38th Annual Report – 2021-22

Forward-looking statement

In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements-written and oral-that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

NOTES:

1. In view of the Covid-19 pandemic, the Ministry of Corporate Affairs (“MCA”) has vide its circular nos. 20/2020, 02/2021, 19/2021, 21/2021 and 02/2022 dated 5th May, 2020, 13th January, 2021, 8th December, 2021, 14th December, 2021 and 5th May, 2022, respectively, read together with circular nos. 14/2020 and 17/2020 dated 8th April, 2020 and 13th April, 2020, respectively, (collectively referred to as “MCA Circulars”) permitted convening of the Annual General Meeting (“AGM”) through Video Conferencing (“VC”)/ Other Audio Visual Means (“OAVM”) facility, without the physical presence of the members at a common venue. Further, Securities and Exchange Board of India (“SEBI”) vide its circular nos. SEBI/HO/CFD/CMD1/CIR/P/2020/79, SEBI/HO/CFD/CMD2/CIR/P/2021/11 and SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated 12th May, 2020, 15th January, 2021 and 13th May, 2022, respectively, (“SEBI Circulars”) has also granted certain relaxations with respect to AGM. In view of the above circulars, the 38th AGM of the Company is being convened through VC/OAVM in compliance with the applicable provisions of the Companies Act, 2013 (“the Act”). Hence, members can attend and participate in the ensuing AGM through VC/OAVM only. The deemed venue for the AGM shall be the Registered Office of the Company at A-1, Industrial Area, Bazpur Road, Kashipur - 244713, Distt. Udham Singh Nagar, Uttarakhand.

2. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held through VC/OAVM facility, requirement of physical attendance of Members has been dispensed with. Accordingly, in terms of the MCA circulars and the SEBI circulars, the facility for appointment of proxies by the Members will not be available for the 38th AGM and hence, the proxy form, attendance slip and route map of the AGM venue are not annexed to this Notice.
3. Corporate Members intending to appoint their representatives for the purpose of voting through remote e-voting, participation in the 38th AGM through VC/OAVM facility and e-voting during the 38th AGM, are requested to send to the Company a certified copy of the relevant Board Resolution authorizing their representatives. The said resolution/authorisation should be sent to the scrutinizer through their registered email addressed to ashish@asandco.net with a copy marked to compliance.officer@indiaglycols.com.
4. A Statement pursuant to Section 102 of the Act, in respect of Special Business to be transacted at the AGM is annexed hereto and forms part of this Notice.
5. The Members can join the 38th AGM through VC/OAVM facility 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility for joining the AGM through VC/OAVM will be available for 1,000 members on first come first served basis. However, this number does not include the large shareholders (i.e. Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit, Nomination and Remuneration and Stakeholders' Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis in term of the MCA circulars.
6. Members attending the 38th AGM through VC/OAVM will be counted for the purpose of reckoning quorum under Section 103 of the Act.
7. In case of joint holders attending the AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
8. Pursuant to the provisions of Section 91 of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("SEBI Listing

Regulations"), the Register of Members and Share Transfer Books of the Company will remain closed from **Thursday, 1st September, 2022 to Wednesday, 7th September, 2022** (Both days inclusive) for determining the entitlement of the shareholders for the purpose of payment of dividend for the financial year ended 31st March, 2022 and the AGM.

The dividend of ₹ 7.50/- per equity share (@ 75%), as recommended by the Board of Directors, if declared at the AGM, will be paid/dispatched within 30 days from the date of the ensuing AGM of the Company as under:

- To all those beneficial owners holding shares in electronic form, as per the beneficial ownership data made available to the Company by National Securities Depository Limited (NSDL) and the Central Depository Services (India) Limited (CDSL) as on Wednesday, 31st August, 2022.
- To all those shareholders holding shares in physical form, after giving effect to all the valid share transmission or transposition request lodged with the Company/ Share Transfer Agent, M/s MCS Share Transfer Agent Limited ("**RTA**"), F-65, 1st Floor, Okhla Industrial Area Phase-I, New Delhi 110020 on or before Wednesday, 31st August, 2022.

Any query related to dividend should be directed to the RTA of the Company.

Pursuant to the provisions of the Income Tax Act, 1961, as amended by the Finance Act, 2020, dividend paid or distributed by a Company on or after 1st April, 2020 shall be taxable in the hands of the Members, therefore, the Company is required to deduct tax at source at the time of making payment of dividend at the prescribed rates. In order to enable the Company to determine the appropriate TDS rate, as applicable, shareholders are requested to submit their documents in accordance with the applicable provisions. The Company will also send an e-mail to all shareholders at their registered email id's in this regard and the same shall be available under Investor Relations Section at the Company's website i.e. <https://www.indiaglycols.com/investors/shareholders-communication.htm>. Members are requested to update their PAN with their Depository Participant (if shares held in electronic form) and Company / RTA (if shares held in physical form).

9. As per the SEBI Listing Regulations, the Company shall use any electronic mode of payment approved by the Reserve Bank of India for making payment of

dividend to the members. Where the dividend cannot be paid through electronic mode, the same will be paid by warrants with bank account details printed thereon. In case of non-availability of bank account details, address of the members will be printed on the warrants.

10. Members holding shares in electronic mode may note that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend. The Company or RTA cannot act on any request received directly from the members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant (DP) by the members.
11. Members holding shares in physical form are requested to register their Electronic Clearing Services (ECS) mandate by submitting form ISR-1 along with the (i) Physical copy of the signed request letter which shall contain shareholder's name, folio number, bank details (viz. Bank account number, Bank and Branch Name, address, IFSC, MICR details) (ii) a self attested copy of PAN card and (iii) cancelled cheque leaf to the Company's RTA.
12. In compliance with the aforesaid MCA Circulars and SEBI Circulars, the Notice of the 38th AGM, inter-alia, indicating the process and manner of voting through electronic means alongwith the Annual Report 2021-22 is being sent only through electronic mode to those Members whose e-mail addresses are registered with the Company/Depositories.

To obtain copy of Annual Report for FY 2021-22 through electronic mode, the Members are requested to register/update their e-mail IDs by following the below procedure:-

- (i) **Members holding shares in physical mode are requested to register/update their email addresses by writing to the RTA at F-65, 1st Floor, Okhla Industrial Area, Phase-I, New Delhi-110020 or email at admin@mcsregistrars.com along with the copy of the signed request letter mentioning the name, folio number and address of the Member, self-attested copy of the PAN card, self-attested copy of Aadhar and copy of share certificate (front & back).**
- (ii) **Members holding shares in dematerialized mode are requested to register/ update their email addresses by following the process mentioned above for Physical Holding and send 16 digit DPID & Client ID in place of Folio**

No. along with scanned copy of self-attested Client Master copy or consolidated Demat Account Statement.

However, for permanent registration of email address, members should contact their respective Depository Participants.

After successful registration of the e-mail address, a copy of the Notice alongwith the Remote e-voting user ID and password will be sent to your registered e-mail address.

In case of any queries/difficulties in registering the e-mail address or any other matter related to this Notice, Members may write to the Company at compliance.officer@indiaglycols.com.

The Notice convening the 38th AGM has been uploaded on the website of the Company at www.indiaglycols.com under Investor Relations Section and can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and the National Stock Exchange of India Ltd at www.bseindia.com and www.nseindia.com, respectively and the same is also available on the website of NSDL (agency for providing the Remote e-Voting facility) i.e. www.evoting.nsdl.com.

13. In pursuance to the provisions of Section 124 and 125 of the Act read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended, ("IEPF rules") read with relevant circulars, the amount of dividend remaining unpaid /unclaimed for a period of seven years from the due date is required to be transferred to the credit of the Investor Education and Protection Fund ("the IEPF") established by the Central Government. The Company had accordingly, during the financial year 2021-22 transferred ₹ 7,64,280/- related to final dividend for FY 2013-14. Further, pursuant to the applicable provisions, all shares in respect of which dividend had remained unpaid/unclaimed for seven consecutive years or more shall be transferred to the designated demat account of the IEPF Authority ("IEPF Account"). Accordingly, during the FY 2021-22, 45,287 equity shares of ₹10/- each, on which the dividend remained unpaid/ unclaimed for seven consecutive years, were transferred to the IEPF Account, after completing all the procedural formalities in this regard.

The Company has uploaded the details of unpaid and unclaimed dividends lying with the Company on the website of the IEPF i.e. www.iepf.gov.in. These details along with details of shareholders whose

shares were transferred to the IEPF authority have also been uploaded on the website of the company at <https://www.indiaglycols.com/investors/iepf.htm>. Members who have not encashed the dividend warrants so far are requested to claim the same to avoid transferring to the unpaid/ unclaimed dividend and respective shares to the IEPF Authority and IEPF Account, respectively.

The Members may note that no claim shall lie against the Company in respect of said dividend(s) and shares, upon their transfer to IEPF. However, the same can be claimed back from them after complying with the procedure prescribed under the IEPF rules by visiting the weblink: <http://iepf.gov.in/IEPF/refund.html>. For any related information, the RTA [e-mail: admin@mcsregistrars.com] or the Company may also be contacted.

14. Shri Sudhir Agarwal, Director shall retire by rotation at the 38th AGM and is eligible for re-appointment as per item No. 3 of this notice. Shri Sudhir Agarwal is interested in the ordinary business as set out in item No. 3.

Explanatory Statement in terms of Regulation 36(5) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

ITEM NO. 4

The members of the Company at the 33rd AGM held on 1st September, 2017, approved appointment of M/s K.N. Gutgutia & Co., Chartered Accountants (Registration No. 304153E) ["KNG"] as Statutory Auditors of the Company, to hold office for a period of 5 years till the conclusion of 38th AGM.

Accordingly, KNG's first tenure of 5 years as statutory Auditors, would complete on the conclusion of this 38th AGM. Pursuant to the provisions of Section 139(2) of the Companies Act, 2013 read with rules made thereunder, KNG is eligible to be appointed for the second consecutive term of 5 years. Accordingly, the Board of Directors, considering the past performance, experience and expertise of KNG and on the recommendation of Audit Committee, re-appointed KNG as Statutory Auditors of the Company, subject to the approval of members, for a second term of 5 (five) years commencing from the conclusion of 38th AGM till the conclusion of 43rd AGM. The proposed remuneration to be paid to KNG for statutory audit for the financial year ending 31st March, 2023 is ₹ 24 lakhs plus applicable taxes and out-of-pocket expenses (same amount towards statutory audit Fees was paid for financial year 2021-22). For the subsequent years, the Audit Fees would be determined by the Board of Directors from time to time based on the recommendations of the Audit Committee and in consultation with the Statutory Auditors.

KNG was established in the year 1938 and was reorganized in the year 1966 as a partnership firm of Chartered Accountants under the regulations of "The Institute of Chartered Accountants of India". The Firm consists of 7 partners with vast experience in Statutory Audits, Internal Audits, Tax Consultancy, Corporate laws and Corporate Advisory and has a pool of experienced staff consisting of CAs, Semi Qualified CAs, Article Clerks and other associated staff and having its offices at Kolkata and New Delhi. It is one of the oldest & reputed CA firm in India having experience of more than 80 years.

KNG have consented to the said re-appointment and their re-appointment, if made, would be within the limits specified under Section 141(3)(g) of the Act. They have further confirmed that they are not disqualified to be appointed as statutory auditors in terms of the provisions of the proviso to Section 139(1), 141(2) and 141(3) of the Act and the provisions of the Companies (Audit and Auditors) Rules, 2014 and also confirmed that they hold a valid certificate issued by the Peer Review Board of the

Institute of Chartered Accountants of India.

Accordingly, consent of the members is being sought by way of an ordinary resolution for re-appointment of KNG as Statutory Auditors of the Company for a second term of 5 (five) years.

None of the Directors/Key Managerial Personnel of the Company or their respective relatives are in any way, concerned or interested, financially or otherwise, in the Ordinary Resolution at Item No. 4 of the Notice.

The Board recommends the resolution set out at Item No. 4 of this notice for approval of the members as an Ordinary Resolution.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following statement sets out all the material facts related to Special Business mentioned under item No. 5 of the Notice dated 26th May, 2022.

ITEM NO. 5

The Board of Directors ("the Board") of the Company on the recommendation of the Audit Committee, approved the appointment of M/s R.J. Goel & Co., Cost Accountants to conduct the audit of cost records of the Company for the financial year ending 31st March, 2023.

Pursuant to the provisions of Section 148 of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor, as recommended by the Audit Committee and approved by the Board has to be ratified by the members of the Company.

Accordingly, consent of the members is being sought by way of an ordinary resolution for ratification of the remuneration payable to the cost auditor for the financial year 2022-23.

None of the Directors/Key Managerial Personnel of the Company or their respective relatives are in any way, concerned or interested, financially or otherwise, in the Ordinary Resolution at Item No. 5 of the Notice.

The Board recommends the resolution set out at Item No. 5 of this notice for approval of the members as an Ordinary Resolution.

The Policy contains broad parameters and factors while recommending/declaring dividend(s) by the Board of Directors. The Policy is available on the Company's website at <https://www.indiaglycols.com/investors/downloads/Dividend-distribution-policy.pdf>

Performance Review

FY 2021-22 started with intermittent lockdowns following the second wave of Covid-19 and also witnessed the war between Russia and Ukraine towards its closure, which led to a highly uncertain economic environment. Amidst the challenging business and economic conditions, your Company's overall performance for the FY 2021-22 was resilient, consistent and good. Highlights for the year include successful formation of 49:51 Joint Venture with Clariant International Limited for Company's BioEO (Speciality Chemicals) Business and approving setting up grain distilleries at Kashipur and Gorakhpur sites.

During the FY 2021-22, on a standalone basis, your Company's total revenue increased to ₹ 6,837 Crores from ₹ 6,070 Crores in FY 2020-21, an increase of over 12%. The profit after depreciation and tax for the FY 2021-22 increased to ₹ 285 Crores from ₹ 84 Crores in the FY 2020-21 which includes an exceptional gain from slump sale of Company's BioEO (Speciality Chemicals) Business. In the financial year 2021-22, the unprecedented escalation in feed stock and energy prices put substantial pressure on margin across sectors. However, despite challenges, Chemical business particularly Bio-based Specialties and Performance Chemicals business made an excellent performance both in terms of sales and margins and garnered substantial revenue. Due to increase in raw material and packaging cost, margins of the potable spirits were under pressure. However, the business segment registered a growth of about 18% in revenue over last year. The Ennature Biopharma (Nutraceuticals) Business

also registered a marginal growth of 3% over the previous year.

The Company continued to procure its green feedstock molasses and also imported its principal raw material, ethyl alcohol. Post setting up of grain distilleries, the Company would have the adequate availability of its principal raw material (Alcohol) at a competitive price and feels that the same should prove beneficial for the Company in longer times.

Under the current scenario, the outlook for the near future remains positive.

During the year under review, no amount was transferred to reserves.

In Q1/FY 22, India witnessed the massive second wave of the Covid-19 which led to fresh set of restrictions in the country but the economic activities were not much affected.

The Company adhered to various guidelines and advisories issued by the authorities from time to time. The Company continued to take a number of measures at its offices and manufacturing sites to ensure employee safety and support including Work from Home policy, regular sanitization, encouraging virtual meetings, free vaccination, medical expenses for employees and immediate family members who suffered due to the Covid-19 infection. With all these efforts and learnings from earlier experience, Company's plant and other operations continued to run smoothly and efficiently during last year.

