INDEPENDENT AUDITORS' REPORT

To the Members of Premier Limited

(A Company under Corporate Insolvency Resolution Process vide NCLT order)

Report on the Standalone Financial Statements

Qualified Opinion

We have audited the standalone financial statements of **M/s. Premier Limited ("the Company")**, which comprise the balance sheet as at 31st March, 2022 and the statement of Profit and Loss (Including Other Comprehensive Income), Statement of changes in Equity and Statement of Cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matters described in the Basis for Qualified Opinion section of our report*, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

1. *For reasons mentioned in note no. 40 of the standalone financial statements, the Company has not assessed impairment of carrying value of tangible assets, capital work in progress and intangible assets in accordance with requirements of Indian Accounting Standard 36 on "Impairment of Assets". We are unable to obtain sufficient appropriate audit evidence about the recoverable amount of the Company's tangible assets, capital work in progress and intangible assets. Consequently, we are unable to determine whether any adjustments to carrying value are necessary and consequential impacts on the statement. Further, as mentioned in note no. 1 to these standalone financial statements, the CoC has approved the resolution plan and approval petition for the same is pending before the NCLT. However, we are not privy to the terms & conditions of the approved plan as the same has not been made available to us for our perusal. Therefore, we are unable to comment as to whether any provisions are required for impairment in the value of the assets or cessation of any liabilities.*
2. *In accordance with the Insolvency and Bankruptcy Code (Code), the Resolution Professional ("RP") has to receive, collate and admit the claims submitted by the creditors as a part of Corporate Insolvency Process ("CIRP"). Such claims can be submitted to the RP till the approval of the resolution plan by the CoC. The amount of claim admitted by the RP may be different than the amount reflecting in the financial*

statements of the Company as on 31st March, 2022. Pending final outcome of the CIRP, no adjustments have been made in these financial statements for the differential amount, if any. Hence, consequential impact, if any, is currently not ascertainable and we are unable to comment on possible financial impacts of the same.

3. *We draw your attention to the fact that updation of personnel records was carried out based on the availability of the documents, data, etc. In addition, employee dues including retirement / termination benefits were calculated based on the available data and only till the initiation of the CIRP. Moreover, actuarial valuation for gratuity & privileged leave was conducted only till the nine-month period ending 31st December, 2020 being the quarter immediately preceding the initiation of CIRP.*
4. *As mentioned in note no. 38 to the standalone financial statements, the Company is under CIRP for the entire financial year. Under the CIRP, all the expenses incurred / payments made during the year by the Company are to be approved by the CoC. However, the relevant records such as the minutes of the CoC meetings approving the expenses / payments have not been provided to us. Therefore, we are unable to comment as to whether all the expenses incurred during the year have been approved by the CoC.*
5. **Material Uncertainty related to Going Concern**

We draw your attention to the fact that the Net Worth of the Company has been completely eroded as at the year ended 31st March, 2022. Further, the company has incurred a further loss of Rs. 2,247.99 Lakhs (excluding other comprehensive income) for the year ended 31st March, 2022.

Further, the operations of the company have continued to remain suspended during the year ended 31st March, 2022 owing to the lack of working capital available to the company.

These conditions indicate that a material uncertainty exists that may cast significant doubt on the entity's ability to continue as a going concern. Despite these circumstances, for reasons mentioned in note no. 39, these standalone financial statements have been prepared on a going concern basis.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a

whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The matters described under the Basis for Qualified Opinion section were determined to be key audit matters to be communicated in our audit report.

Emphasis of Matter

The Company's policy for Internal Financial Controls over Financial Reporting requires to be strengthened for adequate effectiveness to determine the risk assessments & to detect fraud if any. We are unable to comment on Internal Financial Control over Financial Reporting as the company neither has internal audit control system nor an externally appointed internal auditor.

Our opinion is not modified in respect of this matter.

Information other than the financial statements & Auditor's report thereon

The Company's Board of Directors / Resolution Professional / Management are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon, which is expected to be made available to us after that date.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the Management and Resolution Professional and Those Charged with Governance for the Standalone Financial Statements

The Honorable National Company Law Tribunal, Mumbai Bench, admitted the petition for initiation of Corporate Insolvency Resolution Process (CIRP) under section 7 of the Insolvency & Bankruptcy Code, 2016 ('the Code') against the Company vide its order dated 29th January, 2021 and appointed an Interim Resolution Professional ('IRP') to manage the affairs of the Company in accordance with the provisions of the Code. The Committee of Creditors ('CoC') of the Company, in its meeting held on 4th March, 2021 confirmed the IRP as the Resolution Professional ('RP') for the Company. In view of the pendency of the CIRP, the management of affairs of the Company and power of the Board of Directors are now vested with the RP. Further as mentioned in note no. 1 to the standalone financial statements and in terms of Section 14(4) and 31(3) of the Code, until the resolution is approved by the Honorable NCLT, moratorium shall continue to be in effect and accordingly, the RP shall continue to manage the operations of the Company on a going concern basis during the CIRP. These standalone

financial statements have been prepared by the management of the Company and certified by the RP.

