MESSAGE FROM CHAIRMAN

Dear Shareholders,

I am pleased to present to you our Annual Report for the fiscal year [Year]. This year has been a remarkable journey for [Company Name], marked by significant achievements and strategic advancements despite the challenging global environment.. As Chairman, I remain steadfast in our commitment to shaping a more biodiverse and environmentally sustainable future.

At Sarveshwar Foods Limited, we are deeply committed to environmental sustainability. We have integrated a carbon-focused decision-making process across our operations, ensuring that every aspect of our business aligns with our commitment to reduce our environmental footprint. This approach not only reflects our responsibility towards the planet but also enhances our resilience and long-term value creation.

"CHAMPIONING ENVIRONMENTAL RESPONSIBILITY: OUR COMMITMENT TO A SUSTAINABLE FUTURE"

Throughout the year, we have made significant strides in minimizing our impact on the environment. From implementing innovative technologies to improve energy efficiency to sourcing responsibly and reducing waste, every initiative is aimed at fostering a cleaner and healthier planet for future generations.

Rohit Gupta
Chairman

MESSAGE FROM CHAIRMAN

Looking ahead, we are dedicated to advancing our sustainability efforts even further. We will continue to invest in research and development to develop cutting-edge solutions that further reduce carbon emissions across our entire value chain. These efforts not only contribute to mitigating climate change but also create value for our stakeholders by promoting sustainable practices. I am immensely proud of the dedication and hard work of our team at Sarveshwar Foods Limited. Their commitment to sustainability has been instrumental in our achievements this year and will continue to be a driving force as we pursue our goals for a more environmentally responsible future.

As we navigate the evolving landscape, I extend my sincere gratitude to you, our shareholders, for your unwavering support and trust. Together, we will continue to strive for excellence in sustainability and deliver long-term value while making a positive impact on our planet. I am pleased to address you on a matter of utmost importance to Sarveshwar Foods Limited — our commitment to environmental responsibility and sustainability.

Throughout the year, we have made significant strides in advancing our environmental sustainability agenda. From investing in innovative technologies to reduce our carbon footprint across our operations, to partnering with local communities to promote sustainable agricultural practices, we are dedicated to minimizing our environmental impact while maximizing positive outcomes for society.

Looking ahead, we remain committed to pushing the boundaries of what is possible. We will continue to innovate, invest in sustainable solutions, and advocate for policies that support a more resilient and sustainable food system. Our goal is not only to meet regulatory requirements but to exceed them, setting new benchmarks for environmental stewardship in our industry.

"EMBRACING OPPORTUNITY: CHARTING OUR PATH FORWARD TOGETHER"

I take this opportunity to extend heartfelt thanks to all our esteemed business partners for their unwavering support and collaboration throughout the year. I also want to express profound gratitude to our dedicated workforce across the globe for their exceptional commitment to Sarveshwar's vital mission and purpose.

In today's intricate business landscape, collaboration across value chains is paramount. Together, we tackle challenges, uncover shared solutions, and contribute to global food security. Despite facing headwinds, our company persevered, achieving modest volume and earnings growth amidst structural reforms and macroeconomic challenges. These efforts have laid a robust foundation for shaping the future through unified endeavors in the years ahead.

MESSAGE FROM CHAIRMAN

We remain steadfast in our dedication to fostering a more equitable and sustainable food system capable of navigating the rapidly changing world. We invite all stakeholders in the value chain to join us in this endeavor. We firmly believe that cooperation, innovation, and harmony are integral to achieving this ambitious goal.

"PIONEERING SUSTAINABLE SOLUTIONS"

At SARVESHWAR FOODS, we believe in the transformative power of working directly with farmers to drive ethical practices and foster enduring change within agricultural supply chains. Our latest initiative introduces a comprehensive five-year sustainability strategy for rice, designed to support thousands of farmers in our global network. This strategy focuses on producing certified and verified rice while promoting soil health and combating climate change through targeted investments in sustainable practices.

Collaboration remains at the heart of our efforts. Together with the Sarveshwar Smiles Foundation, we have embarked on joint initiatives aimed at engaging, educating, and empowering smallholder farming communities. These projects have had a meaningful impact on local communities connected to our operations worldwide, including our recent initiative in India to educate farmers on adopting sustainable agricultural practices.

Our commitment to sustainability extends beyond mere compliance; it is about creating tangible benefits for our partners and the environment alike. By nurturing these partnerships and investing in sustainable agriculture, we are not only securing the future of our business but also contributing positively to the communities we serve.

"Success is not measured by what you accomplish, but by the opposition you have encountered, and the courage with which you have maintained the struggle against overwhelming odds."

MESSAGE FROM MD

"DRIVING TRANSFORMATION THROUGH GLOBAL PROBLEM-SOLVING"

It is with great pleasure and enthusiasm that I address you today. As we embark on another year of challenges and opportunities, I am inspired by the dedication and resilience that define our team at Sarveshwar Foods Limited.

The past year has been a testament to our collective strength and agility in navigating uncertainties. Despite the evolving landscape, we have not only adapted but also thrived, achieving significant milestones and reinforcing our commitment to excellence.

"NAVIGATING CHANGE: DRIVING GROWTH WITH ADAPTABILITY"

At Sarveshwar, we embrace change as a catalyst for growth. The past year has been transformative as we navigated unprecedented challenges with resilience and determination. We have not only adapted to the changing dynamics of our industry but have also leveraged them to propel our growth trajectory forward.

Our commitment to innovation has been pivotal. We have embraced new technologies and strategies that have enhanced our operational efficiency and customer experience. These innovations have not only positioned us as a leader in our field but have also allowed us to better serve our stakeholders amidst shifting market demands.

Change, however, is not just about adaptation—it is about proactive transformation. We have undertaken strategic initiatives to foster sustainable growth across all facets of our business. From enhancing our product offerings to expanding our market reach, every decision has been driven by our commitment to creating long-term value for our shareholders and communities.

MESSAGE FROM MD

"BUILDING STRONG COMMUNITY TIES: OUR FARMER RELATIONSHIPS"

We have deepened our partnerships with farmers in key regions of Jammu & Kashmir, Uttar Pradesh, Haryana, and Punjab to secure sustainable sources of raw materials. Through our Farmer App, we provide technical support and promote environmentally friendly agricultural practices, thereby expanding our farmer base and fostering community engagement. Our commitment to sustainability is underscored by our ownership of two processing facilities in Jammu and Kashmir, both USFDA and BRC-approved.

Concurrently, we have continued to champion cutting-edge products, services, and technologies aimed at revolutionizing food and agricultural production. These innovations enhance operational efficiency, support informed business decision-making, and cultivate transparent and sustainable value chains.

In parallel, our ongoing digitalization initiatives across the Group have strengthened customer relationships and enriched commercial and operational decision-making processes. By leveraging shared data, traceability solutions, and real-time analytics, we empower our teams with market insights and sustainability intelligence.

I take this opportunity to extend my heartfelt gratitude to our esteemed co-directors and business partners for their invaluable contributions to our ongoing success. I also thank each of our shareholders for their continued confidence and support.

Together, we have worked tirelessly to integrate sustainability into every aspect of our business, ensuring that our practices align with global best practices and contribute positively to the communities we serve.

REGARDING FINANCIALS

It is my pleasure to address you today and share the exciting financial progress our company has made for the year ended March 31, 2024. I am thrilled to report that we have achieved remarkable growth across key financial metrics, reflecting our strategic efforts and the robust demand for our products.

For Q4 FY24, our revenue from operations reached an impressive Rs. 247.32 crore, a substantial increase of 91% compared to Rs. 129.81 crore in the same quarter last year. This exceptional growth is largely attributed to our enhanced supply chain capabilities and the successful implementation of the Bharat Rice Scheme by the Government of India. This initiative has significantly broadened our customer base and strengthened our market presence.

In addition to this, we have witnessed a notable enhancement in buyer confidence, thanks to the recent GI tagging of our products from Jammu & Kashmir. This prestigious recognition underscores the superior quality of our rice and has further elevated our brand's credibility.

Our EBITDA for the quarter stands at Rs. 14.20 crore, reflecting a solid year-on-year growth of 26% from Rs. 11.30 crore in Q4 FY23. This improvement highlights our continued focus on operational efficiency and cost management.

MESSAGE FROM MD

Most gratifyingly, our profit after tax (PAT) has surged to Rs. 4.14 crore, representing a remarkable 129% increase from Rs. 1.81 crore in the same quarter last year. This significant rise in profitability is a testament to our effective strategy and the hard work of our dedicated team.

As we move forward, we remain committed to driving growth and delivering value to our stakeholders. We will continue to leverage our strengths, embrace innovation, and seize new opportunities in the market.

Thank you for your ongoing support and confidence in our company. Together, we look forward to achieving even greater milestones in the future.

"Tomorrow's Promise: Advancing Together"

In today's world, the imperative to protect our planet has never been more pressing. At Sarveshwar Foods Limited, we recognize our role and responsibility in shaping a sustainable future for generations to come. This commitment is not just a corporate mandate; it is ingrained in our values and guides every decision we make.

As we reflect on the achievements and challenges, I am inspired by the collective progress we have made towards shaping a brighter future together. "Tomorrow's Promise" encapsulates our commitment to advancing hand in hand with all our stakeholders — from our valued shareholders to our dedicated employees and trusted partners.

Throughout the year, we have remained determined in our pursuit of excellence and innovation. We have embraced change as an opportunity to lead and innovate, propelling us towards sustainable growth and prosperity. Together, we have navigated uncertainties with resilience and determination, laying a solid foundation for future success.

Our focus on collaboration has been instrumental. By fostering strong partnerships and empowering our teams, we have enhanced operational efficiency, customer satisfaction, and sustainability practices. This collective effort has not only strengthened our market position but has also reinforced our commitment to ethical business practices and community engagement.

Looking ahead, we remain committed to our vision of advancing together towards a sustainable and prosperous future. We will continue to invest in cutting-edge technologies, sustainable practices, and talent development initiatives that drive innovation and create shared value.

"Thank you to our shareholders for your invaluable support and partnership."

In essence, the vision of Sarveshwar Foods is to create a sustainable, carbon-neutral future where high-quality rice production supports both people and the planet. Through innovative practices, community engagement, and a steadfast commitment to environmental stewardship, Sarveshwar Foods is leading the way in making sustainable agriculture a reality.

