark, non-compete fee and customer relationship are initially recognised at their fair value at the acquisition date (which is regarded as their cost). Significant estimates are required to be made in determining the value of these intangible assets as per Ind AS 103. These valuations are conducted by

Notes to the Consolidated Financial Statements

independent valuation experts. Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.8.4 Deemed cost on transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of its property, plant and equipment recognised as at 1 April, 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

2.8.5 Derecognition of tangible assets

A tangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal.

Gains or losses arising from derecognition of a tangible asset, are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

2.9 Intangible assets

2.9.1 Intangible assets acquired separately

Trademarks, computer software, customer relationship and non-compete agreement fees are carried at cost which is incurred and stated in the relevant license agreement with the technical knowhow provider less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful life. The estimated useful lives and amortisation method are reviewed at end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Estimated useful life of intangible assets are as follows

Trademark & Patent- 5-17 years

Customer relationship -11 - 12 years

Non compete agreement fees - 5 years

Computer software - 5 years

2.9.2 Amortisation methods and useful lives

Trademarks and softwares are amortised on a straight-line basis over its estimated useful life i.e. 5 years. An intangible asset is derecognised when no future economic benefits are expected from use.

2.9.3 Deemed cost on transition to Ind AS

For transition to Ind AS, the Group has elected to continue with the carrying value of all of its intangible assets recognised as of 1 April, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

2.9.4 Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

2.10 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.11 Inventories

Inventories comprise of reagents, chemicals, surgical and laboratory supplies and stores and others and are valued at lower of cost and net realisable value. Cost is determined on moving weighted average basis.

Notes to the Consolidated Financial Statements

2.12 Provisions, contingent liability and contingent asset

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, it's carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the Consolidated Financial Statements by way of notes to financial statements when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Consolidated Financial Statements by way of notes to financial statements, unless possibility of an outflow of resources embodying economic benefit is remote.

2.13 Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, except for trade receivables that do not have a significant financing component which are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Trade receivables are initially measured (initial recognition amount) at their transaction price (in accordance with Ind AS 115) unless those contain a significant financing component determined in accordance with Ind AS 115 or when the entity applies the practical expedient in accordance with para 63 of Ind AS 115 and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.14 Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Financial instruments that meet the following conditions are subsequently measured at amortised cost (except for financial assets that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for financial assets that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value through profit or loss (FVTPL).

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees, transaction costs and other premiums or discounts that form an integral part of the effective interest rate) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for financial instruments other than those financial assets classified as at Fair Value Through Profit and Loss. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Financial instruments that do not meet the amortised cost criteria or fair value through other comprehensive income (FVTOCI) are measured at fair value through profit or loss (FVTPL).

2.14.1 Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

2.14.2 Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual

Notes to the Consolidated Financial Statements

terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.14.3 Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both selling financial assets and collecting contractual cash flows, the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.14.4 Financial assets at fair value through profit or loss ('FVTPL')

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition.

2.14.5 Foreign exchange gain and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in Statement of Profit and Loss except for those which are designated as hedging instruments in a hedging relationship. Further change in the carrying amount of investments in equity instruments at fair value through other comprehensive income relating to changes in foreign currency rates are recognised in other comprehensive income

Effective 1 April, 2018, the Company has adopted Appendix B to Ind AS 21- Foreign Currency Transactions and Advance Consideration which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

2.14.6 Impairment of financial assets

The Group assesses at each Balance Sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Group recognises lifetime expected losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

2.14.7 Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit and Loss.

2.14.8 Interest

Interest income from a financial asset is recognised using the effective interest rate method. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.14.9 Income from units in mutual funds

Dividend from units in mutual funds is recognised when the Group's right to receive payment is established by the reporting date. Income on investment made in the units of fixed maturity plans of mutual funds is recognised based on the yield earned and to the extent of reasonable certainty.

2.15 Financial liabilities and equity instruments

2.15.1 Classification of debt or equity

Debt and equity instruments issued by a Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.15.2 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

2.15.3 Financial liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost. Any discount or premium on redemption / settlement is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet. Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

Notes to the Consolidated Financial Statements

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method or at fair value through profit or loss.