The Company's Board of Directors / Resolution Professional / Management is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors / Resolution Professional / Management are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the

Companies act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management;
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the standalone financial results, including the disclosures, and whether the standalone financial results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonable knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality & qualitative factors in (i) planning the scope of our audit and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Disclaimer of Opinion

We were engaged to audit the internal financial controls over financial reporting with reference to the standalone financial statements of **Premier Limited** ("the Company") as of 31st March, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

According to the information & explanation given to us, *for the period pertaining subsequent to the initiation of CIRP as mentioned in note no. 1 to these standalone financial statements, due to non-availability of the process owners & practical difficulty in obtaining sufficient appropriate information relating to internal controls over financial reporting, we are unable to opine as to whether the Company had adequate internal financial controls over financial reporting and whether such internal financial controls were operating effectively as at 31st March, 2022*, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Engineering segment consists of Manufacture of CNC Machines and large mechanical components for the wind energy and infrastructure sectors and professional and engineering services related thereto.

The registered office and plant of the company is located at 169, Gat Village Sawardari, Taluka Khed (Chakan Industrial Area) Pune 410501 and the corporate office is located at Mumbai.

Corporate Insolvency Resolution Process ("CIRP") is in progress against Premier Limited ('the Company') effective 29th January, 2021 as per order of the Mumbai bench of the National Company Law Tribunal (NCLT) under the provisions of the Insolvency and Bankruptcy Code 2016 (Code) as reported in the financial reports of the previous year. Accordingly, the powers of the Board of directors have been suspended and are being exercised by Ms. Kanak Jani, who was appointed as the Interim Resolution Professional (IRP) by the NCLT in terms of the above referred order and subsequently confirmed to continue as the Resolution Professional (RP) by the Committee of Creditors (CoC) in its meeting held on 4th March, 2021.

As the powers of the Board of Directors have been suspended, the above financial statements have not been adopted by the Board of Directors.

The Committee of Creditors (COC), in its 17th meeting held on 22nd January, 2022, have discussed the Resolution plans submitted by the seven prospective resolution applicants (PRA) and have approved the resolution plan submitted by "Fab Metals Pvt. Ltd. along with the person acting in concert and others" by 92.47% through e-voting, as disclosed to the Stock Exchanges on 28th January, 2022. Currently, the said plan is awaiting the approval of the adjudicating authorities.

In view of the smooth progress of the ongoing CIRP and submission of successful Resolution Plan by PRA to continue the operations of the Company post approval of the NCLT in line with the provisions of the IBC, these financial statements have been presented on a 'going concern basis.'

As per the Code, the RP has to receive, collate all the claims submitted by the creditors of the Company. Such claims can be admitted by the RP during the CIRP, till the approval of a resolution plan by the CoC. The RP has verified and admitted the claims submitted by the creditors against the Company as per the Code. While the CIRP has progressed well as stated above with the successful Resolution Plan currently awaiting approval of the Tribunal, the impact of the write-offs, write backs and provisions if any have not been considered in the preparation of the financial statements, pending final approval of the Resolution Plan.

(2) Significant Accounting Policies

(i) Basis of Preparation of Financial Statements and use of estimates

(a) The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Act to be read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The Company's Financial Statements for the year ended 31st March, 2022 comprises of the Balance Sheet, Statement of Profit and Loss (including Other Comprehensive Income), Cash Flow Statement, Statement of Changes in Equity and the Notes to Financial Statements.

(b) Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(c) The preparation of financial statements, in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(ii) Revenue Recognition

- a) The Company earns revenue primarily from Manufacture and Sale of goods & rendering services.
- b) Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue from the sale of goods is recognized at the point in time when

- Control is transferred to the customer.
- The company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.

- c) Revenue is measured based on the transaction price, which is the consideration, adjusted for price concessions also excludes taxes collected from customers.

- d) Use of significant judgments in revenue recognition

The Company's order from customers could include promises to transfer products and services to a customer. The Company assesses the products / services promised in an order and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct product or service promised in order.

- e) Income from investments / other income is recognized on accrual basis.

(iii) Inventories are valued as under

- a) Raw materials, Components , Stores & Spares, Loose Tools : At moving weighted average cost or net realizable value whichever is lower.
- b) Finished Goods : At lower of cost or net realizable value

b) Employment Benefits

- i. Defined Contribution Plan

Company's contribution paid/payable during the year under these schemes are recognized as expense in the statement of Profit and Loss. There are no other obligations other than the contribution made by the company.

ii. Defined Benefit Plan

The employees' gratuity schemes and long term compensated absences are the defined benefit plans. Company's liabilities towards gratuity and leave encashment are determined using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation.

Actuarial gains and losses arise due to re-measurement as result of the actual experience and the assumed parameters and changes in the assumptions used for valuation are recognised in the Other Comprehensive Income (OCI). Obligation is measured at the present value of estimated future cash flow using a discount rate that is determined by the reference to market yields at the Balance Sheet date on Government bonds.

