Excellence. Endurance. Growth.

Our journey of over three decades has been a remarkable story of evolution and transformation as an organisation which has enabled us to build a competitive business of supplying high-quality cables and conductors to power transmission, substation, and distribution sectors.

We have undergone constructive changes in our structure, product lines, systems, and processes to facilitate development of value-added cables and conductors to fulfil evolving customer requirements. Challenges have come in the past and will keep coming, but we are ready to embrace them. Amidst the ebbs and flows of business cycles, we continued to stay on the growth path and ensured consistent value creation for our stakeholders.

Embracing innovation and state-of-the-art technology and processes at every step of the Company's operations, we are working to shape a stronger future by –

- **Achieving excellence in delivering topmost quality products**
- **Enduring long-lasting customer relationships**
- **Driving growth by capitalising on emerging industry opportunities**

About Us

Dynamic Cables is amongst the world's leading and prominent manufacturers and suppliers of cables and conductors including LT, HT, EHVC, power control and instrumentation cables, flexible and industrial cables, solar cables, and railway signalling cables. We supply cables to government discoms, private distribution companies, private EPC contractors, and industrial customers in more than 40 countries who demand premium quality, safe, and reliable products for their critical infrastructure.

We have three state-of-the-art manufacturing units, of which two are situated in Jaipur and one in Reengus. These plants are equipped with the latest machinery and equipment to manufacture high-quality cables and conductors. We have been continuously expanding our capacities, capabilities, and product offerings and setting up new and modernised facilities to keep up with the evolving trends.

Vision

To build a world-class organisation through reliability in the field of our expertise and provide a great place to work together with high business values of trust. To be a most preferred supplier with the feeling of perfection in the field related to our industry for the welfare of the Trade, People, State, and Nation.

Mission

With an increasing overseas footprint and continuous investments in people, technology and processes, we are building a resilient business, with an objective to keep pace with changing technology, manufacturing process, quality controls, environment and safety requirements, timely delivery, after sales service, customer satisfaction, and winning customer confidence and trust.

Managing Director's Message

I am pleased to report that we have achieved new benchmarks and reported the highest ever operating margins and net profit.

Dear Shareholders,

The year gone by was an extraordinary year marked by unprecedented challenges posed by the pandemic, supply chain disruptions caused by the Russia-Ukraine war, and volatility in commodity prices. Inflationary pressures have heightened across geographies, and central banks are aggressively tightening liquidity conditions.

Against this backdrop, the Indian economy has registered a solid 8.7% GDP growth in FY 2021-22 and has set the stage for accelerated growth in the future. Proactive policy interventions along with successful vaccination and improved consumer confidence have propelled economic growth.

India's power and power transmission sector is set to witness robust growth in the coming years. Fast-growing Indian economy, rapid urbanisation, increasing energy access, and initiatives by the government towards clean energy transition, reforming power transmission planning, cross-border interconnections, and improving financial health of the distribution sector are fuelling the growth.

Despite the challenges and uncertainties in the external environment, we reported a strong performance in FY 2021-22 with regard to improving market sentiments and focus on profitability alongside business growth and debt reduction. Our performance was driven by operational improvement as a result of lean manufacturing practices, selecting the right set of business, cost optimisation, and increase in productivity.

I am pleased to report that we have achieved new benchmarks and reported the highest ever operating margins and net profit. Revenue for the year stood at Rs. 563.6 crores as compared to Rs. 342.6 crores in FY 2020-21, marking a growth of 65%. Operating EBITDA improved by 10.6% to Rs. 59.8 crores as against Rs. 25.6 crores in the previous year. PAT increased to Rs. 30.9 crores in FY 2021-22 from Rs. 9.8 crores in FY 2020-21.

Capex announcements are at a multi-decadal high, reflecting robust demand from both government and private sectors.

Since our inception, we have continued to grow and evolve, creating value by building a competitive global scale business and delivering increased shareholder value. Today, we are one of the leading and formidable players in the cables and conductors market given our established track record and balance sheet strength. Our continued investments

in our people, capacities, technology, and infrastructure continue to ensure sustained growth for our business.

We believe that there are significant opportunities in the institutional cables demand backed by robust capex cycle, high government revenues, and normalisation of business activities post the pandemic. Increasing privatisation of the power distribution sector and strong focus on supporting the power discoms and improving their financial and operational health will accelerate investments in power infrastructure.

India's infrastructure sector is expected to remain robust on the back of flagship schemes such as the National Infrastructure Plan, Gatishakti program, Sagarmala, Bharatmala, Production-Linked Incentive (PLI) schemes, etc. Demand will also come from increasing focus on electrification of railways, development of metros and highways along with strong push on electric vehicles and renewable energy.

Recently, we have bagged prestigious orders in the signalling segment for Indian railways. The railway signalling business has a sizeable share in the overall business and is expected to drive considerable growth in the coming years. At the same time, we intend to develop speciality cables which could be ROCE accretive investment for our Company.

Cognisant of the external challenges and rising inflationary pressures, we remain agile and nimble with our business portfolio and growth plans. Our strategic initiatives with regard to railway supplies, new product development, and exports will fuel our growth engine going ahead. We are focussed on deploying consistent efforts towards introduction of newer products as well as extension of our core products. We are also steadily expanding our presence in the existing and emerging markets in India and overseas.

Our strategic initiatives with regard to railway supplies, new product development, and exports will fuel our growth engine going ahead. We are focussed on deploying consistent efforts towards introduction of newer products as well as extension of our core products.

Finally, we are mindful of our responsibilities towards the environment and society and continue to undertake wide-ranging initiatives to make the world a better place and improve the livelihoods of people.

I would like to thank our Board of Directors as well as all our stakeholders, and, most importantly, our employees for their continued trust and support. I believe that we are fundamentally strong and well placed to accelerate the power transition journey and deliver sustainable value in the years ahead.

