Badrika Ashram

In keeping with resourcefulness and compelling commitment to conserve the environment, Sri Badrika Ashram is now near self-reliant on a renewable and readily available source – Solar Energy.

Life in the ashram has changed since the installation of the Rooftop Solar Power Grid. As part of its CSR initiative, The New India Assurance Company Ltd, Mumbai, gave a substantial grant of Rs.38.00 Lacs that enabled the installation of 400 solar panels on the roof of the ashram buildings. As a result, we currently generate about 100KW of power, equivalent to 120,000 units per month.

The system meets the current electricity needs of the ashram and produces a surplus, which is then automatically routed to the main power grid of the state. This process, monitored by a metering system, records both the consumption and the power contributed to the state electricity department. The difference is billed to the ashram, creating a win-win situation for the ashram and the state of Himachal Pradesh.

Message

of General Manager (Additional Charge - CMD)

Dear Stakeholders

Every country across the globe has faced grave concerns due to the unprecedented challenge and long lasting impact of the Coronavirus. The impact has been felt in every sector and in everyday life. Despite several uncertainties, the Company has acted as a source of strength for individuals, the communities in which we operate and the economies that depend on us. Around 14,000 colleagues of the company worked tirelessly as individuals and as teams to deliver to all our stakeholders. The Company once again demonstrated its strength, the resilience, dedication and commitment of its employees.

It gives me immense pleasure to share with you the highlights of the performance of New India Assurance Company during the financial year 2021-22. During the course of FY22, the gross premium written by non-life insurers reached Rs. 220,772 crores (US\$ 28.14 billion), an increase of 11.1% over the same period in FY21. Company's gross direct premium income in India grew by 14.08%, which was higher than the industry growth rate. The Company continued to be the market leader with over 14.75% market share.

The company settled about 3,760 Cr worth of COVID claims during the year. The surge in incurred claims due to the Coronavirus pandemic adversely impacted the financial performance. However, the operating performance in FY22 excluding the COVID claims remains satisfactory.

One-time initial provisions towards employee benefits due to SVRS and sick leave totalling 121 Cr also negatively affected the results. The foreign business suffered a setback because of additional provisions required in the UK operations due to unprecedented

inflation and some adverse claim development on a few large-sized losses in the Dubai operations.

The solvency ratio was 1.66x, higher than the IRDAI-mandated control level solvency margin of 1.5x. The Company continues to be debt free and well capitalised. With the COVID situation improving, we can look forward to improved performance in the coming year.

The non-life insurance industry has grown at a CAGR of approximately 17% for the last 18 years. While the development has been impressive, there is ample headroom for further growth as non-life insurance penetration in India is about 0.93% against the world average of 2.80%. India's favorable demographic divide, with 65% of the population below the age of 35, is a strong driver of growth for the coming years.

New India way:

At New India, New Indians, never sit back on the laurels of the past. They have always rewritten the growth story with renewed enthusiasm and dedication. As the Company looks at its vast resources of customers who are the face and arms of the Organization, the onus and burden is more on the Company's workforce to take this message in letter and spirit. It is our bounden duty to explore, re-explore ourselves, our work culture, our work ethics and performance parameters, to check or rather introspect ourselves towards fulfilling the mission of the Company in the art of servicing the customers.

With a sound base of solvency and capital adequacy, New India stands taller than the rest, in terms of leadership, insurance expertise and technical talent. A moment has now come to reinvent ourselves, revisit our way of doing business with the common man who needs tailor made covers to suit his life and work style. As we take new initiatives, in the wake of competition and redraw our strategies, reflecting on the ethos of the Nation; New Indians take their glorious legacy forward to reach further heights, that others fear to dare!

Prudent underwriting ensuring Profitable growth, coupled with Policyholder delight, remains the goal for the Company. Transforming the Company by adopting the right technologies coupled with people, processes, and operations to adapt quickly to disruptions and opportunities, is the path for New India.

I am tempted to quote Alvin Toffler who said, "The illiterate of the 21st Century will not be those who cannot read and write, but those who cannot learn, unlearn and relearn".

I take this opportunity to greet every New Indian, past and present who has been part of this saga of New India and it is our obligation to re-plan, re-energize and re-orient ourselves and dare to walk on the uncharted path towards Success.

Finally, I would like to thank all our beloved customers and all Stakeholders and assure you that New India Assurance shall live up to its legacy and continue to lead the way in creating value for every stakeholder associated with the Company.

I would like to reassure you that your Company will strive to retain the leadership position and grow strongly and profitably in the coming years. I wish to thank all the Stakeholders, for their continued support and co-operation throughout this long successful journey.

- Madhulika Bhaskar

General Insurance Industry Vis-à-vis Indian Economy

Despite the second wave of COVID and lockdowns in various parts of the world, and the ongoing Russia-Ukraine conflict in February 2022, the Indian GDP grew at 8.7% in FY 2022. Supportive policy measures announced in various economies and rollout of Covid-19 booster doses indicate that the global economy should be back on the growth path in 2022-23, as demand revives across segments. The IMF estimates growth global growth to be 3.6% in 2022-23. The downward revision in forecast is due to the Russia-Ukraine conflict, disruption in shipping lines, inflationary pressures causing a rise in interest rate, and localized lockdowns in various parts of the world, set up for preventing the spread of Covid pandemic.

To curb inflation due to rise in commodity prices, Governments the world over have begun monetary supply tightening. The European Central Bank and the Federal Reserve have been raising rates to combat inflation. The European Central Bank has raised rates by 50 basis points in July and the Federal Reserve raised rates by 75 basis points. It is expected that the Central Banks may raise rates further. The Reserve Bank of India has undertaken calibrated tightening to keep inflation in check, already having raised the repo rate by 90 basis points.

In FY 22, non-life insurers (comprising general insurers, standalone health insurers and specialized insurers) recorded a growth of 11.1%. Health was one of the fastest growing segments recording a growth of 25.39%

Considering increased awareness about the need of Health Insurance, rising medical inflation and high out of pocket expenses for Medical treatments, Medical insurance is likely

to remain a high growth segment in the coming years. The Insurance Industry has offered quality insurance products with an aim of serving the general populace at a fair and reasonable price.

The Industry has been shifting from traditional underwriting and claims settlement procedures, towards Underwriting based on Risk-based analytics and automated claim settlements based on Artificial Intelligence and Machine Learning.

Due to disruptions and sanctions caused by the Russia-Ukraine conflict, due to inability of obtaining Re-insurance coverage, the Indian Insurance industry has set up Rs 500 Crore Fertilizer pool to cover the import of fertilizer from Russia and Belarus. This is the third concurrent Insurance pool set up in India, following the Indian Market Terrorism Risk Pool and the India Nuclear Insurance Pool.

With the rupee weakening against the dollar in the first few months of FY 2022-23 and the hardening of the Reinsurance Market in FY 23, insurers have revised rates in line with Reinsurance rates available in the market.

The Indian Insurance Industry is expected to transition from the legacy factor-based solvency regime to a Risk-based Capital regime, in line with Global Standards. The transition to the new accounting standards is the other major development that the industry will be facing in the next few years.

The Indian non-life insurance industry has grown at a healthy rate over the last two decades. The penetration however remains low compared to global standards. The regulator is taking many proactive steps to increase the insurance penetration in the country. The industry is expected to continue to grow at a healthy pace in the years to come.

OVERVIEW OF COMPANY'S OPERATIONS INDIAN OPERATIONS:

Gross direct premium in India has increased from Rs 28,548.47 Crs in 2020-21 to Rs 32,572.90 Crs in 2021-22 recording a growth of 14.10%.

❖ FIRE AND ENGINEERING

The Company performed well in the Property Insurance segment despite the pandemic shaken economy. The Fire Premium rose to Rs. 3959.19 Cr. and Engineering to Rs. 765.20 Cr. The Company continued its leadership position in this segment of the General Insurance Market.

During the year, the company kept up with strict measures and enhanced rating for high claim policy renewals as a part of improvement in underwriting. The company conducted online All India Workshop on underwriting and claims management for the education of the technical teams in various offices and for better coordination with the technical teams.

