EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 3

The Company in order to enhance its presence both in the Indian & global markets and also to expand existing business lines in the Engineering or any other business or trade and/or to take over any potential target so as to capture emerging business opportunities for growth, has to strengthen its financial position and net worth by augmenting long term resources substantially from time to time, it is thought prudent for the Company to have enabling approvals to raise full or a part of the funding requirements for the said purposes.

In this reference, taking into account the significant liquidity, low interest rates, consistent performance of your Company, positive outlook for the Engineering Industry and particularly, for your Company, the Board recommends raising of resources from domestic and/or international capital markets in one or more tranches, by issue of appropriate instruments as stated in the Special Resolution. The issue of Securities will be in accordance with the appropriate guidelines for the same and the price of the securities shall be fixed at the time of actual offer depending upon the then prevailing market conditions in consultations with the Lead Managers/Advisors and other such intermediaries and as per the applicable regulations.

Section 62 and of the Companies Act, 2013 provides inter alia that the Company in the first instance should offer all shares to be issued by the Company for subscription, pro-rata to the existing Equity Shareholders unless decided otherwise in a General Meeting by a Special Resolution and accordingly consent of the shareholders is being sought pursuant to provisions of the said section to issue and allot the said securities, to the members or other persons as may be decided by the Board of Directors.

The resolution also elaborates that in case of QIP Issue the relevant date for determination of the floor price of the Equity Shares to be issued shall be –

- i) In case of allotment of Equity Shares, the date of meeting in which the Board decides to open the proposed issue.
- ii) In case of allotment of eligible convertible securities, either the date of the meeting in which the board decides to open the issue of such convertible securities or the date on which the holders of such convertible securities become entitled to apply for the Equity Shares, as may be determined by the Board.

The special resolution also authorizes the Board of Directors of the Company to undertake a Qualified Institutions Placement with Qualified Institutional Buyers (QIBs) in the manner as prescribed under Chapter VI of the Securities and Exchange Board of India(Issue of Capital and Disclosure Requirement) Regulations, 2018,as amended (the “SEBI Regulations”) for raising capital. The pricing of the such Securities to be issued to QIBs pursuant to the said SEBI Regulations shall be freely determined subject to such price not being less than the price calculated in accordance with the relevant provisions of the said SEBI Regulations.

Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 prescribed, inter alia, under Section 42 of the Act deals with private placement of securities by a company. Sub-rule (2) of the said Rule 14 also states that in case of an offer or invitation to subscribe for non-convertible debentures on private placement, the company shall obtain previous approval of its shareholders by means of a special resolution only once in a year for all the offers or invitations for such debentures during the year. Accordingly, consent of the members is sought for passing a Special Resolution as set out in the resolution.

The said Securities may be secured by way of first mortgage/ hypothecation of the Company's assets in favor of the security holders. As the documents to be executed between the security holders and the

(Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014)

To,
The Members of
CHANDNI MACHINES LIMITED
(CIN – L74999MH2016PLC279940)
110, T.V. Industrial Estate, 52 S. K. Ahire Marg,
Worli, Mumbai,
Maharashtra,
India – 400030

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **CHANDNI MACHINES LIMITED** hereinafter called the Company. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the **CHANDNI MACHINES LIMITED** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **CHANDNI MACHINES LIMITED** (“the Company”) for the financial year ended on 31st March 2020 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 1. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 2. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015
 3. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; **[Not applicable as the Company has not issued any further share capital during the period under review];**
 4. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;