VISION OF SARVESHWAR FOODS: EMBRACING SUSTAINABILITY AND CARBON NEUTRALITY

Sarveshwar Foods envisions a world where agriculture and environmental stewardship coexist harmoniously. As a leading rice brand, Sarveshwar Foods is committed to providing premium, high-quality rice while minimizing its environmental footprint. The company's vision is rooted in the belief that sustainability is not just a choice but a responsibility that extends beyond producing nutritious food—it's about protecting the planet for future generations.

1. CARBON NEUTRALITY COMMITMENT

Sarveshwar Foods aims to be a pioneer in the agricultural industry by achieving carbon neutrality in its operations. This commitment involves reducing carbon emissions across the entire supply chain, from the paddy fields to the packaging and distribution of rice. The brand's goal is to ensure that the carbon dioxide emitted during production is offset by practices that absorb or eliminate an equivalent amount of CO₂ from the atmosphere.

KEY INITIATIVES

Sustainable Farming Practices

Renewable Energy Integration

Carbon Offsetting Projects:

Key Initiatives for Carbon Neutrality:

• **SUSTAINABLE FARMING PRACTICES:**

Sarveshwar Foods supports and promotes sustainable farming techniques, such as organic farming, crop rotation, and reduced use of chemical fertilizers, which help lower greenhouse gas emissions.

• **RENEWABLE ENERGY INTEGRATION:**

The company is investing in renewable energy sources like solar and wind power to reduce reliance on fossil fuels in their production and processing facilities.

• **CARBON OFFSETTING PROJECTS:**

Sarveshwar Foods partners with various environmental organizations to support carbon offset projects, such as reforestation and afforestation, which help to balance out any unavoidable emissions.

2. SUSTAINABILITY PROJECTS

SARVESHWAR FOODS: LEADING THE CHARGE IN SUSTAINABLE AGRICULTURE WITH BOOMITRA

Sarveshwar Foods is proud to partner with Boomitra, a TIME100 Most Influential Company and leading carbon project developer, to empower our associated farmers through the adoption of regenerative agricultural practices. This collaboration is focused on promoting sustainable farming, enhancing soil health, and reducing carbon emissions across India

**45,000 acres cultivated by
17,000 farmers**

ADVANCING SUSTAINABLE AGRICULTURE

Leveraging its expertise in soil carbon projects, Boomitra will support Sarveshwar Foods in recruiting farmers and encouraging the adoption of sustainable agricultural practices. These practices include:

- Reducing tillage and preserving soil structure and organic matter.
- Reducing fertilizer application to prevent overuse and minimize environmental impact.
- Adopting soil amendments to increase soil fertility and enhance carbon sequestration.
- Implementing efficient irrigation techniques to optimize water usage.
- Utilizing best practices in crop management to boost productivity and carbon sequestration.

CARBON CREDITS are permits that allow the owner to emit a certain amount of carbon dioxide or other greenhouse gases (GHGs). One credit permits the emission of one ton of carbon dioxide or the equivalent of other greenhouse gases. Carbon credits are also known as carbon offsets.

The carbon credit is half of a cap-and-trade program. Companies that pollute are issued credits that allow them to continue to pollute up to a certain limit that's periodically reduced. The company can sell any unneeded credits to other companies that need them so private companies are doubly incentivized to reduce greenhouse emissions.

First, they must spend money on extra credits if their emissions exceed the cap. And second, they can make money by reducing their emissions and selling their excess allowances.

"In alignment with our commitment to sustainability and environmental stewardship, Sarveshwar proudly reports significant strides in our carbon credits initiative in recent years. By investing in verified carbon reduction projects and fostering sustainable practices across our operations, we have effectively mitigated the carbon emissions. This achievement not only underscores our dedication to combat climate change but also enhances our corporate responsibility profile. Looking ahead, we remain steadfast in our efforts to expand these initiatives, striving towards a greener future while delivering long-term value to our stakeholders."

DRIVING ECONOMIC AND ENVIRONMENTAL IMPACT

This initiative is about more than just improving farming techniques—it’s about providing real, measurable benefits to farmers. Through Boomitra’s carbon credit program, farmers involved with Sarveshwar Foods will have the opportunity to generate additional revenue by earning carbon credits. These credits, which are produced by sequestering carbon in the soil through sustainable practices, represent a new income stream for farmers while contributing to global climate change mitigation efforts.

A SHARED COMMITMENT TO SUSTAINABILITY

The partnership between Boomitra and Sarveshwar Foods underscores a shared commitment to environmental stewardship and the economic empowerment of farmers. Together, we are advancing regenerative agriculture in India, laying the groundwork for a more sustainable future.

Understanding Carbon Credits

Carbon credits are tradable certificates representing the reduction of one metric ton of carbon dioxide or its equivalent in other greenhouse gases. By offsetting emissions through verified carbon reduction projects, organizations can help mitigate their environmental impact and contribute to the global fight against climate change.

SARVESHWAR FOODS’ COMMITMENT TO CARBON REDUCTION

"In alignment with our commitment to environmental stewardship, Sarveshwar Foods is proud to report significant progress in our sustainability initiatives. By investing in verified carbon removal projects and adopting sustainable practices across our operations, we are effectively mitigating our carbon emissions. This achievement demonstrates our dedication to combating climate change and strengthens our corporate responsibility. Looking ahead, we are committed to expanding these initiatives, working towards a greener tomorrow while delivering long-term value to our stakeholders."

SUSTAINABLE RICE PLATFORM

Our vision is to “Feed the world. Sustainably”, transforming the global rice sector through an alliance that links research, production, policy making, trade and consumption. The vision articulates a new norm in rice, where the sector delivers healthy, high-quality, nutritious rice to consumers, helps farmers achieve better lives, and protects the environment.

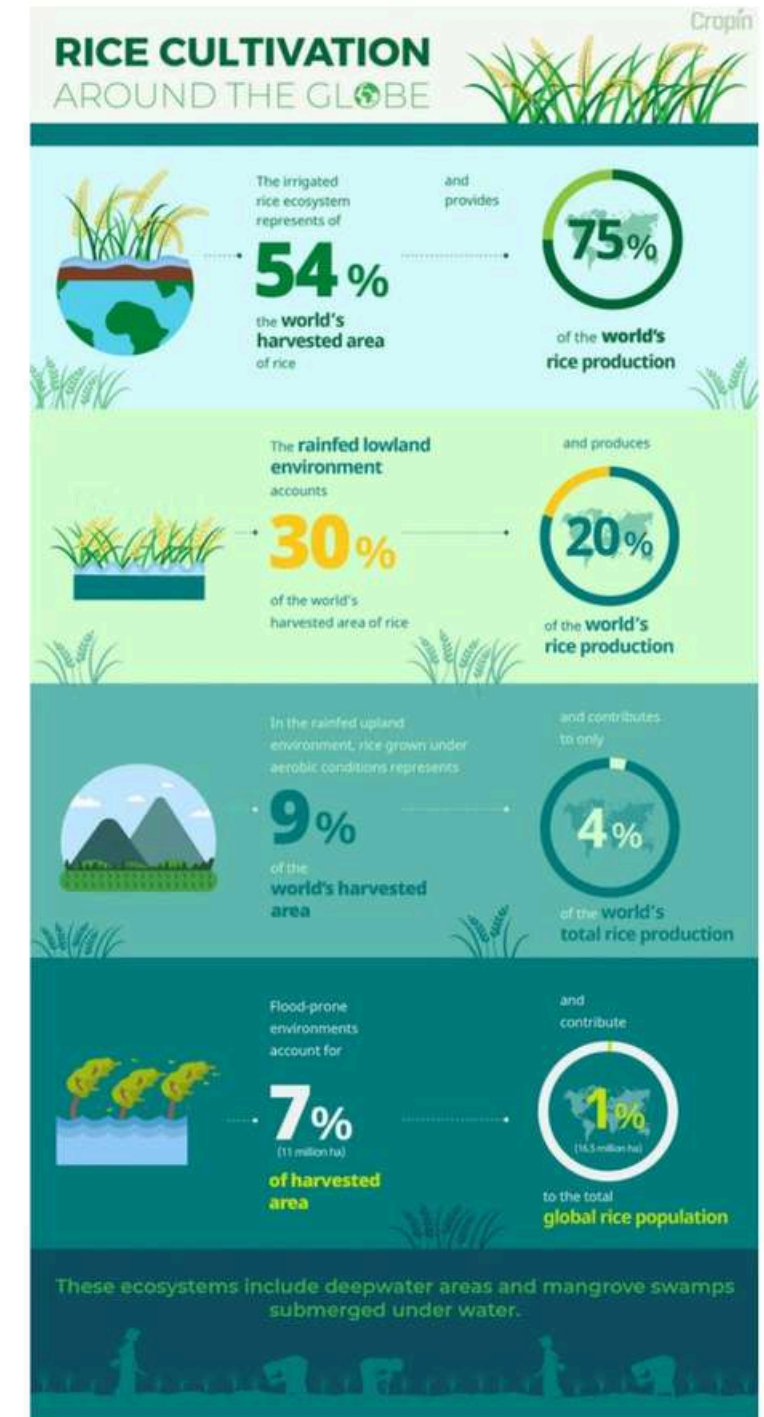

Our mission is to catalyze global rice sector transformation by developing tools and mobilizing rice stakeholders to promote on-farm adoption of sustainable best practice, link farmers to markets and offer an objective normative basis for policymaking.

SRP-Verified products have met benchmarks under the SRP Standard for Sustainable Rice Cultivation, the world’s first voluntary sustainability standard for rice.

When you purchase SRP-Verified products, you are making a real difference:

- Promote climate-smart agriculture
- Protect biodiversity
- Fight climate change
- Support smallholder farmers and women farmers
- Access high-quality rice

SRP-Verified rice is sustainably sourced to protect people and our planet.

THE SRP-VERIFIED LABEL OR CLAIM – A BENCHMARK FOR SUSTAINABLE RICE CULTIVATION.

A sustainability rice platform with Sarveshwar Rice could encompass several aspects, focusing on sustainable practices throughout the rice cultivation, processing, and distribution chain.

SUSTAINABLE CULTIVATION PRACTICES:

Organic Farming Methods: Implementing organic farming techniques such as natural fertilizers, composting, and crop rotation to minimize chemical inputs and preserve soil health.

