THE GUIDELINES

The Indian direct selling industry had achieved an annual sales figure of ₹18.067 crore in 2020-2021

Banerji said that despite the devastation caused by the second wave of the Covid-19 in 2021-22, the direct selling industry in West Bengal had outperformed expectations in 2020-21. "We are confident that this performance level would be further enhanced in financial year 2022-23.3

West Bengal has held the second spot in direct selling revenue figures since FY 2018-19, registering a 17.75 per cent CAGR (compounded annual growth rate) which exceeds the national CAGR of 13 per cent for the growth of direct selling in India. In 2021-22, the direct selling industry in West Bengal touched ₹1,984 crore.

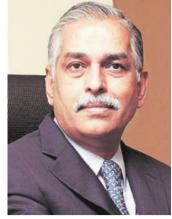

Medeor Hospital in Manesar for ₹225 crore. DR ASHUTOSH RAGHUVANSHI, MD & CEO of Fortis Healthcare, in an interview with Sohini Das, elaborates on his expansion plans. Edited

Is Fortis Healthcare now embarking on a new expansion strategy with this new acquisition in Manesar?

We were focusing on strengthening our balance sheet and improving operations. That was our main agenda from 2019 onwards when I came on board. We always had a strategy for brownfield expansion and inorganic expansion opportunistically. That strategy has not changed. Brownfield expansion will give us 1.700 beds over the next two-three years. This year, we will get 200-300 beds additional from brownfield. New blocks are getting constructed in four of our

NCR hospitals, and that would add capacity over the next two and a half years. Organic growth would add another 30 per cent of beds. Now that we have strength in our balance sheet, we can go for inorganic expansion, too, in markets where we are already present.

We have done this acquisition in Manesar and it is complementary to our flagship hospital in Gurugram. It will give us 850 beds which we can take up to 900 beds in the future We will commission these beds in Manesar over nine months in a phased manner. We

will keep evaluating similar opportunities elsewhere like in Mumbai and other large metros.

What are your plans with the Arcot Road facility in Chennai? Any plan to divest that?

around, or divesting it. All our

facilities should do quality work

Pent-up demand is largely over. There is healthy growth in medical tourism. It has come back to a business-as-usual situation, and it currently accounts for 10 per cent of turnover. In absolute terms, there has been good growth in this segment in the past threefour years. Our overall revenues have also grown significantly during this time. We continue to see 5-6 per cent growth in international patients coming to our hos-

Are you open to a model of having smaller centres for

We won't go for 50-100 bed facilities in smaller towns. For quaternary care, scale is very important. So having at least 300-beds is something that is economical to have for imaging equipment and medical equipment. That will remain our focus. We are not looking at going into smaller geographies with smaller facilities. We are open to collaborations with small hospitals in smaller cities where our doctors can consult and help develop those facilities. Our bone-marrow transplant centre at FMRI has given advice to several public sector hospitals.

What is the revenue and margin forecast for FY24 for Fortis and also the corporate hospital sector?

The margins would remain at the current levels, and we see low teen growth for revenues. We have a 17 per cent margin now, and it will be better in the coming years.

PRATIGYA YADAV & SANJEEB MUKHERJEE New Delhi, 21 April

India's food standards regulator plans serving notices over "misleading" health claims made by food busioperators (FBO). responding after an influencer withdrew his video about chocolate drink Bournvita.

Sources said that the advertisement monitoring committee of the Food and Standards Authority of India (FSSAI) in the past six months has got 138 cases, including those involving prominent brands, of promotions that were allegedly misleading and violated the regulator provisions of FSS Act, 2006.

"For further enforcement actions, the same have been referred to the concerned licensing authorities for issuance of notices to all such FBOs for withdrawing of misleading claims or scientifically substantiating the same," said sources without naming any brand.

Pilots' union sends legal notice to Air India

DEEPAK PATEL New Delhi, 21 April

The pilots union at Air India on Friday sent a legal notice to the airline, alleging that it was coercing its members individually to sign revised service agreements.

Air India's HR team had on April 16 and 17 sent emails to members of Indian Commercial Pilots Association (ICPA) stating that each of them is being promoted to the position of 'senior commander", making them eligible to monthly "management allowance" and responsible to "manage-

ment duties" "ICPA's members do not want to be forcibly promoted to management cadre and wish to retain their present designations and roles and coverage under and protection of labour law. The so-called 'promotion' is merely a smokescreen to remove the members from the category of 'workmen', and consequently from the protection of all labour law, and therefore, is utterly illegal," the legal notice stated.
