(C) RATIONALE AND OBJECTIVES OF THIS SCHEME:

- 3.1. The **Resulting Company** is holding the entire share capital in the Demerged Company. The Demerged Company i.e., **CONTINENTAL COFFEE PRIVATE LIMITED** was incorporated in the year 2011 and was made a wholly owned subsidiary of the Resulting Company in the year 2014 with an intent to leverage its marketing and distribution activities in the domestic markets of India. Presently, the Resulting Company undertakes manufacture of various types of coffee / coffee products and also undertakes its marketing and distribution in international markets, i.e., exports business. Whereas the marketing and distribution of coffee / coffee products manufactured by the Resulting Company, in the domestic markets of India is taken up by the Demerged Company. The Demerged Company is also engaged in Food and Beverages business, which is taken up through retails kiosks and mobile vans. Thus, the Holding Company (Resulting Company) retained with it the marketing and distribution of coffee / coffee products in international markets and entrusted its Wholly Owned Subsidiary (Demerged Company), with the responsibility of marketing and distribution of its coffee / coffee products in the domestic markets of India. Considering various market dynamics, the experience and the financial status of the Resulting company, the respective Boards of Directors of the Resulting Company and the Demerged Company thought it fit and decided to consolidate the manufacturing, the marketing and the distribution functions of coffee business, whether exports or at domestic level under one entity and hence decided to demerge the Coffee Marketing and FMCG Products Distribution Division into the Resulting Company. This Scheme of Arrangement and vesting of the Demerged undertaking of the demerged company into the Resulting Company provides the following advantages:

- i. The Demerged Company, presently, has two Divisions / undertakings viz. Marketing and Distribution of Coffee and FMCG Products division (hereinafter referred to as "Coffee Division") and the Food and Beverage Kiosks including 'Coffee on Wheels' division (hereinafter referred to as "F & B Division"). Each of the businesses of the Demerged Company operates in different business environments, require different experience and are subject to different profitability, growth opportunities, future prospects and risks.
- ii. The nature of risk and competition involved in each of these businesses is distinct and consequently nature of considerations, factors and commercial parameters applicable to the business of Marketing and Distribution of Coffee and FMCG Products being different and divergent in nature in comparison to that of Food and Beverage Kiosks including 'Coffee on Wheels'. With a view to conduct the businesses more efficiently and more profitably, enhance shareholders value and insulate both the businesses from the risks of each other, it is proposed to reorganize and segregate, the Marketing and Distribution of Coffee and FMCG Products division by way of Demerger.
- iii. The Demerger of Coffee Division from the Demerged Company into the Resulting Company will facilitate the Demerged Company to focus on its remaining business of running and maintaining Food and Beverage Kiosks including 'Coffee on Wheels'. Further, it will facilitate, help and enable the Resulting Company to focus on its Coffee manufacturing business along with marketing and distribution thereof, both at international level and at domestic level with greater profitability. Thus resulting in simplification of the respective Company's structure, improving their cost efficiency and further benefitting their stakeholders.
- iv. The arrangement will further enable appropriate consolidation of activities of Demerged Company and Resulting Company by pooling and more efficient utilization of their resources, greater economies of

B. Mohan Krishna

scale, reduction in overheads and other expenses and improvement in various operating parameters.

- v. The arrangement will improve the organizational capability and leadership, arising from the pooling of human capital who have the diverse skills, talent and vast experience to compete successfully in an increasingly competitive industry.
- vi. Cost savings are expected to flow from more focused operational efforts, rationalization, standardization and simplification of business process, elimination of duplication and rationalization of administrative expenses.

It is therefore, proposed that the Coffee Division of the Demerged Company be segregated and demerged, pursuant to a Scheme of Arrangement and be transferred to the Resulting Company for achieving independent focus pursuant to a Scheme of Arrangement under Sections 230 to 232 of the Companies Act, 2013.