While discharging its social obligations, the Company provided ICU's & ventilators and also arranged setting up oxygen plant at various health centres. Also, the Company quickly converted all its industrial grade Liquid Oxygen to medical grade during second Covid 19 wave and run its plants continuously at full capacity to supply the medical oxygen.

Material Changes and Commitments Affecting the Financial Position of the Company

There were no material changes and commitments affecting the financial position of the Company between the end of financial year and date of this report. There has been no change in the nature of the business of the Company.

Awards and Recognitions

During the year under review, your Company has received 'Best Whisky Award' for its 'Single Reserva Whisky' at Ambrosia Award 2021 and was also conferred with "ICISWSC Award" for sustainability along with our partners Unilever and LanzaTech during the ICIS Surfactant Conference 2022.

Credit Ratings

During the financial year 2021-22, India Ratings & Research ("Ind-Ra"), a credit rating Agency has upgraded

the Company's Long-term Issuer Rating as 'IND A' while resolving the Rating Watch Positive ("RWP") and Outlook is stable. The instrument wise ratings are as follows:

Instrument Type	Rating/Outlook	Rating Action
Term Loan	IND A/Stable	Upgraded; Off RWP
Fund-based Limit	IND A/Stable /IND A1	Upgraded; Off RWP
Non Fund based Limit	IND A/Stable /IND A1	Upgraded; Off RWP

Successful formation of Joint Venture with Clariant International

Post obtaining all the requisite government and statutory approvals and completion of condition precedents as identified in the Business Transfer Agreement ("BTA") and in pursuance to the approval of the shareholders dated 24th September, 2020 and 25th April, 2021, during the year under review, the Company has successfully completed the formation of joint venture with Clariant International Limited ("Clariant") for its BioEO (Speciality Chemicals) Business by transferring the same to Clariant IGL Specialty Chemicals Private Limited ("CISCPL") (erstwhile IGL Green Chemicals Private Limited) for a lump sum consideration of ₹ 649.55 Crores (Rupees Six Hundred Forty Nine Crores Fifty Five Lakhs) after adjustment in accordance with BTA executed on 11th March, 2021. Out of which, ₹ 458.49 Crores (Rupees Four Hundred Fifty Eight Crores Forty Nine Lakhs) had been paid by CISCPL to the Company and the remaining amount of approximately ₹ 191.06 Crores (Rupees One Hundred Ninety One Crores Six Lakhs) will remain payable to the Company by CISCPL over a period of 3 years (or such extended time as may be agreed).

As per the terms of Joint Venture, Clariant, inter-alia, made an investment of ₹ 587.74 Crores (Rupees Five Hundred Eighty Seven Crores Seventy Four Lakhs) in CISCPL as consideration for 51% (fifty one per cent) shareholding in CISCPL. The balance 49% equity shares in CISCPL are held by the Company and its affiliate(s). More details of the transaction are mentioned in the notes to the financial statements.

This joint venture shall result in a viable and sustainable structure for the Company and should assist in creating a platform that will enable the Company to implement its long term strategy to achieve, inter-alia, combining synergies with Clariant in technology, accelerating product premiumisation, enhancing operational efficiency of the BioEO (Speciality Chemicals) Business, consolidating its position as one of the leading manufacturers and distributors of Ethylene Oxide derivative products in India.

Bio-Based Specialities and Performance Chemicals

The Company is the largest manufacturer of Bio-based glycols made from renewable feedstock i.e. molasses and Bio-based ethanol. Bio-based MEG is the largest selling product in this category apart from being from a renewable source. Bio-based MEG has a much lower

carbon footprint and therefore helps companies reduce their carbon footprint targets as one of the measures to combat climate change as has been set out in the UNSDGs – United Nations Sustainability Development Goals.

The year 2021-22 was very challenging for the chemicals business. The economic slowdown caused by intermittent Covid related lockdowns disrupted chains and made the demand supply scenario very unpredictable. Some volume of Bio-MEG business was lost due to policy shift in US market in favour of recycled PET. Domestic Glycol prices remained low so we took a conscious decision to reduce volumes in domestic market.

However, despite adversities, the Company was able to increase the sales in the domestic market and achieved a growth in the Glycol Ether segment as a result of conscious strategy to push more volumes into China in order to increase our sales revenue and capitalize on the opportunity created in domestic market due to higher price and tight availability of competition products. Sales of Glycols [Monoethylene Glycol (MEG), Diethylene Glycol (DEG), Triethylene Glycol (TEG), Heavy Glycols and Glycols Ether] have increased from 75,767 MT during the FY 2020-21 to 81,077 MT in FY 2021-22 and whereas, the sales value was at ₹ 1,024 Crores and ₹ 1,555 Crores, respectively.

During the period from April to June, 2021 (before transfer of EOD business), sales under Ethylene Oxide Derivatives (EOD/Speciality Chemicals & Ethoxylate) business was 17,762 MT with a sales value of ₹ 214 Crores.

During the year, your Company produced 86,152 MT of Glycols compared to 75,615 MT last year.

The Company continued to manufacture premium quality Hand Sanitizer from its Kashipur and Gorakhpur plants. However, with the reduced pace and impact of Covid-19, during the year under review, the Company recorded a sales value of ₹ 11.04 Crores against sale of ₹ 41.36 Crores during last year.

Exports

Despite the challenging global scenario, the Company registered a sales value of ₹ 717 Crores during the year under review as compared to ₹ 645 Crores during previous year. The increase was mainly driven by a modest 6% increase in Glycol sales value. The total export volume remained roughly same as last year.

The Company continues to hold the 'Three Star Export House' status as granted by Government of India.

Potable Spirits (IMFL, Country Liquor) and ENA

During the year, your Company registered gross sales value of ₹ 4,393 Crores as compared to ₹ 3,718 Crores last year in the Potable Spirits division. The Company has been focusing to develop the export market for Extra Neutral Alcohol (ENA) which is a price sensitive market. However, ENA volume to export market witnessed a

decline, due to high sea freight, blank sailings and erratic shipment schedules resulting in delayed deliveries. The demand for sanitizers also reduced down substantially as the pandemic situation improved. The Company continues to be a major player in North India for domestic pharma markets. It is a trusted and reliable supplier to many well established companies manufacturing homeopathic medicines. The Company continues to be a reliable supplier for customers in Nepal which is a growing market for ENA. The Company enjoys a position of a premium quality ENA supplier in the international markets and is gradually trying to increase its market share. The existing tie-up with Bacardi for bottling of their products at the Kashipur bottling unit performed well.

Your Company has the license for operations and sale of branded Country Liquor in the States of Uttar Pradesh and Uttarakhand. The Company commanded leadership position in the Country Liquor market both in the States of Uttar Pradesh and Uttarakhand. Also, the new liquor policy of Delhi Government in place from 1st April, 2022, will provide new opportunities to the Company in this segment.

The Company is producing Indian Made Foreign Liquor ("IMFL") brands from its Gorakhpur unit and Kashipur unit and couple of tie-up units. With focus on brand extension of the Bunty® family, the Company launched several IMFL brand variants and a new variant of Vodka in the Bunty® brand category. This was a huge success in the Uttar Pradesh market.

Following the strategy of premiumisation in the Potable Spirits division, the Company launched Amazing Vodka in the Semi-Premium Segment. The brand has the distinction of being packed in a beautiful frosted, printed bottle with brilliant blend which has imported enhancers/flavours. The Company also launched Amazing Vodka in Green Apple & Orange flavours.

Amazing Vodka has been well accepted by the consumers of UP, Uttarakhand and Chandigarh. Encouraged by the good success of the brand, the Company intends to take the brand national. In the semi-premium Whisky segment, the Company has successfully launched Single Reserve Whisky with a unique Winning brand promise of "blended with Indian Single Malt" while almost all others competing brands are blended with scotch. This unique selling proposition gives the brand a competitive edge. The brand has got good consumer acceptance in Uttar Pradesh, Uttarakhand, Chandigarh and Delhi etc. The brand is an integral part of Company's focus on IMFL business.

The Company is a registered supplier to the Indian Defense forces through CSD & Para Military Forces with the flagship brand "Beach House XXX Premium Rum". The Company now also plans to introduce premium new Whisky and Vodka brands thus further strengthening the Company's brand portfolio in CSD & Para Military market.

Power Alcohol (Bio-Fuels)

The Company has Power Alcohol plants at Kashipur and Gorakhpur units each with a capacity of 100 KL per day. The Company continued to produce and supply from its Kashipur and Gorakhpur units, Power Alcohol to Oil Manufacturing companies ("OMC's") through their tender process, as per Government of India's Ethanol Blending Programme for blending in Petrol. Once commissioned, both grain distilleries will also be helpful in catering to the growing demand in the Bio-fuel segment.

During the year under review, the Company registered a revenue of ₹ 9 Crores from sale of Power Alcohol as compared to ₹ 74 Crores during previous year.

Ennature Bio-Pharma (Nutraceuticals)

The Ennature Bio-pharma division of the Company is operating in the space of Plants based API's Nutraceuticals, Phytochemicals Health Supplement Ingredients. It is a leader in high-value complex phytochemicals chemistry in India. Ennature Biopharma is also the global leader in Thiocolchicoside API, a highly potent muscle relaxant. It has a strategic partnership with Algatechnologies (Part of the Solabia Group, France) for highly specialized Astaxanthin and Fucoxanthin ingredients.

The manufacturing facility is located at Dehradun and is accredited with EU written confirmation, WHO GMP, Current Good Manufacturing Practices (cGMP), ISO 9001, ISO 22000, Hazard Analysis and Critical Control Points (HACCP), Kosher and Halal. The Company had also applied for EUGMP certification from the European agency-EDQM, which is underway (delayed due to Pandemic) for audit from the European drug agency.

The unit has an advanced production facility, including organic certified Super Critical CO₂ Fluid Extraction (SCFE) & bio-based solvents' extraction facility, for production of standardized botanical extract, phytochemicals, food supplements, spice extracts and active pharmaceuticals ingredients (APIs) of natural plant origin.

The division has achieved sales of ₹ 153 Crores for FY 2021-22, as compared to ₹ 148 Crores over previous year. In spite of the challenges in both international and domestic markets, the Company has been able to maintain the leading market share in the major API categories.

The APIs derived from plant sources have been doing exceedingly well with some of the molecules having gained significant growth and captured major market share in the burgeoning global pharmaceutical market. Your Company is continuously working on diversification of API's and Nutraceuticals. Company's Nicotine API performed very well and registered significant growth in sales volumes during the year under review and supply agreements for Nicotine were executed with few key customers. The Company focused on development of new API's with a view to reduce dependency on the API-Thiocolchicoside.

The Company has also launched the ENNSOL range

of Cold Water Soluble ingredients for which marketing and promotional activities started in various markets. Maxicura (a curcumin formulation) in nanotized form, which is part of the ENNSOL range is more bioavailable than curcumin itself and is proven in the preclinical trials on animal models. Human Clinical Trials has been initiated to establish the safety and efficacy of Maxicura. The Company has undertaken major business development activities to leverage the branded nutraceutical ingredient market with the help of Maxicura. Lutein business has also able to increase presence in lucrative European market. With strong focus on R & D and formulation development, aim to diversify product portfolio to reduce dependency on a single or few products and also develop, differentiated and branded ingredients in line with requirements of US and European markets, the segment is poised to yield more growth and profitability in the time to come.

Industrial Gases

During the year under review, on account of surge in demand for Liquid Oxygen during Covid-19, the production and sale of Liquid Oxygen was on all-time high. However, the price of the medical Oxygen remained capped as per the government regulations. The Company produced 21,954 MT of Liquid Oxygen and 844 MT of Liquid Nitrogen. Both Liquid Oxygen and Liquid Nitrogen were sold in the market and also used for in house requirements. In addition, Argon of 2,671 MT was also produced and its sales were 2,650 MT.

The Industrial Gas Division also produced Beverage and Industrial Grade Liquid Carbon Di-oxide (LCO₂) at Kashipur. During the year, your Company has produced 28,753 MT of LCO₂ and its sale was 28,032 MT.

Your Company also produced ETO (Ethylene Oxide & Carbon Dioxide Gas Mixtures) under the trade name IGL-STERI GAS at its Kashipur Plant. It is suitable for sterilization of disposable surgical & medical devices, spices and packing substances like rubber, plastic etc.

The Company has an in house facility for production of EO and LCO₂ which are also used in the production of ETO. It is the only plant in India to have such manufacturing facility which manufactures both these gases and gives us a distinct edge over other suppliers in the market. During the year under review, the Company has sold 1,343 MT of Steri Gas as compared to 1,181 MT in the last year.

Further, the Industrial Gases segment registered total sales of all gases of ₹ 46 Crores during FY 2021-22 against a sale of ₹ 41 Crores during the last year.

Future Outlook - Expansion, Modernization and Diversification

IGL has established itself as a role model in sustainability. It has been possible only because of the fact that the Company adopts state-of-the-art technology with a sharp focus on safety, health, environment and quality while maximizing use of renewable resources. IGL has been

at the forefront of taking novel initiatives to create a new paradigm, each time a need arises. In the present scenario when climate changes and global warming have taken the center stage for policy makers across the world, the global chemicals industry has to adopt greener products, greener processes and take measures to reduce carbon foot-print in the value chain. IGL stands ahead in the world by graduating from being a producer of renewable and sustainable chemicals to become a PIONEER in Specialty Chemicals derived from C-smart feedstock. IGL would have the distinction of being the right partner for its customers helping them to achieve their sustainability objectives. Like in the past, IGL's products of future will remain a great enabler for the much needed circular economy and thus enabling progress on the UNSDGs (United Nations Sustainability Development Goals).

The Company has identified the following New areas to build a portfolio of value added products:

- I. New Bio-based Specialties & Performance Chemicals including:
 - Bio-Polymers.
 - Green Solvents.
 - Amines.
 - Plasticizers.
 - Speciality Derivatives.
 - Carbon-smart based Specialties
- II. Potable Spirits and ENA.
- III. Ennature Biopharma (Nutraceuticals) and Plant based API's.

Various types of products would be introduced keeping in mind the future needs of user industries. With a sound business case, each product would be designed by in-house R & D adopting the most innovative methods and approaches. The aim would not only be to capture the market share but also to maintain a competitive edge for times to come. The targeted industries for the products would include Polymers (Elastomer, inks, Coatings etc.), Personal Care, Home Care, Brake Fluids, FMCG, Oil and Gas, Refineries, Crop Care, Automobiles, Metal Working and other applications.

FY 2021-22 has been a year of interesting developments. This brought a golden opportunity to IGL in terms of creating a new R&D set up as well as diversifying into products of novel chemistries. As a part of preparing IGL for a new path forward, a plan of action for diversification has been made during the year and a new R & D centre is being established. The pilot facilities for new Bio-Specialties have already been commissioned. The Company has already started establishing its new range of products in industries identified.

IGL has already established several collaborations with global leaders for joint R & D on a long-term basis. It has given a new dimension to new product design concepts

of the Company. As a result, products being designed will have a high degree of success rate besides the development cycle being efficient in-terms of time, quality and cost. The tripartite agreement with LanzaTech and Unilever is a perfect example in this regard. Within a short span of one year not only few products were designed successfully, Unilever launched novel FMCG products based on two of them globally.