2.15.4 Foreign exchange gains or losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income' in the line-item 'Net foreign exchange gains/(losses)' except where capitalised as part of borrowing cost.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period.

Effective 1 April, 2018, the Company has adopted Appendix B to Ind AS 21- Foreign Currency Transactions and Advance Consideration which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

2.15.5 Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

2.16 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

2.17 Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 50.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

2.18 Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.19 Operating cycle

The Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.20 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

2.21 Dividends

Final dividends on shares are recorded on the date of approval by the shareholders of the Group.

2.22 Use of estimates and judgements

The preparation of Consolidated Financial Statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these Consolidated Financial Statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Notes to the Consolidated Financial Statements

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the Consolidated Financial Statements are included in the following notes:

Accounting of reagent rental equipments

The Company has entered into agreements with certain suppliers for purchase of reagent. As part of the agreement, the Company has the right to use equipment supplied by the suppliers free of charge subject to purchase of minimum committed quantities of reagents.

The cost of reagents which includes the cost of rental of the equipment is recorded as cost of material consumed.

Carrying amount of goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the directors to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Where the actual future cash flows are less than expected, an impairment loss may arise (Refer to note 4).

Useful lives of property, plant and equipment

The Group reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. There is no such change in the useful life of the assets (Refer to note 3).

Defined benefit obligations

Key assumptions related to life expectancies, salary increases and withdrawal rates (Refer to note 40).

2.23 Basis of consolidation and equity accounting

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date the control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balance and unrealised gains on transactions between Group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the results and equity of subsidiaries are shown

separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Change in Equity and Consolidated Balance Sheet respectively.

The following subsidiary companies have been considered in the preparation of the Consolidated Financial Statements:

S. No.	Name of the Company
1	Paliwal Diagnostics Private Limited
2	Paliwal Medicare Private Limited

2A Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements -

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the Consolidated Financial Statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors -

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Consolidated Financial Statements.

Ind AS 12 - Income Taxes -

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Consolidated Financial Statement.

Impairment of goodwill

For the purpose of impairment testing, goodwill has been allocated to cash generating units (CGU) - Labs. The recoverable amount of cash-generating units is determined based on a value in use calculation which uses cash flow projections based on financial forecasts covering a five-year period, and a discount rate of 10-12.50% per annum (as at 31 March, 2022: 10-11.50% per annum).

Cash flow projections during the forecast period are based on the same expected gross margins and inflation throughout the forecast period. The cash flows beyond that five-year period have been extrapolated using a steady growth rate of 5-15% per annum (as at March 31, 2022: 5-15% per annum), which is the projected long-term average growth rate for Labs CGU. The directors believe that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit. Based on impairment testing as above, the management believes that the recoverable amounts of goodwill are higher than their respective carrying amounts and hence no amounts are required to be recorded for impairment in the carrying amounts of goodwill.

Less: Allowance for doubtful debts (expected credit loss allowance)	(345.32)	(284.66)
	708.24	853.95

The average credit period from service is 0-60 days. No interest is charged on the trade receivables for the amount overdue above the credit period. There are no customers who represent more than 5% of the total balance of trade receivables.

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows.

(in ₹ million, unless otherwise stated)

Age of receivables	As at 31 March , 2023	As at 31 March , 2022
0-90 days	671.06	665.82
90-180 days	57.80	164.50

More than 360 days	220.99	206.45
	1,053.56	1,138.61

Movement in the expected credit loss allowance	Year ended 31 March, 2023	Year ended 31 March, 2022
Balance at beginning of the year	284.66	215.34
Movement in expected credit loss allowance on trade receivables calculated at lifetime expected credit losses	60.66	69.32
Balance at end of the year	345.32	284.66

The concentration of credit risk is limited due to the fact that the customer base is large and unrelated.

Ageing	Expected Credit loss(%)
0-90 days	3-6%
90-180 days	17-29%
180-360 days	34-56%
More than 360 days	61-100%

Overview of Direct tax regime

The Group's main tax jurisdiction is India and is subject to Income Tax Act, 1961. The Group is assessed for tax on taxable profits determined for each fiscal year beginning on 1 April and ending on 31 March.

