**Covid pandemic exposure chinks in political system: Chidambaram**

**JAIPUR, JULY 16** / Former Union Finance Minister P. Chidambaram today said the coronavirus pandemic has exposed gaping loopholes in the political system, charging that in a corroded democracy, the rulers will find diverse ways to evade responsibility. He said the pandemic may be contained by universal vaccination or the disease may be cured by discovery of medicines but the question is did Indian democracy rise to the challenge of the pandemic and protect the lives, livelihood and well-being of its people, especially the poor and children.

The petitioner submitted that India's Global Pandemic and Challenges Before the Democracy in the Rajasthan Assembly, the Rajya Sabha MP said every political system boasts that it is the best suited to address the needs of people. "What the pandemic has done is to expose the gaping loopholes in the political system. In a true parliamentary democracy system, the prime minister is responsible every day to the Parliament and to the people. However, in a corroded democracy, the rulers will find diverse ways to evade accountability," he said. He said faced with any adversity, the weaknesses would have been exposed in due course but the pandemic has exposed them brutally with no scope of excuses or cover-up. The Congress leader further said the rule of law requires multiple institutional support and the government institutions fall and bend before the executive or collaborate with rulers, they said the executive to subvert the rule of law. When this happens, energies of the people will be focused on self-preservation and not fighting the pandemic, he said. The Rajya Sabha MP said it is a challenge to make the

legislative branch work to mitigate the sufferings of the people. He said challenges to the political system, the prime minister is responsible every day to the national level alone. The pandemic has thrown an unusual phenomenon of vaccine nationalism, he stressed. "What I make is, vaccine nationalism is vaccine nationalism, he said. He said countries are not allowing use of other vaccines in order to promote their vaccine. Vaccine nationalism has thrown a spanner in the wheel of global cooperation in the fight against the pandemic, he said. Chidambaram highlighted seven challenges, including perils of centralisation in not providing orders for vaccines, design and execution of vaccination programme, resources and allocation of funding, widening of disparity among people. He said the elimination of poverty and reducing inequality are the long-term goals among democratic countries. (PTI)

**NDA govt is bankrupt, has undone UPA's good work, says Manish Tiwari**

**AHMEDABAD, JULY 16** / Congress leader Manish Tiwari today said the NDA government at the Centre had gone 'bankrupt' due to a massive 'accumulated fiscal deficit' of Rs 32 lakh crore for the fiscals 2019-20 and 2020-21. He said the Narendra Modi government, which swept to power promising 'achhe din', had ruined the country's economy and its seven-year rule had seen the four-year fundamentals comprising growth, employment, savings and consumption falling completely flat. "The UPA government, in its 10 years of rule, worked hard to reduce the fiscal deficit. However, the accumulated fiscal deficit under the NDA regime for 2019-20 and 2020-21 is Rs 32 lakh crore. This means the government has gone bankrupt. This government is on the verge of bankruptcy. The UPA government took 27 crore people out of poverty in 10 years, and the NDA in seven years forced 23 crore of these to sink back into poverty," he said. (PTI)

**Disastrous to administer COVID-19 vaccines without trials, especially on kids: Delhi HC**

**NEW DELHI, JULY 16** / The Delhi High Court today said it would be a disaster if COVID-19 vaccines are administered, especially to children, without clinical trials and asked the Centre that it should take steps to quickly vaccinate kids of below 18 years of age once the trials are over as the whole nation is waiting for it. The court was informed by the Centre that clinical trials for the vaccines for children under 18 years of age are going on and will be complete on completion and that policy will be formed by the government and children will be vaccinated when experts give permission. Let the trials be done, otherwise it would be a disaster if vaccines are administered without trials that too in case of children, a bench of Chief Justice D.N. Patel and Justice Jyoti Singh observed. Once trials are over, you quickly apply to children. The whole country is waiting, it added and listed the matter for further hearing on September 8.

The high court was hearing a PIL filed on behalf of a minor which sought directions for the immediate vaccination of those in the 12-17 age group on the ground that there were fears a likely third wave of COVID-19 could affect them more. Additional Solicitor General Chetan Sharma, representing the Centre, said pharmaceutical company Zydus Cadila which is developing DNA vaccines has concluded its clinical trial for between the age group of 12 to 18 years of age and subject to the statutory permission, the same may be available in near future for children of the age group of 12 to 18 years of age. The Centre, in the affidavit filed through standing counsel Anurag Ahluwalia, said vaccination is the top most priority of the government and all efforts are being made to achieve an objective of 100 per cent vaccination in the shortest time possible keeping the available resources in mind and availability of vaccine under consideration. It said from May 1, onwards under the new liberalised pricing and accelerated national COVID vaccination strategy, all citizens above the age of 18 years including parents of children who are residing in Delhi are already eligible for the vaccination. (PTI)
