Chairman's Message

Built for sustainable growth

Dear Shareholders,

FY 2021-22 has been eventful on various fronts. The beginning of year marked the lethal second wave of the COVID-19 pandemic for India and the world, ushering newer challenges for healthcare systems, as well as channeling economic growth. However, business continuity coupled with rapid vaccination coverage led to a stronger resilience, propelling GDP growth of 8.7% for FY 2021-22, the highest amongst the world's large economies. Various parameters such as

total GST collections, UPI transactions, FASTag revenues, demand for electricity, passenger and freight traffic via rail and air, and metal and coal production displayed a positive trajectory, pointing towards continued economic recovery. Resilience in the agriculture sector and reducing unemployment levels also added to the positive outlook of Indian economy. The Index of Eight Core Industries (ICI) showed a year on year (y-o-y) growth for April, 2022 up by 8.4% over last year. Further, several sectors are reaping the

benefits of the government's push towards the Production Linked Incentive Scheme (PLI), promoting local manufacturing and developing global competitiveness. The improving economic environment, better employment availability and household income supported a rise in the consumer confidence index whereas an overall improvement in the business environment and demand supported a rise in the business confidence index.

The Indian automotive industry witnessed steady growth to reach the pre-pandemic levels of sales volume, having built a solid foundation in FY 2020-21, despite the semiconductor shortage curtailing production. India's automotive sales were the strongest across Asia-Pacific in FY 2021-22. The year gone by has presented several challenges but Indian auto industry has worked hard against these challenges to continue improvement in maintaining a robust supply chain, increasing localization, control cost, investing in new technologies, and enhancing exports. The Government also supported the industry with the PLI Scheme as well as extension of Faster Adoption and Manufacturing of Hybrid and Electric Vehicles (FAME).

The pandemic had imposed severe restrictions on human mobility and people were compelled to stay indoors for a significant part of the past two years. This vastly increased the perceived value of one's home in the overall scheme of things, and along with the prevailing low interest rates, it sparked then and sustained homebuyer interest in the residential market. As consumer desires have changed to adapt to the conveniences of the new normal, bigger homes, better amenities and competitive prices will keep the residential real estate sector to grow at a stable pace. India's commercial real estate market has been fast growing following the COVID-19 pandemic. Though the

sector was hit by setbacks in FY 2019-20 and FY 2020-21 caused by the pandemic-induced shutdown of cafes, restaurants, clothing stores, supermarkets, shops, multiplexes and offices, its outlook in the current fiscal is positive. The ever-increasing demand from occupiers from multiple industries has been augmenting the growth of the commercial real estate sector in India. Consequently, white-collared workforce are increasingly returning to their offices, which in turn is propelling the demand for office space. In addition, the steady demand for commercial real estate is also paving the way for a bright future for the segment.

There was strong demand of glass from automotive and construction segment and AIS has continued to strengthen the momentum during the year. For FY 2021-22, I am happy to report a satisfactory financial performance of AIS. AIS's consolidated revenue increased by 29.80% to ₹ 3,189.73 crores in FY 2021-22, as compared to ₹ 2,457.48 crores achieved in FY 2020-21. Net profit before tax grew by 149.30% to ₹ 510.71 crores in FY 2021-22 from ₹ 204.86 crores achieved in FY 2020-21. Net profit after tax increased by 159.10% to ₹ 344.78 crores in FY 2021-22 from ₹ 133.07 crores achieved in FY 2020-21. In view of the financial performance and in line with AIS's Dividend Policy, the Board has recommended a final dividend of ₹ 2 per share.

The rich repertoire of experience and expertise that its teams bring on board provides AIS with a competitive advantage. AIS is helping its people consistently improve their skills through training, while at the same time, strengthening its leadership pipeline for the future.

Taking forward its legacy of societal commitment, AIS continues to invest

AIS's consolidated revenue increased by 29.80% to ₹ 3,189.73 crores in FY 2021-22, as compared to ₹ 2,457.48 crores achieved in FY 2020-21. Net profit before tax grew by 149.30% to ₹ 510.71 crores in FY 2021-22 from ₹ 204.86 crores achieved in FY 2020-21.

in community wellbeing. AIS facilitated various community development initiatives in the realm of education and vocational training, health and sanitation, skill development and COVID-19 awareness. At the same time, AIS is working towards resource efficiency, water management and energy conservation to reduce its carbon footprints as its commitment to sustainability.

I am very happy to announce 2 of AIS's products in the automotive segment have qualified as futuristic products under the PLI scheme.

AIS's value accretive growth is built on the platform of its manufacturing prowess, which continued to expand during the year with more value-added products, providing an overall customer experience. AIS is already moving in this direction and

believes that glass is a futuristic product and capable of meeting all requirements (present or future) of its customers through value addition. However, given the unique position and strengths of AIS, there are certain opportunities unique to AIS.

As AIS marches ahead, I have every reason to believe that AIS has built a strong springboard in each of its business verticals and has emerged stronger than ever with the objective to achieve not only sustainable returns, but accelerated growth hereafter.

On behalf of the Board, I would like to thank all our stakeholders – our customers, employees, partners, suppliers, shareholders, bankers, policymakers, regulatory authorities and the communities around our manufacturing locations – for their continuous support and encouragement in AIS's journey of consistent value creation for all stakeholders.

With Best Regards,

About AIS

Delivering excellence with unique opportunities

Asahi India Glass Limited (AIS) is India's leading integrated glass solutions company. Started in 1987, AIS has transformed itself from a glass manufacturer to a complete glass solutions provider, offering a comprehensive range of products and solutions for home, offices, automotive, large and small buildings.

Since inception, AIS has established a long and successful presence in the Indian market, delivering best-in-class quality, manufacturing spread and scale, engineering capabilities, and most importantly, has gained the trust of its customers, for whom AIS is a partner of choice.

AIS has been a dominant player in both automotive and architectural glass segments. It has always been the preferred choice of automotive OEMs for over 30 years. From passenger cars to heavy commercial vehicles to railways, AIS Auto Glass is seen in India's best vehicles, commanding a market share of 74% in passenger cars segment. Moreover, AIS has the second largest production capacity in Float Glass segment, with products designed to suit every architectural and building requirement.

AIS is committed to market-leading innovations providing the right blend between daylight and energy saving, visual and thermal comfort, technology and sensitivity, enabling an age of Green Buildings and the dawn of a truly sustainable future.

Advancing with focus, AIS has emerged as a world-class integrated glass company listed on the National Stock Exchange and Bombay Stock Exchange.

A joint venture between the Labroo family, Asahi Glass Co. Ltd., Japan (now AGC Inc.) and Maruti Suzuki India Limited (MSIL), AIS began its journey as a manufacturer of automotive tempered glass with its supply to only one customer - MSIL. Today, AIS has grown into a complete solutions provider in the entire glass value chain. AIS is driven by strong roots of supportive and visionary promoters coupled with the culture of intrapreneurship, empowerment and performance within the company.

Today AIS is in a unique position of strategic scale, and spread that it has some opportunities unique to itself. Its leadership position, allows AIS to harness these unique opportunities in the best interest of all its stakeholders.

National Footprint

AIS has expanded from a single-location manufacturing company into one with multiple plants and advanced sub-assemblies across India. The growing demand for quality products, seamless service, and effective delivery, has made it a necessity to be close to customers' manufacturing facilities.

The strategically located plants cater to the needs of customers all over India.

Absorbs, refracts or transmits light.
Adds to the beauty of a building when used in transparent or translucent applications

Glass allows transmission of optimum natural daylight.

It helps in reduction in energy cost on account of artificial lighting, brightens the interior and improves the human comfort and indoor environment quality.

Resistant to weather and can hold up to the effects of the wind, rain, or the sun

Rust resistant and does not degrade because of the effects of chemical and environmental conditions

Recyclable and it does not degrade during the recycling process, and it can be recycled again and again without loss of quality or purity

Unaffected by noise, air, water. Sealed glass panes transmit very little sound, and hence can be a good sound insulator

Glass has a smooth, glossy surface so it's dust proof and can be easily cleaned

Consumer glass

Consumer Glass SBU has businesses which connect with the end consumers offering solutions across the Automotive and Architectural Glass SBUs. With AIS's increasing presence in the entire glass value chain and with downstream integration, the SBU acts as an interface with the end-users of both the segments and provides customized and consumer-centric solutions.

Consumer Glass SBU includes the automotive customer front facing business of Windshield Experts (WE) and the architectural glass services business of AIS Windows & Glasxperts (GX). Its associates, namely, AIS Distribution Services Limited (ADSL) and AIS Adhesives Limited (AIA) are engaged in after-market distribution of automotive safety glass and sealants respectively, to hundreds of dealers & retailers across India.

Glasxperts was recommended by our client as AIS is a well-known brand because of the faith it carries in the market. The team was very professional and clear with their requirements and suggestions. Their turnaround time was quick. Our coordination with the Glasxperts was seamless which often doesn't happen with other vendors. Also, as the Glasxperts people are AIS's in-house team so it is a big strength of the company because quality assurance can be expected at all time.

- 10-years manufacturing warranty on profile and 1 year on hardware
- 10 years warranty on profile and 1 year on hardware.

Environment & Sustainability

AIS is committed to reduce environmental impact of its operations through sustainable operating practices. AIS is taking steps to reuse water, reduce air pollution, minimise waste generation, enhance recycling and accelerate transition to a circular system by integrating advanced technologies and continuous innovation in operations to reduce its carbon footprint.

Glass in itself is extremely environmentally friendly product and contributes positively towards sustainability. Glass is the only building material which is 100% recyclable and if used correctly, has the ability to save more energy over its lifetime than used in its complex manufacturing process.

AIS firmly believes that sustainable production is the key to success and in the long-run it will majorly impact business and its ability to create value. Monitoring of environmental parameters is done through NABL-accredited labs, particularly for air quality in factories and water analysis. Environment management practices at AIS are followed as per ISO 14001. Energy management practices are followed as per ISO 50001.

Energy conservation

AIS is dedicated towards lowering energy consumption across all its manufacturing locations. During the year under review, it deployed the following energy conservation initiatives:

- Replaced IE1 motor with IE3 motor at Autoclave
 - Changed DM water pump from 5.5kw to 2.2kw
 - Installed new energy efficient motor for root blower no. 1, 55KW (with VFD control)
 - Installed new energy efficient motor for crown cooling blower, 11KW (with VFD control)
 - Replaced LED tube light (18 watt) with motion sensor operated LED tube lights
 - Installed heat recovery system for BGWM
 - Installed energy efficient air washer
 - Replaced CFL (85 Watt) lamp with 100 watt hibay LED lamp.
- AIS is aiming for horizontal deployment for these improvement points to further reduce its energy consumption.
- Used single motor for two cooling blowers at furnace

Energy conservation cost savings (in Lakhs)

Water conservation

At AIS, used water is recycled in the plant reducing its daily water consumption. AIS undertook various water conservation projects to reduce specific water consumption.