(v) Property, Plant and Equipment and Intangible assets

a) Property, Plant and Equipment

Property, Plant and Equipment (except free hold land) are stated at cost of acquisition or construction including installation cost, attributable interest and financial cost till such time assets are ready for its intended use and foreign exchange fluctuation on long term borrowings related to Property, Plant and Equipment, less accumulated depreciation, impairment losses and specific grants received if any. Free hold land is stated at revalued amount.

b) Intangibles assets:

Product Development Expenditure and License / Technical know-how fees:

Product Development expenditure of capital nature are added to Intangible assets. Expenditure on license and technical know-how fees and other related expenditure towards technological improvement of the products and/or components for captive use are treated as intangible assets. Expenditure of these natures are initially recognized as Intangible Assets under development and eventually transferred to Intangible assets block as appropriate on the commencement of the commercial production after the viability of the product is proven.

(vi) Depreciation and amortization on Property, Plant & Equipment and Intangible assets

a) Depreciation on Property, Plant and Equipment except free hold land is provided on pro-rata basis on straight line method over the useful lives of the assets prescribed in the Schedule II of the Companies Act, 2013.

c) Product Development expenditure and License/Technical know-how fees are amortized over a period of 5 years from the accounting year in which the commercial production of such improved product commences.

(vii) Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both and that is not own occupied by the company is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized. Investment properties are depreciated using the straight-line method over their estimated useful lives. Though the company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes.

(viii) Impairment of Assets:

In accordance with Indian Accounting Standard 36 (INDAS 36) on "Impairment of Assets", where there is an indication of impairment of the Company's assets, the carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any impairment based on internal/external factors. An impairment loss, if any, is recognized in the Statement of Profit & Loss, wherever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable amount of the assets is estimated at the higher of its net selling price and its value in use. In assessing the value in use, the estimated future cash flows are discounted to the present value at the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. Previously recognized impairment loss is further provided or reversed depending on changes in circumstances.

(ix) Non - current assets held for sale

Non - current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable.

Non - current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Non - current assets held for sale are disclosed under "Other Assets"

(x) Foreign Currency Transactions

a) Foreign Currency transactions are recorded on the basis of exchange rates prevailing on the date of their occurrence.

b) Foreign currency monetary assets and liabilities as on the Balance Sheet date are revalued in the accounts on the basis of exchange rates prevailing at the close of the year and exchange difference arising there-from is charged / credited to the Statement of Profit & Loss - except for the exchange difference arising on long term borrowings related to fixed assets, which are capitalized.

(xi) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Right of use assets

The Company as a lessee: The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), variable lease and low value leases. For these short-term, variable lease and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term or useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying value may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sale and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(xii) Customs Duty

Customs duty is accounted for as and when paid/provided.

(xiii) Borrowing Cost

As per Indian Accounting Standard 23 (Ind AS 23) on "Borrowing Costs" borrowing costs that are:

(a) directly attributable to the acquisition, construction, production of a qualifying asset are capitalized as a part of cost of such asset till the time the asset is ready for its intended use and;

(b) not directly attributable to qualifying assets are determined by applying a weighted average rate and are capitalized as a part of the cost of such qualifying asset till the time the asset is ready for its intended use. Remaining borrowing costs are recognized as an expense in the period in which they are incurred.

(xiv) Contingencies and Provisions

A provision is recognized when the Company has a present obligation as a result of past event. It is probable that an outflow of resources embodying economic benefit will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimate of the expenditure required to settle the obligation at the balance sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

A contingent liability is disclosed, unless the possibility of an outflow of resources embodying the economic benefit is remote.

(xv) Taxation

Tax expense comprises of current tax and deferred tax charge or credit. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. The deferred tax charge or credit is recognized using prevailing enacted or substantively enacted tax rate. Where there is unabsorbed depreciation or carry forward losses, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Other deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future. Deferred tax assets/liabilities are reviewed as at each balance sheet date based on developments during the period and available case law to re-assess realization/ liabilities.

(xvi) Financial Instruments

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

a. Financial Assets

(i) Initial recognition and measurement

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition of financial assets that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way trades of financial assets are accounted for at trade date.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, debt instruments at amortized cost are subsequently measured at amortized cost using the effective interest rate method, less impairment, if any.

- Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- Financial assets at fair value through profit or loss

Financial assets which are not classified in any of the above categories are subsequently fair valued through profit or loss.

- Investment in Associate

Investment in Associate is carried at cost in the financial statements

De-recognition:

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109.

b. Financial Liabilities

(i) Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments. Financial liabilities are classified, at initial recognition, at fair value through profit and loss or as those measured at amortized cost.

(ii) Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

-Financial liabilities at fair value through profit and loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

-Financial liabilities measured at amortized cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate method except for those designated in an effective hedging relationship.

De-recognition

A financial liability (or a part of a financial liability) is derecognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

C. Fair Value

The Company determines the fair value of its financial instruments on the basis of the following hierarchy:

Level 1: The fair value of financial instruments quoted in active markets is based on their quoted closing price at the balance sheet date. Examples include exchange-traded commodity derivatives and other financial assets such as investments in equity and debt securities which are listed in a recognized stock exchange.