"Statutory income taxes are assessed based on book profits prepared under generally accepted accounting principles in India ("Indian GAAP") adjusted in accordance with the provisions of the (Indian) Income tax Act, 1961. Such adjustments generally relate to depreciation of property, plant and equipment, disallowances of certain provisions and accruals, deduction for tax holidays and similar exemptions, the use of tax losses carried forward and retirement benefit costs. Statutory income tax is charged at 22% plus a surcharge and education cess. The combined Indian statutory tax rate for the fiscal year 2022-23 and 2021-22 is 25.168 %.

Income tax returns submitted by companies are regularly subjected to a comprehensive review and challenge by the tax authorities.

Notes to the Consolidated Financial Statements

Note 38A:

The Parent has received notices for reassessment under section 148 of the Income Tax Act 1961 dated 31 March 2023, for the assessment years 2016-17 and 2019-20 respectively on the grounds that income chargeable to tax amounting to Rs. 52.65 million and Rs. 2.83 million pertaining to assessment years 2016-17 and 2019-20 respectively have escaped assessment. Accordingly the Parent was required to furnish returns in the prescribed form, within 30 days of the notices.

Subsequent to the year end, the Parent has furnished the returns that were originally filed to the Deputy Commissioner of the Income Tax. The management believes that the grounds of the notices are not tenable and hence no provision is considered necessary.

Note 39: Segment Reporting

The Group is engaged solely in the business of running laboratories for carrying out pathological investigations of various branches of bio-chemistry, hematology, histopathology, microbiology, electrophoresis, immuno-chemistry, immunology, virology, cytology, other pathological and radiological investigations.

Notes to the Consolidated Financial Statements

Note 40: Employee benefit plans

40.1 Defined contribution plans

The Group operates defined contribution retirement benefit plans for all its qualifying employees. Where employees leave the plans prior to full vesting of the contributions, the contributions payable by the Group are reduced by the amount of forfeited contributions.

Employee benefit under defined contribution plan comprising of provident fund is recognised based on the amount of obligation of the Group to contribute to the plan. The contribution is paid to Provident Fund authorities which is expensed during the year.

The total expense recognised in Statement of Profit or Loss of ₹ 132.69 million (for the year ended 31 March, 2022: ₹ 120.03 million) represents contributions payable to provident fund by the Group at rates specified in the rules of the plans. As at 31 March, 2023, contributions of ₹ 18.37 million (as at 31 March, 2022: ₹ 21.71 million) due in respect of the reporting period had not been paid over to the plans. The amounts were paid subsequent to the end of the respective reporting periods.

40.2 Defined benefit plans

Gratuity: The Group operates both funded and unfunded gratuity benefit plan. Gratuity liability arises on retirement, withdrawal, resignation, and death of an employee. The aforesaid liability is calculated on the basis of 15 days salary for each completed year of service, subject to a maximum of ₹ 2.00 million. Vesting occurs upon completion of 4.5 years of service.

The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit method with actuarial valuations being carried out at each balance sheet date."

40.3 The Group is exposed to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. When there is a deep market for such bonds; if the return on plan assets is below this rate, it will create a plan deficit. Currently, for these plans, investments are made in Insurer managed funds.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

40.4 Actuary assumptions - Gratuity:

Date of Valuation	Refer note below	Year ended 31 March, 2023	Year ended 31 March, 2022
Discount rate	1	7.15%- 7.30%	4.70%- 7.30%
Rate of salary increase	2	10%	8-10%
Rate of return	3	6.35%	6.35%
Retirement age		60 years	60-65 years
Attrition rate		3.93-62.57%	1.67-35%
Mortality table		Indian Assured Lives Mortality (2012-2014)	Indian Assured Lives Mortality (2012-2014)

Notes:

- The discount rate is based on the prevailing market yield of India Government securities as at the balance sheet date for the estimated term of obligations.
- The estimate of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.
- The expected return is based on the expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.

40.5 Amounts recognised in the Statement of Profit and Loss and other comprehensive income are as follows:

Note 41: Lease arrangements

Effective April 1, 2019, the Group adopted Ind AS 116 "Leases" to its leases using the modified retrospective approach with the option to measure the right-of-use asset at an amount equal to the lease liability (i.e. as per para C8(c) (ii) of Ind AS 116), adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application.