In FY 2021-22, approx. 17,000 kl of water was recycled and used further in the plant reducing the consumption of fresh water.

Water recycled (In kl)

Reduction in CO₂ emission

AIS has thoroughly scrutinized its energy consumption pattern and enhanced its efforts at optimizing manufacturing processes towards contributing for green and clean environment. AIS undertook various emission reduction projects to reduce its footprints, including the following:

- Replaced diesel forklifts with battery forklifts
- Adapted new process for low suction pressure in blowers to reduce the power consumption
- Converted low efficiency motors to high efficiency motors
- Adapted new technology to reduce CO₂ across plants.

Driving recycling

Material recycling is done very scientifically across all plants of AIS.

Promoting biodiversity

AIS has implemented Miyawaki System of afforestation across all its plant locations. The Miyawaki method of afforestation involves the planting of number of different species of trees close to each other, by closely planting the trees close together in a small area enriches the green cover and reinforces the richness of the land.

Education & Training

At AIS, learning and training are integral part of work. AIS encourages consistent upskilling through training in the form of “on-the-job” learning experiences, in-house training, external courses, and mentoring schemes to ensure all-round development of all employees and productivity enhancement for AIS.

Driving consistent learning

At AIS, the goals of learning and development initiatives is to align individual aspirations and performance to the organisational objectives. AIS has undertaken several learning and development initiatives, which help train AIS’s various teams. The training system has been designed based on benchmarking with OEMs and other best-in-class companies. New training initiatives are customized in line with the latest developments in technical and management fields.

Core training objectives

- Improving: Quality of product, working & systems
- Enhancing: Productivity
- Increasing: Skill level – functional & self-development
- Improving: Production yields.

Approach to training

AIS’s training system implemented:

- Is tailored to address organization as well as individual needs
- Address associates and staff training comprehensively
- Addresses multi skills development of associates and staffs

- Simulate interest and positive attitude in employees
- Assists in enhancing productivity, quality, employee’s morale and skills.

All plants of AIS has specialized state-of-the-art, DOJO centres which have the latest equipment and training facilities. These DOJO centres provide various basic and advanced trainings to all existing and new joinees at AIS. Specialized training courses have been designed for various employees and those programs are regularly updated and digitized. AIS also creates special video-based self-learning training modules (IPR Protected), for both routine and specialized jobs.

Training categorization

AIS's training efforts have been classified under following two broader categories:

<p>Strategic initiatives for education and training</p> <ul style="list-style-type: none"> ● Competency Enhancement Program (CEP) for Supervisors ● Competency Enhancement Program (CEP) for Process In-charges/ Process Engineers / Section Heads / Department Heads ● Technical – Practical / Simulation Training Lab set up - processes & systems ● AIS Training Record System – AISTRS (now Learning Management System) 	<p>Technical capability enhancement</p> <ul style="list-style-type: none"> ● AIS Vidya Niketan - DOJO Training Centre ● Development & implementation of E-Learning Modules training ● Technical Training through Process Technical Manuals ● Regular Training Program – Functional, Process Excellence & Safety ● Shop-floor associates training using Job standards ● Trainee Engineers Technical Capability Development ● Lateral Hirees Capability Development

AIS Vidya Niketan (Dojo Training Centre)

DOJO is a Japanese term which means “place of the way”. DOJO Training Centre is a place for all the new joinees where a way is shown to all about how they need to perform at their workplace related to safety, quality, skills and discipline to meet the customer as well as organization requirements.

AIS has implemented 8 steps DOJO for new associates as mentioned here

Company Overview
Impart awareness on company profile, TQM, TPM, 5S and basic HR & IR Policies and procedures

Safety DOJO
Impart awareness on the basic safety management practices and processes being adopted by AIS including fire-safety

Quality DOJO
Impart awareness on various quality defects, measurement methods and various measuring instruments

Product DOJO
To provide basic knowledge related with various types of products manufactured

Process Rules DOJO
To create basic understanding about the process rules to be adhered on the shop floor

Senses DOJO
To enhance brain – eye – hand coordination and motor skills

Maintenance DOJO
To provide basic information about the tools, equipment's and parts being used at the shop floor

Process DOJO
To induce basic know how of glass handling and packing process skills

Moreover, the following initiatives have been implemented for knowledge enhancement and capability development

Class room sessions for introduction of each DOJO	Comprehensive DOJO training evaluation system	Industrial walking practice simulation	Virtual Process briefing/ training through e-Learning Modules	Team building games

Unnati Education Programme

This programme provided tutorial support to the marginalized and economically weaker students enrolled in government schools. Primarily tutorial support in the subjects of Mathematics, English and Science were provided. During the year, AIS had 20 educational centres in different villages of Bawal block. For smooth implementation, AIS has a trained diverse team with expertise in working with students from different backgrounds. The programme majorly focusses on the

promotion of girls' education and shaping students to be better citizens of India. During FY 2021-22, the outreach was 546 students from classes 8 to 10. Following COVID restrictions, the centres were sanitized and it was ensured that all the students put up their masks and maintain social distance and follow other necessary government advisories.

Unnati Education Programme (Base Building Programme)

In FY 2021-22, AIS started a new initiative for primary students called 'Base Building Programme' to fill the gap in the education of students because of COVID restrictions and the closing of schools for more than two years. Most of the students in government schools didn't have access to smartphones hence they missed online classes resulting in low performance and lesser learning which they could have achieved in school. Also, as per the data received from the District Education Office, Rewari the majority of primary government schools in Bawal are facing staff shortages, which is why the educational development of the primary students suffered badly. To

fill this gap and provide extra support to the government schools, AIS's teaching staff is working in these schools. The pattern chosen was 'Fun and Learning'. Several fun activities were designed and implemented in government primary schools and 8 Unnati educational centres reaching out to primary students at 15 locations.

Unnati Digital Literacy Programme

This programme opened doors to several opportunities for the students and prepared the rural students with 'skills for the job'. The courses offered are in collaboration with the NIIT Foundation and the certificates which students get post-final examinations are valid and acceptable all across India. The programme offered two courses - certificate course in active basic IT & certificate course in digital literacy and Tally pro. The programme reached out to a total of 258 rural students. The Unnati Computer Centre, Bawal is a permanent centre and the second centre is mobile which generally moves to a specific location based on the proper assessment and needs of rural students.

Unnati skills development programme

AIS aims to empower women with a set of skills which helps them in cost saving and also opens the doors of income generation. Hence, the stitching and tailoring programme was included under ICDP where AIS covered a well-designed sewing and tailoring syllabus of ladies' and gents' clothing. In addition, this year AIS trained instructors skilled the students with crochet work, knitting, recycling and reuse of old clothes and soft toy making. AIS successfully ran 4 tailoring batches at different locations in Bawal.

Health awareness

The Unnati team has worked religiously during the unprecedented times of Corona. During the year, the team went door to door across villages and also organized community meetings to spread awareness on the importance of getting vaccinated. The team reached out to more than 3,000 people and counselled them about the pandemic, its symptoms, testing, quarantine and isolation if infected and the importance of vaccination. It was also ensured that all the Unnati staff get fully

vaccinated and only then they return to the work on the field. Currently, AIS is creating an awareness drive amongst the Unnati students of all the programmes to get vaccinated, as the vaccine for nine-year-old children is readily available.

Child care

During FY 2021-22, AIS developed several partnerships to reach out to more marginalized sections of society. In this regard, on the recommendations of the Women and Child Development Department (WCD), AIS helped in the renovation of an Anganwadi Kendra in Jaitpur and converted it into a playschool and model Anganwadi. In addition, the team closely worked with the WCD, Bawal and organized several community meetings on topics of pregnancy, importance of breastfeeding, child care, child development and kitchen gardening.

Kitchen gardening and farming

AIS has initiated kitchen gardens for 7 villages in Bawal to help them grow their food. This project is helping the beneficiaries save up on the vegetable cost which in turn is helping them save more money on chemical-free organic home grown food. Women from economically weaker sections are primary beneficiaries of the project. This year AIS was able to reach and facilitate 107 women/families.

Water Sanitation and Hygiene (WASH)

AIS is contributing towards 'Swachh Bharat Abhiyan' by maintaining the toilets constructed with the help of different partners. The programme focusses on bringing social and behavioural changes in the youth, minimising open defecation, and adopting healthy sanitation practices following proper hygiene. During the year, AIS was able to facilitate 220 students and make them ambassadors of 'Swachh Bharat Abhiyan'.

Education

School bus service

School bus service has been playing a role of a catalyst behind the decrease in the dropout rate of girls and has been successfully promoting girls' education. For both parents and the girls, the school bus is synonymous with safety, punctuality, and savings (time and economical). The bus service is operational across 8 villages in Roorkee. Over the last 12 years, 1,477 girls from 12 villages have used the school bus.

Remedial education programme

AIS is running a remedial education programme in Roorkee for the past six years to address critical systemic gaps in improving girls' academic performance and positively influencing parental and community attitudes towards girls' education. One of the positive impacts has been that there has been a 200% increase in the number of girls opting for mathematics as a subject in their 10th class. The programme has created a positive learning environment for girls and is helping them to build self-confidence, become ambitious, and take control of their lives.

Digital classes at education centres

A digital classroom is a technology-enabled learning environment where student learning and interaction with the teacher and peers driven by strategic use of Information and Communication Technology (ICT). This initiative provides robust understanding of concepts, especially in the subjects of science and mathematics. Videos of different

topics ensures seamless understanding and clearing of concepts.

Adult literacy programme

The project provides a platform for rural women to empower themselves. It follows an exceptionally well-researched and participative learning-based curriculum, which helps the women not only to learn how to read and write but also makes them aware of themselves as an individual. In FY 2021-22, 8 centres were continued from last year and 6 new centres were newly opened. Around 120 women are newly enrolled in the programme and 80% of the learners are in the age group of 30-50 years.

Women empowerment through community based organisations

Self-help groups

Project 'Aarohan - A Step Towards Social and Economic Empowerment of Rural Women in Roorkee' has been implemented since 2006 and focusses on the socio-economic empowerment of rural women by organising them into self-help groups. In FY 2021-22, new Self Help Groups and Village Organizations were formed and various training and exposure visits were conducted to make the institution self-sustainable. Village organisations (VO) play their role in the better functioning of the self-help groups by providing them with various developmental benefits. Moreover, during the year, new income generation activities were started by the SHG women, and 26 new SHGs were formed in the project villages, trainings and exposure

visits were organized for the beneficiaries and project staff to improve their skills and capacity. Currently, over 5,036 women are covered under this programme.