With the amount of efforts made during the year gone by and based on the initial successes obtained, it can be said that the future growth path for IGL would be taking the Company at great heights. Following notable developments are worth mentioning in this context:

- a. Obtained approvals from DSIR for new R&D centre for IGL at Kashipur and at Dehradun.
- b. IGL (alongwith our partners Unilever and LanzaTech) was conferred with ICIS surfactant award which is a sustainability award.
- c. A plan for the New specialties has been prepared and project for phase 1 has also been approved. Installation of the same is in progress.
- d. Pilot Plant facilities for new bio-specialties are commissioned and the new product development plan is being executed.
- e. New breakthroughs in DOT 4 brake fluid with leading PSUs.
- f. Several new products in Potable Spirits segment launched with notable success.
- g. Obtained CEP (Certificate of suitability) approvals from EU for an API in Ennature Bio-Pharma segment. This puts IGL in a strong position as far as export to EU are concerned.

Further, in order to save foreign exchange, benefit the farm sector and to reduce pollution, the Indian government is encouraging the industry to produce ethanol from damaged grains for ethanol blending in petrol through its ethanol blending programme ("EBP"). Manufacture of good quality ethanol and its value added derivatives has been a strength of India Glycols and the Company has initiated steps to setup Grain based Distilleries which apart from fuel blending will also cater to the growing demand for potable spirits.

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings & Outgo

Your Company works actively on various projects efficiently, approaching and targeting reduction in Green House Gases (GHG) emissions.

The Company has installed unique technology for converting distillery spent wash into fuel at both the plants viz. Kashipur and Gorakhpur. Through this technology, the spent wash is concentrated through five effect evaporator. The concentrate is utilized as fuel to substitute coal in a specifically designed boiler. The high pressure steam so generated is passed through the turbine for power generation and low pressure steam after turbine is utilized in the plant processes. Due to this, your Company is saving fossil fuel in terms of coal and substituting the essential power generation through DG sets.

Your Company has received certification of Energy Management System (ISO 50001:2018) under integrated management system.

The information in accordance with the provisions of Section 134(3)(m) of the Act read with the Rule 8 of the Companies (Accounts) Rules, 2014 is given at “**Annexure C**” to this report.

Corporate Social Responsibility

Corporate Social Responsibility ('CSR') is a way of conducting business, by which corporate entities visibly contribute to the social good and the welfare of society at large with an aim to improve quality of life of people. The Company feels that the essence of CSR is to integrate economic, environmental and social objectives with the Company's operations and growth. CSR is the process by which an organization thinks about and evolves its relationships with society for the common good and demonstrates its commitment by giving back to the society for the resources it used to flourish by adoption of appropriate business processes and strategies. To give further impetus to this cause, the Company endeavours to manage its operations with an emphasis on Sustainable development to minimize impact on environment and promotes inclusive growth.

The Company had an average profit of ₹ 8,819.75 lakhs in terms of Section 198 of the Act during the last 3 financial years. Therefore, in pursuance to the provisions of Section 135 of the Act, the Company was required to spend ₹ 176.40 lakhs towards CSR activities during the financial year 2021-22. However, keeping in view

its social responsibility commitments, the Company has voluntarily contributed an amount of ₹ 237.01 lakhs on the CSR activities during the financial year ended 31st March, 2022. The CSR policy of the Company is available on the website of the Company at <https://www.indiaglycols.com/investors/downloads/csr-policy.pdf>

The Company's CSR policy statement and the annual report on CSR activities undertaken during the financial year ended 31st March, 2022, in accordance with the provisions of Section 135 of the Act read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, is given at “**Annexure D**” to this Report.

The CSR Committee comprises two Executive Directors namely Shri U.S. Bhartia (Chairman) and Shri Sudhir Agarwal and two Non-Executive Independent Directors namely, Shri Pradip Kumar Khaitan and Shri Jitender Balakrishnan.

The details of the CSR Committee meetings and the attendance of the members thereat are provided in the Corporate Governance Report and forms part of this Report.

Risk Management Policy

The Company had already voluntarily constituted a Risk Management Committee (“RMC”) to monitor the Risk Management Plan and to mitigate the risks attached to the business of the Company before it was made mandatory by the SEBI Listing Regulations w.e.f. 5th May, 2021. The RMC consists of Directors and the senior management personnel of the Company, details whereof are provided in the Corporate Governance Report and forms part of this Report. In pursuance to the amended provisions of the SEBI Listing Regulations, during the year under review, the Board of Directors approved the revised terms of reference/role and responsibilities of the RMC and revised Risk Management Policy along with the risk matrix/ library to align them with the said amendments.

Your Company's objective of risk management is to have a meaningful identification, measurement, prioritization of risks or exposures to potential losses on a continual basis through active participation of all members of the Company and accordingly establish controls and procedures to build a visible & structured enterprise-wide risk management framework; reduce the risk levels and mitigate their effects in the likelihood of a risk event with an aim to protect the Company from harm; and have a contingency plan to manage risks having high probability and high impact.

Risk management framework is created to ensure that risk management principles are implemented and integrated all over the organization and that information retrieved from the risk management process are correctly reported. This framework provides a stable foundation for the risk management work, orient the organizational arrangements properly in order to have a clear risk strategy across the

organization & share information, experiences amongst different sites of the Company.

Considering the importance of keeping the risk management process dynamic, a periodical review of the risks is carried out across sites and departments for necessary key risks and risk management strategies are communicated to the Board of Directors for their assessment for minimization of effects of risk. ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES
for the financial year ended 31st March, 2022

1. Brief outline on CSR Policy of the Company:

Corporate Social Responsibility (CSR) is a way of conducting business, by which corporate entities visibly contribute to the social good and the welfare of society at large with an aim to improve quality of life of people. India Glycols Limited (“the Company”) feels that the essence of CSR is to integrate economic, environmental and social objectives with the Company’s operations and growth. CSR is the process by which an organization thinks about and evolves its relationships with society for the common good and demonstrate its commitment by giving back to the society for the resources it used to flourish by adoption of appropriate business processes and strategies. To give further impetus to this cause, the Company endeavours to manage its operations with an emphasis on Sustainable development to minimize impact on environment and promotes inclusive growth.

Management Discussion & Analysis

Management Discussion & Analysis Report

Economy and Industry Overview

With more than two years into the Covid-19 induced pandemic, the global economy continues to be plagued by uncertainty, with resurgent waves of mutant variants, supply-chain disruptions, and a return of inflation in both advanced and emerging economies. The economic damage from the ongoing conflict between Russia and Ukraine is expected to contribute to further slowdown in global growth in FY 2022-23 and add to inflation. The interest rates are expected to rise as central banks tighten policy. This overall risks derailing the post-pandemic recovery.

The global economy that was projected to show signs of recovery in 2022 after a short-lived impact of the Omicron variant has been going through a rough recovery process. As per International Monetary Fund's (IMF), World Economic Outlook Update, the growth of global economy is projected to slow from an estimated 6.1% in 2021 to 3.6 percent in 2022 and 2023. The global trade volumes are forecasted to grow at about 5% in 2022, before moderating down to 4% in 2023. Beyond 2023, global growth is forecast to decline to about 3.3 percent over the medium term.

As per the Economic Survey 21-22, India's real GDP was projected to record a growth of over 8% in 2022-23. As per the IMF's latest World Economic Outlook growth projections, India's real GDP is projected to grow at 8.2% in 2022-23 and at 6.9 % in 2023-24. This projects India as the fastest growing major economy in the world in the next two years.

In the backdrop of an evolving pandemic situation, the Government of India has adopted a calibrated fiscal policy approach to the pandemic, which had the flexibility of adapting to an evolving situation in order to support the vulnerable sections of society/firms and enable a resilient recovery. India's unique agile policy response differed from the waterfall strategy of introducing front-loaded stimulus packages, adopted by most other countries in 2020. The stimulus measures announced so far during the year 2021-22 include liquidity enhancing and investment boosting measures such as the Production Linked Incentives scheme, credit guarantee schemes and export boosting initiatives. The global supply chain vacuum caused by geo-political changes work in India's favour and expected to add momentum to economic growth trajectory as India becomes a key natural choice for sourcing and making it a promising investment destination.

Sustainability has increasingly become a focus area for the chemical industries. Industry is working on adoption of chemical recycling, decarbonization etc. These developments will likely help grow renewables, improve energy efficiency, reduce emissions, and create new markets for carbon and other byproducts as part of an increasingly circular economy. The benefits of decarbonizing chemical companies could spread beyond the industry itself, since chemistry provides the building blocks for many value chains.

The Indian chemicals industry stood at US\$ 178 billion in 2019 and is expected to reach US\$ 304 billion by 2025 registering a CAGR of 9.3%. The demand for chemicals is expected to expand by 9% per annum by 2025. Indian chemical industry accounts for approx. 3% of the global chemical industry is expected to contribute US\$ 300 billion to India's GDP by 2025. An investment of ₹ 8 lakh crore (US\$ 107.38 billion) is estimated in the Indian chemicals and petrochemicals sector by 2025. As per India Brand Equity Foundation, the chemical industry in India is extremely diversified, covering more than 80,000 commercial products. Between FY 2015 and FY 2021, the compounded annual growth rate (CAGR) in revenue for India's chemical companies was 11% and Indian chemical industry is expected to continue the trend for next couple of years.

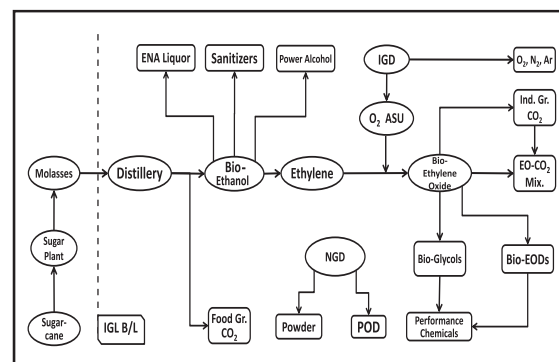

India Glycols Limited being the only Bio-based ingredients and Performance Chemicals Company of its kind, figures in the list of leading chemical manufacturers in the country.

Products

INDIA GLYCOLS LIMITED is one of the leading manufacturers with its presence in Bio-Based Specialities and Performance Chemicals, Potable Spirits, Ennature Biopharma, Bio Polymers and Industrial Gases. Our state-of-the-art manufacturing facilities are working to provide sustainable value added products using the superior technologies. To represent all its segment in the current context, the Company has changed the names of all the segments from Industrial Chemicals, Ethyl Alcohol (Potable) & Nutraceuticals to Bio-Based Specialities and Performance Chemicals, Potable Spirits & Ennature Biopharma, respectively. For details, refer note no. 59 of the Standalone Financial Statements.

The manufacturing building blocks are as presented below:

Manufacturing Building Blocks

The Company has organised its business into:

A. Bio-Based Specialities and Performance Chemicals ("BSPC") having following :-

- Bio-based Glycols (MEG, DEG, TEG and Heavy Glycols), Glycol Ethers, Glycol Ether Esters.

- Bio-based Ethylene Oxide and *Ethylene Oxide Derivatives (EODs).
 - Power Alcohol (Bio Fuel), Industrial Gases, Bio Polymers etc.
- B. Potable Spirits-Indian Made Foreign Liquor (“IMFL”), Branded Country Liquor and ENA (Extra Neutral Alcohol).
- C. Ennature Biopharma

*till 30th June, 2022. Post that EOD business was transferred in terms of Business Transfer Agreement. Details whereof are given under the heading Ethylene Oxide Derivatives (EODs) in this report.

The segment wise business share is indicated as below:-

Segment	Gross Revenue 2021-22 (₹ In Crores) (Domestic + Exports)	% Share
A. BIO-BASED SPECIALITIES AND PERFORMANCE CHEMICALS	2,235	32.82
B. POTABLE SPIRITS	4,419	64.89
C. ENNATURE BIOPHARMA	156	2.29
TOTAL	6,810	100.00

Bio-Based Specialities and Performance Chemicals Segment(BSPC)

Gross revenue in Bio-Based Specialities and Performance Chemicals segment has increased to ₹ 2,235 Crores from ₹ 2,162 Crores in FY 2021-22. This segment has contributed about 32.82% of the gross revenue of the Company.

FY	2019-20	2020-21	2021-22
Bio-Based Specialities and Performance Chemicals Gross Revenue (₹ in Crores)	2,727	2,162	2,235

Bio-based Glycols

Sales of Glycols [Monoethylene Glycol (MEG), Diethylene Glycol (DEG), Triethylene Glycol (TEG), Heavy Glycols and Glycols Ether] has increased from 75,767 MT in FY 20-21 to 81,077 MT in FY 21-22 and resultantly, the sales value also increased from ₹ 1,024 Crores to ₹ 1,555 Crores, respectively. The global chemical trade was adversely affected by prolonged lockdowns due to spread of Covid pandemic. The Bio-MEG sales grew in Far East markets

but experienced a slowdown in US/European markets as they were also impacted by the Covid-19 scenario and shift towards Recycled Polyethylene Tetraphyte (RPET).

International prices of crude based MEG remained in the range of US\$ 650-675 during large part of the year. Tight container availability and limited sailing slots on vessels continued to impact order cycle time and disturbed delivery schedules.

IGL registered growth in the Glycol Ether segment as a result of aggressive market strategy and taking advantage of competition products being priced comparatively higher. Butyl and Propyl Glycol Ether prices were high thus pushing up the international prices of Ethyl Glycol Ethers which resulted in higher sales and better margins. There was some erosion of margins due to high sea freights and production cost going up due to high energy cost and ethanol remaining firm. The overall business performance of Glycol Ethers (exports and domestic) has been pretty impressive in terms of volume, value and contribution. All products were sold at good margins.

Ethylene Oxide Derivatives (EODs)

The Company, during the year under review, successfully formed a 49:51 JV with Clariant International Limited (“Clariant”) wherein, the Company along with its affiliates holds 49% shares and Clariant holds 51% in Clariant IGL Specialty Chemicals Private Limited (“CISCPL”) (erstwhile IGL Green Chemicals Private Limited). The Company through JV intends to further increase its EOD business by developing new products and applications combining its synergies with Clariant in technology. For further details of the transaction, Board Report be referred.

Surfactants and Speciality Chemicals

In order to meet the requirements of various industry sectors, India Glycols has been developing specialty surfactants as well as specialty chemicals for niche applications. These products are sold based mainly on their performance.

Opportunities & Challenges

The global MEG market is about 32 Million MT and expanding at a CAGR of about 6%. At this rate the MEG market would be in excess of US\$ 65 Billion by the end of year 2031-32. In year 2020-21, the global market was estimated to be valued at US\$ 35 Billion. Manufacturers of MEG are finding opportunities in the plastics and polyester industries. MEG manufacturing is being increased in order to produce polyester fiber, packaging materials and polyester films. The product further finds application in several industrial uses such as antifreeze, hydrate inhibitor in gas pipelines, coolants and as a heat transfer agent, which is projected to produce ample prospects from various end-use industries.

The biggest driver of demand is likely to be the increasing market for polyester fiber from the textile sector in Asia Pacific region. In India, the strong domestic PET demand and increase in exports of textiles and apparel by about 40% shall keep the MEG on firm footing. In India the demand for MEG has been witnessing a CAGR of around 7-8% which is higher than global average.

Reliance Industries Limited, Indian Oil Corporation Limited and India Glycols Limited are the only MEG manufacturers

in the domestic market. Though production has seen a modest growth, it is not enough to meet domestic demand and the large gap is met through heavy imports.

