- iii. The company has not followed the treatment for recognition and re measurement of employee benefit costs as detailed in the Ind As 19.

Qualified Conclusion

Based on our review conducted as stated above, except (for the effects of matters described in the 'Basis of Qualified conclusion paragraph above) nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Material Uncertainty to Going Concern:

The company has made losses during the current year and the preceding year. As a result of the losses, the liquidity position of the company has been substantially affected, the net worth of company is continuously eroding and company's current liabilities exceeded its current assets as at the balance sheet date, adversely affecting the operations of the company. The company is also facing litigations with various banks on account of corporate guarantee for an amount of Rs 807.46 crores against secured loans taken by its wholly owned subsidiary, namely M/s SSA International Limited, which has been classified as non-performing assets by the banks. Moreover, no business activity has been undertaken throughout the year, indicating the existence of uncertainty about the ability of the company to continue as a going concern.

These conditions indicate the existence of a material uncertainty that may cast significant doubt on the company's ability to continue as going concern and therefore the company may be unable to realize its assets and discharge its liabilities in the normal course of business. As a result of ongoing matters, we are unable to determine as to whether any adjustment that would have been necessary and required to be made in respect of trade receivable, trade payables, borrowings, current liabilities, loans and advances and contingent liabilities as at 31 March, 2024 and in respect of the corresponding possible impact of such items and associated elements on the statement for the year ended on that date, should the company be unable to continue as a going concern. The ultimate outcome of these matters is at present not ascertainable. Accordingly, we are unable to comment on the consequential impact, if any,

on the accompanying standalone financial statements. However, the financial statements of the company have been prepared on a going concern basis.

accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under Regulation 33 of the Listing Regulations.
- Conclude on the appropriateness of Board of Director use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the statement, including the disclosures, and whether the statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of matters described in the 'Basis of Qualified Opinion' and 'Emphasis of Matter' section of our report, the aforesaid statements:

I. Includes the results of the following entities:

- i. M/s SSA International Ltd (along with its wholly owned subsidiary M/s Lina Global INC).
- ii. M/s Arlin Foods Ltd

- II. are presented in accordance with the requirements of the Listing Regulations in this Regard, and
- III. give a true and fair view in conformity with the Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34") and other accounting principles generally accepted in India, of the loss, the total comprehensive income, and other financial information of the group for the quarter and year ended March 31, 2024.

Material Uncertainty to Going Concern:

The Group has made losses during the current year and the preceding year. As a result of the losses, the liquidity position of the group has been substantially affected, the net worth of group has fully eroded and group's current liabilities exceeded its current assets as at the balance sheet date, adversely affecting the operations of the group. Moreover, no business activity has been undertaken throughout the year, indicating the existence of uncertainty about the ability of the group to continue as a going concern. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the group's ability to continue as going concern and therefore the group may be unable to realize its assets

and discharge its liabilities in the normal course of business. As a result of ongoing matters, we are unable to determine as to whether any adjustment that would have been necessary and required to be made in respect of trade receivable, trade payables, borrowings, current liabilities, loans and advances and contingent liabilities as at 31 March, 2024 and in respect of the corresponding possible impact of such items and associated elements on the statement for the year ended on that date, should the group be unable to continue as a going concern. The ultimate outcome of these matters is at present not ascertainable. Accordingly, we are unable to comment on the consequential impact, if any, on the accompanying consolidated financial statements. However, the financial statements of the group have been prepared on a going concern basis.

Basis of Qualified Conclusion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards

are further described in the *Auditor's Responsibilities for the Audit of the Financial Results* section of our report. We are independent of the group in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

- i. The wholly owned subsidiary M/s SSA International Ltd has defaulted in repayment obligations towards banking institutions.. As per the explanation and information furnished to us, the management was not in position to estimate or calculate the interest payable on debts due to bankers as since past many years they have not received any account statement or other relevant documentation from the bankers. Moreover the subsidiary company (M/s SSA International Ltd is of the opinion as per the Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances, The policy of income recognition has to be objective and based on the record of recovery. Internationally income from non-performing assets (NPA) is not recognized on accrual basis but is booked as income only when it is actually received. Therefore, the banks should not charge and take to income account interest on any NPA. On an account turning NPA, banks should reverse the interest already charged and not collected by debiting Profit and Loss account, and stop further application of interest. Correspondingly the company has not recognized the interest expenses. However the non-recognition of interest expenses is not in accordance with Ind AS on borrowing costs requirement. In absence of information, we are not able to comment upon impact, if any. However, following the RBI Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances, the company has not made provision for interest on debts due to bankers after adjudication by DRT.
- ii. The wholly owned subsidiary M/s SSA international Ltd had received notice of sale of assets