Enterprise development

During FY 2021-22, 231 women of the SHGs set up their IGAs by availing credit from different sources. They also invested their own money in their petty businesses.

Health awareness sessions

AIS conducted four awareness session at the literacy centres to aware the women a balanced diet.

Water Sanitation and Hygiene (WASH)

AIS undertook cleaning of toilets in Government School. This programme has given 2,900 students safe access to a clean toilet complex and provided a sense of security to the girls. The objective of this program is to ensure the cleanliness of toilets in the selected schools with an aim to promote good health and hygiene among the students. Three new Government primary schools were added taking the total to 25 schools in the reporting year.

Skill development

Tailoring and embroidery training programme

AIS provided tailoring and embroidery training to girls through our training centres. Each centre is equipped with 15 sewing machines and two fashion machines and other useable materials. Most of the girls and women who have learned the craft of stitching, embroidery and tailoring are using it to start their own tailoring centre.

COVID-19 awareness

AIS teams have continued their efforts to spread awareness of COVID-19 and vaccinations in the project area. During the second wave of COVID-19, AIS donated oxygen Concentrators to Pimpal Primary Health Centre.

Awareness of Government schemes

In FY 2021-22, AIS raised awareness about various government Schemes, such as Sukanya Samridhi Yojana, Manav Garima Yojana, and the E-Shram scheme among others.

AIS launched mohalla classes during this period to ensure children's continuity of education and also continued online classes. The teachers took extra classes, assignments, and weekly tests to complete the syllabus. AIS also provided financial

Like a strong, resilient ship stalled in the windless doldrums, the last year, FY 2021-22, finally was the wind that filled its sails and once again put the great India story back on its path of growth, progress and prosperity.

But as is the norm now, it wasn't a smooth path. The beginning was ominous with delta overwhelming our healthcare infrastructure, and at times our spirits with the tragic loss of so many precious lives.

It took a gargantuan effort at every level of society to vaccinate, protect, save AND also produce and trade. We owe a huge debt of gratitude to our healthcare warriors, governments at all levels, vaccine producers and all of society for the courage and fortitude in fighting back.

Much like an Akshay Kumar movie, or Indiana Jones adventures, just as you cross one obstacle - or three or four- another one comes along which is even more frightening than the one you barely survived. Logistics disruptions (best portrayed by the single ship that blocked the Suez Canal for more than a week), semiconductor shortage, soaring inflation, war in Ukraine- an endless list of statistical improbabilities has redefined the vocabulary of probability and tail risk.

If there is one thing humanity is incredible at, it's adaptability. Yet again, in this prolonged adversity we witnessed great robustness and resilience.

At AIS, we kept the health of our associates at the forefront of all management. After securing that primary duty, we have tried our best to change, adapt, improve and expand in a market where we feel both Opportunity and Competitive Intensity are at very strong levels.

The Indian economy, the auto and architectural industries within it, have finally surpassed their prior peaks and seem to be reverting to a healthy proxy of overall GDP growth. AIS is well poised to participate in the opportunity permitted by the macro story.

Within this tumultuous backdrop, AIS achieved its all-time high revenue of ₹ 3,189.73 crores in FY 2021-22. EBITDA was at ₹ 779.97 crores which is very satisfactory.

Please update on the key operational highlights of AIS in FY 2021-22

We follow the TQM management system with the PDCA CYCLE as our management mantra. Unless there aren't clear objectives, there is a risk of actual, genuine performance being masked by external cyclical. FY 2021-22 definitely had tailwinds in the architectural glass business. Demand and prices were up more than inflation leading to margin expansion. After providing for such external influences, our operations were well conducted, smooth and always engaged in Continuous Improvement.

In response to an increase in demand in both auto and arch glass segments last year, AIS plants were able to successfully ramp up their throughput quickly without any risk to human safety. We strived for better quality, productivity & cost control at all AIS locations to meet our 'Zero Defect-Zero Accident' commitment and to get closer to our dream to achieve "Quality of Japan, at cost of India". However, there were many supply chain delays and disruptions that forced us to make some adjustments to our plans.

We continued with our win ratio of about ~95% for all the new automotive glass projects planned by our esteemed OEMs in India.

We also commissioned an online CVD coater in our Taloja float plant to enhance our offerings of coated glass. The initial market response to our new range of CVD coatings from Taloja has been extremely encouraging.

In a significant development, our first batch of advanced toolings has been supplied to AGC's plants in USA and Japan. AIS has had in-house product development, design, and tooling manufacturing capability for many years, but I am proud that our in-house engineers have been successful in developing these advanced high-quality toolings very competitively. We are expecting to expand this niche as an export opportunity for AIS.

During the year, we commenced successful commercial supplies to new models like MSIL's Baleno, Celerio, TKML's new Camry, Kia Carens, Mahindra XUV700 & Bolero Neo, Skoda Octavia & Kushaq, VW's Taigun, and MG's Astor.

AIS earned a few meaningful awards in the last year - we are particularly proud to get the "Overall Excellence Award" from MSIL, 4 awards from TKML including one for "Zero Defect" and global awards nomination from DICV from among its best global suppliers. AIS team is continuing to work hard to meet the expectations of our stakeholders.

During all the above operational activities, we have ensured that safety, EHS / ESG and COVID protocols continued to remain the bedrock of all SOPs.

What are the expansion plans of AIS?

AIS has always endeavoured to anticipate customers' needs and expand ahead of time. In line with that thinking, we are currently working on the expansion of phase 2 of our Patan plant. As this is a modular expansion, it's capital and operating cost and therefore it's overall competitiveness will be better than where we stand at Phase 1.

We have already announced our 3rd float line and work has commenced on the same. This new float line will be state-of-the-art advanced technology from AGC Europe and will primarily allow AIS to localize raw glass to be used in automotive applications. Being a green field project, AIS has the opportunity to install the latest in furnace technology, fuel consumption, annealing Lehr, cold end, and cutting with end-to-end automation through the line.

Besides the above, we continue to make incremental investments in our Design and Development for various new technologies and products, tooling, fabrication, localization capabilities, and low-cost automation.

Work on our solar glass plant, in partnership with Vishakha Group, is going on in full swing and the project is expected to be commissioned by Q1 next year. Solar energy is the way of the future and I am sure the rapidly growing solar energy sector shall provide a huge opportunity for AIS in near future.

How is the debt situation of AIS?

We achieved a net debt reduction of ₹ 325.72 crores during FY 2021-22 and our overall current net debt of ₹ 1,203.10 crores comprises of a healthy mix of long and short-term debt. Debt to EBITDA is 1.54x is extremely healthy and comfortable. Our credit rating has improved from A to A+ in the last FY and we are hopeful our improved financials and ratios will largely mitigate the interest rate increases in the larger financial system.

We have adequate liquidity for all our expansion plans to target the expansion opportunities we wish to pursue and ensure the correct capital allocation among the various competing opportunities available today. We will also be extremely judicious in balancing debt and equity to manage the tension between growth, liquidity and financial prudence.

How do you see the future growth outlook for AIS?

The climate crisis, which has been brewing for many years, and the energy shock from recent mishaps, has unequivocally established the need to reduce carbon emissions in all economic activities with auto and buildings being some of the largest contributors. Technologically advanced glass will play a critical role in bringing about this necessary reduction. Although glass is energy intensive

in its making, the savings it provides in its usage is up to ten times the amount it consumes. However, this opportunity is only available to those companies that have the technology, product development, design and development capability to meet fast changing customer needs.

Therefore, I am very excited for the next wave of growth for AIS in the next 5-10 years. We have our investments planned for 2 new float lines, an off-line coater, expansions in auto plants in Chennai and Patan, expansion and capability enhancement of our architectural glass processing capability to process complex coatings, product and location expansion in the windows business. We shall finalize the timing of these investments as per market requirements.

AIS is well on its path towards growth in consumer businesses, where in the near future, glass can be made to order, in small/convenient lots, with seamless real-time digital connectivity between manufacturing and consumer, and just-in-time delivery which AIS has already excelled in the automotive business. AIS already has the manufacturing footprint and technology, which is now being seamlessly connected with digital technology to give a satisfactory experience to our customers.

However, rampant commodity inflation especially in commodities, is a grave threat to profitability. Besides this negative externality, we have to further strive to control costs of key inputs like energy, soda ash, freight, sand, and other raw materials. The balance between positive and negative external forces is finely balanced. We need to be prudent and bold to be able to harness the full potential of "Make in India".

Management Discussion & Analysis

The world witnessed major increase in economic activities enable The world continued to witness enhanced economic activity due to rapid vaccination and stimulus packages by central banks and governments along with the urge of mankind to fight back vehemently to normal life. These initiatives helped the global economy recover at a quicker than expected pace. Overall, the global economy grew by 6.1% in FY 2021-22, against 7.3% decline in FY 2020-21. Advanced economies grew by 5.2% and the Emerging Market and Developing Economies (EMDE) grew by 6.8%.

As the world prepared to recover from such tumultuous times, Russia invaded Ukraine which has not only precipitated a humanitarian catastrophe—with thousands of civilians killed and millions more displaced— but also resulted in a deep regional slowdown and substantial negative global spillovers. These spillovers are magnifying pre-existing strains from the pandemic, such as bottlenecks in global supply chains and significant increases in the price of many commodities.

Recent lockdowns across key manufacturing and trade hubs in China have in global supply disruptions which have .only added to the problem, resulting in massive supply chain disruptions leading to rapid rise of inflation. For FY 2022-23, inflation is projected at 5.7% in advanced economies and 8.7% percent in emerging market and developing economies. If signs emerge that inflation will be high over the medium term, central banks are anticipated to react faster than current expectations— raising interest rates and exposing debt vulnerabilities, particularly in the emerging markets.

Going forward, geopolitical tensions on account of Ukraine-Russia war and economic sanctions imposed on Russia by Western Countries are expected to dampen global growth outlook. This scenario has further complicated supply chains leading to higher lead times and elevated inflation.

Macro-Economic Review

Global

After suffering of more than one year on account of the COVID pandemic, FY 2021-22 began with a strong sense of optimism, driven by vaccine rollout across the globe and a pent- up demand driving economic recovery. However, the pace of economic recovery slowed in many countries due to successive waves of the pandemic, brought along by newer variants resulting in subsequent supply chain disruptions across the globe. It also caused a surge in prices of crude oil and other commodities across the world. Global economy made a sharp, V-shaped recovery following the Delta wave with resumption of economic activities and accelerated consumer demand, supported by favourable fiscal and monetary policies globally. The sudden spurt in demand led to further rise in commodity and crude oil prices, leading to broader inflation across economies globally. Consequently, various central banks began tightening monetary policies to reign rising inflation.