The business environment in year 2021-22 has been very challenging for the Chemical industry due to Covid Pandemic and various global markets being subjected to lockdowns at different times of the year impacting sales as well as prices. The volatility in price greatly impacted the business. Feedstock Ethanol prices witnessed unprecedented increase throughout the year. The energy cost went up due to scarcity of coal and resulting high procurement price. The logistics cost and the sea freight went up steeply. All this had a cumulative impact on margins.

IGL performed rather well despite all the adverse factors due to persistent efforts to go into new markets and offer its product for diverse end use applications.

IGL has leveraged its position as the only Bio/ Green MEG supplier commercially and positioned its products for niche segments with high realizations. Potential customers interested in meeting their objective of using environment friendly chemicals made from natural renewable resources having low carbon footprint have shown lot of interest in IGL products. This concept offers a good business opportunity which will enable higher capacity utilization with better realization.

Power Alcohol (Bio- Fuels)

In our continued thrust towards offering sustainable and renewable ingredients, the Company has set-up Power Alcohol plants at Kashipur and Gorakhpur each with a capacity of 100 KL per day. During the year under review, production and supplies of Power Alcohol to Oil Manufacturing companies (“OMC’s”) for blending in Petrol as per Govt. Policy were continued by the Company from its both plants through tender participation. The Company registered a revenue of ₹ 9 Crores during financial year 2021-22 as compared to ₹ 74 Crores last year from sale of Power Alcohol.

Industrial Gases

IGL’s Kashipur Plant has a capacity of Liquid Oxygen of 60 MT/day, out of which 20 MT/day is Medical grade and 40 MT/day is Industrial grade. During the second wave of Covid in Q1/FY 22, the Company voluntarily converted the Industrial grade Liquid Oxygen to Medical grade and supplied 60 MT/day of Liquid Oxygen of Medical grade to the hospitals/refillers as per Government allotments.

During the year under review, the Company, from its Air separation unit, produced 21,954 MT of Liquid Oxygen and 844 MT of Liquid Nitrogen. Both Liquid Oxygen and Liquid Nitrogen were sold in the market and also used for in-house requirements. In addition, Argon of 2,671 MT was also produced and its sales were 2,650 MT.

Industrial Gas Division also produced Beverage and Industrial Grade Liquid Carbon Di-oxide (LCO2) at Kashipur. During the year, your Company has produced 28,753 MT of LCO2 and its sale was 28,032 MT.

Your Company also produced ETO (Ethylene Oxide & Carbon Dioxide Gas Mixtures) under the trade name IGL-STERI GAS at its Kashipur Plant. It is suitable for

sterilization of Disposable Surgical & Medical Devices, spices and packing substances like rubber, plastic etc. The Company has in-house facilities for production of EO and LCO2 which are used in production of ETO and as such it is the only plant in India to have such manufacturing facility, which gives us a distinct edge over other suppliers in the market. During the year under review, the Company has sold 1,343 MT of STERI Gas as compared to 1,181 MT in the last year.

Further, the Industrial Gases segment registered total sales of all gases of ₹ 46 Crores as compared to ₹ 41 Crores during the last year.

Potable Spirits and Extra Neutral Alcohol (ENA)

During the year, your Company registered total sales value of ₹ 4,393 Crores as compared to ₹ 3,718 Crores last year in the Potable Spirits division. The Company has three state-of-the-art distilleries (Kashipur- Uttarakhand, Gorakhpur-Uttar Pradesh, and Saharanpur- Uttar Pradesh (through its subsidiary)) with a total distillery capacity of 280,000 KLPa for the production of ethyl alcohol, out of which, 80,000 KLPa is for potable alcohol. The Kashipur facility is considered one of the most efficient distilleries in the country. Apart from producing industrial alcohol for its captive consumption, IGL is also one of the biggest exporters of international quality ENA (Extra Neutral Alcohol). The Company has been certified by CONTROLUNION, an International certifying agency, for “Bonsucro MB ‘Chain of Custody’ Standard” for ENA-Special Sprit.

The major deviation seen from Sanitizer market which was substantially reduced because Covid was in control in India. We also saw a decline in volume to export market due to high sea freight, blank sailings and erratic shipment schedules resulted in delayed deliveries. The Company continues to be a major player in North India for domestic pharma markets. It is a trusted and reliable supplier to many well established companies manufacturing homeopathic medicines. The Company enjoys a position of premium quality ENA supplier in the international markets and is gradually trying to increase its market share.

Kashipur is the only bottling plant in India to adopt ISO 22000 (food safety management systems) quality standards in addition to ISO 9000, 14000 and 18000. In Uttar Pradesh IGL’s “Bunty Babli®” brand is the highest selling brand in the country liquor segment. The Country Liquor is now made from ENA. IGL has continue to hold the commanding position as the largest supplier

of country liquor with highest market share in the states of Uttar Pradesh and Uttarakhand. During the year under review, the Company successfully launched Semi Premium Vodka called Amazing from the Gorakhpur Unit. It's Green Apple & Orange flavours are also very appreciated by the Consumers. This is because of its excellent German flavours and brilliant printed bottles. It is a favourite of the youngsters in particular. Demography of our Country is such that young population is huge, thereby there is good potential for the brand. IGL also Launched a Semi Premium Whisky named as Single Reserve. It has a unique innovative concept of "blended with Indian Single Malt". The brand is futuristic with a note of peat & has delighted the consumers. IGL intends to take the brand national and also intends to launch couple of more premium brands of IMFL in the time to come.

Another feather in the Cap of IGL is to introduce its Bunty Green Apple Vodka in Tetra pack., The Company enjoys the largest market share (over 40%) in the flavored Vodka category in the Tetra segment. The Company is a registered supplier to the Indian Defense Forces through CSD & Para Military Forces, and under premiumisation aims to introduce a new range of Whisky & Vodka brands. In high spirits, with improved quality and packaging, IMFL brands scores over the competitive market. India Glycols is also embarking on IMFL growth.

Ennature Biopharma

During the year, your Company registered sale value of ₹ 153 Crores as compared to ₹ 148 Crores last year in the Ennature Bio-pharma division.

With focus on the strategy to develop a diversified product portfolio, the Company has developed few API's which did well. The division has successfully received 1st CEP (Certification of EU pharmacopeia) from EDQM for our flagship API-Thiocolchicoside. The division is targeting to receive CEP for another API in the current fiscal. During the year under review, the Nicotine API performed very well and registered significant growth in sales volumes prompting the Company to enhance the capacity. All this will help the Company in further tapping the European and Russian markets. The Company has also launched the ENNSOL range of Cold Water Soluble ingredients for which marketing and promotional activities has started in various markets. Maxicura (a curcumin formulation) in nanotized form, which is part of the ENNSOL range is more bioavailable than Curcumin itself, proven in the preclinical trials on animal models. Additionally, the Company has taken several energy saving and solvent

recycling initiatives to make the plant more efficient and competitive. On account of pandemic, people are becoming more health cautious and , the market focus would remain more on health & health supplements, making this segment look promising in the times to come.

Exports

With an objective to create a niche market for its green chemicals, the Company has been focusing on exports as one of its key segments for future growth. For the past few years the effort has been to create a product differentiation and market segmentation on the basis of the green low carbon attributes of Bio-MEG. This has positioned the Company as a 'Green Chemicals' Company in the international market and is today a well-known supplier of bio-glycols. The Company is working with a well thought over strategy to cater to the global high value added green market constituting Multinationals & Large Corporates, who have a special concern for the environment and have their internal sustainability objectives of moving towards green products. As result of sustained efforts, today, IGL enjoys the trust and confidence of world renowned companies in beverage/packaging/textile fiber segment and is a regular supplier of Bio-MEG made from renewable green feedstock.

IGL has been at the forefront of taking initiatives to partner with global brands to create a new paradigm in reducing the carbon footprint and meet its sustainability objectives. In this direction, IGL has partnered with a leading international technology innovator to use ethanol made from recycled industrial carbon emissions and convert into MEG. This low carbon path of Ethanol to MEG has great acceptability with consumer brands looking to bring sustainable sourced recycled carbon into their supply chain.

Despite the challenging global scenario in chemical trade, the export sales value increased by 11%. The increase was mainly driven by increase in Glycol sales value. The total export volume remained roughly same as last year.

During the year under review, your Company has recorded export sales value of ₹ 717 Crores as compared to ₹ 645 Crores during last year. The Company continues to hold the 'Three Star Export House' status as granted by Government of India.

Financial Review

Amidst the challenging business and economic conditions, the Company's overall performance resilient, consistent and good. During the FY 2021-22 on a standalone basis,

your Company recorded total revenue of ₹ 6,837 Crores as compared to ₹ 6,070 Crores in FY 2020-21. Whereas, the profits after depreciation and tax for the FY 2021-22 were ₹ 285 Crores as compared to ₹ 84 Crores during the FY 2020-21 which includes an exceptional gain from slump sale of Company's BioEO (Speciality Chemicals) Business. For more financial details, Board Report be referred.

During the year under review, the Gross Fixed Assets has decreased to ₹ 2,589 Crores in FY 2021-22 from ₹ 2,659 Crores in FY 2020-21 on account of slump sale of Company's BioEo (Speciality Chemicals) Business to Clariant IGL Specialty Chemicals Private Limited ("CISCPL") (erstwhile IGL Green Chemicals Private Limited).

The Company has been regular in meeting its obligations towards timely payment of principal/interest to the financial Institutions and Banks.

Key Financial Ratios:

Details of Key Financial Ratios and explanation for significant changes therein are provided in note no. 64 to the Standalone Financial Statements for FY 2021-22.

Outlook

One of the critical areas of focus for most chemical companies in 2022-23 and thereafter will likely be sustainability and decarbonization. But it's not only about taking out the carbon. There are also increasing calls for the industry to make less-toxic products that are safer for humans and the environment. Thus, the already widened scope will further expand significantly for chemical companies in response to shareholder and customer demand. The benefits of decarbonizing chemical companies could spread beyond the industry itself, since chemistry provides the building blocks for many value chains.

Also, with the rise of new materials and technologies, alternative energy sources and fuels, and circular-economy business models, new business ecosystems should and will emerge.

With global changing lifestyle habits of humans amid more environmental concerns, demand of speciality chemicals has surged. As per CRISIL Ratings, the resurgence in demand of specialty chemicals spurred to ramp up the capacity expansion (capex) plans in the segment.

As a dynamic and professionally driven organization, remaining always ahead of its time, IGL has emerged as a leading manufacturer of various Bio products with the distinction of being the first and the only company of its kind in the world, manufacturing bio-based performance chemicals adopting green technology.

In July, 2021, the Company has successfully formed a 49:51 JV with Clariant International Limited. The JV

has emerged as a unique set-up having strengths and capabilities of the two leading companies dedicating themselves for the noble cause of environment-friendly green chemistry including Bio-based surfactants, in the world.

The Company is also a producer and supplier, in B2B category, of Nutraceuticals and phytochemical products, being derived from herbs, vitamins, minerals and with time have gathered greater acceptance as a preventive health care measure. The segment is expected to grow at a fast rate due to rising demand for dietary supplements. The growth trend in the Potable Spirits segment of the Company has also showcased better growth possibilities in the coming years.

The Company has a vast product range that covers a wide variety of specialty chemicals and herbal products such as nutraceuticals, phytochemicals, bio-polymers, industrial gases etc. User industries prefer products of IGL because they have significantly low carbon footprint. In recent times, IGL has partnered with reputed companies for supplying bio-based chemicals and aims to move towards supply of more value added chemicals. With this, IGL is well placed to become the leading manufacturer of a large number of products that will have potential to replace conventional products derived from fossil resources.

Sustainability-Health, Safety, Environment and Management Systems

India Glycols Limited prioritize employee's Safety, Health and Environment to enhance its reputation as a responsible corporate. The Company's Policies covers-Quality, Safety, Health, Environment Stewardship & Energy conservation; it extends support to stakeholders and influencing the entire value chain. This also helps in sustaining environmental impacts beyond the prescribed limits and address social responsibility.

The Company has signed on to Responsible Care® Guiding Principles to become signatory to Indian Chemical Council's Responsible Care® initiative. These Principles apply to the Company globally. Being a Responsible Care® signatory, Company is committed for continual improvement of the performances in the fields of environmental protection, occupational safety and health protection, process safety, product stewardship and logistics, as well as to continuously improve dialog with the neighbours and the public.

Health

Your Company accords very high priority to provide healthy and safe working environment. Company has a medical centre at factory site with basic amenities; two qualified and experienced doctors with trained and

experienced para-medical personnel are available round the clock to meet any contingency. The Company also has a qualified Occupational Health Physician. Company also has ambulances to provide necessary assistance in case of any emergency. All employees are required to undergo annual medical check-up for early diagnosis of any health problem. Company has made arrangements for treatment of employees and their dependents under the mediclaim insurance policy, which allows employee to avail treatment from any of the listed hospitals without having to make any immediate cash payments. The Company arranged free vaccination for employees and immediate family members under Pandemic. The Company also took care for the medical expenses of employees and their family members who suffered due to the Covid-19 infection. This provides the employees much needed emotional and financial security. The Company organizes blood donation camp as part of community welfare activities.

The Company also organizes medical camps at nearby villages and organize/assist in National health related programs in the nearby villages as part of community welfare activities.

Safety

Your Company has set up elaborate safety systems to ensure proper safe work environment. Emphasis is given to prevention of any accident. As a result of strict safety norms being followed Company has been able to maintain good safety record and has received various prestigious national and international safety awards recognizing the safe working environment available at the factory.

A Central Safety Committee has been constituted to continuously review and upgrade the safe working practices. Emergency management plan is in place for mitigating any kind of emergency. Proper systems have been set up to record and report any accident, which is thoroughly investigated and corrective action taken for future prevention.

At work place appropriate protective equipment and gears are provided to the employees and usage of the same is strictly monitored to ensure high level of safety. Safety training programs are regularly conducted for training the employees in proper use of safety equipment and following the safe work practices.

The Company always encourage internal and external stakeholder by conducting motivational program on safety by celebration of National Safety Day, Fire Service Day and Transport safety awareness program to promote safe work practices and environment inside and outside premises.

Various incentive schemes are in operation for motivating the employees to ensure working in the safe environment.

The Company has its own Fire Station fully equipped with Fire Tenders, modern communication facilities and elaborate auto fire hydrant system and other equipment which are manned and supervised by trained experts. There is also auto fire alarm system covering all the areas. Live fire training drills are organized to provide hands-on training to the employees.

Environmental Stewardship

Environmental stewardship refers to responsible use and protection of the natural environment through conservation and sustainable practices.

Your Company uses molasses, residue product of sugar mills generated in the process of manufacturing of sugar. The molasses converted into alcohol in the captive distillery and thereafter used in the process to make ethylene oxide and its products. Company has set up elaborate systems by making substantial capital investments for proper treatment of the effluent generated and meets all the requirements in this regard. The Company has also installed Rain Water Harvesting systems and keeps on working for reduction of water footprint (WFP).

To make the system more environmental friendly, Company has developed a green belt all around its factory by growing approx. 1,20,000 trees of different species some of which are fruit bearing in addition to providing green cover. All possible efforts are being made to preserve the environment and improve the same as far as possible.

The Company has already achieved zero effluent discharge from their Ethanol Plants by having concentrated effluent burning in specially designed Boilers.