Level 2: The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques using observable market data. Such valuation techniques include discounted cash flows, standard valuation models based on market parameters for interest rates, yield curves or foreign exchange rates, dealer quotes for similar instruments and use of comparable arm's length transactions. For example, the fair value of forward exchange contracts, currency swaps and interest rate swaps is determined by discounting estimated future cash flows using a risk-free interest rate.

Level 3: The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs). The cost of unquoted investments approximate the fair value because there is a wide range of possible fair value measurements and the cost represents estimate of fair value within that range.

i) During the current year, an E-auction process was conducted for disposal of the used Dies, Jigs & fixtures along with the scrap inventory items located at Company's Chakan plant. 26 parties had participated in the E-bidding process and the disposal process were concluded by awarding the disposal to the highest bidder at Rs.124.80 lakhs plus applicable taxes thereon. The proceeds out of the said disposal process have been fully received during the current year and consequently the physical removal of these materials from the Company's premises were completed by the highest bidder under the strict supervision and control by the erstwhile management team members present at the site and in the presence of monitoring members identified by the RP.

- ii) Accordingly, a Loss on sale of fixed assets of Rs.597 lakhs (Book value was Rs.683 lakhs & realisation/residual value out of the disposal process is Rs.86 lakhs) have been accounted for during the current year pertaining to the net loss on disposal of the used Dies, Jigs & Fixtures as per the disposal process detailed in note no. (3) (i) above.
- iii) The deduction to the block of cars and vehicles of Rs.3.06 lakhs (net WDV) represent salvage values of assets which were disposed by the Company in the earlier years. However, appropriate adjustment to the gross block and accumulated depreciation of these assets was not correctly accounted for in the earlier years.
- iv) Considering the on-going CIRP with the Resolution Plan as approved by the Committee of Creditors being submitted for the approval of the adjudicating authority as of date, and in view of the fact that substantial assets were disposed-off during the earlier years as part of the plant relocation and the disposal of used Dies, Jigs etc. during the current year as stated in note no.3 (i) & (ii), no further impairment in the value of plant and machinery is considered necessary.
- v) During the earlier financial year, the Company had relocated its manufacturing plant to a new site at Chakan (20 Km away from its erstwhile Chinchwad plant), to a custom “built to suit”, building and infrastructure on a ‘10+10 year’ long lease basis.
- vi) The installation, erection, commissioning etc. of the above said machines at our Chakan plant was progressing well, prior to the suspension of operations since March 2020, due to lack of working capital.

b) Company had suspended its operation effective 03.03.2020 and the workmen union appealed before the industrial court, Pune followed by an appeal before the Hon'ble Bombay High Court against non-payment of wages arising out of the said suspension of operations. The Company has made provision for workmen wages and dues at 50% of their monthly wages till CIRP commencement date. Accordingly an amount of Rs.329.62 Lakhs would be contingent upon the outcome of the petition of the union under hearing before the Bombay High Court.

While this matter is in progress, workmen union has also filed another application for the same matter before the NCLT, Mumbai during the current year which is pending for hearing. However, the workmen in their application filed before the NCLT, Mumbai have claimed full wages even for the CIRP period. Since, the Company is under CIRP, quantifying the amount of payment contingent on the order of the NCLT, Mumbai bench is not possible.

c) The amount of Rs.3718.73 lakhs paid to the Government of Maharashtra “under protest” towards “Unearned Income” on sale / compulsory acquisition of land. The Company’s appeal in this regard is pending before the Government of Maharashtra. This amount forms part of “Loans & Advances” and is considered as a contingent liability.

d) Guarantees issued by bank amounting to Rs.71.26 lakhs (previous year Rs.77.26 lakhs)

e) Interest on Inter Corporate Deposits amounting to Rs.363.48 lakhs that has not been provided in the books pertaining to the pre-CIRP period.

g) Corporate Guarantee liability of Rs.682.18 lakhs towards lease rental ‘lock in period’ for Chakan plant as per the lease agreement terms with Global Icon Projects LLP, Pune.

h) The Income Tax Dept had issued notices for reopening the assessments for three assessment years i.e. AY 2013-14, AY 2014-15 and AY 2017-18. The company informed the Tax department that since the company is under CIRP it enjoys moratorium under section 13(1)(a) read with section 14 of IBC. Subsequently the Tax authorities completed the re-assessment and determined demands of Rs.118,97,26,581 for assessment year 2013-14 and Rs.1,44,32,220 for assessment year 2017-18. However, no provision for this liabilities has been made in these financial statements since in view of the RP the demand raised is incorrect and deserves to be deleted.

i) Estimated amount of contracts remaining to be executed on capital account (net of advances) is approximately Rs.Nil (Previous Year Rs.304 Lakhs).