India

India has emerged as one of the fastest growing major economies in the world. As the country emerges from the shadows of the COVID-19 pandemic, the Indian economy is again gaining momentum, driven by focused policy measures, financial interventions, and improving industrial output. India's GDP grew by 8.7% in FY 2021-22 against the negative growth rate the previous year.

Moreover, the Union Budget FY 2022-23 gives a focused direction towards infrastructure investments, with 35.4% higher capex over the current year's budget. Manufacturing and infrastructure are said to be the growth drivers, bolstered by key government initiatives towards improving productivity.

Vaccination has played an important role in minimising loss of lives, boosting confidence in the economy towards the resumption of activity, and containing the sequential decline in output due to the second wave. More than 193 crore dosages of COVID vaccines were administered across the country by May 2022.

India's Consumer Price Index inflation stood at 6.95% YoY in March 2022 breaching the targeted tolerance band of the Reserve Bank of India.

Inflation was largely driven by supply-side disruptions, and global commodity price increases driving input costs for businesses India. The RBI believes that inflation beyond 6% will not sustain for long and is transitory, considering India's stronger economic fundamentals.

Signs of continued economic revival are evidenced in the healthy growth of indicators, including total GST collections, digital transactions, metals and coal production, electricity demand, rail and air passenger and freight traffic, and FASTag collections. Automobile registrations across most categories also recorded an upward trend. The agriculture sector is constantly driving performance with increased crop diversification.

Indian economic growth (%)

Going forward, on the policy front, the Monetary Policy Committee (MPC) is expected to continue with the withdrawal of accommodation stance to sustain growth and keep inflation within target. However, with recent global challenges such as the geopolitical unrest in Ukraine, it will be imperative to be watchful of any significant developments impacting the economy.

Industry and Business Overview

AUTOMOTIVE GLASS

Industry Structure and Development

India, which is the fourth largest automotive market in the world, has witnessed steady growth across segments in FY 2021-22 on strong underlying demand reflecting the general economic recovery and consumers' preference for personal vehicles over public transportation. During the FY 2021-22, domestic production of Passenger Vehicles grew by 19.22%, whereas that of Commercial Vehicles grew by 28.90%. Both Medium & Heavy Commercial Vehicles and Light Commercial Vehicles segments increased by 50.17% and 20.21%, respectively.

Last fiscal, automobile makers witnessed significant challenge on account of semiconductor shortage impacting their production. The shortage has forced several original equipment manufacturers (OEMs) to slow down production, with some even halting production thus, further extending the waiting period of popular,

feature-rich, and high-end passenger vehicle models – with “waiting periods” as high as 12 months for some models.

In February 2022, 20 carmakers were chosen to receive production-linked incentives (PLI) as part of the government’s plan to increase local vehicle manufacturing and attract new investment. The 20 automobile companies have proposed a total investment of around ₹ 45,000 crores (US\$ 5.95 billion).

Moreover, with growing focus toward carbon neutrality, automobile manufacturers are taking several steps like increasing use of renewable energy and pushing suppliers to cut their emissions in a bid to reduce carbon footprint.

Automotive glass is used to protect vehicles from ultraviolet (UV) rays, wind, dust and rain. It finds application in the manufacturing of windshields and windows. As it can endure extreme heat without shattering, it is installed in most automobiles across categories to enhance the safety of passengers. Technological advancements in the automotive sector, along with continuous upgradation in vehicle design, has compelled market players to introduce advanced glass products for automotive manufacturers.

Growing emphasis on fuel efficiency and reduction in harmful emissions from vehicles has led to increased production of lightweight and electric vehicles. This is anticipated to boost the demand for glass in the automotive industry in the forthcoming years. The automotive industry has been witnessing significant technological innovations over the past many years.

Performance

With 74% share in the car segment in India, AIS Auto Glass is the preferred choice of manufacturers of passenger vehicle segment.

Revenue from the SBU grew by 19.93% to ₹ 1,613.76 crores in FY 2021-22 from ₹ 1,345.60 crores in FY 2020-21. Its operating profit stood at ₹ 168.94 crores in FY 2021-22, compared to ₹ 170.46 crores in FY 2020-21, a decline of 0.89%.

Way forward

After couple of years of the pandemic, and still in the midst of the impact of COVID 19, the Indian auto industry has proved itself to be exceptionally resilient again.

With demand picking up across vehicle segments amid challenges of commodity price increases, many automobile manufacturers are upbeat to embrace new technologies, especially in the electric mobility space which is expected to witness a slew of launches in both four- and two-wheeler categories in the coming year.

Confederation of Indian Industry	Awarded the Kaizen Conclave 2022 during CII 34th National Quality Circle Competition in March 2022

The mobility landscape will fundamentally transform over the next 10 to 15 years, with ACES trends—Autonomous driving, Connected cars, Electric vehicles, and shared mobility—amplifying their impact. The evolving landscape presents a perfect opportunity for Indian automakers to lead the disruptive changes occurring across segments and gain a competitive advantage.

Today, only about 2% of new vehicles sold globally are electrified. The opportunity ahead is much larger. Indian players can become homes for innovation, both domestically and in similar markets abroad, supplying complete products, aggregates, or components worldwide.

India is witnessing a surge in online sales and the D2C business model is likely to see greater penetration. This will result in more and more automobile dealerships switching to digital medium and online sales. Overall, there will be a higher penetration of the hybrid business model in automobile sales.

The Indian automotive industry drove into 2022 with a positive mindset in its quest to reach the pre-pandemic levels of sales volume and is expected to maintain the momentum going forward aligned to emerging trends.

ARCHITECTURAL GLASS

Industry Structure and Development

The real estate sector has witnessed a massive growth in FY 2021-22, with a significant increase in residential and commercial real estate investments.

The real estate sector has leapfrogged in numerous ways. Due to the various measures taken by the government over the years, such as setting up of significant reforms including Special Window for Affordable & Mid-Income Housing (SWAMIH) fund, the Real Estate (Regulation and Development) Act (RERA) and the goods and services tax (GST), liquidity in the banking system and buyers' confidence in the housing sector has been restored.

In residential housing, the segment is witnessing a shift in buyers' preferences, such as the need for more space and greater focus on quality and branded building materials. RERA measures have essentially brought transparency and accountability in the sector. This had earlier been afflicted by poor accountability and transparency issues pan-India. India has become a preferred real estate destination for investing in, particularly for non-resident Indians (NRIs).

The commercial real estate sector is on the path of gradual recovery in the post-Covid times. The change in dynamics of the commercial real estate sector is bringing the new face of the commercial sector with the latest trends. The beginning of the year 2022 has opened new spheres of the commercial sector with a positive outlook. Rising demand for suitable workspaces, commercial properties and innovative concepts of the commercial sector will help in witnessing strong growth.

A report released by Indian Real Estate Industry suggests the real estate sector will contribute a significant 13% to India's GDP by 2025. The market size is expected to grow by ₹ 65,000 crores by 2040.

Performance

Architectural Glass division reported robust performance during the year under review. Share of value-added products in overall segment sale saw healthy growth. The SBU's domestic market share stood at 17%.

Revenue from the SBU grew by 39.52% to ₹ 1,503.40 crores in FY 2021-22 from ₹ 1,077.54 crores in FY 2020-21. Its operating profit stood at ₹ 465.59 crores in FY 2021-22, compared to ₹ 191.26 crores in FY 2020-21, a rise of 143.43%.

Way forward

The glass industry has shown great resilience and has come back to the growth path by recovering rapidly from the setback created by Pandemic. Growth in the residential, commercial and Govt sector, correction in price after a long time, positive Government initiatives, net-zero campaign, industrial consolidation and technological revolution in the industry is taking it to new heights. However, an increase in the input cost may put pressure on the overall margin and in case it doesn't convert in recover the cost in the form of price correction.

Growth drivers of Glass Industry in India

- India is just 1.9 Kg as compared to the global average of 7 Kg per person per year. It indicates that the industry is ripe for growth and it will fuel the growth in Tier II & Tier III cities in the next ten years
- The Green building movement in India started in 2001 and since then it has picked up pace significantly. The government has also promoted the movement by announcing that India is planning to achieve Net zero status by 2050.
- Rapid urbanization driving increased demand for urban office space, malls and residential properties.
- Demand for value-added products is a clear indicator that there is a significant increase in awareness amongst the consumers and key stakeholders.
- Rapid adoption of glass (especially laminated glass, tempered glass and value-added glass) owing to its key properties like durability, easy installation, high resistance and low maintenance, as compared with traditional alternatives
- Increased investment in building construction, automotive and railway sectors announced in Budget FY 2022-23.
- Increasing prevalence of glass windows, especially in commercial and premium residential spaces.
- Growing popularity of high performance glasses in buildings, led by hot climatic conditions.
- Government's push for solar energy, coupled with growing environmental concerns leading to growing demand for solar glasses
- Greater integration of technological advancements with glass, improving its performance
- Growing automation in glass manufacturing technologies

Financial Performance

- AIS's consolidated revenue increased by 29.80% to ₹ 3,189.73 crores in FY 2021-22, as compared to ₹ 2,457.48 crores achieved in FY 2020-21.

Independent Auditor's Certificate Regarding compliance of conditions of Corporate Governance

To the Members of

Asahi India Glass Limited,

We have examined the compliance of conditions of Corporate Governance by Asahi India Glass Limited for the year ended on 31st March, 2022 as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V to the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations").

Management's Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in the Listing Regulations.

Auditor's Responsibility

Our responsibility is limited to examining the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification

of Corporate Governance issued by the Institute of Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143 (10) of the Companies Act, 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, quality control for firms that perform audits and reviews of Historical Financial Information and Other Assurance and Related Services Engagements.

Opinion

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations, as applicable for the year ended March 31st, 2022, as referred to in paragraph 1 above.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditors' Report

To the Members of
Asahi India Glass Limited

Report on the audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the Standalone Ind AS Financial Statements of Asahi India Glass Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the State of Affairs of the Company as at 31st March, 2022 and its Profit, changes in Equity and its Cash Flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by The Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Ind AS Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Standalone Ind AS Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including Other Comprehensive Income, changes in Equity and Cash Flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the Standalone Ind AS Financial Statements, including the disclosures and whether the Standalone Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-A", a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

Annexure B to the Independent Auditors' Report of even date on the Standalone Ind AS Financial Statements of Asahi India Glass Limited

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Asahi India Glass Limited ("the Company") as of 31st March, 2022 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the standards on auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit

of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with Generally Accepted Accounting Principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that

the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established

by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Standalone Ind AS Financial Statements

1A. Corporate Information

Asahi India Glass Limited (“the Company”) is a public limited Company incorporated in India with its Registered Office at Delhi and is listed on the Bombay Stock Exchange Limited (BSE) and the National Stock Exchange of India Limited (NSE). The Company is engaged inter-alia, in the business of manufacturing of Auto Glass, Float Glass and other value added Glasses.