The ICR of the company in this segment has drastically reduced to 40%. Tight claims control was achieved by optimum utilization of the resources, careful selection of risks and thrust on quicker claims settlement. This resulted in reducing the cost of claims and increased profitability. ICR of the three new products introduced by IRDA from April 2021 is also less than 75%.

We aspire to maintain our leadership in this segment in the years to come.

❖ HEALTH INSURANCE

The Country has continued to be affected by Covid 19 global pandemic and second wave of covid lead

We have issued 1,23,609 policies covering 1,94,817 lives under Corona Kavach Policy thereby enabling our policy holders to take necessary medical treatment during the ongoing pandemic.

We have complied with guidelines and circulars issued by IRDAI from time to time and some of them are:

- The policy documents have been suitably amended to conform to proportionate deduction guidelines.
- All Policy Documents have been refiled with the Regulator rearranging the policy wordings with clear sub headings.

We have conducted training and briefing sessions at regular intervals to our Health Managers, APEP Managers and TPA Employees for updating on revised policy terms and conditions for better service to policy holders.

Also due to covid protocol measures followed by hospitals, cost of treatment for non covid treatment has gone up. This has resulted in spike in ICR on Gross Premium for this Financial Year.

❖ OWN DAMAGE

The Company has underwritten a domestic gross premium income of Rs. 8,239 cr. under Motor LOB for the year 2021-22 as compared to Rs. 8,800 cr. of the previous year, maintaining a market share of 11.7%. The growth in Motor LOB is impacted by various external factors and market conditions prevailing during the year. The Incurred Claims Ratio for the year stands at 82.58% on Earned Premium.

During the year, Department has introduced new products in the market, duly approved by the Regulator – IRDAI (Nil Depreciation Add On Cover under Commercial Vehicles, Roadside Assistance Add On Cover under Annual Policy, Bundled Policy, Stand Alone Motor Own Damage Policy for Two Wheeler and Private Car separately and under Long Term Two Wheeler Package Policy for 2 & 3 years). All these activities could be made possible only with the strong IT platform our Company has and due to the effective IT integration with our partners.

❖ **MOTOR THIRD PARTY CLAIMS AND MOTOR THIRD PARTY CLAIMS HUB**

The Motor TP Department has remained steadfast in its application to maximizing the settlements. The efforts undertaken during the first year of the pandemic have yielded us fruits this year. Our Compromise Ratio surpassed the mark of 55%, when, for the first time, the Yearly Compromise Count crossed 33000.

FY 2020-21 presented us with totally restricted movements due to COVID related restrictions. These further acted as a catalyst in the unwarranted expansion of Financially Distressed Sections of the Society. The impact of these on Judicial Proceedings further proved burdensome for the victims and applicants for compensations. Understanding and accepting our social responsibility, we brought in Compromise based Settlement Process of Motor TP Claims (to financially assist the society and to reduce the burden on Judicial System) and adopted the twin tool of Compromise Manual Revision and Financial Authority revision / rationalization (approved by Board).

The restrictions to curtail the spread of COVID kept on affecting the normalcy of life in FY 2021-22 as well. Court Proceedings as well as Management of Motor TP Claims could not isolate themselves from the same. However, the initiatives taken by us, reduced the impact to much greater impact.

Our Settlement Ratio Increased to 25.43%, against 22.24 % of the last FY and the Throughput Ratio reached to 93.48%, against 79.16% of the previous FY. Compromise Ratio increased to 55% from 40% last year.

Advocate Portal, Advocate App and Investigator Portal were deployed during the Financial Year, aimed as a major step towards Digitization of Motor TP Claims Processing and Tracking.

During the year, giving approvals through email, dispensing with the physical file movement by using the Documents Upload Facility was conducted and outcome was satisfactory. Efforts are being made to increase its scope.

Paperless System Driven Workflow Approval System is already developed and testing was in the final stage at the end of FY 2021-22.

2 Legal Hubs at Mumbai and Delhi function independently; whereas 49 Motor TP Claims Hubs and various other

Offices, under the supervision of their respective Regional Offices are efficiently handling Motor TP Claims.

ICR on Net Earned Premium stands at 83.04% for FY 2021-22 against 73.24% of previous year.