The Group has applied this standard to land leases and building leases etc. to evaluate whether these contracts contains lease or not. Based on evaluation of the terms and conditions of the arrangements, the Company has evaluated such arrangements to be leases. Under this standard, all lease contracts, with limited exceptions, are recognised in the financial statements by way of right-of-use assets and corresponding lease liabilities.

When measuring lease liabilities, the weighted average discount rate used to calculate the lease liability in the opening balance under Ind AS 116 on April 1, 2019 was 11.25%.

The Group recognises a lease liability measured at the present value of the remaining lease payments. The right-of-use assets are recognised at cost, which comprises the amount of the measurement of the lease liability adjusted for any lease payments made at or before the inception date of the lease

The Company has cash outflows for lease of underlying assets amounting to ₹ 670.59 million (31 March, 2022: ₹ 895.31 million) out of which rent charges is amounting to ₹ 105.48 million (31 March, 2023: ₹ 75.53 million) which includes rentals for short term lease and low value lease.

Note 47:

The Board of Directors in their meeting, held on 3 February, 2020, approved the "Scheme of Amalgamation" of APL Institute of Clinical Laboratory & Research Private Limited (Transferor Company), a wholly owned subsidiary, with the Company (Transferee Company) w.e.f. 1 April, 2020 (the appointed date). As per the said scheme the undertaking of this company shall stand transferred to and vested in the Company on a going concern basis without any further act, deed of matter.

The Scheme envisages transfer of all properties, rights, assets, interests and claims of the Transferor Company to the Transferee Company. Pursuant to the scheme coming into effect, all the equity shares held by the Transferee Company in Transferor Company stand automatically cancelled.

The Hon'ble New Delhi Bench and Hon'ble Ahmedabad Bench of the National Company Law Tribunal ("Hon'ble Tribunal" or "NCLT") sanctioned the Scheme of Amalgamation on May 13, 2022 and March 17, 2023 respectively. The Transferor Company was engaged in business of running laboratories for carrying out pathology investigation of patients in various disciplines of medical sciences.

The amalgamation has been accounted for under section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The difference between the carrying value of investments in the books of the Transferee Company and the amount of the share capital of Transferor Company has been adjusted in Capital Reserve as per the scheme. The financial statements for the year ended 31 March 2021 had accordingly been restated to give impact of amalgamation with effect from 1 April 2019 (appointed date 1 April 2020) in accordance with the 'pooling of interests' method stated in Appendix C of Ind AS 103 'Business Combinations'. Accordingly, the financial statements for the year ended 31 March, 2022 have also been restated to take the impact of the amalgamation

Note 48: Financial instruments

(a) Capital management

The Group's objectives when managing capital is to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders.

In order to maintain or adjust the capital structure, the Group adjusts the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Group has investments in fixed deposits with banks, corporates and in mutual fund schemes wherein underlying portfolio is spread across securities issued by different issuers having different credit ratings. The credit risk of investments in debt mutual fund schemes is managed through investment policies and guidelines requiring adherence to stringent credit control norms based on external credit ratings.

The Group's strategy is to maintain a positive gearing ratio. The gearing ratios is as follows:

* Short-term marketable securities not traded in active markets are determined by reference to quotes from the financial institutions; for example: Net asset value (NAV) for investments in mutual funds declared by mutual fund house.

Fair value of financial assets and financial liabilities that are not measured at fair value

Management considers that the carrying amounts of financial assets and financial liabilities recognised in the Consolidated Financial Statements are at their approximate fair values.

(d) Risk management framework

The Group's businesses are subject to several risks and uncertainties including financial risks. The Group's documented risk management policies act as an effective tool in mitigating the various financial risks to which the business is exposed to in the course of their daily operations. The risk management policies cover areas such as liquidity risk, interest rate risk, counterparty and concentration of credit risk and capital management. Risks are identified through a formal risk management programme with active involvement of senior management personnel and business managers. The Group's risk management process is in line with the Corporate policy. Each significant risk has a designated 'owner' within the Group at an appropriate senior level. The potential financial impact of the risk and its likelihood of a negative outcome are regularly updated.