1B. Significant Accounting Policies

The significant accounting policies applied by the Company in the preparation of its Financial Statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these Financial Statements.

a) Statement of Compliance

The Financial Statements have been prepared as a going concern in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (“the Act”) including the rules notified under the relevant provisions of the Companies Act, 2013 in the format prescribed by Schedule III (as amended) vide MCA Notification GSR 207(E) dated 24.03.2021.

b) Basis for Preparation & Presentation

The Financial Statements have been prepared under the historical cost convention on accrual basis with the exception of certain assets and liabilities carried at fair values. The Assets and Liabilities have been classified as Current/Non-Current as per the Company’s normal operating cycle and other criteria set out in the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of Current/Non-Current classification of Assets and Liabilities. The statement of Cash Flows has been prepared under indirect method.

c) Property, Plant and Equipment-Tangible Assets

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net changes on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation Method and Estimated Useful Life

Depreciation is provided on the straight line method over the estimated useful life of the assets as prescribed under the Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II (based on technical evaluation):

- | | |
|--|----------|
| i) Carpeted roads-other than RCC - Auto SBU | 15 years |
| ii) Carpeted roads-other than RCC - Float SBU | 25 years |
| iii) Fences (Boundary Walls) - Float SBU | 25 years |
| iv) Plant and Equipment | |
| a) Tooling, Utility, Forklifts, Testing Equipments | 20 years |
| b) Continuous Process Plant and Electrical Installations forming part thereto | 18 years |
| c) Float Glass Melting Furnace | 15 years |
| d) Other parts of Plant and Equipment (where cost of a part asset is significant to total cost of the asset) | 25 years |
| v) Electrical Installations- Auto SBU | 25 years |
| vi) Assets not represented by physical assets owned by the Company are amortized over a period of 5 years | |
| vii) Gains and losses on disposals are determined by comparing proceeds with carrying amount and such gains or losses are recognized as income or expense in the Statement of Profit and Loss. | |
| viii) Cost of items of Property, Plant and Equipment not ready for intended use as on the Balance Sheet date is disclosed as capital work-in-progress. Advances given towards acquisition of Property, Plant and Equipment outstanding at each Balance Sheet date are disclosed as Capital Advance under Other Non-Current Assets. | |

d) Intangible Assets and Amortization

Intangible assets are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated amortization and impairment loss, if any. The cost comprises of purchase price, borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are recognized as income or expense in the Statement of Profit and Loss.

Cost of items of intangible assets not ready for intended use as on the Balance Sheet date is disclosed as intangible assets under development.

Amortization Method and Estimated Useful Life

Amortization is charged on a straight line basis over the estimated useful life. The estimated useful life and amortization method is reviewed at the end of each annual reporting period with the effect of any changes in the estimate being accounted for on a prospective basis.

e) Impairment

Tangible and Intangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Non financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

f) Leases

Company as a lessee:

In accordance with Ind AS 116, for all leases with a term of more than twelve months, the Company recognizes a "Right of Use" assets at cost representing its right to use the underlying leased asset and a lease liability representing its obligation to make future lease payments. The right of use assets are depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right to use asset. The lease payment is discounted using the lessee's incremental borrowing rate as there is no interest rate implicit in the lease.

The lease payments associated with short term leases of twelve months or less are recognized as an expense on straight line basis over the lease term.

Company as a lessor:

The Company classifies the leases as either a finance lease or an operating lease depending on whether the risks and rewards incidental to ownership of an underlying asset are transferred and recognizes finance income over the lease term.

g) Financial Instruments

Financial Assets and Financial Liabilities are recognized when the Company becomes a party to the contractual provisions of the relevant instrument. Since the transaction price does not differ significantly from the fair value of the financial asset

or financial liability, the transaction price is assumed to be the fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities. Purchase and sale of financial assets are recognized using trade date accounting.

i) Financial Assets

Financial assets include Trade Receivables, Advances, Security Deposits, Cash and Cash Equivalents etc. which are classified for measurement at amortized cost. The Company accounts its investments in subsidiaries and associates at cost. However, all other equity investments are measured at fair value, with value changes recognized through "Other Comprehensive Income."

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Impairment:

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) are tested for impairment based on available evidence or information. Expected credit losses are assessed and loss allowances recognized if the credit quality of the financial asset has deteriorated significantly since initial recognition.

De-Recognition:

Financial assets are derecognized when the right to receive cash flow from the assets has expired, or has been transferred and the Company has transferred substantially all of the risks and rewards of ownership.

Income Recognition:

Interest income is recognized in the Statement of Profit and Loss using the effective interest method. Dividend income is recognized in the Statement of Profit and Loss when the right to receive the same is established.

ii) Financial Liabilities:

Borrowings, Trade Payables and other Financial Liabilities are initially recognized at the value of the respective contractual obligations. They are subsequently measured at amortized cost using the effective interest method.

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to short maturity of these instruments.

De-Recognition:

Financial Liabilities are derecognized when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

h) Inventories

Inventories are valued at lower of cost and net realizable value except waste which is valued at estimated realizable value as certified by the management. The basis of determining cost for various categories of inventories are as follows:

Stores, Spare Parts, Packing Materials and Raw Materials	Weighted moving average method except stores segregated for specific purposes and materials in transit valued at their specific cost.
Work-in-Progress and Finished Goods	Material cost plus appropriate share of production overheads.
Stock-in-Trade	First in First Out method based on actual cost.

i) Revenue

Revenue is recognized when the performance obligation is satisfied by transferring promised goods or services (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and excluding taxes and duties collected on behalf of the Government. Interest income is accrued on time proportion basis, by reference to the principal outstanding and the effective interest rate applicable. Rental income from investment properties is recognized on a straight line basis over the term of the relevant leases. Income from services is accounted over the period of rendering of services.

j) Foreign Currency Transactions

i) Items included in the Financial Statements are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The Standalone Ind AS Financial Statements are presented in Indian Rupee (INR) which is Company's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of Profit and Loss except on transactions entered into to hedge certain foreign currency risks.

Exchange gains or losses on foreign currency borrowings taken prior to 1st April, 2017 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such assets.

ii) Derivative Financial Instruments

In the ordinary course of business, the Company uses certain financial instruments to reduce business risks which arise from its exposure to foreign exchange rate risks, commodity price risks and interest rate fluctuations. The instruments are confined mainly to forward contracts, certain other derivative financial instruments and interest rate swaps.

Derivatives are initially accounted for and measured at fair value from the date derivative contract is entered into and subsequently remeasured to their fair value at the end of each reporting period.

k) Cash and Cash Equivalents

For the purpose of presentation in the Statement of Cash Flows, Cash and Cash Equivalents includes cash in hand, cheques/drafts in hand, demand deposits with banks, short term balances, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Book overdrafts are shown within Other Financial Liabilities in the Balance Sheet and form part of Cash and Cash Equivalents in the Cash Flow Statement.

l) Income Tax

Income tax expense represents the sum of the current tax and deferred tax.

Current tax charge is based on taxable profit for the year. Taxable profit differs from profit as reported in the Statement of Profit and Loss because some items of income or expense are taxable or deductible in different years or may never be taxable or deductible. The Company's liability for current tax is calculated using Indian tax rates and laws that have been enacted by the reporting date.

Current tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority.

The Company periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is the tax arising from temporary differences between the carrying amounts of assets and liabilities in the Balance Sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized. Deferred tax is calculated at the tax rates that are expected to apply in

the period when the liability is settled or the asset realized, based on tax rates that have been enacted or substantively enacted by the reporting date.

Deferred income tax assets and liabilities are off set against each other and the resultant net amount is presented in the Balance Sheet if and only when the Company currently has a legally enforceable right to set off the current income tax assets and liabilities.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, to the extent it would be available for set off against future current income tax liability. Accordingly, MAT is recognized as deferred tax asset in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in equity. In this case the tax is also recognized in Other Comprehensive Income or directly in equity respectively.

m) Employee Benefits

i) Short Term Employee Benefits

Short term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) Post Employment Benefits

Defined Contribution Plans

The Company's defined contribution plans are Superannuation and Employees Provident Fund, Employee State Insurance/ Labour Fund and Employees Pension Scheme (under the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952) since the Company has no further obligation beyond making the contributions. The Company's contributions to these plans are charged to the Statement of Profit and Loss as incurred.

Defined Benefits Plans

Liability for defined benefit plans is provided on the basis of valuations as at the Balance Sheet date, carried out by an independent actuary.

Gratuity

The gratuity fund benefits are administered by a Trust recognized by Income Tax Authorities through Group Gratuity Schemes. The liability for gratuity at the end of the each financial year is determined on the basis of actuarial valuation carried out by the independent

Actuary. The method used for measuring the liability for gratuity is Projected Unit Credit Method. Actuarial gains and losses are recognized in the Statement of Other Comprehensive Income in the period of occurrence of such gains and losses. The obligations for gratuity are measured at the present value of estimated future cash flows discounted at rates reflecting the prevailing market yields of Indian Government securities as at the Balance Sheet date for the estimated term of the obligations. The estimate of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors. The expected rate of return of plan assets is the Company's expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations. Plan assets are measured at fair value as at the Balance Sheet date.

iii) Other Long Term Benefit Plans

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit Method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Other Comprehensive Income.

iv) The expenditure on voluntary retirement scheme is charged to the Statement of Profit and Loss in the year in which it is incurred.

n) Investments in Subsidiaries

Investments in subsidiaries are long term and are carried at cost less impairment loss, if not temporary.

o) Earnings Per Share

Basic Earnings Per Share is calculated by dividing the profit for the period attributable to the owners of Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding without a corresponding change in resources. For the purposes of calculating diluted earnings per share the profit for the period attributable to the owners of the Company and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

p) Non-Current Assets held for Sale

Non-Current Assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

q) Exceptional Items

When items of income or expense are of such nature, size and incidence that their disclosure is necessary to explain the performance of the Company for the year, the Company makes a disclosure of the nature and amount of such items separately under the head "Exceptional Items."

r) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The Managing Director and Chief Executive Officer of the Company has been identified as CODM and responsible for allocating the resources, assess the financial performance of segments and position of the Company and makes strategic decisions.

The Company has identified two reportable segments "Automotive Glass" and "Float Glass" based on the information reviewed by the CODM. Refer note.39 for "Segment Information" presented.

s) Provisions and Contingent Liabilities

A provision is recognized if as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. If the effect of time value of money is material, provisions are discounted using a current pre tax rate that reflects, when appropriate the risks specific to the liability.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the Standalone Ind AS Financial Statements. However, when the realization of income is virtually certain then the related asset is not a contingent asset and its recognition is appropriate.

t) Research and Development

Revenue expenditure on research and development is charged to the Statement of Profit and Loss of the year in which it is incurred.