The Company focuses on effective integration with the basic philosophy of resource optimisation, use of alternative sources and maximisation of 'recycle and reuse' by innovation. The liquid effluent from Distillery is concentrated in the evaporator system to generate concentrated spent wash (slop). The Slop (concentrated spent wash) from the evaporator is used as fuel for the generation of steam and electricity. This is a novel boiler that has been developed for utilization of concentrated spent wash and generation of steam there from.

Sustainable Environment and Climate Change Initiatives

India Glycols Sustainable Solutions makes it easy for customers to identify, evaluate and select the right materials.

There are number of sustainable solutions and product grades. The raw material, properties, performance and/or content of these materials make a significant contribution

to reduced environmental impact, from lowering carbon emissions and minimize use of the earth's limited resources.

Sustainable solutions are based on number of defined action plans and standard based on Life Cycle Assessment (LCA) methodologies. India Glycols Sustainable Solutions enable customers to confidently choose high-performance materials that advance their environmental and business goals.

Your Company is continuously working for integrating the life cycle perspective in management system, as per revised Environmental Management System for bringing product and process in a more sustainable direction.

The Company believes in life cycle approach which directs business to consider responsibility on environmental protection from raw material procurement to product use. Company has conducted comparative Life Cycle Assessment (LCA) study of Bio-Mono Ethylene Glycol (Bio-MEG) based on ISO 14044-2006 standards and determining several Environmental Impacts (including Carbon Foot-Print) from its Renewable Manufacturing Approaches and conclude that "Manufacturing MEG through Renewable based raw materials is a better option than adopting Conventional Petro route approaches in India, US and Europe". The LCA study was conducted on a purchased software-SIMAPRO and report of "LCA on Bio-MEG" got Peer Reviewed.

In continuation Company has also conducted Life Cycle Assessment (LCA) study for its other products such as Bio-Ethanol, Bio-Ethylene Oxide, Bio-Glycols and Bio-Poly Ethylene Glycols etc. Company is working continuous on Life Cycle Assessment (LCA) study for its other products such as Ethylene Oxide derivatives and specialty chemicals.

Your company has become key partner in supply chain for innovative process of MEG, Ethylene Oxide and derivatives production by utilizing biotechnological converted Ethanol from industrial carbon emissions.

The Company always encourages stakeholders' by conducting motivational program on environment by celebration of World Environmental Day. The focus of the World Environment Day Program was to promote environmental stewardship practices. Special campaign was taken up with communities, employees and individuals to come together and explore sustainable alternatives to reduce Air Pollution and encourage to participate in water conservation practices. The Company has taken up several initiatives in promoting climate change and environment-sustainable projects. Your Company's Gorakhpur plant has got its Large scale CDM project

(Title: Biomass based Cogeneration Project activity taken up by IGL at Gorakhpur, U.P.; Annual CER's 110,157 MT CO2 equivalent) registered at UNFCCC.

Management Systems

• Integrated Management System

Your Company is having Integrated Management System (IMS) comprising of Quality Management System, Environmental Management System, Occupational Health & Safety Management System, Food Safety Management System, Food Safety System Certificate, Energy Management System and Social Accountability. Your Company is successfully certified against the new revised High Level Structure (HLS) of Quality Management System (ISO 9001:2015), Environmental Management System (ISO 14001:2015), Occupational Health & Safety Management System (ISO 45001:2018), Energy Management System (ISO 50001:2018), Social Accountability (SA 8000:2014), Food Safety Management System (ISO 22000:2018), Food Safety System Certificate (FSSC 22000 ver-5), as applicable. All these are comprised under Integrated Management System and accreditation done by M/s DNV, a renowned certification agency.

Special emphasis on risk-based thinking has been the new focus of Quality Management System & Environmental Management System. This risk based thinking enables to determine the factors that could cause deviation in processes and thereby in management systems, which may pose business risk in turn. This risk-based thinking offers opportunity to put necessary controls, to mitigate and minimize the premature risks, in place. Furthermore, preventive actions can be implemented to avoid any potential business risk. Value addition to Environmental Management System is its new focus and emphasis on Life Cycle Perspective to achieve sustainable development by balancing three pillars Environment, Society and Economy which are essential to meet the present day need of sustainable business without compromising ability of future generation and rendering them impaired. Integrated Management System has been upgraded to cover RC 14001:2015 standard. Responsible Care helps companies to not only improve their environmental, health, safety and security performance, but also to improve their business operations. As per requirement of the standard, emphasis on risk-based thinking is given. Focus for security is also considered in addition to Quality, Health, Safety & Environment system.

The Company also has HALAL and KOSHER certificates for the defined products. The Company

has worked for “Bonsucro MB ‘Chain of Custody’ Standard” for the Extra Neutral Alcohol (ENA)- Special Sprit and successfully certified by CONTROLUNION. The Company uses an established ERP system of SAP S/4 HANA which is built on a robust IBM hardware platform and has helped the Company to achieve inter-alia, faster performance, improved user experience through simplified data structure, smaller data footprint & embedded analytics. The Company is practicing Behaviour Based Safety (BBS) under name “BHAVISHYA BANAYE SURAKSHIT”.

- **Process Safety Management System**

India Glycols is working towards implementation of Process Safety Management (PSM) along with RC in the organization to ensure systematic and high level Process Safety by elaborating its specific elements and ensuring the safety of employees, environment and physical plant assets in the event of any unexpected process excursion. All the new project and major changes has been processed through Hazard and Operability Study (HAZOP), Quantitative Risk Assessment (QRA) and Pre Startup Safety Review (PSSR). Company has digitized one of the key pillars of PSM as Management of Change in SAP system which helps to compile process safety information and changes as another key pillar of PSM.

The Company also carried out Hazard Identification and Risk Assessment as Group Risk Assessment (GRA) and have a well-defined safety work permit system to ensure safe jobs

Lean Management

Your Company has adopted a systematic approach to identifying and eliminating non-value-added activities through continuous improvement by following the product through flow processes based on a signal from the customers (internal & external). India Glycols Ltd. uses the building blocks of – standardized work, optimization of manpower, workplace organization 5S & visual controls, material handling systems, effective plant layout, improved operational and maintenance practices, quality at the source, batch cycle time reduction, customer demand-based manufacturing, point of use storage, quick changeover, cellular manufacturing, process improvements, Kaizen, world class manufacturing, synchronous manufacturing and inventory management. We are committed to work towards continual improvement of Quality, Environment, Health & Safety, Food Safety, Energy Performance and Social accountability and we discourage discrimination of any kind in any form.

R&D and Customer Oriented Innovation

R&D and innovations, for new product development (NPD), have always been driving growth of IGL, since beginning. Designing new products, establishing them with the customers, adopting novel ways to keep improving them and in the end ensuring that the products render value to the customers has been the life cycle of NPD. In order to remain competitive or to maintain an edge over competition, R&D has been focusing on finding alternative ways both in terms of inputs as well as process technology. The aim has always been to design products, while keeping the interests of customers in mind and ensuring high level of value creation and value addition. Major products of IGL are of low level of carbon footprint, keeping in view the global trends which are creating demand for products that can help achieve the targets of net zero; products being mostly derived from renewable resources.

The year gone by has been quite transformational for IGL. The Bio-EO (Speciality Chemicals) business has been transferred to a Joint Venture of IGL and Clariant International Limited. As per the business transfer arrangement, R & D facilities of Bio-EO (Speciality Chemicals) business forms part of JV. Accordingly, IGL have created a new R & D Centre focusing on NPDs of completely different chemistries as well as specialty applications. During the last one year, following notable tasks have been completed by IGL, R&D:

a) **DSIR approval for new R&D set-up:** IGL R&D Centre has always been approved by DSIR (Department of Scientific and Industrial Research), Government of India, since the year 1993. Ever since then, the approval has been renewed based on its out-come oriented Research every three years. This distinction is also received based on the State-of-the-Art facilities as well as the out-come of the Research carried out in the past. By virtue of this approval, R&D activities of India Glycols are recognized by Government as of high standard. This also provide us with an opportunity to collaborate and corporate with Govt. Institution even for strategic areas. The efforts of the R&D has always been to value create and value add through New Product Development for Sustainability of the Company.

At the time of formation of JV, it was imminent to acquire DSIR approval for JV R&D. At the same time, it was also essential to secure DSIR approval also for new R&D set up of IGL. The NPD domain of Bio-Polymers, derivatives of bio-polymers, alternative feed stock like C-smart alcohol or Purple alcohol, Nutraceuticals, Functional foods, API etc. were

covered under the new R&D plan. It is a matter of pride that all the targeted approvals from DSIR were obtained. Now, all the R&D facilities of IGL as well as JV are DSIR approved. It is a notable achievement because this brings all R&D facilities at Kashipur as well as Dehradun approved by DSIR.

- (b) **Plan for setting up facilities to carry out NPDs work:** IGL R&D would focus on completely new range of chemistries and application, in future. For this purpose, certain process development and product development facilities have been planned. This will help design process for novel NPDs so that new range of NPDs can be launched. The focus will always be to design NPDs with low carbon foot-print.
- (c) **Finalization of R&D Centre building for future:** In order to be able to pursue development work, lab scale facilities of the R&D housed in new building has been finalized. For taking the NPD work from Lab scale to Pilot and semi commercial scale, pilot plant facilities have also been finalized. All these facilities including the R&D building would be ready within a year. The NPD work for new specialties has started and some products have also been developed in the lab.
- (d) **Novel specialties, of low carbon foot-print to achieve Net Zero targets:** Based on the business case, NPD plan for novel specialties has been drawn. A system for taking up of NPDs based on business case has also been put in place. In future, all the NPDs would be taken up, following this system by a NPDI group created for this purpose.
- (e) **Future trends and growth path:** The products are being developed keeping in mind the aim of providing indigenous products for different industry sectors, by using local resources, while matching with global standards of quality. As an R&D driven organization, remaining always ahead of its time, IGL has emerged as a leading manufacturer of Bio-Glycols, Bio-Ethylene Oxide, Bio-Glycol Ethers, Bio-Surfactants, Bio-Polymers, and performance chemicals with the distinction of being the first and the only company of its kind in the world, manufacturing bio-based performance chemicals adopting green technology. The Company has a vast product range that covers a wide variety of specialties and herbal products such as nutraceuticals, phytochemicals, bio-polymers mainly Polygalactomannans, industrial gases and liquor. User industries prefer products of IGL because they have significantly low carbon footprint. IGL has several firsts to its credit including the state-of-the-art manufacturing of bio-polymers. "Ennatura

Biopharma" Division, a unit which is GMP compliant, HACCP and CEP approved, established in 2008 at Dehradun, Uttarakhand, makes IGL as the leading manufacturer of nutraceuticals, APIs, etc., adopting green technology of Highly Selective Supercritical Fluid Extraction (SCFE-CO₂).

The rapidly changing scenario has put a lot of demand on R&D to ensure that areas such as Environment Protection, Control of Water Pollution and Energy Efficiency. Thus, R&D will focus on innovative solutions through "GREEN CHEMISTRY" which has also been is a key focus area of India Glycols. India Glycols Ltd. is further diversifying to Bio-based Specialities; a new ranges of products are being developed based on novel chemistries and Green Technology. Customized value-added products and processes, with emphasis on "Sustainable" approaches via use of renewable RMs and savings of energy as well as water, were designed. In order to ensure that India Glycols remain ahead of its competitors, these products were developed as per global standards using renewable resources. All these products and processes met most of the international standards and accreditation of REACH/ HALAL etc.

Future growth path: Having several key starting materials at its hand, IGL is well placed to become the leading manufacturer of a large number of products that will have potential to replace conventional products derived from fossil resources. A significantly high capacity of key starting materials: Bio-ethylene; Bio- EO; Ethanol; CO₂; N₂; and O₂, IGL is poised to exploit these starting materials for several new chemistries. There will be possibilities of a variety of products produced by IGL to replace conventional ingredients derived from fossil-resource. Thus, IGL will not only be the provider of import substitutes of Bio-specialties (specialty chemicals of minimum carbon footprint and extraordinary performance) but it will also become a resource point of quality products for de-carbonization goals. It would be appropriate to say that IGL today is the perfect example of "Make-in-India", while helping the cause of benefiting farmers, through the indigenous product design capability of IGL, R&D. In future, IGL will be a trustworthy partner for those dedicated to net zero.

- (f) **New range of products in pipeline:** following would be the new range of products from IGL, based on unique and innovative concepts: i) Products derived from C-smart or Purple alcohol, ii) Bio Based specialties, iii) Green solvents including a range

of bio-esters, glymes, Specialty amines etc., iv) Specialty derivatives of Polygalactomannans, v) APIs and Nutraceuticals.

IGL R&D would be focusing on following major industry sectors: i) Oil & Gas Industry including refineries, ii) Automobiles, iii) Metal working Industry, iv) Industrial and institutional cleaning, v) Rheology modifiers for Petroleum Industry, vi) Food Industry, vii) Health care etc.

Internal Financial Controls and their Adequacy, Risk Management

The Company has in place adequate internal financial controls commensurate with the size, scale and complexity of its operations. The Company periodically discusses and reviews at its Audit Committee and with its auditors the effectiveness of the internal financial control measures implemented by the Company including with reference to the Financial Statements of the Company.

Moreover, Company continuously upgrades and validates these systems in line with best practices and standards on internal control systems and procedures. The Company has a Risk Management Committee consisting of Directors and the senior management personnel of the Company to monitor the Risk Management Plan, to identify and mitigate the risks attached to the business of the Company.

Your Company's objective of risk management is to have a meaningful identification, measurement, prioritization of risks or exposures to potential losses on a continual

basis through active participation of all members of the Company and accordingly establish controls and procedures to build a visible & structured enterprise-wide risk management framework; reduce the risk levels and mitigate their effects in the likelihood of a risk event with an aim to protect our Company from harm; and have a contingency plan to manage risks having high probability and high impact.

Risk management framework is created to ensure that risk management principles are implemented and integrated all over the organization and that information retrieved from the risk management process are correctly reported. This framework provides a stable foundation for the risk management work, orient the organizational arrangements properly in order to have a clear risk strategy across the organization & share information, experiences amongst different sites of the Company.

Considering the importance of keeping the risk management process dynamic, a quarterly review of the risks is carried out across sites and departments for necessary key risks and risk management strategies are communicated to the Board of Directors for their assessment for minimization of effects of risk.

Human Resource/Industrial Relations

Company continues to focus on training its employees on a continuous basis both on the job and through training program to face challenges in the business/industry. During the year, industrial relations have been cordial. Total Number of Employees on Company's role has been around 1,231 (including 80 apprentice).

Cautionary Statement

The statement made in this report describing the Company's expectations and estimations may be a forward looking statement within the meaning of applicable securities laws and regulations. 2. **How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.**

The Company has not received any complaint under the above Codes /Policies during FY 22. However, during FY 22, the Company received 20 investors' complaints. All these complaints were properly attended and

resolved satisfactorily with in time. As on 31st March, 2022, no complaint was pending.