Notes to the Consolidated Financial Statements

Note 48: Financial instruments (Contd..)

The risk management process is coordinated by the Management Assurance function and is regularly reviewed by the Company's Audit Committee. The overall internal control environment and risk management programme including financial risk management is reviewed by the Audit Committee on behalf of the Board.

The risk management framework aims to:

- improve financial risk awareness and risk transparency
- identify, control and monitor key risks
- identify risk accumulations
- provide management with reliable information on the Group's risk situation
- improve financial returns

Treasury management

"The Group's treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyses exposures by degree and magnitude of risks. These risks include market risk (including currency risk and interest rate risk), credit risk and liquidity risk.

Treasury management focuses on capital protection, liquidity maintenance and yield maximisation.

Financial risk

The Group has approved financial risk policies comprising liquidity, foreign currency, interest rate and counterparty credit risk. The Group does not engage in the speculative treasury activity but seeks to manage risk and optimise interest through proven financial instruments.

(i) Liquidity risk

The Group requires funds for short-term operational needs and the parent company has been rated by CRISIL Limited (CRISIL) for its banking facilities in line with Basel II norms.

The Group remains committed to maintaining a healthy liquidity, gearing ratio, and strengthening the balance sheet. The maturity profile of the Group's financial liabilities and realisability of financial assets based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below. The figures reflect the contractual cash obligation of the Group.

Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates at the end of the reporting period. For floating rate assets, the analysis is prepared assuming the amount of the assets balance at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Note 48: Financial instruments (Contd..)

(iii) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties and after obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group is exposed to credit risk for receivables, cash and cash equivalents, bank balances other than cash and cash equivalents.

Credit risk management considers available reasonable and supportable forward-looking information including indicators like external credit rating (as far as available), macro-economic information (such as regulatory changes, government directives, market interest rate).

The Group makes sales to its customers which have high credit rating.

Only high rated banks are considered for placement of deposits. Bank balances are held with reputed and creditworthy banking institutions."

For short-term investments, counterparty limits are in place to limit the amount of credit exposure to any one counterparty. Defined limits are in place for exposure to individual counterparties in case of mutual funds schemes.

None of the Group's cash equivalents are past due or impaired. Regarding trade and other receivables, the Company has accounted for impairment based on expected credit losses method as at 31 March, 2023 based on expected probability of default.

(iv) Price risks

The sensitivity of profit or loss in respect of investments in mutual funds at the end of the reporting period for +/-5% change in net asset value is presented below:

Profit before tax for the year ended 31 March, 2023 would increase/decrease by ₹ 74.97 million (for the year ended 31 March, 2022 would increase/ decrease by ₹ 32.73 million) as a result of the changes in net asset value of investment in mutual funds.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 4 & 5

The Shareholders may take note that the tenure of majority of the Independent Directors on the Board of the Company shall be coming to an end by August, 2023.

In order to ensure smooth transition at the Board Level, the Nomination & Remuneration Committee after evaluating balance of skills, knowledge and experience available on the Board, recommended the appointment of Mr. Gurinder Singh Kalra and Mr. Rajit Mehta as Independent Directors.

The Board of Directors also in their meeting on July 27, 2023 took note the expertise of Mr. Gurinder Singh Kalra and Mr. Rajit Mehta, in areas of strategy, finance & governance, as required and appointed them as Additional Directors in the category of Independent Directors, not liable to retire by rotation for a term of three (3) consecutive years beginning from July 27, 2023, subject to approval of Shareholders of the Company.

The Company has received from Mr. Gurinder Singh Kalra and Mr. Rajit Mehta (i) Consent to act as Directors in Form DIR-2; (ii) Intimation in Form DIR-8, to the effect that they are not disqualified to be appointed as Directors under Section 164 of the Act; (iii) Declarations to the effect that they meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the Listing Regulations; and (iv) Certificates stating that they are not debarred from appointment pursuant to any order of SEBI or any other Authority. The Company has also received notice(s) under Section 160 of the Act from Shareholder proposing candidature of Mr. Gurinder Singh Kalra and Mr. Rajit Mehta as Directors of the Company.

