Sub: Press Release

Dear Sir,

Pursuant to the regulations of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we hereby inform that Structure Division has got a major breakthrough and has been awarded a LOI by Larsen & Toubro for Bullet Train Project in India. The promoter/promoter group/group companies do not have any interest in the entity that awarded the LOI and it doesn't fall under related party transaction.

A Press release in this regard is attached.

This is for your information and record.

Thanking You

Sincerely Yours
For Goodluck India Limited

Director

Business Update Release

**Goodluck awarded Lol by L&T for Bullet Train Project
Lol for Order worth over Rs. 198 crore for supply and fabrication of
Special bridges
Project to be executed under IHI-Japanese experts
Project to be completed by 2023**

Ghaziabad, 30th August 2021: Goodluck India Ltd. a (BSE: 530655, NSE: GOODLUCK), among leading steel processor and manufacturing of engineering products, is happy to announce that it has been awarded Letter of Intent (Lol) by L&T Ltd. for Bullet Train project in India.

The Lol by L&T is for the prestigious calendar project of supply and fabrication of special bridges on the National High Speed Rail Track between Mumbai and Vapi (Bullet Train Project). The value of the order stands at Rs. 198.76 crore. The execution period of the order envisages the completion of the project stands to be completed by 2023. It will be executed under the expert supervision of IHI-Japanese experts in the area of design and supply of steel bridges.

Management Comment:

Commenting on this development, Mr. M C Garg, Chairman, Goodluck India Ltd. said:

"We feel privileged to announce the award of Lol for the supply and fabrication of steel structures by our Structure division. This is a landmark milestone achieved by us. This is another indication of the confidence that various entities show upon us for our quality and execution capabilities.

It will be hugely rewarding as the engineers of Goodluck will be working alongside some of the best engineers in their respective fields. We are sure we will gain immensely from this. This will usher in a new era of technical excellence for Goodluck. We look forward to many more such opportunities in future."