6. We certify that the values of all the assets have been reviewed on the date of the Balance Sheet and to the best of our belief the assets set forth in the Balance Sheet are shown in the aggregate amounts not exceeding their realizable or market value under the several headings- "Loans", "Investments", "Agents balances", "Outstanding Premiums", "Interest, Dividends and Rents outstanding", "Interest, Dividends and Rents accruing but not due", "Amounts due from other persons or Bodies carrying on insurance business", "Sundry Debtors", "Bills Receivable", "Cash" and several items specified under "Other Account".
7. The overall risk exposure for the risks accepted by us is limited to Rs. 200 crores PML per risk except in respect of certain risks in which cases there are exposures of Rs 500 Crores PML per policy. The same has been approved by the Board. We have made adequate reinsurance arrangements to mitigate the losses arising out of any major claims.

The foreign branches/agencies generate enough revenue in local currencies to meet their liabilities arising out of their operations. Hence there is no major currency risk in the countries we operate.

As regards the country risk, by and large all the countries in which we operate are politically stable. We also have well defined acceptance limits for foreign operations, which limits our exposure in these countries.

IV. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matters	Auditor's Response
1.	<p>Claim Provisioning –</p> <p>Insurance Claim is the major area of expense for the insurance company. The estimation of insurance contract liabilities involves a significant degree of judgement, where management estimate is involved based on the surveyor's report / feedback. The estimate of the claim is complex as it involves high degree of judgement. With regards to the claims provision, the claim department will make provision for claims upon claim intimation and subsequently revise basis the surveyor's immediate loss assessment reports, advocate advice pertaining to MACT / disputed cases, communications from co-insurer leader in cases of incoming co-insurance business etc. The estimates are revised again based on further information.</p> <p>A range of methods are used to determine these liabilities. Underlying these methods are a number of assumptions relating to expected settlement amount and settlement pattern of claims.</p>	<p>Principal Audit Procedures</p> <p>We carried out the following audit procedures:</p> <p>The audit matters for verification of claims provisioning is handled at the regional and divisional offices of the Company. The component auditors while auditing the claim provision based on the operational guidelines of the Company relating to claim processing, have performed test of controls, test of details and analytical review procedures on the outstanding claims. They have verified the claim provision with the surveyor's claim estimate, advocate advice, co-insurer leader communication and the Company's feedback on the same. For all old outstanding large claims, fresh estimates from surveyors were called for by the Company and the claim provisions were revised accordingly.</p> <p>For the claim cases which has been incurred but not reported and cases where claim has been reported but not enough reported, these cases have been captured by the actuary appointed by the Company. The actuarial valuation of liability in respect of Claims Incurred but Not Reported (IBNR) and those Incurred but Not Enough Reported (IBNER) as at March 31, 2022, is as certified by the Company's Appointed Actuary and we had relied upon on the appointed actuary's certificate in this regard with respect to the claim amounts and the related liability.</p>

<p>2. Strengthening of Internal control System and Internal Audit required by the Company –</p> <p>On the basis of selective checks carried out during the course of our audit and according to the information and explanation given to us, internal control weaknesses of material nature have been identified as at March 31, 2022 with respect to:</p> <p>a) Confirmation and reconciliation of various balances relating to co insurers, reinsurers, inter office accounts and other control accounts are pending and are at various stages;</p> <p>b) Strengthening of process required relating to audit of health claims processed by TPA which is conducted by the offices of the Company.</p>	<p>Principal Audit Procedures</p> <p>We carried out the following audit procedures:</p> <p>We had designed our audit procedures to access the Company's control risk. We had conducted control test to test the effectiveness of a control used by the Company to prevent or detect material misstatements. Based on the control test control weakness were identified in areas of reconciliation of various receivable and/or payable balances, etc.</p> <p>We have considered the reports issued by the professional consultant with respect to review of operational effectiveness of internal controls for Risk Control matrix of the Company.</p> <p>Audit of health-related claims processed by TPAs are required to be audited as per policy framed by the Company, however it has been unable to carry out audit of adequate number of claims as per its policy.</p> <p>Hence these areas are highlighted in paragraph of opinion, emphasis of matter and opinion on internal control over financial reporting in the standalone audit report.</p>

V. Information other than the standalone financial statements and Auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the Standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

VI. Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance and receipts and payments of the Company, in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act, the requirements of the Insurance Act, the IRDAI Financial Statements Regulations and the orders /directions and circulars issued by the IRDAI in

this regard, to the extent applicable and in the manner so required.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

VII. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably

be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

VIII. Other Matters

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF THE NEW INDIA ASSURANCE COMPANY LIMITED

(Referred to in paragraph IX (n) of our Report on Other Legal and Regulatory Requirements forming part of the Independent Auditors' Report dated May 23, 2022)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

Qualified Opinion

We have audited the internal financial controls over financial reporting of THE NEW INDIA ASSURANCE CO LTD. ("the Company") as of March 31, 2022, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date. These Standalone financial statements incorporated returns received:

- From Forty four Regional offices (including 7 LCBO's), Four hundred and seventy three Divisional offices audited by the other firms of Auditors appointed by the Comptroller and Auditor General of India under section 139 of the Companies Act, 2013;
- From Nine Foreign Branches and Seven Foreign Agency offices audited by local auditors appointed by the Company; and
- From One Foreign Run off offices and One Foreign representative office which are unaudited, prepared and furnished to us by the management.

On the basis of selective checks carried out during the course of our audit and according to the information and explanation given to us and based on the report of external consultant appointed to assess the internal financial control framework in the Company, the following internal control weaknesses of material nature have been identified as at March 31, 2022:

- Confirmation and reconciliation of various balances relating to reinsurers and other control accounts are pending and are at various stages; and
- Adequate coverage of audit of health-related claims processed by TPAs to be conducted by the respective offices of the Company in accordance with the policy of the Company.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's financial statement will not be prevented or detected on a timely basis.

In our opinion, except for the possible effects of the internal control weaknesses described above on the achievements of the objectives of the control criterion, the company has maintained, in all material respects, adequate internal financial control over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2022, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance

Note issued by the Institute of Chartered Accountants of India".

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2022, Standalone financial statements of the Company, and these material weaknesses do not affect our opinion on the Standalone financial statements of the Company except to the extent of our qualification as contained in our separate report on the Standalone financial statements of the Company.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India" ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected

depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

The actuarial valuation of Policy Liabilities as at March 31, 2022 has been duly certified by the Appointed Actuary of the Company and has been relied upon by us as mentioned in Para VIII (iii) of our Audit Report on the Standalone financial statements for the year ended March 31, 2022. Accordingly, our opinion on the internal financial controls over financial reporting does not include reporting on the adequacy and operative effectiveness of the internal controls over the valuation and accuracy of the aforesaid actuarial liabilities.

Input is not claimed on those invoices lying unpaid, as the same can be availed up to September 30, 2022, for those invoices raised during the F.Y 2021-22. Hence the input credit in respect of such unpaid invoices would be reflected in GSTR 2A but the same would not have been claimed in a particular month. Annual Report 2021-22

**CONSOLIDATED REPORTS &
SCHEDULES FOR THE FINANCIAL
YEAR ENDED 31ST MARCH 2022**

MANAGEMENT REPORT

1. We confirm that the registration granted by the Insurance Regulatory & Development Authority is valid during the year. The same is renewed for the year 2022-23.
2. We confirm that all known and undisputed dues payable to the statutory authorities have been duly paid.
3. We confirm that the shareholding pattern and transfer of shares during the year are in accordance with the statutory or regulatory requirements.
4. We confirm that the funds of the holders of policies issued in India have not been directly or indirectly invested outside India.
5. We confirm that the required solvency margins have been maintained.
6. We certify that the values of all the assets have been reviewed on the date of the Balance Sheet and to the best of our belief the assets set forth in the Balance Sheet are shown in the aggregate amounts not exceeding their realizable or market value under the several headings- "Loans", "Investments", "Agents balances", "Outstanding Premiums", "Interest, Dividends and Rents outstanding", "Interest, Dividends and Rents accruing but not due", "Amounts due from other persons or Bodies carrying on insurance business", "Sundry Debtors", "Bills Receivable", "Cash" and several items specified under "Other Account".
7. The overall risk exposure for the risks accepted by us is limited to Rs. 200 crores PML per risk except in respect of certain risks in which cases there are exposures of Rs 500 Crores PML per policy. The same has been approved by the Board. We have made adequate reinsurance arrangements to mitigate the losses arising out of any major claims.

8. We have overseas operations in 28 countries. The foreign branches have their own reinsurance arrangements to protect their exposure. Over and above there is an excess of loss protection available, which takes care of the exposure risk of the Company as a whole, including domestic and foreign branches.

The foreign branches/agencies generate enough revenue in local currencies to meet their liabilities arising out of their operations. Hence there is no major currency risk in the countries we operate.

As regards the country risk, by and large all the countries in which we operate are politically stable. We also have well defined acceptance limits for foreign operations, which limits our exposure in these countries.

These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matters	Auditor's Response
1.	<p>Claim Provisioning –</p> <p>Insurance Claim is the major area of expense for the insurance company. The estimation of insurance contract liabilities involves a significant degree of judgement, where management estimate is involved based on the surveyor's report / feedback. The estimate of the claim is complex as it involves high degree of judgement. With regards to the claims provision, the claim department will make provision for claims upon claim intimation and subsequently revise basis the surveyor's immediate loss assessment reports, advocate advice pertaining to MACT / disputed cases, communications from co-insurer leader in cases of incoming co-insurance business etc. The estimates are revised again based on further information. A range of methods are used to determine these liabilities. Underlying these methods are a number of assumptions relating to expected settlement amount and settlement pattern of claims.</p>	<p>Principal Audit Procedures</p> <p>We carried out the following audit procedures:</p> <p>The audit matters for verification of claims provisioning is handled at the regional and divisional offices of the Holding Company. The component auditors while auditing the claim provision based on the operational guidelines of the Holding Company relating to claim processing, have performed test of controls, test of details and analytical review procedures on the outstanding claims. They have verified the claim provision with the surveyor's claim estimate, advocate advices, co-insurer leader communication and the Holding Company's feedback on the same. For all old outstanding large claims, fresh estimates from surveyors were called for by the Holding Company and the claim provisions were revised accordingly.</p> <p>For the claim cases which has been incurred but not reported and cases where claim has been reported but not enough reported, these cases have been captured by the actuary appointed by the Holding Company. The actuarial valuation of liability in respect of Claims Incurred but Not Reported (IBNR) and those Incurred but Not Enough Reported (IBNER) as at March 31, 2022, is as certified by the Holding Company's Appointed Actuary and we had relied upon on the appointed actuary's certificate in this regard with respect to the claim amounts and the related liability.</p>
2.	<p>Strengthening of Internal control System and Internal Audit required by the Holding Company –</p> <p>On the basis of selective checks carried out during the course of our audit and according to the information and explanation given to us, internal control weaknesses of material nature have been identified as at March 31, 2022 with respect to:</p>	<p>Principal Audit Procedures</p> <p>We carried out the following audit procedures:</p> <p>We had designed our audit procedures to access the Holding Company's control risk. We had conducted control test to test the effectiveness of a control used by the Holding Company to prevent or detect material misstatements. Based on the control test control weakness were identified in areas of reconciliation of various receivable and/or payable balances, etc.</p> <p>We have considered the reports issued by the professional consultant with respect to review of operational effectiveness of internal controls for Risk Control matrix of the Holding Company.</p>

	<p>a) Confirmation and reconciliation of various balances relating to co insurers, reinsurers, inter office accounts and other control accounts are pending and are at various stages;</p> <p>b) Strengthening of process required relating to audit of health claims processed by TPA which is conducted by the offices of the Holding Company.</p>	<p>Audit of health-related claims processed by TPAs are required to be audited as per policy framed by the Holding Company, however it has been unable to carry out audit of adequate number of claims as per its policy.</p> <p>Hence, these areas are highlighted in paragraph of opinion, emphasis of matter and opinion on internal control over financial reporting in the consolidated audit report.</p>

Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance of the Holding Company and determine the actions under the applicable laws and regulations.

VI. Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated receipts and payments of the Group including its associates, in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act, the requirements of the Insurance Act, the IRDAI Financial Statements Regulations and the orders /directions and circulars issued by the IRDAI in this regard, to the extent applicable and in the manner so required.

The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls,

that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management of the Holding Company is responsible for assessing the Group and its associates ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Holding Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Holding Company are also responsible for overseeing the Group's and its associates financial reporting process.

VII. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether

the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management of the Holding Company.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and its associates ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated financial statements.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance of the Holding Company, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report

because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure A to the Independent Auditors' Report of even date on the Consolidated Financial Statements of The New India Assurance Company Limited

(Referred to in paragraph IX (m) of our Report on Other Legal and Regulatory Requirements forming part of the Independent Auditors' Report dated June 07, 2021)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

Qualified Opinion

We have audited the internal financial controls over financial reporting of **THE NEW INDIA ASSURANCE CO LTD.** (hereinafter referred to as "the Holding Company") as of March 31, 2022, in conjunction with our audit of the Consolidated financial statements of the Holding Company for the year ended on that date.

On the basis of selective checks carried out during the course of our audit and according to the information and explanation given to us and based on the report of external consultant appointed to assess the internal financial control framework in the Holding Company, the following internal control weaknesses of material nature have been identified as at March 31, 2022:

- Confirmation and reconciliation of various balances relating to reinsurers and other control accounts are pending and are at various stages; and
- Adequate coverage of audit of health-related claims processed by TPAs to be conducted by the respective offices of the Holding Company in accordance with the policy of the Holding Company.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Holding Company's Consolidated financial statement will not be prevented or detected on a timely basis.

In our opinion, except for the possible effects of the internal control weaknesses described above on the achievements of the objectives of the control criterion, the Holding Company has maintained, in all material respects, adequate internal financial control over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2022, based on "the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India".

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2022 Consolidated financial statements of the Holding Company, and these material weaknesses do not affect our opinion on the Consolidated financial statements of the Group and its associates except to the extent of our qualification as contained in our separate report on the Consolidated financial statements of the Group and its

associates.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India" ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our

qualified opinion on the Holding Company internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

The actuarial valuation of Policy Liabilities as at March 31, 2022 has been duly certified by the Appointed Actuary of the Holding Company and has been relied upon by us as mentioned in para VIII (iii) of our Audit Report on the consolidated financial statements for the year ended March 31, 2022. Accordingly, our opinion on the internal financial controls over financial reporting does not include reporting on the adequacy and operative effectiveness of the internal controls over the valuation and accuracy of the aforesaid actuarial liabilities.

Terrorism Pool balance with as at March 31, 2022 stands at Rs. 2,21,724.80 lakhs and Nuclear Pool balance at Rs. 14,065.57 Lakhs.</p> <p>Precise gross debit and gross credit balances against each of such parties and age-wise analysis of these balances are also being compiled. These balances include old cases including migration differences for which supporting records are being identified and necessary action is being taken, the impact of the above, if any on the Consolidated financial statements are unascertainable. The Holding Company has maintained a provision of Rs. 14,952.04 Lakhs up to March 31, 2022, towards doubtful debts as a prudent measure.</p> <p>Refer note no. 12 (a) and (b) of Schedule 16B of the Consolidated Financial Statements for reconciliation related matter with respect to Coinsurance and Reinsurance balances. We have issued modified opinion in this Independent Audit Report with regards to this matter.</p>
4.	Whether entire input tax credit (ITC) available on GST portal in respect of the company has been availed within prescribed time limits.	<p>The Holding Company avails GST input credit only on the basis of valid tax invoice at the time of making payment of invoices. It has a process of not availing the ineligible GST input credits even if the same is reflecting on the GST portal.</p> <p>The Holding Company claims the input credit with respect to GST paid on RCM which constitutes the significant portion of the entire GST input credit of the Holding Company, in the month of payment and the same is claimed through the system automatically.</p>

		<p>For a portion of the expenses, where input is claimed based on the valid invoices received from the suppliers, necessary validation checks are incorporated in the system, and on compliance of the validations the system allows for claiming input. Input GST is claimed in respect of those invoices for which actual payment has been made. Input is not claimed on those invoices lying unpaid, as the same can be availed up to September 30, 2022, for those invoices raised during the F.Y 2021-22. Hence the input credit in respect of such unpaid invoices would be reflected in GSTR 2A but the same would not have been claimed in a particular month. In case of expenses, where input credit is not eligible, the same is being reflected in the GSTR 2A but credit has not been availed. The System has been designed to take care of the aforesaid process.</p> <p>Based on the above facts and as per information and explanation given by the Holding Company, we have verified and observed that the Holding Company have availed the eligible input credit diligently as per the provisions of GST law to the extent possible.</p>

- The difference between the cost of investment in the associates and the share of net assets at the time of acquisition of shares in the associates is identified in the consolidated financial statements as Goodwill or Capital Reserve as the case may be.

- As far as possible, the consolidated financial statements have been prepared using uniform accounting policies for like transactions and are presented in the same manner as the company's separate financial statements. In case of the subsidiary companies accounts are made and maintained in accordance with International Financial Reporting Standards (IFRS) as required under the local laws of the respective country.

For the purpose of consolidation, accounting adjustments have been made to align the accounts of the subsidiary companies to confirm to the accounting policies followed by the Holding Company.

The following are the material differences with the accounting policies followed by the holding company as compared to the subsidiary companies combined in the consolidated financial statements:

- a. In accordance with IFRS, Insurance receivables are recognized when due and measured at amortized cost, using the effective interest rate method. The carrying value of insurance receivables is reviewed for impairment whenever events or circumstances indicate that the carrying amount may not be recoverable, with the impairment loss recorded in the statement of income.
- b. Deferred Acquisition cost Commissions and other acquisition costs that are related to securing new contracts and renewing existing contracts are capitalized as Deferred Acquisition Costs (DAC) if they are separately identifiable, can be measured reliably and it is probable that they will be recovered. All other costs are recognized as expenses when incurred. The DAC is subsequently amortized over the life of the contracts in line with premium revenue using assumptions consistent with those used in calculating unearned premium. It is calculated by applying to the acquisition expenses the ratio of unearned premium to written premium. The DAC asset is tested for impairment annually and written down when it is not expected to be fully recovered.
- c. Insurance and investment contract of policyholders

are charged for policy administration services, investment management services, surrenders and other contract fees. These fees are recognized as revenue over the period in which the related services are performed. If the fees are for services provided in future periods, then they are deferred and recognized over those future periods;

- d. Reserve for unexpired risk and Premium deficiency reserve is calculated and recognized as per 1/365 or 1/24 method or as required under local laws.
 - e. Provision for claims incurred but not reported (IBNR) and provision for claims incurred but not enough reported (IBNER) are accounted as per liability adequacy test carried by actuary/ management assessment of such liability.
 - f. Property, Plant and Equipment is shown at fair value on historical cost model except in case of Land and Building of The New India Assurance (T&T) Ltd., where fair value is based on triennial valuation by external appraisers. Depreciation on property, plant and equipment is calculated and accounted for based on useful lives as assessed by the management which are different from those followed by the Holding Company.
 - g. Provisions related to post -employment benefits to the staff are accounted for based on the requirements of local laws;
 - h. Provision for taxation including deferred tax is accounted as per local tax laws and in accordance with the provisions of IFRS.
 - i. Statutory Reserve is created in accordance with the requirements of local laws.

Note:- Previous Year figures are regrouped accordingly

20 Investment income (Net of Expenses) is apportioned between consolidated Revenue Accounts and consolidated Profit and Loss account in proportion to the balance in the Shareholders' funds and Policyholders' funds at the beginning of the year. The same is further apportioned to consolidated fire, marine and miscellaneous Revenue Accounts in proportion to the technical reserve balance at the beginning of the year.

21 The Unexpired Premium Reserve (UPR) at a revenue segment level was found to be sufficient to cover the expected claims cost of the Holding Company as certified by the Appointed Actuary of the Holding Company and the claim related expenses as estimated by the management of the Holding Company. Hence no premium deficiency reserve is required to be provided.