In the opinion of the Board, Mr. Gurinder Singh Kalra and Mr. Rajit Mehta are independent from the management and fulfil the conditions specified in the Act & the rules made thereunder and Listing Regulations for appointment as Independent Directors of the Company.

A copy of the letter setting out the terms and conditions of appointment of Independent Director shall be available for inspection at the website of the Company and can be accessed via. <https://www.lalpathlabs.com/>.

The Board recommends the resolutions set out at item no. 4 & 5 of this AGM Notice, for approval of the Shareholders by way of Special Resolutions for appointment of Mr. Gurinder Singh Kalra and Mr. Rajit Mehta as Independent Directors for a period of three (3) years from July 27, 2023 till July 26, 2026.

Additional information, pursuant to Regulation 36(3) of the Listing Regulations and Secretarial Standard for General Meetings (SS-2) in respect of Director(s) recommended for appointment is annexed with this notice.

Except Mr. Gurinder Singh Kalra and Mr. Rajit Mehta and their respective relatives (to the extent of their shareholding, if any) none of the other Directors or Key Managerial Personnel (KMPs) of the Company or their relatives are concerned or interested, financially or otherwise, in the resolution(s) set out at Item No. 4 & 5 of this AGM Notice.

ITEM NO. 6

The Shareholders of the Company on October 10, 2018 through Postal Ballot approved payment of commission to Non-Executive Directors of the Company subject to a maximum of ₹ 10,00,000/- (Rupees Ten Lakh only) per annum per Director, if he/she is not a Chairperson of any Board Committee and an additional ₹ 2,50,000/- (Rupees Two Lakh Fifty Thousand only) per annum for each Board Committee in which any such Director is a Chairperson, over a period of 5 (five) Years beginning from August 21, 2018.

Further, basis the recommendation of the Board of Directors, the Shareholders of the Company in 27th AGM held on July 29, 2021 partially modified above resolution and increased the limit of Commission payable to Non-Executive Directors subject to a maximum of ₹ 20,00,000/- (Rupees Twenty Lakh only) per annum per Director. The validity of the resolution passed by the Shareholder on October 10, 2018 is set to expire on August 20, 2023.

On recommendation of Board of Directors of the Company, the Shareholders on December 14, 2022 and March 10, 2023, by way of Postal Ballot, approved payment of Commission upto a maximum of ₹ 20,00,000/- (Rupees Twenty Lakh only) per annum, each to Mr. Rohit Bhasin and Mr. Arun Duggal, respectively, subject to overall limit of one percent (1%) of the net profits of the Company per annum, computed as per Section 198 of the Companies Act, 2013, for all Non-Executive Directors.

In (a) view of the increased role and responsibilities of the Non-Executive Directors including Independent Directors, entrusted by the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and (b) order to akin the amount of Commission payable to all Non-Executive Directors including Independent Directors, the Board of Directors in their meeting on July 27, 2023 recommended payment of commission of an

amount, not exceeding in aggregate 1% (one percent) per annum of the net profits of the Company, computed as per Section 198 of the Companies Act, 2013, subject to a maximum of ₹ 30,00,000/- (Rupees Thirty Lakh only) per annum per Director, for a period of three (3) years commencing from April 1, 2023 to March 31, 2026.

The payment of such commission shall be in addition to the sitting fees for attending Board/ Committee meetings and reimbursement of expenses for attending the meetings of the Board, Committee and/ or other meetings. The commission shall be paid in such amounts or proportion and in such manner, as the Board of Directors may from time to time determine, based on performance of the Company and performance evaluation of each such Director.

Further, pursuant to Section 197, 198 of the Companies Act, 2013 and Regulation 17(6)(a) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the payment of any fees or compensation to Non-Executive Directors (including Independent Directors) require approval of shareholders in general meeting.

Except, the Non-Executive Directors to the extent of the remuneration payable to them individually and/ or their shareholding, if any including their relatives to the extent of their shareholding, if any, none of the other Director and/ or KMPs or their relatives are concerned or interested, financially or otherwise, in the resolution set out at the Item No. 6 of this AGM Notice.

The Board recommends the resolution set forth at Item No. 6 of this AGM Notice for the approval of Shareholders by way of a special resolution.