(32) Employee Benefit

INDEPENDENT AUDITORS' REPORT

To the Members of Premier Limited

(A Company under corporate insolvency resolution process vide NCLT order)

Report on the Consolidated Financial Statements

Qualified Opinion

We have audited the consolidated financial statements of **M/s. Premier Limited** (hereinafter referred to as the "**Holding Company**" or "**Company**") and its associate company, PAL Credit & Capital Limited (the company and its associate together are referred to as "**the Group**"), which comprise the consolidated balance sheet as at 31st March 2022, and the consolidated statement of Profit and Loss (Including Other Comprehensive Income), the consolidated Statement of changes in Equity and the consolidated Statement of Cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matters described in the Basis for Qualified Opinion section of our report*, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at 31st March, 2022, its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

- 1. For reasons mentioned in note no. 34 of the consolidated financial statements, the Company has not assessed impairment of carrying value of tangible assets, capital work in progress and intangible assets in accordance with requirements of Indian Accounting Standard 36 on "Impairment of Assets". We are unable to obtain sufficient appropriate audit evidence about the recoverable amount of the Company's tangible assets, capital work in progress and intangible assets. Consequently, we are unable to determine whether any adjustments to carrying value are necessary and consequential impacts on the statement. Further, as mentioned in note no. 1 to these consolidated financial statements, the CoC has approved the resolution plan and approval petition for the same is pending before the NCLT. However, we are not privy to the terms & conditions of the approved plan as the same has not been made available to us for our perusal. Therefore, we are unable to comment as to whether any provisions are required for impairment in the value of the assets or cessation of any liabilities.*

2. *In accordance with the Insolvency and Bankruptcy Code (Code), the Resolution Professional ("RP") has to receive, collate and admit the claims submitted by the creditors as a part of Corporate Insolvency Process ("CIRP"). Such claims can be submitted to the RP till the approval of the resolution plan by the CoC. The amount of claim admitted by the RP may be different than the amount reflecting in the financial statements of the Company as on 31st March, 2022. Pending final outcome of the CIRP, no adjustments have been made in these financial statements for the differential amount, if any. Hence, consequential impact, if any, is currently not ascertainable and we are unable to comment on possible financial impacts of the same.*
3. *We draw your attention to the fact that updation of personnel records was carried out based on the availability of the documents, data, etc. In addition, employee dues including retirement / termination benefits were calculated based on the available data and only till the initiation of the CIRP. Moreover, actuarial valuation for gratuity & privileged leave was conducted only till the nine-month period ending 31st December, 2020 being the quarter immediately preceding the initiation of CIRP.*
4. *As mentioned in note no. 32 to the consolidated financial statements, the Company is under CIRP for the entire financial year. Under the CIRP, all the expenses incurred / payments made during the year by the Company are to be approved by the CoC. However, the relevant records such as the minutes of the CoC meetings approving the expenses / payments have not been provided to us. Therefore, we are unable to comment as to whether all the expenses incurred during the year have been approved by the CoC.*
5. *Material Uncertainty related to Going Concern*

We draw your attention to the fact that the Net Worth of the Holding Company has been completely eroded as at the year ended 31st March, 2022. Further, the Holding company has incurred a further loss of Rs. 2,247.99 Lakhs (excluding other comprehensive income) for the year ended 31st March, 2022.

Further, the operations of the Holding company have continued to remain suspended during the year ended 31st March, 2022 owing to the lack of working capital available to the company.

These conditions indicate that a material uncertainty exists that may cast significant doubt on the entity's ability to continue as a going concern. Despite these circumstances, for reasons mentioned in note no. 33, these consolidated financial statements have been prepared on a going concern basis.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our

other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The matters described under the Basis for Qualified Opinion section were determined to be key audit matters to be communicated in our audit report.

Emphasis of Matter

The Holding Company's policy for Internal Financial Controls over Financial Reporting requires to be strengthened for adequate effectiveness to determine the risk assessments & to detect fraud if any. We are unable to comment on Internal Financial Control over Financial Reporting as the company neither has internal audit control system nor an externally appointed internal auditor.

Our opinion is not modified in respect of this matter.

The Holding Company's Board of Directors /Resolution Professional / Management are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditors' report thereon, which is expected to be made available to us after that date.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit reports of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

Responsibility of the Management and Resolution Professional and Those Charged with Governance for the Consolidated Financial Statements

The Honorable National Company Law Tribunal, Mumbai Bench, admitted the petition for initiation of Corporate Insolvency Resolution Process (CIRP) under section 7 of the Insolvency & Bankruptcy Code, 2016 ('the Code') against the Company vide its order dated 29th January, 2021 and appointed an Interim Resolution Professional ('IRP') to manage the affairs of the Company in accordance with the provisions of the Code. The Committee of Creditors ('CoC') of the Company, in its meeting held on 4th March, 2021 confirmed the IRP as the Resolution Professional ('RP') for the Company. In view of the pendency of the CIRP, the management of affairs of the Company and power of the Board of Directors are now vested with the RP. Further as mentioned in note no. 1 to the consolidated financial statements and in terms of Section 14(4) and 31(3) of the Code, until the resolution is approved by the Honorable NCLT, moratorium shall continue to be in effect and accordingly, the RP shall continue to manage the operations of the Company on a going concern basis during the CIRP. These consolidated financial results have been prepared by the management of the Company and certified by the RP.