Capital expenditure incurred during the period on research and development is accounted for as an addition to Property, Plant and Equipment.

u) Rounding of Amounts

All amounts disclosed in the Standalone Ind AS Financial Statements and accompanying notes have been rounded off to the nearest lakhs as per the requirement of Schedule III of the Companies Act, 2013 unless otherwise stated.

v) Dividends

Dividend proposed (including income tax thereon) is recognized in the period in which interim dividends are approved by the Board of Directors or in respect of final dividend when approved by shareholders.

w) Borrowing Cost

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

x) Use of Estimates and Critical Accounting Judgements

The preparation of Financial Statements is in conformity with Generally Accepted Accounting Principles which requires management to make estimates and assumptions.

The estimates and the associated assumptions are based on historical experience, opinions of experts and other factors that are considered to be relevant. Actual results may differ from these estimates.

Significant judgements and estimates are made in areas relating to useful life of Property, Plant and Equipment, impairment of Property, Plant and Equipment, Investments, actuarial assumptions relating to recognition and measurement of employee defined benefit obligations and recognition of provisions and exposure of contingent liabilities relating to pending litigations or other outstanding claims etc.

y) Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs notifies new Standards or amendments to the existing Standards. On 23rd March, 2022, MCA issued the Companies (Indian Accounting Standards) Rules, 2022, applicable from 1st April, 2022 and has made amendments to Ind AS 16, Ind AS 37, Ind AS 103, Ind AS 106 and Ind AS 109. The Company does not expect the amendments to have any significant impact in its Financial Statements.

- The Company's Operating Segments are established on the basis of the information that is evaluated by the "Chief Operating Decision Maker" as defined in Ind AS 108 - Operating Segments in deciding how to allocate resources and in assessing performance. The segments have been identified taking into account nature of products and services, production processes, risks and returns and the internal business reporting systems.
- For management purposes, the Company is organised into two major operating divisions - Automotive Glass and Float Glass. These divisions are the basis on which the Company reports its primary segment information.

- iii) All segment assets and liabilities are directly attributable to the segment. Segment assets include all operating assets used by the segment and consist primarily of fixed assets, inventories, trade receivables, advances and operating cash and bank balances. Segment liabilities include all operating liabilities and consist primarily of creditors and accrued liabilities. Investments, tax related assets, loans and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as unallocable.
- iv) Segment revenues and segment results include transfers between business segments. Pricing is decided by marketing and logistics department. These transfers are eliminated on consolidation.
- v) Joint expenses are allocated to business segments on a reasonable basis. All other revenues and expenses are directly attributable to the segments. They do not include interest income on inter corporate deposit and interest expense.
- vi) There are no non-current assets located outside India.
- vii) Revenue derived from a single external customer amounting to more than 10% of the entity's revenue attributable to Automotive glass segment ₹35605 Lakhs (Previous Year ₹34645 Lakhs)

40. Financial Risk Management

The Company's activities expose it to foreign currency risk, liquidity risk, interest rate risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts and foreign currency/commodity swaps are entered into by the Company to hedge certain foreign currency and commodity exposure. Derivatives are used exclusively for hedging and not as trading or speculative instruments.

The Company is exposed to the following risks from its use of financial instruments:

- Credit Risk
- Liquidity Risk
- Foreign Currency Risk
- Interest Rate Risk

a) Credit Risk

Credit risk arises from the possibility that the counter parties may not be able to settle their obligations. To manage trade receivables, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and ageing of such receivables.

i) Exposure to Credit Risk

The carrying amount of financial assets represent the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

Particulars	(₹ Lakhs)	
	As At 31 st March, 2022	As At 31 st March, 2021

Current Tax Assets (Net)	363	67
Other Current Assets	15340	15469
Total	77595	70161

ii) Ageing Analysis of Trade Receivables

The ageing analysis of the trade receivables is as below:

(₹ Lakhs)

Particulars	Ageing			Total
	Not due	Less than Six Months	More than Six Months	
Gross Carrying Amount As At 31 st March, 2022	13899	9895	14182	37976
Gross Carrying Amount As At 31 st March, 2021	14559	9687	13943	38189

iii) Reconciliation of Impairment Loss Provisions

The movement in the allowance for impairment in respect of financial assets during the year was as follows:

Particulars	Trade Receivables	Loans	Advances	Others	Total
Balance as at 1st April, 2021	763	-	-	-	763
	(324)	-	-	-	(324)

	(4)	-	-	-	(4)
Balance As At 31st March, 2022	-	-	-	-	-
	(763)	-	-	-	(763)

Based on historic default rates, the Company believes that, apart from the above, no impairment allowance is necessary in respect of any other assets as the amounts are insignificant. The figures in bracket are in respect of previous year.

b) Liquidity Risk

Liquidity risk refers to the risk to meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and to ensure funds are available for use as per the requirements.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

i) Financing Arrangements

The Company has access to the following undrawn borrowing facilities at the end of the reporting period:

Other Financial Liabilities	5289	2045	7334
Short Term Borrowings	22563	-	22563

c) Foreign Currency Risk

The Company has exposure to foreign currency risk on account of its payables and receivables in foreign currency which are mitigated through regular reviews by the management. The Company enters into derivative financial instruments to mitigate the foreign currency risk and interest rate risk including,

- i) forward foreign exchange contracts for foreign currency risk mitigation
- ii) foreign currency interest rate swaps to mitigate foreign currency and interest rate risk on foreign currency loan.

The currency profile of financial assets and financial liabilities as at 31st March, 2022 and 31st March, 2021 are as below

Sensitivity Analysis

The Company is mainly exposed to USD, EURO and JPY.

The following table provides details of the Company's sensitivity to a 2% increase and decrease in the INR against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the Year end for a 2% change in foreign currency rates. The sensitivity analysis includes external loans. A positive number below indicates an increase in profit or equity and vice-versa.

2% Movement	Profit and Loss (Before Tax)		Profit and Loss (Before Tax)	
	Strengthening	(Weakening)	Strengthening	(Weakening)
	Year Ended 31 st March, 2022		Year Ended 31 st March, 2021

INR/JPY	8	(8)	26	(26)
Total	965	(965)	1179	(1179)

d) Interest Rate Risk

The Company is exposed to interest rate risk arising mainly from long term borrowings with floating interest rates. The Company is exposed to interest rate risk because the cash flows associated with floating rate borrowings will fluctuate with changes in interest rates. The Company manages the interest rate risks by entering into different kinds of loan arrangements with varied terms (eg. fixed, floating, rupee, foreign currency, etc.).

Fair Value Sensitivity Analysis for Fixed-Rate Instruments

The Company's fixed rate instruments are carried at amortized cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Cash Flow Sensitivity Analysis for Variable-Rate Instruments

A change of 50 basis points in interest rates at the reporting date would have increased/(decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for the previous year.

b) Fair Value Hierarchy

This Section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the Financial Statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial Assets and Liabilities Measured at Fair Value- Recurring Fair Value Measurement	Level 1	Level 2	Level 3	Total
As At 31st March, 2022				
Financial Assets:				
Investments in Quoted Equity Instruments	820	-	-	820
Investments in Quoted Mutual Funds	-	-	-	-
Investments in Unquoted Equity Instruments	-	705	-	705
Total	820	705	-	1525
As At 31st March, 2021				
Financial Assets:				
Investments in Quoted Equity Instruments	560	-	-	560
Investments in Quoted Mutual Funds	50	-	-	50
Investments in Unquoted Equity Instruments	-	423	-	423
Total	610	423	-	1033

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Hierarchy includes financial instruments measured using quoted prices. This includes investments in quoted equity instruments. Quoted equity instruments are valued using quoted prices on recognized stock exchange.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments. This level includes derivative MTM assets/liabilities. Fair value of derivative assets/liabilities such as interest rate swaps and foreign exchange forward contracts are valued using valuation techniques, which employs the use of market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models and present value calculations.

There have been no transfers in either direction for the years ended 31st March, 2022 and 31st March, 2021.

The fair value of the financial assets are determined at the amount that would be received to sell an asset in an orderly transaction between market participants.

43. Capital Management

The Company's objectives when managing capital are to:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for Shareholders and benefits for other Stakeholders and
- maintain an appropriate capital structure of debt and equity.

The Board of Directors has the primary responsibility to maintain a strong capital base and reduce the cost of capital through prudent management in deployment of funds and sourcing by leveraging opportunities in domestic and international financial markets so as to maintain investors, creditors and markets confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Company defines as result from operating activities divided by total Shareholders' equity. The Board of Directors also monitors the level of dividends to Equity Shareholders.

Under the terms of major borrowing facilities, the Company is required to comply with the financial covenants as may be prescribed by the lenders. There have been no breaches in the financial covenants of any interest bearing borrowings.

The Company monitors capital, using a medium term view of three to five years, on the basis of a number of financial ratios generally used by industry and by the rating agencies. The Company is not subject to externally imposed capital requirements.

The Company monitors capital using gearing ratio which is net debt divided by total equity. Net debt comprises of long term and short term borrowings less cash and cash equivalent. Equity includes equity share capital and reserves that are managed as capital. The gearing ratio at the end of the reporting period was as follows:

Independent Auditors' Report

**To the Members of
Asahi India Glass Limited**

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying Consolidated Ind AS Financial Statements of Asahi India Glass Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associates which comprise the Consolidated Balance Sheet as at 31st March, 2022, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Cash Flows Statement for the year then ended, and notes to the Consolidated Ind AS Financial Statements, including a summary of significant accounting policies (hereinafter referred to as "the Consolidated Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the Consolidated State of Affairs of the Group as at 31st March, 2022, of Consolidated Profit, Consolidated changes in Equity and its Consolidated Cash Flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by The Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters/Other Matters

We draw attention to Emphasis of Matters/Other Matters paragraph in Auditors' Reports of three subsidiary companies regarding accumulated losses and resultant effect on their net worth and current liabilities exceeding current assets. However, the same does not have any adverse impact on going concern status of the Group as a whole.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Consolidated Ind AS Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Ind AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no other key audit matters to communicate in our report.

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Ind AS Financial Statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the Consolidated financial position, Consolidated financial performance including Other Comprehensive Income, Consolidated changes in Equity and Consolidated Cash Flows of the Group including its Associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind AS Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Ind AS Financial Statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management

either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are responsible for overseeing the financial reporting process of the Group and of its associates.

Auditors' Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the

date of our auditors' report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the Consolidated Ind AS Financial Statements, including the disclosures and whether the Consolidated Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the Consolidated Ind AS Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities included in the Consolidated Ind AS Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Ind AS Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Ind AS Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the Financial Statements of three subsidiaries and of four associates. These Financial Statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Ind AS Financial

Statements in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associates, is based solely on the reports of the other auditors.

