HDFC BANK AGM

Lender looking at making overall security environment stronger

FE BUREAU Mumbai, July 16

HDFC BANK'S TRANSFORMATION journey is a holistic approach that will not only add new digital platform capabilities, but also look at strengthening as well as replacing our legacy systems...

We are happy to share that the restrictions on our bank are completely lifted following the progress we have made on our technology investments, processes and governance

ATANU CHAKRABORTY, CHAIRMAN, HDFC BANK

"We are also working to enable new-age consumer experiences by partnering with modern neotechs. Under our technology transformation agenda, we are investing to 'Run the Bank' as well as 'Build a Future-ready Bank'...

Chakraborty said that over the course of the last year, the lender had worked closely with the regulator to ensure adherence to the highest standards of compliance. "We are happy to share that the restrictions on our bank are completely lifted following the progress we have made on our technology investments, processes and govern-

ance," the chairman said. Meanwhile, the proposed merger of HDFC Ltd with HDFC Bank has received a 'no objection' from the Reserve Bank of India (RBI), subject to certain conditions.

The merger has also been approved by the Pension Fund Regulatory and Development Authority (PFRDA), along with

no-objection from the stock exchanges. Approvals are awaited from Competition Commission of India (CCI), the National Company Law Tribunal (NCLT) and the shareholders and creditors of the entities.

"Housing finance is going to be a huge growth opportunity and one of the key drivers of India's GDP over the next decade. With the advantage of lower cost of funds and the strong distribution network that we have built, among several other factors, there is huge merit in seizing this opportunity. A large and more stable balance sheet that the merger would create, would also enable us to step up our exposures and facilitate higher credit growth in the economy," Chakraborty said.

On the business side, HDFC Bank is planning to increase its presence in the semi-urban and rural areas of the country. The bank is looking at opportunities to further expand the current network of over 6,000 branches and customer base of 70 million. "Given the anticipated resurgence of growth in GDP, the huge scale of the banking opportunity in India, the enormous strength of our franchise and our resilient balance sheet, we believe that we are extremely well poised to leverage the immense opportunities that lie ahead of us," the chairman said.

To ensure that incentive structures are aligned with the bank's objectives, HDFC Bank has introduced Restricted Stock Option Scheme for a much larger number of employees. "That will give them a strong sense of connect with the bank," Chakraborty said.

NCLAT principal bench to hear cases via physical mode alone from Aug 1

PRESS TRUST OF INDIA New Delhi, July 16

THE PRINCIPAL BENCH of the National Company Law Appellate Tribunal (NCLAT) will hear cases via physical mode alone from August 1, 2022.

A decision in this regard has been taken by the NCLAT chairperson after "reviewing the Covid-19 pandemic situation and taking note of the declining trend in the positivity rate", and has done partial modification of the standard operating procedure.

"The cases listed before Principal Bench, New Delhi only of the National Company Law Appellate Tribunal from 1st August, 2022 shall be heard through Physical Hearing only" a notice issued by NCLAT registrar said. Besides the New Delhi-based principal bench, NCLAT also has a bench in Chennai.

The notice has also put some riders and said entry into the court rooms, to attend physical hearings, shall stand restricted to only one advocate per party whose case is listed for hearing that day and whose vakalatnama is on record or who has been duly authorised to appear.

Senior counsel engaged by any such advocate would also be permitted.

Besides, registered clerks employed by advocates would also be allowed but only for the limited purpose of delivering heavy and bulky case files of such advocates to the designated court room and shall leave courtrooms immediately.

In addition to that wearing of a mask, frequent use of hand sanitiser and maintaining physical distancing norms will be mandatory for all entrants into the NCLAT premises, including the court rooms, the notice said.

The NCLAT is presently headed by Justice Ashok Bhushan. The appellate tribunal was constituted under Section 410 of the Companies Act, 2013 for hearing appeals against the orders of the National Company Law Tribunal (NCLT).

Supertech puts on sale 2 hotels, 2 shopping malls to raise ₹1k cr

PRESS TRUST OF INDIA New Delhi, July 16

REALTY FIRM SUPERTECH on Saturday said the company plans to sell its four commercial assets at Meerut and Haridwar for an estimated ₹1,000 crore, as part of its efforts to expedite construction in existing projects and repay debt.

The company had put these commercial assets on sale a few years ago but could not succeed as the hospitality and retail sectors were badly impacted during the Covid pandemic.

In a statement, Noida-based Supertech said that the company has put its assets — shopping malls and hotels — in Meerut and Haridwar on sale with the "target of raising funds to the tune of ₹1,000 crore." In Meerut, Supertech has one shopping mall and one hotel and in Haridwar, the realty firm has one shopping

mall and one hotel.

On June 10, the National Company Law Appellate Tribunal (NCLAT) ordered starting of insolvency proceedings in only one of the housing projects of realty firm Supertech Ltd and not the entire company, and directed constitution of the Committee of Creditors for the said project only. A two-member NCLAT bench limited the Corporate Insolvency Resolution Process (CIRP) to only "Eco Village II Project" located at Greater Noida (West).

Bol shareholders approve ₹2,500-cr capital raise plan

STATE-OWNED BANK OF India on Saturday said its shareholders have approved a proposal to raise up to ₹2,500-crore fresh equity capital by various modes.

The decision was taken at the bank's Annual General Meeting (AGM) held on July 15, Bank of India said.

The bank said the shareholders approved the agenda to raise fresh equity capital up to an amount of ₹2,500 crore including share premium, by way of public issue or right issue or preferential issue or QIP or private placement.

India set to hit 2-billion vaccine dose mark: Modi

GEETA NAIR Pune, July 16

INDIA IS ALL set to reach the two-billion Covid-19 vaccine dose mark. Prime Minister Narendra Modi said on Saturday in a tweet that India was set to defeat Covid-19 and every Indian had made it possible. Union health minister Mansukh Mandaviya said the country had started the countdown to the two billion mark on Saturday.

The total vaccination on Saturday reached 1.99 billion doses with 1.01 billion first doses, 925 million second doses and 56.23 million precautionary doses administered.

On Saturday, the country administered 2.5 million vaccines with 1,95,382 doses in the 12-14 age group, 82,647 doses in the 17-18 group, 1.66 million precautionary in 18-59 years and above 60 years was 2,52,272 doses.

The first Covid-19 case was reported in India on January 30, 2020, in Kerala and the World Health Organisation had declared the coronavirus outbreak as a pandemic in March 2020. The government set up a task force for the Covid vaccine in April 2020 and the National Expert Group on Covid vaccination in August 2020, sanctioning ₹900 crore for vaccine development.

Serum Institute of India's Covishield and Bharat

Biotech's Covaxin got emergency use authorisation on January 1, 2021, and vaccination commenced with the CoWin vaccine platform on January 16, 2021, for the 949 million adult population.

Vaccinations for children started in January 2022 and precautionary doses began on April 10, 2022. Total registrations for vaccination in the country till Saturday were at 1.10 billion.

India crossed the one-billion Covid-19 vaccination mark on October 21. This landmark was achieved in nine months and the second billion doses have taken 18 months.

The country reported 20,044 new cases on Friday and had an active case load of 1,40,760 cases. The daily positivity rate was at 4.80% while the weekly positivity rate was at 4.40%.

VIL shareholders okay ₹436-cr equity allocation to Vodafone

PRESS TRUST OF INDIA New Delhi, July 16

DEBT-RIDDEN TELECOM OPERATOR Vodafone Idea's shareholders have approved equity allocation worth ₹436.21 crore to its promoter entity, the Vodafone Group.

As per voting results submitted to the stock exchanges on Friday evening, 99.94% of Vodafone Idea (VIL) sharehold-

ers approved allocation of the equity to Vodafone Group firm Euro Pacific Securities.

Vodafone Group at present holds 58.46% stake in the company and Aditya Birla Group 16.53%. The firm had raised ₹3,375 crore from Vodafone Group and ₹1,125 crore from Aditya Birla Group in March.

VIL has been trying to raise funds in the range of ₹20,000-

25,000 crore from external sources since the last two years but has failed to attract any investor. The government announced a reform package in September last year which has largely benefited Vodafone Idea.

The government has allowed VIL to convert ₹16,100-crore interest dues into 33% stake in the firm to provide liquidity for investment in the business.

Revive cooperative banks to extend more long-term loans to farmers: Shah

PRESS TRUST OF INDIA New Delhi, July 16

COOPERATION MINISTER AMIT Shah on Saturday urged agricultural and rural development banks (ARDBs) to extend more long-term loans to the agriculture sector, including for irrigation and other infrastructure.

The government is building a database on cooperatives for expansion of this sector, which is important for boosting farm growth and doubling farmers' income, he added.

Farmers' income cannot be raised without improving the farm sector, especially irrigation, he pointed out, and asked cooperative banks to focus on providing loans for increasing irrigated land in the country.

The minister further said India, which has 494 million acres of arable land, highest after the US, has potential to

Home minister Amit Shah in New Delhi, on Saturday

feed the whole world if the entire arable land is irrigated. Currently, about 50% of the arable land in the country is monsoon-dependent.

Addressing a national conference here, Shah said agricultural and rural development banks have been functioning in the country under different names in the last nine decades. Most of them operated as land

mortgage banks and were first to grant long-term finance to farmers way back in 1924.

RBI, Bank Indonesia in pact for payment systems

PRESS TRUST OF INDIA Mumbai, July 16

THE RESERVE BANK of India and Bank Indonesia on Saturday entered into an agreement to expand cooperation in payment systems, digital financial innovation, and anti-money laundering and combating the financing of terrorism (AML-CFT).

The two central banks signed a memorandum of understanding (MoU) in Bali on the sidelines of the G20 Finance Ministers and Central Bank Governors Meeting to improve mutual cooperation.

"With this MoU, RBI and BI committed to deepen relations between both central banks, and strengthen the exchange of information and cooperation in the area of central banking, including payment systems, digital innovation in payments services, and regulatory and supervisory framework for AML-CFT," the RBI said in a statement.

The MoU will be implemented through policy dialogue, technical cooperation, exchange of information and joint work. It was signed by RBI deputy governor Michael Debabrata Patra and BI deputy governor Dody Budi Waluyo in the presence of RBI governor Shaktikanta Das and BI governor Perry Warjiyo.

ICAR must focus on improving productivity of oilseeds, pulses: Agriculture minister

PRESS TRUST OF INDIA New Delhi, July 16

AGRICULTURE MINISTER NARENDRA Singh Tomar on Saturday asked the premium farm research organisation, ICAR, to focus on improving productivity of various crops like oilseeds and pulses as yields are much below the global average.

While addressing the 94th foundation day of Indian Council of Agricultural Research (ICAR), the minister said the ICAR has played an important role in making India self-sufficient in foodgrain production and the country is either number one or two in terms of output of most crops.

"ICAR's foundation day should be celebrated as a pledge day. ICAR should take some pledge on this day and make efforts that the same gets achieved over the next one year," Tomar said.

Although a lot of success has been achieved in the last 93 years of ICAR's journey, the minister said there is a "great challenge" in terms of productivity in front of us, especially in oilseeds, pulses and cotton.

"If we compare (our crop yield) with other countries, then we will feel that there is a lot of work to be done," Tomar said.

The minister stressed that there is a need to attract young and educated people in the field of agriculture.

On the occasion, Union Minister of Fisheries, Animal Husbandry and Dairying Parshotam Rupala asked ICAR to document its achievements.

Agriculture minister Narendra Singh Tomar

Tomar says incomes of lakhs of farmers doubled in 8 years

AGRICULTURE MINISTER NARENDRA Singh Tomar on Saturday said incomes of lakhs of farmers have doubled in the last eight years with all-round efforts made by the governments at the Centre and states, scientists and the farming community.

Tomar also released an e-book prepared by the Indian Council of Agricultural Research (ICAR), documenting the success stories of 75,000 such farmers whose incomes have doubled or more than doubled in the last eight years.

Among these farmers, the ICAR said that the overall increase in income ranged from 125.44% to 271.69%, majorly through horticulture and field crops in most states.

In 2016, the government had set an ambitious target to double the farmers' income by 2022. — PTI