CHANDNI MACHINES LIMITED
ANNUAL REPORT 2019 ~ 2020

5. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **[Not Applicable as the Company has not issued and listed any debt securities during the financial year under review]** ;
 6. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulation, 1993 regarding the Companies Act and dealing with client; **[Not Applicable as the company is not registered as Registrar to Issue and Share Transfer Agent during the financial year under review]** ;
 7. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulation, 2009; **[Not applicable as the Company has not delisted / proposed to delist its equity shares from any stock exchange during the financial year under review]** ;
 8. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 **[Not applicable as the Company has not bought back / proposed to buy back any of its securities during the financial year under review].**
- vi. The management has identified and confirmed the following laws as specifically applicable to the company:
- (a) Factories Act, 1948
 - (b) Industrial Disputes Act, 1947
 - (c) The Payment of Wages Act, 1936
 - (d) The Minimum Wages Act, 1948
 - (e) The Employees' Provident Funds and Miscellaneous Provisions Act, 1952
 - (f) The Payment of Bonus Act, 1965
 - (g) The Payment of Gratuity Act, 1972
 - (h) The Contract Labour (Regulation & Abolition) Act, 1970
 - (I) Employees' State Insurance Act, 1948
 - (j) Water (Prevention and Control of Pollution) Act, 1974
 - (k) Air (Prevention and Control of Pollution) Act, 1981

I have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India. (Applicable to the extent notified and enforced during the period of audit).
- ii. The Listing Agreements entered into by the Company with the BSE Limited, National Stock Exchange of India Limited.
- iii. We have not examined compliance by the Company with applicable financial laws, like direct and indirect tax laws, since the same have been subject to review by statutory financial audit and other designated professionals.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, Listing Agreements etc. mentioned above.

In respect of other laws specifically applicable to the Company, I have relied on the information/record produced by the Company during the course of my audit and the reporting is limited to that extent.

I further report that

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent generally seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- All the decisions of the Board and committee thereof were carried out with requisite majority.

CHANDNI MACHINES LIMITED
ANNUAL REPORT 2019 ~ 2020

I further report that:-

Based on review of compliance mechanism established by the Company and on the basis of the information provided by the CFO, we are of the opinion that there are adequate systems and processes in place in the company which is commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines:-

We have noticed that, there was a resignation of company secretary on 14 December 2019. And as per section 203 of companies Act 2013, company must appoint another company secretary within a period of 6 months. However, based on the information provided by company officers, company was in process of appointing the new company secretary to fill the vacancy but Considering the outbreak of the pandemic and lockdown norms, company could not complete the appointment process of new company secretary.

I further report that,

During the audit period there were no instances of:

- i. Public/Right/Preferential issue of shares / debentures/sweat equity, etc.
- ii. Redemption / buy-back of securities.
- iii. Major decisions taken by the members in pursuance to Section 180 of the Companies Act, 2013.
- iv. Merger / amalgamation / reconstruction, etc.
- v. Foreign technical collaborations.

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian machine tools sector has been witnessing a slowdown and FY 2019-20 was a challenging year for the Company in terms of Sales as well as Profit. The Indian auto mobile sector and allied industries witnessed several headwinds in the financial year 2019-20 due to slowdown in the economy and regulatory changes. The global injection moulding machines market is expected to rise with an impressive CAGR and generate the highest revenue by 2026.

With the advent of BS6 from April 2020, the industry was praying for a change in sentiment and fortunes. But much to everybody's dismay, a totally unforeseen event in the form of a pandemic COVID-19 has disrupted the entire world and our country was no exception. Due to on-going COVID-19 Pandemic, a lockdown was imposed by the Central Government in March 2020 and the Company has to shut down its manufacturing operations and partially resumed operations subsequently on second week of May, 2020 with minimum workforce as per the guidelines issued by the Ministry of Health and Family Welfare. The Company has taken necessary steps to build in all the safety and precautionary measures across all its facilities and plants. The Impact of COVID-19 shall be felt in the Financial Year 2020-21 as it is expected to further drag the slowness in the auto industry and the revival is bound to slow.

OPPORTUNITY AND THREAT

The growth opportunity for the machine tool Industry is in proportion with growth of other industries. During the last few years, the phenomenal growth in industry has largely contributed to the growth of machine tool industry and opportunities lie in further growth in Industry as several multinational manufacturers are shifting a part of their supply chain & sourcing base to India. Besides Auto component manufacturers, a host of Engineering, Medical, Defense and Power sector based industries are also contemplating about moving their supply chain to India. This provides a huge opportunity for Indian manufacturers and this would provide a corresponding opportunity to Machine Tool Manufacturers. The main threat to which the Industry is exposed to is volatility of commodity prices affecting input costs structure. Volatility and seasonality have a significant impact on capacity utilizations in the Industry which would result in stiff price competition in lean periods. However, the Company strives to create sustainable profitable growth by continuing focus on technology developments/ up gradation and quality of its products to its diversified customer base which will lead the Company towards a competitive edge in the market.

OUTLOOK

The long term outlook for the industry is optimistic based upon the market innovation and cutting age technology for sustaining growth. Your Company believes that the competition in the emerging markets will be based on cost efficiency, high productivity and maintaining stringent quality parameters etc. Due to rising energy costs combined with an increased corporate interest in sustainability, companies are now focused on being more energy efficient. Several Corporates are expanding their activities to benefit from growth of economy. However, the pressure to get high tech equipment at reasonable costs persists to remain cost competitive globally. Such high tech equipments are available at reasonable costs. This is a much better alternative than brand new equipments which are prohibitively expensive.

From a geographical standpoint, Asia Pacific is anticipated to drive the global injection moulding machines market through the forecast years. The growth is attributable to the presence of a large number of firms manufacturing injection moulding machines. Several large-sized firms are planning to acquire mid-scale and small-sized firms to expand their product portfolio and improve quality. This will further help large-sized companies to strengthen their footprint across the countries in Asia Pacific, thereby impacting the injection moulding machines market size. Following Asia Pacific, North America is expected to hold a considerable position in the global injection moulding machines market share.

ANNUAL REPORT 2019 ~ 2020

RISKS AND CONCERN

The Company's growth is linked to growth of the which is cyclical in nature. This cyclical nature might affect the demand ultimately has an effect on the order book of the Company. However the Company is focusing towards export orders and business to counter the risk. Our margin and cost effectiveness may be affected due to change in the prices of raw materials, power and other input costs which can significantly impact the profitability. Careful monitoring of the above cost can be very encouraging.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company has effective internal control systems commensurate with the size of the Company. This is further supplemented by an internal audit being carried out by an external firm of Chartered Accountants. The internal auditors conduct audits of the performance of various departments, functions and locations and also statutory compliances based on an annual audit plan chalked out in consultation with the Audit Committee. They report their observations/ recommendations to the Audit Committee of the Board of Directors, which comprises two non-executive Independent Directors. The Audit Committee reviews the Audit observations and follows up on the implementation of the suggestions and remedial measures and also recommends increased scope of coverage, wherever necessary.

DISCUSSION ON FINANCIAL PERFORMANCE

- 1. Share Capital:** As on March 31, 2020, the paid-up share capital of the Company stood at Rs. 3,22,74,330/- consisting of 32,27,433 equity shares of Rs. 10/- each.
- 2. Reserves and Surplus:** During the year, the total reserves and surplus of the Company is Rs. 1,88,87,756/- as compared to Rs. 1,87,40,258/- in the year 2018-19.

INDEPENDENT AUDITORS' REPORT

To
The Members of
Chandni Machines Limited
(Formerly known as Chandni Machines Private Limited)

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Chandni Machines Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2020, and the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2020, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in

CHANDNI MACHINES LIMITED
ANNUAL REPORT 2019 ~ 2020

the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

The key audit matters	How our audit addressed the key audit matter
Adoption of Ind AS 116 – Leases	
<p>As described in Note 2(j) to the standalone financial statements, the Company has adopted Ind AS 116, Leases ('Ind AS 116'), the new standard on lease accounting during the current year.</p> <p>The application of this accounting standard is complex and is an area of focus in our audit as the Company has various number of leases with different contractual terms.</p> <p>Ind AS 116 introduces a new lease accounting model wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on its balance sheet. The lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract/ arrangement.</p> <p>Adoption of the standard involves significant judgements and estimates including, determination of the discount rates and the lease term.</p> <p>Refer Note nos. 2, 4, 16, 20 and 40 to the standalone financial statements.</p>	<p>Our audit procedures on adoption of Ind AS 116 include the following:</p> <ul style="list-style-type: none"> • Evaluated the design and implementation of the processes and internal controls relating to implementation of the new lease standard. • Based on our evaluation of the contractual agreements entered into and our knowledge of the business, assessed the appropriateness of the leases identified by the Company. • Evaluated the reasonableness of the discount rates used in computing the lease liabilities. • For new leases, tested the lease accounting and estimates/ judgments used by the Company. • Evaluated the appropriateness of the accounting policy, disclosures provided under the new lease standard and assessed the completeness and mathematical accuracy of the relevant disclosures.
External confirmations request perpetrated pursuant to SA 505	
<p>COVID-19 has impacted the procedure of external confirmation request to vendors and customers. Postal facilities were not available in the near-end of the financial year. To combat this, we had sent positive external confirmation requests through electronic modes. However, due to suspension of business activities of many confirming parties, there are few confirmations not received till the date of the</p>	<p>We revised our assessed risk and have modified our audit procedures to mitigate these risks. We have obtained a reliable assurance pertaining to transactions with confirming parties, in the sense for accurate and complete processing of routine and significant classes of transactions such as revenue and purchases.</p> <p>We selected samples and tested the effectiveness of controls relating to accuracy and completeness of</p>

<p>Allowance for credit losses in respect of advances to foreign vendors</p>	
<p>The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company had given advances to foreign vendors against import of engineering goods. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where these foreign vendors are located. In calculating expected credit losses in respect of these advances, the Company also considered the relevant credit information for its vendors to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.</p> <p>We identified allowance for credit losses as a key audit matter because of the significant judgement involved in calculating the expected credit losses. This required a high degree of auditor judgment and an increased extent of effort when performing audit procedures to evaluate the reasonableness of management's estimate of the expected credit losses.</p>	<p>Our audit procedures related to the allowance for credit losses for the advances to the foreign vendors and contract assets included the following, among others:</p> <ul style="list-style-type: none"> • We tested the effectiveness of controls over the (1) development of the methodology for the allowance for credit losses, including consideration of the current and estimated future economic conditions, (2) completeness and accuracy of information used in the estimation of probability of default, and (3) computation of the allowance for credit losses. • For a sample of foreign vendors we tested the input data used in estimating the probability of default by comparing them to external and internal sources of information. • We evaluated the incorporation of the applicable assumptions into the estimate of expected credit losses and tested the mathematical accuracy and computation of the allowances by using the same input data used by the Company. • We evaluated the qualitative adjustment to the historical loss rates, including assessing the basis for the adjustments and the reasonableness of the significant assumptions.
<p>Measurement and valuation of inventory</p>	

CHANDNI MACHINES LIMITED
ANNUAL REPORT 2019 ~ 2020

<p>As at 31st March 2020, the Company has inventory amounting to Rs. 5, 65, 51,403/-. (Refer Note no. 8) This was determined a key audit matter, as the measurement and valuation of the inventory at the year-end involves significant judgement and estimate.</p> <p>The Company uses internal and external experts, to perform volumetric assessments, basis which the quantity for these inventories is estimated.</p>	<p>Our audit procedures relating to the measurement of inventory quantities of coal included the following:</p> <p>Understanding and evaluating the design and operating effectiveness of controls over physical count and measurement of such inventory;</p> <p>Evaluation of competency and capabilities of management's experts;</p> <p>Physically observing inventory measurement and count procedures carried out by management using experts, to ensure its appropriateness and completeness;</p> <p>Obtaining and inspecting, inventory measurement and physical count results for such inventories, including assessing and evaluating the results of analysis performed by management in respect of differences between book and physical quantities.</p> <p>Based on the above procedures performed, we did not identify any material exceptions in the measurement of inventory quantities.</p>

Emphasis of Matter paragraph

We draw attention to note no. 44 forming part of the standalone financial statements, which describes the management's assessment of uncertainties related to COVID-19 and its consequential financial impact on its assets as at 31st March 2020 and operations of the Company. Our opinion is not modified in respect of this matter.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

CHANDNI MACHINES LIMITED
ANNUAL REPORT 2019 - 2020

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit / loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

CHANDNI MACHINES LIMITED
ANNUAL REPORT 2019 ~ 2020

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 - (A) As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

CHANDNI MACHINES LIMITED
ANNUAL REPORT 2019 ~ 2020

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations as on its financial position in its standalone financial statements as mentioned in Note no. 43;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no amount required to be transferred to the Investor Education and Protection Fund by the Company.
- (C) With respect to the matter to be included in the Auditors' Report under section 197(16) as amended:

According to the information and explanations given to us, the Company has paid/provided for managerial remuneration in accordance with the provisions of section 197 read with Schedule V to the Act.

Annexure - B to the Auditors' Report

(Referred to in paragraph 2 (f) under 'Report on other Legal & Regulatory Requirements' Section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Chandni Machines Limited ("the Company") as of 31st March 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal

CHANDNI MACHINES LIMITED
ANNUAL REPORT 2019 ~ 2020

financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

Considering the size of the company and nature of its business, in our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

CHANDNI MACHINES LIMITED

(Formerly known as Chandni Machines Private Ltd.)

NOTES ON THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

ChandniMachinesLtd. is a public company limited by shares, domiciled in India and incorporated under the provisions of the Companies Act applicable in India. The registered office of the Company is located at 110 T.V. Industrial Estate, 52, S.K. Ahire Marg, Worli, Mumbai 400 030, India. Its shares are listed on BSE Ltd in India. The Company is primarily engaged in trading of engineering goods. The financial statements are approved by the company's board of directors on 31st July, 2020.

2. Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these separate Financial Statements of ChandniMachinesLtd. These policies have been consistently applied to all the period presented, unless otherwise stated.

a) Basis of preparation

(i) Compliance with Ind AS

These Financial Statement have been prepared in accordance with the Companies (Indian Accounting Standards)Rules, 2015 as a going concern on an accrual basis.

(ii) Historical cost convention

The Financial Statements have been prepared on a historical cost basis, except otherwise stated in the financial statements.

(iii) Use of estimates

In preparing the Financial Statements in conformity with accounting principles generally accepted in India,management is required to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of Financial Statements and the amounts of revenue and expenses during the

reported period. Actual results could differ from those estimates. Any revision to such estimates is recognized in the period the same is determined.

b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents.

c) Fair value measurement

The Company measures financial instruments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the

presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of un-observable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarizes accounting policy for a fair value. Other fair value related disclosures are given in the relevant notes.

d) Revenue recognition

The Company earns revenue primarily from sale of products and sale of services.

Sale of Products and Services

Revenues are recognized when the Company satisfies the performance obligation by transferring a promised product or service to a customer. A product is transferred when the customer obtains control of that product. To recognize revenues, company applies the following five step approach: (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenues when a performance obligation is satisfied. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Engineering Services

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction shall be recognized by reference to the stage of completion of the transaction at the end of reporting period

Interest Income

Revenue from Interest is recognized on accrual basis and determined by contractual rate of interest.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually

defined terms of payment and excluding taxes or duties collected on behalf of the government. Revenue is measured net of indirect taxes, returns and discounts.

e) Transactions in Foreign Currency

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. Premium on forward cover contracts, if any, in respect of imports is charged to profit & loss account over the period of contract. All monetary assets and liabilities as at the Balance sheet date, not covered by forward contracts are restated at the applicable exchange rates prevailing on that date. All exchange differences arising on transactions, not covered by forward contracts, are charged to Profit & Loss Account.

f) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash in hand, cash at bank and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

g) Trade receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment.

h) Inventories

Inventories are valued at the lower of cost and net realizable value.

- Costs includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

- Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

i) Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less depreciation.

Historical Cost represents direct expenses incurred on acquisition or construction of the assets and the share of indirect expenses relating to construction allocated in proportion to the direct cost involved.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipment, is provided on 'Straight Line Method' based on useful life as prescribed under Schedule II of the Companies Act 2013.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

j) Lease

As a Lessee

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets ("ROU") are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

The weighted average incremental borrowing rate applied to lease liabilities as at April 1, 2019 is 6.75%

k) **Financial instruments**

Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss directly attributable transaction costs. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Classification

- Cash and Cash equivalents

Cash and cash equivalents comprises cash on hand and demand deposits with banks.

- Debt Instruments

The Company classifies its debt instruments as subsequently measured at amortised cost, fair value through Other Comprehensive Income or fair value through profit or loss based on its business model for managing the

financial assets and the contractual cash flow characteristics of the financial asset.

(i) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income from these financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

(ii) Financial assets at fair value through Other Comprehensive Income (FVOCI)

Financial assets are subsequently measured at fair value through Other Comprehensive Income if these financial assets are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest. Movements in the carrying value are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Statement of Profit and Loss. Interest income on such financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

(iii) Financial assets at fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on such debt instrument that is subsequently measured at FVTPL as well as interest income is recognised in the Statement of Profit and Loss.

Derecognition

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset. Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial Liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities not at fair value through profit or loss directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised, and through the amortisation process.

Derecognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original

liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Impairment of financial assets

The Company assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired. Ind AS-109 on Financial Instruments, requires expected credit losses to be measured through a loss allowance. For trade receivables only, the Company recognises expected lifetime losses using the simplified approach permitted by Ind AS-109, from initial recognition of the receivables. For other financial assets (not being equity instruments or debt instruments measured subsequently at FVTPL) the expected credit losses are measured at the 12 month expected credit losses or an amount equal to the lifetime expected credit losses if there has been a significant increase in credit risk since initial recognition.

l) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortized cost using the effective interest method.

m) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of respective assets during the period of time that is required to complete and prepare the asset for its intended use. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

n) Employee Benefits

(i) Short-term obligations

The costs of all short-term employee benefits (that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service) are recognised during the period in which the employee renders the related services. The accruals for employee entitlements of benefits such as salaries, bonuses and annual leave represent the amount which the Company has a present obligation to pay as a result of the employees' services and the obligation can be measured reliably. The accruals have been calculated at undiscounted amounts based on current salary levels at the Balance Sheet date.

(ii) Post-employment obligations

The Company operates the following post-employment schemes:

(iii) Provident Fund

The Company pays provident fund contributions to a fund administered by Government Provident Fund Authority. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

o) Tax expenses

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted, by the end of the reporting period.

(ii) Deferred Tax

Deferred Income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the separate Financial Statements.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and Deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other Comprehensive Income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax is accounted for in accordance with tax laws which give rise to future economic benefits in the form of tax credit against which future income tax liability is adjusted and is recognized as deferred tax asset in the balance sheet.

p) Earnings per share

Basic earnings per share is computed by dividing the profit or loss after tax by the weighted average number of equity shares outstanding during the year including potential equity shares on compulsory convertible debentures. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share.

q) Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. Assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. In case of such reversal, the carrying amount of the asset is increased so as not to exceed the carrying amount that would have been determined had there been no impairment loss.

r) Segment Reporting

Segments are identified based on the manner in which the Chief Operating Decision Maker ('CODM') decides about resource allocation and reviews performance. Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Segment capital expenditure is the total cost incurred during the period to acquire property and equipment and intangible assets including goodwill.

s) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when there is a present legal or statutory obligation or constructive obligation as a result of past events and where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent liabilities are recognized only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets where it is probable that future economic benefits will flow to the Company are not recognised but disclosed in the Financial Statements. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

Level 1: Level 1 hierarchy includes Financial Instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. Fair value of mutual funds is determined based on the closing NAV.

Level 2: The fair value of Financial Instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, security deposits included in level 3.

33 Financial Risk Management

The Company's activities expose it to market risk (including currency risk, interest rate risk and other price risk), liquidity risk, credit risk and other risks..This note explains the sources of risk which the entity is exposed to and how the entity manages the risk :

The Company's risk management is carried out by chief financial officer under policies approved by the Board of Directors. The Company's chief financial officer identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The board provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of non-derivative financial instruments and investment of excess liquidity. The risk management includes identification, evaluation and identifying the best possible option to reduce such risk. The Board has been monitoring the risks that the Company is exposed to due to outbreak of COVID 19 closely. The Board has taken all necessary actions to mitigate the risks identified basis the information and situation present.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: currency risk, interest rate risk and other price risk. Financial instruments affected by market risk include borrowings, trade payables, trade receivables, loans and non-derivative financial instruments.

(i) Foreign currency risk

Foreign currency risk arises from future commercial transactions and recognized assets or liabilities denominated in a currency that is not the Company's functional currency (INR). This is closely monitored by the Management to decide on the requirement of hedging. The position of unhedged foreign currency exposure to the Company as at the end of the year expressed in INR are as follows :

Currency	31-03-2020	31-03-2019	31-03-2020	31-03-2019	31-03-2020	31-03-2019
	Asset (Receivable)	Asset (Receivable)	Liability (Payable)	Liability (Payable)	Net Receivable/ (Payable)	Net Receivable/ (Payable)
US Dollar (USD)	610,742	389,485	-	-	610,742	389,485
Great Britain Pound (GBP)	2,313,608	2,241,846	-	-	2,313,608	2,241,846
Euro	1,085,038	4,138,873	-	-	1,085,038	4,138,873
Exposure to foreign currency risk	4,009,388	6,770,204	-	-	4,009,388	6,770,204

Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments

	Impact on profit Increase/ (Decrease)	
	March 31, 2020	March 31, 2019
USD sensitivity		
INR/USD Increases by 5%	30,537	19,474
INR/USD Decreases by 5%	(30,537)	(19,474)
EURO sensitivity		
INR/EURO Increases by 5%	54,252	206,944
INR/EURO Decreases by 5%	(54,252)	(206,944)
GBP sensitivity		
INR/GBP Increases by 5%	115,680	112,092
INR/GBP Decreases by 5%	(115,680)	(112,092)

Holding all other variables constant.

(ii) **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has interest free borrowings and hence is not exposed to interest rate risk.

(B) **Credit risk**

Credit risk arises when a counter party defaults on contractual obligations resulting in financial loss to the Company. Trade receivables consist of large number of customers, spread across diverse industries and geographical areas. In order to mitigate the risk of financial loss from defaulters, the Company has an ongoing credit evaluation process in respect of customers who are allowed credit period. In respect of walk-in customers the Company does not allow any credit period and therefore, is not exposed to any credit risk. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 90 days past due.

(C) **Liquidity risk**

The Company has sufficient cash and cash equivalent and other liquid current financial assets which can be easily realised in cash or cash equivalent in short time. Therefore there is no significant liquidity risk.

Maturities of Financial Liabilities

The tables below analyse the Company's Financial Liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative Financial Liabilities.

(D) **Risk due to outbreak of COVID 19 pandemic**

The outbreak of COVID 19 pandemic globally and in India has severely impacted businesses and economies. There has been disruption to regular business operations due to the measures taken to curb the impact of the pandemic. The Company's plants, warehouses and offices were shut post announcement of nationwide lockdown. Most of the operations have resumed post lifting of lockdown. The Company has considered external and internal information in assessing the impact of COVID 19 on various elements of its financial statements, including recoverability of its assets as at the Balance Sheet date.

34 Capital management

For the purpose of the Company's capital management, equity includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value. The Company's Capital Management objectives are to maintain equity including all reserves to protect economic viability and to finance any growth opportunities that may be available in future so as to maximize shareholders' value. The Company is monitoring capital using debt equity ratio as its base, which is debt to equity. The company's policy is to keep debt equity ratio below one and infuse capital if and when it is required through issue of new shares and/or better operational results and efficient working capital management.

In order to achieve the aforesaid objectives, the Company has not sanctioned any major capex since inception. However, modernization, upgradation and continued marginal expansions have been to remain competitive and improve product quality through efficient machinery. There is constant endeavour to reduce debt as much as feasible and practical by improving operational and working capital management.

Debt-to-equity ratio are as follows:

	31-03-2020	31-03-2019
Debt (A)	5,150,000	5,850,000
Equity (B)	51,162,086	51,014,588