Our opinion on the Consolidated Ind AS Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the Financial Statements certified by the Management.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-A", a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
- 2) As required by Section 143 (3) of the Act, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Ind AS Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Ind AS Financial Statements.

 - e) On the basis of the written representations received from the directors of the Holding Company, as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditors of its subsidiary companies and associate companies incorporated in India, none of the directors of the Group companies and its associate companies incorporated in India is disqualified as on 31st March, 2022, from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B".
- g) In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company and its subsidiary companies to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.
- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors') Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Consolidated Ind AS Financial Statements disclose the impact of pending litigations on the Consolidated financial position of the Group and its associates- Refer Note 37 to Consolidated Ind AS Financial Statements.
 - ii) The Group and its associates did not have any material foreseeable losses on long-term contracts including derivative contracts.

Annexure B to the Independent Auditors' Report on the Consolidated Ind AS Financial Statements of Asahi India Glass Limited

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements of our Report of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Ind AS Financial Statements of the Company as of and for the year ended 31st March, 2022, we have audited the internal financial controls over financial reporting of Asahi India Glass Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies and its associate companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies and its associate companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India and the standards on auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether

adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and associate companies which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiary companies and its associate companies which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Holding Company, its subsidiary companies and its associate companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on 'the internal control over financial

reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to three subsidiary companies and four associate companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

B. Significant Accounting Policies

a) Statement of Compliance

The Consolidated Ind AS Financial Statements of the Group have been prepared as a going concern in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") including the rules notified under the relevant provisions of the Companies Act, 2013 in the format prescribed by Schedule III (as amended) vide MCA Notification GSR 207(E) dated 24.03.2021.

b) Basis for Preparation

The Consolidated Ind AS Financial Statements have been prepared under the historical cost convention on accrual basis with the exception of certain assets and liabilities carried at fair values by Ind AS. The assets and liabilities have been classified as current/non-current as per the Group's normal operating cycle and other criteria set out in the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities. The Consolidated Statement of Cash Flows has been prepared under the indirect method.

c) Principles of Consolidation

The Consolidated Ind AS Financial Statements have been prepared on the following basis :

- i) The Group combines the Financial Statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses.
- ii) Intra group transactions, balances and unrealized gains on transactions between Group Companies are eliminated.
- iii) Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.
- iv) Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.
- v) The Consolidated Ind AS Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible in the same manner as the Company's separate Financial Statements.
- vi) Non Controlling Interest in the net income and net assets of the Consolidated Ind AS Financial Statements is computed and shown separately.
- vii) Investments in associate companies have been accounted under the equity method as per Ind AS 28 "Investment in Associates" and accordingly Consolidated Ind AS Financial Statements include the Company's share of profit or loss of the associates.

d) Property, Plant and Equipment-Tangible Assets

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net changes on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Depreciation Method and Estimated Useful Life

Depreciation is provided on the straight line method over the estimated useful life of the assets as prescribed under the Schedule II to the Companies Act, 2013 except in respect of the following assets where useful life is different than those prescribed in Schedule II (Based on technical evaluation):

- i) Carpeted roads-other than RCC - Auto SBU 15 years
- ii) Carpeted roads-other than RCC - Float SBU 25 years
- iii) Fences (Boundary Walls) - Float SBU 25 years
- iv) Plant and Equipment
 - a) Tooling, Utility, Forklifts, Testing Equipments 20 years
 - b) Continuous Process Plant and Electrical Installations forming part thereto 18 years
 - c) Float Glass Melting Furnace 15 years
 - d) Other parts of Plant and Equipment 25 years (where cost of a part asset is significant to total cost of the asset)
- v) Electrical Installations- Auto SBU 25 years
- vi) Fixed assets not represented by physical assets owned by the Group are amortized over a period of five years.
- vii) Gains and losses on disposals are determined by comparing proceeds with carrying amount and such gains or losses are recognized as income or expense in the Statement of Profit and Loss.
- viii) Cost of items of Property, Plant and Equipment not ready for intended use as on the Balance Sheet date is disclosed as capital work-in-progress. Advances given towards acquisition of Property, Plant and Equipment outstanding at each Balance Sheet date are disclosed as Capital Advance under Other Non-Current Assets.

e) Intangible Assets and Amortization

Intangible assets are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated amortization and impairment loss, if any.

The cost comprises of purchase price, borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are recognized as income or expense in the Statement of Profit and Loss.

Cost of items of intangible assets not ready for intended use as on the Balance Sheet date is disclosed as intangible assets under development.

Amortization Method and Estimated Useful Life

Amortization is charged on a straight line basis over the estimated useful life. The estimated useful life and amortization method are reviewed at the end of each annual reporting period with the effect of any changes in the estimate being accounted for on a prospective basis.

f) Impairment

Tangible and Intangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Non financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

g) Leases

As lessee:

In accordance with Ind AS 116, for all leases with a term of more than twelve months, the Group recognizes a "right of use" assets at cost representing its right to use the underlying leased asset and a lease liability representing its obligation to make future lease payments. The right of use assets are depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right to use asset. Interest expense is accounted for on the outstanding lease liability using the incremental borrowing rate.

The lease payments associated with short term leases of twelve months or less are recognized as an expense on straight line basis over the lease term.

As lessor:

The Group classifies the leases as either a finance lease or an operating lease depending on whether the risks and rewards incidental to ownership of an underlying asset are transferred and recognizes finance income over the lease term.

h) Financial Instruments

Financial Assets and Financial Liabilities are recognized when the Group becomes a party to the contractual provisions of the relevant instrument. Since the transaction price does not differ significantly from the fair value of the financial asset or

financial liability, the transaction price is assumed to be the fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities. Purchase and sale of financial assets are recognized using trade date accounting.

i) Financial Assets

Financial assets include Trade Receivables, Advances, Security Deposits, Cash and Cash Equivalents etc which are classified for measurement at amortized cost. The Group accounts its investments in associates at cost. However all other equity investments are measured at fair value, with value changes recognized in "Other Comprehensive Income."

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Impairment:

The Group assesses at each reporting date whether a financial asset (or a group of financial assets) are tested for impairment based on available evidence or information. Expected credit losses are assessed and loss allowances recognized if the credit quality of the financial asset has deteriorated significantly since initial recognition.

De-recognition:

Financial assets are de-recognized when the right to receive cash flow from the assets has expired, or has been transferred and the Group has transferred substantially all of the risks and rewards of ownership.

Income Recognition:

Interest income is recognized in the Statement of Profit and Loss using the effective interest method. Dividend income is recognized in the Statement of Profit and Loss when the right to receive the same is established.

ii) Financial Liabilities:

Borrowings, Trade Payables and Other Financial Liabilities are initially recognized at the value of the respective contractual obligations. They are subsequently measured at amortized cost using the effective interest method.

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to short maturity of these instruments.

De-recognition:

Financial Liabilities are de-recognized when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

i) Inventories

Inventories are valued at lower of cost or net realizable value except waste and scrap which is valued at estimated realizable value as certified by the management. The basis of determining cost for various categories of inventories are as follows:

Stores, Spare Parts, Packing Materials and Raw Materials	Weighted moving average method except stores segregated for specific purposes and materials in transit valued at their specific cost.
Work-in-Progress and Finished Goods	Material cost plus appropriate share of production overheads.
Stock-in-Trade	First in First Out method based on actual cost.

j) Revenue

Revenue is recognized when the performance obligation is satisfied by transferring a promised goods or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and excluding taxes and duties collected on behalf of the Government. Interest income is accrued on time proportion basis, by reference to the principal outstanding and the effective interest rate applicable. Rental income from investment properties is recognized on a straight line basis over the term of the relevant leases. Income from services is accounted over the period of rendering of services.

k) Foreign Currency Transactions

i) Items included in the Financial Statements are measured using the currency of the primary economic environment in which the Group operates. The Consolidated Ind AS Financial Statements are presented in Indian Rupee (INR) which is Group's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of Profit and Loss except on transactions entered into to hedge certain foreign currency risks.

Exchange gains or losses of foreign currency borrowings taken prior to 1st April, 2017 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such assets.

ii) Derivative Financial Instruments

In the ordinary course of business, the Group uses certain financial instruments to reduce business risks which arise from its exposure to foreign exchange rate risks, commodity price risks and interest rate fluctuations. The instruments are confined mainly to

forward contracts, certain other derivative financial instruments and interest rate swaps.

Derivatives are initially accounted for and measured at fair value from the date derivatives contract is entered into and subsequently remeasured to their fair value at the end of each reporting period.

l) Cash and Cash Equivalents

For the purpose of presentation in the Statement of Cash Flows, Cash and Cash Equivalents includes cash in hand, demand deposits with banks, short term balances, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Book overdrafts are shown within Other Financial Liabilities in the Balance Sheet and form part of cash and cash equivalents in the Cash Flow Statement.

m) Taxes on Income

Income tax expense represents the sum of the current tax and deferred tax.

Current tax charge is based on taxable profit for the year. Taxable profit differs from profit as reported in the Statement of Profit and Loss because some items of income or expense are taxable or deductible in different years or may never be taxable or deductible. The Group's liability for current tax is calculated using Indian tax rates and laws that have been enacted by the reporting date.

Current tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority.

The Group periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is the tax expected to be payable or recoverable in the future arising from temporary differences between the carrying amounts of assets and liabilities in the Balance Sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realized, based on tax rates that have been enacted or substantively enacted by the reporting date.

Deferred income tax assets and liabilities are off set against each other and the resultant net amount is presented in the Balance Sheet if and only when the Group currently has a legally enforceable right to set off the current income tax assets and liabilities.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, to the extent it would be available for set off against future current income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

Current and deferred tax is recognized in statement of profit and loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in Equity. In this case the tax is also recognized in Other Comprehensive Income or directly in Equity respectively.

n) Employee Benefits

(i) Short Term Employee Benefits

Short term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) Post Employment Benefits

Defined Contribution Plans

The Group's defined contribution plans are Superannuation and Employees Provident Fund and Employees Pension Scheme (under the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952) since the Group has no further obligation beyond making the contributions. The Group's contributions to these plans are charged to the Statement of Profit and Loss as incurred.

Defined Benefits Plans

Liability for defined benefit plans is provided on the basis of valuations as at the Balance Sheet date, carried out by an independent actuary.