Principle 2: Business should provide goods and services in a manner that is sustainable and safe

1. **List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.**

India Glycols is a leading Company that manufactures green technology based bulk, specialty and performance chemicals and natural gums, spirits, industrial gases and nutraceuticals and phytochemical products. Based on the disclosure requirements under this Principle, following are the key products:

- I. **Bio based Glycols** i.e. Mono Ethylene Glycol (MEG), Diethylene Glycol (DEG) and Triethylene Glycol (TEG), which are made out of renewable feedstock i.e. Molasses and Ethanol.
- II. **Bio based Ethylene Oxide** which has been used for production of Glycols Ether and Acetate as well as other Specialty Chemicals.
- III. **Natural Active Pharmaceutical ingredients (APIs), Standardized botanical extracts and spice extracts** derived from plant based herbal raw material & extracted through renewable feedstock & green solvents such as ethanol & liquid carbon dioxide, recycled in the process. These solvents are non-polluting & environment friendly.
- IV. **Others** includes Power Alcohol which is used for blending in Petrol as per Govt. policy by Oil Manufacturing companies, Alcohol-based Hand Sanitizer, Natural Gums covering Guar gum and others hydrocolloids products with specialty PO derivatized guar, Liquid Oxygen including medical oxygen, liquid nitrogen, liquid argon, liquid CO₂ and EO-CO₂ Gas Mixtures.

2. **For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional) :**
- (a) **Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?**
 - (b) **Reduction during usage by consumers (energy, water) has been achieved since the previous year?**

India Glycols at its Kashipur Plant have Energy Management System (ISO 50001:2018) in place and energy consumption, energy performance monitoring is being done. Distilleries effluent i.e. spent wash is

concentrated in evaporator and the concentrated spent wash (SLOP) is used as renewable fuel in boilers at Kashipur and Gorakhpur Units.

At Dehradun unit, herbal biomass extraction is utilized for the preparation of briquettes which are used as boiler fuel. Hence, the plant is self-sustainable for fuel need for thermal energy and saves 100% fossil fuel.

The Company has Zero Liquid Discharge (“ZLD”) from its Dehradun, Gorakhpur and ethanol unit of Kashipur. The condensate generated during concentration of spent wash is recycled in the process to reduce the fresh water consumption at Kashipur and Gorakhpur.

The Company is focused on recharging maximum rain water in to the ground and various water recharge measures have also been adopted. Rain water harvesting system has been installed to recharge ground water. Gabion Structures have been constructed at natural seasonal drains at up stream of the site to recharge the same basin.

The Company is continuously focusing on optimizing the resource use in order to minimize environmental impact and contributing to long term sustainability. For details of the steps undertaken towards conservation of energy etc., please refer to Annexure C of the Board’s Report.

3. Does the Company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Yes. The Company believes in and follows Integrated Management System Policy with utmost focus on environmental and social aspects. The Company ensures the sustainability of resources by reducing, reusing, recycling and managing waste.

The Company uses molasses-a sugar plant by-product cum waste as major raw material which is 100% bio-based material for operating its distilleries. The Company uses Bio based raw materials and Ethanol is one such key raw material, whereas in conventional process fossil fuel is used as raw material for production of Ethylene Oxide (EO)/ Mono Ethylene Glycol (MEG) and others, throughout the globe.

The responsible sourcing of raw material, their properties, performance and content of these materials make a significant contribution to reduced environmental impacts such as lowering carbon emissions and minimize use of the earth’s limited resources.

Sustainable solutions are based on number of defined action plans and standards based on Life Cycle Assessment (“LCA”) methodologies. India Glycols sustainable solutions for responsible sourcing of raw materials enables customers to confidently choose high-performance materials that advance their environmental and business goals.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company promotes and provides opportunities to the local contractors and vendors and undertakes special initiatives to support them as and when required, as local contractors/vendors plays a vital role in the business growth at lesser cost/. The Company also provides training to many apprentice of local areas through skill development programmes. The Company also procures raw material and packaging material from nearby areas thereby creating employment opportunities and hence boosting local Economy.

The Company initiates training program for local farmers to make them capable of using latest techniques of cultivation, farming and polyhouse nurseries.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

The Company believes in waste minimization and increasing waste utilization as a part of drive for process efficiency and product stewardship. One of the Key raw material molasses itself is a sugar plant waste cum by product and is used for ethanol production.

Distillery effluent i.e. spent wash is concentrated in evaporator and the concentrated spent wash (‘SLOP’) is used as renewable fuel in boilers. Overall 100% spent wash from Distilleries is processed for renewable energy production. Condensate generated during concentration of spent wash is being recycled in the process to reduce the fresh water consumption at Kashipur and Gorakhpur.

The Herbal biomass extraction is utilized for the preparation of briquettes which are used as boiler fuel. Hence, the Dehradun plant is self-sustainable for fuel need for thermal energy and saves 100% fossil fuel.

We have Zero Liquid Discharge (“ZLD”) System Installation at our Distilleries at Kashipur and Gorakhpur as well as herbal extraction plant of Dehradun.

Most of the Hazardous waste (spent catalysts & used/waste oil) is recyclable and sent to Ministry of Environment and Forests and Climate Change (‘MoEF&CC’) approved recyclers.

Independent Auditor's Report

TO THE MEMBERS OF INDIA GLYCOLS LIMITED

I. Report on the Audit of Standalone Financial Statements for the year ended 31st March, 2022

1. Opinion

A. We have audited the Standalone Financial Statements of India Glycols Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its Profit, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

4. Information Other than the Standalone Financial Statements and Auditor's Report thereon

A. The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information

included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

B. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

A. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) specified under section 133 of company Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

B. In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are responsible for overseeing the Company's financial reporting process.

6. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- i) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - v) Evaluate the overall presentation, structure and

content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- C. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- D. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- E. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

II. Report on Other Legal and Regulatory Requirements

1. 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable:
2. (A) As required by Section 143(3) of the Act, based on our audit we report that;
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act;
 - e. On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the

Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.

(B) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements; Refer note 40(A)(i), 42 and 44 to the standalone financial statements;
- ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; Refer note 53 (B) to the standalone financial statements;

- iv) a) The management has represented that, to the best of its knowledge and belief, as disclosed in in Note 65 (d) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
 - Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 (b) The management has represented, that, to the best of its knowledge and belief, as disclosed in in Note 65 (e) to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - Provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
 (c) Based on such audit procedures as considered reasonable and appropriate in the nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material mis-statement.

- (v) The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 58 and 63, to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend

- (C) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act.

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

d) According to the information and explanations given to us and on an overall examination of the balance sheet of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.

e) According to the information and explanations given to us and on an overall examination of the balance sheet of the company, the company has not taken any funds from an entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(x) a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.

b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence 3 (xii) of the Order is not applicable to the Company.

(xiii) As per the information and explanations and records made available by the management of the company and audit procedure performed, for the related parties transaction entered during the year, the company has complied with the provisions of sec 177 and 188 of the act, wherever applicable. As explained, as per records and details made available to us such related parties transactions have been disclosed in the note no. 57 to the standalone financial statements as required by the applicable Ind-AS.

(xiv) a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) During the year, the Company has not entered into any non-cash transaction with Director or person connected with him covered within the meaning of Section 192 of the Act, Hence paragraph 3 (xv) of the Order is not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph II point 2 A (f) under "Report on Other Legal and Regulatory Requirements" section of our report to the members of India Glycols Limited of even date)

Report on the Internal Financial Controls With reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to standalone financial statements of **INDIA GLYCOLS LIMITED** ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the standalone financial statements.

Meaning of Internal Financial Controls with reference to the standalone financial statements

A company's internal financial control with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a

material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to the standalone financial statements

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial control with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to the standalone financial statements and such internal financial controls with reference to the standalone financial statements were operating effectively as of March 31, 2022, based on the internal financial controls with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Standalone Financial Statements

1 Company Overview, Basis of Preparation and Significant Accounting Policies

1.1. Company Overview

India Glycols Limited (“IGL” or “the company”) is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are publicly traded on the National Stock Exchange (“NSE”) and the Bombay Stock Exchange (“BSE”) in India. The registered office of IGL is situated at A-1, Industrial Area, Bazpur Road, Kashipur – 244713, Distt. Udham Singh Nagar, Uttarakhand, India.

The Company manufactures Industrial Chemicals such as green technology based bulk, specialty and performance chemicals and natural gums and industrial gases; Ethyl Alcohol (Potable) and nutraceuticals.

These financial statements were authorized for issue in accordance with a resolution of the directors on dated 26th May, 2022.

1.2. Basis of Preparation of financial statements

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

1.3. Significant Accounting Policies

(a) Basis of Measurement

The Financial statements have been prepared under historical cost convention on accrual basis, except for the items that have been measured at fair value as required by relevant Ind AS.

The standalone financial statements are presented in Indian Rupees (₹), which is the Company’s functional and presentation currency and all amounts are rounded to the nearest Lakhs (₹00,000) and two decimals thereof, except as stated otherwise.

(b) Basis of classification of Current and Non – Current

Assets and Liabilities in the balance sheet have been classified as either current or non-current.

An asset has been classified as current if (a) it is expected to be realized in, or is intended for sale or consumption in, the Company’s normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is expected to be realized within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as non-current.

A liability has been classified as current when (a) it is expected to be settled in the Company’s normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as noncurrent.

Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities.

An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. The Company has identified twelve months as its operating cycle for the purpose of current /non-current assets and liabilities.

(c) Property, Plant and Equipment (PPE)

Property, Plant and Equipment are carried at deemed cost (fair value model) less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

The Assets’ residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate. Depreciation on Plant, Property and equipment has been provided using straight line method over the useful life of assets as specified in Schedule II of the Companies Act, 2013. However, in case of certain Plant & Machinery depreciation have been provided based on technical evaluation of the useful life by technical valuer ranging from 40-48 years.

Depreciation on additions/ disposals is provided with reference to the month of addition/ disposal. Certain plant and machinery have been considered as continuous process plant as provided in schedule II of the Companies Act, 2013 on technical evaluation.

Freehold land is not depreciated. Leasehold land is amortised over the period of lease.

Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from

Notes to Standalone Financial Statements

active use. Losses/gain arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

Expenditure during construction

Expenditure including qualifying interest during construction period is being included under capital work-in-progress and the same is allocated to Property, Plant & Equipment on completion of installation/construction.

(d) Investment Properties

Investment properties are measured at cost less accumulated depreciation and impairment losses, if any.

Depreciation on such properties is provided over the estimated useful lives as specified in Schedule II to the Companies Act, 2013. The residual values, useful lives and depreciation method of investment properties are reviewed, and adjusted on prospective basis as appropriate, at each financial year end. The effects of any revision are included in the statement of profit and loss when the changes arise.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on annual evaluation performed by an external independent valuer/internal assessment.

(e) Intangible Assets

Identifiable intangible assets are recognised a) when the Company controls the asset, b) it is probable that future economic benefits attributed to the asset will flow to the Company and c) the cost of the asset can be reliably measured.

Computer software's are capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of license, generally not exceeding six years on straight line basis. The assets' useful lives are reviewed at each financial year end.

(f) Leases

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the period of lease term.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the incremental borrowing rate of the company.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

(g) Inventories

Inventories are valued 'at lower of cost or net realizable value' except stock of residual products and scrap which are valued at net realizable value. The cost is computed on the weighted average basis. In case of finished goods and stock in process, cost is determined by considering material, labour, related overheads and duties thereon.

(h) Employee benefits

I. Short-term employee benefits:

All employee benefits falling due within twelve months of the end of the period in which the employees render the related services are classified as short term employee benefits, which include benefits like salaries, wages, short term compensated absences, performance incentives, etc. and are recognised as expenses in the period in which the employee renders the related service and measured accordingly.

II. Post-employment benefits

(i) Defined Contribution Plan

Employee benefits in the form of Provident Fund (with Government Authorities) are considered as defined contribution plan and the contributions are charged to the statement of Profit & Loss of the year when the contributions to the respective funds are due.

Notes to Standalone Financial Statements

Actuarial Valuation

(ii) Defined Benefit Plan

Retirement benefits in the form of Gratuity and Long term compensated leaves are considered as defined benefit obligations and are provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

The liability in respect of all defined benefit plans is accrued in the books of account on the basis of actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each year of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

Other short term absences are provided based on past experience of leave availed.

Actuarial Gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income (OCI) in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

All other expenses related to defined benefit plans are recognized in Statement of Profit and Loss as employee benefit expenses.

(i) Foreign currency transactions and translation

Standalone financial statements have been presented in Indian Rupees (₹), which is the Company's functional and presentation currency.

Transactions in foreign currencies are initially recorded by the Company at rates prevailing at the date of the transaction. Subsequently monetary items are translated at closing exchange rates of balance sheet date and the resulting exchange difference recognised in the statement of profit or loss. Differences arising on settlement of monetary items are also recognised in the statement of profit or loss.

(j) Non-current assets held for sale and discontinued operations

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable.

Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell.

Non-current assets classified as held for sale are not depreciated or amortised from the date when they are classified as held for sale.

Non-current assets classified as held for sale and the assets and liabilities of a disposal group classified as held for sale are presented separately from the other assets and liabilities in the Standalone Balance Sheet.

A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and:

- represents a separate major line of business or geographical area of operations and;
- is part of a single co-ordinated plan to dispose of such a line of business or area of operations.

The results of discontinued operations are presented separately in the Standalone Statement of Profit and Loss.

(k) Grants

Grants and subsidies from the government are recognised at their fair value where there is a reasonable assurance that the grant/subsidies will be received and the Company will comply with all attached conditions. Revenue Grants are recognised in the statement of Profit & Loss. Government grants relating to the specific Property, Plant & Equipment is disclosed in the balance sheet as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income to match them with the cost that they are intended to compensate. Changes in estimates are recognised prospectively over the remaining life of the assets.

(l) Taxation

Income tax expense represents the sum of current, MAT and deferred tax. Tax is recognised in the Statement of

Notes to Standalone Financial Statements

Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income.

Current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Current tax assets and current tax liabilities are off set, and presented as net.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that in future taxable profits will be available to set off such deductible temporary differences. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off- set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

Deferred Tax includes MAT paid in accordance with Law of India which is recognised as MAT credit entitlement.

Minimum Alternative Tax (MAT) as applicable to the Company is charged to the statement of Profit and loss. Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement.

(m) Provisions and Contingencies

(i) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting period and are adjusted to reflect the current best estimate.

(ii) Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognized in financial statements but are disclosed, if any.

(n) Impairment of non-current assets

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use). The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

(o) Borrowing Cost / Finance Cost

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying assets treated as of the cost of that asset and other borrowing cost are recognised as expenses in the period in which it incurs them. Ancillary cost incurred in connection with the arranging the borrowings is amortized over the terms of the loan.

(p) Financial instruments – initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. A financial assets or a liability is recognised when the Company becomes a Party to the contractual provision of the instrument.

a) Financial Assets

Financial assets include cash and cash equivalent, trade and other receivables, investments in securities

Notes to Standalone Financial Statements

and other eligible current and noncurrent assets.

Financial Assets are measured at amortised cost or fair value through Other Comprehensive Income or fair value through Profit or Loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

Subsequent measurements of financial assets are dependent on initial categorisation. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

The company derecognizes a financial assets when the contractual rights to the cash flows from the financial assets expire or it transfers the financial assets and the transfer qualifies for the derecognition under Ind-AS 109.

Investment in Equity shares

Investments in equity securities (Other than Investment in Subsidiaries & Joint Venture) are initially measured at fair value. Any subsequent fair value gain or loss is recognized through Profit or Loss.

Investment in Subsidiaries & Joint Venture

Investments in subsidiaries and Joint Venture are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

The company assesses impairment based on expected credit loss (ECL) model to all its financial assets measured at amortised cost.

b) Financial liabilities

Financial liabilities include long term and short term loan and borrowings, trade and other payables and other eligible current and non-current liabilities.