Water Management: Efficient water usage through techniques like drip irrigation, rainwater harvesting, and water recycling to reduce water consumption and promote sustainable irrigation practices.

Biodiversity Conservation: Preserving local biodiversity by maintaining natural habitats, planting cover crops, and avoiding monoculture to support ecological balance.

RESPONSIBLE PROCESSING AND PRODUCTION:

Energy Efficiency: Using renewable energy sources like solar power or biomass for milling and processing operations to reduce carbon footprint.

Waste Management: Implementing recycling and composting programs to minimize waste generation and utilize by-products effectively.

Quality Assurance: Ensuring stringent quality control measures throughout processing to maintain nutritional value and food safety standards.

ETHICAL SUPPLY CHAIN AND DISTRIBUTION:

Fair Trade Practices: Partnering with farmers under fair trade agreements to ensure equitable pricing and support rural communities.

Local Sourcing: Promoting local sourcing of raw materials and engaging with nearby communities to support local economies and reduce transportation emissions.

Transparent Traceability: Implementing traceability systems to provide consumers with information about the origin, cultivation practices, and environmental impact of the rice they purchase.

3. COMMUNITY AND FARMER ENGAGEMENT

Sarveshwar Foods recognizes that true sustainability involves collaboration with the communities and farmers who are integral to the production process. The company is dedicated to empowering farmers with knowledge and resources to implement sustainable practices that benefit both the environment and their livelihoods.

“Empowering Farmers: Sarveshwar Foods Ltd Launches Free certified Sona Masuri Paddy Seeds Distribution Initiative in UT of Jammu & Kashmir.”

Sarveshwar Foods Ltd committed to sustainable farming practices, has announced a pioneering initiative aimed at supporting farmers in the Jammu & Kashmir Union Territory through free distribution of certified Sona Masuri paddy seeds, known for their high quality and yield potential, to farmers across the region. Sarveshwar aims to empower the farming community by providing the seeds of export oriented rice varieties. Free distribution of certified seed of Sona Masuri paddy will be done at Sarveshwar procurement facilitation center under this program. This initiative reflects Sarveshwar Foods' dedication to empowering local farming communities and promoting agricultural development in the area. In light of the economic challenges confronting farmers in Jammu & Kashmir, Mr. Rohit Gupta, Chairman of Sarveshwar Foods Ltd, has announced a compassionate initiative. Under the supervision of the Agriculture Specialist team, Sarveshwar has resolved to distribute paddy seeds free of cost. This distribution will specifically target non-basmati growing areas of Jammu. The primary aim of this program is to extend support to the farmers, prioritizing their welfare and interests in the state. Sona Masuri Rice is a variety of medium-grain rice mainly grown in Southern India. One of the unique features of Sona Masuri rice is its ability to absorb flavors and spices easily, making it an ideal ingredient for preparing a variety of Indian dishes. Additionally, it has a lower glycemic index compared to other varieties of rice, making it a healthier choice for people with diabetes. Sona Masuri Rice, due to its increasing popularity, is also finding its position in the international market, mostly exported to countries with a large Indian diaspora. The distribution will benefit around 1000 farmers across various regions, including Paragwal, Mirpur, Garkhal, Akhnoor East, Panjtoot, Khour, Jourian, Bakour, Hamirpur in Akhnoor West, and Paharpur, Maharajpur, Haripur, Chadwal, Hariachak in the Kathua Sector. By targeting these areas, Sarveshwar Foods Ltd aims to maximize the outreach of its initiative and ensure that farmers in need receive essential support for their agricultural endeavors. Sarveshwar Foods Ltd initiative to distribute certified Sona Masuri paddy seeds free of charge in the Jammu & Kashmir Union Territory represents a significant step towards enhancing agricultural sustainability and rural development in the region. By leveraging its expertise and resources, Sarveshwar Foods is not only supporting local farmers but also contributing to food security and economic growth in the area.

4. FUTURE GOALS

Sarveshwar Foods' vision for the future is to be a global leader in sustainable rice production. The company aspires to expand its carbon neutrality and sustainability initiatives, setting new standards for the industry and inspiring other brands to follow suit.

FUTURE ASPIRATIONS:

Global Carbon Neutral Certification: Sarveshwar Foods is working towards achieving global recognition for its carbon-neutral operations, setting a benchmark in the rice industry.

Innovation in Sustainable Practices: The company is committed to ongoing research and development in sustainable agriculture, continuously improving its practices to reduce environmental impact.

Scaling Up Environmental Impact: By expanding its sustainability projects, Sarveshwar Foods aims to have a larger positive impact on the environment, from local ecosystems to global climate change mitigation efforts.

"Feeding Hope, Nourishing Communities"

Sarveshwar Foods has demonstrated a strong commitment to social welfare through the establishment of Sarveshwar Smiles Foundation, a Section 8 company.

This foundation is dedicated to making a positive impact on the lives of underprivileged communities, particularly in the areas of education, healthcare, and environmental sustainability.

Sarveshwar Smiles Foundation's efforts reflect Sarveshwar Foods' vision of creating a socially responsible and sustainable business that contributes to the welfare of society at large.

Through initiatives, the foundation aims to uplift the communities it serves and make a lasting impact on their overall well-being.

Sarveshwar smiles foundation kick starts J&K green drive in Jammu division with target of planting 1000 Plants

NAI ROSHNI
SRINAGAR: Massive plantation drives were launched under the able guidance of SF Chairpersons Pooja Sharma and Navnidhi Sharma across Jammu division today to mark Green J&K initiative/ Van lohotsava- an initiative towards developing the ecology of the state in a more beneficial way.

School children, employees and civil society members participated in the plantation drives held in Upper Meer of Block Panchari.

The celebration kick started with inauguration of the

drive by Ex PFI's here at G Mir Sarti.

SSF has set a target of planting 1000 plants in Jammu division during 2024-25.

Speaking on the occasion Sunat Singh from SSF, emphasised on the importance of extending green cover wasteland, community institutions and roadside beauty as well as enhance tree cover. Equal importance was stressed on survival of planted saplings and their adoption by local beneficiaries and employees of concerned institutions apart from informing the participants about necessity of harnessing green resources such as solar energy / roof water harvest for minimizing the carbon footprint and to improve ground water level.

Plantation drive attended by Koushal Sharma, Ajay Kumar Ex- Ward member, Arpit Teacher.

"Sowing Seeds of Knowledge, Harvesting Youth Potential."

One of our key initiatives involves organizing industrial visits for students and young professionals. These visits offer a unique opportunity to explore the inner workings of our state-of-the-art manufacturing facilities, where they gain firsthand knowledge of food processing, quality control, and operational excellence. By interacting with our experienced team members, participants can bridge the gap between theoretical knowledge and practical application, equipping them with valuable insights into the food industry.

Our commitment to youth welfare and development is driven by a vision of a prosperous and inclusive future. We believe that by investing in the youth today, we are building a stronger tomorrow. Sarveshwar Foods is proud to play a part in shaping the leaders, innovators, and change-makers of the future.

are meticulously designed to deliver both nutritional benefits and authentic culinary experiences. These products are more than just additions to our range; they reflect our focus on creating value-driven, health-conscious, and easy-to-prepare meal solutions that align with current global trends. By leveraging our expertise in selecting high-quality ingredients and blending them with traditional and functional elements like spices and herbs, we aim to address diverse dietary needs while staying true to our core of delivering quality and authenticity.

Our NPD strategy is not just about product variety; it is a deliberate move to reinforce our position as a leader in innovative food solutions. Understanding that today's consumers are more discerning and health-focused, we have strategically developed products like Black Rice, known for its rich antioxidants, and Turmeric Rice, valued for its anti-inflammatory properties, to tap into the growing demand for functional foods. Meanwhile, our Spice Mix and Vegetable Rice cater to the need for quick, nutritious meals that do not compromise on flavor or quality. Each product is a result of rigorous market research, consumer insights, and our dedication to sustainability and quality assurance. By innovating in this direction, we are not only meeting the current market demands but also setting the stage for future growth, ensuring that Sarveshwar Foods remains at the forefront of the industry by consistently delivering products that resonate with the modern consumer's values and lifestyle.

ACHIEVEMENTS

"Sarveshwar Foods awarded bids for export of white rice to Africa through NAFED, amounting approx. 6 Million USD (~Rs. 50 Crores)"

Sarveshwar Foods, a renowned name in the food industry, is pleased to inform that it has successfully been awarded bids to supply 90,000 Quintal of premium white rice to Africa through government's nodal agency NAFED amounting approx. 6 Million USD (~Rs. 50 Crores). Award of these prestigious bids in favour of Sarveshwar Food, not only highlights its supply chain management prowess, both in terms of quantity and quality, but also reinforces its market leader positioning in delivering international standards quality rice in bulk. White rice is a staple food consumed by millions worldwide, and Sarveshwar Foods is dedicated to ensuring that its rice products meet the highest quality and safety standards by following stringent quality control measures and sustainable farming practices. Every Sarveshwar Foods product guarantees the freshness, purity, and nutritional value, and thus providing consumers with a wholesome dining experience. With this, Sarveshwar Foods remains steadfast in its mission to deliver superior-quality rice products that nourish and delight consumers around the world. NAFED (National Agricultural Cooperative Marketing Federation of India Ltd) is an apex government organization of marketing cooperatives for agricultural produce in India, founded with sole objective to promote the trade of agricultural produces, forest resources and to organize, promote and develop marketing, processing and storage of agricultural, horticultural and forest produce, distribution of agricultural machinery, implements and other inputs, undertake inter-state, import and export trade, wholesale or retail as the case may be and to act and assist for technical advice in agricultural, production for the promotion and the working of its members, partners, associates and cooperative marketing, processing and supply societies functional across the India.