Yours sincerely,

Ashish Mangal

2. BUILDING BACK BETTER POST COVID

The second wave of coronavirus has struck like a storm throughout the country, with record new cases and deaths. The entire economic activity was once again severely impacted, plunging global economy into worst recession since World War II. The pace of economic recovery has been affected with disruptions in supply chains and contraction in demand.

Recovery from the second wave of the pandemic was swifter as compared to the first wave in 2020, vaccination holds the key to mitigating the impact of the second wave on economic activity and boosting consumer sentiment.

We at the Board level, with support from all our hard working and dedicated employees, suppliers and other stakeholders have contributed our skills, networks and

resources to shape the COVID-19 recovery and build back better. As a result, in spite of the pandemic, our Company has surpassed all past performances, with highest ever Revenue and Margins, our sales increased by 65%, operating profit increased by 134% and net profit zooms Three Times higher than last year.

We believe that it is the beginning of a new growth era for institutional cable demand backed by robust capex cycle, high government revenues and normalization of business activities post pandemic.

3. STATE OF COMPANY'S AFFAIRS AND PERFORMANCE

Your Company is engaged in the business of manufacturing and supply of cables and conductors across India and many overseas countries. There has been no change in the

Report on Corporate Governance

CORPORATE GOVERNANCE REPORT FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2022

In accordance with Regulation 34(3) read with Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any amendments thereto), hereinafter referred to as ('Listing Regulations') the report containing the details of corporate governance systems and processes at Dynamic Cables Limited for Financial Year 2021-2022('the Company') is as follows:

The Company has a defined policy framework for ethical conduct of businesses. We believe that any business conduct can be ethical only when it considers customer value, ownership mind-set, respect, integrity, one team and excellence. Corporate Governance is all about maintaining a valuable relationship and trust with all stakeholders. We consider stakeholders as partners in our success and we remain committed to maximizing stakeholder's value, be it shareholders, employees, suppliers, customers, investors, communities or policy makers. This approach to value creation emanates from our belief that sound governance system, based on relationship and trust, is integral to creating enduring value for all. To succeed, we believe, requires highest standards of corporate behaviour towards everyone we work with, the communities we touch and the environment on which we have an impact. This is our road to consistent, competitive, profitable and responsible growth and creating long-term value for our shareholders, our people and our business partners. The above principles have been the guiding force for whatever we do and shall continue to be so in the years to come.

The Board is responsible for and committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the short and long-term interests of shareholders and other stakeholders. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board. We keep our governance practices under continuous review and benchmark ourselves to best practices across the nation.

COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Effective corporate governance practices constitute the strong foundation on which successful commercial enterprises are built

to last. Strong leadership and effective corporate governance practices have been the Company's hallmark inherited from business culture and ethics. The Company has a strong legacy of fair, transparent, and ethical governance practices.

The Company believes that corporate governance is not only a principle that the organization follows but it's a way of life that is embedded in its behaviour & culture. The philosophy of the Company's corporate governance ensures transparency in its affairs and the functioning of the Management and the Board and accountability towards its stakeholders. It also encompasses the oversight of business strategies and ensures fiscal accountability, ethical corporate behaviour and fairness to all stakeholders comprising regulators, employees, customers, vendors, investors and the society at large.

BOARD OF DIRECTORS AND GOVERNANCE FRAMEWORK

Further the Company has received the Notice regarding the Non Compliance/Delayed Compliance under Regulation 23(9) of Securities and Exchange Board of India (Listing

Obligations and Disclosure Requirements) Regulations, 2015 for delay in submission of disclosure of related party transactions to Stock Exchange for the half year ended on September, 2021. The Company has delayed in filing due to procedural oversight. The Company has paid the monetary fines amounting Rs. 23600 towards the same.

- v. Pursuant to section 177(9) and (10) of the Companies Act, 2013 and Regulation 22 of the 'Listing Regulations' the Company has a Whistle Blower Policy for establishing a vigil mechanism for Directors and employees. The policy has been hosted on the website of the Company at www.dynamiccables.co.in. No personnel have been denied access to the Audit Committee.
- vi. Pursuant to Regulation 16(1)(c) of the 'Listing Regulations' the Board adopted a policy for determining material subsidiaries and the same is available on Company's website i.e. <https://www.dynamiccables.co.in/whistle-blower-policy.pdf>
- vii. The Company has received a certificate from M/s. V. M. & Associates, Company Secretaries certified that none of the Directors on the Board of the Company have been debarred or disqualified from being appointed or continuing as Directors of Companies by the Securities and Exchange Board of India, Ministry of Corporate Affairs or any such other Statutory Authority for the financial year ended on March 31, 2022, which is annexed as Annexure B at the end of this report.
- viii. The Company has paid total amount of Rs. 3.50 lakhs as fees for all services rendered to the Company by the Statutory Auditors.

xxv. Compliance Certificate

A certificate as required under Regulation 17 (8) of the 'Listing Regulations' on financial statements for the financial year ended on March 31, 2022 is annexed as Annexure C at the end of this report.

xxvi. Compliance Certificate on Corporate Governance

As required under Regulation 34(3) read with Part E of Schedule V of the 'Listing Regulations', a certificate from Practising Company Secretary regarding compliance

of conditions of Corporate Governance is annexed as Annexure D at the end of this report.

xxvii. Adoption of Mandatory and Non- Mandatory Requirements

1. The Company has complied with all mandatory requirements of Regulation 27 and Regulation 34 of the 'Listing Regulations'. The status on the compliance with the non-mandatory requirements is as under:

Management Discussion and Analysis

Company Overview

Dynamic Cables Limited is a manufacturer of power infra cables that includes LT, HT, EHVC, power control & instrumentation cables, flexible & industrial cables, solar cables and railway signalling cables. Our products are widely used for projects in power generation, electricity transmission and distribution, airports, railways and residential projects. The Company supplies cables to government distribution companies (discoms), private discoms, private EPC contractors, and industrial and export clients. Dynamic Cables has 3 manufacturing plants situated at Jaipur and Reengus. Business operations are managed through a corporate office in Jaipur and 5 regional sales offices across India. In the last 20 years, the Company has showcased its capabilities & focus on developing new products to meet the market requirements in line with the evolution of the industry.

Sector Basics

Cables involve one or more conductors which are used for the transmission of electricity, data, or signals. Demand for cables and conductors are directly linked to the growth of the manufacturing and infrastructure sector like power, telecommunications, and residential and commercial real estate.

The Indian wire and cables market is estimated to have surged to around Rs. 600 billion in FY 2021-22 from Rs. 430 billion in FY 2020-21 and from Rs. 490 billion in FY 2019-20. It is estimated that the industry registered a volume growth of around 12% in FY 2021-22 and similar growth is expected in FY 2022-23 on the back of higher infrastructure spending by the government.

The cables industry can be broadly segmented into extra high voltage power cables greater than 66 KV, medium voltage power cables up to 33 KV and low voltage power cables up to 1 KV, instrumentation and control cables, light-duty cables, fibre optic cables, copper telephone cables, elastomer rubber cables and speciality cables.

Economic Review

Global Economic Review

The global economy contracted by 3.1% in Calendar Year 2020 due to the global outbreak of the Covid-19 pandemic. However, the Calendar Year 2021 saw the global economy bounce back

sharply by around 6% as economic activities resumed across the globe backed by favourable fiscal and monetary policies.

However, supply-side pressures, rising inflation and geopolitical tensions continued to weigh on global economic recovery. The Russia-Ukraine war since February 2022 has induced fuel and food price pressures across the globe. Central banks are hiking interest rates to rein in inflation, which can take a toll on economic growth in the near term.

For Calendar Year 2022, the International Monetary Fund (IMF) has slashed its global growth outlook to 3.6% from 4.4% projected earlier. Beyond 2023, global growth is forecasted to stay at about 3.3% over the medium term.

Indian Economic Review

India was hit with a deadly second wave of the Covid pandemic in the early part of FY 2021-22. The last quarter too saw some disruption due to the spread of the third wave of the Omicron variant of the virus. However, the economic impact was not as severe as the first wave of the pandemic in 2020 due to partial lockdowns and higher vaccination penetration.

In FY 2021-22, India's economy grew by 8.7% after contracting by 6.6% in FY 2020-21. Positively a rebound in capex, both from the private sector and the government, was seen in FY 2021-22. Investments in the economy measured as Gross Fixed Capital Formation (GFCF) grew by 15.8% in FY 2021-22 after having contracted by 10.4% in FY 2020-21.

In FY 2021-22, the industrial sector grew by 10.3% led by a 9.9% growth in manufacturing, 11.5% growth in construction, and electricity and other utility sector growth of 7.5%.

In FY 2022-23, while many high-frequency indicators show that the economy is on the growth path, inflation has raised its head. The prospects for economic growth in FY 2022-23 will depend on trends in the global economy, settlements of geo-political tensions and the pace of monetary tightening by the RBI. In FY 2022-23, India's GDP is expected to grow by 7-7.5%.

High-frequency indicators like PMI and IIP and capacity utilization, which reached around 74% in Q4 FY 2021-22, is estimated to have increased further to the 75-80% range in Q1 FY 2022-23. This augurs well for demand from end market for the cables industry.

Key structural drivers for the sector

The cables industry is at the cusp of a new growth era on the back of a robust capex cycle, both by the government and private sector, and the normalization of business activities post the Covid pandemic. The government's initiatives on various fronts like – power, housing, infrastructure and digitization will generate a lot of business for the wire and cable industry in the medium to long term.

Here is a list of a few structural drivers for the sector.

- 1) Consumption - demographic dividend, rising disposable income, trend towards nuclear families, evolving consumer behaviour.
- 2) Infrastructure – India's infrastructure market is expected to remain bullish on the back of flagship schemes such as the National Infrastructure Plan, Gati Shakti program, Sagarmala, Bharatmala, Jal Jeevan Mission, etc.
- 3) Capex push - Annual Budget 2023 outlined a notable boost for capex revival in India to invigorate the 'virtuous cycle of investment'. Private Capex is also expected to pick up on the back of the PLI scheme and 'Make in India' program.
- 4) Emerging levers - digitalization, renewable energy, electric vehicles, IoT.
- 5) Exports – Traction in electricity transmission & distribution to continue in the Middle East, SAARC and America.

Business overview

Corporate India has used the Covid-era to deleverage its balance sheet. Fresh Capex is at multi-decade high levels and the cables and wire industry is witnessing robust demand from both government and private sectors. Inflation is triggering corporates to revive their paused capex plans. This bodes well for our business.

Thus, despite sharp inflation witnessed in the last two-quarters of FY 2021-22, the overall business environment remained quite supportive for the Company. Projects delayed due to Covid have started to materialize in FY 2021-22. For the Company, the demand environment continued to remain encouraging from metro and railway projects, oil & gas, steel, and cement sectors and due to the push towards transitioning to renewable energy.

During the latter part of FY 2021-22, inflation in our raw material basket was in the mid-single digits. We continuously endeavour to safeguard our business model from raw material cost inflation.

Operating revenue in FY 2021-22 grew by 64.5% as compared to FY 2020-21 and around 32% as compared to FY 2019-20. Operating Margin improved to 10.62% in FY 2021-22 from 7.48% in FY 2020-21 and 10.5% in FY 2019-20. PAT increased to Rs. 3089.98 lakhs in FY 2021-22 as compared to Rs. 984.50 lakhs in FY 2020-21 and Rs. 1820 lakhs in FY 2019-20. Recently, the company has received an upgrade in its rating from BBB (Brickwork) to BBB+ (CRISIL). The benefit of moving towards a better credit rating agency will be easy access to debt markets.

Going Ahead

The Company continues to believe that there is a huge opportunity in the institutional business on the back of capex-led demand revival in the economy.

Dynamic Cables which was largely a discom supplier has explored new markets in the power sector. Even, exports and railways are expected to have high growth rates and will contribute significantly to our growth journey in the future. The Company also plans to explore the EV and Renewable cable market in the future.