The Holding Company's Board of Directors / Resolution Professional / Management is responsible for the preparation and presentation of these consolidated financial statements, in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. The respective Board of Directors / Resolution Professional of the Holding company and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the RP, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors / Resolution Professional of the Holding company and of its associate are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors / Resolution Professional / Management of the Holding company and of its associate are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditor's Responsibilities for the Audit of the Consolidated Financial Results

Our objectives are to obtain reasonable assurance about whether the consolidated financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management / RP;
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and

- Evaluate the overall presentation, structure and content of the consolidated financial results, including the disclosures, and whether the consolidated financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and a joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not review the financial statements of the associate Company which have not been audited for the year ended 31st March, 2022. Further, as explained to us by the management and based on our review, the associate company has not filed its annual returns with the Registrar of Companies for a period of five years and has not been operational for a substantial period of time. Therefore, the management of the Company is unable to provide the accounts of the associate for the year ended 31st March, 2022.

Moreover, the consolidated financial statements are prepared wherein the investment in associate is valued as per the Equity method in term of Ind As 28, Investment in Associates & Joint Ventures. The net worth of the associate company has been eroded and there being no carrying value of the said investment as at the year end, the Company has not recognized its share of any further losses of the associate during the year. Therefore, in our opinion and

according to the information & explanations given to us by the management, these financial statements & other financial information are not material to the Group.

Our opinion on the consolidated Ind AS financial results is not modified in respect of the above matters.

Annexure - A to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") referred to in paragraph 2 (f) on Report on Other Legal and Regulatory Requirements of our report.

Disclaimer of Opinion

We were engaged to audit the internal financial controls over financial reporting of **Premier Limited** ("the Company") as of 31st March 2022 in conjunction with our audit of the consolidated Ind As financial statements of the Company for the year ended on that date.

According to the information & explanation given to us, *for the period pertaining subsequent to the initiation of CIRP as mentioned in note no. 1 to these consolidated financial statements, due to non-availability of the process owners & practical difficulty in obtaining sufficient appropriate information relating to internal controls over financial reporting, we are unable to opine as to whether the Company had adequate internal financial controls over financial reporting and whether such internal financial controls were operating effectively as at 31st March, 2022*, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Engineering segment consists of Manufacture of CNC Machines and large mechanical components for the wind energy and infrastructure sectors and professional and engineering services related thereto.

The registered office and plant of the company is located at 169, Gat Village Sawardari, Taluka Khed (Chakan Industrial Area) Pune 410501 and the corporate office is located at Mumbai.

Corporate Insolvency Resolution Process (“CIRP”) is in progress against Premier Limited (‘the Company’) effective 29th January, 2021 as per order of the Mumbai bench of the National Company Law Tribunal (NCLT) under the provisions of the Insolvency and Bankruptcy Code 2016 (Code) as reported in the financial reports of the previous year. Accordingly, the powers of the Board of directors have been suspended and are being exercised by Ms. Kanak Jani, who was appointed as the Interim Resolution Professional (IRP) by the NCLT in terms of the above referred order and subsequently confirmed to continue as the Resolution Professional (RP) by the Committee of Creditors (CoC) in its meeting held on 4th March, 2021.

As the powers of the Board of Directors have been suspended, the above financial statements have not been adopted by the Board of Directors.

The Committee of Creditors (COC), in its 17th meeting held on 22nd January, 2022, have discussed the Resolution plans submitted by the seven prospective resolution applicants (PRA) and have approved the resolution plan submitted by “Fab Metals Pvt. Ltd. along with the person acting in concert and others” by 92.47% through e-voting, as disclosed to the Stock Exchanges on 28th January, 2022. Currently, the said plan is awaiting the approval of the adjudicating authorities.

In view of the smooth progress of the ongoing CIRP and submission of successful Resolution Plan by PRA to continue the operations of the Company post approval of the NCLT in line with the provisions of the IBC, these financial statements have been presented on a ‘going concern basis.’

As per the Code, the RP has to receive, collate all the claims submitted by the creditors of the Company. Such claims can be admitted by the RP during the CIRP, till the approval of a resolution plan by the CoC. The RP has verified and admitted the claims submitted by the creditors against the Company as per the Code. The Accounting policies of the company and that of its associates are similar and as per generally accepted accounting principles in India.

Principals of Consolidation

The investment in the aforesaid associate and share of loss has been consolidated as per Equity Method in terms of Ind AS-28- “Investments in associates in Consolidated Financial Statement” specified under section 133 of Companies Act, 2013 read with Companies (Accounts) Rules, 2015.

The associate company has not filed its annual returns with the Registrar of Companies for a period of more than five years and has not been operational for a substantial period of time.

The consolidated financial statements are prepared wherein the investment in the associate is valued as per the Equity method in terms of Ind AS 28 i.e. 'Investment in Associates in Consolidated Financial Statements'. The net worth of the Associate Company has already been eroded and there being no carrying value of the said investment as at the year end, the Company has not recognized its share of any further losses from the associate during the year.

In view of the above, all other notes forming part of the consolidated financial statements are same as that of the notes forming part of the Standalone Financial Statement of the Company, therefore the same are not reproduced in the consolidated financial statements.