Gratuity

The gratuity fund benefits are administered by a Trust recognized by Income Tax Authorities through Group Gratuity Schemes. The liability for gratuity at the end of the each financial year is determined on the basis of actuarial valuation carried out by the Insurer's Actuary. The method used for measuring the liability for Gratuity is Projected Unit Credit Method. Actuarial gains and losses are recognized in the Statement of Other Comprehensive Income in the period of occurrence of such gains and losses. The obligations for gratuity are measured at the present value of estimated future cash flows discounted at rates reflecting the prevailing market yields of Indian Government securities as at the Balance Sheet date for the estimated term of the obligations. The estimate of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors. The expected

rate of return of plan assets is the Group's expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations. Plan assets are measured at fair value as at the Balance Sheet date.

iii) Other Long Term Benefit Plans

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit Method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Other Comprehensive Income.

iv) The expenditure on voluntary retirement scheme is charged to the Statement of Profit and Loss in the year in which it is incurred.

o) Earnings Per Share

Basic earnings per share is calculated by dividing the profit for the period attributable to the owners of Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding without a corresponding change in resources. For the purposes of calculating diluted earnings per share the profit for the period attributable to the owners of the Group and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

p) Non-Current Assets Held for Sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

Non-current assets are not depreciated or amortized while they are classified as held for sale.

Non-current assets classified as held for sale are presented separately from the other assets in the Balance Sheet.

q) Exceptional Items

When items of income or expense are of such nature, size and incidence that their disclosure is necessary to explain the performance of the Group for the year, the Group makes a

disclosure of the nature and amount of such items separately under the head "Exceptional Items."

r) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The Managing Director and Chief Executive Officer of the Company has been identified as CODM and is responsible for allocating the resources, assesses the financial performance of segments and position of the Group and makes strategic decisions.

The Group has identified two reportable segments "Automotive Glass" and "Float Glass" based on the information reviewed by the CODM. Refer Note 38 for segment information presented.

s) Provisions and Contingent Liabilities

A provision is recognized if as a result of a past event, the Group has a present obligation (legal or constructive) that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. If the effect of time value of money is material, provisions are discounted using a current pre tax rate that reflects, when appropriate the risks specific to the liability.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the Consolidated Ind AS Financial Statements. However, when the realization of income is virtually certain then the related asset is not a contingent asset and its recognition is appropriate.

t) Research and Development

Research costs are expensed as incurred. Product development costs are capitalized when technical and commercial feasibility of the products is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete and use or sell the product and the cost can be measured reliably. In other cases such development costs are taken to the Statement of Profit and Loss. The costs which can be capitalized include the cost of material, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use.

u) Rounding of Amounts

All amounts disclosed in the Financial Statements and accompanying notes have been rounded off to the nearest

lakhs as per the requirement of Schedule III of the Companies Act, 2013, unless otherwise stated.

v) Dividends

Dividend proposed (including income tax thereon) is recognized in the period in which interim dividends are approved by the Board of Directors or in respect of final dividend when approved by Shareholders.

w) Borrowing Cost

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

x) Use of Estimates and Critical Accounting Judgements

The preparation of Financial Statements is in conformity with Generally Accepted Accounting Principles which requires management to make estimates and assumptions.

The estimates and the associated assumptions are based on historical experience, opinions of experts and other factors that are considered to be relevant. Actual results may differ from these estimates.

Significant judgements and estimates are made in areas relating to useful lives of Property, Plant and Equipment, impairment of Property, Plant and Equipment, Investments, actuarial assumptions relating to recognition and measurement of employee defined benefit obligations and recognition of provisions and exposure of contingent liabilities relating to pending litigations or other outstanding claims etc.

y) Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs notifies new Standards or amendments to the existing Standards. On 23rd March, 2022, MCA issued the Companies (Indian Accounting Standards) Rules, 2022, applicable from 1st April, 2022 and has made amendments to Ind AS 16, Ind AS 37, Ind AS 103, Ind AS 106 and Ind AS 109. The Group does not expect the amendments to have any significant impact in its Financial Statements.

d) Dividends:

The Company declares and pays dividend in Indian Rupees. The dividend proposed by the Board of Directors is subject to the approval of Shareholders in the ensuing Annual General Meeting except in case of interim dividend.

In the event of liquidation of the Company, the holders of the equity shares will be entitled to receive any of the remaining assets of the Company, after distribution of all preferential amounts. However, no such preferential amounts exist currently. The distribution will be in proportion to the number of equity shares held by the Shareholders.

39. Financial Risk Management

The Group's activities expose it to credit risk, liquidity risk, foreign currency risk and interest rate risk. In order to minimize any adverse effects on the financial performance of the Group derivative financial instruments, such as foreign exchange forward contracts and foreign currency/commodity swaps are entered into by the Group to hedge certain foreign currency and commodity exposure. Derivatives are used exclusively for hedging and not as trading or speculative instruments.

The Group is exposed to the following risks from its use of financial instruments:

- Credit Risk
- Liquidity Risk
- Foreign Currency Risk
- Interest Rate Risk

a) Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations. To manage trade receivable, the Group periodically assess the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and ageing of such receivables.

(i) Exposure to Credit Risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

Particulars	(₹ Lakhs)	
	As At 31 st March, 2022	As At 31 st March, 2021

iii) Reconciliation of Impairment Loss Provisions

The movement in the allowance for impairment in respect of financial assets during the year was as follows:

(₹ Lakhs)

Particulars	Trade Receivables	Loans	Advances	Others	Total
Balance As At 31st March, 2021	1484	9	94	-	1587
	(970)	(9)	(94)	-	(1073)

Balance As At 31st March, 2022	303	-	63	-	366
	(1484)	(9)	(94)	-	(1587)

Based on historic default rates, the Group believes that, apart from the above, no impairment allowance is necessary in respect of any other assets as the amounts are insignificant.

b) Liquidity Risk

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and to ensure funds are available for use as per the requirements.

The Group has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

i) Financing Arrangements

The Group had access to the following undrawn borrowing facilities at the end of the reporting period:

Particulars	As At 31 st March, 2022	As At 31 st March, 2021

c) Foreign Currency Risk

The Group has exposure to foreign currency risk on account of its payables and receivables in foreign currency which are mitigated through regular reviews by the management. The Group enters into derivative financial instruments to mitigate the foreign currency risk and interest rate risk including,

- forward foreign exchange contracts for foreign currency risk mitigation
- foreign currency interest rate swaps to mitigate foreign currency and interest rate risk on foreign currency loan.

The currency profile of financial assets and financial liabilities as at 31st March, 2022 and 31st March, 2021 are as below:

Sensitivity Analysis

The Group is mainly exposed to USD, EURO and JPY.

The following table provides details of the Group's sensitivity to a 2% increase and decrease in the INR against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the Year end for a 2% change in foreign currency rates. The sensitivity analysis includes external loans. A positive number below indicates an increase in profit or equity and vice-versa.

Total	965	(965)	1180	(1180)

d) Interest Rate Risk

The Group is exposed to interest rate risk arising mainly from long term borrowings with floating interest rates. The Group is exposed to interest rate risk because the cash flows associated with floating rate borrowings will fluctuate with changes in interest rates. The Group manages the interest rate risks by entering into different kinds of loan arrangements with varied terms (eg. fixed, floating, rupee, foreign currency, etc.).

Fair Value Sensitivity Analysis for Fixed-Rate Instruments

The Group's fixed rate instruments are carried at amortized cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Cash Flow Sensitivity Analysis for Variable-Rate Instruments

A change of 50 basis points in interest rates at the reporting date would have increased/(decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for the previous year.

b) Fair Value Hierarchy

This Section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the Financial Statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial Assets and Liabilities Measured at Fair Value- Recurring Fair Value Measurement	Level 1	Level 2	Level 3	Total
As At 31st March, 2022				
Financial Assets:				
Investments in Quoted Equity Instruments	820	-	-	820
Investments in Quoted Mutual Funds	-	-	-	-
Investments in Unquoted Equity Instruments	-	713	-	713
Total	820	713	-	1533
As At 31st March, 2021				
Financial Assets:				
Investments in Quoted Equity Instruments	560	-	-	560
Investments in Quoted Mutual Funds	50	-	-	50
Investments in Unquoted Equity Instruments	-	423	-	423
Total	610	423	-	1033

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Hierarchy includes financial instruments measured using quoted prices. This includes investments in quoted equity instruments. Quoted equity instruments are valued using quoted prices on recognized stock exchange.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments. This level includes derivative MTM assets/liabilities. Fair value of derivative assets/liabilities such as interest rate swaps and foreign exchange forward contracts are valued using valuation techniques, which employs the use of market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models and present value calculations.

There have been no transfers in either direction for the years ended 31st March, 2022 and 31st March, 2021.

The fair value of the financial assets are determined at the amount that would be received to sell an asset in an orderly transaction between market participants.

c) Fair Value of Financial Assets and Liabilities Measured at Amortized Cost

Particulars	As At 31 st March, 2022		As At 31 st March, 2021	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial Assets

Other Financial Liabilities	6575	6575	5732	5732
	193025	193025	228059	228059

The carrying amounts of short term trade receivables, trade payables, creditors for capital goods and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature. For financial assets & liabilities that are measured at fair value, the carrying amounts are equal to the fair value.

42. Capital Management

The Group's objectives when managing capital are to:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for Shareholders and benefits for other Stakeholders and
- maintain an appropriate capital structure of debt and equity.

The Board of Directors of Group Companies has the primary responsibility to maintain a strong capital base and reduce the cost of capital through prudent management in deployment of funds and sourcing by leveraging opportunities in domestic and international financial markets so as to maintain investors, creditors and markets confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which is defined as result from operating activities divided by total Shareholders' equity. The Board of Directors also monitors the level of dividends to Equity Shareholders.

Under the terms of major borrowing facilities, the Group is required to comply with the financial covenants as may be prescribed by the lenders. There have been no breaches in the financial covenants of any interest bearing borrowings.

The Group monitors capital, using a medium term view of three to five years, on the basis of a number of financial ratios generally used by industry and by the rating agencies. The Group is not subject to externally imposed capital requirements.

The Group monitors capital using gearing ratio which is net debt divided by total equity. Net debt comprises of long term and short term borrowings less cash and cash equivalent. Equity includes equity share capital and reserves that are managed as capital. The gearing ratio at the end of the reporting period was as follows:

Particulars	(₹ Lakhs)	
	As At 31 st March, 2022	As At 31 st March, 2021

25. Voting through electronic means
 - i. Pursuant to the provisions of Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014 read with the Companies (Management and Administration) Amendment Rules, 2015 read with SEBI Circular No. SEBI/HO/CFD/ CMD/CIR/P/2020/242 dated 9th December, 2020 and Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS 2) issued by the Institute of Company Secretaries of India, the Company is pleased to provide Members facility to exercise their right to vote on resolutions proposed to be considered at the 37th Annual General meeting (AGM) by electronic means. The facility of casting the votes by the members using an electronic voting system ("remote e-voting") will be provided by Central Depository Services (India) Limited.

Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository

Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process

II. Procedure to cast vote electronically is as under:
