(v) Rationale for arriving at the Share Exchange Ratio:-

The Share Exchange Ratio of issuing One Share by each Resulting Company for One Share held by the Shareholder in the Demerged Company is mentioned in the Scheme. Accordingly, each of the Resulting Companies will be required to issue and allot 1,06,20,275 number of Equity Shares of Rs. 10/- each, aggregating to Rs. 10,62,02,750/-, to the Shareholders of the Demerged Company.

There is no change in the Shareholding Pattern of all the Companies involved in the Scheme, and hence any Share Exchange Ratio proposed in the Scheme would not be relevant other than that provided. The Shareholding Pattern of all the Companies will be the same (Mirror imaged). The same Shareholders will own the same value after Demerger, without any change in the proportion of their Shareholding. In view of the same, Share Exchange Ratio provided is fair to all the Shareholders of all the Companies involved in the Scheme.

The value of Net Assets (i.e. Total Assets minus Total Liabilities) proposed to be transferred to the Resulting Companies are higher than the proposed Post Issue Share Capital of both the Resulting Companies. Accordingly, the Net Worth of both the Resulting Companies would be higher than their Paid-up Share Capital. The benefit of such higher Net Worth will be shared by all the Shareholders in proportion to their Shareholding in the Demerged Company.

This Share Exchange Ratio is suggested to ensure low equity base which can be effectively serviced and also considering the fact that a minimum Paid-up Share Capital of Rs. 10/- Crore is required for listing of the Shares on the Stock Exchanges.

Drawing the same analogy, any Share Exchange Ratio in the Scheme where mirror image of the Shareholding Pattern is assured would be fair and neither prejudicial to the interest of the Public Shareholders nor giving any benefit to the Promoters.

Based on the above and considering the rationale and benefits of the Scheme, in the opinion of the Board of Directors of MRT, MF MPL and GT PL, the Scheme will be of advantage to, beneficial and in the interest of the Companies, its Shareholders, Creditors and other Stakeholders and the terms thereof are fair and reasonable. For the above purpose, the Company needs a Valuation Report from a Registered

Valuer – Securities & Financial Assets.

- iv) Valuation Base : Fair Value
- v) Premises of Value : Going concern basis
- vi) Valuation Approach : Valuation is popularly done by adopting any one or a combination of Income approach, Market approach and Cost approach.

Income Approach

The Income Approach indicates the value of a business based on the value of the cash flows that a business is expected to generate in future. This approach is appropriate in most going concern situations as the worth of a business is generally a function of its ability to earn income/cash flow and to provide an appropriate return on investment.

Market Approach

Compared to the Income Approach that incorporates company-specific estimates to arrive at the firm's intrinsic value, the Market Approach relies on relative valuation to arrive at the value of a business, based upon how similar assets are priced in the market. The Market Approach provides a reasonable basis for valuation and is relatively a quick approach in its application, but it suffers from a number of limitations

Asset Approach

Valuation on Net Assets basis is computed by taking the net value of a business's assets, subtracting therefrom the amount of the liabilities and preferred shareholders' claims and dividing the remainder among the equity shareholders according to their individual rights. It is generally used as the minimum break-up value for the

*D. Shah
&
Associates*

Chartered Accountants

transaction since this methodology ignores the future return the assets can produce and is calculated using historical accounting data that does not reflect how much the business is worth to someone who may buy it as a going concern.

- vii) Valuation Method : Since under the proposed scheme of arrangement, demerger of the business is going to place in to the wholly owned subsidiaries of the Company on mirror image basis and no change in the management and control of the Company is going to take place as a result of the proposed scheme of arrangement, Income approach as well as Market approach for valuation was not found suitable, the valuation has been done by adopting the Net Asset Value Method.
- viii) Valuation Date : 1st April, 2022
- ix) Conclusion : Based on the assumptions and limiting conditions as described in this report, as well as the facts and circumstances as on the valuation date, I conclude that the Fair equity share entitlement ratio for the proposed scheme of demerger shall be One equity share of Mahalaxmi Fabric Mills Pvt Ltd. and one equity share of Rs.10/- fully paid up of Globale Tessile Private Ltd. for one equity share of Rs.10\ - each fully paid up of Mahalaxmi Rubtech Limited held on the effective date of the scheme on mirror image basis.