ITEM NO. 7

The Shareholders of the Company in the 26th Annual General Meeting held on July 30, 2020 re-designated Dr. Om Prakash Manchanda as Managing Director of the Company for a period of five (5) years effective from April 01, 2020 to March, 31 2025 on such terms and conditions including remuneration/ perquisites as mentioned in the resolution passed on July 30, 2020.

The Nomination & Remuneration Committee and Board of Directors, from time to time, duly approved granting of stock options to Dr. Om Prakash Manchanda under Employee Restricted Stock Unit Plan, 2016 and Employee Stock Option Plan 2022. He has been exercising vested stock options, from time to time.

Dr. Om Prakash Manchanda will have vested/ to be vested options under Employee Restricted Stock Unit Plan, 2016 and Employee Stock Option Plan 2022 as given below:

Name of Scheme	Options vested & unexercised as on April 1, 2023	Options vesting in FY 2023-24	Options vesting in FY 2024-25
Employee Restricted Stock Unit Plan, 2016	54,168	50,006	20,836
Employee Stock Option Plan 2022	-	12,500	27,500

Dr. Om Prakash Manchanda has expressed his intent to exercise the options so vested/to be vested, in different tranches at different points of time, during his remaining tenure as Managing Director. Exercise of such options, however, is likely to create perquisites in the hands of Dr. Om Prakash Manchanda to the extent of difference between the market price of equity shares of the Company as on the date of exercise and grant price of the options so vested/to be vested from time to time.

In case of exercise of stock options by Dr. Om Prakash Manchanda the value of perquisites arising therefrom coupled with his annual remuneration in any of the financial year during his remaining tenure as Managing Director (Financial Year 2023-24 and 2024-25) may result in his annual remuneration exceeding 5% of the net profits of the Company computed as per Section 198 of the Companies Act, 2013 for the respective Financial Year.

The Shareholders may take note that the above increase in the limit for payment of Managerial Remuneration in the nature of perquisites arising as a result of exercise of ESOPs will not require or result in any payment of cash compensation in addition to the overall remuneration already approved, from time to time.

Pursuant to the provisions of Sections 197, 198, read with Schedule V and other applicable provisions, if any, of the Companies Act, 2013 ("the Act") (including rules, notifications, any statutory modification(s), amendment(s) or re-enactment(s) thereof, for the time being in force), approval of the Shareholders by way of Special Resolution is required for payment of

Managerial Remuneration to Managing Director, in any of the financial year, in excess of 5% of the net profits computed as per Section 198 the Act.

The details as stated in the Notice and hereinabove may be treated as an abstract for modification in the terms of remuneration of Dr. Om Prakash Manchanda under Section 190 of the Act.

Except, Dr. Om Prakash Manchanda, Managing Director and his relatives (to the extent of their shareholding, if any), none of other Directors and/or KMP's or their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 7 of this AGM Notice.

The Board recommends the resolution set forth at Item No.7 of this AGM Notice for the approval of Shareholders by way of a Special Resolution.

ITEM NO. 8 & 9

Mr. Rahul Sharma, Non-Executive Director of the Company was granted stock options under the Company's ESOP 2010 Plan from time to time, of which 71,983 stock options (as on July 27, 2023) are remaining to be exercisable by him.

In this respect, the Shareholders of the Company in the 27th AGM held on July 29, 2021 approved increasing the limit of Managerial Remuneration under Section 197(1) & 197(1)(ii)(A) of the Companies Act, 2013 to enable Mr. Rahul Sharma, Non-Executive Director to exercise the Stock Options granted to him under ESOP 2010 Scheme, for a period of 5 years which is valid except in case of inadequacy of profits which may arise in the case of exercise of stock options.

Mr. Sharma has expressed his intent to exercise the remaining stock options in different tranches at different points of time. Exercise of such options, however, is likely to create a perquisite in the hands of Mr. Sharma, to the extent of difference between the Market Price of the equity shares of the Company on the date of exercise and the Grant Price of the stock options so vested.

In case of exercise of options by Mr. Sharma, value of perquisites arising therefrom coupled with his annual Director commission may result in his annual remuneration exceeding (a) 1% (One Percent) of the Net Profits computed as per Section 198 of the Companies Act, 2013 and (b) 50% (Fifty percent) of the total remuneration payable to all Non-Executive Directors of the Company.