All financial liabilities recognized initially at fair value and, in the case of loans and borrowing and other payable, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories

i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

ii) Financial liabilities measured at amortised cost

After initial recognition, such financial liabilities are subsequently measured at amortized cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of financial liability. The EIR amortization is included in finance expense in the profit and loss.

De-recognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

(q) Derivative financial instruments

The Company uses derivative financial instruments, such as forward & Options currency contracts to hedge its foreign currency risks. Derivative financial instruments are measured at their fair value at the end of each reporting period.

(r) Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(s) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of the equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year is adjusted for the effect of all dilutive potential equity shares.

(t) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief

Notes to Standalone Financial Statements

operating decision maker. Management of the Company is responsible for allocating resources and assessing the performance of the operating segment. Revenue, expenses assets and liabilities which are common to the company are shown as results, assets and liabilities as unallocable.

(u) Revenue recognition and other income

a) Sale of goods

Revenue is recognized either on delivery or on transfer of significant risk and rewards of ownership of the goods. Revenue from the sale of goods is measured at fair value of consideration received or receivable, inclusive of excise duty as applicable but after deducting discounts, rebates and Goods & Service Tax.

b) Sale of services-job work

Revenue from job work charges are recognised on when performance obligation is met.

c) Export Incentives

Revenue in respect of Export benefit are recognised on post export basis at the rate at which the entitlement accrues in terms of import export policy and is included in the turnover of the company.

(v) Exceptional Items

When items of income and expenses within statement of profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

1.4. Critical accounting estimates, assumptions and judgements

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognised in the financial statement.

Uncertainty about these assumptions and estimates could result in outcome that require a material adjustment to assets or liabilities affected in future periods.

a) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities based on probability that taxable profit will be available against which the deductible temporary differences can be utilized. The Company reviews at each balance sheet date the carrying amount of deferred tax assets and liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

b) Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Allowance for uncollected accounts receivable and advances

Trade receivables and advances are stated at their transaction value as reduced by appropriate allowances for estimated irrecoverable amounts. Trade receivables and advances are written off on case to case basis when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

d) Insurance claims

Insurance claims are recognised when the Company have reasonable certainty of recovery. Subsequently any change in recoverability is appropriately adjusted for and give effect in the statement of profit and loss.

e) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

f) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

- (B) Custom duty saved on import of raw material under Advance License pending fulfillment of export obligation amounting to ₹ 1,444.99 Lakhs (Previous Year ₹ 596.97 Lakhs). The Management is of the view that considering the past export performance and future prospects there is certainty that pending export obligation under advance licenses will be fulfilled before expiry of the validity of respective advance licenses, accordingly and also on "Going Concern Concept" basis there is no need to make any provision for custom duty saved.
41. Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances of ₹ 1067.20 Lakhs, Previous Year ₹ 1218.56 Lakhs) are ₹ 12576.04 Lakhs (Previous Year ₹ 8365.16 Lakhs).
42. In the earlier years, the State Government of Uttar Pradesh (UP) had imposed a levy of license fee on transfer of alcohol from the distillery to the chemical plant. The levy was challenged by the Company in the Hon'ble Supreme Court and on October 18, 2006 the matter was finally decided by The Hon'ble Supreme Court in favour of the Company. Accordingly, Company had filed an application for refund of amount paid ₹ 507.05 Lakhs (Previous Year ₹ 507.05 Lakhs) (shown as recoverable under the head "Other Current Assets") with State Government of Uttarakhand, which is still pending for refund of the amount.
43. In the earlier years, the State Government of Uttarakhand had levied Export Pass Fee on ENA/R.S. export outside India. The matter is finally disposed of by Hon'ble High Court of Uttarakhand vide its Order dated 9th January, 2012 and has declared the levy of said fee as unsustainable and irrecoverable. Subsequently, on June 8, 2012, vide Uttarakhand Excise (Amendment) Act, 2012, Uttarakhand Government retrospectively revived old notification relating to imposition of export fee on ENA and R.S. The Company filed Writ Petition challenging the above said notification and vide order dated September 12, 2012 the Hon'ble High Court of Uttarakhand had granted stay and restrained State from imposing export fee. Vide Judgement of Hon'ble High Court has held levy of export fee @ ₹2.50 on export of ENA as unjustified and set aside the levy. Till date the State Government has neither challenged the High Order nor levied export pass fee on export of ENA out of India. A sum of ₹ 106.15 Lakhs (Previous Year ₹ 106.15 Lakhs) paid under protest is shown as recoverable from State Govt. of Uttarakhand, under the head "Other Current Assets".
44. In the previous year, Directorate of Revenue Intelligence (DRI) issued summons to the Company in connection with investigation in respect to import of Denatured Ethyl Alcohol by importer other than manufacturer of Excisable Goods and as per DRI, Company was not eligible for lower rate of BCD @ 2.5% under notification no. 50/2017 dated 30.06.2017. The Company has filed Writ Petition before Gujarat High Court that Company is eligible to avail benefit of concessional rate of 2.5% BCD on import of DEA and for quashing of investigations initiated by DRI. A sum of ₹ 750.00 Lakhs (Previous Year ₹ 750.00 Lakhs) paid under protest is shown as recoverable from department, under the head "Other Current Assets".
45. (a) (i) Company has Investment of ₹ 5,427.50 Lakhs Company (Previous year ₹ 5,427.50 Lakhs) in equity share capital and 10% cumulative redeemable preference share capital in subsidiary company namely Shakumbari Sugar and Allied Industries Limited (SSAIL) whose net worth has been fully eroded and SSAIL has also been declared sick industrial undertaking as per provision of Sick Industrial Companies Act. 1985. During the year, the company has sold 242.50 lakhs equity shares and 49.00 lakhs preference shares of its subsidiary, Shakumbari Sugar and Allied Industries Limited @ ₹ 0.05 per share (Fair value - Nil) & carried at Nil value in the financial statement of the Company and recognized gain of ₹ 14.58 lakhs on such transaction as approved by the Board of Directors at their meeting held on 30th March 2022.
- (ii) In earlier year, the company has also given to SSAIL-Inter corporate deposit (ICD) amounting to ₹ 1,915.13 Lakhs (Previous Year ₹ 1,915.13 Lakhs) (including interest thereon) and advances of ₹ 8,453.83 Lakhs (Previous Year ₹ 8,453.83 Lakhs).
- (iii) Based upon the application and adoption of fair value of the aforesaid investment are carried at nil value. During the previous year, the Company has written off ICD including interest & Advance of ₹ 1915.13 Lakhs & ₹ 8453.83 Lakhs respectively and the same has been adjusted against the provision, which was created in earlier year. Hence, there is no impact on profitability of the company.
- (iv) During the current year, the company has written - off interest of ₹ 2070.95 lakhs on ICD receivable from its subsidiary, Shakumbari Sugar and Allied Industries Limited, which has been disclosed as exceptional items in financial (Refer Note 39).
- (b) (i) In earlier year the company had given (included in current Loan) Inter Corporate Deposit (ICD) of ₹14,649.64 Lakhs (Previous Year ₹ 14,649.64 Lakhs) to its subsidiary IGL Finance Ltd. (IGLFL) (A 100% subsidiary). IGLFL in earlier year had invested funds for short term in commodity financing contracts offered by National Spot Exchange Ltd. (NSEL). NSEL had defaulted in settling the contracts on due dates, for which IGLFL has initiated legal and other action and in turn IGLFL did not pay back due amount to the company. Accordingly considering the prudence no interest on above ICD has been accrued for the period from 01-09-2013 onwards.

Notes to Standalone Financial Statements

- (ii) In respect of the above, the Company has made a loss allowance of ₹ 11,719.71 Lakhs based on expected credit loss Policy and other estimation made by the management and for balance ₹ 2,041.93 Lakhs (and also fully provided for against equity investment of ₹ 125.00 Lakhs), the management and IGLFL is confident for recovery of dues from NSEL over a period of time and hence shown as good (considering the arrangement of merger of NSEL with Financial Technologies (India) Limited (FTIL) and other measure which have so far been taken for and pending before the Govt. and other authorities and current scenario/present state of affairs.). However, during the year, the Company has written off ICD of ₹ 11,719.71 Lakhs and same has been adjusted against the provision, which was created in earlier year. Hence there is no impact on profitability of the company.

Notes to Standalone Financial Statements

- f) The principal actuarial assumptions used for estimating the Company's defined benefit obligations for gratuity and leave encashment are set out below:

Actuarial assumptions	As at March 31, 2022	As at March 31, 2021
Discount Rate	6.10%	5.90%
Expected Rate of increase in salary	5.00%	5.00%
Withdrawal rate	10% p.a.	10% p.a.
Expected Average remaining working lives of employees (years)	17.35	17.22

The principal assumptions are the discount rate & salary growth rate. The discount rate is generally based upon the market yields available on Government bonds. The estimate of rate of escalation in salary considered in actuarial valuation, taken into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

- g) Sensitivity analysis: (₹ in Lakhs)

Particulars	Change in Assumptions	Increase/ (decrease) in Gratuity Obligations March 31, 2022	Increase/ (decrease) in Gratuity Obligations March 31, 2021	Increase/ (Decrease) in Leave Encashment Obligations March 31, 2022	Increase/ (Decrease) in Leave Encashment Obligations March 31, 2021
Discount rate	+1%	(105.67)	(125.32)	(19.05)	(24.70)
	-1%	115.92	137.52	20.42	26.48
Salary Growth rate	+1%	116.04	137.38	20.44	26.45
	-1%	(107.71)	(127.51)	(19.43)	(25.14)

The above sensitivity analysis is based on change in an assumption while holding all other assumption constant in practice, this is unlikely to occur, and change in some of the assumption may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumption the same method [projected unit credit method] has been applied as when calculating the defined benefit obligation recognized within the balance sheet.

47. Financial risk management objectives and Policies

The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including foreign currency risk, interest rate risk and commodity risk etc.), credit risk and liquidity risk. The company's overall risk management policy seeks to minimize potential adverse effects on company's financial performance.

- (i) **Market Risk:** Market risk is the risk that the fair value of future cash flow of a financial instruments will fluctuate because of change in market prices. Market risk comprises mainly three types of risk: interest rate, currency risk and other price risk such as commodity price risk.

- (a) **Foreign Currency Risk:** Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company has obtained foreign currency borrowing and has foreign currency trade payable and receivable and is therefore, exposed to foreign currency risk.

After taking cognizance of the natural hedge, the company takes appropriate hedge to mitigate its risk resulting from fluctuation in foreign currency exchange rate(s).

Notes to Standalone Financial Statements

Foreign Currency sensitivity: The following tables demonstrate the sensitivity to a reasonable possible change in Foreign Currency with all other variable held constant. The impact on company's profit/(loss) before tax is due to change in the foreign exchange rate for:

(₹ in Lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021
Change in USD	+ 1%	+ 1%
Effect on profit/(loss) before tax	(456.37)	(155.31)
Change in USD	-1%	-1%
Effect on profit/(loss) before tax	456.37	155.31

- (b) **Interest rate risk:-** Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any change in the interest rates environment may impact future rates of borrowing. The company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiation with the lenders for ensuring the cost effective method of financing.

Interest Rate Sensitivity: The following table demonstrates the sensitivity to a reasonable possible change in interest rate on financial assets affected. With all other variable held constant, the company's profit before tax is affected through the impact on finance cost with respect to our borrowing, as follows:

A change in 25 basis points in interest rates would have following impact on profit before tax.

(₹ in Lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021
Change in basis point	+25	+25
Effect on profit before tax	(285.70)	(335.20)
Change in basis point	-25	-25
Effect on profit before tax	285.70	335.20

- (c) **Commodity Price risk:** The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw material therefore, requires a continuous supply of certain raw materials. To mitigate the commodity price risk, the Company has an approved supplier base to get competitive prices for the commodities and to assess the market to manage the cost without any compromise on quality.

(ii) Credit Risk:

Credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, Inter Corporate deposit, derivative financial instruments, other balances with banks, loans and other receivables. The Company's exposure to credit risk is disclosed in Note 6, 7, 8, 11, 14 & 15.

Credit risk arising from investment derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counter parties are banks and recognised financial institutions with high credit ratings.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables
- ii. Financial assets measured at amortized cost (other than trade receivables)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance. The ageing of the trade receivables are given below.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'. The balance sheet presentation for financial instruments is described below:

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

Notes to Standalone Financial Statements

(iii) **Liquidity Risk:** Liquidity risk is the risk, where the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of company's financial liabilities based on contractual undiscounted payments:-

48. Capital risk management

The Company's policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. Capital includes issued capital, share premium and all other equity reserves attributable to equity holders. The primary objective of the Company's capital management is to maintain an optimal structure so as to maximize the shareholder's value. In order to strengthen the capital base, the company may use appropriate means to enhance or reduce capital, as the case may be.

The Company is not subject to any external imposed capital requirement. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net Debt is calculated as borrowings less cash and cash equivalents.

54. Fair valuation techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(₹ in Lakhs)

Particular	As at March 31, 2022		As at March 31, 2021	
	Carrying amount	Fair Value	Carrying Amount	Fair Value

Total (a) + (b)	1,90,880.97	1,90,880.97	1,93,335.92	1,93,335.92

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Notes to Standalone Financial Statements

- 2) Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- 3) Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counter party etc. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.
- 4) The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows:-

Level 1 - Quoted prices in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.

The following table presents the fair value measurement hierarchy of financial assets and liabilities, which have been measured subsequent to initial recognition at fair value as at 31st March, 2022 and 31st March 2021:

(₹ in Lakhs)

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INDIA GLYCOLS LIMITED

I. Report on the Audit of Consolidated Financial Statements for the year ended 31st March, 2022

1. Opinion

A. We have audited the accompanying Consolidated Financial Statements of **INDIA GLYCOLS LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its Joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its Joint ventures as at March 31, 2022, of its consolidated Profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the group and its joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their report referred to the "Other Matters" section below is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Emphasis of Matter

We draw attention to Note 48 of the Consolidated financial statements in respect of its one of the subsidiary namely Shakumbari Sugar And Allied Industries Ltd (SSAIL) continue to evaluate and explore options in consultation with expert(s) and stakeholders

for restructuring/revival/disinvestments, hence the management of SSAIL consider it appropriate to prepare Financial Statements on going concern basis despite negative net worth on the balance sheet date and we have relied upon the management representation in this regard.

Our opinion is not modified in respect of this matter on the consolidated financial statements for the year ended 31st, March 2022.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

4. Information Other than the Consolidated Financial Statements and Auditor's Report thereon

A. The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

B. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

A. The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, Consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its joint ventures in accordance with the other accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of

Directors of the companies included in the Group and its joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

- B. In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and its joint ventures are responsible for assessing the Group's ability and its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group and of its Joint ventures are also responsible for overseeing the financial reporting process of the Group and its Joint ventures.

6. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.
- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- i) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 - v) Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - vi) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- C. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope

and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- D. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- E. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements includes the Group's share of net profit after tax of ₹ 1929.07 lakhs and, total comprehensive income of ₹ 1938.43 lakhs for the year ended 31st March 2022 as considered in the consolidated financial statements, in respect of One joint venture, whose financial statements/financial information has been audited by other auditor. The independent auditor's report on financial statements/financial information of this entity has been furnished to us by the management. Our opinion on the consolidated financial statements, is so far as it relates to the amounts and disclosures included in respect of this entity and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid joint venture, is based solely on the reports of the other auditor/ independent firm of accountants.

