Dear Sirs,

We are sending herewith copy of the Press Release titled "**TCS Becomes AWS Security Competency Partner**" which will be disseminated shortly.

The Press release is self-explanatory.

Thanking you,

Yours faithfully,
For **Tata Consultancy Services Limited**

Pradeep Manohar Gaitonde
Company Secretary

TCS Becomes AWS Security Competency Partner

Tata Consultancy Services Leverages its Cyber Security Consulting Services and Solutions and AWS Proficiency to Help Clients Strengthen their Security Posture and Secure their Digital Estates

NEW YORK | MUMBAI, August 1, 2022: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) announced that it has achieved the Compliance and Privacy distinction in Amazon Web Services (AWS)' newly launched Security Competency. This designation recognizes that TCS has demonstrated and successfully met AWS' technical and quality requirements for providing customers with a deep level of consulting services expertise in Compliance and Privacy to help them achieve their cloud security goals.

Achieving the Compliance and Privacy distinction in the AWS Security Competency differentiates TCS as an AWS Partner that provides specialized consulting services designed to help the largest global enterprises adopt, develop and deploy security into their AWS environments increasing their overall security posture on AWS. To receive the designation, partners must possess deep AWS expertise and deliver solutions seamlessly on AWS.

"*TCS is proud to become an early AWS Security Competency Partner to achieve the Compliance and Privacy distinction,*" said **Krishna Mohan, Global Head, AWS Business Unit, TCS**. "*TCS helps customers achieve their security goals using our deep contextual and industry knowledge, consulting expertise, automation skills and our AWS security capabilities. Our capabilities in implementing compliance as code, augmenting AWS environment with automated internal audits, and leveraging our posture management solutions enable customers to stay compliant with regulatory controls and data privacy norms dictated by their geography.*"

TCS empowers enterprises to lead with confidence by securing their entire digital estate. As the threat surface expands and cyber-attacks become more sophisticated, TCS partners with enterprises to quantify their risks and strengthen their security posture by embedding security at design, implementing a zero trust framework, and providing them 360-degree visibility and predictive intelligence to proactively defend against and respond to evolving risks, with its Cyber Defense Suite.

TCS offers a comprehensive portfolio of cybersecurity services including consulting and advisory, security-as-a-service, industry-nuanced solutions, and managed security services across areas including cloud security, detection and response, identity and access management, vulnerability management, governance, risk and compliance, data privacy and protection, digital forensics and incident response, data security, and IT/OT security services.

TCS equips enterprises to automate manual security tasks and elevate the cloud security posture to help them gain visibility and control of the digital landscape, providing measures to address emerging cybersecurity threats. It enables enterprises to avoid regulatory penalties by automating compliance checks, and identifying pockets of security automation across clouds, helping detect advanced cyber-attacks in real-time.

TCS' global network of 12 Threat Management Centers provide localized expert security services rapidly to help clients meet their unique business and regulatory requirements.

TCS' AWS Business Unit is a full-stack, multidisciplinary group that offers enterprise customers end-to-end services and solutions around cloud migration, application and data modernization, managed services, and industry-specific innovation leveraging AWS. TCS' large pool of AWS cloud-ready professionals leverage their domain knowledge and AWS technology building blocks to create transformational solutions contextualized to specific industry sub-verticals. TCS is an AWS Premier Consulting Partner, AWS Managed Service Provider, AWS Public Sector Partner, AWS Solution Provider Partner and AWS Public Sector Solution Provider. It holds 9 AWS Competencies and 9 AWS Service Validations.

About Tata Consultancy Services (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 606,000 of the world's best-trained consultants in 55 countries. The company generated consolidated revenues of US $25.7 billion in the fiscal year ended March 31, 2022, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