(ii) Revenue Recognition

- a) The Company earns revenue primarily from Manufacture and Sale of goods & rendering services.
- b) Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue from the sale of goods is recognized at the point in time when

- Control is transferred to the customer.
- The company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.

- c) Revenue is measured based on the transaction price, which is the consideration, adjusted for price concessions also excludes taxes collected from customers.

- d) Use of significant judgments in revenue recognition

The Company's order from customers could include promises to transfer products and services to a customer. The Company assesses the products / services promised in an order and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct product or service promised in order.

- e) Income from investments / other income is recognized on accrual basis.

(iii) Inventories are valued as under

- | | | |
|--|---|---|
| a) Raw materials, Components , Stores & Spares, Loose Tools | : | At moving weighted average cost or net realizable value whichever is lower. |
| b) Finished Goods | : | At lower of cost or net realizable value |
| c) Work-in-Progress | : | At lower of estimated cost or net realizable value |
| d) Goods in Transit and under clearance | : | At lower of actual cost till date (inclusive of customs duty payable thereon) or net realizable value |
| e) Stock of Scrap | : | At estimated net realizable value. |

(iv) Employee Benefits

a) Short Term Employee Benefits

All employee benefits falling due wholly within twelve months of rendering service are classified as short term benefits. The benefits like salaries, wages etc. and the expected cost of bonus, ex-gratia are recognized in the period in which the employees have rendered the related service.

b) Employment Benefits

i. Defined Contribution Plan

Defined contribution plan consists of Government Provident Fund Scheme and Employee State Insurance scheme. Company's contribution paid/payable during the year under these schemes are recognized as expense in the statement of Profit and Loss. There are no other obligations other than the contribution made by the company.

ii. Defined Benefit Plan

The employees' gratuity schemes and long term compensated absences are the defined benefit plans. Company's liabilities towards gratuity and leave encashment are determined using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation.

Actuarial gains and losses arise due to re-measurement as result of the actual experience and the assumed parameters and changes in the assumptions used for valuation are recognised in the Other Comprehensive Income (OCI). Obligation is measured at the present value of estimated future cash flow using a discount rate that is determined by the reference to market yields at the Balance Sheet date on Government bonds.

(v) Property, Plant and Equipment and Intangible assets

a) Property, Plant and Equipment

Property, Plant and Equipment (except free hold land) are stated at cost of acquisition or construction including installation cost, attributable interest and financial cost till such time assets are ready for its intended use and foreign exchange fluctuation on long term borrowings related to Property, Plant and Equipment, less accumulated depreciation, impairment losses and specific grants received if any. Free hold land is stated at revalued amount.

b) Intangibles assets:

Product Development Expenditure and License / Technical know-how fees:

Product Development expenditure of capital nature are added to Intangible assets. Expenditure on license and technical know-how fees and other related expenditure towards technological improvement of the products and/or components for captive use are treated as intangible assets. Expenditure of these natures are initially recognized as Intangible Assets under development and eventually transferred to Intangible assets block as appropriate on the commencement of the commercial production after the viability of the product is proven.

(vi) Depreciation and amortization on Property, Plant & Equipment and Intangible assets

a) Depreciation on Property, Plant and Equipment except free hold land is provided on pro-rata basis on straight line method over the useful lives of the assets prescribed in the Schedule II of the Companies Act, 2013.

b) Depreciation on Property, Plant and Equipment sold or scrapped during the year is provided up to the month in which such Property, Plant and Equipment are sold or scrapped. Depreciation on additions to Property, Plant and Equipment is calculated on pro-rata basis from the month of addition.

c) Product Development expenditure and License/Technical know-how fees are amortized over a period of 5 years from the accounting year in which the commercial production of such improved product commences.

(vii) Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both and that is not own occupied by the company is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized. Investment properties are depreciated using the straight-line method over their estimated useful lives. Though the company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes.

(viii) Impairment of Assets:

In accordance with Indian Accounting Standard 36 (INDAS 36) on "Impairment of Assets", where there is an indication of impairment of the Company's assets, the carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any impairment based on internal/external factors. An impairment loss, if any, is recognized in the Statement of Profit & Loss, wherever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable amount of the assets is estimated at the higher of its net selling price and its value in use. In assessing the value in use, the estimated future cash flows are discounted to the present value at the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. Previously recognized impairment loss is further provided or reversed depending on changes in circumstances.

(ix) Non - current assets held for sale

Non - current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable.

Non - current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Non - current assets held for sale are disclosed under "Other Assets"

(x) Foreign Currency Transactions

a) Foreign Currency transactions are recorded on the basis of exchange rates prevailing on the date of their occurrence.

b) Foreign currency monetary assets and liabilities as on the Balance Sheet date are revalued in the accounts on the basis of exchange rates prevailing at the close of the year and exchange difference arising there-from is charged / credited to the Statement of Profit & Loss - except for the exchange difference arising on long term borrowings related to fixed assets, which are capitalized.