We are focused on deploying efforts towards the development of new products as extensions to our core products. The current capacity of the Company's plants can generate Rs.8000 million to Rs.10000 million of revenue with marginal capex.

Here are our focus areas.

Product mix: The management is focused on creating a resilient business model for sustainable growth by diversifying its product mix and market. This will help reduce our concentration risk. The Company has been tweaking its product mix towards high-margin accretive products like high voltage cables. Consequently, the share of low-margin conductors has come down from 44.6% in FY 2016-17 to 14.5% in FY 2021-22. Consequently, shares of HT products have increased from 16.2% in FY 2016-17 to 50.5% in FY 2021-22.

Export Market: Exports received better than expected traction for the Company in recent years. We continue to explore the global opportunity. Key growth opportunity for the Company is driven by power infrastructure investments in Africa and Asia. Export contributed a 10% share to overall sales in FY 2021-22, despite

the previous year being disrupted and fractured by Covid and global supply chain issues.

Indian Railways & signalling: The Company recently got a major breakthrough in the signalling segment for Indian railways. The railway signalling business may have a sizable share in the overall business that may bring higher than expected growth in the next 3-4 years.

Power sector: The government's thrust towards additional power distribution infrastructure and revamping of existing distribution infrastructure augur well for the Company. Increasing privatization of the power distribution sector and focus of the government to support the state power discoms and improve their financial and operational health will ensure the required investment in power infrastructure.

New segments: Such as electric vehicles, exports, railway electrification, import-substitution, etc. will evolve as sizable business opportunities for the Company. The Company has deployed its R&D team efforts towards development of special-purpose cables.

Union Budget 2022-23 – starting of investment cycle

The Union Budget 2022-23 presented by the Finance Minister on 1 February 2022, laid a great emphasis on public capital expenditure to invigorate the 'virtuous cycle of investment' and thereby create employment. With a 35% jump in capex from Rs. 5.50 lakh crores in FY 2021-22 to Rs. 7.50 lakh crores in FY 2022-23, the push to 'crowd-in private investment' includes the announcement of a master plan for expressways, expanding national highway by 25,000 km, new multi-modal parks, 100 PM Gati Shakti cargo terminals, new trains, and ropeways and 50% rise in budget allocation to roads.

Railway reforms & Signalling cable demand

Technology augmentation for modernization of Indian Railways is a continuous process. Indian Railways is on a mission mode to electrify its entire Broad-Gauge network to provide environment friendly, green & clean mode of transport under the 'Mission 100% Electrification - Moving towards net Zero Carbon Emission' plan.

Indian Railways have prepared a National Rail Plan (NRP) for India – 2030. The Plan is to create a 'future ready' Railway system by 2030. As part of the National Rail Plan, Vision 2024 has been launched for accelerated implementation of certain critical projects by 2024 such as 100% electrification.

In order to boost investment from the industry in the development of additional terminals for handling rail cargo, a new 'Gati Shakti Multi-Modal Cargo Terminal (GCT)' policy has been launched on 15.12.2021 and the target is to commission 100 Gati Shakti Cargo Terminals (GCTs) within the next three financial years, i.e., 2022-23, 2023-24 and 2024-25.

Fifty-eight Super critical Projects of a total length of 3750 km costing Rs. 39,663 crores and 68 Critical Projects of a total length of 6913 km costing Rs. 75,736 crores, have been identified for completion by 2024.

SCOT analysis

Strength

In the mid-tier cables suppliers' segment, the Company has consolidated its position on the back of its strong ability of order execution, high-quality product range and robust investment to build its R&D capabilities. In the last 20 years, Dynamic Cables has showcased its capabilities & focus on developing new products to meet the market requirements in line with the evolution of the industry. Recently, the Company has developed railway signalling cables and has received RDSO approval. The management has a track record of calculative capital allocation and rational capital structure.

Challenges

The raw material prices like PVC, copper and aluminium are volatile. This can have an impact on the margins of the Company. While payment is certain, a weak financial position of power discoms can also lead to delays in payments. Further, the performance of the sector and the Company is contingent on macroeconomic developments, both domestic and global.

Opportunity

The Indian wire and cables market surged to Rs.600 billion in FY 2021-22 from Rs. 430 billion in FY 2020-21 and Rs. 490 billion in FY 2019-20. The industry is likely to see a healthy growth rate of 11-12% in the near to medium term. Various Indian government initiatives on housing, smart cities, telecom and a major focus on the infrastructural sector will lead to a huge opportunity for the cable and wire market growth. According to an estimate by research firm TBRC the global wires and Cables market is expected to reach worth US \$292 billion by the calendar year 2024 from the current US \$236billion.

Threats

Stiff competition within the sector, fast changes in technology, unfavourable policy changes by the Indian government, the introduction of trade barriers globally and scarcity of local technical skilled labour are major threats to the Company.

Risk and mitigation

Geopolitical Risks

Some recent and ongoing geo-political events like turmoil in Afghanistan, the US-China trade war and the Ukraine-Russia war are some of the risks that have direct and indirect implications on the sector and the Company. Geo-political tensions can disturb the supply chain and also lead to demand compression.

Mitigation

The Company has exposure to over 40 countries. We regularly assess the geographical risks and feasibility of operating in a particular country or region. To mitigate supply risk, we constantly evaluate the various strategic sourcing options.

Commodity Price inflation

The Company deals with various commodities, such as steel, zinc, copper, aluminium and PVC, among others. The cable and wire sector, typically, passes on any raw material inflation to the customers.

Mitigation

For the Company, sales contracts have a price escalation clause built-in into the contract. Alternatively, the Company also sometimes books the raw material at the time of receiving the order to avoid margin volatility. Raw materials hedging is a key mitigation action that the Company undertakes.

Currency depreciation

Indian currency has shown a depreciating bias against the US Dollar over the years. While this helps competitiveness in the export market, raw material prices tend to become expensive. Indian Rupee has depreciated by 3.5% in FY 2021-22.