However, in absence of any information regarding the sale of assets i.e. detail of assets sold by bank, value at which the said sale transaction has been undertaken, bank wise utilization of amount received against said sale, the company has not taken into consideration the said transaction while preparing its financial results as on 31.03.2024 and had the company recorded the said transaction the value of property plant and equipment along with depreciation charged would not have been charged and instead profit and loss on disposal of fixed asset needs to provided for and the amount owed to the financial institutes would also reduced with the amount received on account of said auction sale. Further there would arise profit or loss on sale of assets and taxation implication on said transaction which will ultimately results in increase or decrease in current year profit/ loss as well as accumulated losses. Further it has come to our knowledge that similarly the consortium bankers have executed sale of assets of directors/ guarantors mortgaged with them during the year as well as earlier years and adjusted the amount received on said auction sale with amount owed by the company to the financial institutions, however the company has not recorded the effect of such transaction in its financial results. We are unable to comment on the consequential impact of adjustment arising there from in the results, if any, is not ascertainable.

- iii. Originally the plant of the holding company was setup at NSEZ, Noida which was later on shifted outside NSEZ during the FY 2017-18 and in march 2019 the company further changed its business premises from time to time and since then no manufacturing activity has been carried on. The group is required to determine impairment in respect of fixed assets, However the group has not done impairment testing. In the absence of any working for impairment of the fixed assets as per Ind AS 36, the impact of impairment, if any on the financial statements is not ascertainable. The wholly owned subsidiary M/s Arlin Foods Ltd has not charged any depreciation on its property, plant and equipment. The depreciation has been recognized based on of useful life and residual value estimated by the management, the estimates have been relied upon by us.
- iv. Further, IDBI Bank has declared the main borrower (M/s SSA International Ltd), its directors and Guarantors (including M/s Samtex Fashions Ltd) as willful defaulters in terms with RBI Guidelines and further the IDBI Bank pursuant to provisions of SARFAESI Act 2002 has taken over the possession of premises of M/s SSA International. The updated details of proceedings against the company and its subsidiary M/s SSA International Ltd has not been made available, in absence of such details we are unable to comment on the possible impact, it any, arising out of the said matters.
- v. Balance of debtors are outstanding from long period and are subject to confirmation and consequential effect if any on the financial statements remains uncertain. the absence of recovery and confirmation from the party, we are unable to comment on the recoverability and consequential impact of reconciliation and adjustment arising there from in the results, if any, is not ascertainable.

The wholly owned subsidiary M/s SSA International Ltd has defaulted in repayment obligations towards banking institutions.. As per the explanation and information furnished to us, the management was not in position to estimate or calculate the interest payable on debts due to bankers as since past many years they have not received any account statement or other relevant documentation from the bankers. Moreover the subsidiary company (M/s SSA International Ltd is of the opinion as per the Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances, The policy of income recognition has to be objective and based on the record of recovery. Internationally income from non-performing assets (NPA) is not recognized on accrual basis but is booked as income only when it is actually received. Therefore, the banks should not charge and take to income account interest on any NPA. On an account turning NPA, banks should reverse the interest already charged and not collected by debiting Profit and Loss account, and stop further application of interest. Correspondingly the company has not recognized the interest expenses. However the non-recognition of interest expenses is not in accordance with Ind AS on borrowing costs requirement. In absence of information, we are not able to comment upon impact, if any. However, following the RBI Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances, the company has not made provision for interest on debts due to bankers after adjudication by DRT.

Management View

The Accounts of the company were classified as NPA during FY 16-17 and since than we were not able to obtain our bank loan account statements from various consortium member banks and as result of which we were not able to estimate the amount exactly owed by us to bank and interest charged by banks on the said borrowings and amount collected by bank by executing auction sale of assets of the company or its promoter/guarantor

Further there would arise profit or loss on sale of assets and taxation implication on said transaction which will ultimately results in increase or decrease in current year profit/ loss as well as accumulated losses. Further it has come to our knowledge that similarly the consortium bankers have executed sale of assets of directors/ guarantors mortgaged with them during the year as well as earlier years and adjusted the amount received on said auction sale with amount owed by the company to the financial institutions, however the company has not recorded the effect of such transaction in its financial results.
