SpiceJet to Upgrade Delhi-Bangkok Flight to Wide-Body Airbus A340

Upgrades Daily Operations from Narrow-Body Boeing 737 to 324-Seater Wide-Body Airbus A340 for a Limited Period to Cater to Holiday Demand

GURUGRAM, May 23, 2024: SpiceJet is pleased to announce the upgrade of its daily Delhi-Bangkok flight to a wide-body Airbus A340, replacing the narrow-body Boeing 737. This enhancement will increase the seating capacity to 324 passengers per flight on the route, catering to the high demand during the holiday season. The upgraded service will commence on May 31 and continue until June 20, 2024.

With visa-free entry for Indians, Bangkok remains an attractive destination for travellers seeking work and leisure opportunities.

In addition to this, SpiceJet also operates daily flights to Bangkok from Kolkata and has recently announced its foray into the beautiful island paradise of Phuket. Starting May 31, 2024, the airline will offer daily non-stop flights connecting Delhi and Phuket, with conveniently timed schedules to ensure a hassle-free travel experience.

Bangkok, the vibrant capital of Thailand, is a major hub for both business and leisure travellers. Known for its bustling markets, ornate temples, and dynamic nightlife, the city offers a unique blend of tradition and modernity.

Debojo Maharshi, Chief Business Officer, SpiceJet, said, “We are excited to upgrade our Delhi-Bangkok flight to the wide-body Airbus A340. This move underscores our commitment to providing our passengers with enhanced comfort and increased capacity during the peak holiday season. With the addition of daily flights to Phuket and our existing services to Bangkok, SpiceJet continues to expand its footprint in Thailand, offering our passengers more travel options and convenience.”