6. VALUATION BASES AND PREMISES OF VALUE

ICAI Valuation Standard 102 deals in 'Valuation Bases.' Valuation Bases means the indication of the type of value being used in an engagement. Different valuation bases may lead to different conclusions of value.

ICAI Valuation Standard 102 deals in 'Premises of Value.' Premise of Value refers to the conditions and circumstances how an asset is deployed.

7. VALUATION APPROACHES AND METHODS

Valuation approach typically applied in valuation of financial instruments are:

1. Income Approach: The discounted cash flow (DCF) analysis is the primary methodology used for Valuation where dependable financial projections are available, two inputs to the DCF model are cash-flows and the discounting factor. Cash can flows and take any form. Since the Company is a going concern income approach is one of the relevant approach required to be adopted for the determination of the fair value of equity shares however, considering the mirror image shareholding of the existing company and the demerged company as well as resultant companies, being wholly owned subsidiaries, adopting income approach for valuation is not suitable.

2. Market Approach: The Comparable data in case of similar size of company is not available, as well as the company being in a peculiar situation about its debt servicing, poses a challenge to carry out any meaningful analysis based on comparable transaction method or comparable data of other listed companies in the same sector. considering the mirror image shareholding of the existing company and the demerged company as well as resultant companies, being wholly owned subsidiaries, adopting income approach for valuation is not suitable.

3. Cost/ Asset Approach: Asset approach allows recognizing financial asset/ liabilities through the net asset value method and therefore the cost/ asset approach has been found suitable as compared to other two approaches, for the recommendation of the fair equity entitlement ratio of the equity share of the company on the valuation date.

8. DETERMINATION OF THE VALUATION APPROACH AND METHOD

8.1 **Income approach** (i.e. DCF method) is a strong valuation tool as it concentrates on cash generation potential of a business. This method is based on the capability of a company to generate cash flow in future. The free cash flows are projected for a certain number of years and then discounted at a discount rate that reflects a company's cost of capital and risk associated with the cash flow it generates. However, considering the mirror image shareholding of the existing company and the demerged company as well as resultant companies,

*D. Shah
&
Associates*

Chartered Accountants

being wholly owned subsidiaries, adopting income approach for valuation is not suitable.

8.2 **Market Approach:** Market approach reflects the value of the assets being demerged, considering the mirror image shareholding of the existing company and the demerged company as well as resultant companies, being wholly owned subsidiaries, adopting income approach for valuation is not suitable.

8.3 **Asset Approach:** The determination of fair equity share entitlement ratio pursuant to the scheme of arrangement with shareholders and creditors of MRT and its' two wholly owned subsidiaries on mirror image basis, and the has been done by adopting an Asset approach. The assets and liabilities identified by the company as pertaining to or in relation to the Traditional Textile business inclusive of the fair value of the immovable property of Traditional Textile business undertaking as determined by a registered property valuer, Wind Power project proposed to be transferred to Mahalaxmi Fabric Mills Limited, the Resultant Company No. 1 and Textile Trading Undertakings in the Globale Tessile Limited , the Resultant Company No.2 at values as appearing as on the day immediately preceding the Appointed Date, pursuant to the scheme have been have been considered as the value of the assets annexed to the report as Annexure 1.

9 DETERMINATION OF THE VALUE:

9.1 Approach for determination of Fair Share Entitlement Ratio:

As mentioned earlier, as per the proposed scheme of arrangement inter alia, envisage the following:

1. The assets and liabilities of the Rubber / Traditional Textiles Business of Mahalaxmi Rubtech Limited will be demerged on mirror image basis by vesting the same in to Mahalaxmi Fabric Mills Private Limited formerly known as Sonnet Colours Private Limited – Resultant company -1, along with existing investment in WOS Mahalaxmi Exports Pvt. Ltd, Wind Power Project and its respective employees on a going concern basis with net worth of Rs.87.32 Cr as on valuation date inclusive of the fair value of the immovable property of the Traditional Textile business as determined by Shri Pranav Parikh (IBBI/RV/07/12652), a registered property valuer.