The Shareholders may take note that the above increase in the limit for payment of Managerial Remuneration in the nature of perquisites arising as a result of exercise of ESOPs will not require or result in any payment of cash compensation in addition to the overall remuneration already approved, from time to time.

Pursuant to the provisions of Section 197, 198, read with Schedule V and other applicable provisions, if any, of the Companies Act, 2013 (including rules, notifications, any statutory modification(s), amendment(s) or re-enactment(s) thereof, for the time being in force), approval of the Shareholders by way of Special Resolution is required for payment of Managerial Remuneration by the Company to its Non-Executive Director, in any financial year, exceeding 1% [in case there is Managing Director/ Whole Time Director/ Manager in the Company] of the net profits computed as per Section 198 of the Companies Act, 2013.

Further, pursuant to Regulation 17(6)(ca) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, approval of the Shareholders by way of Special Resolution is required every year, in case annual remuneration payable to a single Non-Executive Director, exceeding 50% (Fifty percent) of the total remuneration payable to all Non-Executive Directors of the Company.

Except, Mr. Rahul Sharma, Non-Executive Director and his relatives (to the extent of their shareholding, if any), none of other Directors and/or KMP's or their relatives are concerned or interested, financially or otherwise, in the resolutions set out at Item No. 8 and 9 of this AGM Notice.

The Board recommends the resolution(s) set out at Item No. 8 and 9 of this AGM Notice for the approval of Shareholders by way of Special Resolution(s).

ITEM NO. 10

The Company has been paying remuneration to all its Directors including Managing Director, Whole Time Director(s) and Non-Executive Director(s), within 11% of the Net profit computed as per Section 198 of the Act. In this context, please also note that upon exercise of the stock options by Dr. Om Prakash Manchanda, Managing Director and/ or Mr. Rahul Sharma, Non-Executive Director, the total managerial remuneration, i.e., the perquisite value of ESOPs coupled with the value of aggregate remuneration payable by the Company to its Directors, including Managing Director, Whole-time Director(s) and Non-Executive Director(s), details of whom are mentioned in the explanatory note, may exceed 11% of the net profits computed as per Section 198 of the Companies Act, 2013, for the Financial Year 2023-24 and 2024-25.

The above proposal for increase in the limit of Managerial Remuneration is in the nature of perquisites arising as a result of exercise of ESOPs which will not require or result in any payment of cash compensation in addition to the overall remuneration already approved by the shareholders from time to time.

Pursuant to the provisions of Section 197, 198, read with Schedule V and other applicable provisions, if any, of the Companies Act, 2013 (including rules, notifications, any statutory modification(s), amendment(s) or re-enactment(s) thereof, for the time being in force), approval of the Shareholders by way of Special Resolution is required for payment of Managerial Remuneration by the Company to its Director(s) including Managing Director, Whole Time Director(s) and Non-Executive Director(s) in any financial year, exceeding 11% of the net profits computed as per Section 198 of the Companies Act, 2013.

Except the Directors to the extent of remuneration payable to them individually and/or their shareholding in the Company, if any and their relatives to the extent of their shareholding in the Company, if any, none of the other KMPs or their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 10 of this AGM Notice.

The Board recommends the resolution set forth at Item No. 10 of this AGM Notice for the approval of Shareholders by way of a Special Resolution.

ITEM NO. 11

The Board of Directors of the Company in their meeting held on May 11, 2023, on recommendation by

the Audit Committee, appointed M/s. A.G. Agarwal & Associates (Firm Registration Number: 000531), Cost and Management Accountants, as the Cost Auditors for the Financial Year 2023-24 at a remuneration of ₹ 1,00,000/- (Rupees One Lakh only) plus applicable taxes and out of pocket expenses.

As per Section 148 of Companies Act, 2013 and applicable rules thereunder, the remuneration payable to the cost auditors is to be ratified by the Shareholders of the Company.

The Board considers the remuneration payable to the Cost Auditors as fair and recommends the resolution contained in Item no. 11 of the accompanying notice for approval of the Shareholders as an Ordinary Resolution.

None of the Directors or KMP's or their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 11 of this AGM Notice.