(xi) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Right of use assets

The Company as a lessee: The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), variable lease and low value leases. For these short-term, variable lease and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term or useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying value may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sale and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(xii) Customs Duty

Customs duty is accounted for as and when paid/provided.

(xiii) Borrowing Cost

As per Indian Accounting Standard 23 (Ind AS 23) on "Borrowing Costs" borrowing costs that are:

(a) directly attributable to the acquisition, construction, production of a qualifying asset are capitalized as a part of cost of such asset till the time the asset is ready for its intended use and;

(b) not directly attributable to qualifying assets are determined by applying a weighted average rate and are capitalized as a part of the cost of such qualifying asset till the time the asset is ready for its intended use. Remaining borrowing costs are recognized as an expense in the period in which they are incurred.

(xiv) Contingencies and Provisions

A provision is recognized when the Company has a present obligation as a result of past event. It is probable that an outflow of resources embodying economic benefit will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimate of the expenditure required to settle the obligation at the balance sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

A contingent liability is disclosed, unless the possibility of an outflow of resources embodying the economic benefit is remote.

(xv) Taxation

Tax expense comprises of current tax and deferred tax charge or credit. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. The deferred tax charge or credit is recognized using prevailing enacted or substantively enacted tax rate. Where there is unabsorbed depreciation or carry forward losses, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Other deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future. Deferred tax assets/liabilities are reviewed as at each balance sheet date based on developments during the period and available case law to re-assess realization/ liabilities.

(xvi) Financial Instruments

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

a. Financial Assets

(i) Initial recognition and measurement

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition of financial assets that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way trades of financial assets are accounted for at trade date.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, debt instruments at amortized cost are subsequently measured at amortized cost using the effective interest rate method, less impairment, if any.

- Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- Financial assets at fair value through profit or loss

Financial assets which are not classified in any of the above categories are subsequently fair valued through profit or loss.

- Investment in Associate

Investment in Associate is carried at cost in the financial statements

De-recognition:

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109.

b. Financial Liabilities

(i) Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments. Financial liabilities are classified, at initial recognition, at fair value through profit and loss or as those measured at amortized cost.

(ii) Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

-Financial liabilities at fair value through profit and loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

-Financial liabilities measured at amortized cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate method except for those designated in an effective hedging relationship.

De-recognition

A financial liability (or a part of a financial liability) is derecognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

C. Fair Value

The Company determines the fair value of its financial instruments on the basis of the following hierarchy:

Level 1: The fair value of financial instruments quoted in active markets is based on their quoted closing price at the balance sheet date. Examples include exchange-traded commodity derivatives and other financial assets such as investments in equity and debt securities which are listed in a recognized stock exchange.

Level 2: The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques using observable market data. Such valuation techniques include discounted cash flows, standard valuation models based on market parameters for interest rates, yield curves or foreign exchange rates, dealer quotes for similar instruments and use of comparable arm's length transactions. For example, the fair value of forward exchange contracts, currency swaps and interest rate swaps is determined by discounting estimated future cash flows using a risk-free interest rate.

Level 3: The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs). The cost of unquoted investments approximate the fair value because there is a wide range of possible fair value measurements and the cost represents estimate of fair value within that range.

i) During the current year, an E-auction process was conducted for disposal of the used Dies, Jigs & fixtures along with the scrap inventory items located at Company's Chakan plant. 26 parties had participated in the E-bidding process and the disposal process were concluded by awarding the disposal to the highest bidder at Rs.124.80 lakhs plus applicable taxes thereon. The proceeds out of the said disposal process have been fully received during the current year and consequently the physical removal of these materials from the Company's premises were completed by the highest bidder under the strict supervision and control by the erstwhile management team members present at the site and in the presence of monitoring members identified by the RP.

ii) Accordingly, a Loss on sale of fixed assets of Rs.597 lakhs (Book value was Rs.683 lakhs & realisation/residual value out of the disposal process is Rs.86 lakhs) have been accounted for during the

current year pertaining to the net loss on disposal of the used Dies, Jigs & Fixtures as per the disposal process detailed in note no. (3) (i) above.

- iii) The deduction to the block of cars and vehicles of Rs.3.06 lakhs (net WDV) represent salvage values of assets which were disposed by the Company in the earlier years. However, appropriate adjustment to the gross block and accumulated depreciation of these assets was not correctly accounted for in the earlier years.
- iv) Considering the on-going CIRP with the Resolution Plan as approved by the Committee of Creditors being submitted for the approval of the adjudicating authority as of date, and in view of the fact that substantial assets were disposed-off during the earlier years as part of the plant relocation and the disposal of used Dies, Jigs etc. during the current year as stated in note no.3 (i) & (ii), no further impairment in the value of plant and machinery is considered necessary.
- v) During the earlier financial year, the Company had relocated its manufacturing plant to a new site at Chakan (20 Km away from its erstwhile Chinchwad plant), to a custom “built to suit”, building and infrastructure on a ‘10+10 year’ long lease basis.
- vi) The installation, erection, commissioning etc. of the above said machines at our Chakan plant was progressing well, prior to the suspension of operations since March 2020, due to lack of working capital.