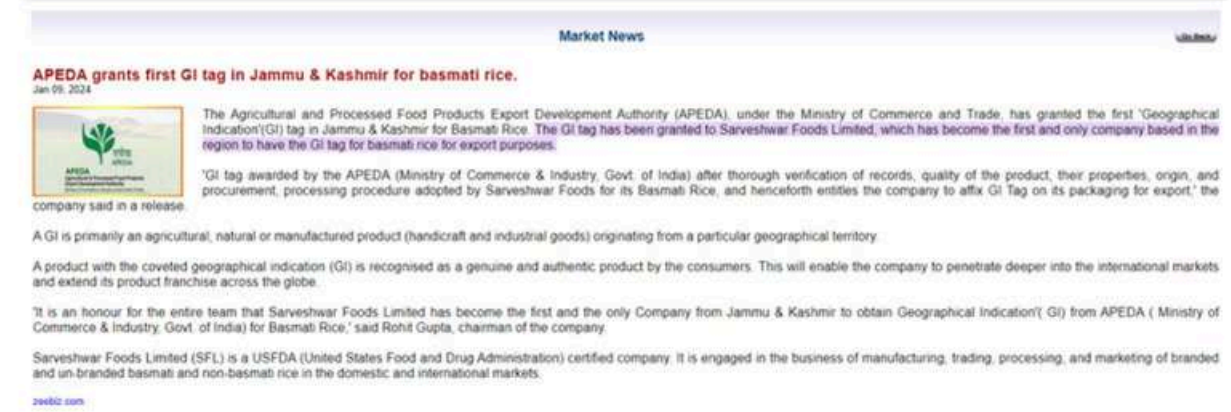

‘Bharat’brand-an Initiative by Govt. of India and Sarveshwar Foods designated through NAFED for distribution of Rice in Union Territory of Jammu & Kashmir

‘Bharat’brand is a central government strategic initiative to sell high-quality pulses, rice and other essential commodities directly to general public at subsidised price. ‘Bharat’ brand is an ambitious scheme whereby Government of India is aiming to stabilise prices, curb food inflation, and augment domestic availability, of quality food items across India. Pulses and Atta are already being sold under ‘Bharat’brand at various places in across India with overwhelming response from the consumers. The expansion of the ‘Bharat’ brand to include rice aligns with the government’s broader strategy to provide essential food items to the masses at affordable rates. Now Government of India has launched the retail sale of packaged subsidized rice for the general public under the brand ‘Bharat Rice’ on February 6, 2024 and Sarveshwar Foods Limited has been designated for the distribution of rice through NAFED in Union Territory of Jammu & Kashmir. Under ‘Bharat’ brand, rice shall be priced at Rs.29 per kilogram and will be sold through outlets of NAFED and NCCF. It will be made available across leading ecommerce platforms as well.

“Sarveshwar Foods Ltd is granted 1st “Geographical Indication”(GI) in Jammu & Kashmir for Basmati Rice by APEDA (Ministry of Commerce & Industry, Govt. of India”

With this, Sarveshwar Foods limited became the 1 st and only company based in Jammu and Kashmir region which has the GI tag for Basmati rice for export purposes. GI tag awarded by the APEDA (Ministry of Commerce & Industry, Govt. of India) after thorough verification of records, quality of the product, their properties, origin, and procurement, processing procedure adopted by Sarveshwar Foods for its Basmati Rice, and henceforth entitles the company to affix GI Tag on its packaging for export. A product with GI Tag is recognised as genuine and authentic product by the consumers in international market and enable the company to penetrate deeper in the international markets, extend its product-franchise across the globe, and that too with better and higher pricing for its product offerings, already known for its quality, aroma and authenticity. Commenting on the occasion, Mr. Rohit Gupta, Chairman of the Company said "it is an honour for entire team that Sarveshwar Foods Limited has become the first and the only Company from Jammu & Kashmir to obtain Geographical Indication”(GI) from APEDA (Ministry of Commerce & Industry, Govt. of India) for Basmati Rice. He further added "We are hopeful that with use of the GI tag, Sarveshwar Foods limited will be able to augment its strength both in the domestic tariff area as well as in International market for its Basmati rise in the coming times.

GLOBAL ECONOMIC OVERVIEW

In FY 2023, the global economy faced a complex array of challenges and opportunities, with significant variations in performance across regions. The recovery from the COVID-19 pandemic continued, but with uneven progress. Major advanced economies, particularly the United States and the European Union, experienced moderate growth due to strong consumer spending and robust labor markets. However, inflationary pressures remained high, driven by supply chain disruptions, energy price volatility, and geopolitical tensions, notably the ongoing conflict in Ukraine. Central banks in these regions responded by tightening monetary policy, raising interest rates to combat inflation, which in turn tempered economic growth and increased borrowing costs.

Looking ahead to FY 2024, the global economic landscape is expected to see notable shifts. Advanced economies are anticipated to experience a deceleration in growth as the cumulative effects of higher interest rates and ongoing inflationary pressures take hold. The Federal Reserve and the European Central Bank are likely to maintain a cautious approach to monetary policy, balancing between curbing inflation and supporting economic activity. The prospect of a potential recession in some advanced economies could further weigh on global growth prospects.

Overall, while FY 2024 presents opportunities for recovery and stabilization, the global economy remains vulnerable to persistent risks such as geopolitical uncertainties, climate change impacts, and potential financial market disruptions. Policymakers across the globe will need to navigate these challenges carefully to foster a balanced and sustainable recovery.

INDIAN ECONOMIC OVERVIEW

In FY 2023, India demonstrated notable economic resilience despite global headwinds. The Indian economy continued its recovery from the pandemic, with robust growth driven by strong domestic consumption, investment in infrastructure, and a rebound in manufacturing and services sectors. However, the economy faced challenges from high inflation, partly due to elevated food and energy prices, and global supply chain disruptions. The Reserve Bank of India (RBI) responded to inflationary pressures with monetary tightening, raising interest rates to stabilize prices while balancing the need to support growth. Despite these pressures, India's economic growth remained relatively strong compared to other major economies.

OUTLOOK

For FY 2024, India's economic outlook remains positive but is shaped by evolving internal and external factors. The economy is expected to maintain its growth trajectory, supported by continued domestic demand, government spending on infrastructure projects, and favorable demographic trends. The government's emphasis on digitalization, innovation, and improving the ease of doing business is likely to further boost economic performance. However, inflation may continue to be a concern, although it is expected to moderate compared to FY 2023. Global economic conditions, including potential recessions in major economies and fluctuations in commodity prices, could impact India's export performance and trade balance. Additionally, structural reforms and investments in key areas such as renewable energy and healthcare are anticipated to play a significant role in sustaining long-term growth. Overall, while the Indian economy is poised for steady growth, it will need to navigate ongoing challenges such as global economic uncertainties and domestic inflationary pressures.

INDIAN ORGANIC INDUSTRY

The Indian organic industry has undergone significant transformation and growth, reflecting the global shift towards sustainable agriculture and health-conscious consumption. Over the past decade, the sector has evolved from a niche market to a burgeoning industry, driven by rising consumer awareness about the benefits of organic products and supportive government policies. The Indian organic industry has experienced robust growth, with increasing adoption among consumers who are seeking healthier food options and more sustainable agricultural practices. Organic farming, which emphasizes the use of natural inputs and eschews synthetic pesticides and fertilizers, has gained traction due to its perceived health benefits and environmental advantages. The market for organic products—ranging from fresh fruits and vegetables to grains, pulses, and processed foods—has expanded significantly. According to industry estimates, the organic food market in India has grown at a compound annual growth rate (CAGR) of around 20% in recent years, with expectations for continued expansion. This growth is driven by a rising middle class, increasing health consciousness, and the growing availability of organic products through various retail channels, including supermarkets, specialty stores, and online platforms.

OUTLOOK

Looking ahead, the Indian organic industry is poised for continued growth, driven by increasing consumer demand for organic products and ongoing government support. The expansion of organic farming practices, coupled with advancements in technology and infrastructure, will likely enhance the sector's productivity and market reach. As global trends towards sustainability and health continue to influence consumer behavior, India's organic industry is well-positioned to capitalize on these opportunities, both domestically and internationally. With continued investment and supportive policies, the organic sector can play a significant role in transforming Indian agriculture and contributing to a healthier and more sustainable food system.

GLOBAL RICE INDUSTRY

The global rice industry is a pivotal component of the world's agricultural sector, essential for food security and economic stability. Rice, a staple food for over half of the global population, is predominantly produced and consumed in Asia, which accounts for more than 90% of global output. The top producers—China, India, and Indonesia—are also major consumers, with significant contributions from Bangladesh, Vietnam, Thailand, and Myanmar. The industry has seen steady growth due to advances in agricultural practices, including improved seed varieties and more efficient farming techniques, which have helped meet rising demand.

Trade plays a crucial role in the global rice market. Major exporters like India, Thailand, and Vietnam help stabilize global supply and pricing, while key importers include countries with limited arable land or those facing food security challenges, such as the Philippines, Nigeria, and Malaysia. The rice trade is influenced by a range of factors, including international trade policies, tariffs, and export restrictions. Recent years have seen price volatility driven by global events like the COVID-19 pandemic, trade disputes, and supply chain disruptions, alongside fluctuations in currency exchange rates and rising production costs.

The industry faces several significant challenges. Climate change is a major concern, as rising temperatures, shifting precipitation patterns, and increased occurrences of extreme weather events threaten rice yields. Water scarcity further complicates the situation, as rice cultivation is highly water-intensive. Efficient water management practices, such as alternate wetting and drying (AWD), and improved irrigation techniques are critical for sustainable production. Additionally, pests and diseases pose ongoing risks, impacting both yield and quality.

Despite these challenges, opportunities exist for growth and innovation in the rice industry. Technological advancements offer promising solutions, with developments in genetic research, precision agriculture, and digital tools for farm management enhancing productivity and sustainability. The rise of sustainably produced and organic rice reflects growing consumer interest in environmentally friendly and health-conscious options, creating new market segments. As incomes rise in developing countries, there is also potential for increased demand for higher-quality rice and value-added products.

Looking ahead, the global rice industry is poised for continued growth, driven by increasing population and consumption. However, achieving sustainable development will require addressing climate change, water scarcity, and other critical challenges. Embracing technological innovations and improving sustainability practices will be key to navigating these issues and ensuring the industry's future success in contributing to global food security and economic stability.

OUTLOOK

The global rice industry is likely to continue growing, driven by rising population and consumption patterns. However, achieving sustainable growth will require addressing climate change, water scarcity, and other challenges. Embracing technological innovations, improving sustainability practices, and adapting to shifting market demands will be key to the industry's future success. As the industry navigates these challenges and opportunities, it will play a crucial role in ensuring food security and supporting global economic stability.

INDIAN RICE INDUSTRY

India, the world's second-largest rice producer, is projected to account for one-fourth of global rice production, with a record output of 136 million tonnes for the agricultural year 2022-23. Although the kharif crop was adversely affected by a delayed and uneven monsoon in 2022, the shortfall was mitigated by a strong rabi and summer crop.

In September 2022, India, the leading global rice exporter, which contributes over 40% of global rice exports, imposed an export ban on broken rice and a 20% export tax on certain non-basmati rice varieties due to concerns over reduced production from erratic monsoons. Despite these restrictions, India's rice exports increased by 3.5% in 2022, reaching 22.26 million tonnes. This figure exceeded the combined exports of the next four largest rice exporters: Thailand, Vietnam, Pakistan, and the USA.

OUTLOOK

The future of the Indian rice industry is promising, with significant potential for growth driven by rising domestic consumption, expanding export opportunities, and ongoing government support. Emphasizing technological innovation, sustainability, and market diversification will be key to navigating the challenges and capitalizing on emerging opportunities. By addressing climate-related risks, improving infrastructure, and adopting modern agricultural practices, the Indian rice industry can enhance its resilience and continue to play a crucial role in global food security and economic stability. Rice prices and supply chains. While the outlook for the rice industry is generally positive, its success will depend on effective adaptation to climate impacts and the ability to navigate trade and economic fluctuations.

OPPORTUNITY

The rice industry presents numerous opportunities both globally and domestically, driven by changing consumer preferences, technological advancements, and evolving market dynamics. Globally, the increasing demand for rice, particularly in emerging economies, offers significant growth potential. As populations expand and urbanize in regions such as Asia, Africa, and Latin America, the need for rice as a staple food grows. This rising demand is further complemented by changing dietary patterns and an increasing preference for premium and specialty rice varieties. Producers can capitalize on this by diversifying their product offerings and targeting both domestic and international markets with high-quality and value-added rice products.

Sustainability is a critical factor driving opportunities in the global rice industry. With growing consumer awareness about environmental issues and health concerns, there is a marked shift towards organic and sustainably produced foods. The demand for organic rice is on the rise as consumers seek products with fewer chemical residues and a lower environmental footprint. This trend presents an opportunity for rice producers to invest in organic farming practices and obtain certifications that open doors to premium markets. Embracing sustainable practices, such as reduced water usage and lower greenhouse gas emissions, can also enhance market competitiveness and align with global environmental goals.

Technological advancements offer transformative opportunities for both global and domestic rice industries. Innovations in precision agriculture, including the use of drones, sensors, and data analytics, can significantly boost productivity and resource efficiency. These technologies enable better management of water resources, optimized fertilizer application, and early detection of pests and diseases, leading to higher yields and reduced environmental impact. Investing in such technologies can improve the competitiveness of rice producers and contribute to more sustainable farming practices.

Domestically, opportunities also abound. In countries like India, with its vast and diverse rice production base, there is potential for significant growth in value-added products, such as rice flour, rice bran oil, and ready-to-eat rice meals. Additionally, the expansion of digital and e-commerce platforms allows producers to reach new consumer bases and offer organic and specialty rice products directly to consumers, enhancing market access and brand visibility.

RISKS AND CONCERN

The rice industry faces several critical risks that could impact its stability and growth. One of the foremost challenges is climate change, which threatens rice production through increased temperatures, altered rainfall patterns, and more frequent extreme weather events such as floods and droughts. These climate-related issues can disrupt planting and harvesting schedules, reduce yields, and exacerbate water scarcity. Rice cultivation is particularly vulnerable to water stress, as it is a water-intensive crop, and changes in water availability can significantly affect production.

Finally, regulatory and policy changes can impact the industry. Shifts in government policies regarding subsidies, trade agreements, and environmental regulations may affect production costs and market access. Navigating these risks requires adaptive strategies, including investing in climate-resilient technologies, improving pest management practices, and enhancing market and trade relations to ensure the long-term sustainability of the rice industry.

INTERNAL CONTROL SYSTEM

Our internal control system is a critical component of our company's governance framework, designed to ensure the accuracy of financial reporting, safeguard assets, and enhance operational efficiency. It encompasses a range of structured policies and procedures that define clear roles and responsibilities, facilitating accountability and reducing the risk of errors and fraud. Key elements include the segregation of duties, where tasks such as transaction authorization, record-keeping, and asset management are divided among different employees to prevent conflicts of interest. All transactions are subject to rigorous authorization and approval processes to ensure compliance with established policies. We conduct regular internal and external audits to assess the effectiveness of our controls and identify areas for improvement. Our system is dynamic, incorporating ongoing risk assessments to address potential vulnerabilities and adapting to changes in business operations and regulatory requirements. Continuous employee training on internal control procedures and ethical standards reinforces our commitment to compliance and accountability. By integrating these practices, our internal control system supports the reliability of our financial reporting, enhances operational efficiency, and contributes to the overall stability and success of the company.

GROWTH PLANNER

FOOD SAFETY AND QUALITY

Food safety is a cornerstone of our company's commitment to quality and consumer well-being. We implement a comprehensive food safety management system to ensure that every aspect of our operations adheres to the highest standards of hygiene, quality, and regulatory compliance. Our approach begins with stringent supplier selection and ongoing evaluation, ensuring that all raw materials meet rigorous safety and quality standards. We maintain a robust set of procedures for food handling, storage, and preparation, designed to prevent contamination and ensure the integrity of our products.

Our facilities are equipped with state-of-the-art technology and are regularly inspected and cleaned to meet industry standards. We enforce strict hygiene practices among our staff, including regular training on safe food handling techniques, personal hygiene, and emergency procedures. Critical control points are monitored closely, with established protocols for temperature control, cross-contamination prevention, and traceability.

DIGITAL TRANSFORMATION

Digital transformation in the Fast-Moving Consumer Goods (FMCG) sector is revolutionizing how companies operate, engage with customers, and manage their supply chains. Leveraging advanced technologies such as artificial intelligence, big data analytics, and the Internet of Things (IoT), FMCG companies can enhance operational efficiency and drive innovation. Data analytics enables real-time insights into consumer behavior, allowing for more personalized marketing strategies and targeted product offerings. Modern devices improve supply chain visibility and inventory management by providing real-time tracking and monitoring of goods from production to retail. Automation in manufacturing and logistics optimizes production processes and reduces costs, while digital platforms streamline distribution and enhance customer engagement through e-commerce and social media. Additionally, digital tools facilitate better forecasting and demand planning, leading to more agile and responsive operations. Overall, digital transformation in FMCG not only improves operational efficiency and customer satisfaction but also positions companies to adapt swiftly to market changes and emerging trends, driving growth and competitive advantage in a rapidly evolving industry.

BIGSHARE I-VOTE E-VOTING SYSTEM

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

i. **The voting period begins on Tuesday, 24th September, 2024 (09.00 A.M. IST) and will end on Thursday, 26th September, 2024 (5.00 p.m. IST)**. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 20th September, 2024 may cast their vote electronically. The e-voting module shall be disabled by Bigshare for voting thereafter.

ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

iii. Pursuant to **SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015**, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

iv. In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND RULES RELATED THERETO

ITEM NO 1: RE-APPOINTMENT OF DR UTTAR KUMAR PADHA (DIN:07242286) AS INDEPENDENT DIRECTOR

Dr. Uttar Kumar Padha was appointed as an Independent Director of the Company under the provisions of the Companies Act, 2013, vide resolution passed by the Members at the 15th Annual General Meeting held on September 27, 2019. As per the said resolution, the term of appointment of Dr. Uttar Kumar Padha was up to August 26, 2024.

In terms of Regulation 17(1C) of the SEBI (LODR), Regulations, 2015, a listed entity shall ensure that the approval of the shareholders for the appointment/re-appointment of a person on the Board of Directors is taken at the next general meeting or within a time period of three months from the date of appointment/re-appointment, whichever is earlier.

Pursuant to the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company passed a resolution on July 25th, 2024 approved re-appointment of Dr. Uttar Kumar Padha as an Independent Director for a second term from August 26, 2024 to August 25, 2029 based on his skills, experience, knowledge and positive outcome of performance evaluation.

Pursuant to the provisions of Section 149 and other applicable provisions of the Companies Act, 2013, an Independent Director shall hold office for a term up to five consecutive years on the Board of a Company, and shall be eligible for re-appointment on passing of a special resolution by the Company.

The Company has received a declaration from Dr. Uttar Kumar Padha confirming that he meets the criteria of independence under Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, the Company has also received consent from Dr. Uttar Kumar Padha to act as a Director in terms of section 152 of the Companies Act, 2013 and a declaration that he is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013.

In the opinion of the Board of Directors, Dr. Uttar Kumar Padha fulfils the conditions specified in the Companies Act, 2013 and the rules made thereunder, for his re-appointment as an Independent Director of the Company and is independent of the Management.

The resolution seeks the approval of members for the reappointment of Dr. Uttar Kumar Padha as an Independent director of the Company up to August 25, 2029, pursuant to applicable provisions of the Companies Act, 2013 and the Rules made thereunder.

None of the Directors/ Key Managerial Personnel of the Company/ their relatives except Dr. Uttar Kumar Padha is/ are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item no.1 of this Notice except to the extent of their respective shareholding entitlements in the Company, if any.

The Board of Directors of your Company, therefore, recommend the Resolution set out in item No. 1 of this Notice for the approval of the Members by way of passing a Special Resolution.

Additional information in respect of Dr. Uttar Kumar Padha and Brief Profile, pursuant to Regulation 36 of the Listing Regulations and the Secretarial Standards on General Meetings (SS-2), is given as part of Annexure A to this Notice.

ITEM NO 2: TO APPROVE RAISING OF FUNDS THROUGH THROUGH VARIOUS PERMISSIBLE MODES IN ACCORDANCE WITH APPLICABLE LAWS BY THE COMPANY

In view of new opportunities, expanding business and meeting day to day financial commitments would require enormous amount of finance. Hence, it is proposed to raise additional funds aggregating not exceeding Rs. 250 Crores in one or more tranches by way of issuance of securities, convertible instruments, FCCB, QIP/Preferential Allotment/GDR including rights issue.

Accordingly, the Board of Directors in its meeting held on August 13, 2024 had approved the proposal of raising of additional fund aggregating not exceeding Rs. 250 crores (Rupees Two Hundred and Fifty Crores) or its equivalent, which may be consummated in one or more tranches as may be decided by the Board of Directors or Committee of the Company from time to time, by any of the following method provided:

- Qualified Institutions Placement, Private Placement in international markets through Depository Receipts, GDRs etc;
- Foreign Currency Convertible Bonds;
- Issue of fully convertible debentures/ partly convertible debentures/ non-convertible debentures with warrants, with a right exercisable by the warrant holder to exchange the said warrants with Equity Shares;
- Preference Shares convertible into Equity Shares;
- Any other financial instruments or securities convertible into Equity Shares, whether rupee denominated or denominated in foreign currency or a Public Issue or any other methods.

This proposal is in addition to the decision approved by the shareholders at their Extra Ordinary General Meeting held on Saturday, the 16th Day of March, 2024 at 12.00 Noon at Country Inn & Suites, by Radisson, Opposite Bahu Plaza Complex, Gandhi Nagar Extension, Jammu J& K -180004 regarding raising of funds through issuance of securities by the company for an amount not exceeding Rs. 100 Crores, in one or more tranches, including rights issue not exceeding Rs. 50 Crores (Rupees Fifty Crores) in single tranche.

The Board may in their discretion adopt any one or more of the mechanisms prescribed above to meet its objectives as stated in the aforesaid paragraphs without the need for fresh approval from the Members of the Company. The proposed issue of capital is subject to the approvals of the by the Securities and Exchange Board of India and any other government/regulatory approvals as may be required in this regard.

In case the issue is made through a qualified institutions placement, the pricing of the Securities that may be issued to qualified institutional buyers pursuant to a qualified institutions placement shall be determined by the Board in accordance with the regulations on pricing of securities prescribed under Chapter VI of the ICDR Regulations. The resolution enables the Board to offer such discount as permitted under applicable law on the price determined pursuant to the ICDR Regulations. The Company may, in accordance with applicable law, offer a discount of not more than 5% or such percentage as permitted under applicable law on the floor price determined pursuant to the ICDR

Regulations (not be less than the average of the weekly high and low of the closing prices of the equity shares quoted on a stock exchange during the two weeks preceding the Relevant Date', less a discount of not more than 5%). Moreover, as per the same regulations, the Company shall not make any subsequent QIP until the expiry of two weeks from the date of the prior QIP made pursuant to one or more special resolutions. The Relevant Date for this purpose would be the date when the Board or a duly authorized Committee of the Board decides to open the qualified institutions placement for subscription, if Equity Shares are issued, or, in case of issuance of convertible securities, the date of the meeting in which the Board decides to open the issue of the convertible securities as provided under Chapter VI of the SEBI ICDR Regulations.

The Special Resolution also seeks to give the Board powers to issue Securities in one or more tranche or tranches, at such time or times, at such price or prices and to such person(s) including institutions, incorporated bodies and/or individuals or otherwise as the Board in its absolute discretion deem fit. The detailed terms and conditions for the issue(s)/offering(s) will be determined by the Board or its committee in its sole discretion in consultation with the advisors, lead managers, underwriters and such other authority or authorities as may be necessary considering the prevailing market conditions and in accordance with the applicable provisions of law and other relevant factors.

The Equity Shares to be allotted would be listed on one or more stock exchanges in India and in case of GDR internationally. The offer/ issue/ allotment would be subject to the availability of the regulatory approvals, if any. The conversion of Securities held by foreign investors into Equity Shares would be subject to the applicable foreign investment cap and relevant foreign exchange regulations. As and when the Board does take a decision on matters on which it has the discretion, necessary disclosures will be made to the stock exchanges as may be required under the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Further, Section 62(1)(a) of the Act provides, inter alia, that when it is proposed to increase the issued capital of a company by allotment of further Equity Shares, such further Equity Shares shall be offered to the existing Members of such company in the manner laid down therein unless the Members by way of a special resolution in a General Meeting/ postal ballot decide otherwise. Since, the Special Resolution proposed in the business of the Notice may result in the issue of Equity Shares of the Company to persons other than existing Members of the Company, consent of the Members is also being sought pursuant to the provisions of Section 62(1)(c) and other applicable provisions of the Act as well as applicable rules notified by the Ministry of Corporate Affairs and in terms of the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Your Directors, therefore, recommend the special resolution, as set forth in Item No. 2 of this Notice, for approval by the Members of the Company.

None of the Directors/ Key Managerial Personnel of the Company/ their relatives is/ are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item no. 2 of this Notice except to the extent of their respective shareholding entitlements in the Company, if any.

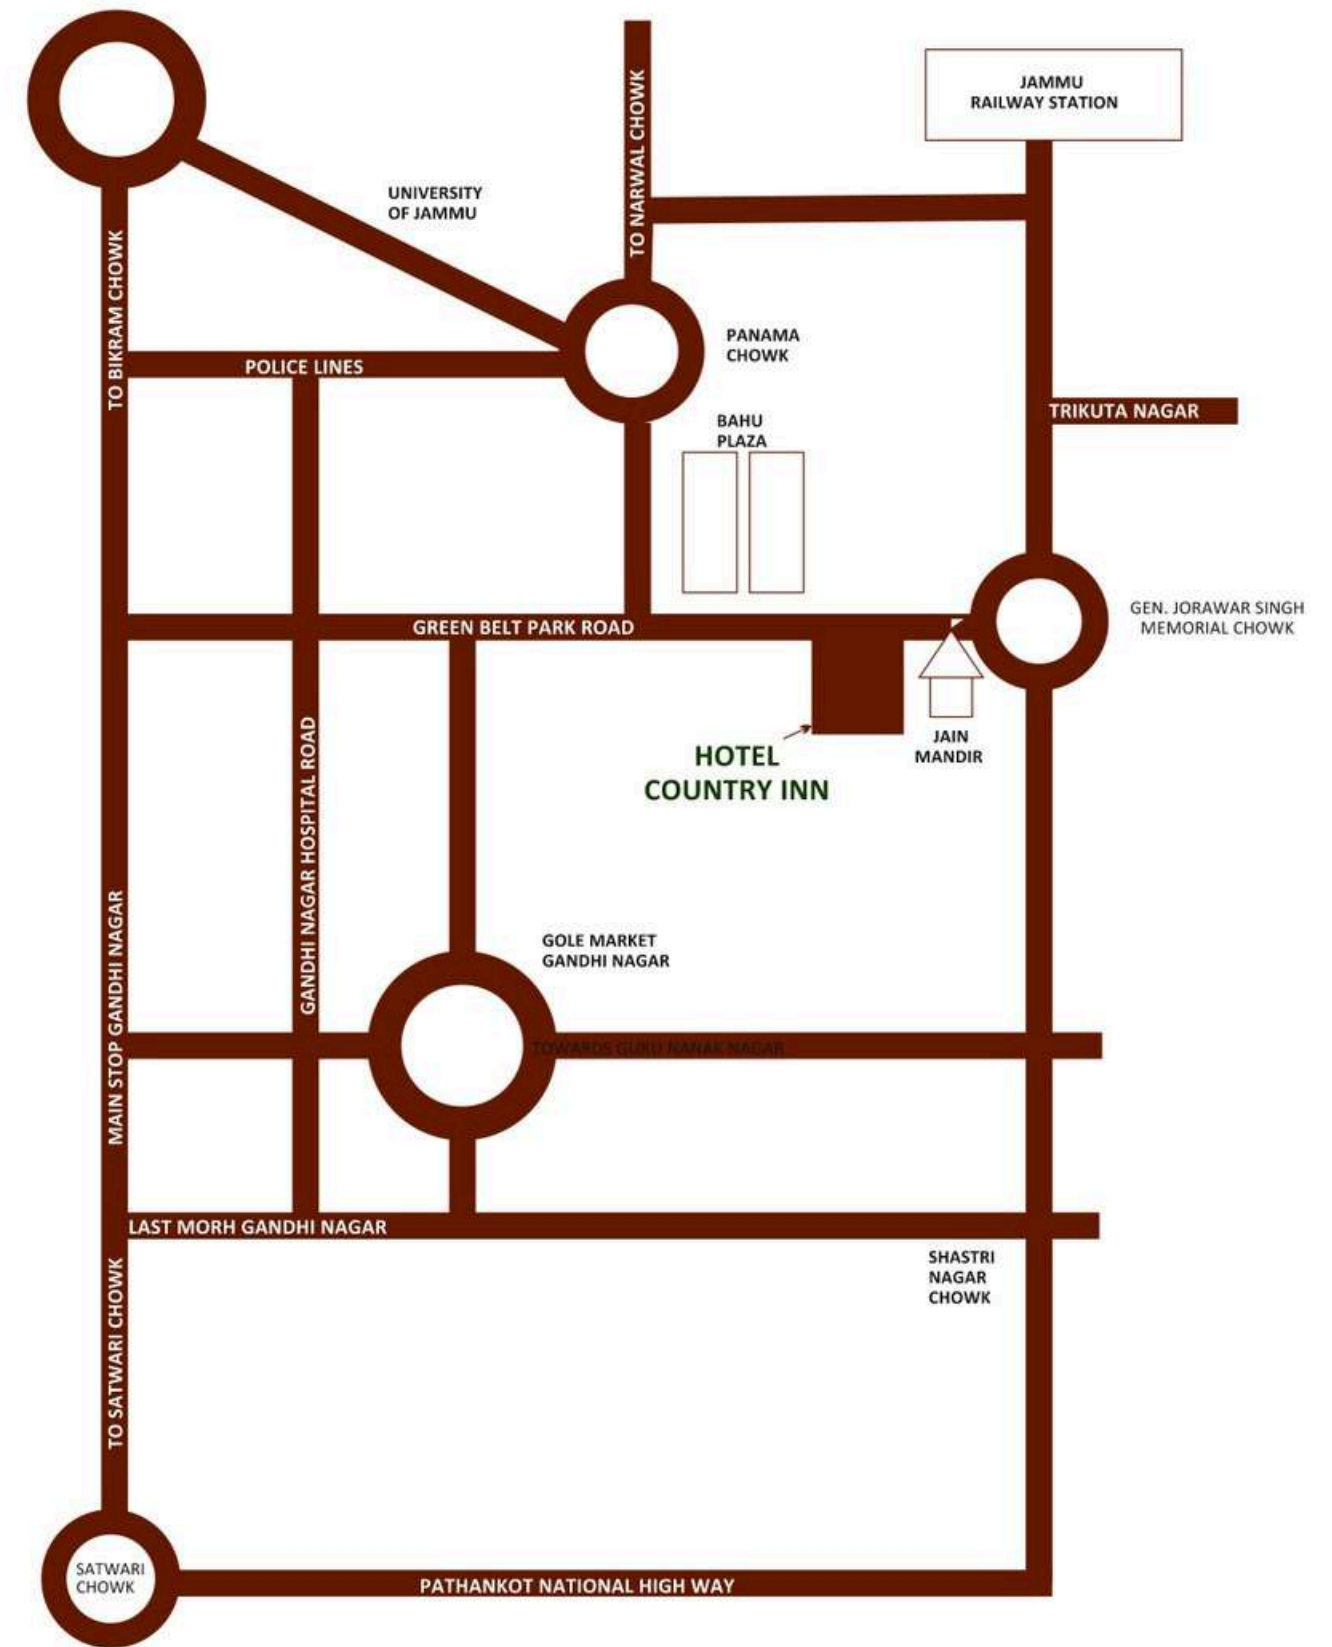

The Board of Directors recommends the resolutions as set out in Item No. 2 of this notice by way of Special Resolution.

FINANCIAL REVIEW:

In the face of a challenging inflationary environment, our company has remained resilient, focusing on key strategic pillars to ensure sustained growth and profitability. The fiscal year 2023-2024 has been marked by significant achievements across various fronts, reflecting our commitment to excellence and innovation.

KEY METRICS

Revenue Growth:

Revenue from Operations reached Rs. 869.59 crore in FY24, showcasing a robust growth of 26% compared to Rs. 689.32 crore in FY23. This growth underscores our strong market presence and customer demand for our offerings.

EBITDA Performance:

EBITDA for FY24 stands at Rs. 55.79 crore, marking a substantial increase from Rs. 32.45 crore in FY23, representing a remarkable growth of 72% year-on-year. This impressive performance is a testament to our relentless focus on cost efficiency programs and operational excellence.

Profitability:

Profit after Tax (PAT) for FY24 amounted to Rs. 16.78 crore, a notable surge from Rs. 7.80 crore in FY23, registering an outstanding growth of 115%. This exceptional growth in profitability reflects our efficient management of resources and effective execution of strategic initiatives.

DIVIDEND:

The Board wishes to retain all its earnings to further improve the performance of the Company and thus do not recommend any distribution of dividend for the Financial Year ended on 31st March, 2024.

TRANSFER OF RESERVES:

In view of the robust financial strength of the Company, a sum of Rs. 41.11 Lacs has been transferred to General Reserves out of the amount available for appropriations.

Corporate Governance Report

Sarveshwar Foods Limited's perspective on corporate governance emphasizes the importance of managing the company in the best interests of its stakeholders. They recognize that efficient governance necessitates a clear delineation of roles between the Board and senior management, as well as understanding their interactions within the corporate structure. The company emphasizes sincerity in the relationship between the Board and management, fairness in dealings with employees, good citizenship in engagement with communities, and a commitment to compliance in interactions with government entities.

Moreover, Prioritizing stakeholders' interests is fundamental in corporate governance. Sarveshwar Foods Limited recognizes that stakeholders, including shareholders, employees, customers, suppliers, and the broader community, have a vested interest in the company's activities and performance. By focusing on their well-being and considering their needs and concerns in decision-making processes, the company can build trust, enhance reputation, and create long-term value. This approach fosters sustainability and resilience, ensuring that the company remains responsive to the diverse interests and expectations of its stakeholders while pursuing its strategic objectives. These principles underscore the company's commitment to responsible and effective governance practices that ultimately benefit all stakeholders.

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE:

Sarveshwar Foods Limited's corporate governance philosophy underscores its belief that effective governance not only enhances efficiency and growth but also boosts investor confidence. The Board of Directors plays a crucial role in overseeing management performance on behalf of stakeholders, who elect representatives (Directors) to safeguard their interests and ensure they receive necessary information for investment and voting decisions. Over recent years, the company's Board has developed governance practices to enable Directors to fulfill their responsibilities effectively, including fiduciary duties, management oversight, performance evaluation, and providing support and guidance in shaping company policies and strategies. Corporate governance is a top priority for the company, both in principle and practice, with the Board representing stakeholders' interests in perpetuating a successful business and optimizing long-term financial returns in line with legal requirements and ethical considerations. The company is fully compliant with the mandatory requirements of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, demonstrating its commitment to transparent and responsible governance practices.

Effective corporate governance is not only essential for enhancing operational efficiency and facilitating growth but also plays a critical role in bolstering investor confidence. Sarveshwar Foods Limited prioritize transparent and accountable governance practices, thus investors gain trust in the organization's ability to manage risks, make sound decisions, and create long-term value. This confidence encourages investment, supports stock performance, and contributes to overall market stability. Moreover, robust governance frameworks can help mitigate conflicts of interest, promote ethical behavior, and ensure compliance with regulatory requirements, further enhancing trust among investors and stakeholders. Therefore, by emphasizing the importance of effective governance, Sarveshwar Foods Limited is positioning itself to attract and retain investors while fostering sustainable growth and success.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SARVESHWAR FOODS LIMITED

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the standalone financial statements of SARVESHWAR FOODS LIMITED ("the Company"), which comprise the balance sheet as at March 31, 2024, and the statement of profit and loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit and loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no key audit matters to communicate

Responsibilities of Management and those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1.As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the “Annexure A” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2.As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c. The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account
- d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e. On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B.”

- g. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

B Basis for preparation

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The financial statements are presented in INR, the functional currency of the Company. Items included in the financial statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency').

C Statement of compliance

The financial statements have been prepared in accordance with Ind ASs notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time. Upto the year ended March 31, 2022, the Company prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006.

D Use of estimates and critical accounting judgments

In preparation of the financial statements, the Company makes judgments, estimates and assumptions about the carrying amounts of assets and liabilities. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Significant judgments and estimates relating to the carrying amounts of assets and liabilities include useful lives of tangible and intangible assets, impairment of tangible assets and intangible assets, provision for employee benefits and other provisions, recoverability of deferred tax assets and commitments and contingencies.

E SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(i) Revenue from contract with customers

Company has adopted Ind AS 115 "Revenue from Contract With Customers" starting April 01, 2018. Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at a point of time. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset.

a) Sale of Goods

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably. The timing of transfers of risks and rewards varies depending on the individual terms of sale, usually in case of domestic, such transfer occurs when the product is sold on ex-works; however, for exports transfer occurs upon loading the goods onto the relevant carrier at the port of seller. Generally for such products buyer has no right to return.

(ii) Foreign currency transactions and translation

The financial statements of the Company is presented in INR, which is the functional currency of the Company and the presentation currency for the financial statements.

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in the statement of profit and loss for the period.

(iii) Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying amount of the replaced part is de-recognised.

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs during the period of construction are added to the cost of eligible tangible assets.

Gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset, and is recognised in the statement of profit and loss.

(iv) Depreciation and amortization of property, plant and equipment and intangible assets

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life and is provided on written down value basis over the useful life as prescribed in Schedule II of the Companies Act, 2013 unless otherwise specified. Depreciable amount for the assets is the cost of an asset less its estimated residual value. Depreciation on addition to/deductions from fixed assets is provided on pro rata basis from/to the date of acquisition/disposal. Depreciation on assets under construction commences only when the assets are ready for their intended use.

(v) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

a) Financial assets

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through profit or loss.

Impairment of financial assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and fair value through other comprehensive income.

Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition. For financial instruments whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is

Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing of the proceeds received.

b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method.

Interest-bearing bank loans and overdrafts are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

c) Derivative financial instruments

The Company uses certain derivative financial instruments, such as forward currency contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured to their fair value. The fair values for forward currency contracts are marked to market at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

(vi) Employee benefits

Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes, where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

Defined benefit plans

For defined benefit retirement schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability / (asset) are recognised immediately in Other Comprehensive Income. The service cost, net interest on the net defined benefit liability / (asset) is treated as a net expense within employment costs.

Past service cost is recognised as an expense, when the plan amendment or curtailment occurs, or when any related restructuring cost or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined-benefit obligation, as reduced by the fair value plan assets.

(vii) Inventories

Inventories are valued at lower of cost and net realizable value (except scrap/waste which are valued at net realized value). "Cost" comprises all cost of purchase, costs of conversion and other costs incurred in bringing the inventory to the present location and condition. The cost formula used is either "first in first out", or "specific identification", or the 'average cost', as applicable.

(viii) Provisions

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

Constructive obligation is an obligation that derives from an entity's actions where:

- by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities; and
- As a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. The lease liability is measured at amortised cost using the effective interest method.

The Company as a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

Rental income from assets held under operating leases is recognized on straight line basis.

(xii) Investment properties

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at cost, including related transaction cost and where applicable borrowing costs. Subsequent expenditure is capitalized in the assets carrying amount only when it is probable that future economic benefit associated with the expenditure will flow to the Company and cost of the items can be reliably measured. All other repair and maintenance cost are expensed when incurred.

Investment property are depreciated using written down value basis over the useful life as prescribed in Schedule II of the Companies Act, 2013 unless otherwise specified.

Note 30: Employee benefit Plan

(A) Defined benefit Plan

The defined benefit plan operated by the Company is as below:

Retiring gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 to 30 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The gratuity plan of the Company is funded. The information in the note is for disclosure purpose.

The defined benefit plans expose the Company to a number of actuarial risks as

(a) **Interest risk:** A decrease in the bond interest rate will increase the plan liability.

(b) **Salary risk:** The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

(c) **Longevity risk:** The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy of the plan participants will increase the plan's liability.

(b) Fair value hierarchy

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below:

Quoted prices in an active market (Level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices in active markets for identical assets or liabilities. Company does not hold any asset/liability that fall into this category. This level of hierarchy includes Company's investment in quotes equity shares.

Valuation techniques with observable inputs (Level 2): This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices). Company does not hold any asset/liability that fall into this category.

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Company does not hold any asset/liability that fall into this category.

c) Financial risk management

The Company's activities are primarily exposed to a market risk arising from movement in foreign exchange i.e. foreign exchange risk, price risk

Risk	Nature of risk and instrument effected	Risk management policies
Market risk - currency risk	The fluctuation in foreign currency exchange rates may have a potential impact on the statement of profit and loss for the items that are subject to currency risk which includes trade payables.	Company does not hedge its foreign exchange risk.
Market risk - interest rate risk	Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs. Company does not have any borrowings at variable interest rates. Thus, there is no interest rate risk for the Company	Based on the composition of debt as at March 31, 2023 and March 31, 2022, a 50 basis points increase/(decrease) in interest rates would increase the Company's finance costs (before interest capitalised) and thereby consequently reduce/increase net profit before tax by approximately Rs.52.99 Lacs for the year ended March 31, 2023 (Previous Year Rs. 42.73 Lacs).
Market risk - other price risk	Decline in the value of equity instruments. Company has invested in equity instruments of one Company whose shares are listed on the stock exchange. The price of these shares can increase/decrease which can effect the value.	The Company is not holding these shares for trading instead these shares have been held by the Company for long term purposes as the Company sees value in these investments. These investments are not actively hedged by the Company
Credit risk	Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The instrument that are subject to credit risk involves trade receivables, investments, deposits and loans, cash and cash equivalents etc	The Company has a policy of dealing only with credit worthy counter parties. Other risk management policies involves credit approval and monitoring practices, counterparty credit policies and limits.
Liquidity risk	Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.	The Company manages its liquidity positions through internal cash flow accruals. Other risk management policies involves preparing and monitoring forecasts of cash flows, cash management policies.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SARVESHWAR FOODS LIMITED

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying consolidated financial statements of SARVESHWAR FOODS LIMITED ("hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at March 31, 2024, and the consolidated statement of profit and loss, and the consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the director's report, management discussion and analysis and report on corporate governance, but does not include the financial statements and our auditor's report thereon. The director's report, management discussion and analysis and report on corporate governance are expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no key audit matters to communicate

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Holding Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. The respective Management and Board of Directors of the Companies Included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the each Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in section titled 'Other Matters' in this audit report. We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors and management certified accounts as referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated annual financial results of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account
- d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company did not have any pending litigations for which there were any impact on its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SARVESHWAR FOODS LIMITED

(REFERRED TO IN PARAGRAPH 1 POINT (F) UNDER THE HEADING OF “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT OF EVEN DATE)

REPORT ON THE INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (“THE ACT”)

In conjunction with our audit of the consolidated financial statements of SARVESHWAR FOODS LIMITED (the ‘Holding Company’) and its subsidiaries (the Holding Company and its subsidiaries together referred to as the ‘Group’) as at and for the year ended 31 March 2024, we have audited the internal financial controls over financial reporting (‘IFCoFR’) of the Holding Company, its two subsidiary companies, which are companies covered under the Act, as at that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its two subsidiary companies, which are companies covered under the Act, as at that date, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the ‘Guidance Note’) issued by the Institute of Chartered Accountants of India (the ‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company’s business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the IFCoFR of the Holding Company, its two subsidiary companies, which are companies covered under the Act, as at that date, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company, its two subsidiary companies as aforesaid.

Meaning of Internal Financial Controls over Financial Reporting

A company’s IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s IFCoFR include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its two subsidiary companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 March 2024, based on the internal control over financial reporting criteria established by the Holding Company, its two subsidiary companies as aforesaid, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India

Notes to financial statements for the year ended March 31, 2024

NOTES TO BALANCE SHEET AND STATEMENT OF PROFIT AND LOSS

Note 1.

A Reporting Entity

Sarveshwar Foods Limited ('the Company'), was incorporated on August 03, 2004. The Company's main business is to manufacture of basmati rice & other products.

B Basis for preparation

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The financial statements are presented in INR, the functional currency of the Company. Items included in the financial statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency').

C Statement of compliance

The financial statements have been prepared in accordance with Ind ASs notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time . Upto the year ended March 31, 2022, the Company prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006.

D Use of estimates and critical accounting judgments

In preparation of the financial statements, the Company makes judgments, estimates and assumptions about the carrying amounts of assets and liabilities. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Significant judgments and estimates relating to the carrying amounts of assets and liabilities include useful lives of tangible and intangible assets, impairment of tangible assets and intangible assets, provision for employee benefits and other provisions, recoverability of deferred tax assets and commitments and contingencies.

E SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(i) Revenue from contract with customers

Company has adopted Ind AS 115 "Revenue from Contract With Customers" starting April 01, 2018. Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at a point of time. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset.

a) Sale of Goods

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably. The timing of transfers of risks and rewards varies depending on the individual terms of sale, usually in case of domestic, such transfer occurs when the product is sold on ex-works; however, for exports transfer occurs upon loading the goods onto the relevant carrier at the port of seller. Generally for such products buyer has no right to return.

(ii) Foreign currency transactions and translation

The financial statements of the Company is presented in INR, which is the functional currency of the Company and the presentation currency for the financial statements.

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in the statement of profit and loss for the period.

(iii) Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying amount of the replaced part is de-recognised.

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs during the period of construction are added to the cost of eligible tangible assets.

Gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset, and is recognised in the statement of profit and loss.

(iv) Depreciation and amortization of property, plant and equipment and intangible assets

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life and is provided on written down value basis over the useful life as prescribed in Schedule II of the Companies Act, 2013 unless otherwise specified. Depreciable amount for the assets is the cost of an asset less its estimated residual value. Depreciation on addition to/deductions from fixed assets is provided on pro rata basis from/to the date of acquisition/disposal. Depreciation on assets under construction commences only when the assets are ready for their intended use.

(v) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

a) Financial assets**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through profit or loss.

Impairment of financial assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and fair value through other comprehensive income.

Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition. For financial instruments whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is

Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing of the proceeds received.

b) Financial liabilities and equity instruments**Classification as debt or equity**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method.

Interest-bearing bank loans and overdrafts are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

c) Derivative financial instruments

The Company uses certain derivative financial instruments, such as forward currency contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured to their fair value. The fair values for forward currency contracts are marked to market at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

(vi) Employee benefits

Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes, where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

Defined benefit plans

For defined benefit retirement schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability / (asset) are recognised immediately in Other Comprehensive Income. The service cost, net interest on the net defined benefit liability / (asset) is treated as a net expense within employment costs.

Past service cost is recognised as an expense, when the plan amendment or curtailment occurs, or when any related restructuring cost or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined-benefit obligation, as reduced by the fair value plan assets.

(vii) Inventories

Inventories are valued at lower of cost and net realizable value (except scrap/waste which are valued at net realized value). "Cost" comprises all cost of purchase, costs of conversion and other costs incurred in bringing the inventory to the present location and condition. The cost formula used is either "first in first out", or "specific identification", or the "average cost", as applicable.

(viii) Provisions

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

Constructive obligation is an obligation that derives from an entity's actions where:

- (a) by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities; and
- (b) As a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

(ix) Income taxes

Tax expense for the year comprises current and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws enacted in the country. Applicable Tax rates for calculating current year income tax provision & deferred tax include Health & Education Cess which has been held to be deductible expense as per various judicial pronouncements. Accordingly, provision for income tax of current year has been worked out after considering the deductible health & education cess paid during the year.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity

(x) Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks, remittances in transit and other short term highly liquid investments that are readily convertible to know amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

(xi) Leases

Accounting policy w.e.f. April 01,2021

The Company applied Ind AS 116 using the modified retrospective approach with a date of initial application of April 01, 2021 and accordingly the comparative figures have not been restated. Moreover, there was no impact of initial application on the balance of retained earnings as of April 01, 2021.

The revised accounting policy of the Company on adoption of Ind AS 116 is detailed below.

The Company as a lessee

At inception of a contract the Company assess whether a contract is, or contain a lease. A contract is, or contains, a lease if contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. The lease liability is measured at amortised cost using the effective interest method.

The Company as a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

Rental income from assets held under operating leases is recognized on straight line basis.

(xii) Investment properties

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at cost, including related transaction cost and where applicable borrowing costs. Subsequent expenditure is capitalized in the assets carrying amount only when it is probable that future economic benefit associated with the expenditure will flow to the Company and cost of the items can be reliably measured. All other repair and maintenance cost are expensed when incurred.

Investment property are depreciated using written down value basis over the useful life as prescribed in Schedule II of the Companies Act, 2013 unless otherwise specified.

Note 30: Employee benefit Plan**(A) Defined benefit Plan**

The defined benefit plan operated by the Company is as below:

Retiring gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 to 30 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The gratuity plan of the Company is funded. The information in the note is for disclosure purpose.

The defined benefit plans expose the Company to a number of actuarial risks as

(a) **Interest risk:** A decrease in the bond interest rate will increase the plan liability.(b) **Salary risk:** The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.(c) **Longevity risk:** The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy of the plan participants will increase the plan's liability.

(b) Fair value hierarchy

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below:

Quoted prices in an active market (Level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices in active markets for identical assets or liabilities. Company does not hold any asset/liability that fall into this category. This level of hierarchy includes Company's investment in quotes equity shares.

Valuation techniques with observable inputs (Level 2): This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices). Company does not hold any asset/liability that fall into this category.

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Company does not hold any asset/liability that fall into this category.

c) Financial risk management

The Company's activities are primarily exposed to a market risk arising from movement in foreign exchange i.e. foreign exchange risk, price risk

Risk	Nature of risk and instrument effected	Risk management policies
Market risk - currency risk	The fluctuation in foreign currency exchange rates may have a potential impact on the statement of profit and loss for the items that are subject to currency risk which includes trade payables.	Company does not hedge its foreign exchange risk
Market risk - interest rate risk	Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs. Company does not have any borrowings at variable interest rates. Thus, there is no interest rate risk for the Company	Based on the composition of debt as at March 31, 2023 and March 31, 2022, a 50 basis points increase/(decrease) in interest rates would increase the Company's finance costs (before interest capitalised) and thereby consequently reduce/increase net profit before tax by approximately Rs.122.39 Lacs for the year ended March 31, 2023 (Previous Year Rs. 93.88 Lacs).
Market risk - other price risk	Decline in the value of equity instruments. Company has invested in equity instruments of one Company whose shares are listed on the stock exchange. The price of these shares can increase/decrease which can effect the value.	NA
Credit risk	Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The instrument that are subject to credit risk involves trade receivables, investments, deposits and loans, cash and cash equivalents etc	The Company has a policy of dealing only with credit worthy counter parties. Other risk management policies involves credit approval and monitoring practices, counterparty credit policies and limits.
Liquidity risk	Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.	The Company manages its liquidity positions through internal cash flow accruals. Other risk management policies involves preparing and monitoring forecasts of cash flows, cash management policies.