Chartered Accountants

2. The assets and liabilities of its trading Division will be demerged on mirror image basis into its' Wholly owned Subsidiary, Globale Tessile Private Limited along with its' employees on a going concern basis with net worth of Rs.12.03 Cr as on valuation date.
3. All the employees of the respective divisions of business proposed to be demerged shall be transferred on the existing terms and conditions of the employment with accrued liability of provident fund gratuity etc.
4. Each of the two resulting companies shall credit Rs.10,62,02,750/- to the share capital account towards Equity Share capital proposed to be allotted to the shareholders of the demerged company and the remaining amount of excess of assets over liabilities towards Securities Premium Account.
5. The existing net assets of Mahalaxmi Fabric Mills Pvt. Ltd. would be credited as unsecured loans of the existing shareholders of the said Company whereas the existing share capital of Rs.5 Lakh of Globale Tessile Private Limited being wholly owned subsidiary of Mahalaxmi Rubtech Limited shall stand cancelled.
6. The Equity Share capital of Rs.3 crore of the Mahalaxmi Exports Private Limited, the WOS of Mahalaxmi Rubtech Limited shall stand transferred to Mahalaxmi Fabrics Private Limited.
7. The Both Resulting Companies which are private limited companies at the time of the proposed demerger shall be converted to public limited companies as a part of the Proposed Scheme and subject to the compliances to be done proposed to be listed on the stock exchanges.
- 8.1 The net worth of Mahalaxmi Fabric Mills Private Limited as on the effective date of the scheme of arrangement, shall be credited to the unsecured loan of the shareholders of Mahalaxmi Fabric Mills Limited as on the effective date of the demerger.
- 8.2 We understand that, upon scheme being effective, all the shareholders of MRT would also become shareholders of Resultant company No.1 and Resultant Company No.2, by way of mirror imaging their existing shareholding in MRT prior to the demerger

*D. Shah
&
Associates*

Chartered Accountants

- 8.3 Also as part of the same scheme, all the outstanding issued capital and paid up capital of the Resultant Company No.2 being wholly owned subsidiary of the Demerged Company, MRT would be cancelled by capital reduction and that resultant Company No.2 would have issued and paid up capital of Rs.10.62 Crore which would be issued to shareholders of Demerged Company on mirror image basis.
- 8.4 Taking into account the above facts and circumstance, any share entitlement ratio can be considered appropriate and fair for the Proposed Demerger as the proportionate equity shareholding pre-merger and post-merger would remain same and not vary. We have not therefore not carried out any independent valuation of the subject business.
- 8.5 Based on the aforementioned and upon the scheme being effective (post demerger), the set of shareholders and holding proportion in the Demerged Company shall be identical to the resulting Companies. The beneficial economic interest of Demerged Company shareholders in Resulting Companies will remain same as at the time of demerger (pre-demerger) and hence would not have any impact on their economic interest post-demerger. The share entitlement ratio would not have any impact on the ultimate value of the shareholders of Demerged Company and the proposed Demerger will be value-neutral to the Demerged Company's shareholders.

9.2 CONCLUSION

1. On the basis of the foregoing, considering the proposed Capital structure of the Mahalaxmi Fabric Mills Limited as informed by the Management, and on consideration of all the relevant factors and circumstances as discussed and outlined here in above, a share entitlement ratio in the event of the Proposed Demerger of Traditional Textile business, being Demerged Undertaking No.1 would be as follows:
 “ 1 (One) fully paid Equity Share of Rs.10/- each in Mahalaxmi Fabric Mills Limited for every 1(One) Equity Share of Rs.10/- each held in Mahalaxmi Rubtech Limited.”
2. On the basis of the foregoing, considering the proposed Capital structure of the Globale Tessile Private Limited as informed by the Management, and on consideration of all the relevant factors and

circumstances as discussed and outlined hereinabove, a share entitlement ratio in the event of the Proposed Demerger of Trading business, being Demerged Undertaking No.2 would be as follows:

- “ 1 (One) fully paid Equity Share of Rs.10/- each in Globale Tessile Limited for every 1(One) Equity Share of Rs.10/- each held in Mahalaxmi Rubtech Limited.”
3. Our report and fair equity share entitlement ratio is based upon the proposed capital structure of the Resultant Company No.1 and Resultant Company No.2 as per the proposed Scheme of Arrangement. Any variation in the proposed equity share capital structure of the said companies would have impact on the fair share entitlement ratio.
 4. We would like to emphasize that as per the Proposed Demerger envisaged in the Scheme, the Traditional Textile Business undertaking along with the investment in Mahalaxmi Exports Private Limited and Wind Power Project shall be demerged in to Mahalaxmi Fabrics Limited and Trading activities undertaking shall be demerged in to Globale Tessile Limited and upon the Scheme being effective:
Fresh issue of shares would be made to the existing shareholders of Mahalaxmi Rubtech Limited on such a proportionate basis to their existing share capital that it would replicate their existing shareholding in Mahalaxmi Rubtech Limited.
 5. Accordingly, as mentioned earlier, upon implementation of the proposed scheme of arrangement, all the shareholders of MRT would become shareholders of MFM and GTL, no change is going to take place in shareholding. Considering the approach and the rationale for the fair equity share entitlement ratio discussed hereinbefore, the details about the valuation approaches as prescribed by SEBI Circular No.SEBI/HO/CFD/DIL1/CIR/P/2021/0000000665 in para 4(d) dated November 23, 2021 and Circular Number NSE/CML/2017/12 of NSE and LIST/COMP/02/2017-18 of BSE dated May 29th, 2017 is annexed marked Annexure III.

5. SOURCES OF INFORMATION RELIED UPON BY US FOR THE FAIRNESS OPINION:

We have prepared the Fairness Opinion Report on the basis of the following information provided to us:

- Draft scheme of Arrangement;
- Valuation Report dated February 12, 2023 issued by D Shah & Associates, Registered Valuer on the share entitlement ratio;
- Audited Financial Statement of Mahalaxmi Rubtech Limited, Mahalaxmi Fabric Mills Private Limited formerly known as Sonnet Colours Private Limited and Globale Tessile Private Limited for the financial year ended March 31, 2022;
- Other data collected by us from publicly available sources.

We have also obtained necessary explanations and information, which we believed were relevant to the present exercise, from the executives and representatives of the companies.

6. VALUATION APPROACHES AND METHODS:

Valuation approach typically applied in valuation of financial instruments are:

Income Approach: The discounted cash flow (DCF) analysis is the primary methodology used for Valuation where dependable financial projections are available, two inputs to the DCF model are cash-flows and the discounting factor. Cash can flows and take any form. Since the Company is a going concern income approach is one of the relevant approach required to be adopted for the determination of the fair value of equity shares however, considering the mirror image shareholding of the existing company and the demerged company as well as resultant companies, being wholly owned subsidiaries, adopting income approach for valuation is not suitable.

Market Approach: The Comparable data in case of similar size of company is not available, as well as the company being in a peculiar situation about its debt servicing, poses a challenge to carry out any meaningful analysis based on comparable transaction method or comparable data of other listed companies in the same sector considering the mirror image shareholding of the existing company and the demerged company as well as resultant companies, being wholly owned subsidiaries, adopting income approach for valuation is not suitable.

Cost/ Asset Approach: The asset based valuation technique is based on the value of the underlying net assets of the business, either on a book value basis or realizable value basis or replacement cost basis. This methodology is likely to be appropriate for business which derives value mainly from the underlying value of its assets rather than its earnings. This method may also be appropriate for a business that is not making an adequate return on assets and for which a greater value can be realized by liquidating the business and selling its assets. Determining Real Value of Assets and Liabilities appearing in Books of Accounts and Market value / Replacement value of Assets would reflect true value of the Asset base of the Company.

The Valuer has adopted the Net Asset Value Method for the valuation of Mahalaxmi Rubtech Limited, Mahalaxmi Fabric Mills Private Limited formerly known as Sonnet Colours Private Limited and Globale Tessile Private Limited.

A talented pool of human resources driving each of these three Divisions will strive to achieve the desired goals in a span of a few years.

Independent Auditor's Review Report on the Quarterly Unaudited Standalone Financial Results of the Company pursuant to Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To,
The Board of Directors of
Mahalaxmi Rubtech Limited

1. We have reviewed the accompanying statement of Unaudited Standalone Financial Results of Mahalaxmi Rubtech Limited (the "Company") for the Quarter ended June 30, 2023 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards 34 (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant Rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013, as amended, read with relevant Rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed or that it contains any material misstatement.

Independent Auditor's Review Report on the Quarterly Unaudited Consolidated Financial Results of the Company pursuant to Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

To
The Board of Directors of
Mahalaxmi Rubtech Limited

1. We have reviewed the accompanying statement of Unaudited Consolidated Financial Results of Mahalaxmi Rubtech Limited ("Holding Company") and its Subsidiaries (the Holding Company and its Subsidiaries together referred to as "the Group") for the Quarter ended June 30, 2023 (the "Statement") attached herewith, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Holding Company's Management and approved by the Holding Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant Rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019, issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the following Entities:

Sr. No.	Name of the Entity	Relationship
1.	Globale Tessile Private Limited (GTPL) (CIN: U17299GJ2017PTC098506)	Wholly Owned Subsidiary Company
2.	Mahalaxmi Exports Private Limited (MEPL) (CIN: U17299GJ2019PTC110673)	Wholly Owned Subsidiary Company

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of other auditors referred to in paragraph 7 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013, as amended, read with relevant Rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed or that it contains any material misstatement.
6. The accompanying Statement includes Unaudited Financial Results and other Unaudited Financial Information, in respect of its two Wholly Owned Subsidiary Companies namely GTPL and MEPL whose interim Financial Results reflect Group's Share of total revenues of Rs. 152738476, Group's share of total net profit after tax of Rs. 3129963, Group's share of total comprehensive income of Rs. 0, for the quarter ended June 30, 2023, as considered in the Statement, which have been reviewed by their respective Independent Auditors. The Independent Auditor's Reports on interim Financial Results of these Entities have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures in respect of these Entities is based solely on the report of such Auditors and procedures performed by us as stated in paragraph 3 above.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Management's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance in accordance with the recognition and measurement principles laid down in AS and other accounting principles generally

accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's Internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

CHARTERED ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
GLOBALE TESSILE PRIVATE LIMITED

Report on the Audit of the Financial Statements for Quarter ended 30th June, 2023

Opinion

We have audited the accompanying financial statements of **GLOBALE TESSILE PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at 30th June, 2023, Statement of Profit and Loss (including Other Comprehensive Income) for quarter ended 30th June, 2023 and a summary of significant accounting policies.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 30th June, 2023, its profit and total comprehensive income for quarter ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Management's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income of

the Company in accordance with the recognition and measurement principles laid down in Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

1 General Information

Globale Tessile Private Limited (the "Company") is a private limited company domiciled in India and was incorporated on 1st August, 2017 under the provisions of the Companies Act, 2013 applicable in India. Its registered office is located at YSL Avenue, Opp. Ketav Petrol Pump, Polytechnic Road, Ambawadi, Ahmedabad. The Company is primarily engaged in the business of manufacturing of trading of textiles products.

2 Significant accounting policies

Significant accounting policies adopted by the company are as under:

2.1 Basis of Preparation of Financial Statements

(a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

(b) Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except certain financial assets and liabilities measured at fair value.

(c) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

2.2 Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Depreciation methods, estimated useful lives

The Company depreciates property, plant and equipment over their estimated useful lives using the straight line method. The estimated useful lives of assets are taken as prescribed useful lives under Schedule II to the Companies Act, 2013. The management believes that such estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income'.

2.3 Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

2.4 Intangible Assets

Intangible assets are stated at acquisition cost, net of accumulated amortization.

2.5 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.6 Foreign Currency Transactions

(a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

(b) Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.7 Financial Instruments.

Fair value measurement

The Company has valued financial assets and Financial Liabilities, at fair value. Impact of fair value changes as on date of transition, is recognised in opening reserves and changes there after are recognised in Statement of Profit and Loss Account or Other Comprehensive Income, as the case may be.

Financial Assets

The company classifies its financial assets as those to be measured subsequently at fair value (either through other comprehensive income or through Profit or loss) and those to be measured at amortised cost.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable to transaction costs.

2.8 Revenue Recognition

Revenue is recognised when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the company's activities as described below:

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of trade allowances, rebates and amounts collected on behalf of third parties and is not recognised in instances where there is uncertainty with regard to ultimate collection. In such cases revenue is recognised on reasonable certainty of collection.

In respect of above, the amounts received in advance are reflected in the Balance sheet under "Other Current and Non-current Liabilities" as "Advance from Customers".

Sale of products:

Revenue from sale of products is recognised when significant risks and rewards in respect of ownership of products are transferred to customers based on the terms of sale. Revenue from sales is based on the price specified in the sales contracts, net of all discounts, retrans and goods and service tax at the time of sale.

2.9 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

(a) Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities in accordance with the relevant prevailing tax laws. Tax expenses relating to the items in profit & loss account shall be treated as current tax as part of profit and loss and those relating to items in other comprehensive income shall be recognised as part of OCI.

(b) Deferred tax

Deferred income tax is recognised for all the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

At each balance sheet, the company re-assesses unrecognised deferred tax assets, if any, and the same is recognised to the extent it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.10 Assets classified as held for sale

The Company classifies non-current assets (or disposal group) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

Non-current assets (or disposal group) held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities (or disposal group) classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized.

2.11 Leases

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as a lessee are shown as other non-current assets. Payments made under operating leases (net of any incentives received from the lessor) are charged to Statement of Profit and Loss on a straight-line basis over the period of the lease.

2.12 Inventories

Inventories are valued at the lower of cost and net realisable value.

2.13 Impairment of assets

The carrying value of assets / cash generating units at the Balance Sheet date are reviewed for impairment, if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised for such excess amount.

2.14 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.15 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, cash in banks and short-term deposits net of bank overdraft.

2.16 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. the impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) **Derecognition of financial assets**

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

(b) **Financial liabilities**

(i) **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

(ii) **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized.

(iii) **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

2.17 Employee Benefits

(a) **Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled.

(b) **Other long-term employee benefit obligations**

(i) **Defined contribution plan**

Provident Fund: Contribution towards provident fund is made to the regulatory authorities, where the Company has no further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

Employee's State Insurance Scheme: Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

(ii) **Defined benefit plans**

Gratuity: The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Company's liability is actuarially at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise.

2.18 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year, if any. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.19 Research & Development

Expenditure on research and development is recognised as an expense when it is incurred. Expenditure which results in increase in property, plant and equipment are capitalised and depreciated in accordance with the policies stated for property, plant & equipment.

2.20 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all the attached conditions. All government grants are initially recognised by way of setting up as deferred income. Government grants relating to income are recognised in the profit & loss account. Government grants relating to purchase of property, plant & equipment are subsequently recognised in profit & loss on a systematic basis over the expected life of the related depreciable assets. Grants recognised in Profit & Loss as above are presented within other income.

2.21 Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Taxes

Significant assumptions and judgements are involved in determining the provision for tax based on tax enactments, relevant judicial pronouncements including an estimation of the likely outcome of any open tax assessments/ litigations. Deferred income tax assets are recognised to the extent that it is probable that future taxable income will be available, based on estimates thereof.

(b) Defined benefit plans (gratuity benefits and leave encashment)

The cost of the defined benefit plans such as gratuity and leave encashment are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each year end.