Mitigation

The Company tries to pass on any inflation in raw material cost to customers through an in-built clause in the sales contract. Further, the Company undertakes currency hedging practices of optimum levels to minimize any downside. We are also focusing more on exports to exploit the situation.

Pandemic Risk

The Covid pandemic has impacted the industry and the Company on multiple levels: risk to health and safety of the employees and workers, risk of disruption in production due to lockdown and demand loss from the serving sectors.

Mitigation

The safety of its workers and all the Company's stakeholders is paramount and the Company abides by required Covid protocols as mandated by the Central and State governments.

Demand Risk

Slower investments in infrastructure and manufacturing and in end market users like railways, telecom and real estate can lead to lower order intake and lower sales.

Mitigation

The Company is particular in choosing its business. The Company is focusing and seeing traction in exports. Dynamic Cables' global presence in over 40 countries helps it to minimise any demand loss from the domestic market. Further, the Company has diversified its business portfolio to include emerging sectors like telecom and renewable energy to counter any demand loss from traditional sectors.

Human Resources

The Company believes that its competitive advantage lies in its people. The people at Dynamic Cables possess multi-sectoral experience, technological experience and domain knowledge. The HR culture of the Company is embedded in its ability to disrupt legacy norms to enhance competitiveness. The Company takes decisions aligned with employees' professional and personal goals, achieving an ideal work-life balance. The Company's permanent employees count stood at 595 people as of March 31, 2022.

The Company implemented HRMS Module, a digital HR tool in 2022 to enhance its HR capabilities. Employee training is at the heart of the Company's HR strategy. Across all employees, training man-days jumped by 91% to 2827 in FY 2021-22 from 1479 in FY 2020-21. A 329% rise in staff training man-days at 1364 was seen in FY 2021-22 as compared to 318 in FY 2020-21. For workers, a 26% jump was seen in training man-days in FY 2021-22 at 1463 as compared to FY 2020-21.

Another highlight on the HR management front in FY 2021-22 was that 75% more topics were covered as compared to FY 2020-21. A 50% increase was also witnessed in training sessions in FY 2021-22 from FY 2020-21 levels. Broadly, training hours increased to 186 in FY 2021-22 from 111 FY 2020-21, a 68% jump.

Internal Control System and their adequacy

The Company maintains a robust framework of internal controls commensurate with the nature and size of its operation. This framework addresses the evolving risk complexities and underpins the Company's strong corporate culture and good governance. The Internal Audit plan is approved by the Audit Committee at the beginning of every year. The conduct of an internal audit is oriented toward the review of internal controls and risks in the Company's operations and covers factories, warehouses and centrally controlled businesses and functions.

Cautionary Statement

The Management Discussion and Analysis may contain certain statements that might be considered forward looking. These statements are subject to certain risks and uncertainties.

Actual results may differ materially from those expressed in the Statement as important factors could influence the Company's operations such as Government policies, local, political and economic development, industrial relations, and risks inherent to the Company's growth and such other factors. Independent Auditor's Report

To the Members of Dynamic Cables Limited Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Dynamic Cables Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2022, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Financial Statement.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole,

and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Financial Statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flow of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards ("Ind AS") specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and

fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure-B

to the Independent Auditor's Report

(Referred to in paragraph 1(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to Financial Statements of Dynamic Cables Limited ("the Company") as at 31st March 2022 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls Over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls Over

Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system Over Financial Reporting and their operating effectiveness. Our audit of internal financial controls Over Financial Reporting included obtaining an understanding of internal financial controls Over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial controls Over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls Over Financial Reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls Over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls Over Financial Reporting to future periods are subject to the risk that the internal financial controls Over Financial Reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system Over Financial Reporting and such internal financial controls Over Financial Reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

C) Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

consistently to all periods presented in the financial statements, unless otherwise stated below.

1. Property, plant and equipment

1.1. Initial recognition and measurement

An item of property, plant and equipments recognized as an asset if and only if it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably.

Items of property, plant and equipment are initially recognized at cost. Subsequent measurement is done at cost less accumulated depreciation/amortization (other than freehold land) and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition, inclusive of non-refundable taxes & duties, necessary for it to be capable of operating in the manner intended by management.

When parts of an item of property, plant and equipment have different useful lives, they are recognized separately.

Items of spare parts, stand-by equipment and servicing equipment which meet the definition of property, plant and equipment are capitalized. Other spare parts are carried as inventory and recognized in the statement of profit and loss on consumption.

1.2. Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably.

All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to profit and loss account for the period in which such expense are incurred.

1.3. De-recognition

Property, plant and equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on de-recognition of an item of property, plant and equipment are determined by comparing the proceeds from disposal, if any, with the carrying amount of property, plant and equipment, and are recognized in the statement of profit and loss.

1.4. Depreciation/amortization

The depreciation on Property, Plant & Equipment has been provided on the written down value Value method as per the useful life prescribed in Schedule II to the Companies Act, 2013. Depreciation on the property, plant & equipment added / disposed off / discarded during the year has been provided on pro rata basis with reference to the date of addition / disposition /discardation.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2. Capital work-in-progress

The cost of self-constructed assets includes the cost of materials & direct labour, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis on the cost of related assets.

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

3. Intangible assets

3.1. Initial recognition and measurement

An intangible asset is recognized if and only if it is probable that the expected future economic benefits that are attributable to the asset will flow to the company and the cost of the asset can be measured reliably.

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

Intangible assets that are acquired by the Company, which have finite useful lives, are recognized at cost. Subsequent measurement is done at cost less accumulated amortization and accumulated impairment losses. Cost includes any directly attributable incidental expenses necessary to make the assets ready for its intended use.

3.2. Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

3.3. De-recognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains & losses on de-recognition of an item of intangible assets are determined by comparing the proceeds from disposal, if any, with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

3.4. Amortization

Intangible assets are amortised over a period of estimated useful life as determined by the management.

4. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which necessarily take substantial period of time to get ready for their intended use or sale.

Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Borrowing costs consist of (a) interest expense calculated using the effective interest method as described in Ind AS 109 – 'Financial Instruments' (b) finance charges in respect of finance leases recognized in accordance with Ind AS 17 – 'Leases' and (c) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. Income earned on temporary

investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized as an expense in the year in which they are incurred.

5. Inventories

Raw materials, stores, work-in-progress and finished goods are stated at the lower of cost and net realisable value. Cost of raw materials and stores comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

Costs of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Inventories are valued on the basis of FIFO method. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

6. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks, cash on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value.

7. Government grants

Government grants are recognized only when its reasonable certainty that economics benefit flow to the entities and attached conditions will be complied with it. Government grants are recognized and shown in the balance sheet as liability and income is accrued based on the terms of schemes in the statement of profit and loss over a phased manner in consideration with scheme terms and related use of assets. Government grants related to depreciable property, plant & equipment is treated as deferred income which is recognized in the Statement of Changes in Equity (SOCE) on a systematic and rational basis over the useful life of the asset i.e. such grants is allocated to income over the periods and in the proportion in which depreciation on those assets is charged. "

8. Provisions and contingent liabilities and Contingent Assets

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance costs.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is

probable on the basis of judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

9. Foreign currency transactions and translation

Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in profit or loss in the year in which it arises.

Non-monetary items are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

10. Revenue recognition

The Company derives revenues primarily from sale of goods.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Other income

Interest income is recognized, when no significant uncertainty as to measurability or collectability exists, on a time proportion basis taking into account the amount outstanding and the applicable interest rate, using the effective interest rate method (EIR).

When calculating the EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

the expected credit losses. Interest income is included in other income in the statement of profit and loss.

11. Employee benefits

11.1 Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognized for the amount expected to be paid under performance related pay if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

11.2 Post-Employment benefits

Employee benefit that are payable after the completion of employment are Post-Employment Benefit (other than termination benefit). These are of two types:

11.2.1 Defined contribution plans

Defined contribution plans are those plans in which an entity pays fixed contribution into separate entities and will have no legal or constructive obligation to pay further amounts. Provident Fund and Employee State Insurance are Defined Contribution Plans in which the company pays a fixed contribution and will have no further obligation.

11.2.2 Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

Company pays Gratuity as per provisions of the Gratuity Act, 1972. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount

rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a liability to the company, the present value of liability is recognized as provision for employee benefit. Any actuarial gains or losses are recognized in Other Comprehensive Income ("OCI") in the period in which they arise.

12. Income tax

Tax expense comprises current tax and deferred tax. Current tax expense is recognized in the statement of profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in OCI or equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted and as applicable at the reporting date, and any adjustment to tax payable in respect of previous years. Current taxes are recognized under 'Income tax payable' net of payments on account, or under 'Tax receivables' where there is a debit balance.

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Deferred tax is recognized in the statement of profit or loss except to the extent that it relates to items recognized

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

directly in OCI or equity, in which case it is recognized in OCI or equity. A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Additional income taxes that arise from the distribution of dividends are recognized at the same time that the liability to pay the related dividend is recognized.

13. Leases

13.1 As Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease

13.2 As Lessee

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low-value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities

include these options when it is reasonably certain that they will be exercised.

ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates

14. Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit", or "CGU").

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss. Impairment losses recognized in respect of CGUs are reduced from the carrying amounts of the assets of the CGU.

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

15. Dividends

Dividends and interim dividends payable to a Company's shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

16. Earnings per share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

17. Statement of Cash Flows

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows' for operating activities.

18. Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or

financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit and loss.

19.1 Financial assets

On initial recognition, a financial asset is recognized at fair value. All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI) depending on the classification of the financial assets.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

Trade Receivables and Loans:

Trade receivables are initially recognized at fair value. Subsequently, these assets are held at amortized cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

- a) All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- b) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

19.2 Financial liabilities and equity instruments

Classification as equity

Equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in statement of profit and loss on the

purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit or loss. In case of trade payables, they are initially recognized at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method. All financial liabilities are subsequently measured at amortized cost using the effective interest method.

Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss. Interest expense are included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Derivative financial instruments

The Company uses forwards to mitigate the risk of changes in interest rates, exchange rates and commodity prices. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

20 Segment Reporting

The main business of the Company is of manufacturing and sales of Cables & Conductors. All other activities of the Company revolve around the main business. There is only one reportable segment. Hence, disclosures pursuant to Ind AS 108 - Operating Segments are not applicable.

21 Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

D) Recent accounting pronouncements

I. Amendments to Ind AS 103 Business Combinations

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103 – Business Combinations. The Company does not expect the amendment to have any significant impact in its financial statements.

II. Amendments to Ind AS 109 “Financial Instruments” and Ind AS 107 “Financial Instruments: Disclosures”

- Interest rate Benchmark Reform Phase 2"

The amendment focuses on the potential financial reporting issues that may arise when interest rate benchmarking reforms are either reformed or replaced.

The key reliefs provided by the Phase 2 amendments are:

- Changes to contractual cash flows - When changing the basis for determining contractual cash flows for financial assets and liabilities (including lease liabilities), the reliefs have the effect that the changes that are required by an interest rate benchmark

reform will not result in an immediate gain or loss in the profit and loss statement.

- Hedge accounting - The hedge accounting reliefs will allow most Ind AS 39 or Ind AS 109 hedge relationships that are directly affected by IBOR reform to continue. However, additional ineffectiveness might need to be recorded. The amendments do not have significant impact on the financial statements."

III. Amendments to Ind AS 16 – Property Plant and Equipment

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant and amendment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

IV. Amendments to Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets

The amendment specifies that the ‘cost of fulfilling’ a contract comprises the costs that relate directly to the contract; Costs that relate directly to a contract can either be incremental costs of fulfilling the contract (examples would be direct labour, materials) or an allocation of other costs that related directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no impact on its financial statements.

E) Major Estimates made in preparing Financial Statements

1. Useful life of property, plant and equipment and intangible assets

The estimated useful life of property, plant and equipment is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Useful life of the assets other than Plant and machinery are in accordance with Schedule II of the Companies Act, 2013.

The Company reviews at the end of each reporting date the useful life of property, plant and equipment, and are adjusted prospectively, if appropriate. Intangible assets are amortised over a period of estimated useful life as determined by the management.

2. Post-employment benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

3. Provisions and contingencies

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.

4. Allowance for credit losses on receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future.

(x) Sensitivity Analysis

Sensitivity of significant assumptions used for valuation of defined benefit obligations is as follows:

Assumptions	Increase/ Decrease	Sensitivity Level	As at March 31, 2022	As at March 31, 2021
Discount Rate	Increase	1%	114.77	106.27
	Decrease	1%	139.04	129.54
Salary Growth Rate	Increase	1%	139.21	129.67
	Decrease	1%	114.44	105.99
Withdrawal Rate	Increase	1%	127.78	118.45
	Decrease	1%	123.83	115.20

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected credit method at the end of the reporting year) has been applied as when calculating the defined benefit liability recognized in the balance sheet.

(xi) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset Volatility : The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments is in fixed income securities with high grades and in government securities. These are subject to interest rate risk and the fund manages interest rate risk with derivatives to minimise risk to an acceptable level. A portion of the funds are invested in equity securities and in alternative investments which have low correlation with equity securities. The equity securities are expected to earn a return in excess of the discount rate and contribute to the plan deficit. The Company has a risk management strategy where the aggregate amount of risk exposure on a portfolio level is maintained at a fixed range. Any deviations from the range are corrected by rebalancing the portfolio. The Company intends to maintain the above investment mix in the continuing years.

Changes in bond yields : A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings.

Inflation risks : In the pension plans, the pensions in payment are not linked to inflation, so this is a less material risk.

Life expectancy : The pension plan obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plans' liabilities. This is particularly significant where inflationary increases result in higher sensitivity to changes in life expectancy.

The Company ensures that the investment positions are managed within an asset-liability matching (ALM) framework that has been developed to achieve long term investments that are in line with the obligations under the employee benefit plans.

Within this framework, the Company's ALM objective is to match assets to the pension obligations by investing in long-term fixed interest securities with maturities that match the benefit payments as they fall due and in the appropriate currency.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Company has not changed the processes used to manage its risks from previous periods. The Company uses derivatives to manage some of its risk. Investments are well diversified, such that the failure of any single investment would not have a material impact on the overall level of assets.

Notes to the Financial Statements

for the year ended March 31, 2022

(Amount in INR lakhs, unless otherwise stated)

(i) Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, loans & advances, cash & cash equivalents and deposits with banks and financial institutions.

Cash & Cash Equivalents & Other Financial assets:

The Company maintain its cash & cash equivalent in current account to meet the day to day requirements. Credit Risk on cash and cash equivalent, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/ financial institutions who have been assigned high credit rating by international and domestic rating agencies.

The Company held cash and cash equivalents and other bank balances of Rs. 2673.74 lakhs (As on 31 March, 2021 : 2106.09 lakhs).

Trade Receivables:

Customer credit risk is managed by the Company through its established policies and procedures which involve setting up credit limits based on credit profiling of individual customers, credit approvals for enhancement of limits and regular monitoring of important developments viz. payment history, change in credit rating, regulatory changes, industry outlook etc. Outstanding receivables are regularly monitored and an impairment analysis is performed at each reporting date on an individual basis for each major customer. In addition, small customers are grouped into homogeneous groups and assessed for impairment collectively.

In accordance with Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or reversal thereof and uses a provision matrix to compute the ECL allowance for trade receivables. In calculating ECL, Company also considers credit reports and other related credit information for their customers to estimate the probability of default in future.

(ii) Liquidity Risk Management

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The company manages liquidity risk by maintaining adequate cash and bank balances and access to undrawn committed borrowing facilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Particulars	Less than 1 year	More than 1 years	Total

(iii) Market Risk Management

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and borrowings. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by maximising the use of fixed rate instruments.

In view of the COVID-19 pandemic, the Ministry of Corporate Affairs, Government of India ("MCA") issued General Circular Nos. 14/2020, 17/2020, 20/2020, 02/2021, 19/2021, 21/2021 and 2/2022 dated 8th April 2020, 13th April 2020, 5th May 2020, 13th January 2021, 8th December 2021, 14th December 2021 and 5th May 2022 respectively, ("MCA Circulars") read with relevant circulars issued by the Securities and Exchange Board of India ("SEBI"), from time to time (hereinafter collectively referred to as "the Circulars"), companies are allowed to hold AGM through Video Conference ("VC") or Other Audio Visual Means ("OAVM") upto 31st December, 2022, without the physical presence of members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company is being held through VC/OAVM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized eVoting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to 1000 members on first come first serve basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors, Scrutinizers etc. who are allowed to attend the AGM without restriction on account of first come first serve basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circulars, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the MCA Circulars, the Notice calling the AGM has been uploaded on the website of the Company at www.dynamiccables.co.in The Notice can also be accessed from the website of the Stock Exchange i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. Members of the Company under the category of Institutional Investors are encouraged to attend and vote at the AGM through VC/OAVM. Corporate members intending to authorize their representatives to participate and vote at the meeting are requested to send a certified copy of the Board resolution / authorization letter by the governing body to the Company or upload on the VC portal / e-voting portal.
8. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Companies Act, 2013, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Companies Act, 2013, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e. August 24, 2022. Members seeking to inspect such documents can send an email to cs@dynamiccables.co.in
9. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their Depository Participant in case the shares are held in electronic form and to M/s Bigshare Services Private Limited, in case the shares are held in physical form.
10. The Register of Members and Share Transfer Books will remain closed from Thursday, August 18, 2022 to Wednesday, August 24, 2022 (both days inclusive) for the

purpose of 15th AGM for determining the entitlement of the shareholders to the dividend, if declared at the AGM

11. Subject to the provisions of the Companies Act, 2013, dividend as recommended by the Board, if declared at the meeting, will be paid within a period of 30 days from the date of declaration, to those members whose names appear on the Register of Members as Wednesday, August 17, 2022 for both physical and demat holding of the members. The recommended final dividend is Rs. 0.50 per equity share.
12. Members are requested to quote their Regd. Folio Number/ DP and Client ID Nos. in all their correspondence with the Company or its Registrar and Share Transfer Agent.
13. Non Resident Indian Members are requested to inform Registrar and Share Transfer Agent of the Company any change in their residential status on return to India for permanent settlement, particulars of their bank account maintained in India with complete name, branch account type, account number and address of the bank with pin code number, if not furnished earlier. Members holding shares in electronic form may contact their respective Depository Participants for availing this facility.
14. Members are requested to address all correspondence, including on dividends, to the Registrar and Share Transfer Agents, Bigshare Services Pvt. Ltd, Office No S6-2, 6th Floor, Pinnacle Business Park, Next to Ahura Centre, Mahakali Caves Road, Andheri (East) Mumbai – 400093
15. Members wishing to claim dividends that remain unclaimed are requested to correspond with the Registrar and Share Transfer Agents as mentioned above, or to the Company Secretary, at the Company's registered office address. Members are requested to note that dividends that are not claimed within seven years from the date of transfer to the Company's Unpaid Dividend Account, will, as per Section 124 of the Companies Act, 2013, be transferred to the Investor Education and Protection Fund (IEPF). Shares on which dividend remains unclaimed for seven consecutive years will also be transferred to the IEPF as per Section 124 of the Companies Act, 2013, and the applicable rules.
16. The Securities and Exchange Board of India has mandated the submission of the Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to their depository participant(s). Members holding shares in physical form are required to submit their PAN details to the Registrar and Share Transfer Agent.
17. Process and manner for members opting for voting through electronic means:
 - I Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the MCA Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorised e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as e-voting during the AGM will be provided by CDSL.
 - II. Members whose names are recorded in the Register of Members or in the Register of Beneficial Owners maintained by the depositories as on the Cut-off date i.e. Wednesday August 17, 2022 shall be entitled to avail the facility of remote e-voting as well as e-voting system on the date of the AGM. Any recipient of the notice, who has no voting rights as on the Cut-off date, shall treat this notice as intimation only.
 - III. A person who has acquired the shares and has become a member of the Company after the dispatch of the notice of the AGM and prior to the Cut-off date i.e. August 17, 2022, shall be entitled to exercise his/ her vote either electronically i.e. remote e-voting or e-voting system on the date of the AGM by following the process mentioned in this part
 - IV. The remote e-voting will commence on Saturday at 10:00 A.M. on August 20, 2022 and will end on Tuesday at 05:00 P.M. on August 23, 2022. During this period, the member of the Company holding shares either in Physical form or in Demat form as on the Cut-off date i.e.. August 17, 2022 may cast their vote electronically. The members will not be able to cast their vote electronically beyond the date and time mentioned above and the remote e-voting module shall be disabled for voting by CDSL thereafter.

- V. Once the vote on a resolution is cast by a member, he/she shall not be allowed to change it subsequently or cast the vote again.
- VI The voting rights of the members shall be in proportion to their share in the paid up equity share capital of the Company as on the Cut-off date i.e. August 17, 2022
- VII The Company has appointed CS Manoj Maheshwari, Practicing Company Secretary, Jaipur (Membership No. FCS: 3355 CP No. 1971), partner of M/s V. M. & Associates, Company Secretaries as the Scrutinizer for conducting the remote e-voting process as well as the e-voting on the date of the AGM, in a fair and transparent manner.

18. The instructions for the shareholders for remote evoting and joining virtual meeting are as under:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Saturday at 10:00 A.M. on August 20, 2022 and will end on Tuesday at 05:00 P.M. on August 23, 2022. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Wednesday, 17th August, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation

44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 ("THE ACT") FORMING PART OF THE NOTICE

ITEM NO. 4

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the Board, on the recommendation of the Audit Committee, has approved the re-appointment and remuneration of M/s Maharwal & Associates, Cost Auditors (FRN: 1015566) in its meeting held on May 30, 2022 to conduct the audit of the cost records of the Company, for the financial year 2022-23. Further, the remuneration payable to the Cost Auditors as recommended by the Audit Committee and approved by the Board, has to be ratified by the members of the Company.

Accordingly, ratification by the members is being sought for the payment of remuneration of Rs. 20,000/- (Rupees Twenty Thousand only) plus applicable GST and reimbursement of out of pocket expenses (at actuals) as approved by the Board of Directors of the company for the financial year 2022-2023.

None of the Directors / Key Managerial Personnel of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No.4 of the Notice for approval by the members.

ITEM NO. 5

Board has appointed Mrs. Shweta Jain. (DIN- 01162983) as an Additional Director of the Company up to the date of AGM, and based on the recommendation of the Nomination and Remuneration Committee ('NRC'), the Board in its meeting held on 21st July, 2022 has recommended to appoint Mrs. Shweta Jain as an Independent Director subject to approval by the Members.

Pursuant to the provisions of Section 161(1) of the Companies Act, 2013, Mrs. Shweta Jain shall hold office up to the date of this AGM and is eligible to be appointed as a Director. The Company has, in terms of Section 160(1) of the Act, received in writing notice from a Member, proposing her candidature for the office of Director. The profile and specific areas of expertise of Mrs. Shweta Jain are provided as Annexure to this Notice.

The Company has also received a declaration from Mrs. Shweta Jain confirming the criteria of Independence as prescribed under Section 149(6) of the Companies Act, 2013 and under Regulation 16(1)(b) of the Securities and Exchange Board of India

(Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") as amended from time to time. Mrs. Shweta Jain is not disqualified from being appointed as Director in terms of Section 164 of the Companies Act, 2013, as amended from time to time. She has also confirmed that she is not debarred from being appointed or continuing as director of Company by any statutory authority in terms of Securities and Exchange Board of India and any other regulatory authority. In the opinion of the Board, she fulfills the conditions specified in the Companies Act, 2013 and the Listing Regulations and is independent of the management.