Our opinion on the consolidated financial statements is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor/ independent firm of accountants.

II. Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit we report to the extent applicable that.

- A. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- B. In our opinion, proper books of account as required by law have been kept so far as it appears from our examination of those books.

- F. With respect to the adequacy of the internal financial controls over financial reporting of and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Holding and subsidiaries and its joint ventures incorporated in India;
- G. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its joint venture - Refer Note No.-39(A)(i),39(A) (ii), 39(A)(iv),40 and 42 to the consolidated financial statements.
 - Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long-term contracts including derivative contracts. Refer Note No.-50(b) to the consolidated financial statements.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the group and its joint venture incorporated in India.
 - (a) The respective management of the company and its subsidiaries and its joint ventures which are companies incorporated in India whose financial statements have been audited under the Act has represented to us and other auditor of such joint venture that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries ,joint ventures to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or any of such subsidiaries, joint ventures.

- Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (b) The respective management of the company and its subsidiaries and its joint ventures which are companies incorporated in India whose financial statements have been audited under the Act has represented to us and other auditor of such joint venture that, to the best of its knowledge and belief, no funds have been received by the Company or any of such subsidiaries, joint ventures from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries, joint ventures shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - Provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
- (c) Based on such audit procedures as considered reasonable and appropriate in the in the circumstances, performed by us and those performed by the auditor of joint venture, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material mis-statement.
- v. The final dividend paid by the holding Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

The Board of Directors of the holding Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in point F of paragraph II under “Report on Other Legal and Regulatory Requirements” section of our report to the members of INDIA GLYCOLS LIMITED of even date)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to financial statements of INDIA GLYCOLS LIMITED (hereinafter referred to as “Holding Company”) and its subsidiary companies, and joint ventures which are incorporated in India as of that date.

In our opinion to the best of our information and according to the explanations given to us, the Holding and its subsidiary companies and joint ventures which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India.

Emphasis of Matter

We draw attention to Note 48 of the Consolidated financial statements in respect of its one of the subsidiary namely Shakumbari Sugar And Allied Industries Ltd (SSAIL) continue to evaluate and explore options in consultation with expert(s) and stakeholders for restructuring/revival/disinvestments, hence the management of SSAIL consider it appropriate to prepare Financial Statements on going concern basis despite negative net worth on the balance sheet date and we have relied upon the management representation in this regard.

Our opinion is not modified in respect of this matter on the consolidated financial statements for the year ended 31st, March 2022.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding and its subsidiary companies and joint venture which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the “Guidance Note”). These

responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated financial statements of the Holding company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls over with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance

with generally accepted accounting principles. Company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to One Joint venture which are companies incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

Our opinion is not modified in respect of this matter.

Notes to Consolidated Financial Statements

1 Group Overview, Basis of Preparation and Significant Accounting Policies

1.1. Group Overview

The Group, India Glycols Limited (Parent) and its subsidiaries, manufactures green technology based bulk, specialty and performance chemicals and sugar, spirits, industrial gases and nutraceuticals etc. The Joint venture Company develop, manage and operate Private Freight Terminal (PFT) and Inland Container Depot (ICD) at Kashipur, Uttarakhand.

These Consolidated financial statements were approved and adopted by board of directors of the Company in their meeting held on May 26, 2022.

1.2. Statement of compliance:

The Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and amended and relevant provisions of the Companies Act, 2013.

1.3. Basis of preparation of Consolidated financial statements:

- a) The consolidated financial statements relate to the Group, and joint ventures. Subsidiary are those entities in which the Parent directly or indirectly, has interest more than 50% of the voting power or otherwise control the composition of the board or governing body so as to obtain economic benefits from activities. The consolidated financial statements have been prepared on the following basis:-
- b) The financial statements of the subsidiaries are combined on a line-by-line basis by adding together the like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and intra-group transactions and unrealized profits or losses in accordance with IND AS 110 – ‘Consolidated Financial Statements’ notified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended time to time. The deferred tax to be recognised for temporary differences arises from elimination of profits and losses resulting from intra group transactions.
- c) Interest in joint ventures are consolidated using equity method as per IND AS 28 – ‘Investment in Joint Ventures’. Under the equity method, post-acquisition attributable profit/losses are adjusted in the carrying value of investment upto the Group investment in the joint venture.
- d) The Consolidated Financial Statements (CFS) comprises the financial statements of India Glycols Limited (IGL) and its following Subsidiaries/ Joint Venture as on March 31, 2022.

Name of the Company	Nature	Country of Incorporation	% of Shareholding & Voting Power
Shakumbari Sugar & Allied Industries Limited (SSAIL)	Subsidiary	India	51.03%
IGL Chem International PTE. LTD.	Subsidiary	Singapore	100%
IGL Chem International USA LLC (IGLCHEM US)	Subsidiary	USA	100%
IGL Finance Limited (IGLFL)	Subsidiary	India	100%
IGL Chemicals and Services Private Limited	Subsidiary	India	100%
Ennature Bio Pharma Private Limited	Subsidiary	India	100%
Kashipur Infrastructure and Freight Terminal Private Limited (KIFTPL)	Joint Venture	India	42.31%
Clariant IGL Specialty Chemicals Private Limited (Erstwhile IGL Green Chemicals Private Limited) (w.e.f. 30 th June, 2021 from the time of allotment of equity shares to JV Partner)	Joint Venture	India	49.00%

Notes to Consolidated Financial Statements

- e) The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the subsidiaries is identified in the financial statements as Goodwill or Capital Reserve as the case may be.
- f) In case of foreign subsidiaries, revenue items are consolidated at the average exchange rate during the year. All assets and liabilities are translated at year end exchange rate. The resulting exchange differences are recognised as Other Comprehensive Income/(loss) and disclosed accordingly.
- g) Significant Accounting Policies of the financial statements of the company and its subsidiaries are set out in their respective Financial Statements.

1.4. Significant accounting policies: The significant accounting policies to prepare consolidated financial statements are in uniformity with the standalone financial statements of the Company. Following are the additional policies specifically considered for preparation of consolidated financial statements:

(i) Business Combination:

Business Combinations are accounted for using the acquisition method. The cost of acquisition is measured at the aggregate of the fair values at the date of exchange of assets given, liabilities incurred or assumed and equity instruments issued by the Company in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the recognition criteria are stated at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard.

(ii) Goodwill

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is initially measured at cost, being the excess of the consideration transferred over the net identifiable assets acquired and liabilities assumed, measured in accordance with Ind AS 103 – Business Combinations. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount.

(iii) The policy adopted by SSAIL for valuation of Inventories is enumerated below:-

- (a) Finished Goods and Stock in Process of Sugar - At cost or at net realisable value whichever is lower, the net realizable value of sugar in case of finished goods stock of levy sugar is considered based on the levy price notified by the Central Government.
- (b) Store and spares parts – At cost arrived at applying weighted average method.
- (c) Cane crop – At net realisable value determined on the basis of estimated yield per hectare and Inventory of Molasses, Bagasse, Press mud and Bio Compost are considered at net realizable value.

- (iv) In respect of subsidiary company (SSAIL), Recovery Charges claimed by S.D.M. Behat towards payment of cane dues ₹ 66.82 Lakhs (Previous Year ₹ 66.82 Lakhs) including the interest on cane dues ₹ 46.89 Lakhs (Previous Year ₹ 46.89 Lakhs).
- (B)** Custom duty saved on import of raw material under Advance License pending fulfillment of export obligation amounting to ₹ 1,444.99 Lakhs (Previous Year ₹ 596.97 Lakhs). The Management is of the view that considering the past export performance and future prospects there is certainty that pending export obligation under advance licenses will be fulfilled before expiry of the validity of respective advance licenses, accordingly and also on “Going Concern Concept” basis there is no need to make any provision for custom duty saved.
- (C)** Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances of ₹ 1067.20 Lakhs, Previous Year ₹ 1218.56 Lakhs) are ₹ 12576.04 Lakhs (Previous Year ₹ 8365.16 Lakhs).
- 40.** In the earlier years, the State Government of Uttar Pradesh (UP) had imposed a levy of license fee on transfer of alcohol from the distillery to the chemical plant. The levy was challenged by the Company in the Hon’ble Supreme Court and on October 18, 2006 the matter was finally decided by The Hon’ble Supreme Court in favour of the Company. Accordingly, Company had filed an application for refund of amount paid ₹ 507.05 Lakhs (Previous Year ₹ 507.05 Lakhs) (shown as recoverable under the head Other Current Assets) with State Government of Uttarakhand, which is still pending for refund of the amount.
- 41.** In the earlier years, the State Government of Uttarakhand had levied Export Pass Fee on ENA/R.S. export outside India. The matter is finally disposed of by Hon’ble High Court of Uttarakhand vide its Order dated 9th January, 2012 and has declared the levy of said fee as unsustainable and irrecoverable. Subsequently, on June 8, 2012, vide Uttarakhand Excise (Amendment) Act, 2012, Uttarakhand Government retrospectively revived old notification relating to imposition of export fee on ENA and R.S. The Company filed Writ Petition challenging the above said notification and vide order dated September 12, 2012 the Hon’ble High Court of Uttarakhand had granted stay and restrained State from imposing export fee. Vide Judgement of Hon’ble High Court has held levy of export fee @ ₹ 2.50 on export of ENA as unjustified and set aside the levy. Till date the State Government has neither challenged the High Order nor levied export pass fee on export of ENA out of India. A sum of ₹ 106.15 Lakhs (Previous Year ₹ 106.15 Lakhs) paid under protest is shown as recoverable from State Govt. of Uttarakhand, under the head “Other Current Assets”.
- 42.** In the previous year, Directorate of Revenue Intelligence (DRI) issued summons to the Company in connection with investigation in respect to import of Denatured Ethyl Alcohol by importer other than manufacturer of Excisable Goods and as per DRI, Company was not eligible for lower rate of BCD @ 2.5% under notification no. 50/2017 dated 30.06.2017. The Company has filed Writ Petition before Gujarat High Court that Company is eligible to avail benefit of concessional rate of 2.5% BCD on import of DEA and for quashing of investigations initiated by DRI. A sum of ₹ 750.00 Lakhs (Previous Year ₹ 750.00 Lakhs) paid under protest is shown as recoverable from department, under the head “Other Current Assets”.
- 43.** a) During the previous year, the Company paid ₹ 177.69 lakhs as uncharged bank guarantee commission and ₹ 90.88 lakhs as interest on the same against settlement of dispute with the Central Bank of India. Subsequently, the Central Bank of India has issued ‘no dues certificate’ to the Company vide its letter dated 15.12.2020.
- (b) The subsidiary company, IGL Finance Limited, had invested funds for short term in commodity financing contracts offered by National Spot Exchange Limited (NSEL). NSEL has defaulted in settling the contracts on due dates. IGL Finance has made a loss allowance of ₹ 11,719.71 Lakhs based on expected credit loss Policy and other estimation made by the management and for balance ₹ 2,333.86 Lakhs, the management and IGLFL is confident for recovery of dues from NSEL over a period of time and hence shown as good (considering the arrangement of merger of NSEL with Financial Technologies (India) Limited (FTIL) and other measure which have so far been taken for and pending before the Govt. and other authorities and current scenario/present state of affairs). However, during the year, the subsidiary company has written off amount of ₹ 11,719.71 Lakhs and same has been adjusted against the provision, which was created in earlier year.
- 44. Financial risk management objectives and Policies**

The Group’s activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including foreign currency risk, interest rate risk and commodity risk etc.), credit risk and liquidity risk. The Group’s overall risk management policy seeks to minimize potential adverse effects on Group’s financial performance.

- (i) Market Risk:** Market risk is the risk that the fair value of future cash flow of a financial instruments will fluctuate because of change in market prices. Market risk comprises mainly three types of risk: interest rate, currency risk and other price risk such as commodity price risk.

Notes to Consolidated Financial Statements

- (a) **Foreign Currency Risk:** Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company has obtained foreign currency borrowing and has foreign currency trade payable and receivable and is therefore, exposed to foreign exchange risk.

After taking cognizance of the natural hedge, the company takes appropriate hedge to mitigate its risk resulting from fluctuation in foreign currency exchange rate(s).

Foreign Currency sensitivity: : The following tables demonstrate the sensitivity to a reasonable possible change in Foreign Currency with all other variable held constant. The impact on company's profit/(loss) before tax is due to change in the foreign exchange rate for:

(₹ in Lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021
Change in USD	+ 1%	+ 1%
Effect on profit/(loss) before tax	(456.37)	(155.31)
Change in USD	-1%	-1%
Effect on profit/(loss) before tax	456.37	155.31

- (b) **Interest rate risk:-** Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any change in the interest rates environment may impact future rates of borrowing. The company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiation with the lenders for ensuring the cost-effective method of financing.

Interest Rate Sensitivity: The following table demonstrates the sensitivity to a reasonable possible change in interest rate on financial assets affected. With all other variable held constant, the company's profit before tax is affected through the impact on finance cost with respect to our borrowing, as follows:

A change in 25 basis points in interest rates would have following impact on profit/(Loss) before tax:

(₹ in Lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021
Change in basis point	+25	+25
Effect on profit before tax	(285.70)	(335.20)
Change in basis point	-25	-25
Effect on profit before tax	285.70	335.20

- (c) **Commodity Price risk:** The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw material therefore, requires a continuous supply of certain raw materials. To mitigate the commodity price risk, the Company has an approved supplier base to get competitive prices for the commodities and to assess the market to manage the cost without any compromise on quality.

(ii) **Credit Risk:**

Credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, Inter Corporate deposit, derivative financial instruments, other balances with banks, loans and other receivables. The Company's exposure to credit risk is disclosed in Note 7, 8, 11, 14 & 15.

Credit risk arising from investment derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counter parties are banks and recognised financial institutions with high credit ratings.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables
- ii. Financial assets measured at amortized cost (other than trade receivables)

Notes to Consolidated Financial Statements

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

The ageing of the trade receivables are given below:

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses. The balance sheet presentation for financial instruments is described below:

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until

Notes to Consolidated Financial Statements

the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

- (iii) **Liquidity Risk:** Liquidity risk is the risk, where the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of company's financial liabilities based on contractual undiscounted payments:-

48. In respect of subsidiary SSAIL, the Company has been incurring cash losses due to which its net worth has been completely eroded and its current liabilities are far in excess of its current assets. However, the company continues to evaluate and explore options in consultation with expert(s) and stakeholders for restructuring/revival/disinvestment, hence the management of the Company considers it appropriate to prepare the Financial Statements on going concern basis despite the negative net worth on the balance sheet date.

49. Capital risk management

The Company's policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. Capital includes issued capital, share premium and all other equity reserves attributable to equity holders. The primary objective of the Company's capital management is to maintain an optimal structure so as to maximize the shareholder's value. In order to strengthen the capital base, the company may use appropriate means to enhance or reduce capital, as the case may be.

The Company is not subject to any external imposed capital requirement. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net Debt is calculated as borrowings less cash and cash equivalents.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- 3) Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counterparty etc. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.
- 4) The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows: -

Level 1 - Quoted prices in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.

The following table presents the fair value measurement hierarchy of financial assets and liabilities, which have been measured subsequent to initial recognition at fair value as at 31st March, 2022 and 31st March 2021:
