About Rainbow Children's Medicare Limited:

Rainbow network comprises of 14 hospitals and 3 clinics in 6 cities, with a total bed capacity of 1,500 beds. Our Pediatric services under "Rainbow Children's Hospital" include newborn and pediatric intensive care, pediatric multi-specialty services, pediatric quaternary care (including organ transplantation); whereas our women care services under "Birthright by Rainbow" offers perinatal care services which includes normal and complex obstetric care, multi-disciplinary fetal care, perinatal genetic and fertility care along with gynecology services.

The Company follows a hub-and-spoke operating model where the hub hospital provides comprehensive outpatient and inpatient care, with a focus on tertiary and quaternary services and spokes provide secondary care in pediatric, obstetrics & gynecology and emergency services. This model is successfully operational at Hyderabad and is gaining traction in Bengaluru. The endeavour is to replicate this approach in Chennai and across the National Capital Region. Subsequently Rainbow intends to expand into tier-2 cities of Southern India.

Rainbow embraces a unique doctor engagement model, where doctors work exclusively on a full-time, retainer basis. The doctors work in teams and have 24/7 commitment, which is particularly important for children's emergency, neonatal, pediatric intensive care services and to support pediatric retrieval services. The Company also operates the country's largest pediatric DNB training programme in private healthcare, offering post graduate residential DNB and fellowship programmes.
