PRESS RELEASE

We are happy to inform that our new state-of-the-art manufacturing facility in Gandhinagar has gone live and successfully started commercial production from Tuesday, 08th August 2023. The new facility is sophisticated and equipped with modern machineries from M/s. Coperion GmbH, Germany. The plant has been set up in record time of less than 9 months.

With this production unit, the company has augmented its product offering and ventured into a futuristic & lucrative business of, Special masterbatches which has a huge growth potential in domestic and export market. Apart from accelerating the growth of the company, this has de-risked the business model with capabilities to manufacture the following products:

New Products (Gandhinagar facility):

- Special masterbatches in colour & black for Poly Ethylene Terephthalate (PET) / Poly Butylene Terephthalate (PBT) fibers like POY, FDY, stable fiber, manmade fiber, PES filament yarn etc. The Installed capacity is 5,000 MTPA with a provision to scale up to 20,000 MTPA.

Existing Products (Rakanpur facility):

- Black, White, Coloured, Additive and Special masterbatches with polyolefin polymer as per application requirement. It has an installed capacity of 12,000 MTPA.
- White, Coloured, & Natural Antifab Filler Masterbatches. It has an installed capacity of 18,000 MTPA.
